Office of Assistant Secretary for Housing, HUD § 203.18b

an appraised value in excess of $50,000), plus the amount of the mortgage insurance premium paid at the time the mortgage is insured.

(h) Notice of maximum mortgage amount. A maximum mortgage amount based on the 1-family median house price for an area under paragraph (a)(1) of this section may be made effective by:

(1) Providing direct notice to affected mortgagees through an administrative issuance; or

(2) Publishing a notice in the Federal Register.

(i) Energy efficient mortgages. The principal amount of energy efficient mortgages may exceed the maximum amounts determined under paragraph (a)(1) of this section under conditions prescribed by the Secretary in accordance with section 106 of the Energy Policy Act of 1992.

EDITORIAL NOTE: For Federal Register citations affecting §203.18, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

§ 203.18a Solar energy system.

(a) The dollar limitation provided in §203.18(a) may be increased by up to 20 percent if such an increase is necessary to account for the increased cost of the residence due to the installation of a solar energy system.

(b) Solar energy system is defined as any addition, alteration, or improvement to an existing or new structure which is designed to utilize wind energy or solar energy either of the active type based on mechanically forced energy transfer or of the passive type based on convective, conductive, or radiant energy transfer or some combination of these types to reduce the energy requirements of that structure from other energy sources and which is in conformity with such criteria and standards as shall be prescribed by the Secretary in consultation with the Secretary of Energy.

§ 203.18b Increased mortgage amount.

(a) If any party believes that a mortgage limit established by the Secretary under §203.18(a)(1) does not accurately reflect the median house prices in an area, the party may submit documentation in support of an alternative mortgage limit. For purposes of this section, an area (1) must be at least the size of a county, whether or not the area is located within a metropolitan statistical area, as established by the Office of Management and Budget; and (2) may be an area for which the mortgage limits established under §203.18(b)(1) apply.

(b)(1) The documentation referred to in paragraph (a) of this section must consist of sufficient housing sales price data for the entire geographic area for which the request is made to justify an alternative mortgage limit. The documentation should include a listing of actual sales prices in the area for all or nearly all new and existing 1-family homes and condominiums, over a period of time varies with sales volume, as follows:

(i) For 500 or more sales per month, a one-month reporting period;

(ii) For 250 through 499 sales per month, a two-month reporting period.

(iii) For less than 250 sales per month, a three-month reporting period.

The listing should contain a brief address for each property, its county location, its sale price, the month and year of its sale, and whether it is new or existing. In areas where the ratio of existing sales to new sales is three-to-one or greater, an increase in the mortgage limit may be based on 95 percent of the average of the new and the existing median sales prices. In these areas, the documentation referred to in this paragraph may also include separate median sales prices for both the new and existing homes.

(2) Requests for an increased mortgage limit based upon documentation of median house prices for the area should be sent to the appropriate HUD field office.

(c) In the case of an area where the Commissioner determines that the median one-family house price does not reasonably reflect the sales prices of newly constructed homes because of an existing stock whose value is static or declining, the Commissioner may give greater weight to the sales prices of new homes in determining median
