§ 825.122 Definitions of spouse, parent, son or daughter, next of kin of a covered servicemember, adoption, foster care, son or daughter on active duty or call to active duty status, son or daughter of a covered servicemember, and parent of a covered servicemember.

(a) Spouse. Spouse means a husband or wife as defined or recognized under State law for purposes of marriage in the State where the employee resides.
including common law marriage in States where it is recognized.

(b) Parent. Parent means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a son or daughter as defined in paragraph (c) of this section. This term does not include parents “in law.”

(c) Son or daughter. For purposes of FMLA leave taken for birth or adoption, or to care for a family member with a serious health condition, son or daughter means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and “incapable of self-care because of a mental or physical disability” at the time that FMLA leave is to commence.

(1) “Incapable of self-care” means that the individual requires active assistance or supervision to provide daily self-care in three or more of the “activities of daily living” (ADLs) or “instrumental activities of daily living” (IADLs). Activities of daily living include adaptive activities such as caring appropriately for one’s grooming and hygiene, bathing, dressing and eating. Instrumental activities of daily living include cooking, cleaning, shopping, taking public transportation, paying bills, maintaining a residence, using telephones and directories, using a post office, etc.

(2) “Physical or mental disability” means a physical or mental impairment that substantially limits one or more of the major life activities of an individual. Regulations at 29 CFR 1630.2(h), (i), and (j), issued by the Equal Employment Opportunity Commission under the Americans with Disabilities Act (ADA), 42 U.S.C. 12101 et seq., define these terms.

3 Persons who are “in loco parentis” include those with day-to-day responsibilities to care for and financially support a child, or, in the case of an employee, who had such responsibility for the employee when the employee was a child. A biological or legal relationship is not necessary.

(d) Next of kin of a covered servicemember. “Next of kin of a covered servicemember” means the nearest blood relative other than the covered servicemember’s spouse, parent, son, or daughter, in the following order of priority: Blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember’s next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember’s only next of kin. See §825.127(b)(3).

(e) Adoption. “Adoption” means legally and permanently assuming the responsibility of raising a child as one’s own. The source of an adopted child (e.g., whether from a licensed placement agency or otherwise) is not a factor in determining eligibility for FMLA leave. See §825.121 for rules governing leave for adoption.

(f) Foster care. Foster care is 24-hour care for children in substitution for, and away from, their parents or guardian. Such placement is made by or with the agreement of the State as a result of a voluntary agreement between the parent or guardian that the child be removed from the home, or pursuant to a judicial determination of the necessity for foster care, and involves agreement between the State and foster family that the foster family will take care of the child. Although foster care may be with relatives of the child, State action is involved in the removal of the child from parental custody. See §825.121 for rules governing leave for foster care.

(g) Son or daughter on active duty or call to active duty status. “Son or daughter on active duty or call to active duty status” means the employee’s biological, adoptive, or foster child, stepchild, legal ward, or a child for whom
§ 825.124 Needed to care for a family member or covered servicemember.

(a) The medical certification provision that an employee is “needed to care for” a family member or covered servicemember encompasses both physical and psychological care. It includes situations where, for example, because of a serious health condition, the family member is unable to care for his or her own basic medical, hygienic, or nutritional needs or safety, or is unable to transport himself or herself to the doctor. The term also includes providing psychological comfort and reassurance which would be beneficial to a child, spouse or parent with a serious health condition who is receiving inpatient or home care.

(b) The term also includes situations where the employee may be needed to substitute for others who normally care for the family member or covered servicemember, or to make arrangements for changes in care, such as transfer to a nursing home. The employee need not be the only individual or family member available to care for the family member or covered servicemember.

(c) An employee’s intermittent leave or a reduced leave schedule necessary to care for a family member or covered servicemember includes not only a situation where the condition of the family member or covered servicemember itself is intermittent, but also where the employee is only needed intermittently—such as where other care is normally available, or care responsibilities are shared with another member.
