a leverage ratio that is less than 4.0 percent; or

(B) If the bank is rated 1 in the most recent examination of the bank, has a leverage ratio that is less than 3.0 percent.

(4) **Significantly undercapitalized** if the bank has:
   (i) A total risk-based capital ratio that is less than 6.0 percent; or
   (ii) A Tier 1 risk-based capital ratio that is less than 3.0 percent; or
   (iii) A leverage ratio that is less than 3.0 percent.

(5) **Critically undercapitalized** if the bank has a ratio of tangible equity to total assets that is equal to or less than 2.0 percent.

(c) **Capital categories for insured federal branches.** For purposes of the provisions of section 38 of the FDI Act and this part, an insured federal branch shall be deemed to be:

(1) **Well capitalized** if the insured federal branch:
   (i) Maintains the pledge of assets required under 12 CFR 347.210; and
   (ii) Maintains the eligible assets prescribed under 12 CFR 347.211 at 108 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities; and
   (iii) Has not received written notification from:
      (A) The OCC to increase its capital equivalency deposit pursuant to §28.6(a) of this chapter, or to comply with asset maintenance requirements pursuant to §28.9 of this chapter; or
      (B) The FDIC to pledge additional assets pursuant to 12 CFR 346.19 or to maintain a higher ratio of eligible assets pursuant to 12 CFR 346.20.

(2) **Adequately Capitalized** if the insured federal branch:
   (i) Maintains the pledge of assets prescribed under 12 CFR 346.19; and
   (ii) Maintains the eligible assets prescribed under 12 CFR 346.20 at 106 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities; and
   (iii) Does not meet the definition of a well capitalized insured federal branch.

(3) **Undercapitalized** if the insured federal branch:
   (i) Fails to maintain the pledge of assets required under 12 CFR 346.19; or
   (ii) Fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 106 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities.

(4) **Significantly undercapitalized** if it fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 104 percent or more of the preceding quarter’s average book value of the insured federal branch’s third-party liabilities.

(5) **Critically undercapitalized** if it fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 102 percent or more of the preceding quarter’s average book value of the insured federal branch’s third-party liabilities.

(d) **Reclassification based on supervisory criteria other than capital.** The OCC may reclassify a well capitalized bank as adequately capitalized and may require an adequately capitalized or an undercapitalized bank to comply with certain mandatory or discretionary supervisory actions as if the bank were in the next lower capital category (except that the OCC may not reclassify a significantly undercapitalized bank as critically undercapitalized) (each of these actions are hereinafter referred to generally as reclassifications) in the following circumstances:

(1) **Unsafe or unsound condition.** The OCC has determined, after notice and opportunity for hearing pursuant to subpart M of part 19 of this chapter, that the bank is in unsafe or unsound condition; or

(2) **Unsafe or unsound practice.** The OCC has determined, after notice and opportunity for hearing pursuant to subpart M of part 19 of this chapter, that in the most recent examination of the bank, the bank received, and has not corrected a less-than-satisfactory rating for any of the categories of asset quality, management, earnings, or liquidity.

§ 6.5 **Capital restoration plans.**

(a) **Schedule for filing plan.**—(1) **In general.** A bank shall file a written capital restoration plan with the OCC within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized,
significantly undercapitalized, or critically undercapitalized, unless the OCC notifies the bank in writing that the plan is to be filed within a different period. An adequately capitalized bank that has been required pursuant to §6.4 and subpart M of part 19 of this chapter to comply with supervisory actions as if the bank were undercapitalized is not required to submit a capital restoration plan solely by virtue of the reclassification.

(2) Additional capital restoration plans. Notwithstanding paragraph (a)(1) of this section, a bank that has already submitted and is operating under a capital restoration plan approved under section 38 and this subpart is not required to submit an additional capital restoration plan based on a revised calculation of its capital measures or a reclassification of the institution under §6.4 and subpart M of part 19 of this chapter unless the OCC notifies the bank that it must submit a new or revised capital plan. A bank that is notified that it must submit a new or revised capital restoration plan shall file the plan in writing with the OCC within 45 days of receiving such notice, unless the OCC notifies the bank in writing that the plan must be filed within a different period.

(b) Contents of plan. All financial data submitted in connection with a capital restoration plan shall be prepared in accordance with the instructions provided on the Call Report, unless the OCC instructs otherwise. The capital restoration plan shall include all of the information required to be filed under section 38(e)(2) of the FDI Act. A bank that is required to submit a capital restoration plan pursuant to §6.4 and subpart M of part 19 of this chapter, shall include a description of the steps the bank will take to correct the unsafe or unsound condition or practice. No plan shall be accepted unless it includes any performance guarantee described in section 38(e)(2)(C) of that Act by each company that controls the bank.

(c) Review of capital restoration plans. Within 60 days after receiving a capital restoration plan under this subpart, the OCC shall provide written notice to the bank of whether the plan has been approved. The OCC may extend the time within which notice regarding approval of a plan shall be provided.

(d) Disapproval of capital restoration plan. If a capital restoration plan is not approved by the OCC, the bank shall submit a revised capital restoration plan within the time specified by the OCC. Upon receiving notice that its capital restoration plan has not been approved, any undercapitalized bank (as defined in §6.4) shall be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized institutions. These provisions shall be applicable until such time as a new or revised capital restoration plan submitted by the bank has been approved by the OCC.

(e) Failure to submit a capital restoration plan. A bank that is undercapitalized (as defined in §6.4) and that fails to submit a written capital restoration plan within the period provided in this section shall, upon the expiration of that period, be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized banks.

(f) Failure to implement a capital restoration plan. Any undercapitalized bank that fails, in any material respect, to implement a capital restoration plan shall be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized banks.

(g) Amendment of capital restoration plan. A bank that has submitted an approved capital restoration plan may, after prior written notice to and approval by the OCC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the capital restoration plan as approved prior to the proposed amendment.

(h) Notice to FDIC. Within 45 days of the effective date of OCC approval of a capital restoration plan, or any amendment to a capital restoration plan, the OCC shall provide a copy of the plan or amendment to the Federal Deposit Insurance Corporation.

(i) Performance guarantee by companies that control a bank—(1) Limitation on liability—(i) Amount limitation. The aggregate liability under the guarantee
§ 6.6 Mandatory and discretionary supervisory actions under section 38.

(a) Mandatory supervisory actions—

(1) Provisions applicable to all banks. All banks are subject to the restrictions contained in section 38(d) of the FDI Act on payment of capital distributions and management fees.

(2) Provisions applicable to undercapitalized, significantly undercapitalized, and critically undercapitalized banks. Immediately upon receiving notice or being deemed to have notice, as provided in §6.3, that the bank is undercapitalized, significantly undercapitalized, or critically undercapitalized, the bank shall become subject to the provisions of section 38 of the FDI Act—

(i) Restricting payment of capital distributions and management fees (section 38(e)(2));

(ii) Requiring that the OCC monitor the condition of the bank (section 38(e)(1));

(iii) Requiring submission of a capital restoration plan within the schedule established in this subpart (section 38(e)(2));

(iv) Restricting the growth of the bank’s assets (section 38(e)(3)); and

(v) Requiring prior approval of certain expansion proposals (section 38(e)(4)).

(3) Additional provisions applicable to significantly undercapitalized, and critically undercapitalized banks. In addition to the provisions of section 38 of the FDI Act described in paragraph (a)(2) of this section, immediately upon receiving notice or being deemed to have notice, as provided in this subpart, that

provided under section 38 and this subpart for all companies that control a specific bank that is required to submit a capital restoration plan under this subpart shall be limited to the lesser of:

(A) An amount equal to 5.0 percent of the bank’s total assets at the time the bank was notified or deemed to have notice that the bank was undercapitalized; or

(B) The amount necessary to restore the relevant capital measures of the bank to the levels required for the bank to be classified as adequately capitalized, as those capital measures and levels are defined at the time that the bank initially fails to comply with a capital restoration plan under this subpart.

(ii) Limit on duration. The guarantee and limit of liability under section 38 and this subpart shall expire after the OCC notifies the bank that it has remained adequately capitalized for each of four consecutive calendar quarters. The expiration or fulfillment by a company of a guarantee of a capital restoration plan shall not limit the liability of the company under any guarantee required or provided in connection with any capital restoration plan filed by the same bank after expiration of the first guarantee.

(iii) Collection on guarantee. Each company that controls a given bank shall be jointly and severally liable for the guarantee for such bank as required under section 38 and this subpart, and the OCC may require payment of the full amount of that guarantee from any or all of the companies issuing the guarantee.

(2) Failure to provide guarantee. In the event that a bank that is controlled by any company submits a capital restoration plan that does not contain the guarantee required under section 38(e)(2) of the FDI Act, the bank shall, upon submission of the plan, be subject to the provisions of section 38 and this part that are applicable to banks that have failed in a material respect to implement a capital restoration plan.

(j) Enforcement of capital restoration plan. The failure of a bank to implement, in any material respect, a capital restoration plan required under section 38 and this section shall subject the bank to the assessment of civil money penalties pursuant to section 8(i)(2)(A) of the FDI Act.
