plan’s program directives, methodology, design or magnitudes. Updates should be submitted each year for review with the AERs.

B. Operational Plans for Emergency Programs

The response to emergency situations using title II resources does not usually permit the same degree of detail and certainty of analysis that is expected in planning title II non-emergency programs. However, Operational Plans are required for all nongovernmental cooperating sponsors’ emergency programs, along with the AER. An Operational Plan for an emergency program must cover the same basic elements, set forth above, as for a nonemergency program. Thus, all of the above basic issues set forth in the Operational Plan format must be addressed when proposing title II emergency programs as well as regular nonemergency programs.

C. USAID/Diplomatic Post Responsibilities

A USAID or Diplomatic Post is expected to comment on the substance and adequacy of a nongovernmental cooperating sponsor’s Operational Plan when submitted to AID/W along with a program request, and to address the plan’s relationship to and consistency with the Mission’s Country Development Strategy Statement.

D. Required Approval for Program Change

Cooperating sponsors agree not to deviate from the program as described in the Operational Plan and other program documents approved by A.I.D., without the prior written approval of A.I.D.

E. Emergency Assistance Program Requests

Any cooperating sponsor (governmental or nongovernmental) may initiate an emergency assistance proposal under Public Law 480, title II. Requests are received by a USAID or Diplomatic Post and reviewed and approved before forwarding to AID/W with appropriate recommendations.

a. Nongovernmental emergency program requests can be cabled by USAID or the Diplomatic Post for AID/W review based on information provided and using procedures established for regular programs as described in Regulation 11, §211.5(a): AER and Operational Plan.

b. A foreign government or international organization (other than World Food Program) emergency request normally requires more Mission involvement in program design and management. However, as in the case of nongovernmental programs, the approval will be based on a cable program summary based on the program plan outlined in (2) above. On approval, AID/W will prepare a Transfer Authorization (TA) to be signed by the recipient government specifying terms of the program and reporting requirements. Additional guidance in preparing government-to-government or international organizations emergency requests is in chapter 9 and Exhibit A of A.I.D. Handbook 9. The TA serves as (1) the Food for Peace Agreement between the U.S. Government and the cooperating sponsor, (2) the project authorization document, and (3) the authority for the CCC to ship commodities. (Under Pub. L. 480, section 207(a), not later than 15 days after receipt of a call forward from a field mission for commodities, the order shall be transmitted to the CCC.)

F. Local Currency Programs (Public Law 480, Title II Section 203)

Detailed guidance for preparing, approving, implementing and administering these programs is provided in chapters 6, 7, and 11 of A.I.D. Handbook 9.

G. Problems Conducting Programs In Developing Countries

Describe the problems that can be anticipated in implementing the program in the recipient country as a result of its being a developing country.

H. Waivers

A cooperating sponsor should provide a justification for the waiver of any specific section or sections of Regulation 11 that it believes necessary for the program.

Subpart A—General

§ 212.1 Statement of policy.

(a) It is the policy of the United States Agency for International Development (hereinafter "USAID" or "the Agency") that information about its objectives and operations be freely available to the public in accordance with the provisions of the Freedom of Information Act ("FOIA"), 5 U.S.C. 552, as amended; the President's Memorandum for Heads of Departments and Agencies regarding the FOIA, 29 Weekly Comp. Pres. Doc. 1999 (October 4, 1993); and the Attorney General's Memorandum of the same title and date. The Director, Office of Administrative Services, Bureau for Management, or his/her designee, is responsible on behalf of the Agency for administration of the provisions of the regulations set forth in this part.

(b) In addition, concerning the International Cooperation and Development Agency ("IDCA"), pursuant to executive order and delegations of authority USAID is responsible not only for management of its own affairs but also for those of IDCA. The policy of IDCA in the FOIA area has been determined by USAID to be identical to that of USAID, as stated in this section. Therefore, all policies and procedures set forth in this part apply equally to IDCA as to USAID; and it is intended that references in this part to "USAID" or "the Agency" shall, wherever appropriate, include or mean a reference to IDCA. Accordingly, all IDCA FOIA-related matters shall be referred to and processed by USAID staff under this part as though they were USAID matters.

(c) All records of USAID shall be made available to the public upon compliance with the procedures established in §212.33, except to the extent a determination is made to withhold a record exemptible under 5 U.S.C. 552(b). Such a determination shall be made pursuant to procedures set forth in §212.36, 212.37 and 212.38.

(d) The term "record" as used in this part includes all books, papers, maps, photographs, or other documentary material or copies thereof, regardless of physical form or characteristics, made in or received by USAID (including its missions or offices abroad), and preserved as evidence of its organization, functions, policies, decisions, procedures, operations, or other activities. The term does not include copies of the records of other U.S. Government agencies, foreign governments, international organizations, or non-governmental entities which do not evidence organization, functions, policies, decisions, procedures, operations, or activities of USAID.

Subpart B—Publication in the Federal Register

§ 212.11 Materials to be published.

(a) USAID separately states and currently publishes in the Federal Register for the information and guidance of the public:

(1) Descriptions of its central and field organization and the established places at which, the officers from whom, and the methods whereby, the public may secure information, make submittals or requests, or obtain decisions;

(2) Statements of the general course and method by which its functions are channelled and determined, including the nature and requirements for all formal and informal procedures available;

(3) Rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations;

943
§ 212.12 Effect of nonpublication.

The materials referenced in §212.11 shall not be binding upon or otherwise adversely affect a person unless either
(a) The materials were in fact published in the Federal Register or
(b) The person otherwise had actual and timely notice of the content of such materials.

§ 212.13 Incorporation by reference.

For purposes of this subpart B, USAID matters which are reasonably available to the class of persons affected thereby are deemed to be published in the Federal Register when they have been incorporated by reference therein with the approval of the Director of the Federal Register.

Subpart C—Availability of Information for Public Inspection and Copying

§ 212.21 Public records.

In accordance with this subpart, USAID makes the following information and materials available for public inspection and copying:
(a) All final opinions (including concurring and dissenting opinions), and all orders made in the adjudication of the cases;
(b) those statements of policy and interpretations which have been adopted by the Agency and are not published in the Federal Register; and
(c) Administrative staff manuals and instructions to staff that affect any member of the public.

§ 212.22 Protection of personal privacy.

To the extent required to prevent a clearly unwarranted invasion of personal privacy, USAID may delete identifying details when USAID makes available or publishes an opinion, statement of policy, interpretation, or staff manual or instruction. USAID will, in each such case, explain in writing the justification for the deletion.

§ 212.23 Current index.

USAID maintains and makes available for public inspection and copying a current index providing identifying information for the public as to any matter which has been issued, adopted, or promulgated after July 4, 1967, and which is required by §212.21 to be made available or published. Publication of an index is deemed both unnecessary and impractical. However, copies of the index are available, upon request, for a fee based on the direct cost of duplication.

§ 212.24 Effect of noncompliance.

No final order, opinion, statement of policy, interpretation, or staff manual or instruction that affects any member of the public will be relied upon, used, or cited as precedent by USAID against any private party unless it has been indexed and either made available or published as provided by this subpart, or unless that private party shall have actual and timely notice of the terms thereof.

§ 212.25 Procedures for obtaining materials under this subpart.

(a) The materials required to be made available for public inspection and copying in accordance with this subpart are available to members of the public at USAID’s Public Reading Room, Room 1113, 1621 North Kent Street, Rosslyn, Virginia 22209, which is open from 9 a.m. to 5 p.m., Monday through Friday, except on holidays. All such materials are available in electronic form (disks) only: to a reasonable degree, assistance will be provided in use of necessary equipment.
(b) Requests for materials which are available under this subpart should follow the procedures under §212.33(a) of this part.
(c) The direct costs of any necessary duplication will be charged in accordance with the fee schedule set forth in § 212.35.

(d) USAID Missions and offices in countries abroad are not responsible for the maintenance of the index and materials available under this subpart. However, insofar as they do have these materials, they will make them available to citizens of the United States who are present in their respective countries upon application made either in writing to the USAID Director, or other principal USAID officer, c/o American Embassy in the applicable country.

Subpart D—Access to Agency Records

§ 212.31 Availability of agency records.

Upon receiving a request which reasonably describes a USAID record, and which is made in accordance with the provisions of this subpart, USAID will make such records, except the following, promptly available to the requesting party:

(a) Matters published in the Federal Register pursuant to subpart B;

(b) Matters made available to the public pursuant to subpart C; and

(c) Matters exempt from disclosure pursuant to § 212.41 or § 241.42 of this part.

§ 212.32 Identification of records.

The request for a record by a member of the public must contain a reasonably specific description of the particular record sought so that a USAID officer who is familiar with the subject matter of the request may be able to locate the record with a reasonable amount of effort. A description that includes as much information as possible, such as the subject matter, format, approximate date and, where pertinent, the name of the country or person involved, will facilitate the search for the requested record.

§ 212.33 Procedure for making requests.

(a) Requests for records, other than records available at the Public Reading Room identified in § 212.24(a), may be made by a member of the public in writing only to the Chief, Customer Outreach and Oversight Staff, Room 1113, SA–16, Agency for International Development, Department of State, 320 21st Street, N.W., Washington, D.C. 20523–1608. The request and the envelope must be plainly marked “FOIA Request.” Requests may be made orally, that is, in person, only for records and materials available at the Public Reading Room.

(b) Requests for records may be made directly to a USAID mission or office abroad only by a citizen of the United States who is present in that country and must be by written application to the USAID Director (or other principal USAID officer), care of the American Embassy in that country. Any such written request and its envelope must be plainly marked “FOIA Request.”

(c) Only signed original (as opposed to electronically transmitted) requests are acceptable for procedures pursuant to paragraphs (a) and (b) of this section. Telephoned requests, or in-person requests other than to the Public Reading Room, cannot be accepted. If a written request not properly marked “FOIA Request” on both the letter and envelope is thereby delayed in reaching the Chief, Office of Customer Outreach and Oversight Staff, such request will not be deemed received by USAID until actually received by that official. In the event of such a delay, the person making the request will be furnished a notice of the effective date of receipt.

§ 212.34 Procedures for responding to requests for records.

(a) Upon receipt by the Chief, Office of Customer Outreach and Oversight Staff, of a reasonably specific request made pursuant to § 212.33 of this part, a maximum of ten working days will normally be taken to determine to what extent the Agency can provide the information requested. Upon the making of that determination, the person making the request will be promptly so informed. Copies of the releasable documents will be made available promptly thereafter upon receipt of applicable fees and charges as set forth in § 212.35.

(b)(1) In unusual circumstances, USAID may not be able to determine the availability of the requested documents within ten working days, in
§ 212.35 Schedule of fees and method of payment for services rendered.

(a) Definitions. (1) Direct costs means those expenditures which the Agency actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing) documents in order to respond to a FOIA request.

(2) Search includes all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within documents. Line-by-line search will not be done when duplicating an entire document would prove the less expensive and quicker method of complying with a request. (“Search” for this purpose is distinguished from “review” (see paragraph (a)(4) of this section).

(3) Duplication refers to the process of making a copy of a document available to the FOIA requester. Copies can take the form of paper copy, microfilm or audiovisual materials (among others) and will be in a form that is reasonably usable by requesters.

(4) Review refers to the process of examining documents located in response to a commercial use request (see paragraph (a)(5) of this section) to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure, e.g., doing all
that is necessary to redact those documents of exempt material and otherwise preparing them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(5) Commercial use request refers to a request from or on behalf of one who seeks information for a use or purpose that is related to commerce, trade, or the profit interest of the requester or of the person on whose behalf the request is made. In determining whether a requester properly belongs in this category, the Agency will determine the use to which a requester will put the documents requested. Where the Agency has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, the Agency may seek additional clarification before assigning the request to a specific category.

(6) Educational institution refers to a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, or an institution of vocational education which operates a program or programs of scholarly research.

(7) Non-commercial scientific institution refers to an institution that is not operated on a “commercial” basis as that term is referenced in paragraph (a)(5) of this section and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(8) Representative of the news media refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term “news” means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when they can qualify as disseminators of “news” who make their products available for purchase or subscription by the general public). These examples are not intended to be all-inclusive. Moreover, as traditional methods of news delivery evolve (e.g., electronic dissemination of newspapers through telecommunications services), such alternative media would be included in this category. In the case of “freelance” journalists, they may be regarded as working for a news organization if they can demonstrate a sound basis for expecting publication through such an organization, even though not actually employed by it. A publication contract would be the clearest evidence, but the Agency may also look to the past publication record of the requester in making this determination.

(b) Fees to be charged. The following specific fees shall be applicable with respect to services rendered to members of the public under this part:

(1) Commercial use requesters. Fees are intended to cover the full estimated direct costs of researching for, reviewing for release, and duplicating the records requested. Search costs are computed based on the following formula: hours spent by Agency personnel, whatever their grade and location, and rounded up to the nearest full hour, and including locality pay for Washington-based personnel only, at the basic annual rate then payable to U.S. Government employees at the GS–9/Step 4 level, times 1.17 (to factor in related benefits) and divided by 2080 (hours per work year). Review costs are computed based on the same formula, but, instead, using the rate then payable to employees at the GS–13/Step 4 level. Duplicating costs are $0.20 per page. Search costs will be assessed even though no records may be found or even if, after review, there is no disclosure of records.

(2) Educational and non-commercial scientific institution requester. The Agency will provide documents to requesters in this category for the cost of duplication alone ($0.20 per page), excluding charges for the first 100 pages. To be eligible for inclusion in this category, requesters must show that a request is being made under the auspices of a qualifying institution and that the records are sought in furtherance of scholarly research, if the request is
§212.35  \textit{22 CFR Ch. II (4–1–12 Edition)}

from an educational institution or scientific research, if the request is from a non-commercial scientific institution. Requesters eligible for free search must (as with all FOIA requesters) reasonably describe the records sought.

(3) \textit{Requesters who are representatives of the news media.} The Agency will provide documents to requesters in this category for the cost of reproduction alone ($0.20 per page), excluding charges for the first 100 pages. To be eligible for inclusion in this category a requester must meet the criteria in paragraph (a)(8) of this section, and his/her request must not be made for commercial use. In reference to this class of requesters, a request for records supporting the news dissemination function of the requester shall not be considered to be a request that is for a commercial use. Requesters eligible for free search must also reasonably describe the records sought.

(4) \textit{All other requesters.} The Agency will charge requesters who do not fit into any of the categories in paragraphs (b)(1), (2), and (3) of this section fees which recover the full direct cost of search, and for reproducing records that are responsive to the request, except that the first 100 pages and the first two hours of search time shall be furnished without charge. The hourly rates outlined in paragraph (b)(1) of this section will prevail. Requesters must reasonably describe the records sought. Moreover, requests from subjects for records filed in the Agency’s Privacy Act System of Records will continue to be treated under the fee provisions of the Privacy Act of 1975 except that the first 100 pages of reproduction will be furnished without charge.

(c) \textit{Non-payment of fees.} (1) The Agency will begin assessing interest charges on the thirty-first day following the day on which the requester is advised of the fee charge. Interest will be at the rate prescribed in 31 U.S.C. 3717.

(2) Where a requester has previously failed to copy a fee charged in a timely fashion (i.e., within thirty days of the billing date), the Agency will require the requester to pay the full amount owed plus any applicable interest as provided in paragraph (c)(1) of this section, and to make an advance payment of the full amount of the remaining estimated fee before the Agency begins to process a new request or continues processing a then-pending request from the requester.

(3) When the Agency acts under paragraph (c)(1) or (2) of this section the administrative time limits prescribed in subsection (a)(6) of the FOIA (i.e., ten working days from receipt of initial request and twenty working days from receipt of appeals from initial denial plus permissible extensions of these time limits) will begin only after the Agency has received fee payments described in this section.

(d) \textit{Advance payments or confirmation.} Where USAID estimates or determines that allowable charges to a requester are likely to exceed $250, USAID will require a requester to make an advance payment of the estimated charges before continuing to process the request. Where the estimated charges are in the $25–$250 range, then USAID in its discretion, before processing the request, may require either—

(1) An advance deposit of the entire estimated charges or (2) Written confirmation of the requester’s willingness, when billed, to pay such charges.

(e) \textit{Waiving or reducing fee.} In accordance with subsection (A)(ii) of the FOIA, the Agency will furnish documents without charge or at reduced charges if disclosure of the information is “in the public interest” in that such disclosure is likely to contribute significantly to public understanding of the operations or activities of the Government and is not primarily in the commercial interest of the requester. A requester may at any time, up to a period not to exceed thirty days from the final USAID decision concerning his/her request, request such waiver or reduction of fee by letter addressed to the Chief, Customer Outreach and Oversight Staff; such request shall address the above criteria for waiver. Such request will initially be decided by the Chief, Customer Outreach and Oversight Staff; such decision will normally be made, and the requester so advised, within ten working days of its receipt. The requester, if dissatisfied
with that decision, may appeal pursuant to the same procedures as apply under §212.36 and §212.37 of this part.

(f) Restrictions on assessing fees. With the exception of requesters seeking documents for a commercial use, Section (4)(A)(iv) of the FOIA, as amended, requires agencies to provide the first 100 pages of duplication and the first two hours of search time without charge. Moreover, this section prohibits agencies from charging fees to any requester, including commercial use requesters, if the cost of collecting a fee would be equal to or greater than the fee itself. These provisions work together so that, except for commercial use requesters, the Agency will not begin to assess fees until it has provided such free search and reproduction. For example, for a request that involved two hours and ten minutes of search time and resulted in 105 pages of documents, the Agency will determine the cost of only ten minutes of search time and only five pages of reproduction. If this cost is equal to or less than the cost of processing the payment instrument—a figure which the Agency will from time to time review and determine—then there will be no charge to the requester.

(g) Other provisions—(1) Charges for unsuccessful search. The Agency will assess charges for time spent searching even if the Agency fails to locate the records or if records located are determined to be exempt from disclosure.

(2) Aggregating requesters. When the Agency reasonably believes that a requester or group of requesters is attempting to break a request down into a series of requests for the purpose of evading the assessment of fees, the Agency will aggregate any such requesters and charge accordingly.

(3) Effect of the Debt Collection Act of 1982 (Public Law 97-365). The Agency will use the authorities of the Debt Collection Act, including disclosure to consumer reporting agencies and use of collection agencies, where appropriate, to encourage repayment.

(4) Remittances. (i) Remittances shall be made payable to the order of the U.S. Treasury and mailed to the Chief, Customer Outreach and Oversight Staff, at the address set forth in §212.33(a) of this part.

§212.36 Denial of request for access to records.

(a) If it is determined that the Agency cannot comply with all or part of a request for records, the person making the request shall be immediately notified of the determination, the reasons for the determination, the name and title of each officer responsible for the denial, and the right of the person to appeal the adverse determination.

(b) The denial of a request for records may be made, initially, only by the Chief, Customer Outreach and Oversight Staff, or his/her designee.

(c)(1) Any person who has been denied access to records pursuant to this section may appeal the relevant decision not later than thirty days after the date of the notification of denial or, in the case of a partial denial, not later than thirty days after the date the releasable documents are actually furnished to the person making the request, whichever is later. The appeal shall be in writing addressed to the Agency’s FOIA Appeals Officer, who is:

The Director, Office of Administrative Services, Bureau for Management, Room 803, SA-2, Agency for International Development, 21st and Virginia Ave., N.W., Washington, D.C., 20523-0217.

(2) In order for the Agency to make a timely response to the appeal, both the text of the appeal and its envelope must be plainly marked “FOIA Appeal”. The appeal must contain a reasonable description of the record sought and withheld, a copy of the initial decision to deny access and any other information that will enable the Appeals Officer to make the final decision.

§212.37 Procedures for agency consideration of appeals.

(a) Upon receipt of the appeal by the Appeals Officer, a maximum of twenty working days will normally be taken to decide the appeal. In unusual circumstances, as defined in §212.34, the twenty working days may be extended by ten working days or by the number
§ 212.38 Predisclosure notification procedures for confidential commercial information.

(a) In general. Confidential commercial information provided to the Agency shall not be disclosed pursuant to a FOIA request except in accordance with this section. For purposes of this section, the following definitions apply:

1. Confidential commercial information means records provided to the Agency by a submitter that arguably contain material exempt from release under Exemption 4 of FOIA, 5 U.S.C. 552(b)(4), because disclosure could reasonably be expected to cause substantial competitive harm.

2. Submitter means any person or entity who provides confidential commercial information to the Agency. The term “submitter” includes, but is not limited to, corporations, state governments and foreign governments.

(b) Notice to submitters. Whenever the Agency receives a FOIA request for confidential commercial information and, pursuant to paragraph (c) of this section, the submitter of such information is entitled to receive notice of that request, then the Agency shall promptly notify the submitter that it has received the request, unless such a notice is not required pursuant to paragraph (g) of this section. The notice shall be in writing and shall either describe the exact nature of the confidential commercial information requested or provide a copy of the records or portion of the records containing the confidential commercial information. The notice shall be addressed to the submitter and mailed, postage prepaid, first class mail, to the submitter’s last known address. Where notice is required to be given to a voluminous number of submitters, in lieu of such a mailing the notice may be posted or published in a manner and place reasonably calculated to provide notice to the submitters.

(c) When notice is required; related matters. (1) For confidential commercial information submitted prior to January 1, 1988, the Agency shall provide a submitter with notice of its receipt of a FOIA request whenever:

(a) the records are less than ten years old and the information has been designated by the submitter as confidential commercial information; or

(b) the Agency has reason to believe that the disclosure of the information could reasonably be expected to cause substantial competitive harm to the submitter thereof.

(2) For confidential commercial information submitted to the Agency on or after January 1, 1988, the Agency shall provide a submitter with notice of its receipt of a FOIA request whenever:

(a) the submitter has designated the information as confidential commercial information pursuant to the requirements of this section; or

(b) the Agency has reason to believe that the disclosure of the information could reasonably be expected to cause substantial competitive harm to the submitter.

(3) Notice of a request for confidential commercial information falling within paragraph (c)(2)(i) of this section shall be required for a period of not more than ten years after the date
of submission unless the submitter provides reasonable justification for a designation period of greater duration.

(4) A submitter shall use good-faith efforts to designate by appropriate markings, either at the time a record is submitted to the Agency or within a reasonable period of time thereafter, those portions of the record which it deems to contain confidential commercial information. The designation shall be accompanied by a certification made by the submitter, its agent or designee that to the best of the submitter's knowledge, information and belief, the record does, in fact, contain confidential commercial information that theretofore has not been disclosed to the public.

(5) Whenever the Agency provides notice to the submitter in accordance with paragraph (c) of this section, the Agency shall at the same time provide written notice to the requester that it is affording the submitter a reasonable period of time within which to object to the disclosure, and that, therefore, the Agency may be required to enlarge the time within which it otherwise would respond to the request.

(d) Opportunity to object to disclosure. To the extent permitted by law, the notice required by paragraph (c) of this section shall afford a submitter a reasonable period of time within which the submitter or its authorized representative may provide the Agency with a written objection to the disclosure of the confidential commercial information and demonstrate why the submitter believes that the records contain confidential commercial information whose disclosure would, probably, cause substantial competitive injury to the submitter. Except where a certification already has been made in conformance with the requirements of paragraph (c)(4) of this section, the objection shall be accompanied by certification made by the submitter, its agent or designee, that to the best of the submitter's knowledge, information and belief, the record does, in fact, contain confidential commercial information that theretofore has not been disclosed to the public. Information provided by a submitter pursuant to this paragraph may itself be subject to disclosure under the FOIA.

(e) Notice of intent to disclose. (1) The Agency shall give careful consideration to objections made by a submitter pursuant to paragraph (d) of this section prior to making any administrative determination of the issue. Whenever the Agency decides to disclose information despite the objection of a submitter, the Agency shall forward to the submitter a written notice which shall include:

(i) A statement of the reasons for which a submitter's disclosure objections were not sustained; and
(ii) A description of the information to be disclosed.

(2) To the extent permitted by law, the notice required to be given by paragraph (e)(1) of this section shall be provided to the submitter a reasonable number of days prior to the specific disclosure date.

(3) Whenever the Agency provides notice to the submitter in accordance with paragraphs (e) (1) and (2) of this section, the Agency shall at the same time notify the requester

(i) That such a notice has been given and
(ii) Of the proposed date for disclosure.

(f) Notice of lawsuit. When a requester brings suit seeking to compel the disclosure of information for which notice is required pursuant to paragraph (c) of this section, the Agency shall promptly notify the submitter that such suit has been filed.

(g) Exceptions to notice requirements. The notice requirements of this section shall not apply if:

(1) The Agency determines that the information should not be disclosed;
(2) The information has been published or has been officially made available to the public;
(3) Disclosure of the information is required by an Agency rule that;
(i) Was adopted pursuant to notice and public comment;
(ii) Specifies narrow classes of records submitted to the Agency that are to be released under the FOIA; and
(iii) Provides in exceptional circumstances for notice when the submitter provides written justification, at the time the information is submitted or a reasonable time thereafter, that disclosure of the information
could reasonably be expected to cause substantial competitive harm;
(4) For purposes of paragraph (c) of this section, the information requested was not designated by the submitter as exempt from disclosure when the submitter had an opportunity to make such designation at the time of submission of the information or within a reasonable time thereafter, unless;
(i) The Agency has substantial reason to believe that disclosure of the information would result in competitive harm; or
