§ 950.27

power, the Claims Administrator shall consider:

(i) *Fair Market Price.* The fair market price may be determined by the lower of the two options: The actual cost of the short-term supply contract for replacement power, purchased by the sponsor, during the period of delay, or for each day of replacement power by its day-ahead weighted average index price in \$/MWh at the hub geographically nearest to the advanced nuclear facility as posted on the previous day by the Intercontinental Exchange (ICE) or an alternate electronic marketplace deemed reliable by the Department. The daily MWh assumed to be covered is no more than its nameplate capacity multiplied by 24 hours; multiplied by the capacity-weighted U.S. average capacity factor in the previous calendar year, including in the calculation any and all commercial nuclear power units that operated in the United States for any part of the previous calendar year; and multiplied by the average of the ratios of the net generation to the grid for calculating payments to the Nuclear Waste Fund to the nameplate capacity for each nuclear unit included. In addition, the Claims Administrator may consider “fair market price” from other published indices or prices at regional trading hubs and bilateral contracts for similar delivered firm power products and the costs incurred, including acquisition costs, to move the power to the contract-specified point of delivery, as well as the provisions of the covered contract regarding replacement power costs for delivery default; and

(ii) *Contractual price of power.* The contractual price of power shall be determined as the daily weighted average price in equivalent \$/MWh under a contractual supply agreement(s) for delivery of firm power that the sponsor entered into prior to any covered event. The daily MWh assumed to be covered is no more than the advanced nuclear facility’s nameplate capacity multiplied by 24 hours; multiplied by the capacity-weighted U.S. average capacity factor in the previous calendar year, including in the calculation any and all commercial nuclear power units that operated in the United States for any part of the previous calendar year; and

multiplied by the average of the ratios of the net generation to the grid for calculating payments to the Nuclear Waste Fund to the nameplate capacity for each nuclear unit included.

§ 950.26 Adjustments to claim for payment of covered costs.

(a) *Aggregate amount of covered costs.* The sponsor’s aggregate amount of covered costs shall be reduced by any amounts that are determined to be either excluded or not covered.

(b) *Amount of Department share of covered costs.* The Department share of covered costs shall be adjusted as follows:

(1) *No excess recoveries.* The share of covered costs paid by the Department to a sponsor shall not be greater than the limitations set forth in § 950.27(d).

(2) *Reduction of amount payable.* The share of covered costs paid by the Department shall be reduced by the appropriate amount consistent with the following:

(i) *Excluded claims.* The Department shall ensure that no payment shall be made for costs resulting from events that are not covered under the contract as specified in § 950.14; and

(ii) *Sponsor due diligence.* Each sponsor shall ensure and demonstrate that it uses due diligence to mitigate, shorten, and to end the covered delay and associated costs covered by the Standby Support Contract.

§ 950.27 Conditions for payment of covered costs.

(a) *General.* The Department shall pay the covered costs associated with a Standby Support Contract in accordance with the Claim Determination issued by the Claims Administrator under § 950.24 or the Final Claim Determination under § 950.34, provided that:

(1) Neither the sponsor’s claim for covered costs nor any other document submitted to support the underlying claim is fraudulent, collusive, made in bad faith, dishonest or otherwise designed to circumvent the purposes of the Act and regulations;

(2) The losses submitted for payment are within the scope of coverage issued by the Department under the terms and conditions of the Standby Support

§ 950.28

Contract as specified in subpart B of this part; and

(3) The procedures specified in this subpart have been followed and all conditions for payment have been met.

(b) *Adjustments to Payments.* In the event of fraud or miscalculation, the Department may subsequently adjust, including an adjustment obligating the sponsor to repay any payment made under paragraph (a) of this section.

(c) *Suspension of payment for covered costs.* If the Department paid or is paying covered costs under paragraph (a) of this section, and subsequently makes a determination that a sponsor has failed to meet any of the requirements for payment specified in paragraph (a) of this section for a particular covered cost, the Department may suspend payment of covered costs pending investigation and audit of the sponsor's covered costs.

(d) *Amount payable.* The Department's share of compensation for the initial two reactors is 100 percent of the covered costs of covered delay but not more than the coverage in the contract or \$500 million per contract, whichever is less; and for the subsequent four reactors, not more than 50 percent of the covered costs of the covered delay but not more than the coverage in the contract or \$250 million per contract, whichever is less. The Department's share of compensation for the subsequent four reactors is further limited in that the payment is for covered costs of a covered delay that occurs after the initial 180-day period of covered delay.

§ 950.28 Payment of covered costs.

(a) *General.* The Department shall pay to a sponsor covered costs in accordance with this subpart and the terms of the Standby Support Contract. Payment shall be made in such installments and on such conditions as the Department determines appropriate. Any overpayments by the Department of the covered costs shall be offset from future payments to the sponsor or returned by the sponsor to the Department within forty-five (45) days. If there is a dispute, then the Department shall pay the undisputed costs and defer payment of the disputed portion upon resolution of the

10 CFR Ch. III (1–1–12 Edition)

dispute in accordance with the procedures in subpart D of this part. If the covered costs include principal or interest owed on a loan made or guaranteed by a Federal agency, the Department shall instead pay that Federal agency the covered costs, rather than the sponsor.

(b) *Timing of Payment.* The sponsor may receive payment of covered costs when:

(1) The Department has approved payment of the covered cost as specified in this subpart; and

(2) The sponsor has incurred and is obligated to pay the costs for which payment is requested.

(c) *Payment process.* The covered costs shall be paid to the sponsor designated on the Certification of Covered Costs required by § 950.23, or to the sponsor's assignee as permitted by § 950.13(h). A sponsor that requests payment of the covered costs must receive payment through electronic funds transfer.

Subpart D—Dispute Resolution Process

§ 950.30 General.

The parties, i.e., the sponsor and the Department, shall include provisions in the Standby Support Contract that specify the procedures set forth in this subpart for the resolution of disputes under a Standby Support Contract. Sections 950.31 and 950.32 address disputes involving covered events; §§ 950.33 and 950.34 address disputes involving covered costs; and §§ 950.36 and 950.37 address disputes involving other contract matters.

§ 950.31 Covered event dispute resolution.

(a) If a sponsor disagrees with the Covered Event Determination rendered in accordance with § 950.22 and cannot resolve the dispute informally with the Claims Administrator, then the disagreement is subject to resolution as follows:

(1) A sponsor shall, within thirty (30) days of receipt of the Covered Event Determination, deliver to the Claims Administrator written notice of a sponsor's rebuttal which sets forth reasons for its disagreement, including any expert opinion obtained by the sponsor.
