to protect the wetland, and provides essential habitat for the nesting, breeding or feeding of migratory waterfowl.

(c) Where funds allocated to the State do not permit accepting all requests which are filed, the State Conservationist, in consultation with the State Technical Committee, may establish ranking criteria and limit the approval of requests for agreements in accordance with the ranking scheme. Any ranking scheme shall consider estimated costs of the agreement, costs of protection, availability of matching funds, significance of wetland functions and values, and estimated success of protection measures.

(d) The NRCS may place higher priority on certain geographic regions of the State where the protection of wetlands may better achieve NRCS State and regional goals and objectives.

(e) Notwithstanding any limitation of this part, the State Conservationist may enroll eligible lands at any time in order to encompass total wetland areas subject to multiple ownership or otherwise to achieve program objectives. Similarly, the State Conservationist may, at any time, exclude otherwise eligible lands if the participation of the adjacent landowners is essential to the successful protection of the wetlands and those adjacent landowners are unwilling to participate.

§ 633.6 Program participation requirements.

(a) *WBP Agreement.* An agreement shall be executed for each participating farm. The agreement shall be signed by the owner of the designated acreage and any other person who, as landlord, tenant, or share cropper, will share in the payment or has an interest in the designated acreage. There may be more than one agreement for a farm.

(b) *Agreement period.* The agreement period shall:

(1) Be for a term of 10 years;

(2) Become effective on January 1 of the year in which the agreement is approved except that the agreement shall become effective on January 1 of the next succeeding year in cases where, at the time the agreement is approved, the NRCS determines that the agreement signers will be unable to comply with the provisions of paragraph (c) of

this section in the year in which such agreement is approved.

(c) *Agreement terms and conditions.* The acreage designated under an agreement shall:

(1) Be maintained for the agreement period in a manner which will preserve, restore, or improve the wetland character of the land;

(2) Not be drained, burned, filled, or otherwise used in a manner which would destroy the wetland character of the acreage, except that the provisions of this paragraph shall not prohibit the carrying out of management practices which are specified in a conservation plan for the farm;

(3) Not be used as a dumping area for draining other wetlands, except where the State Conservationist determines that such use is consistent with the sound management of wetlands and is specified in the conservation plan;

(4) Not be used as a source of irrigation water;

(5) Not be used for the harvesting of a crop;

(6) Not be hayed except for during periods of severe drought and only under conditions prescribed by the State Conservationist in consultation with the Secretary of the Interior or his designee; and

(7) Not be grazed, except as may be specified in the conservation plan.

§ 633.7 Annual payments.

(a) Person on the farm having an interest in the designated acreage, including tenants and sharecroppers, shall be eligible for an annual payment in the manner agreed upon by them as representing their respective contributions to compliance with the agreement. The State Conservationist shall not approve an agreement if it is determined that the proposed division of payment is not fair and equitable.

(b) The annual per acre payment rates for wetlands and for adjacent land shall be determined for each county by the State Conservationist, based on recommendations of the State Technical Committee.

(c) Maximum payments. In order to ensure that limited program funds are expended to maximize program benefits, the State Conservationist, in consultation with the State Technical
