§ 343b.4 Applicant outside of United States.

If the application is received by a Service officer stationed outside the United States, he shall, when practicable, interrogate the applicant before the application is forwarded to the district director in the United States having jurisdiction over the applicant’s place of residence for issuance of the certificate. When such interrogation is not practicable, or is not conducted because the application is submitted directly to the Commissioner or a district director of the Service in the United States, the certificate may nevertheless be issued and the recommendation conditioned upon satisfactory interrogation by a State Department representative. When forwarding the certificate in such a case, the Secretary of State shall be informed that the applicant has not been interviewed, and requested to have his representative abroad interview the applicant regarding identity and possible expatriation. If identity is not established or if expatriation has occurred, in the same country or not, must file a separate application for each certificate required.

§ 343b.3 Interrogation.

When Form N-565 presents a prima facie case, it shall be forwarded to the district director, without first interrogating the applicant, for issuance of the certificate. Interrogation of the applicant shall be conducted before the application is forwarded if he appears in person to file the application or if it is necessary in order to properly adjudicate the case. In that event the officer interviewing the applicant will complete the report on page 2 of Form N–565 before transmitting the application to the district director. In all other cases the interview shall take place at any time before the certificate is transmitted to the State Department (unless the applicant is abroad) and the report completed after the interview.
