§ 1260.75 Summary of report requirements.

(a) Intermediate report responsibilities of the recipient are as follows:

(1) The Federal Cash Transactions Report (SF 272) shall be submitted by the recipient, in accordance with §1260.26, as a condition of receiving advance payments. Instructions and answers to payment questions will be provided by the NASA Financial Management Office of the Center that has been assigned financial cognizance of the grant. (See §1260.152.)

(2) The annual Inventory Report of Federally Owned Property in Custody of the Recipient will be submitted by the recipient as required by §1260.27(e). The listing shall include information specified in §1260.134(f) together with beginning and ending dollar value totals for the reporting period. Negative reports (i.e., where no property has been acquired or provided, or where all acquired property has been titled to the recipient as exempt) are not required. Please note that any property acquired by the recipient and not titled to the recipient as exempt, must be reported, even when titled to the recipient as non-exempt property in accordance with the procedures set forth at §1260.134.

(f) Property administration and plant clearance for all grants and cooperative agreements will be delegated to the appropriate ONR office.

(g) NASA grant officers will provide copies of property related grant documentation to the center industrial property officer and to the Office of Naval Research at time of award or modification when the NASA program office elects to retain title to an existing item of Government property, to furnish the property to the recipient in lieu of donation, or to take title to property acquired by the recipient. When NASA acquires title to items of recipient acquired equipment or when NASA transfers an item of Government property to a recipient as Federally owned property, the NASA grant officer shall notify the cognizant NASA center financial management officer, the industrial property officer and Office of Naval Research to ensure proper entries in financial and property accounting records.

(6) An Election of Title to a Subject Invention is required for all grants and cooperative agreements (except Education and Training Grants), as applicable, in accordance with §1260.28. The notice is due within two years of disclosure of a subject invention being elected, except in any case where publication, on sale or public use of the subject invention being elected has initiated the one year statutory period wherein valid patent protection can still be obtained in the United States, notice is due at least 60 days prior to the end of the statutory period.

(7) An Interim Summary Report listing all subject inventions or reportable items required to be disclosed during the preceding year is required for all grants and cooperative agreements (except Education and Training Grants), in accordance with §1260.28 or §1260.57, respectively. The listing is due annually. Interim Summary Reports may be submitted electronically on the electronic New Technology Reporting web site (eNTRe) at: http://invention.nasa.gov.

(8) A Notification of Decision to Forego Patent Protection is required for all grants and cooperative agreements (except Education and Training Grants), as applicable, in accordance with §1260.28. The notification is due not less than thirty days before the expiration of the response period required by the relevant patent office.

(9) A Utilization of Subject Invention Report is required for all grants and cooperative agreements (except Education and Training Grants) where the recipient has elected title to a subject invention in accordance with §1260.28. The report is due annually from the election date.

(10) An Annual NASA Form 1018, NASA Property in the Custody of Contractors, is required for all grants and cooperative agreements with commercial organizations. The reports are due October 31st of each year. Negative reports (i.e., no reportable property) are required.

(b) Final report responsibilities of the recipient are as follows:

(1) A Final Summary Report listing all subject inventions or reportable items, or certifying that there are none, is required for all grants and cooperative agreements (except Education and Training Grants), in accordance with §1260.28 or §1260.57, respectively. The report is due within 90 days after the expiration of the grant or cooperative agreement. The Final Summary Report may be submitted electronically on the electronic New Technology Reporting web site (eNTRe) at: http://invention.nasa.gov.

(2) A Final Federal Cash Transactions Report, SF 272, is required from the recipient for each grant, in accordance with §§1260.26 and 1260.152. The report is due within 90 calendar days after the expiration date of the grant or cooperative agreement.

(3) A Summary of Research is required for all research grants in accordance with §1260.22. Citation of publications resulting from research, or abstracts thereof, may serve as all or part of the Summary of Research. The Summary of Research shall also include a complete list of all subject inventions (or negative statement) required to be disclosed that resulted from the work (see the provision at §1260.28).

(4) A Final Inventory Report of Federally Owned Property, including equipment where title was taken by the Government, is required for all grants and cooperative agreements, where property or equipment has been provided by the government or acquired by the recipient, §1260.27. The report is due within 60 days after the expiration of the grant or cooperative agreement. Negative reports (i.e., where no property has been acquired or provided) are required.

(5) A Final Educational Activity Report is required for all education grants or cooperative agreements. The report is due within 90 days after the expiration of the grant or cooperative agreement.

(6) A Faculty Advisor Survey is required for all training grants. The report is due from the student’s faculty advisor within 60 days after the expiration of the training grant.

(7) A Summary of Research is required for all training grants. The report is due from the student within 90
days after the expiration of the training grant.
(8) An Administrative Report is required for all training grants. The report is due within 90 days after the expiration of the training grant.
(9) A Student Evaluation Form is required for all training grants. The form is due from the student within 90 days after the expiration of the training grant.
(10) A Final NASA Form 1018, NASA Property in the Custody of Contractors, is required for all grants and cooperative agreements with commercial organizations. The report is due within 30 days after the expiration of the grant or cooperative agreement.
(c) To clarify report requirements to grant and cooperative agreement recipients, the grant officer will include the “Required Publications and Reports” form (Exhibit G to subpart A of this part 1260) as part of the award document.

§ 1260.76 Termination and enforcement.
(a) Suspension or termination of a grant prior to the planned expiration date must be reserved for exceptional situations that cannot be handled any other way (see § 1260.160).
(b) The Director, Contract Management Division, shall provide to the General Services Administration information concerning all NASA debarments, suspensions, determinations of ineligibility, and voluntary exclusions of persons in accordance with 2 CFR 180.505.
(c) Remedies for Noncompliance are delineated in § 1260.160.
(d) Failure of the recipient to provide a required report can result in the Agency and the public being denied information about grant activities. NASA officials having less information for making decisions, grant closeout being delayed, and confidence being undermined as to whether the recipient will meet the requirements under other grants. Because NASA grants provide for advance payments, a recipient could be fully paid before final reports are due. At this point, it is too late to withhold payment on the existing grant. Consistent with §§ 1260.122(h) and 1260.162(a), NASA may suspend or terminate advance payments from recipients that fail to comply with reporting requirements.
(e) To remedy failure to furnish timely reports, special condition at § 1260.56, Withholding, should be used when awarding a new grant or modifying an existing grant with non-responsive organizations. Special condition at § 1260.56 allows NASA to suspend or terminate advance payments under an institution’s letter of credit pending receipt of the satisfactorily completed reports required in § 1260.75.
(f) The NASA Financial Management Office, notifying the Grant Officer, shall take action to either suspend or terminate a recipient’s advance payments when—
(1) A recipient organization is unwilling or unable to establish a financial management system that meets the requirements of advance payments as evidenced by an audit report or failure to comply with the NASA requirements;
(2) A recipient organization is unwilling or unable to report, on an accurate and timely basis, cash disbursements or cash balances as required by NASA. Advance payments shall be temporarily suspended when two (2) successive quarterly reports are late or when two (2) reports are late in a fiscal year; or
(3) A recipient organization has demonstrated an unwillingness or inability to establish procedures that will minimize time elapsing between drawdowns and related disbursements.
(g) In addition to the situations delineated in paragraph (f) of this section, the NASA Grant Officer may direct the NASA Financial Management Office to either suspend or terminate a recipient’s advance payments under circumstances where a recipient has otherwise failed to comply with the project objectives, the terms and conditions of the award, or NASA reporting requirements.
(h) The Financial Management Office (for the cases set forth in paragraph (f) of this section) or the Grant Officer
