

§610.31

State Technical Committee members, may be needed to analyze and examine specific issues. The State Conservationist may assemble certain members, including members of Local Working Groups and other knowledgeable individuals, to discuss, examine, and focus on a particular technical or programmatic topic. The subcommittee may seek public participation, but it is not required to do so. Nevertheless, recommendations resulting from these subcommittee sessions, other than sessions of Local Working Groups, will be made only in a general session of the State Technical Committee where the public is notified and invited to attend. Decisions resulting from recommendations of Local Working Groups will be communicated to NRCS in accordance with the standard operating procedures described in §610.23(b).

(b) *Local Working Groups.* (1) Local Working Groups will be composed of conservation district officials, agricultural producers representing the variety of crops and livestock or poultry raised within the local area, nonindustrial private forest land owners, and other professionals representing relevant agricultural and conservation interests and a variety of disciplines in the soil, water, plant, wetland, and wildlife sciences who are familiar with private land agricultural and natural resource issues in the local community;

(2) Local Working Groups will provide recommendations on local natural resource priorities and criteria for conservation activities and programs; and

(3) Local Working Groups will follow the standard operating procedures described in §610.23(b).

Subpart D—Conservation of Private Grazing Land

SOURCE: 67 FR 68497, Nov. 12, 2002, unless otherwise noted.

§610.31 Purpose and scope.

(a) This subpart sets forth the policies for the Conservation of Private Grazing Land (CPGL) Program, as authorized by Section 386 of the Federal Agriculture Improvement and Reform Act of 1996, (Pub. L. 104-127, April 4, 1996) 16 U.S.C. 2005b. Under the CPGL

7 CFR Ch. VI (1-1-11 Edition)

Program, NRCS will provide technical assistance to landowners and managers who request assistance based on locally-established priorities and resource concerns. The purpose of the CPGL Program is to provide technical assistance to private grazing land owners and managers to voluntarily conserve or enhance grazing land resources to meet ecological, economic, and social demands.

(b) The term “private grazing land” means private, State-owned, tribally owned, and any other non-federally owned rangeland, pastureland, grazed forestland, hayland, and other lands used for grazing.

(c) The NRCS Chief may implement the CPGL Program in any of the 50 States, the District of Columbia, Commonwealth of Puerto Rico, Guam, the U.S. Virgin Islands, and American Samoa. NRCS will provide assistance in cooperation with conservation districts, or directly to a landowner or operator.

§610.32 Technical assistance furnished.

(a) Provide technical assistance to grazing-land owners and managers to plan and implement resource conservation on grazing land. The objective of planning on grazing land is to assist landowners and managers in understanding the basic ecological principles associated with managing their land. This objective can be met by implementing a plan that meets the needs of the resources (soil, water, air, plants, and animals) and management objectives of the owner or manager. NRCS may provide assistance, at the request of the private grazing-land owner or manager to:

(1) Maintain and improve private grazing land resources that provide multiple benefits;

(2) Ensure the long-term sustainability of private grazing land resources;

(3) Implement new grazing land management technologies;

(4) Manage resources on private grazing land through conservation planning, including, but not limited to; grazing management, nutrient management, and weed and invasive species control;
