§ 95.3 Byproducts from diseased animals prohibited.

The importation of any animal by-product taken or removed from an animal affected with anthrax, foot-and-mouth disease, or rinderpest is prohibited.

§ 95.4 Restrictions on the importation of processed animal protein, offal, tankage, fat, glands, certain tallow other than tallow derivatives, and blood and blood products due to bovine spongiform encephalopathy.

(a) Except as provided in paragraphs (c) through (i) of this section, the importation of the following is prohibited:

(1) Any of the materials listed in paragraphs (a)(1)(i) through (a)(1)(iv) of this section that have been derived from animals that have been in any region listed in §94.18(a) of this chapter:

(i) Processed animal protein, tankage, offal, and tallow other than tallow derivatives, unless, in the opinion of the Administrator, the tallow cannot be used in feed, regardless of the animal species from which the material was derived;

(ii) Glands, unprocessed fat tissue, and blood and blood products derived from ruminants;

(iii) Processed fats and oils, and derivatives of processed animal protein, tankage, and offal, regardless of the animal species from which the material was derived; and

(iv) Derivatives of glands from ruminants.

(2) Any of the materials listed in paragraphs (a)(2)(i) through (a)(2)(iv) of this section that have been stored, rendered, or otherwise processed in a region listed in §94.18(a) of this chapter, or that have otherwise been associated with a facility in a region listed in §94.18(a) of this chapter or with any material listed in paragraph (a)(1) through (a)(3) of this section:

(i) Processed animal protein, tankage, offal, and tallow other than tallow derivatives, unless, in the opinion of the Administrator, the tallow cannot be used in feed, regardless of the animal species from which the material was derived;

(ii) Glands and unprocessed fat tissue derived from ruminants;

(iii) Processed fats and oils, and derivatives of processed animal protein, tankage, and offal, regardless of the animal species from which the material was derived; and

(iv) Derivatives of glands from ruminants.

(3) Products containing any of the items prohibited importation under paragraphs (a)(1) and (a)(2) of this section.

(b) Except as provided in paragraphs (d), (e), and (i) of this section, the importation of serum from ruminants that have been in any region listed in §94.18(a) of this chapter is prohibited, except that serum from ruminants may be imported for scientific, educational, or research purposes if the Administrator determines that the importation can be made under conditions that will prevent the introduction of bovine spongiform encephalopathy into the United States. Serum from ruminants imported in accordance with this paragraph must be accompanied by a permit issued by APHIS in accordance with §104.4 of this chapter, and must be moved and handled as specified on the permit.

(c) Materials that are otherwise prohibited importation into the United States under paragraph (a) of this section may be imported into the United States if the following conditions are met prior to importation:

(1) The material is derived from a nonruminant species, or from a ruminant species if the ruminants have never been in any region listed in §94.18(a) of this chapter.

(2) In regions listed in §94.18(a)(1) or (a)(2) of this subchapter as regions in which BSE exists or that present an undue risk of introducing BSE into the United States, all steps of processing...
