

§ 126.606 May a CO request that SBA release a requirement from the 8(a)BD program for award as a HUBZone contract?

A CO may request that SBA release an 8(a) requirement for award as a HUBZone contract. However, SBA will grant its consent only where neither the incumbent nor any other 8(a) participant can perform the requirement. The request must be made to the AA/BD, who will make a determination after consulting with the D/HUB.

§ 126.607 When must a contracting officer set aside a requirement for qualified HUBZone SBCs?

(a) The contracting officer first must review a requirement to determine whether it is excluded from HUBZone contracting pursuant to § 126.605.

(b) *Contracting Among Small Business Programs.*

(1) *Acquisitions Valued At or Below \$100,000/Simplified Acquisition Threshold.* The contracting officer shall set aside any acquisition with an anticipated dollar value exceeding \$3,000 (\$15,000 for acquisitions as described in the Federal Acquisition Regulation (FAR) at 48 CFR 13.201(g)(1)) but valued below \$100,000 (\$250,000 for acquisitions described in paragraph (1) of the Simplified Acquisition Threshold definition in the FAR at 48 CFR 2.101) for small business concerns when there is a reasonable expectation that offers will be obtained from at least two small business concerns that are competitive in terms of quality and delivery and award will be made at fair market prices. This requirement does not preclude a contracting officer from setting aside a contract under the 8(a) BD, HUBZone, Service Disabled Veteran Owned (SDVO), or WOSB programs.

(2) *Acquisitions Valued Above \$100,000/Simplified Acquisition Threshold.*

(i) The contracting officer shall set aside any acquisition with an anticipated dollar value exceeding \$100,000 (\$250,000 for acquisitions described in paragraph (1) of the Simplified Acquisition Threshold definition in the FAR at 48 CFR 2.101) for small business concerns when there is a reasonable expectation that offers will be obtained from

at least two small business concerns that are competitive in terms of quality and delivery and award will be made at fair market prices. However, after conducting market research, the contracting officer shall first consider a set-aside or sole source award (if the sole source award is permitted by statute or regulation) under the 8(a) BD, HUBZone, SDVO SBC or WOSB programs before setting aside the requirement as a small business set-aside. There is no order of precedence among the 8(a) BD, HUBZone, SDVO SBC or WOSB programs. The contracting officer must document the contract file with the rationale used to support the specific set-aside, including the type and extent of market research conducted. In addition, the contracting officer must document the contract file showing that the apparent successful offeror's ORCA certifications and associated representations were reviewed.

(ii) SBA believes that Progress in fulfilling the various small business goals, as well as other factors such as the results of market research, programmatic needs specific to the procuring agency, anticipated award price, and the acquisition history, will be considered in making a decision as to which program to use for the acquisition.

(c) If the contracting officer decides to set aside the requirement for competition restricted to qualified HUBZone SBCs, the contracting officer must:

(1) Have a reasonable expectation after reviewing SBA's list of qualified HUBZone SBCs that at least two responsible qualified HUBZone SBCs will submit offers; and

(2) Determine that award can be made at fair market price.

§ 126.608 Are there HUBZone contract opportunities at or below the simplified acquisition threshold or micropurchase threshold?

A CO may make a requirement available as a HUBZone set-aside if it is at or below the simplified acquisition threshold. In addition, a CO may award a requirement as a HUBZone contract

to a qualified HUBZone SBC at or below the micropurchase threshold.

§ 126.609 [Reserved]

§ 126.610 May SBA appeal a contracting officer's decision not to reserve a procurement for award as a HUBZone contract?

(a) The Administrator may appeal a CO's decision not to make a particular requirement available for award as a HUBZone contract to the Secretary of the department or head of the agency.

(b) An appeal is initiated by SBA's Procurement Center Representative to the CO, and may be in response to information supplied by the D/HUB, his or her designee, or other interested parties.

[69 FR 29425, May 24, 2004]

§ 126.611 What is the process for such an appeal?

(a) *Notice of appeal.* When the contracting officer rejects a recommendation by SBA's Procurement Center Representative to make a requirement available for award as a HUBZone contract, he or she must notify the Procurement Center Representative as soon as practicable. If the Administrator intends to appeal the decision, SBA must notify the contracting officer no later than five business days after receiving notice of the contracting officer's decision.

(b) *Suspension of action.* Upon receipt of notice of SBA's intent to appeal, the contracting officer must suspend further action regarding the procurement until the head of the contracting activity issues a written decision on the appeal, unless the head of the contracting activity makes a written determination that urgent and compelling circumstances which significantly affect the interests of the United States compel award of the contract.

(c) *Deadline for appeal.* Within 15 business days of SBA's notification to the CO, SBA must file its formal appeal with the Secretary of the department or head of the agency, or the appeal will be deemed withdrawn.

(d) *Decision.* The contracting activity must specify in writing the reasons for

a denial of an appeal brought under this section.

§ 126.612 When may a CO award sole source contracts to qualified HUBZone SBCs?

A contracting officer may award a sole source contract to a qualified HUBZone SBC only when the contracting officer determines that:

(a) None of the provisions of §§ 126.605 or 126.607 apply;

(b) The anticipated award price of the contract, including options, will not exceed:

(1) \$5,500,000 for a requirement within the NAICS codes for manufacturing; or
(2) \$3,500,000 for a requirement within all other NAICS codes;

(c) Two or more qualified HUBZone SBCs are not likely to submit offers;

(d) A qualified HUBZone SBC is a responsible contractor able to perform the contract; and

(e) In the estimation of the CO, contract award can be made at a fair and reasonable price.

§ 126.613 How does a price evaluation preference affect the bid of a qualified HUBZone SBC in full and open competition?

(a)(1) Where a CO will award a contract on the basis of full and open competition, the CO must deem the price offered by a qualified HUBZone SBC to be lower than the price offered by another offeror (other than another SBC) if the price offered by the qualified HUBZone SBC is not more than 10% higher than the price offered by the otherwise lowest, responsive, and responsible offeror. For a best value procurement, the CO must apply the 10% preference to the otherwise successful offer of a large business and then determine which offeror represents the best value to the Government, in accordance with the terms of the solicitation.

(2) Where, after considering the price evaluation adjustment, the price offered by a qualified HUBZone SBC is equal to the price offered by a large
