by a Federal court, are exempt from section 5 review only where the Federal court prepared the change and the change has not been subsequently adopted or modified by the relevant governmental body. *McDaniel v. Sanchez*, 452 U.S. 130 (1981). (See also §51.22.)

(b) *Subsequent changes.* Where a Federal court-ordered change is not itself subject to the preclearance requirement, subsequent changes necessitated by the court order but decided upon by the jurisdiction remain subject to preclearance. For example, voting precinct and polling changes made necessary by a court-ordered redistricting plan are subject to section 5 review.

(c) *Alteration in section 5 status.* Where a Federal court-ordered change at its inception is not subject to review under section 5, a subsequent action by the submitting authority demonstrating that the change reflects its policy choices (*e.g.*, adoption or ratification of the change, or implementation in a manner not explicitly authorized by the court) will render the change subject to review under section 5 with regard to any future implementation.

(d) *In emergencies.* A Federal court's authorization of the emergency interim use without preclearance of a voting change does not exempt from section 5 review any use of that practice not explicitly authorized by the court.

§51.20 Form of submissions.

(a) Submissions may be made in letter or any other written form.

(b) The Attorney General will accept certain machine readable data in the following electronic media: 3.5 inch 1.4 megabyte disk, compact disc read-only memory (CD-ROM) formatted to the ISO-9660/Joliet standard, or digital versatile disc read-only memory (DVD-ROM). Unless requested by the Attorney General, data provided on electronic media need not be provided in hard copy.

(c) All electronic media shall be clearly labeled with the following information:

- (1) Submitting authority.
- (2) Name, address, title, and telephone number of contact person.
- (3) Date of submission cover letter.
- (4) Statement identifying the voting change(s) involved in the submission.

(d) Each magnetic medium (floppy disk or tape) provided must be accompanied by a printed description of its contents, including an identification by name or location of each data file contained on the medium, a detailed record layout for each such file, a record count for each such file, and a full description of the magnetic medium format.

(e) Text documents should be provided in a standard American Standard Code for Information Interchange (ASCII) character code; documents with graphics and complex formatting should be provided in standard Portable Document Format (PDF). The label shall be affixed to each electronic medium, and the information included on the label shall also be contained in a documentation file on the electronic medium.

is required; separators and delimiters should not also be used as data in the data set. Proprietary or commercial software system data files (*e.g.*, SAS, SPSS, dBase, Lotus 1-2-3) and data files containing compressed data or binary data fields will not be accepted.

[52 FR 490, Jan. 6, 1987, as amended by Order No. 1536-91, 56 FR 51836, Oct. 16, 1991; Order 3262-2011, 76 FR 21244, Apr. 15, 2011]

§ 51.21 Time of submissions.

Changes affecting voting should be submitted as soon as possible after they become final, except as provided in § 51.22.

[Order 3262-2011, 76 FR 21244, Apr. 15, 2011]

§ 51.22 Submitted changes that will not be reviewed.

(a) The Attorney General will not consider on the merits:

(1) Any proposal for a change submitted prior to final enactment or administrative decision except as provided in paragraph (b) of this section.

(2) Any submitted change directly related to another change that has not received section 5 preclearance if the Attorney General determines that the two changes cannot be substantively considered independently of one another.

(3) Any submitted change whose enforcement has ceased and been superseded by a standard, practice, or procedure that has received section 5 preclearance or that is otherwise legally enforceable under section 5.

(b) For any change requiring approval by referendum, by a State or Federal court, or by a Federal agency, the Attorney General may make a determination concerning the change prior to such approval if the change is not subject to alteration in the final approving action and if all other action necessary for approval has been taken. (*See also* § 51.18.)

§ 51.23 Party and jurisdiction responsible for making submissions.

(a) Changes affecting voting shall be submitted by the chief legal officer or other appropriate official of the submitting authority or by any other authorized person on behalf of the sub-

mitting authority. A State, whether partially or fully covered, has authority to submit any voting change on behalf of its covered jurisdictions and political subunits. Where a State is covered as a whole, State legislation or other changes undertaken or required by the State shall be submitted by the State (except that legislation of local applicability may be submitted by political subunits). Where a State is partially covered, changes of statewide application may be submitted by the State. Submissions from the State, rather than from the individual covered jurisdictions, would serve the State's interest in at least two important respects: first, the State is better able to explain to the Attorney General the purpose and effect of voting changes it enacts than are the individual covered jurisdictions; second, a single submission of the voting change on behalf of all of the covered jurisdictions would reduce the possibility that some State acts will be legally enforceable in some parts of the State but not in others.

(b) A change effected by a political party (*see* § 51.7) may be submitted by an appropriate official of the political party.

(c) A change affecting voting that results from a State court order should be submitted by the jurisdiction or entity that is to implement or administer the change (in the manner specified by paragraphs (a) and (b) of this section).
