§ 208.71 What are the requirements to invest in or control a financial subsidiary?

(a) *In general.* A state member bank may control, or hold an interest in, a financial subsidiary only if:

(1) The state member bank and each depository institution affiliate of the state member bank are well capitalized and well managed;

(2) The aggregate consolidated total assets of all financial subsidiaries of the state member bank do not exceed the lesser of:

(i) 45 percent of the consolidated total assets of the parent bank; or

(ii) \$50 billion, which dollar amount shall be adjusted according to an indexing mechanism jointly established by the Board and the Secretary of the Treasury;

(3) The state member bank, if it is one of the largest 100 insured banks (based on consolidated total assets as of the end of the previous calendar year), meets the debt rating or alter-

native requirement of paragraph (b) of this section, if applicable; and

(4) The Board or the appropriate Reserve Bank has approved the bank to acquire the interest in or control the financial subsidiary under § 208.76.

(b) *Debt rating or alternative requirement for 100 largest insured banks—(1) General.* A state member bank meets the debt rating or alternative requirement of this paragraph (b) if:

(i) The bank has at least one issue of eligible debt outstanding that is currently rated in one of the three highest investment grade rating categories by a nationally recognized statistical rating organization; or

(ii) If the bank is one of the second 50 largest insured banks (based on consolidated total assets as of the end of the previous calendar year), the bank has a current long-term issuer credit rating from at least one nationally recognized statistical rating organization that is within the three highest investment grade rating categories used by the organization.

(2) *Financial subsidiaries engaged in financial activities only as agent.* This paragraph (b) does not apply to a state member bank if the financial subsidiaries of the bank engage in financial activities described in § 208.72(a)(1) and (2) only in an agency capacity and not directly or indirectly as principal.

§ 208.72 What activities may a financial subsidiary conduct?

(a) *Authorized activities.* A financial subsidiary of a state member bank may engage in only the following activities:

(1) Any financial activity listed in § 225.86(a), (b), or (c) of the Board's Regulation Y (12 CFR 225.86(a), (b), or (c));

(2) Any activity that the Secretary of the Treasury, in consultation with the Board, has determined to be financial in nature or incidental to a financial activity and permissible for a financial subsidiary pursuant to Section 5136A(b) of the Revised Statutes of the United States (12 U.S.C. 24a(b)); and

(3) Any activity that the state member bank is permitted to engage in directly (subject to the same terms and conditions that govern the conduct of the activity by the state member bank).

(b) *Impermissible activities.* Notwithstanding paragraph (a) of this section, a financial subsidiary may not engage as principal in the following activities:

(1) Insuring, guaranteeing, or indemnifying against loss, harm, damage, illness, disability or death (except to the extent permitted under applicable state law and section 302 or 303(c) of the Gramm-Leach-Bliley Act (15 U.S.C. 6712 or 6713(c));

(2) Providing or issuing annuities the income of which is subject to tax treatment under section 72 of the Internal Revenue Code of 1986 (26 U.S.C. 72);

(3) Real estate development or real estate investment, unless otherwise expressly authorized by applicable state and Federal law; and

(4) Any merchant banking or insurance company investment activity permitted for financial holding companies by section 4(k)(4)(H) or (I) of the Bank Holding Company Act (12 U.S.C. 1843(k)(4)(H) and (I)).

§ 208.73 What additional provisions are applicable to state member banks with financial subsidiaries?

(a) *Capital deduction required.* A state member bank that controls or holds an interest in a financial subsidiary must comply with the following rules in determining its compliance with applicable regulatory capital standards (including the well capitalized standard of § 208.71(a)(1)):

(1) The bank must not consolidate the assets and liabilities of any financial subsidiary with those of the bank.

(2) For purposes of determining the bank's risk-based capital ratios under appendix A of this part, the bank must—

(i) Deduct 50 percent of the aggregate amount of its outstanding equity investment (including retained earnings) in all financial subsidiaries from both the bank's Tier 1 capital and Tier 2 capital; and

(ii) Deduct the entire amount of the bank's outstanding equity investment (including retained earnings) in all financial subsidiaries from the bank's risk-weighted assets.

(3) For purposes of determining the bank's leverage capital ratio under appendix B of this part, the bank must—

(i) Deduct 50 percent of the aggregate amount of its outstanding equity investment (including retained earnings) in all financial subsidiaries from the bank's Tier 1 capital; and

(ii) Deduct the entire amount of the bank's outstanding equity investment (including retained earnings) in all financial subsidiaries from the bank's average total assets.

(4) For purposes of determining the bank's ratio of tangible equity to total assets under § 208.43(b)(5), the bank must deduct the entire amount of the bank's outstanding equity investment (including retained earnings) in all financial subsidiaries from the bank's tangible equity and total assets.

(5) If the deduction from Tier 2 capital required by paragraph (a)(2)(i) of this section exceeds the bank's Tier 2 capital, any excess must be deducted from the bank's Tier 1 capital.

(b) *Financial statement disclosure of capital deduction.* Any published financial statement of a state member bank that controls or holds an interest in a financial subsidiary must, in addition to providing information prepared in accordance with generally accepted accounting principles, separately present financial information for the bank reflecting the capital deduction and adjustments required by paragraph (a) of this section.

(c) *Safeguards for the bank.* A state member bank that establishes, controls or holds an interest in a financial subsidiary must:

(1) Establish and maintain procedures for identifying and managing financial and operational risks within the state member bank and the financial subsidiary that adequately protect the state member bank from such risks; and

(2) Establish and maintain reasonable policies and procedures to preserve the separate corporate identity and limited liability of the state member bank and the financial subsidiary.

(d) *Application of Sections 23A and 23B of the Federal Reserve Act.* For purposes of sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c, 371c–1):

(1) A financial subsidiary of a state member bank shall be deemed an affiliate, and not a subsidiary, of the bank;

Federal Reserve System

§ 208.74

(2) The restrictions contained in section 23A(a)(1)(A) of the Federal Reserve Act (12 U.S.C. 371c(a)(1)(A)) shall not apply with respect to covered transactions between the bank and any individual financial subsidiary of the bank;

(3) The bank's investment in a financial subsidiary shall not include retained earnings of the financial subsidiary;

(4) Any purchase of, or investment in, the securities of a financial subsidiary by an affiliate of the bank will be considered to be a purchase of, or investment in, such securities by the bank; and

(5) Any extension of credit by an affiliate of the bank to a financial subsidiary of the bank will be considered to be an extension of credit by the bank to the financial subsidiary if the Board determines that such treatment is necessary or appropriate to prevent evasions of the Federal Reserve Act and the Gramm-Leach-Bliley Act.

(e) *Application of anti-tying prohibitions.* A financial subsidiary of a state member bank shall be deemed a subsidiary of a bank holding company and not a subsidiary of the bank for purposes of the anti-tying prohibitions of section 106 of the Bank Holding Company Act Amendments of 1970 (12 U.S.C. 1971 *et seq.*).

§208.74 What happens if the state member bank or a depository institution affiliate fails to continue to meet certain requirements?

(a) *Qualifications and safeguards.* The following procedures apply to a state member bank that controls or holds an interest in a financial subsidiary.

(1) *Notice by Board.* If the Board finds that a state member bank or any of its depository institution affiliates fails to continue to be well capitalized and well managed, or the state member bank is not in compliance with the asset limitation set forth in §208.71(a)(2) or the safeguards set forth in §208.73(c), the Board will notify the state member bank in writing and identify the areas of noncompliance. The Board may provide this notice at any time before or after receiving notice from the state member bank under paragraph (a)(2) of this section.

(2) *Notification by state member bank.* A state member bank must notify the appropriate Reserve Bank in writing within 15 calendar days of becoming aware that any depository institution affiliate of the bank has ceased to be well capitalized or well managed. The notification must identify the depository institution affiliate and the area(s) of noncompliance.

(3) *Execution of agreement.* Within 45 days after receiving a notice from the Board under paragraph (a)(1) of this section, or such additional period of time as the Board may permit, the:

(i) State member bank must execute an agreement acceptable to the Board to comply with all applicable capital, management, asset and safeguard requirements; and

(ii) Any relevant depository institution affiliate of the state member bank must execute an agreement acceptable to its appropriate Federal banking agency to comply with all applicable capital and management requirements.

(4) *Agreement requirements.* Any agreement required by paragraph (a)(3)(i) of this section must:

(i) Explain the specific actions that the state member bank will take to correct all areas of noncompliance;

(ii) Provide a schedule within which each action will be taken; and

(iii) Provide any other information the Board may require.

(5) *Imposition of limits.* Until the Board determines that the conditions described in the notice under paragraph (a)(1) of this section are corrected:

(i) The Board may impose any limitations on the conduct or activities of the state member bank or any subsidiary of the bank as the Board determines to be appropriate under the circumstances and consistent with the purposes of section 121 of the Gramm-Leach-Bliley Act, including requiring the Board's prior approval for any financial subsidiary of the bank to acquire any company or engage in any additional activity; and

(ii) The appropriate Federal banking agency for any relevant depository institution affiliate may impose any limitations on the conduct or activities of

§ 208.75

the depository institution or any subsidiary of that institution as the agency determines to be appropriate under the circumstances and consistent with the purposes of section 121 of the Gramm-Leach-Bliley Act.

(6) *Divestiture.* The Board may require a state member bank to divest control of any financial subsidiary if the conditions described in a notice under paragraph (a)(1) of this section are not corrected within 180 days of receipt of the notice or such additional period of time as the Board may permit. Any divestiture must be completed in accordance with any terms and conditions established by the Board.

(7) *Consultation.* The Board will consult with all relevant Federal and state regulatory authorities in taking any action under this paragraph (a).

(b) *Debt rating or alternative requirement.* If a state member bank does not continue to meet any applicable debt rating or alternative requirement of § 208.71(b), the bank may not, directly or through a subsidiary, purchase or acquire any additional equity capital of any financial subsidiary until the bank restores its compliance with the requirements of that section. For purposes of this paragraph (b), the term “equity capital” includes, in addition to any equity instrument, any debt instrument issued by the financial subsidiary if the debt instrument qualifies as capital of the subsidiary under any Federal or state law, regulation or interpretation applicable to the subsidiary.

§ 208.75 What happens if the state member bank or any of its insured depository institution affiliates receives less than a “satisfactory” CRA rating?

(a) *Limits on establishment of financial subsidiaries and expansion of existing financial subsidiaries.* If a state member bank, or any insured depository institution affiliate of the bank, has received less than a “satisfactory” rating in meeting community credit needs in its most recent examination under the Community Reinvestment Act of 1977 (12 U.S.C. 2901 *et seq.*):

(1) The state member bank may not, directly or indirectly, acquire control of any financial subsidiary; and

12 CFR Ch. II (1–1–12 Edition)

(2) Any financial subsidiary controlled by the state member bank may not commence any additional activity or acquire control, including all or substantially all of the assets, of any company.

(b) *Exception for certain activities.* The prohibition in paragraph (a)(2) of this section does not apply to any activity, or to the acquisition of control of any company that is engaged only in activities, that the state member bank is permitted to conduct directly and that are conducted on the same terms and conditions that govern the conduct of the activity by the state member bank.

(c) *Duration of prohibitions.* The prohibitions described in paragraph (a) of this section shall continue in effect until such time as the state member bank and each insured depository institution affiliate of the state member bank has achieved at least a “satisfactory” rating in meeting community credit needs in its most recent examination under the Community Reinvestment Act.

§ 208.76 What Federal Reserve approvals are necessary for financial subsidiaries?

(a) *Notice requirements.* (1) A state member bank may not acquire control of, or an interest in, a financial subsidiary unless it files a notice (in letter form, with enclosures) with the appropriate Reserve Bank.

(2) A state member bank may not engage in any additional activity pursuant to § 208.72(a)(1) or (2) through an existing financial subsidiary unless the state member bank files a notice (in letter form, with enclosures) with the appropriate Reserve Bank.

(b) *Contents of Notice.* Any notice required by paragraph (a) of this section must:

(1) In the case of a notice filed under paragraph (a)(1) of this section, describe the transaction(s) through which the bank proposes to acquire control of, or an interest in, the financial subsidiary;

(2) Provide the name and head office address of the financial subsidiary;

(3) Provide a description of the current and proposed activities of the financial subsidiary and the specific authority permitting each activity;

(8) Certify that the bank and its financial subsidiaries are in compliance with the asset limit set forth in § 208.71(a)(2) both before the proposal and on a pro forma basis.

(c) *Insurance activities.* (1) If a notice filed under paragraph (a) of this section relates to the initial affiliation of the bank with a company engaged in insurance activities, the notice must describe the type of insurance activity that the company is engaged in or plans to conduct and identify each state where the company holds an insurance license and the state insurance regulatory authority that issued the license.

(2) The appropriate Reserve Bank will send a copy of any notice described in paragraph (c)(1) of this section to the appropriate state insurance regulatory authorities and provide such authorities with an opportunity to comment on the proposal.

(d) *Approval procedures.* A notice filed with the appropriate Reserve Bank under paragraph (a) of this section will be deemed approved on the fifteenth day after receipt of a complete notice by the appropriate Reserve Bank, unless prior to that date the Board or the appropriate Reserve Bank notifies the bank that the notice is approved, that the notice will require additional review, or that the bank does not meet the requirements of this subpart. Any notification of early approval of a notice must be in writing.
