§ 526.1696 Penicillin intramammary dosage forms.

§ 526.1696a Penicillin G procaine.
(a) Specifications. Each 10-milliliter single-dose syringe contains penicillin G procaine equivalent to 100,000 units of penicillin G.
(b) Related tolerances. See §556.510 of this chapter.
(c) Sponsors. See Nos. 010515 and 061623 in §510.600(c) of this chapter.
(d) Conditions of use in lactating cows—(1) Amount. Infuse one 10-milliliter dose into each infected quarter. Treatment may be repeated at 12-hour intervals for not more than three doses, as indicated by clinical response.
(2) Indications for use. For the treatment of mastitis caused by Streptococcus agalactiae, S. dysgalactiae, and S. uberis in lactating cows.
(3) Limitations. Milk that has been taken from animals during treatment and for 60 hours after the latest treatment must not be used for food. Animals must not be slaughtered for food within 60 days of treatment nor within 24 hours after calving.

§ 526.1696b Penicillin G procaine-dihydrostreptomycin in soybean oil for intramammary infusion (dry cows).
(a) Specifications. Each 10 milliliters of suspension contains penicillin G procaine equivalent to 1 million units of penicillin G and dihydrostreptomycin sulfate equivalent to 1 gram of dihydrostreptomycin.
(b) Sponsor. See No. 033392 in §510.600(c) of this chapter.
(c) Related tolerances. See §§556.200 and 556.510 of this chapter.
(d) Conditions of use. For the treatment of mastitis caused by Streptococcus agalactiae in dry cows.
(1) Amount. One syringe per quarter at the last milking prior to drying off.
(2) Indications for use. Intramammary use to reduce the frequency of existing infection and to prevent new infections with Staphylococcus aureus in dry cows.
(3) Limitations. Not to be used within 6 weeks of freshening. Not for use in lactating cows. Milk taken from animals within 96 hours (8 milkings) after calving must not be used for food. Animals infused with this drug must not be slaughtered for food within 60 days from the time of infusion nor within 96 hours after calving.
