### § 402.1 General statement.

The Federal Crop Insurance Act, as amended by the Federal Crop Insurance Reform Act of 1994, requires the Federal Crop Insurance Corporation to implement a catastrophic risk protection plan of insurance that provides a basic level of insurance coverage to protect producers in the event of a catastrophic crop loss due to loss of yield or prevented planting, if provided by the Corporation, provided the crop loss or prevented planting is due to an insured cause of loss specified in the crop insurance policy. This Catastrophic Risk Protection Endorsement is a continuous endorsement that is effective in conjunction with a crop insurance policy for the insured crop. Catastrophic risk protection coverage will be offered through approved insurance providers if there are a sufficient number available to service the area. If there are an insufficient number available, as determined by the Secretary, local offices of the Farm Service Agency will provide catastrophic risk protection coverage.

### § 402.2 Applicability.

This Catastrophic Risk Protection Endorsement is applicable to each crop for which catastrophic risk protection coverage is available and for which the producer elects such coverage.
