(b) *Purpose and scope of responsibilities of RABs.* The purpose of a RAB is to provide:

(1) An opportunity for stakeholder involvement in the environmental restoration process at Department of Defense (DoD) installations. Stakeholders are those parties that may be affected by environmental restoration activities at the installation.

(2) A forum for the early discussion and continued exchange of environmental restoration program information between DoD installations, regu-

latory agencies, tribes, and the community.

(3) An opportunity for RAB members to review progress, participate in a dialogue with, and provide comments and advice to the installation's decision makers concerning environmental restoration matters. Installations shall give careful consideration to the comments provided by the RAB members.

(4) A forum for addressing issues associated with environmental restoration activities under the Defense Environmental Restoration Program (DERP) at DoD installations, including activities conducted under the Military Munitions Response program (MMRP) to address unexploded ordnance, discarded military munitions, and the chemical constituents of munitions.
