APPENDIX A TO PART 226—ALTERNATE FOODS FOR MEALS

ALTERNATE PROTEIN PRODUCTS

A. What are the criteria for alternate protein products used in the Child and Adult Care Food Program?

1. An alternate protein product used in meals planned under the provisions in § 226.20 must meet all of the criteria in this section.

2. An alternate protein product whether used alone or in combination with meat or meat alternate must meet the following criteria:

a. The alternate protein product must be processed so that some portion of the non-protein constituents of the food is removed. These alternate protein products must be safe and suitable edible products produced from plant or animal sources.

b. The biological quality of the protein in the alternate protein product must be at least 80 percent that of casein, determined by performing a Protein Digestibility Corrected Amino Acid Score (PDCAAS).

c. The alternate protein product must contain at least 18 percent protein by weight when fully hydrated or formulated. ("When hydrated or formulated" refers to a dry alternate protein product and the amount of water, fat, oil, colors, flavors or any other substances which have been added).

d. Manufacturers supplying an alternate protein product to participating schools or institutions must provide documentation
