

§ 10.69

§ 10.69 Samples to Great Britain and Ireland under reciprocal agreement.

Descriptive lists of samples taken to Great Britain and Ireland by commercial travelers of the United States under the joint declarations of December 3 and 8, 1910 (State Department treaty series 552), shall be required in triplicate, verified by the affidavit of the commercial traveler before a Customs officer, and shall show that the samples are for use as models or patterns for the purpose of obtaining orders and not for sale and that the lists contain a full description of the articles. One copy shall be retained and the others shall be delivered to the commercial traveler—one for the identification of the samples on their return to the United States and one for the use of the foreign customs authorities. The latter copy must have been attested by a consular officer of the country concerned in the United States.

ANIMALS AND BIRDS

CROSS REFERENCE: For regulations with respect to recognition of breeds and purebred animals, see 9 CFR part 151.

§ 10.70 Purebred animals for breeding purposes; certificate.

(a) In connection with the entry of purebred animals for breeding purposes under subheading 0101.11.00, Harmonized Tariff Schedule of the United States (HTSUS), no claim for free entry shall be allowed in liquidation of the entry until the port director has received from the Department of Agriculture a certificate that the animal is purebred of a recognized breed and duly registered in a book of record recognized by the Secretary of Agriculture for that breed. Importers are required by regulation of the Department of Agriculture to make application for a certificate of pure breeding to the U.S. Department of Agriculture, Animal and Plant Health Inspection Service, Veterinary Services, on ANH Form 17-338 before the animal will be examined as required by 9 CFR 151.7. Application for the certificate must be executed by the owner agent, or importer and filed at a port of entry designated in the regula-

19 CFR Ch. I (4-1-12 Edition)

tions of the Department of Agriculture for the importation of animals (9 CFR 92.3). However, applications for certificates for dogs (other than dogs for handling livestock regulated under 9 CFR 92.18) and cats may be filed either at a designated port of entry or at any other port where Customs entry is made. The regulations of the Department of Agriculture prescribing the requirements for the issuance of certificates of pure breeding provide that all animals imported under such regulations must be accompanied to the port at which examination is to be made by certificates of pedigree and transfer of ownership in order that identification may be accomplished, and that, if such animals are moved from such port prior to the presentation of such certificates and transfers, such action shall constitute a waiver of any further claim to certification under such regulations.

(b) In the cases of cats and dogs arriving at Canadian border ports, Customs officers and employees are hereby authorized and directed to make the examination required by such regulations of the Department of Agriculture. Customs officers and employees are also authorized and directed to make such examinations at the ports of New York and Boston, provided the dog or cat is brought into the United States by a passenger. At all airports, Customs officers shall make the examination of dogs and cats, whether or not accompanied by the owners, if there is no inspector of the Department of Agriculture stationed there or on duty at the time of arrival.

[28 FR 14663, Dec. 31, 1963, as amended by T.D. 68-154, 33 FR 8730, June 14, 1968; T.D. 78-99, 43 FR 13060, Mar. 29, 1978; T.D. 87-75, 52 FR 20066, May 29, 1987; T.D. 89-1, 53 FR 51250, Dec. 21, 1988]

§ 10.71 Purebred animals; bond for production of evidence; deposit of estimated duties; stipulation.

(a) The animal may be released from Customs custody upon the furnishing by the importer of a bond on Customs Form 301, containing the bond conditions set forth in § 113.62 of this chapter for the production within 6 months of (1) a certificate of pure breeding issued by the Department of Agriculture, and
