§ 416.1015

RESPONSIBILITIES FOR PERFORMING THE DISABILITY DETERMINATION FUNCTION

§ 416.1010 How a State notifies us that it wishes to perform the disability determination function.

(a) *Deemed notice.* Any State that has in effect as of June 1, 1981, an agreement with us to make disability determinations will be deemed to have given us notice that it wishes to perform the disability determination function, in lieu of continuing the agreement in effect after June 1, 1981.

(b) *Written notice.* After June 1, 1981, a State not making disability determinations that wishes to perform the disability determination function under these regulations must notify us in writing. The notice must be from an official authorized to act for the State for this purpose. The State will provide an opinion from the State's Attorney General verifying the authority of the official who sent the notice to act for the State.

§ 416.1011 How we notify a State whether it may perform the disability determination function.

(a) If a State notifies us in writing that it wishes to perform the disability determination function, we will notify the State in writing whether or not it may perform the function. The State will begin performing the disability determination function beginning with the month we and the State agree upon.

(b) If we have previously found that a State agency has substantially failed to make disability determinations in accordance with the law or these regulations and other written guidelines or if the State has previously notified us in writing that it does not wish to make disability determinations, the notice will advise the State whether the State agency may again make the disability determinations and, if so, the date and the conditions under which the State may again make them.

§ 416.1013 Disability determinations the State makes.

(a) *General rule.* A State agency will make determinations of disability with respect to all persons in the State except those individuals whose cases are

in a class specifically excluded by our written guidelines. A determination of disability made by the State is the determination of the Commissioner, except as described in § 416.903(d)(1).

(b) *New classes of cases.* Where any new class or classes of cases arise requiring determinations of disability, we will determine the conditions under which a State may choose not to make the disability determinations. We will provide the State with the necessary funding to do the additional work.

(c) *Temporary transfer of classes of cases.* We will make disability determinations for classes of cases temporarily transferred to us by the State agency if the State agency asks us to do so and we agree. The State agency will make written arrangements with us which will specify the period of time and the class or classes of cases we will do.

[46 FR 29211, May 29, 1981, as amended at 62 FR 38455, July 18, 1997]

§ 416.1014 Responsibilities for obtaining evidence to make disability determinations.

(a) The State agency will secure from the claimant, or other sources, any evidence it needs to make a disability determination.

(b) We will secure from the claimant or other special arrangement sources, any evidence we can obtain as adequately and more readily than the State agency. We will furnish the evidence to the State agency for use in making a disability determination.

(c) At our request, the State agency will obtain and furnish medical or other evidence and provide assistance as may be necessary for us to carry out our responsibility for making disability determinations in those classes of cases described in the written guidelines for which the State agency does not make the determination.

§ 416.1015 Making disability determinations.

(a) When making a disability determination, the State agency will apply subpart I, part 416, of our regulations.

(b) The State agency will make disability determinations based only on the medical and nonmedical evidence in its files.
