

Farm Service Agency, USDA

§ 760.637

(7) The amount of crop insurance indemnities.

(8) The amount of NAP payments received.

(9) The value of any guaranteed payments made to a participant in lieu of production pursuant to an agreement or contract, if the crop is included in the SURE guarantee.

(10) Salvage value for any crops salvaged.

(11) The value of any other disaster assistance payments provided by the Federal Government for the same loss for which the eligible participant applied for SURE.

(12) For crops for which the eligible participant received a waiver under the provisions of § 760.105(c) or obtained relief according to § 760.106, the value determined by FSA based on what the participant would have received, irrespective of any other provision, if NAP or crop insurance coverage had been obtained.

(b) Sale of plant parts or by-products, such as straw, will not be counted as farm revenue.

(c) For value loss crops:

(1) Other inventory on hand or marketed at some time other than immediately prior to and immediately after the disaster event are irrelevant for revenue purposes and will not be counted as revenue for SURE.

(2) Revenue will not be adjusted for market loss.

(3) Quality losses will not be considered in determining revenue.

(4) In no case will market price declines in value loss crops, due to any cause, be considered in the calculation of payments for those crops.

§ 760.636 Expected revenue.

The expected revenue for each crop on a farm is:

(a) For each insurable crop, except value loss crops, the product obtained by multiplying:

(1) The SURE yield as specified in § 760.638;

(2) The payment acres as specified in § 760.632; and

(3) 100 percent of the price for the crop used to calculate a crop insurance indemnity for an applicable policy of insurance if a crop insurance indemnity is triggered. If a price is not avail-

able, then the price is 100 percent of the NAP established price for the crop, and

(b) For each noninsurable crop, except value loss crops, the product obtained by multiplying

(1) The SURE yield as specified in § 760.638;

(2) The payment acres as specified in § 760.632; and

(3) 100 percent of the NAP price.

(c) For each value loss crop, the value of inventory immediately prior to the disaster.

§ 760.637 Determination of production.

(a) Except for value loss crops, production for the purposes of this part includes all harvested, appraised, and assigned production for the payment acres determined according to § 760.632.

(b) The FSA county committee will use the best available data to determine production, including RMA and NAP loss records and yields for insured and noninsured crops.

(c) The production of any eligible crop harvested more than once in a crop year will include the total harvested production from all harvests.

(d) Crop production losses occurring in tropical regions, as defined in part 1437, subpart F of this chapter, will be based on a crop year beginning on January 1 and ending on December 31 of the same calendar year. All crop harvests in tropical regions that take place between those dates will be considered a single crop.

(e) Any record of an appraisal of crop production conducted by RMA or FSA through a certified loss adjuster will be used if available. Unharvested appraised production will be included in the calculation of revenue under SURE. If the unharvested appraised crop is subsequently harvested for the original intended use, the larger of the actual or appraised production will be used to determine payment.

(1) If no appraisal is available, the participant is required to submit verifiable or reliable production evidence.

(2) If the participant does not have verifiable or reliable production evidence, the FSA county committee will use the higher of the participant's crop certification or the maximum average
