§ 192.385
(d) You may include stock contributed to a charitable organization in the conversion in the calculation of the total offering of conversion shares under paragraphs (a) and (b) of this section, unless the appropriate Federal banking agency objects on supervisory grounds.

§ 192.385 May I impose any purchase limitations?

(a) You may limit the number of shares that any person, group of associated persons, or persons otherwise acting in concert, may subscribe to up to five percent of the total stock sold.

(b) If you set a limit of five percent under paragraph (a) of this section, you may modify that limit with appropriate Federal banking agency approval to provide that any person, group of associated persons, or persons otherwise acting in concert subscribing for five percent, may purchase between five and ten percent as long as the aggregate amount that the subscribers purchase does not exceed 10 percent of the total stock offering.

(c) You may require persons exercising subscription rights to purchase a minimum number of conversion shares. The minimum number of shares must equal the lesser of the number of shares obtained by a $500 subscription or 25 shares.

(d) In setting purchase limitations under this section, you may not aggregate conversion shares attributed to a person in your tax-qualified employee stock ownership plan with shares purchased directly by, or otherwise attributable to, that person.

§ 192.390 Must I provide a purchase preference to persons in my local community?

(a) In your subscription offering, you may give a purchase preference to eligible account holders, supplemental eligible account holders, and voting members residing in your local community.

(b) In your community offering, you must give a purchase preference to natural persons residing in your local community.
