

require the pet owner to change the litter (but not more than twice each week), may require pet owners to separate pet waste from litter (but not more than once each day), and may prescribe methods for the disposal of pet waste and used litter.

(c) *Pet restraint.* The pet rules shall require that all cats and dogs be appropriately and effectively restrained and under the control of a responsible individual while on the common areas of the project.

(d) *Registration.* (1) The pet rules shall require pet owners to register their pets with the project owner. The pet owner must register the pet before it is brought onto the project premises, and must update the registration at least annually. The project owner may coordinate the annual update with the annual reexamination of tenant income, if applicable. The registration must include:

(i) A certificate signed by a licensed veterinarian or a State or local authority empowered to inoculate animals (or designated agent of such an authority) stating that the pet has received all inoculations required by applicable State and local law;

(ii) Information sufficient to identify the pet and to demonstrate that it is a common household pet; and

(iii) The name, address, and phone number of one or more responsible parties who will care for the pet if the pet owner dies, is incapacitated, or is otherwise unable to care for the pet.

(2) The project owner may require the pet owner to provide additional information necessary to ensure compliance with any discretionary rules prescribed under § 5.318, and shall require the pet owner to sign a statement indicating that he or she has read the pet rules and agrees to comply with them.

(3) The pet rules shall permit the project owner to refuse to register a pet if:

(i) The pet is not a common household pet;

(ii) The keeping of the pet would violate any applicable house pet rule;

(iii) The pet owner fails to provide complete pet registration information or fails annually to update the pet registration; or

(iv) The project owner reasonably determines, based on the pet owner's habits and practices, that the pet owner will be unable to keep the pet in compliance with the pet rules and other lease obligations. The pet's temperament may be considered as a factor in determining the prospective pet owner's ability to comply with the pet rules and other lease obligations.

(4) The project owner may not refuse to register a pet based on a determination that the pet owner is financially unable to care for the pet or that the pet is inappropriate, based on the therapeutic value to the pet owner or the interests of the property or existing tenants.

(5) The pet rules shall require the project owner to notify the pet owner if the project owner refuses to register a pet. The notice shall state the basis for the project owner's action and shall be served on the pet owner in accordance with the requirements of § 5.353(f)(1)(i) or (ii). The notice of refusal to register a pet may be combined with a notice of pet violation as required in § 5.356.

§ 5.353 Housing programs: Procedure for development of pet rules.

(a) *General.* Project owners shall use the procedures specified in this section to promulgate the pet rules referred to in §§ 5.318 and 5.350.

(b) *Development and notice of proposed pet rules.* Project owners shall develop proposed rules to govern the owning or keeping of common household pets in projects for the elderly or persons with disabilities. Notice of the proposed pet rules shall be served on each tenant of the project as provided in paragraph (f) of this section. The notice shall:

(1) Include the text of the proposed rules;

(2) State that tenants or tenant representatives may submit written comments on the rules; and

(3) State that all comments must be submitted to the project owner no later than 30 days from the effective date of the notice of the proposed rules.

(4) The notice may also announce the date, time, and place for a meeting to discuss the proposed rules (as provided in paragraph (c) of this section).

(c) *Tenant consultation.* Tenants or tenant representatives may submit

§ 5.356

written comments on the proposed pet rules to the project owner by the date specified in the notice of proposed rules. In addition, the owner may schedule one or more meetings with tenants during the comment period to discuss the proposed rules. Tenants and tenant representatives may make oral comments on the proposed rules at these meetings. The project owner must consider comments made at these meetings only if they are summarized, reduced to writing, and submitted to the project owner before the end of the comment period.

(d) *Development and notice of final pet rules.* The project owner shall develop the final rules after reviewing tenants' written comments and written summaries of any owner-tenant meetings. The project owner may meet with tenants and tenant representatives to attempt to resolve issues raised by the comments. Subject to this subpart C, the content of the final pet rules, however, is within the sole discretion of the project owner. The project owner shall serve on each tenant of the project, a notice of the final pet rules as provided in paragraph (f) of this section. The notice must include the text of the final pet rules and must specify the effective date of the final pet rules.

(e) *Amendment of pet rules.* The project owner may amend the pet rules at any time by following the procedure for the development of pet rules specified in paragraphs (b) through (d) of this section.

(f) *Service of notice.* (1) The project owner must serve the notice required under this section by:

(i) Sending a letter by first class mail, properly stamped and addressed to the tenant at the dwelling unit, with a proper return address; or

(ii) Serving a copy of the notice on any adult answering the door at the tenant's leased dwelling unit, or if no adult responds, by placing the notice under or through the door, if possible, or else by attaching the notice to the door; or

(iii) For service of notice to tenants of a high-rise building, posting the notice in at least three conspicuous places within the building and maintaining the posted notices intact and in legible form for 30 days. For purposes

24 CFR Subtitle A (4-1-12 Edition)

of paragraph (f) of this section, a high-rise building is a structure that is equipped with an elevator and has a common lobby.

(2) For purposes of computing time periods following service of the notice, service is effective on the day that all notices are delivered or mailed, or in the case of service by posting, on the day that all notices are initially posted.

§ 5.356 Housing programs: Pet rule violation procedures.

(a) *Notice of pet rule violation.* If a project owner determines on the basis of objective facts, supported by written statements, that a pet owner has violated a rule governing the owning or keeping of pets; the project owner may serve a written notice of pet rule violation on the pet owner in accordance with § 5.353(f)(1)(i) or (ii). The notice of pet rule violation must:

(1) Contain a brief statement of the factual basis for the determination and the pet rule or rules alleged to be violated;

(2) State that the pet owner has 10 days from the effective date of service of the notice to correct the violation (including, in appropriate circumstances, removal of the pet) or to make a written request for a meeting to discuss the violation;

(3) State that the pet owner is entitled to be accompanied by another person of his or her choice at the meeting; and

(4) State that the pet owner's failure to correct the violation, to request a meeting, or to appear at a requested meeting may result in initiation of procedures to terminate the pet owner's tenancy.

(b)(1) *Pet rule violation meeting.* If the pet owner makes a timely request for a meeting to discuss an alleged pet rule violation, the project owner shall establish a mutually agreeable time and place for the meeting but no later than 15 days from the effective date of service of the notice of pet rule violation (unless the project owner agrees to a later date). At the pet rule violation meeting, the pet owner and project owner shall discuss any alleged pet rule violation and attempt to correct it. The project owner may, as a result of
