first 60 days of vacancy, subject to the conditions in § 880.611. If the owner collects any tenant rent or other amount for this period which, when added to this vacancy payment, exceeds the contract rent, the excess must be repaid as HUD directs.

(3) For a vacancy that exceeds 60 days, a housing assistance payment for the vacant unit will be made, subject to the conditions in § 880.611, in an amount equal to the principal and interest payments required to amortize that portion of the debt attributable to the vacant unit for up to 12 additional months.

(e) *Payment of utility reimbursement.* Where applicable, the owner will pay a utility reimbursement in accordance with § 5.632 of this title. HUD will provide funds for the utility reimbursement to the owner in trust solely for the purpose of paying the utility reimbursement.

## § 880.502 Term of contract.

(a) *Term (except for Manufactured Home Parks).* The term of the contract will be as follows:

(1) For assisted units in a project financed with the aid of a loan insured or co-insured by the Federal government or a loan made, guaranteed or intended for purchase by the Federal government, the term will be 20 years.

(2) For assisted units in a project financed other than as described in paragraph (a)(1) of this section, the term will be the lesser of (i) the term of the project's financing (but not less than 20 years), or (ii) 30 years, or 40 years if (A) the project is owned or financed by a loan or loan guarantee from a state or local agency, (B) the project is intended for occupancy by non-elderly families and (C) the project is located in an area designated by HUD as one requiring special financing assistance.

(b) *Term for Manufactured Home Parks.* For manufactured home units or spaces in newly constructed manufactured home parks, the term of the Contract will be 20 years.

(c) *Staged Projects.* If the project is completed in stages, the term of the Contract must relate separately to the

## § 880.503 Maximum annual commitment and project account.

(a) *Maximum Annual Commitment.* Where HUD is the contract administrator, the maximum annual amount that may be committed under the Contract is the total of the contract rents and utility allowances for all assisted units in the project. Where the PHA is the contract administrator, the maximum annual contribution that may be contracted for in the ACC is the total of the contract rents and utility allowances for all assisted units plus an administrative fee for the PHA as approved by HUD.

(b) *Project Account.* (1) A project account will be established and maintained by HUD as a specifically identified and segregated account for each project. The account will be established out of the amounts by which the maximum annual commitment exceeds the amount actually paid out under the Contract or ACC each year. Payments will be made from this account for housing assistance payments (and fees for PHA administration, if appropriate) when needed to cover increases in contract rents or decreases in tenant rents and for other cost specifically approved by the Secretary.

(2) Whenever a HUD-approved estimate of required annual payments under the Contract or ACC for a fiscal year exceeds the maximum annual commitment and would cause the amount in the project account to be less than 40 percent of the maximum, HUD will, within a reasonable period of time, take such additional steps authorized by Section 8(c)(6) of the U.S. Housing Act of 1937, as may be necessary, to assure that payments under the Contract or ACC will be adequate to cover increases in Contract rents and decreases in tenant rents.
