Subpart F—Small Cities, Non-Entitlement CDBG Grants in Hawaii and Insular Areas Programs

SOURCE: 62 FR 62914, Nov. 25, 1997, unless otherwise noted.

§ 570.420 General.

(a) *Administration of Non-entitlement CDBG funds in New York by HUD or Insular Areas—(1) Small cities.* The Act permits each state to elect to administer all aspects of the CDBG program annual fund allocation for the non-entitlement areas within its jurisdiction. All states except Hawaii have elected to administer the CDBG program for non-entitlement areas within their jurisdiction. This section is applicable only to active HUD-administered small cities grants in New York. The requirements for the non-entitlement CDBG grants in Hawaii are set forth in § 570.429 of this subpart. States that elected to administer the program after the close of Fiscal Year 1984 cannot return administration of the program to HUD. A decision by a state to discontinue administration of the program would result in the loss of CDBG funds for non-entitlement areas in that state and the reallocation of those funds to all states in the succeeding fiscal year.

(2) *Insular areas.* Title V of Public Law 108-186 amended the Act to move the insular areas funding authorization from sections 107(a) and (b) to section 106(a). This revision identified a specific portion of the CDBG allocation for insular areas that is separate from the distribution for special purpose grants, as well as from the Entitlement and State formula distribution. The insular areas of Guam, the Northern Mariana Islands, the Virgin Islands, and American Samoa are permitted to administer all aspects of their Community Development Block Grant (CDBG) program under section 106 of the Act in accordance with their final statement as further described at § 570.440.

(b) *Scope and applicability.* (1) This subpart describes the policies and procedures of the Small Cities program that apply to non-entitlement areas in states where HUD administers the CDBG program. HUD currently administers the Small Cities program in only two states—New York (for grants prior to FY 2000) and Hawaii (for non-entitlement CDBG grants in Hawaii). The Small Cities portion of this subpart addresses the requirements for New York Small Cities grants in §§ 570.421, 570.426,

§ 570.420

24 CFR Ch. V (4–1–12 Edition)

570.427, and 570.431. Section 570.429 identifies special procedures applicable to Hawaii.

(2) This subpart also describes the policies and procedures governing community development block grants to insular areas under section 106 of the Act. Sections 570.440 and 570.441 identify procedures applicable to the Insular Areas program under section 106 of the Act. Fund reservations for insular areas under section 107 of the Act shall remain governed by the policies and procedures described in section 107(a)(1)(A) of the Act and §§ 570.400 and 570.405 of this part.

(3) The policies and procedures set forth in the following identified subparts of this part apply to the HUD-administered Small Cities and Insular Areas programs, except as modified or limited under the provisions thereof or this subpart:

- (i) Subpart A—General Provisions;
- (ii) Subpart C—Eligible Activities;
- (iii) Subpart J—Grant Administration;
- (iv) Subpart K—Other Program Requirements;
- (v) Subpart M—Loan Guarantees; and
- (vi) Subpart O—Performance Reviews.

(c) *Abbreviated consolidated plan.* Applications for the HUD-administered Small Cities Program and the Insular Areas program under section 106 of the Act that contain housing activities must include a certification that the proposed housing activities are consistent with the applicant's consolidated plan as described at 24 CFR part 91.

(d) *National and primary objectives.* (1) Each activity funded through the Small Cities program and the Insular Areas program under section 106 of the Act must meet one of the following national objectives as defined under the criteria in § 570.208:

- (i) Benefit low- and moderate-income families;
- (ii) Aid in the prevention or elimination of slums or blight; or
- (iii) Be an activity that the grantee certifies is designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of

the community and other financial resources are not available to meet such needs.

(2) In addition to the objectives described in paragraph (e)(1) of this section, with respect to grants made through the Small Cities program, not less than 70 percent of the total of grant funds from each grant and Section 108 loan guarantee funds received under subpart M of this part within a fiscal year must be expended for activities which benefit low- and moderate-income persons under the criteria of § 570.208(a) or of § 570.208(d)(5) or (6). In the case of multiyear plans in New York State approved in response to NOFAs published prior to calendar year 1997, not less than 70 percent of the total funding for grants approved pursuant to a multiyear plan for a time period of up to three years must be expended for activities which benefit low- and moderate-income persons. Thus, 70 percent of the grant for year 1 of a multiyear plan approved in response to NOFAs published prior to calendar year 1997 must meet the 70 percent requirement, 70 percent of the combined grants from years 1 and 2 must meet the requirement, and 70 percent of the combined grants from years 1, 2, and 3 must meet the requirement. In determining the percentage of funds expended for such activity, the provisions of § 570.200(a)(3)(i), (iii), (iv), and (v) shall apply.

(3) In addition to the objectives described in paragraph (e)(1) of this section, grants made through the Insular Areas program shall also comply with the primary objective of 70 percent benefit to low- and moderate-income persons. Insular area recipients must meet this requirement for each separate grant under section 107 of the Act. For grants made under section 106 of the Act, insular area recipients must ensure that over a period of time specified in their certifications not to exceed three years, not less than 70 percent of the aggregate of CDBG fund expenditures shall be for low- and moderate-income activities meeting the criteria under § 570.208(a) or under § 570.208(d)(5) or (6). See also § 570.200(a)(3) for further discussion of the primary objective.

(e) *Allocation of funds*—The allocation of appropriated funds for insular areas under section 106 of the Act shall be governed by the policies and procedures described in section 106(a)(2) of the Act and §§ 570.440, 570.441, and 570.442 of this subpart. The annual appropriations described in this section shall be distributed to insular areas on the basis of the ratio of the population of each insular area to the population of all insular areas.

§ 570.421 New York Small Cities Program design.

(a) *Selection system*—(1) *Competitive applications*. Each competitive application will be rated and scored against at least the following factors:

(i) Need-absolute number of persons in poverty as further explained in the NOFA;

(ii) Need-percent of persons in poverty as further explained in the NOFA;

(iii) Program Impact; and

(iv) Fair Housing and Equal Opportunity, which may include the applicant's Section 3 plan and implementation efforts with respect to actions to affirmatively further fair housing. The NOFA described in paragraph (b) of this section will contain a more detailed description of these factors, and the relative weight that each factor will be given.

(2) In addition HUD reserves the right to establish minimal thresholds for selection factors and otherwise select grants in accordance with § 570.425 and the applicable NOFA.

(3) *Imminent threats to public health and safety*. The criteria for these grants are described in § 570.424.

(4) *Repayment of Section 108 loans*. The criteria for these grants are described in § 570.432.

(5) *Economic development grants*. HUD intends to use the Section 108 loan guarantee program to the maximum extent feasible to fund economic development projects in the nonentitlement areas of New York. In the event that there are not enough Section 108 loan guarantee funds available to fund viable economic development projects, if a project needs a grant in addition to a loan guarantee to make it viable, or if

the project does not meet the requirements of the Section 108 program but is eligible for a grant under this subpart, HUD may fund Economic Development applications as they are determined to be fundable in a specific amount by HUD up to the sum set aside for economic development projects in a notice of funding availability, notwithstanding paragraph (g) of this section. HUD also has the option in a NOFA of funding economic development activities on a competitive basis, as a competitive application as described in paragraph (a)(1) of this section. In order for an applicant to receive Small Cities grant funds on a noncompetitive basis, the field office must determine that the economic development project will have a substantial impact on the needs identified by the applicant.

(b) *Notice of funding availability*. HUD will issue one or more Notice(s) of Funding Availability (NOFA) each fiscal year which will indicate the amount of funds available, the annual grant limits per grantee, type of grants available, the application requirements, and the rating factors that will be used for those grants which are competitive. A NOFA may set forth, subject to the requirements of this subpart, additional selection criteria for all grants.

(c) *Eligible applicants*. (1) Eligible applicants in New York are units of general local government, excluding: Metropolitan cities, urban counties, units of general local government which are participating in urban counties or metropolitan cities, even if only part of the participating unit of government is located in the urban county or metropolitan city. Indian tribes are also ineligible for assistance under this subpart. An application may be submitted individually or jointly by eligible applicants.

(2) Counties, cities, towns, and villages may apply and receive funding for separate projects to be done in the same jurisdiction. Only one grant will be made under each funding round for the same type of project to be located within the jurisdiction of a unit of general local government (e.g., both the county and village cannot receive funding for a sewer system to be located in the same village, but the county can
