To cite the regulations in this volume use title, part and section number. Thus, 32 CFR 504.1 refers to title 32, part 504, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16...........................................................................................................as of January 1
- Title 17 through Title 27.......................................................................................................as of April 1
- Title 28 through Title 41......................................................................................................as of July 1
- Title 42 through Title 50.....................................................................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, July 1, 2009), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBsolete Provisions

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 2001, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, 1973–1985, or 1986–2000, published in eleven separate volumes. For the period beginning January 1, 2001, a “List of CFR Sections Affected” is published at the end of each CFR volume.

Incorporation by Reference

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call 202-741-6010.

CFR Indexes and Tabular Guides

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR Index and Finding Aids. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.
REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

§ 504.1 General.

(a) Purpose. This part provides DA policies, procedures, and restrictions governing access to and disclosure of financial records maintained by financial institutions during the conduct of Army investigations or inquiries.

(b) Applicability and scope. (1) This part applies to the Active Army, the Army National Guard of the United States (ARNGUS)/Army National Guard (ARNG), and the United States Army Reserve unless otherwise stated.

(2) The provisions of 12 U.S.C. 3401 et seq. do not govern obtaining access to financial records maintained by financial institutions located outside of the territories of the United States, Puerto Rico, the District of Columbia, Guam, American Samoa, or the Virgin Islands. The procedures outlined in §504.2(d)(4) will be followed in seeking access to financial information from these facilities.

(3) This part also applies to financial records maintained by financial institutions as defined in §504.1(c)(1).

(c) Explanation of terms. (1) For purposes of this part, the following terms apply:

(i) Financial institution. Any office of a—
(A) Bank.
(B) Savings bank.
(C) Card issuer as defined in section 103 of the Consumers Credit Protection Act (15 U.S.C. 1602(n)).
(D) Industrial loan company.
(E) Trust company.
(F) Savings association.
(G) Building and loan association.
(H) Homestead association (including cooperative banks).
(I) Credit union.

(ii) This includes only those offices located in any State or territory of the United States, or in the District of Columbia, Puerto Rico, Guam, American Samoa, or the Virgin Islands.

(2) Financial record. An original record, its copy, or information known to have been derived from the original record held by a financial institution, pertaining to a customer’s relationship with the financial institution.

(3) Person. An individual or partnership of five or fewer individuals. (Per DODD 5400.12.)

(4) Customer. Any person or authorized representative of that person—
(i) Who used or is using any service of a financial institution.

(ii) For which a financial institution is acting or has acted as a fiduciary for an account maintained in the name of that person.

(5) Law enforcement inquiry. A lawful investigation or official proceeding inquiring into a violation of, or failure to comply with, a criminal or civil statute or any regulation, rule, or order issued pursuant thereto.

(6) Army law enforcement office. Any army element, agency, or unit authorized to conduct investigations under the Uniform Code of Military Justice or Army regulations. This broad definition of Army law enforcement office
§ 504.1 includes military police, criminal investigation, inspector general, and military intelligence activities conducting investigations of suspected violations of law or regulation.

(7) Personnel security investigation. An investigation required to determine a person’s eligibility for access to classified information, assignment or retention in sensitive duties, or other designated duties requiring such investigation. Personnel security investigation includes investigations of subversive affiliations, suitability information, or hostage situations conducted to make personnel security determinations. It also includes investigations of allegations that—

(i) Arise after adjudicative action, and

(ii) Require resolution to determine a person’s current eligibility for access to classified information or assignment or retention in a sensitive position.

With DA, the Defense Investigative Service conducts personnel security investigations.

(d) Policy—

(1) Customer consent. It is DA policy to seek customer consent to obtain a customer’s financial records from a financial institution unless doing so would compromise or harmfully delay a legitimate law enforcement inquiry. If the person declines to consent to disclosure, the alternative means of obtaining the records authorized by this part will be used. (See §504.2(c) through (g).)

(2) Access requests. Except as provided in paragraph (d)(3) of this section and §§504.1(f)(1), 504.2(g) and 504.2(j), Army investigative elements may not have access to or obtain copies of the information in the financial records of any customer from a financial institution unless the financial records are reasonably described and the—

(i) Customer has authorized such disclosure (§504.2(b));

(ii) Financial records are disclosed in response to a search warrant which meets the requirements of §504.2(d);

(iii) Financial records are disclosed in response to a judicial subpoena which meets the requirements of §504.2(e); or

(iv) Financial records are disclosed in response to a formal written request which meets the requirements of §504.2(f).

(3) Voluntary information. Nothing in this part will preclude any financial institution, or any officer, employee, or agent of a financial institution, from notifying an Army investigative element that such institution, or officer, employee or agent has information which may be relevant to a possible violation of any statute or regulation.

(e) Authority. (1) Law enforcement offices are authorized to obtain records of financial institutions per this part, except as provided in §504.2(e).

(2) The head of a law enforcement office of field grade rank or higher (or an equivalent grade civilian official) is authorized to initiate requests for such records.

(f) Exceptions and waivers. (1) A law enforcement office may issue a formal written request for basic identifying account information to a financial institution as part of a legitimate law enforcement inquiry. The request may be issued for any or all of the following identifying data:

(i) Name.

(ii) Address.

(iii) Account number.

(iv) Type of account of any customer or ascertainable group of customers associated with a financial transaction or class of financial transactions.

(2) A request for disclosure of the above specified basic identifying data on a customer’s account may be issued without complying with the customer notice, challenge, or transfer procedures described in §504.2. However, if access to the financial records themselves is required, the procedures in §504.2 must be followed. (A sample format for requesting basic identifying account data is in app. A.)

(3) This part will not apply when financial records are sought by the Army under the Federal Rules for Civil Procedure, Criminal Procedure, Rules for Courts-Martial, or other comparable rules of other courts in connection with litigation to which the Government and the customer are parties.

(4) No exceptions or waivers will be granted for those portions of this part required by law. Submit requests for exceptions or waivers of other aspects
§ 504.2 Procedures.

(a) General. A law enforcement official seeking access to a person’s financial records will, when feasible, obtain the customer’s consent. This section also sets forth other authorized procedures for obtaining financial records if it is not feasible to obtain the customer’s consent. Authorized procedures for obtaining financial records follow.

All communications with a U.S. Attorney or a U.S. District Court, as required by this part, will be coordinated with the supporting staff judge advocate before dispatch.

(b) Customer consent. (1) A law enforcement office may gain access to or a copy of a customer’s financial records by obtaining the customer’s consent and authorization in writing. (See app. B to this part for a sample format.) Any consent obtained under the provisions of this paragraph must—

(i) Be in writing, signed, and dated.

(ii) Identify the particular financial records being disclosed.

(iii) State that the customer may revoke the consent at any time before disclosure.

(iv) Specify the purpose of disclosure and to which agency the records may be disclosed.

(v) Authorize the disclosure for a period not over 3 months.

(2) Any customer’s consent not containing all of the elements listed in paragraph (a) of this section will not be valid.

(3) A copy of the customer’s consent will be made a part of the law enforcement inquiry file.

(4) A certification of compliance with 12 U.S.C. 3401 et seq. (app. C), along with the customer’s consent, will be provided to the financial institution as a prerequisite to obtaining access to the financial records.

(c) Administrative summons or subpoena. The Army has no authority to issue an administrative summons or subpoena for access to financial records.

(d) Search warrant. (1) A law enforcement office may obtain financial records by using a search warrant obtained under Rule 41 of the Federal Rules of Criminal Procedure in appropriate cases.

(2) No later than 90 days after the search warrant is served, unless a delay of notice is obtained under §504.2(i), a copy of the search warrant and the following notice must be mailed to the customer’s last known address:

Records or information concerning your transactions held by the financial institution named in the attached search warrant were obtained by this (office/agency/unit) on (date) for the following purpose: (state purpose). You may have rights under the Right to Financial Privacy Act of 1978.

(3) Search authorization signed by installation commanders or military judges will not be used to gain access to financial records from financial institutions in any State or territory of the United States.

(4) Access to financial records maintained by military banking contractors in overseas areas or by other financial institutions located on DOD installations outside the United States, Puerto Rico, the District of Columbia, Guam, American Samoa, or the Virgin Islands is preferably obtained by customer consent.

(i) In cases where it would not be appropriate to obtain this consent or such consent is refused and the financial institution is not otherwise willing to provide access to its records, the law enforcement activity may seek access by use of a search authorization. This authorization must be prepared and issued per AR 27–10, Military Justice.

(ii) Information obtained under this paragraph should be properly identified as financial information. It should be transferred only where an official need-to-know exists. Failure to do so, however, does not render the information inadmissible in courts-martial or other proceedings.

(iii) Law enforcement activities seeking access to financial records maintained by all other financial institutions overseas will comply with local foreign statutes or procedures governing such access.
(e) Judicial subpoena. Judicial subpoenas—
(1) Are those subpoenas issued in connection with a pending judicial proceeding.
(2) Include subpoenas issued under Rule for Courts-Martial 703(e)(2) of the Manual for Courts-Martial and Article 46 of the Uniform Code of Military Justice. The servicing staff judge advocate will be consulted on the availability and use of judicial subpoenas.

(f) Formal written request. (1) A law enforcement office may formally request financial records when the records are relevant to a legitimate law enforcement inquiry. This request may be issued only if—
(i) The customer has declined to consent to the disclosure of his or her records, or
(ii) Seeking consent from the customer would compromise or harmfully delay a legitimate law enforcement inquiry.
(2) A formal written request will be in a format set forth in appendix D of this part and will—
(i) State that the request is issued under the Right to Financial Privacy Act of 1978 and this part.
(ii) Describe the specific records to be examined.
(iii) State that access is sought in connection with a legitimate law enforcement inquiry.
(iv) Describe the nature of the inquiry.
(v) Be signed by the head of the law enforcement office or a designee (persons specified in §504.1(e)(2)).
(3) At the same time or before a formal written request is issued to a financial institution, a copy of the request will be personally served upon or mailed to the customer’s last known address unless a delay of customer notice has been obtained under §504.2(1). The notice to the customer will be—
(i) In a format similar to appendix E of this part.
(ii) Personally served at least 10 days or mailed at least 14 days before the date on which access is sought.
(4) The official who signs the customer notice is designated to receive any challenge from the customer.
(5) The customer will have 10 days to challenge a notice request when personal service is made, and 14 days when service is by mail.
(6) The head of the law enforcement office initiating the formal written request will set up procedures to ensure that no access to financial records is attempted before expiration of the above time periods—
(i) While awaiting receipt of a potential customer challenge, or
(ii) While awaiting the filing of an application for an injunction by the customer.
(7) Proper preparation of the formal written request and notice to the customer requires preparation of motion papers and a statement suitable for court filing by the customer. Accordingly, the law enforcement office intending to initiate a formal written request will coordinate preparation of the request, the notice, motion papers, and sworn statement with the supporting staff judge advocate. These documents are required by statute; their preparation cannot be waived.
(8) The supporting staff judge advocate is responsible for liaison with the proper United States Attorney and United States District Court. The requesting official will coordinate with the supporting staff judge advocate to determine whether the customer has filed a motion to prevent disclosure of the financial records within the prescribed time limits.
(9) The head of the law enforcement office (§504.2(f)(2)(v)) will certify in writing (see app. C) to the financial institution that such office has complied with the requirements of 12 U.S.C. 3401 et seq.—
(i) When a customer fails to file a challenge to access to financial records within the above time periods, or
(ii) When a challenge is adjudicated in favor of the law enforcement office. No access to any financial records will be made before such certification is given.
(g) Emergency access. Section 504.2(g)(2)(3) provides for emergency access in such cases of imminent danger. (No other procedures in this part apply to such emergency access.)
(1) In some cases, the requesting law enforcement office may determine that a delay in obtaining access would create an imminent danger of—
(1) Physical injury to a person,
(ii) Serious property damage, or
(iii) Flight to avoid prosecution.

(2) When emergency access is made to financial records, the requesting official (§ 504.1(e)(2)) will—
(i) Certify in writing (in a format similar to that in app. C) to the financial institution that the provisions of 12 U.S.C. 3401 et seq. have been complied with as a prerequisite to obtaining access.
(ii) File with the proper court a signed, sworn statement setting forth the grounds for the emergency access within 5 days of obtaining access to financial records.

(3) After filing of the signed, sworn statement, the official who has obtained access to financial records under this paragraph will as soon as practicable—
(i) Personally serve or mail to the customer a copy of the request to the financial institution and the following notice, unless a delay of notice has been obtained under § 504.2(i):

Records concerning your transactions held by the financial institution named in the attached request were obtained by (office/agency/unit) under the Right to Financial Privacy Act of 1978 on (date) for the following purpose: (state with reasonable detail the nature of the law enforcement inquiry). Emergency access to such records was obtained on the grounds that (state grounds).

(ii) Ensure that mailings under this section are by certified or registered mail to the last known address of the customer.

(h) Release of information obtained from financial institutions—(1) Records notice. Financial records, to include derived information, obtained under 12 U.S.C. 3401 et seq. will be marked as follows:

This record was obtained pursuant to the Right to Financial Privacy Act of 1978, 12 U.S.C. 3401 et seq., and may not be transferred to another Federal agency or department outside DOD without prior compliance with the transferring requirements of 12 U.S.C. 3412.

(2) Records transfer. (i) Financial records originally obtained under this part will not be transferred to another agency or department outside the DOD unless the transferring law enforcement office certifies their relevance in writing. Certification will state that there is reason to believe that the records are relevant to a legitimate law enforcement inquiry within the jurisdiction of the receiving agency or department. To support this certification, the transferring office may require that the requesting agency submit adequate justification for its request. File a copy of this certification with a copy of the released records.

(ii) Unless a delay of customer notice has been obtained (§504.2(1)), the transferring law enforcement office will, within 14 days, personally serve or mail the following to the customer at his or her last known address—

(A) A copy of the certification made according to §504.2(h)(2)(i) and
(B) The following notice, which will state the nature of the law enforcement inquiry with reasonable detail:

Copies of, or information contained in, your financial records lawfully in possession of the Department of the Army have been furnished to (state the receiving agency or department) pursuant to the Right to Financial Privacy Act of 1978 for (state the purpose). If you believe that this transfer has not been made to further a legitimate law enforcement inquiry, you may have legal rights under the Financial Privacy Act of 1978 or the Privacy Act of 1974.

(iii) If a request for release of information is from a Federal agency authorized to conduct foreign intelligence or foreign counterintelligence activities (Executive Order 12333) and is for purposes of conducting such activities by these agencies, the information will be released without notifying the customer, unless permission to provide notification is given in writing by the requesting agency.

Federal law protects the privacy of your financial records. Before banks, savings and loan associations, credit unions, credit card issuers, or other financial institutions may give financial information about you to a Federal agency, certain procedures must be followed.

Consent to Financial Records

You may be asked to consent to the financial institution making your financial records available to the Government. You may withhold your consent, and your consent is not required as a condition of doing business with any financial institution. If you give your consent, it can be revoked in writing at any time before your records are disclosed. Furthermore, any consent you give is effective for only 3 months and your financial institution must keep a record of the instances in which it discloses your financial information.

Without Your Consent

Without your consent, a Federal agency that wants to see your financial records may do so ordinarily only by means of a lawful subpoena, summons, formal written request, or search warrant for that purpose. Generally, the Federal agency must give you advance notice of its request for your records explaining why the information is being sought and telling you how to object in court. The Federal agency must also send
you copies of court documents to be prepared by you with instructions for filling them out. While these procedures will be kept as simple as possible, you may want to consult an attorney before making a challenge to a Federal agency’s request.

Exceptions

In some circumstances, a Federal agency may obtain financial information about you without advance notice or your consent. In most of these cases, the Federal agency will be required to go to court for permission to obtain your records without giving you notice beforehand. In these instances, the court will make the Government show that its investigation and request for your records are proper. When the reason for the delay of notice no longer exists, you will usually be notified that your records were obtained.

Transfer of Information

Generally, a Federal agency that obtains your financial records is prohibited from transferring them to another Federal agency unless it certifies in writing the transfer is proper and sends a notice to you that your records have been sent to another agency.

Penalties

If the Federal agency or financial institution violates the Right to Financial Privacy Act, you may sue for damages or seek compliance with the law. If you win, you may be repaid your attorney’s fee and costs.

Additional Information

If you have any questions about your rights under this law, or about how to consent to release your financial records, please call the official whose name and telephone number appears below:

(1) Title 5, United States Code, Section 552a, as amended, The Privacy Act of 1974.

(6) DOD Regulation 5400.11−R, Department of Defense Privacy Program, August 1983.

(7) Title 10, United States Code, Section 3013, Secretary of the Army.

(9) Public Law 100−503, the Computer Matching and Privacy Act of 1974.

§ 505.2 General provisions.

(a) Individual privacy rights policy. Army policy concerning the privacy rights of individuals and the Army’s responsibilities for compliance with the Privacy Act are as follows—

(1) Protect the privacy of United States living citizens and aliens lawfully admitted for permanent residence from unwarranted intrusion.

(2) Deceased individuals do not have Privacy Act rights, nor do executors or next-of-kin in general. However, immediate family members may have limited privacy rights in the manner of death details and funeral arrangements of the deceased individual. Family members often use the deceased individual’s Social Security Number (SSN) for federal entitlements; appropriate safeguards must be implemented to protect the deceased individual’s SSN from release. Also, the Health Insurance Portability and Accountability Act extends protection to certain medical information contained in a deceased individual’s medical records.

(3) Personally identifiable health information of individuals, both living and deceased, shall not be used or disclosed except for specifically permitted purposes.

(4) Maintain only such information about an individual that is necessary to accomplish the Army’s mission.

(5) Maintain only personal information that is timely, accurate, complete, and relevant to the collection purpose.

(6) Safeguard personal information to prevent unauthorized use, access, disclosure, alteration, or destruction.

(7) Maintain records for the minimum time required in accordance with an approved National Archives and Records Administration record disposition.

(8) Let individuals know what Privacy Act records the Army maintains by publishing Privacy Act system of records notices in the Federal Register. This will enable individuals to review and make copies of these
records, subject to the exemptions authorized by law and approved by the Secretary of the Army. Department of the Army Privacy Act systems of records notices are available at http://www.defenselink.mil/privacy.

(9) Permit individuals to correct and amend records about themselves which they can prove are factually in error, not timely, not complete, not accurate, or not relevant.

(10) Allow individuals to request an administrative review of decisions that deny them access to or the right to amend their records.

(11) Act on all requests promptly, accurately, and fairly.

(12) Keep paper and electronic records that are retrieved by name or personal identifier only in approved Privacy Act systems of records.

(13) Maintain no records describing how an individual exercises his or her rights guaranteed by the First Amendment (freedom of religion, freedom of political beliefs, freedom of speech and press, freedom of peaceful assemblage, and petition) unless expressly authorized by statute, pertinent to and within the scope of an authorized law enforcement activity, or otherwise authorized by law or regulation.

(14) Maintain appropriate administrative technical and physical safeguards to ensure records are protected from unauthorized alteration or disclosure.

(b) Safeguard personal information. (1) Privacy Act data will be afforded reasonable safeguards to prevent inadvertent or unauthorized disclosure of records during processing, storage, transmission, and disposal.

(2) Personal information should never be placed on shared drives that are accessed by groups of individuals unless each person has an “official need to know” the information in the performance of official duties.

(3) Safeguarding methods must strike a balance between the sensitivity of the data, need for accuracy and reliability for operations, general security of the area, and cost of the safeguards. In some situations, a password may be enough protection for an automated system with a log-on protocol. For additional guidance on safeguarding personal information in automated records see AR 380–67, The Department of the Army Personnel Security Program.

(c) Conveying privacy protected data electronically via e-mail and the World Wide Web. (1) Unencrypted electronic transmission of privacy protected data makes the Army vulnerable to information interception which can cause serious harm to the individual and the accomplishment of the Army’s mission.

(2) The Privacy Act requires that appropriate technical safeguards be established, based on the media (e.g., paper, electronic) involved, to ensure the security of the records and to prevent compromise or misuse during transfer.

(3) Privacy Web sites and hosted systems with privacy-protected data will employ secure sockets layers (SSL) and Public Key Infrastructure (PKI) encryption certificates or other DoD-approved commercially available certificates for server authentication and client-server authentication. Individuals who transmit data containing personally identifiable information over e-mail will employ PKI or other DoD-approved certificates.

(4) When sending Privacy Act protected information within the Army using encrypted or dedicated lines, ensure that—

   (i) There is an “official need to know” for each addressee (including “cc” addressees); and

   (ii) The Privacy Act protected information is marked For Official Use Only (FOUO) to inform the recipient of limitations on further dissemination. For example, add FOUO to the beginning of an e-mail message, along with the following language: “This contains FOR OFFICIAL USE ONLY (FOUO) information which is protected under the Privacy Act of 1974 and AR 340–21, The Army Privacy Program. Do not further disseminate this information without the permission of the sender.”

   (iii) Do not indiscriminately apply this statement. Use it only in situations when actually transmitting protected Privacy Act information.

   (iv) For additional information about marking documents “FOUO” review AR 25–55, Chapter IV.

   (5) Add appropriate “Privacy and Security Notices” at major Web site

(6) Ensure public Web sites comply with policies regarding restrictions on persistent and third party cookies. The Army prohibits both persistent and third part cookies. (see AR 25-1, para 6-4n)

(7) A Privacy Advisory is required on Web sites which host information systems soliciting personally identifying information, even when not maintained in a Privacy Act system of records. The Privacy Advisory informs the individual why the information is solicited and how it will be used. Post the Privacy Advisory to the Web site page where the information is being solicited, or to a well marked hyperlink stating "Privacy Advisory—Please refer to the Privacy and Security Notice that describes why this information is collected and how it will be used."

(d) Protecting records containing personal identifiers such as names and Social Security Numbers. (1) Only those records covered by a Privacy Act system of records notice may be arranged to permit retrieval by a personal identifier (e.g., an individual’s name or Social Security Number). AR 25–400–2, paragraph 6–2 requires all records covered by a Privacy Act system of records notice to include the system of record identification number on the record label to serve as a reminder that the information contained within must be safeguarded.

(2) Use a coversheet or DA Label 87 (For Official Use Only) for individual records not contained in properly labeled file folders or cabinets.

(3) When developing a coversheet, the following is an example of a statement that you may use: “The information contained within is FOR OFFICIAL USE ONLY (FOOU) and protected by the Privacy Act of 1974.”

(e) Notification of Individuals when personal information is lost, stolen, or compromised. (1) Whenever an Army organization becomes aware of protected personal information pertaining to a Service member, civilian employee (appropriated or non-appropriated fund), military retiree, family member, or another individual affiliated with Army organization (e.g., volunteer) has been lost, stolen, or compromised, the organization shall inform the affected individuals as soon as possible, but not later than ten days after the loss or compromise of protected personal information is discovered.

(2) At a minimum, the organization shall advise individuals of what specific data was involved; the circumstances surrounding the loss, theft, or compromise; and what protective actions the individual can take.

(3) If Army organizations are unable to comply with policy, they will immediately notify their superiors, who will submit a memorandum through the chain of command to the Administrative Assistant of the Secretary of the Army to explain why the affected individuals or population’s personal information has been lost, stolen, or compromised.

(f) Federal government contractors’ compliance. (1) When a DA activity contracts for the design, development, or operation of a Privacy Act system of records in order to accomplish a DA mission, the agency must apply the requirements of the Privacy Act to the contractor and its employees working on the contract (See 48 CFR part 24 and other applicable supplements to the FAR; 32 CFR part 310).

(2) System Managers will review annually, contracts contained within the system(s) of records under their responsibility, to determine which ones contain provisions relating to the design, development, or operation of a Privacy Act system of records.

(3) Contractors are considered employees of the Army for the purpose of the sanction provisions of the Privacy Act during the performance of the contract requirements.

(4) Disclosing records to a contractor for use in performing the requirements
of an authorized DA contract is considered a disclosure within the agency under exception (b)(1), “Official Need to Know”, of the Act.

§ 505.3 Privacy Act systems of records.

(a) Systems of records. (1) A system of records is a group of records under the control of a DA activity that are retrieved by an individual’s name or by some identifying number, symbol, or other identifying particular assigned to an individual.

(2) Privacy Act systems of records must be—
   (i) Authorized by Federal statute or an Executive Order;
   (ii) Needed to carry out DA’s mission; and
   (iii) Published in the Federal Register in a system of records notice, which will provide the public an opportunity to comment before DA implements or changes the system.

(3) The mere fact that records are retrievable by a name or personal identifier is not enough. Records must actually be retrieved by a name or personal identifier. Records in a group of records that may be retrieved by a name or personal identifier but are not normally retrieved by this method are not covered by this part. However, they are covered by AR 25-55, the Department of the Army Freedom of Information Act Program.

(4) The existence of a statute or Executive Order mandating the maintenance of a system of records to perform an authorized activity does not abolish the responsibility to ensure the information in the system of records is relevant and necessary to perform the authorized activity.

(b) Privacy Act system of records notices. (1) DA must publish notices in the Federal Register on new, amended, altered, or deleted systems of records to inform the public of the Privacy Act systems of records that it maintains. The Privacy Act requires submission of new or significantly changed systems of records to OMB and both houses of Congress before publication in the Federal Register (See Appendix E of this part).

(2) Systems managers must send a proposed notice at least 120 days before implementing a new, amended or altered system to the DA Freedom of Information and Privacy Office. The proposed or altered notice must include a narrative statement and supporting documentation. A narrative statement must contain the following items:
   (i) System identifier and name;
   (ii) Responsible Official, title, and phone number;
   (iii) If a new system, the purpose of establishing the system or if an altered system, nature of changes proposed;
   (iv) Authority for maintenance of the system;
   (v) Probable or potential effects of the system on the privacy of individuals;
   (vi) Whether the system is being maintained, in whole or in part, by a contractor;
   (vii) Steps taken to minimize risk of unauthorized access;
   (viii) Routine use compatibility;
   (ix) Office of Management and Budget information collection requirements; and
   (x) Supporting documentation as an attachment. Also as an attachment should be the proposed new or altered system notice for publication in the Federal Register.

(3) An amended or altered system of records is one that has one or more of the following:
   (i) A significant increase in the number, type, or category of individuals about whom records are maintained;
   (ii) A change that expands the types of categories of information maintained;
   (iii) A change that alters the purpose for which the information is used;
   (iv) A change to equipment configuration (either hardware or software) that creates substantially greater access to the records in the system of records;
   (v) An addition of an exemption pursuant to Section (j) or (k) of the Act; or
   (vi) An addition of a routine use pursuant to 5 U.S.C. 552a(b)(3).

(4) For additional guidance contact the DA FOIA/P Office.

§ 505.4 Collecting personal information.

(a) General provisions. (1) Employees will collect personal information to the greatest extent practicable directly from the subject of the record. This is especially critical, if the information may result in adverse determinations about an individual’s rights, benefits, and privileges under federal programs (See 5 U.S.C. 552a(e)(2)).

(2) It is unlawful for any Federal, State, or local government agency to deny anyone a legal right, benefit, or privilege provided by law for refusing to give their SSN unless the law requires disclosure, or a law or regulation adopted before January 1, 1975, required the SSN or if DA uses the SSN to verify a person’s identity in a system of records established and in use before that date. Executive Order 9397 (issued prior to January 1, 1975) authorizes the Army to solicit and use the SSN as a numerical identifier for individuals in most federal records systems. However, the SSN should only be collected as needed to perform official duties. Executive Order 9397 does not mandate the solicitation of SSNs from Army personnel as a means of identification.

(3) Upon entrance into military service or civilian employment with DA, individuals are asked to provide their SSN. The SSN becomes the service or employment number for the individual and is used to establish personnel, financial, medical, and other official records. After an individual has provided his or her SSN for the purpose of establishing a record, the Privacy Act Statement is not required if the individual is only requested to furnish or verify the SSN for identification purposes in connection with the normal use of his or her records. If the SSN is to be used for a purpose other than identification, the individual must be informed whether disclosure of the SSN is mandatory or voluntary; by what statutory authority the SSN is solicited; and what uses will be made of the SSN. This notification is required even if the SSN is not to be maintained in a Privacy Act system of records.

(b) Privacy Act Statement (PAS). (1) A Privacy Act Statement is required whenever personal information is requested from an individual and will become part of a Privacy Act system of records. The information will be retrieved by the individual’s name or other personal identifier (See 5 U.S.C. 552a(e)(3)).

(2) The PAS will ensure that individuals know why the information is being collected so they can make an informed decision as to providing the personal information.

(3) In addition, the PAS will include language that is explicit, easily understood, and not so lengthy as to deter an individual from reading it.
(4) A sign can be displayed in areas where people routinely furnish this kind of information, and a copy of the PAS will be made available upon request by the individual.

(5) Do not ask the person to sign the PAS.

(6) A Privacy Act Statement must include the following four items—
   (i) Authority: Cite the specific statute or Executive Order, including a brief title or subject that authorizes the DA to collect the personal information requested.
   (ii) Principal Purpose(s): Cite the principal purposes for which the information will be used.
   (iii) Routine Uses: A list of where and why the information will be disclosed OUTSIDE of DOD. Applicable routine uses are published in the applicable Privacy Act system of records notice(s). If none, the language to be used is: “Routine Use(s): None. However the ‘Blanket Routine Uses’ set forth at the beginning of the Army’s compilation of systems of records notices apply.”
   (iv) Disclosure: Voluntary or Mandatory. Include in the Privacy Act Statement specifically whether furnishing the requested personal data is mandatory or voluntary. A requirement to furnish personal data is mandatory ONLY when a federal statute, Executive Order, regulation, or other law specifically imposes a duty on the individual to provide the information sought, and when the individual is subject to a penalty if he or she fails to provide the requested information. If providing the information is only a condition of or prerequisite to granting a benefit or privilege, providing the information is always voluntary. However, the loss or denial of the privilege, benefit, or entitlement sought must be listed as a consequence of not furnishing the requested information.

(7) Some acceptable means of administering the PAS are as follows, in the order of preference—
   (i) Below the title of the media used to collect the personal information. The PAS should be positioned so that the individual will be advised of the PAS before he or she provides the requested information;
   (ii) Within the body with a notation of its location below the title;
   (iii) On the reverse side with a notation of its location below the title;
   (iv) Attached as a tear-off sheet; or
   (v) Issued as a separate supplement.

(8) An example of a PAS is at appendix B of this part.

(9) Include a PAS on a Web site page if it collects information directly from an individual and is retrieved by his or her name or personal identifier (See Office of Management and Budget Privacy Act Guidelines, 40 FR 28949, 28961 (July 9, 1975)).

(10) Army policy prohibits the collection of personally identifying information on public Web sites without the express permission of the user. Requests for exceptions must be forwarded to the Army CIO/G–6. (See AR 25–1, para 6–4n.)

(c) Collecting personal information from third parties. (1) It may not be practical to collect personal information directly from the individual in all cases. Some examples of when collection from third parties may be necessary are when—
   (i) Verifying information;
   (ii) Opinions or evaluations are needed;
   (iii) The subject cannot be contacted; or
   (iv) At the request of the subject individual.

(2) When asking third parties to provide information about other individuals, they will be advised of—
   (i) The purpose of the request; and
   (ii) Their rights to confidentiality as defined by the Privacy Act of 1974 (Consult with your servicing Staff Judge Advocate for potential limitations to the confidentiality that may be offered pursuant to the Privacy Act).

(d) Confidentiality promises. Promises of confidentiality must be prominently annotated in the record to protect from disclosure any information provided in confidence pursuant to 5 U.S.C. 552a(k)(2), (k)(5), or (k)(7).

§ 505.5 Individual access to personal information.

(a) Individual access. (1) The access provisions of this part are intended for use by individuals whose records are maintained in a Privacy Act system of
records. If a representative acts on their behalf, a written authorization must be provided, with the exception of members of Congress acting on behalf of a constituent.

(2) A Department of the Army "Blanket Routine Use" allows the release of Privacy Act protected information to members of Congress when they are acting on behalf of the constituent and the information is filed and retrieved by the constituent’s name or personal identifier. The said "Blanket Routine Use" is listed below.

“Congressional Inquiries Disclosure Routine Use: Disclosure from a system of records maintained by a DOD Component may be made to a congressional office from the record of an individual in response to an inquiry from the congressional office made at the request of that individual.”

(3) Upon a written request, an individual will be granted access to information pertaining to him or her that is maintained in a Privacy Act system of records, unless—

(i) The information is subject to an exemption, the system manager has invoked the exemption, and the exemption is published in the FEDERAL REGISTER; or

(ii) The information was compiled in reasonable anticipation of a civil action or proceeding.

(4) Legal guardians or parents acting on behalf of a minor child have the minor child’s rights of access under this part, unless the records were created or maintained pursuant to circumstances where the interests of the minor child were adverse to the interests of the legal guardian or parent.

(5) These provisions should allow for the maximum release of information consistent with Army and DOD’s statutory responsibilities.

(b) Individual requests for access. (1) Individuals will address requests for access to records in a Privacy Act system of records to the system manager or the custodian of the record designated in DA systems of records notices (See DA PAM 25–51 or the Defense Privacy Office’s Web site http://www.defenselink.mil/privacy).

(2) Individuals do not have to state a reason or justify the need to gain access to records under the Act.

(3) Release of personal information to individuals under this section is not considered a “public release” of information.

(c) Verification of identity for first party requesters. (1) Before granting access to personal data, an individual will provide reasonable verification of identity.

(2) When requesting records in writing, the preferred method of verifying identity is the submission of a notarized signature. An alternative method of verifying identity for individuals who do not have access to notary services is the submission of an un-sworn declaration in accordance with 28 U.S.C. 1746 in the following format:

(i) If executed within the United States, its territories, possessions, or commonwealths: “I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature)”.

(ii) If executed outside of the United States: “I declare under perjury or penalty under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature).”

(3) When an individual seeks access in person, identification can be verified by documents normally carried by the individual (such as identification card, driver’s license, or other license, permit or pass normally used for identification purposes). However, level of proof of identity is commensurate with the sensitivity of the records sought. For example, more proof is required to access medical records than is required to access parking records.

(4) Telephonic requests will not be honored.

(5) An individual cannot be denied access solely for refusal to provide his or her Social Security Number (SSN) unless the SSN was required for access by statute or regulation adopted prior to January 1, 1975.

(6) If an individual wishes to have his or her records released directly to a third party or to be accompanied by a third party when seeking access to his or her records, reasonable proof of authorization must be obtained. The individual may be required to furnish a
signed access authorization with a notarized signature or other proof of authenticity (i.e. telephonic confirmation) before granting the third party access.

(d) Individual access to medical records.
(1) An individual must be given access to his or her medical and psychological records unless a judgment is made that access to such records could have an adverse effect on the mental or physical health of the individual. This determination normally should be made in consultation with a medical doctor. Additional guidance is provided in DOD 5400.11–R, Department of Defense Privacy Program. In this instance, the individual will be asked to provide the name of a personal health care provider, and the records will be provided to that health care provider, along with an explanation of why access without medical supervision could be harmful to the individual.

(2) Information that may be harmful to the record subject should not be released to a designated individual unless the designee is qualified to make psychiatric or medical determinations.

(3) DA activities may offer the services of a military physician, other than the one who provided the treatment.

(4) Do not require the named health care provider to request the records for the individual.

(5) The agency’s decision to furnish the records to a medical designee and not directly to the individual is not considered a denial for reporting purposes under the Act and cannot be appealed.

(6) However, no matter what the special procedures are, DA has a statutory obligation to ensure that access is provided to the individual.

(7) Regardless of age, all DA military personnel and all married persons are considered adults. The parents of these individuals do not have access to their medical records without written consent of the individual.

(8) DOD 6025.18–R, DOD Health Information Privacy Regulation, issued pursuant to the Health Insurance Portability and Accountability Act (HIPAA) of 1996, has placed additional procedural requirements on the uses and disclosure of individually identifiable health information beyond those found in the Privacy Act of 1974 and this part. In order to be in compliance with HIPAA, the additional guidelines and procedures will be reviewed before release of an individual’s identifiable health information.

(e) Personal notes. (1) The Privacy Act does not apply to personal notes of individuals used as memory aids. These documents are not Privacy Act records and are not subject to this part.

(2) The five conditions for documents to be considered personal notes are as follows—
(1) Maintained and discarded solely at the discretion of the author;

(2) Created only for the author’s personal convenience and the notes are restricted to that of memory aids;

(3) Not the result of official direction or encouragement, whether oral or written;

(4) Not shown to others for any reason; and

(5) Not filed in agency files.

(3) Any disclosure from personal notes, either intentional or through carelessness, removes the information from the category of memory aids and the personal notes then become subject to provisions of the Act.

(f) Denial or limitation of individual’s right to access. (1) Even if the information is filed and retrieved by an individual’s name or personal identifier, his or her right to access may be denied if—

(i) The records were compiled in reasonable anticipation of a civil action or proceeding including any action where DA expects judicial or administrative adjudicatory proceedings. The term “civil action or proceeding” includes quasi-judicial, pre-trial judicial, and administrative proceedings, as well as formal litigation:

(ii) The information is about a third party and does not pertain to the requester. A third party’s SSN and home address will be withheld. However, information about the relationship between the individual and the third party would normally be disclosed as it pertains to the individual:

(iii) The records are in a system of records that has been properly exempted by the Secretary of the Army from the access provisions of this part and the information is exempt from release.
26
32 CFR Ch. V (7–1–09 Edition) § 505.5

under a provision of the Freedom of Information Act (See appendix C of this part for a list of applicable Privacy Act exemptions, exceptions, and “Blanket” routine uses);
(iv) The records contain properly classified information that has been exempted from the access provision of this part;
(v) The records are not described well enough to enable them to be located with a reasonable amount of effort on the part of an employee familiar with the file. Requesters should reasonably describe the records they are requesting. They do not have to designate a Privacy Act system of records notice identification number, but they should at least identify a type of record or functional area. For requests that ask for “all records about me,” DA personnel should ask the requester for more information to narrow the scope of his or her request; and
(vi) Access is sought by an individual who fails or refuses to comply with Privacy Act established procedural requirements, included refusing to pay fees.

(2) Requesters will not use government equipment, supplies, stationery, postage, telephones, or official mail channels for making Privacy Act requests. System managers will process such requests but inform requesters that using government resources to make Privacy Act requests is not authorized.

(3) When a request for information contained in a Privacy Act system of records is denied in whole or in part, the Denial Authority or designee shall inform the requester in writing and explain why the request for access has been refused.

(4) A request for access, notification, or amendment of a record shall be acknowledged in writing within 10 working days of receipt by the proper system manager or record custodian.

(g) Relationship between the Privacy Act and the Freedom of Information Act.
(1) Not all requesters are knowledgeable of the appropriate statutory authority to cite when requesting information. In some instances, they may cite neither the PA nor the Freedom of Information Act in their request. In some instances they may cite one Act but not the other. The Freedom of Information Act and the PA works together to ensure that requesters receive the greatest amount of information possible.
(2) Do not deny the individual access to his or her records simply because he or she failed to cite the appropriate statute or regulation.
(3) If the records are required to be released under the Freedom of Information Act, the PA will never block disclosure to requester. If the PA allows the DA activity to deny access to an individual, the Freedom of Information Act must still be applied, and the information released if required by the Freedom of Information Act.
(4) Unlike the Freedom of Information Act, the Privacy Act applies only to U.S. citizens and aliens lawfully admitted for permanent residence.
(5) Requesters who seek records about themselves contained in a Privacy Act system of records (1st party requesters) and who cite or imply only the Privacy Act, will have their request processed under the provisions of both the PA and the Freedom of Information Act. If the information requested is not contained in a Privacy Act system of records or is not about the requester, the individual’s request will be processed under the provisions of the Freedom of Information Act only, and the Freedom of Information Act processing requirements/time lines will apply.
(6) Third party information. (i) Third party information contained in a Privacy Act system of records that does not pertain to the requester, such as SSN, home addresses, and other purely personal information that is not about the requester, will be processed under the provisions of Freedom of Information Act only. Third party information that is not about the requester is not subject to the Privacy Act’s first party access provision.
(ii) Information about the relationship between the first party requester and a third party is normally disclosed as pertaining to the first party requester. Consult your servicing Staff Judge Advocate if there is a question about the release of third party information to a first party requester.
(7) If an individual requests information about them contained in a Privacy Act system of records, the individual may be denied the information only if the information is exempt under both the PA and the Freedom of Information Act. Both PA and Freedom of Information Act exemptions will be cited in the denial letter and appeals will be processed in accordance with both Acts.

(8) Each time a first party requester cites or implies the PA, perform this analysis:

(i) Is the request from a United States living citizen or an alien lawfully admitted for permanent residence?

(ii) Is the individual requesting an agency record?

(iii) Are the records within a PA system of records that are filed and retrieved by an individual’s name or other personal identifier? (If the answer is “yes” to all of these questions, then the records should be processed under the “Privacy Act”) and

(iv) Does the information requested pertain exclusively to the requester?

(A) If yes, no further consideration of Freedom of Information Act exemptions required. Release all information unless a PA exemption authorizes withholding.

(B) If no, process the information that is not about the requester under the Freedom of Information Act and withhold only if a proper Freedom of Information Act exemption applies.

(h) Functional requests. If an individual asks for his or her records and does not cite or reasonably imply either the Privacy Act or the Freedom of Information Act, and another prescribing directive or regulation authorizes the release, the records should be released under that other directive or regulation and not the PA or the FOIA. Examples of functional requests are military members asking to see their Official Military Personnel Records or civilian employees asking to see their Official Personnel Folder.

(i) Procedures for denying or limiting an individual’s right to access or amendment and the role of the Denial Authority. (1) The only officials authorized to deny a request for records or a request to amend records in a PA system of records pertaining to the requesting individual, are the appropriate Denial Authorities, their designees, or the Secretary of the Army who will be acting through the General Counsel.

(2) Denial Authorities are authorized to deny requests, either in whole or in part, for notification, access and amendment of Privacy Act records contained in their respective areas of responsibility.

(i) The Denial Authority may delegate all or part of their authority to a division chief under his supervision within the Agency in the grade of 0-5/GS-14 or higher. All delegations must be in writing.

(ii) The Denial Authority will send the names, office names, and telephones numbers of their delegates to the DA Freedom of Information and Privacy Office.

(iii) If a Denial Authority delegate denies access or amendment, the delegate must clearly state that he or she is acting on behalf of the Denial Authority, who must be identified by name and position in the written response to the requester. Denial Authority designation will not delay processing privacy requests/actions.

(iv) The official Denial Authorities are for records under their authority (See appendix B of this part). The individuals designated as Denial Authorities under this part are the same individuals designated as Initial Denial Authorities under AR 25–55, the Department of the Army Freedom of Information Act Program. However, delegation of Denial Authority pursuant to this part does not automatically encompass delegation of Initial Denial Authority under AR 25–55. Initial Denial Authority must be expressly delegated pursuant to AR 25–55 for an individual to take action on behalf of an Initial Denial Authority under AR 25–55.

(3) The custodian of the record will acknowledge requests for access made under the provisions of the Privacy Act within 10 working days of receipt.

(4) Requests for information recommended for denial will be forwarded to the appropriate Denial Authority, along with a copy of the records and justification for withholding the record. At the same time, notify the requester of the referral to the Denial
Authority for action. All documents or portions thereof determined to be releasable to the requester will be released to the requester before forwarding the case to the Denial Authority.

(5) Within 30 working days, the Denial Authority will provide the following notification to the requester in writing if the decision is to deny the requester access to the information.

(6) Included in the notification will be:

(i) Denying Official’s name, position title, and business address;
(ii) Date of the denial;
(iii) The specific reason for the denial, citing the appropriate subsections of the Privacy Act, the Freedom of Information Act, AR 25–55, The Department of the Army Freedom of Information Act Program and this part; and
(iv) The individual’s right to administratively appeal the denial within 60 calendar days of the mailing date of the notice, through the Denial Authority, to the Office of the General Counsel, Secretary of the Army, 104 Army Pentagon, Washington, DC 20310–0104.

(7) The appeal must be in writing and the requester should provide a copy of the denial letter and a statement of their reasons for seeking review.

(8) For denials made by the DA when the record is maintained in a Government-wide system of records, an individual’s request for further review must be addressed to each of the appropriate government Privacy Act offices listed in the Privacy Act system of records notices. For a current listing of Government-wide Privacy Act system of records notices see the Defense Privacy Office’s Web site http://www.defenselink.mil/privacy or DA PAM 25–51.

(j) No records determinations. (1) Since a no record response may be considered an “adverse” determination, the Denial Authority must make the final determination that no records exist. The originating agency shall notify the requester that an initial determination has been made that there are no responsive records, however the final determination will be made by the Denial Authority. A no records certificate must accompany a no records determination that is forwarded to the Denial Authority.

(2) The Denial Authority must provide the requester with appeal rights.

(k) Referral of requests. (1) A request received by a DA activity having no records responsive to a request shall be referred to another DOD Component or DA activity, if the other Component or activity confirms that they have the requested records, or verifies that they are the proper custodian for that type of record. The requester will be notified of the referral. In cases where the DA activity receiving the request has reason to believe that the existence or nonexistence of the record may in itself be classified, that activity will consult the Component or activity having cognizance over the records in question before referring the request. If the Component or activity that is consulted determines that the existence or nonexistence of the records is in itself classified, the requester shall be so notified by the DA activity originally receiving the request that it can neither confirm nor deny the existence of the record, and no referral shall take place.

(2) A DA activity shall refer a Privacy Act request for a classified record that it holds to another DOD Component, DA activity, or agency outside the Department of Defense, if the record originated in the other DOD Component, DA activity, or outside agency, or if the classification is derivative. The referring DA activity will provide the records and a release recommendation with the referral action.

(3) Any DA activity receiving a request that has been misaddressed will refer the request to the proper address and advise the requester.

(4) Within DA, referrals will be made directly to offices having custody of the requested records (unless the Denial Authority is the custodian of the requested records). If the office receiving the Privacy Act request does not know where the requested records are located, the office will contact the DA FOIA/P Office, to determine the appropriate office for referral.

(5) The requester will be informed of the referral whenever records or a portion of records are, after prior consultation, referred to another activity for a release determination and direct
response. Additionally, the DA activity referral letter will accomplish the following—

(i) Fully describe the Privacy Act system of records from which the document was retrieved; and

(ii) Indicate whether the referring activity claims any exemptions in the Privacy Act system of records notice.

(6) Within the DA, an activity will refer a Privacy Act request for records that it holds but was originated by another activity, to the originating activity for direct response. An activity will not, in any case, release or deny such records without prior consultation with the originating activity. The requester will be notified of such referral.

(7) A DA activity may refer a Privacy Act request for records that originated in an agency outside of DOD, or that is based on information obtained from an agency outside the DOD, to that agency for direct response. An activity will not, in any case, release or deny such records without prior consultation with the originating activity. The requester will be notified of such referral.

(8) DA activities will not honor any Privacy Act requests for investigative, intelligence, or any other type of records that are on loan to the Department of Defense for a specific purpose, if the records are restricted from further release in writing. Such requests will be referred to the agency that provided the records.

(9) A DA activity will notify requesters seeking National Security Council (NSC) or White House documents that they should write directly to the NSC or White House for such documents. DA documents in which the NSC or White House have a concurrent reviewing interest will be forwarded to the Department of Defense, Office of Freedom of Information and Security Review, which will coordinate with the NSC or White House, and return the documents to the originating DA activity after NSC or White House review. NSC or White House documents discovered in DA activity files which are responsive to a Privacy Act request will be forwarded to DOD for coordination and return with a release determination.

(10) To the extent referrals are consistent with the policies expressed above; referrals between offices of the same DA activity are authorized.

(1) Reproduction fees. (1) Use fees only to recoup direct reproduction costs associated with granting access.

(2) DA activities may use discretion in their decision to charge for the first copy of records provided to an individual to whom the records pertain. Thereafter, fees will be computed pursuant to the fee schedule set forth in AR 25-55, including the fee waiver provisions.

(3) Checks or money orders for fees should be made payable to the Treasurer of the United States and will be deposited in the miscellaneous receipts of the treasury account maintained at the activity’s finance office.

(4) Reproduction costs shall only include the direct costs of reproduction and shall not include costs of—

(i) Time or effort devoted to searching for or reviewing the records by personnel;

(ii) Fees not associated with the actual cost of reproduction;

(iii) Producing a copy when it must be provided to the individual without cost under another regulation, directive, or law;

(iv) Normal postage;

(v) Transportation of records or personnel; or

(vi) Producing a copy when the individual has requested only to review the records and has not requested a copy, and the only means of allowing review is to make a copy (e.g., the records are stored in a computer and a copy must be printed to provide individual access, or the activity does not wish to surrender temporarily the original records for the individual to review).

(m) Privacy Act case files. (1) Whenever an individual submits a Privacy Act request, a case file will be established. This Privacy Act case file is a specific type of file that is governed by a specific Privacy Act system of records notice. In no instance will the individual’s Privacy Act request and corresponding Army actions be included in the individual’s military personnel file or other military filing systems, such as adverse action files or general legal files, and in no instance will the Privacy Act case file be used.
to make an adverse determination about the individual.

(2) The case file will be comprised of the request for access/amendment, grants, refusals, coordination action(s), and all related papers.

§ 505.6 Amendment of records.

(a) Amended records. (1) Individuals are encouraged to periodically review the information maintained about them in Privacy Act systems of records and to familiarize themselves with the amendment procedures established by this part.

(2) An individual may request to amend records that are retrieved by his or her name or personal identifier from a system of records unless the system has been exempted from the amendment provisions of the Act. The standard for amendment is that the records are inaccurate as a matter of fact rather than judgment, irrelevant, untimely, or incomplete. The burden of proof is on the requester.

(3) The system manager or custodian must review Privacy Act records for accuracy, relevance, timeliness, and completeness.

(4) Amendment procedures are not intended to permit individuals to challenge events in records that have actually occurred. Amendment procedures only allow individuals to amend those items that are factually inaccurate and not matters of official judgment (e.g., performance ratings, promotion potential, and job performance appraisals).

(b) Proper amendment requests. (1) Amendment requests, except for routine administrative changes, will be in writing.

(2) When acting on behalf of a first party requester, an individual must provide written documentation of the first party requester’s consent to allow the individual to view his or her records.

(3) Amendment is appropriate if it can be shown that—

(i) Circumstances leading up to the recorded event were found to be inaccurately reflected in the document;

(ii) The record is not identical to the individual’s copy; or

(iii) The record is not constructed in accordance with the applicable recordkeeping requirements prescribed in AR 25–400–2, The Army Records Information Management System (ARIMS).

(4) Under the amendment provisions, an individual may not challenge the merits of an adverse determination.

(5) U.S. Army Criminal Investigation Command (USACIDC) reports of investigations (PA system of records notice A0195–2a USACIDC, Source Register; A0195–2b USACIDC, Criminal Investigation and Crime Laboratory Files) have been exempted from the amendment provisions of the Privacy Act. Requests to amend these reports will be considered under AR 195–2. Actions taken by the Commander of U.S. Army Criminal Investigation Command will constitute final action on behalf of the Secretary of the Army under that regulation.

(6) Records placed in the National Archives are exempt from the Privacy Act provision allowing individuals to request amendment of records. Most provisions of the Privacy Act apply only to those systems of records that are under the legal control of the originating agency; for example, an agency’s current operating files or records stored at a Federal Records Center.

(7) Inspector General investigative files and action request/complaint files (records in system notice A021–1 SAIG, Inspector General Records) have been exempted from the amendment provisions of the Privacy Act. Requests to amend these reports will be considered under AR 20–1 by the Inspector General. Action by the Inspector General will constitute final action on behalf of the Secretary of the Army under that regulation.

(8) Other records that are exempt from the amendment provisions of the Privacy Act are listed in the applicable PA system of records notices.

(c) Amendment procedures. (1) Requests to amend records should be addressed to the custodian or system manager of the records. The request must reasonably describe the records to be amended and the changes sought
(e.g., deletion, addition, or amendment). The burden of proof is on the requester. The system manager or records custodian will provide the individual with a written acknowledgment of the request within 10 working days and will make a final response within 30 working days of the date the request was received. The acknowledgment must clearly identify the request and inform the individual that final action will be forthcoming within 30 working days.

(2) Records for which amendment is sought must be reviewed by the proper system manager or custodian for accuracy, relevance, timeliness, and completeness.

(3) If the amendment is appropriate, the system manager or custodian will physically amend the records accordingly. The requester will be notified of such action.

(4) If the amendment is not warranted, the request and all relevant documents, including reasons for not amending, will be forwarded to the proper Denial Authority within 10 working days to ensure that the 30 day time limit for the final response is met. In addition, the requester will be notified of the referral.

(5) Based on the documentation provided, the Denial Authority will either amend the records and notify the requester and the custodian of the records of all actions taken, or deny the request. If the records are amended, those who have received the records in the past will receive notice of the amendment.

(6) If the Denial Authority determines that the amendment is not warranted, he or she will provide the requester and the custodian of the records reason(s) for not amending. In addition, the Denial Authority will send the requester an explanation regarding his or her right to seek further review by the DA Privacy Act Review Board, through the Denial Authority, and the right to file a concise “Statement of Disagreement” to append to the individual’s records.

(i) On receipt of a request for further review by the DA Privacy Act Review Board, the Denial Authority will append any additional records or background information that substantiates the refusal or renders the case complete;

(ii) Within 5 working days of receipt, forward the appeal to the DA Privacy Act Review Board; and

(iii) Append the servicing Judge Advocate’s legal review, including a determination that the Privacy Act Review Board packet is complete.

(d) DA Privacy Act Review Board. (1) The DA Privacy Act Review Board acts on behalf of the Secretary of the Army in deciding appeals of the appropriate Denial Authority’s refusal to amend records.

(2) The Board will process an appeal within 30 working days of its receipt. The General Counsel may authorize an additional 30 days when unusual circumstances and good cause so warrant.

(3) The Board membership consists of the following principal members, comprised of three voting and two non-voting members, or their delegates.

(4) Three voting members include—

(i) Administrative Assistant to the Secretary of the Army (AASA) who acts as the Chairman of the Board;

(ii) The Judge Advocate General; and

(5) In addition, two non-voting members include—

(i) The Chief Attorney, OAASA (or designee) who serves as the legal advisor and will be present at all Board sessions to provide legal advice as required; and

(ii) Recording Secretary provided by the Office of the Administrative Assistant to the Secretary of the Army.

(e) DA Privacy Act Review Board meetings. (1) The meeting of the Board requires the presence of all five members or their designated representatives. Other non-voting members with subject matter expertise may participate in a meeting of the Board, at the discretion of the Chairman.

(2) Majority vote of the voting members is required to make a final determination on a request before the Board.

(3) Board members, who have denial authority, may not vote on a matter upon which they took Denial Authority action. However, an individual who
§ 505.7 Disclosure of personal information to other agencies and third parties.

(a) Disclosing records to third parties.

(1) DA is prohibited from disclosing a record from a Privacy Act system of records to any person or agency without the prior written consent of the subject of the record, except when—

(i) Pursuant to the twelve Privacy Act exceptions, the twelve exceptions to the “no disclosure without consent” rule are those exceptions which permit the release of personal information without the individual’s/subject’s consent (See appendix C of this part).

(ii) The FOIA requires the release of the record. One of the twelve exceptions to Privacy Act is the FOIA Exception. If the FOIA requires the release of information, the information must be released. The Privacy Act cannot prevent release to a third party if the FOIA requires release. However, information must not be discretionally released under the FOIA if the information is subject to the Privacy Act’s “no disclosure without consent” rule.

(iii) A routine use applies. Another major exception to the “no disclosure without consent” rule is the routine use exception. The Privacy Act allows federal agencies to publish routine use exceptions to the Privacy Act. Some routine uses are Army specific, DOD specific, and Governmentwide. Routine uses exceptions are listed in the Privacy Act system of records notice(s) applicable to the Privacy Act records in question. The Army and other agencies’ system of records notices may be accessed at the Defense Privacy Office’s Web site http://www.defenselink.mil/privacy.

(2) The approved twelve exceptions to the Privacy Act “no disclosure without consent” rule are listed at appendix C of this part.

(b) Disclosing records to other DOD components and to federal agencies outside the DOD.

(1) The twelve Privacy Act exceptions referred to in appendix C of this part are available to other DOD components and to federal agencies outside the DOD.

(2) A widely used exception to requests for information from local and state government agencies and federal agencies not within the DOD is the routine use exception to the Privacy Act.

(3) The most widely used exception to requests for information from other DOD components is the “intra-agency
need to know” exception to the Privacy Act. Officers and employees of the DOD who have an official need for the records in the performance of their official duties are entitled to Privacy Act protected information. Rank, position, or title alone does not authorize access to personal information about others. An official need for the information must exist before disclosure.

(4) For the purposes of disclosure and disclosure accounting, the Department of Defense (DOD) is considered a single agency.

(c) Disclosures under AR 25–55, the Freedom of Information Act (FOIA) Program. (1) Despite Privacy Act protections, all records must be disclosed if the Freedom of Information Act (FOIA) requires their release. The FOIA requires release unless the information is exempted by one or more of the nine FOIA exemptions.

(2) Required release under the FOIA. The following are examples of personal information that is generally not exempt from the FOIA; therefore, it must be released to the public, unless covered by paragraphs (d)(2) and (d)(3) of this section. The following list is not all inclusive:

(i) Military Personnel—
(A) Rank, date of rank, active duty entry date, basic pay entry date, and gross pay (including base pay, special pay, and all allowances except Basic Allowance for Housing);
(B) Present and past duty assignments, future stateside assignments;
(C) Office/unit name, duties address and telephone number (DOD policy may require withholding of this information in certain circumstances);
(D) Source of commission, promotion sequence number, military awards and decorations, and professional military education;
(E) Duty status, at any given time;
(F) Separation or retirement dates;
(G) Military occupational specialty (MOS);
(H) Active duty official attendance at technical, scientific or professional meetings; and
(i) Biographies and photos of key personnel (DOD policy may require withholding of this information in certain circumstances).

(ii) Federal civilian employees—
(A) Present and past position titles, occupational series, and grade;
(B) Present and past annual salary rates (including performance awards or bonuses, incentive awards, merit pay amount, Meritorious or Distinguished Executive Ranks, and allowances and differentials);
(C) Present and past duty stations;
(D) Office or duty telephone number (DOD policy may require withholding of this information in certain circumstances); and
(E) Position descriptions, identification of job elements, and performance standards (but not actual performance appraisals), the release of which would not interfere with law enforcement programs or severely inhibit agency effectiveness. Performance elements and standards (or work expectations) may also be withheld when they are so intertwined with performance appraisals, the disclosure would reveal an individual’s performance appraisal.

(d) Personal information that requires protection. (1) The following are examples of information that is generally NOT releasable without the written consent of the subject. This list is not all inclusive—

(i) Marital status;
(ii) Dependents’ names, sex and SSN numbers;
(iii) Civilian educational degrees and major areas of study (unless the request for the information relates to the professional qualifications for Federal employment);
(iv) School and year of graduation;
(v) Home of record;
(vi) Home address and phone;
(vii) Age and date of birth;
(viii) Overseas assignments (present or future);
(ix) Overseas office or unit mailing address and duty phone of routinely deployable or sensitive units;
(x) Race/ethnic origin;
(xi) Educational level (unless the request for the information relates to professional qualifications for federal employment);
(xii) Social Security Number (SSN); and
(xiii) The information that would otherwise be protected from mandatory disclosure under a FOIA exemption.
(2) The Office of the Secretary of Defense issued a policy memorandum in 2001 that provided greater protection of DOD personnel in the aftermath of 9/11 by requiring information that personally identifies DOD personnel be more carefully scrutinized and limited. In general, the Department of Defense has specifically advised that DOD components are not to release lists of names, duty addresses, present or past position titles, grades, salaries, and performance standards of DOD military members and civilian employees. At the office director level or above, the release of information will be limited to the name, official title, organization, and telephone number, provided a determination is made that disclosure does not raise security or privacy concerns. No other information, including room numbers, will normally be released about these officials. Consistent with current policy, information on officials below the office director level may continue to be released if their positions or duties require frequent interaction with the public.

(3) Disclosure of records pertaining to personnel of overseas, sensitive, or routinely deployed units shall be prohibited to the extent authorized by 10 U.S.C. 130b.

(e) Release of home addresses and home telephone numbers. (1) The release of home addresses and home telephone numbers normally is prohibited. This release is normally considered a clearly “unwarranted invasion” of personal privacy and is exempt from mandatory release under the FOIA. However, home addresses and home telephone numbers may still be released if—

(i) The individual has indicated previously in writing that he or she has no objection to the release;

(ii) The source of the information to be released is a public document such as commercial telephone directory or other public listing;

(iii) The release is required by Federal statute (for example, pursuant to federally funded state programs to locate parents who have defaulted on child support payments) (See 42 U.S.C. 653); or

(iv) The releasing of information is pursuant to the routine use exception or the “intra-agency need to know” exception to the Privacy Act.

(2) A request for a home address or telephone number may be referred to the last known address of the individual for a direct reply by the individual to the requester. In such cases, the requester shall be notified of the referral.

(3) Do not sell or rent lists of individual names and addresses unless such action is specifically authorized by the appropriate authority.

(f) Emergency recall rosters. (1) The release of emergency recall rosters normally is prohibited. Their release is normally considered a clearly “unwarranted invasion” of personal privacy and is exempt from mandatory release under the FOIA. Emergency recall rosters should only be shared with those who have an “official need to know” the information, and they should be marked “For Official Use Only” (See AR 25–55).

(2) Do not include a person’s SSN on an emergency recall roster or their spouse’s name.

(3) Commanders and supervisors should give consideration to those individuals with unlisted phone numbers. Commanders and supervisors should consider limiting access to an unlisted number within the unit.

(g) Social rosters. (1) Before including personal information such as a spouse’s name, home addresses, home phone numbers, and similar information on social rosters or social directories, which will be shared with individuals, always ask for the individual’s written consent. Without their written consent, do not include this information.

(2) Collection of this information will require a Privacy Act Statement which clearly tells the individual what information is being solicited, the purpose, to whom the disclosure of the information is made, and whether collection of the information is voluntary or mandatory.

(h) Disclosure of personal information on group orders. (1) Personal information will not be posted on group orders so that everyone on the orders can view it. Such a disclosure of personal information violates the Privacy Act and this part.
(2) The following are some examples of personal information that should not be contained in group orders. The following list is not all-inclusive—
(i) Complete SSN;
(ii) Home addresses and phone numbers; or
(iii) Date of birth.

(i) Disclosures for established routine uses. (1) Records may be disclosed outside the DOD without the consent of the individual to whom they pertain for an established routine use.
(2) A routine use shall—
(i) Be compatible with and related to the purpose for which the record was compiled;
(ii) Identify the persons or organizations to which the records may be released; and
(iii) Have been published previously in the Federal Register.
(3) Establish a routine use for each user of the information outside the Department of Defense who needs official access to the records.
(4) Routine uses may be established, discontinued, or amended without the consent of the individuals involved. However, new or changed routine uses must be published in the Federal Register at least 30 days before actually disclosing any records.
(5) In addition to the routine uses listed in the applicable systems of records notices, “Blanket Routine Uses” for all DOD maintained systems of records have been established. These “Blanket Routine Uses” are applicable to every record system maintained within the DOD unless specifically stated otherwise within a particular record system. The “Blanket Routine Uses” are listed at appendix C of this part.

(j) Disclosure accounting. (1) System managers must keep an accurate record of all disclosures made from DA Privacy Act system of records, including those made with the consent of the individual, except when records are—
(i) Disclosed to DOD officials who have a “need to know” the information to perform official government duties; or
(ii) Required to be disclosed under the Freedom of Information Act.
(2) The purpose for the accounting of disclosure is to—
(i) Enable an individual to ascertain those persons or agencies that have received information about them;
(ii) Enable the DA to notify past recipients of subsequent amendments or “Statements of Dispute” concerning the record; and
(iii) Provide a record of DA compliance with the Privacy Act of 1974, if necessary.
(3) Since the characteristics of records maintained within DA vary widely, no uniform method for keeping the disclosure accounting is prescribed.
(4) Essential elements to include in each disclosure accounting report are—
(i) The name, position title, and address of the person making the disclosure;
(ii) Description of the record disclosed;
(iii) The date, method, and purpose of the disclosure; and
(iv) The name, position title, and address of the person or agency to which the disclosure was made.
(5) The record subject has the right of access to the disclosure accounting except when—
(i) The disclosure was made for law enforcement purposes under 5 U.S.C. 552a(b)(7); or
(ii) The disclosure was made from a system of records for which an exemption from 5 U.S.C. 552a(c)(3) has been claimed.
(6) There are no approved filing procedures for the disclosure of accounting records; however, system managers must be able to retrieve upon request. With this said, keep disclosure accountings for 5 years after the disclosure, or for the life of the record, whichever is longer.
(7) When an individual requests such an accounting, the system manager or designee will respond within 20 working days.

§ 505.8 Training requirements.
(a) Training. (1) The Privacy Act requires all heads of Army Staff agencies, field operating agencies, direct reporting units, Major Commands, subordinate commands, and installations to establish rules of conduct for all personnel involved in the design, development, operation, and maintenance of any Privacy Act system of records and
§ 505.9 Reporting requirements.

The Department of the Army will submit reports, consistent with the requirements of DOD 5400.11–R, OMB Circular A–130, and as otherwise directed by the Defense Privacy Office. Contact the DA FOIA/P Office for further guidance regarding reporting requirements.

§ 505.10 Use and establishment of exemptions.

(a) Three types of exemptions. (1) There are three types of exemptions applicable to an individual’s right to access permitted by the Privacy Act. They are the Special, General, and Specific exemptions.

(2) Special exemption (d)(5)—Relieves systems of records from the access provision of the Privacy Act only. This exemption applies to information compiled in reasonable anticipation of a civil action or proceeding.

(3) General exemption (j)(2)—Relieves systems of records from most requirements of the Act. Only Army activities actually engaged in the enforcement of criminal laws as their primary function may claim this exemption.

(4) Specific exemptions (k)(1)–(k)(7)—Relieves systems of records from only a few provisions of the Act.

(5) To find out if an exemption is available for a particular record, refer to the applicable system of records notices. System of records notices will state which exemptions apply to a particular type of record. System of records notices that are applicable to the Army are contained in DA Pam 25–51 (available at the Army Publishing Directorate Web site http://www.usapa.army.mil/), the Defense Privacy Office’s Web site http://www.defenselink.mil/privacy/ (or in this section). Some of the system of records notices apply only to the Army and the DOD and some notices are applicable government-wide.

(6) Descriptions of current exemptions are listed in detail at appendix C of this part.

(b) Exemption procedures. (1) For the General and Specific exemptions to be applicable to the Army, the Secretary to train the appropriate personnel with respect to the privacy rules including the penalties for non-compliance (See 5 U.S.C. 552a(e)(9)).

(2) To meet the training requirements, three general levels of training must be established. They are—

(i) Orientation. Training that provides basic understanding of this part as it applies to the individual’s job performance. This training will be provided to personnel, as appropriate, and should be a prerequisite to all other levels of training;

(ii) Specialized training. Training that provides information as to the application of specific provisions of this part to specialized areas of job performance. Personnel of particular concern include, but are not limited to, personnel specialists, finance officers, DOD personnel who may be expected to deal with the news media or the public, special investigators, paperwork managers, individuals working with medical and security records, records managers, computer systems development personnel, computer systems operators personnel, statisticians dealing with personal data and program evaluations, contractors and anyone responsible for implementing or carrying out functions under this part. Specialized training should be provided on a periodic basis; and

(iii) Managerial training. Training designed to identify for responsible managers (such as senior system managers, Denial Authorities, and functional managers described in this section) issues that they should consider when making management decisions affected by the Privacy Act Program.

(b) Training tools. Helpful resources include—

(1) Privacy Act training slides for Major Commands and Privacy Act Officers: Contact the DA FOIA/P Office, or slides can be accessed at the Web site https://www.rmda.belvoir.army.mil/rmda/decm/rmda/FPHomePage.asp.

of the Army must promulgate exemption rules to implement them. This requirement is not applicable to the one Special exemption which is self-executing. Once an exemption is made applicable to the Army through the exemption rules, it will be listed in the applicable system of records notices to give notice of which specific types of records the exemption applies to. When a system manager seeks to have an exemption applied to a certain Privacy Act system of records that is not currently provided for by an existing system of records notice, the following information will be furnished to the DA FOIA/P Office—

(i) Applicable system of records notice;
(ii) Exemption sought; and
(iii) Justification.

(2) After appropriate staffing and approval by the Secretary of the Army and the Defense Privacy Office, it will be published in the FEDERAL REGISTER as a proposed rule, followed by a final rule 60 days later. No exemption may be invoked until these steps have been completed.

§ 505.11 Federal Register publishing requirements.

(a) The Federal Register. There are three types of documents relating to the Privacy Act Program that must be published in the Federal Register. They are the DA Privacy Program policy and procedures (AR 340–21), the DA exemption rules, and Privacy Act system of records notices.

(b) Rulemaking procedures. (1) DA Privacy Program procedures and exemption rules are subject to the formal rulemaking process.

(2) Privacy Act system of records notices are not subject to formal rulemaking and are published in the Federal Register as Notices, not Rules.

(3) The Privacy Program procedures and exemption rules are incorporated into the Code of Federal Regulations (CFR). Privacy Act system of records notices are not published in the CFR.

§ 505.12 Privacy Act enforcement actions.

(a) Judicial sanctions. The Act has both civil remedies and criminal penalties for violations of its provisions.

(1) Civil remedies. The DA is subject to civil remedies for violations of the Privacy Act. In addition to specific remedial actions, 5 U.S.C. 552a(g) may provide for the payment of damages, court costs, and attorney’s fees.

(2) Criminal penalties. A DA official or employee may be found guilty of a misdemeanor and fined not more than $5,000 for willfully—

(i) Disclosing individually identifiable personal information to one not entitled to the information;
(ii) Requesting or obtaining information from another’s record under false pretenses; or
(iii) Maintaining a system of records without first meeting the public notice requirements of the Act.

(b) Litigation Status Sheet. (1) When a complaint citing the Privacy Act is filed in a U.S. District Court against the Department of the Army, an Army Component, a DA Official, or any Army employee, the responsible system manager will promptly notify the Army Litigation Division, 901 North Stuart Street, Arlington, VA 22203–1837.

(2) The Litigation Status Sheet at appendix E of this part provides a standard format for this notification. At a minimum, the initial notification will have items (a) through (f) provided.

(3) A revised Litigation Status Sheet must be provided at each stage of the litigation.

(4) When a court renders a formal opinion or judgment, copies must be provided to the Defense Privacy Office by the Army Litigation Division.

(c) Administrative remedies—Privacy Act complaints. (1) The installation level Privacy Act Officer is responsible for processing Privacy Act complaints or allegations of Privacy Act violations. Guidance should be sought from the local Staff Judge Advocate and coordination made with the system manager to assist in the resolution of Privacy Act complaints. The local Privacy Act officer is responsible for—

(i) Reviewing allegations of Privacy Act violations and the evidence provided by the complainants;
(ii) Making an initial assessment as to the validity of the complaint, and taking appropriate corrective action;
§ 505.13 Computer Matching Agreement Program.

(a) General provisions. (1) Pursuant to the Privacy Act and this part, DA records may be subject to computer matching, i.e., the computer comparison of automated systems of records.

(2) There are two specific kinds of Matching Programs covered by the Privacy Act—

(i) Matches using records from Federal personnel or payroll systems of records; and

(ii) Matches involving Federal benefit programs to accomplish one or more of the following purposes—

(A) To determine eligibility for a Federal benefit;

(B) To comply with benefit program requirements; and

(C) To effect recovery of improper payments or delinquent debts from current or former beneficiaries.

(3) The comparison of records must be computerized. Manual comparisons are not covered.

(4) Any activity that expects to participate in a Computer Matching Program must contact the DA FOIA/P Office immediately.

(5) In all cases, Computer Matching Agreements are processed by the Defense Privacy Office and approved by the Defense Data Integrity Board. Agreements will be conducted in accordance with the requirements of 5 U.S.C. 552a, and OMB Circular A–130.

(b) Other matching. Several types of computer matching are exempt from the restrictions of the Act such as matches used for statistics, pilot programs, law enforcement, tax administration, routine administration, background checks, and foreign counterintelligence. The DA FOIA/P Office should be consulted if there is a question as to whether the Act governs a specific type of computer matching.

§ 505.14 Recordkeeping requirements under the Privacy Act.

(a) AR 25–400–2, The Army Records Information Management System (ARIMS). To maintain privacy records are required by the Army Records Information Management System (ARIMS) to provide adequate and proper documentation of the conduct of Army business so that the rights and interests of individuals and the Federal Government are protected.

(b) A full description of records prescribed by this part and their disposition/retention requirements are found on the ARIMS Web site at https://www.arims.army.mil.

The heraldic quality control program provides a method of ensuring that insignia items are manufactured with tools and specifications provided by TIOH.

§ 507.14 Controlled heraldic items.

The articles listed in § 507.8 of this part are controlled heraldic items and will be manufactured in accordance with Government specifications using Government furnished tools or cartoons. § 507.16 Violations and penalties.
A certificate of authority to manufacture will be revoked by TIOH upon intentional violation by the holder thereof of any of the provisions of this part, or as a result of not complying with the agreement signed by the manufacturer in order to receive a certificate. (c) Commanders will ensure that only those heraldic items that are of the quality and design covered in the specifications and that have been produced by certified manufacturers are worn by personnel under their command. Controlled heraldic items will be procured only from manufacturers certified by TIOH. Commanders procuring controlled heraldic items, when authorized by local procurement procedures, may forward a sample insignia to TIOH for quality assurance inspection if the commander feels the quality does not meet standards.

§ 507.18 Processing complaints of alleged breach of policies.
The Institute of Heraldry may revoke or suspend the certificate of authority to manufacture if there are breaches of quality control policies by the manufacturer. As used in this paragraph, the term quality control policies include the obligation of a manufacturer under his or her “Agreement to Manufacture,” the quality control provisions of this part, and other applicable instructions provided by TIOH.

(a) Initial processing. (1) Complaints and reports of an alleged breach of quality control policies will be forwarded to the Director, The Institute of Heraldry, 9325 Gunston Road, Room S–112, Fort Belvoir, VA 22060–5579 (hereinafter referred to as Director).

(2) The Director may direct that an informal investigation of the complaint or report be conducted.

(3) If such investigation is initiated, it will be the duty of the investigator to ascertain the facts in an impartial manner. Upon conclusion of the investigation, the investigator will submit a report to the appointing authority containing a summarized record of the investigation together with such findings and recommendations as may be appropriate and warranted by the facts.

(4) The report of investigation will be forwarded to the Director for review. If it is determined that a possible breach of quality control policies has occurred, the Director will follow the procedures outlined in paragraphs (b) through (g) of this section.

(b) Voluntary performance. The Director will transmit a registered letter to the manufacturer advising of the detailed allegations of breach and requesting assurances of voluntary compliance with quality control policies. No further action is taken if the manufacturer voluntarily complies with the quality control policies; however, any further recurrence of the same breach will be considered refusal to perform.

(c) Refusal to perform. (1) If the manufacturer fails to reply within a reasonable time to the letter authorized by paragraph (b) of this section, or refuses to give adequate assurances that future performance will conform to quality control policies, or indicates by subsequent conduct that the breach is continuous or repetitive, or disputes the allegations of breach, the Director will direct that a public hearing be conducted on the allegations.
(2) A hearing examiner will be appointed by appropriate orders. The examiner may be either a commissioned officer or a civilian employee above the grade of GS–7.

(3) The specific written allegations, together with other pertinent material, will be transmitted to the hearing examiner for introduction as evidence at the hearing.

(4) Manufacturers may be suspended for failure to return a loaned tool without referral to a hearing specified in paragraph (c)(1) of this section; however, the manufacturer will be advised, in writing, that tools are overdue and suspension will take effect if not returned within the specified time.

(d) Notification to the manufacturer by examiner. Within a 7 day period following receipt by the examiner of the allegations and other pertinent material, the examiner will transmit a registered letter of notification to the manufacturer informing him or her of the following:

1. Specific allegations.
2. Directive of the Director requiring the holding of a public hearing on the allegations.
3. Examiner’s decision to hold the public hearing at a specific time, date, and place that will be not earlier than 30 days from the date of the letter of notification.
4. Ultimate authority of the Director to suspend or revoke the certificate of authority should the record developed at the hearing so warrant.

(5) Right to—
1. A full and fair public hearing.
2. Be represented by counsel at the hearing.
3. Request a change in the date, time, or place of the hearing for purposes of having reasonable time in which to prepare the case.
4. Submit evidence and present witnesses in his or her own behalf.
5. Obtain, upon written request filed before the commencement of the hearing, at no cost, a verbatim transcript of the proceedings.

(e) Public hearing by examiner. (1) At the time, date, and place designated in accordance with paragraph (d) (3) of this section, the examiner will conduct the public hearing.

(i) A verbatim record of the proceeding will be maintained.
(ii) All previous material received by the examiner will be introduced into evidence and made part of the record.
(iii) The Government may be represented by counsel at the hearing.

(2) Subsequent to the conclusion of the hearing, the examiner will make specific findings on the record before him or her concerning each allegation.

(3) The complete record of the case will be forwarded to the Director.

(f) Action by the Director. (1) The Director will review the record of the hearing and either approve or disapprove the findings.

(2) Upon arrival of a finding of breach of quality control policies, the manufacturer will be so advised.

(3) After review of the findings, the certificate of authority may be revoked or suspended. If the certificate of authority is revoked or suspended, the Director will—
1. Notify the manufacturer of the revocation or suspension.
2. Remove the manufacturer from the list of certified manufacturers.
3. Inform the Army and Air Force Exchange Service of the action.

(g) Reinstatement of certificate of authority. The Director may, upon receipt of adequate assurance that the manufacturer will comply with quality control policies, reinstate a certificate of authority that has been suspended or revoked.

PART 508—COMPETITION WITH CIVILIAN BANDS

§ 508.1 Utilization of Army bands.

(a) General. Participation of Army bandmen in performances off military reservations will not interfere with the customary employment and regular engagement of local civilians in the respective arts, trades, or professions. Such participation will not directly or indirectly benefit or appear to benefit or favor any private individual, commercial venture, sect, or political or fraternal group, except as may be specifically authorized by the Secretary of Defense. The authority to determine
whether the use of an Army band at a public gathering is prohibited by this section is delegated to major commanders.

(b) Suitability. Commanders authorizing participation by Army bands (except the U.S. Army Band and the U.S. Army Field Band) in their official capacities and in the performance of official duties will be guided by the following conditions of suitability:

(1) When participation is an appropriate part of official occasions attended by the senior officers of the Government or the Department of Defense in their official capacities and in the performance of official duties.

(2) For parades and ceremonies which are incident to gatherings of personnel of the Armed Forces, veterans, and patriotic organizations.

(3) At public rallies and parades intended to stimulate national interest in the Armed Forces and/or to further the community relation program.

§ 510.1 Private ministrations, sacraments, and ordinances.

Chaplains will conduct or arrange for appropriate burial services at the interment of members of the military service, active and retired, and for members of their families upon request. A chaplain may perform the marriage rite, provided he complies with the civil law of the place where the marriage is to be solemnized and provided all parties concerned have complied with the requirements of the denomination the chaplain represents and with any directives which may have been issued by the military command or higher headquarters. The scope of the chaplains’ work will include such ministrations as are held by some denominations or religious bodies as sacraments and by others as rites or ordinances. Chaplains will administer or arrange for rites and sacraments for military personnel and civilians under military jurisdiction according to the respective beliefs and conscientious practices of all concerned.

[16 FR 12931, Dec. 27, 1951]
(i) Set procedures for processing debt claims against soldiers.
(ii) Process debt claims received at USACFSC regarding soldiers.
(iii) Carry out the objectives of this regulation to protect the rights of the soldier, his or her family members, and the interests of the Army.
(iv) Advise and assist the directors of Headquarters, Department of the Army (HQDA) agencies, commanders of the major Army commands, and other commanders on matters pertaining to indebtedness of soldiers.
(3) Officers having general court-martial jurisdiction will—
   (i) Ensure special emphasis on the indebtedness issue is given in command information programs. This includes soldiers being informed of their responsibility to manage their personal affairs satisfactorily and pay their debts promptly. Also, inform soldiers of the possible consequences of failure to pay their debts.
   (ii) Take action on requests to file unfavorable information in a soldier’s official personnel file. (See §513.3.)
(4) First level field grade commanders will monitor instances of soldiers’ repeated failure to pay debts that are brought to their attention. These commanders will take action, when proper.
(5) Immediate commanders will—
   (i) Ensure that soldiers are informed of the following:
      (A) DA policy on indebtedness.
      (B) The possible consequences of failure to pay their debts.
   (ii) Manage the processing of debt claims per the terms of this regulation.
   (iii) Answer all correspondence received from CG, USACFSC and other DA officials.
   (iv) Answer all correspondence received directly from claimants and third parties (for example, Members of Congress). The commander will not include unreleasable information without the soldier’s written consent. This complies with the Privacy Act of 1974. (See AR 340–21.) Commanders should ask the Staff Judge Advocate (SJA) for guidance in unusual or difficult situations.
   (v) Inform the first level field grade commander of instances of soldiers’ repeated failure to pay their debts. Also, point out actions taken or contemplated to correct the situation.
   (vi) Refer correspondence or queries received from news media organizations to the unit, installation, or command public affairs officer for response.
(6) The unit, installation, or command public affairs officer will—
   (i) Answer correspondence and queries received from news media organizations.
   (ii) Coordinate with the SJA before making any response.
   (e) Policy. (1) Soldiers are required to manage their personal affairs satisfactorily and pay their debts promptly. Failure to do so damages their credit reputation and affects the Army’s public image. The Army, however, has no legal authority to force soldiers to pay their debts. Also, the Army cannot divert any part of a soldier’s pay even though payment of the debt was decreed by a civil court. Only civil authorities can enforce payment of private debts.
   (2) Debt claims against corporations and organizations to which a soldier belongs, or of which a soldier is an officer, will not be processed under this regulation. In this situation, the matter should be pursued in civil court. If a judgment is received specifically against the soldier, then this regulation will apply.
   (3) Creditors who follow §513.4 will have their debt complaints processed.
   (4) Requests for help that do not follow §513.4 will be returned without action with an explanation as discussed in §513.4(d).
(5) The Army will revoke debt processing privileges for creditors who—
   (i) Refuse to abide by this regulation.
   (ii) Try to use the Army as a debt collection agency. (See §513.4(e)).
(6) The Army does not try to judge or settle disputed debts, or admit or deny whether claims are valid. The Army will not tell claimants whether any adverse action has been taken against a soldier as a result of the claim.
(7) If a soldier is not trying to resolve unpaid debts promptly or complaints of repeated failure to pay debts are received, commanders will consider the actions shown below. (See §§513.2(a)(3)(xv) and 513.3.)
§ 513.1

(i) Making the failure a matter of permanent record.

(ii) Denial of reenlistment (enlisted personnel).

(iii) Administrative separation from the Service.

(iv) Punishment under the Uniform Code of Military Justice (UCMJ). When proper, such misconduct may be charged under articles 92, 123, 133, or 134 of the UCMJ.

(8) Checks that are dishonored for any reason remain proof of indebtedness until—

(i) Made good.

(ii) Proven to be the error of the financial institution on which drawn, or the error of any other person or institution; such action then absolves the soldier of fault. (See § 513.2(c).)

(9) When necessary, commanders and soldiers are urged to seek help from the SJA.

(f) Banks and credit unions. (1) Banks and credit unions located on military bases must apply Department of Defense (DOD) Standards of Fairness (app B) before making loans or credit agreements. Banks and credit unions that do not meet this requirement will be denied help in processing debt complaints.

(2) If soldiers are referred to off-base branches of an on-post bank or credit union, the branches also must comply with the Standards of Fairness before making loans or credit agreements.

(3) Interest rates and service charges for loans made by oversea military banking facilities are set by DOD.

(g) Fair Debt Collection Practices Act (section 1692, title 15, United States Code (15 U.S.C. 1692)). (1) A debt collector may not contact any person other than the soldier, his or her lawyer or legal counsel, or the creditor about any debt collection. The debt collector, however, may contact the employer if he or she has a written and signed consent from the soldier, or a court order permitting contact. The written consent must include the debt collector’s name. It is illegal for debt collectors to use another name when collecting debts.

(2) Debt collectors who have obtained the needed written consent or court order and who have followed § 513.1 will have their debt complaints processed.

(3) Creditors who collect only on their own behalf are exempt from the Act.

(h) Individual repayment plan of the Bankruptcy Act. Chapter XIII of the Bankruptcy Act (11 U.S.C. 1301, et seq.) provides for the protection and relief of individuals with a regular income. It also sets rules for paying debts under the supervision of U.S. Federal District Courts. Care must be taken not to confuse “bankruptcy” and “individual repayment plans” in order not to infringe on the rights of the soldier.

(i) Locator service. (1) Installations will honor requests for central locator service by a banking office (AR 210–135) or credit union (AR 210–24) located on a military installation. This service will be free when banking offices and credit unions cite AR 37–60. This service will be used to locate persons for settling accounts, checks that did not clear, and delinquent loans. The U.S. Army Finance and Accounting Center (USAFC), Indianapolis, IN 46249–1016, will assist these banking offices and credit unions to locate soldiers who cannot be located locally.

(2) Current military addresses for all soldiers may be obtained by writing the Commander, U.S. Army Enlisted Records and Evaluation Center, Fort Benjamin Harrison, IN 46249–5301. All requests must include the soldier’s full name, rank, and social security number (SSN). They should include the date and place of birth if the SSN is not known. A check or money order for $3.50 payable to the Treasurer of the United States must be enclosed with each request. (See AR 37–60.)

(3) A debt collector should not write to the U.S. Army Enlisted Records and Evaluation Center (USAEREC) if he or she knows the soldier is represented by a civilian lawyer or military legal counsel. However, the debt collector may write to USAEREC if he or she—

(i) Does not know or cannot easily find out the name and address of the lawyer or legal counsel.

(ii) Does not receive a response from the lawyer or legal counsel.

(4) If a debt collector writes to USAEREC, a postcard cannot be used. Also, the request cannot state that the locator service is being sought in order to collect a debt. These actions would...
§ 513.2 Administrative procedures for processing complaints.

(a) **Commander’s actions.** Upon receipt of a debt complaint, the commander will—

(1) Review the case to ensure that the terms of this regulation have been met.

(2) Consult the SJA if needed.

(3) Take the following actions:

(i) If any of the terms of § 513.4(c) have not been met by the creditor, return the complaint. Tell the writer that no action will be taken until those terms are met.

(ii) Upon receipt of subsequent inquiries from USACFSC, Members of Congress, or any other source, inform the writer that—

(A) The creditor has been told that his or her request lacked data or documentation.

(B) The commander regrets that he or she cannot process the complaint until the creditor supplies the necessary data.

(C) A reply previously has been made to the creditor. Enclose a copy of the reply.

(iii) If the creditor refuses or repeatedly fails to comply with any of these requirements, refer the complete case through channels to the Commander, USACFSC, ATTN: DACF-IS-PA, ALEX VA 22231–0522. If it is believed the creditor’s debt processing privileges should be revoked, include a recommendation stating the reasons.

(iv) If the soldier was not given full disclosure information when the debt was incurred, refer him or her to the SJA office. The SJA office will advise if the soldier has a right to file suit against the creditor. The Soldier may be entitled to twice the amount of the finance charge, for a minimum of $100 up to a maximum of $1,000, plus court costs and lawyer fees. This does not apply to debts incurred before 30 June 1969.

(v) If in doubt as to the legality of the contract, consult the SJA. This action is to ensure that the contract terms do not violate Federal and State laws.

(vi) Accept as valid proof, claims based on court judgments, orders, or decrees.

(vii) If the debt or the amount of the debt is disputed or denied by the soldier, reply directly to the creditor. Tell him or her that Army policy requires that disputed debts be settled by civil courts. Do not, in the reply, try to judge or settle any disputed debts, or admit or deny the validity of the claim.

(viii) If the creditor has met all the requirements discussed in § 513.4, interview the soldier.

(A) Ensure that the soldier is properly advised of his or her rights under the Privacy Act of 1974. DA Form 4817–R (Consent/Nonconsent To Disclose Personal Information) will be completed.

(B) Notify the soldier of the debt complaint.

(C) Explain that the Army requires that soldiers pay their debts promptly. Failure to do so damages credit reputations and affects the Army’s public image. Also, explain that the willful failure to resolve unpaid debts may result in administrative or punitive actions as described in § 513.3.

(D) Tell the soldier of his or her legal rights and duties. If appropriate, advise the soldier of his or her rights under article 31, UCMJ. Also, inform the soldier that counseling service is available under the Legal Assistance Program (AR 27–3).

(E) Review all available facts including the soldier’s defenses, rights, and counterclaims.

(F) Urge the soldier to seek budget counseling and consumer protection advice, if proper. These services may be obtained from on-post credit unions, Army Community Service Program Counselors (AR 608–1), or through financial management seminars or workshops.

(G) Help the soldier in settling or in liquidating the debt. Give the soldier a copy of DA Pam 360–520 if proper. Answer any questions that he or she might have.

(H) Have the soldier sign a statement allowing or forbidding release of information to the claimant (DA Form 4817–R), AR 340–17 and AR 340–21, paragraph 3–3 govern this.
§ 513.2

(I) Ask the soldier about his or her intentions. Give the soldier the chance to furnish a voluntarily signed statement admitting or denying the complaint or declining to do either.

(ix) Advise the claimant promptly that the soldier has been told of the complaint.

(x) Summarize the soldier's intentions if the soldier allows release of the information.

(xi) If proper, advise the claimant that indebtedness disputes must be resolved in a civil court of competent jurisdiction.

(xii) Ask the claimant to write, if necessary, directly to the soldier or his or her commander.

(xiii) Retain the statement allowing or forbidding release of information to the claimant with the case file for future reference. (See § 513.3)

(xiv) Monitor actions closely to ensure promises made to claimants are being met.

(xv) Consider administrative or punitive action, if proper (See §§ 513.1(e)(7) and 513.3.)

(xvi) Inform the first level field grade commander of instances of soldiers' repeated failure to pay their debts. Also, point out actions taken or contemplated to correct the situation.

(b) Procedures for routing debt complaints. (1) Send debt complaints through proper channels to the soldier's commander for action.

(2) If the soldier is a patient attached to a medical holding detachment (MHD), the complaint will be sent there for action. The commander of the MHD will take action per this regulation.

(3) The command receiving the complaint will acknowledge the letter and tell the writer of the referral. DA Form 209 (Delay, Referral, or Follow-Up Notice) may be used for this purpose.

(4) All correspondence to the President, received from outside of DOD, will be processed per AR 1–9.

(5) Send complaints to the soldier's new duty station if the soldier has been reassigned. Advise the claimant of the soldier's reporting date and the unit address to which correspondence should be sent.

(6) See § 513.5 for procedures governing processing of claims for non-active duty or discharged personnel.

(c) Processing debt complaints based on dishonored checks. (1) Writing checks against an account with no or not enough funds is a serious matter. It may be a misdemeanor or a felony. This depends on the amount of the check and the laws or statutes of the jurisdiction where the check is presented for payment. The soldier is responsible for making sure that money is in his or her bank account to cover checks written on that account. Writing bad checks may result in disciplinary or administrative action. Whether or not such action is taken, a dishonored check for not enough funds remains proof of an indebtedness except as provided in § 513.1(e)(8).

(2) Commanders must answer all check complaints, other than those discussed in § 513.2(c)(3), even if such complaints concerns checks errors caused by oversight or negligence. (AR 210–60 outlines ways for handling dishonored checks written on Army installations and in Army facilities.)

(3) Checks made good within 5 days of notice do not require any action if the complaint is based on—

(i) Bank or Government error.

(ii) Failure to date the check.

(iii) Inconsistent or not legible amounts shown on the check.

(iv) Lack of legible signature.

(4) Bad checks written by family members are not processed under this regulation except in the following instance. The SJA finds that these checks stand for debts for which the soldier may be held personally liable under Federal or State laws (for example, checks written for necessities such as rent, utilities, or food).

(d) Inquiries from USACFSC or DA officials. The commander must—

(1) Give USACFSC or DA officials complete data on all inquiries.

(2) Seek the advice of the SJA before replying to a court order if necessary.

(3) State “not applicable” to items that do not apply.

(4) If applicable, advise USACFSC or DA officials—

(i) Whether the soldier acknowledges the debt.
(ii) Of the corrective action taken (to include the amounts and dates payments will be made).
(iii) Of the method of payment (for example, personal check).
(iv) Whether the soldier allowed or forbade release of the information given. (See DA Form 4817–R.)
(v) Whether the soldier is following the terms of a court order.
(vi) Whether the soldier’s actions follow Army policy as stated in this regulation.
(vii) In the reply, include your name, unit address, and your automatic voice network (AUTOVON) number. If no AUTOVON Number is available, include a commercial or other number where the unit can be reached.

(5) Return to USACFSC or DA officials inquiries received after the soldier has been transferred. Include a copy of his or her permanent change of station orders.

§ 513.3 Administrative and punitive actions.

(a) Considerations. Commanders will not tolerate irresponsibility, neglect, dishonesty, or evasiveness. Failure to pay debts promptly and honorably may require disciplinary or administrative action. If a soldier is not trying to resolve unpaid debts promptly or complaints of repeated failure to pay debts are received, commanders will consider—

(1) Making it a matter of permanent record (§131.3(b)).
(2) Denial of reenlistment (enlisted members) (AR 601–280).
(3) Administrative separation from the Service (AR 635–100 or AR 635–200).
(4) Punishment under the UCMJ. (See §131.1(e)(7).)

(b) Official personnel files. (1) The Army requires that all-inclusive information of the qualifications of its soldiers be on file. This prevents selection of soldiers for positions of leadership, trust, and responsibility whose qualifications are questionable.
(2) Documents/records created or received in connection with debt complaints will be filed per AR 600–37 and the Army Functional Files System (AR 340–2 and AR 340–18).
(3) The soldier may show his or her negligence, disregard, or unwillingness to resolve the matter by repeatedly failing to pay his or her debts. In these cases, the commander will decide whether to place a letter of reprimand, admonition, or censure in the soldier’s official personnel files. AR 600–37, chapter 2, governs action taken to file unfavorable information.
(4) If information does not merit filing in the soldier’s official personnel files, the commander will—

(i) Continue to monitor the situation.
(ii) Furnish further guidance and help.
(iii) Consider later action (§131.3(b)(3)) if warranted by further evidence.

§ 513.4 Conditions creditors must meet before getting help in debt processing.

(a) Statutory and other regulatory requirements. (1) The Truth-in-Lending Act, Pub. L. 90–321 (15 U.S.C. 1601), lists the general disclosure rules that must be met by creditors. It does not cover private parties who extend credit only rarely to help a person. (See §131.4(f)(1)).
(2) Federal Reserve Board Regulation Z (12 CFR part 226) lists specific disclosure rules for all credit transactions under the Truth-in-Lending Act.
(3) Certain States have rules that may apply to credit transactions in lieu of Federal Reserve Board Regulation Z. However, the Federal Reserve Board must first decide if the State sets largely the same rules and enforcement measures. States currently exempted from Regulation Z are Connecticut, Maine, Massachusetts, Oklahoma, and Wyoming.
(4) DOD Standards of Fairness (app B) define fair and just dealings with soldiers. DA Pam 360–520, chapter 4, contains simplified explanations of these standards. Note that certain debt complaints are exempt (§131.4(f)).
(5) Certificate of Compliance certifies the creditor has complied with the full disclosure requirements of Federal or State laws and regulations, State laws regarding contact with the employer of the debtor, and the application of the Standards of Fairness to the consumer credit transaction.
(6) Full disclosure information shows what the soldier should know about contract terms.

(7) The Fair Debt Collection Practices Act contains other conditions a creditor must meet. (See §513.1(g)).

(b) State laws. Florida, Louisiana, Maryland, Massachusetts, New York, North Carolina, and Wisconsin have passed laws that forbid creditors from contacting employers. This includes commanders, unless certain conditions are met. These conditions are the reduction of a debt to court judgment or the written permission of a debtor. The judgment must conform to the Soldiers’ and Sailors’ Civil Relief Act of 1940, as amended (50 U.S.C. app, section 501 et seq., (1970)) if applicable. (See DA Pam 27–166.) Other States may enact similar laws; if they do, the same conditions will apply. Creditors wanting to make use of the debt processing privilege must first certify their compliance with the relevant State’s law about contact with an employer. These laws, however, do not apply if the debtor is located in a State that has not passed such a law.

(c) Debt processing. (1) Creditors, other than private parties described in §513.4(f)(1), must send—

(i) A signed copy of the Certificate of Compliance with DOD Standards of Fairness (app B) showing compliance with one of the following:

(B) Federal Reserve Board Regulation Z.

(C) State regulations.

(ii) A true copy of the signed contract.

(iii) The general and specific disclosure information given the soldier before signing the contract.

(iv) A copy of a judgment or written permission from the soldier allowing the creditor to contact his or her employer about the debt, if applicable. (See §513.4(b)).

(v) Photocopies of actual correspondence or documentary proof showing that every effort has been made to get payment by direct contact with the soldier. The creditor must give the soldier a chance to answer each inquiry. (Forty-five days for those in the contiguous 48 States and the District of Columbia; 60 days for all others.)

(2) Foreign-owned companies having debt complaints must send—

(i) A true copy of the terms of the debt.

(ii) A certification that they have met the DOD Standards of Fairness.

(iii) An English translation of the above (if not already in English).

(iv) Documentation as in §§513.4(c)(1)(iv) and (v).

(3) Creditors not subject to Regulation Z, such as public utility companies, will send a certification with their request. It must state that no interest, finance charge, or other fee exceeds that permitted by the laws of the State in which the service was requested.

(4) Creditors not subject to the Truth-in-Lending Act must send—

(i) Legible copies of actual correspondence. (See §513.4(c)(1)(v)).

(ii) Documentary proof showing that every effort has been made to get the payment by direct contact with the soldier.

(5) Creditors who have followed these terms may contact the soldier’s commander for help. If the commander is contacted, the creditor must give the commander a chance to answer the inquiry. (Forty-five days for those in the contiguous 48 States and the District of Columbia; 60 days for all others.) If unsuccessful, after reasonable efforts to collect the debt, creditors may request help from USACFSC. In such cases, the information must be the same as that sent the commander. (See §513.4(c)(6)). The request should be sent to the Commander, USACFSC, ATTN: DACF-IS-PA, ALEX VA 22331–0522.

(6) All requests for help must include—

(i) The soldier’s full name, rank, and SSN.

(ii) Date and place of birth, if SSN is not known.

(iii) The amount and date of the original debt.

(iv) The terms of payment.

(v) The balance due.

(vi) Documents described in §513.4(c) (1) through (4) which apply.

(7) Separate letters should be written on each account for prompt and efficient processing.

(8) Letters lacking data will be returned for added documents.
(d) Debt complaints returned to creditors without action. Requests for help in processing debt complaints will be returned without action with an explanation if—

(1) Creditors did not enclose the following:

(i) Documents showing compliance with the Truth-in-Lending Act, Federal Reserve Board Regulation Z, or State regulation.

(ii) Signed copies of the Certificate of Compliance with DOD Standards of Fairness.

(iii) A completed copy of form with the Full Disclosure Information. (See §513.4(a)(6).)

(iv) Signed copies of the contract.

(v) Legible copies of actual correspondence or documentary proof showing that every effort has been made to get the payment by direct contact with the soldier. (See §513.4(c)(1)(v).)

(2) The soldier is located in a State whose laws forbid creditors from contacting employers.

(3) The claim is obviously false or misleading.

(4) The finance charge does not conform to the State law where the contract is signed.

(5) A U.S. company operating overseas exceeds the lowest interest rate of the State or States where chartered or doing business in the United States.

(6) The contract or loan agreement provides that the debtor must pay the creditor’s attorney fees, unless the following limitations in §513.4(d)(6) (i) through (iii) are included. No attorney’s fee may be charged for services done by a salaried employee of the creditor.

(i) The fees will have to be paid only in the event of a default by the soldier.

(ii) The fees will have to be paid only if a lawsuit is filed.

(iii) The fees will not exceed 20 percent of the amount found due.

(7) A penalty for prepayment has been charged.

(8) A charge has been made for an insurance premium without satisfactory proof of—

(i) A policy or insurance certificate having been issued.

(ii) Delivery of a policy or certificate to the soldier within 30 days of issuance.

(9) The late charge is in excess of 5 percent of the late payment, or $5, whichever is the lesser amount. Only one late charge may be made for any late installment. Late charges will not be made where an allotment has been timely filed, but payment has been delayed.

(10) The creditor has not given the soldier a chance to answer a previous inquiry. (Forty-five days for those in the contiguous 48 States and the District of Columbia; 60 days for all others.)

(11) The claimant is a debt collector without a court order or a signed letter of consent by the soldier. (See §513.1(g).)

(12) The debt is covered by an order of a bankruptcy court.

(e) Cancellation of debt processing privilege. (1) Creditors who refuse or fail repeatedly to follow these terms will be referred through channels to the Commander, USACFSC, Attn: DACF-IS-PA, Alex, Va 22331–0522, by the commander.

(2) The CG, USACFSC will—

(i) Cancel debt processing privileges if the queries clearly show that the creditor is—

(A) Not conforming with this regulation.

(B) Trying to make unreasonable use of the debt processing privilege.

(C) Trying to use the Army as a collection agency.

(ii) Inform commanders worldwide by electrical message that the debt processing privilege of a specific creditor has been revoked.

(iii) Inform the creditor that his or her debt processing privilege has been revoked and state the reasons for this action.

(f) Exemptions from Full Disclosure and Standards of Fairness. The debt complaints discussed below are exempt from the Full Disclosure and Standards of Fairness. This does not prevent the debtor from questioning service charges and negotiating a fair and reasonable settlement.

(1) Claims from private parties selling personal items (for example, car,
§ 513.5 Procedures governing nonactive duty or discharged personnel.

(a) Procedures governing nonactive duty personnel. (1) Debt complaints against former soldiers or others not on active duty will be sent to the Commander, U.S. Army Reserve Personnel Center (ARPERCEN), ATTN: DARP-PSE-VS, 9700 Page Boulevard, St. Louis, MO 63132–5200.

(2) After ARPERCEN verifies the status, the following officials will act as prescribed below.

(i) Chief, National Guard Bureau, Wash DC 20310–2500, for soldiers of the Army National Guard.

(ii) The area commander concerned for Ready Reservists assigned to troop program units under their control. (See AR 140–1, para 1–6.)

(iii) ARPERCEN for nonunit soldiers assigned to Control Groups of the Ready Reserve, Standby Reserve, and Retired Reserve.

(3) The officials cited in §513.5(a)(2) will ensure that debt complaints are delivered to the person concerned, using military channels. When the complaint cannot be delivered through military channels, it will be sent to the last known mailing address of the person by certified mail, using PS Form 3811 (Return Receipt, Registered, Insured, and Certified Mail). It should be marked Return Receipt Requested—Deliver to Addressee Only. This form is available at U.S. post offices.

(4) After delivery of correspondence, the responsible official will advise the claimant—

(i) Of the date and method of delivery.

(ii) That the military department does not control the personal affairs of nonactive duty personnel. These personnel usually are in a civilian status and are not subject to military discipline. Therefore, the matter has been left to the person’s discretion.

(iii) Of the person’s mailing address only if the conditions in §513.5(c) are met.

(b) Procedures governing discharged personnel. (1) Debt complaints against persons who have been discharged from the service (that is, those now holding no military status) will be sent to ARPERCEN.

(2) ARPERCEN will return the correspondence, and all accompanying documentation, and advise the claimant—

(i) That the person is no longer a member of the Army or the Reserve Components.

(ii) Of the date of discharge.

(iii) That the Army no longer has control or authority over the discharged personnel. Therefore, the Army can take no further action in this matter.

(iv) Of the person’s mailing address only if the conditions in §513.5(c) are met.

(c) Conditions for disclosing mailing address. Nonactive duty and discharged personnel’s mailing addresses will not be disclosed unless—

(1) The person consents in writing to the release of his or her address.

(2) The claimant sends a court order directing the release of the address.

(3) Any other reason that does not constitute a violation of the Privacy Act of 1974.
(d) Retired personnel. (1) The claimant may be advised that correspondence may be sent to the retired person as follows:
   (i) Place correspondence in a stamped envelope with the retired person’s name typed or printed on the envelope.
   (ii) Place a stamped envelope in a second envelope and mail to Commander, ARPERCEN, Attn: DARP-PSE-VS, 9700 Page Boulevard, St. Louis, MO 63131–5200.

(2) ARPERCEN will forward the correspondence to the retired person, but cannot release the address per provisions of the Privacy Act of 1974.

APPENDIX B TO PART 513—STANDARDS OF FAIRNESS

B–1. No finance charge contracted for, made, or received under any contract shall be in excess of the charge which could be made for such contract under the law of the place in which the contract is signed in the United States by the military member.
   a. In the event a contract is signed with a U.S. company in a foreign country, the lowest interest rate of the State or States in which the company is chartered or does business shall apply.
   b. However, interest rates and service charges applicable to overseas military banking facilities will be established by the Department of Defense.

B–2. No contract or loan agreement shall provide for an attorney’s fee in the event of default unless suit is filed, in which event the fee provided in the contract shall not exceed 20 percent of the obligation found due. No attorney fees shall be authorized if the attorney is a salaried employee of the holder.

B–3. In loan transactions, defenses which the debtor may have against the original lender or its agent shall be good against any subsequent holder of the obligation. In credit transactions, defenses against the seller or its agent shall be good against any subsequent holder of the obligation, provided that the holder had actual knowledge of the defense or under conditions where reasonable inquiry would have apprised the holder of this fact.

B–4. The military member shall have the right to remove any security for the obligation beyond State or national boundaries if the military member or family moves beyond such boundaries under military orders and notifies the creditor, in advance of the removal, of the new address where the security will be located. Removal of the security shall not accelerate payment of the obligation.

B–5. No late charge shall be made in excess of 5 percent of the late payment, or $5 whichever is the lesser amount, or as provided by law or applicable regulatory agency determination. Only one late charge may be made for any tardy installment. Late charges will not be levied where an allotment has been timely filed, but payment of the allotment has been delayed. Late charges by overseas banking facilities are a matter of contract with the Department of Defense. Late charges by Federal credit unions are set at 20 percent of the interest due with a minimum of not less than 5 cents.

B–6. The obligation may be paid in full at any time or through accelerated payments of any amount. There shall be no penalty for prepayment and in the event of prepayment that portion of the finance charges which has inured to the benefit of the seller of the creditor shall be prorated on the basis of the charges which would have been ratably payable had finance charges been calculated and payable as equal periodic payments over the terms of the contract and only the prorated amount to the date of prepayment shall be due. As an alternative the “Rule of 78” may be applied.

B–7. If a charge is made for loan insurance protection, it must be evidenced by delivery of a policy or certificate of insurance to the military member within 30 days.

B–8. If the loan or contract agreement provides for payments in installments, each payment, other than the down payment, shall be in equal or substantially equal amounts, and installments shall be successive and of equal or substantially equal duration.

B–9. If the security for the debt is repossessed and sold in order to satisfy or reduce the debt, the repossession and resale will be governed by the laws of the State in which the security is requested.

B–10. A contract for personal goods and services may be terminated at any time before delivery of the goods or services without charge to the purchaser. However, if goods made to the special order of the purchaser result in preproduction costs, or require preparation for delivery, such additional costs will be listed in the order form or contract.
   a. No termination charge will be made in excess of this amount. Contracts for delivery at future intervals may be terminated as to the undelivered portion.
   b. The purchaser shall be chargeable only for that proportion of the total cost which the goods or services delivered bear to the total goods called for by the contract. (This is in addition to the right to rescind certain credit transactions involving a security interest in real estate provided by Pub. L. 90–321, “Truth-in-Lending Act,” section 125 (15 U.S.C. 1601 (1976)) and the Federal Reserve Board Regulation Z (12 CFR part 226 and §§226.3, 226.9 (1978)).

Requests for DA military or civilian attorneys to appear in any civilian court or proceeding on behalf of a soldier who is also facing UCMJ action will be delivered to the SJA, legal adviser, or Regional Defense Counsel, as appropriate. The SJA or legal adviser will forward the request to Litigation Division with an evaluation of the case and recommendation. Regional Defense Counsel should send requests for USATDS counsel to Chief, USATDS, who will forward the request to Litigation Division. (b) Policy. DA personnel will follow the guidance of this chapter when civil officials attempt to serve civil or criminal process on individuals on Federal property.
(c) Procedures. Provost marshals shall ensure that installation law enforcement personnel are adequately trained to respond to situations which arise with regard to service of civil and criminal process. SJAs or legal advisers shall provide guidance to law enforcement personnel in these matters.
§ 516.9 Service of criminal process within the United States.

(a) Surrender of personnel. Guidance for surrender of military personnel to civilian law enforcement officials is in Chapter 7 of AR 630–10 and AR 190–9. Army officials will cooperate with civilian law enforcement authorities who seek the surrender of a soldier in connection with criminal charges. Special rules apply when a bail bondsman or other surety seeks custody of a soldier.

(b) Requests for witnesses or evidence in criminal proceedings. See subpart G to this part.

§ 516.10 Service of civil process within the United States.

(a) Policy. DA officials will not prevent or evade the service or process in legal actions brought against the United States or against themselves in their official capacities. If acceptance of service of process would interfere with the performance of military duties, Army officials may designate a representative to accept service. DA personnel sued in their individual capacity should seek legal counsel concerning voluntary acceptance of process.

(b) Request for witnesses or evidence in civil proceedings. See subpart G to this part.

(c) Process of Federal courts. Subject to reasonable restrictions imposed by the commander, civil officials will be permitted to serve Federal process. (See Fed. R. Civ. P. 4, 45).

(d) Process of state courts. (1) In areas of exclusive Federal jurisdiction that are not subject to the right to serve state process, the commander or supervising JA or other DA attorney will inform the individual of the legal effect of voluntary acceptance. If the individual does not desire to accept service, the party requesting service will be notified that the nature of the exclusive Federal jurisdiction precludes service by state authorities on the military installation.

(2) On Federal property where the right to serve process is reserved by or granted to the state, in areas of concurrent jurisdiction, or where the United States has only a proprietary interest, Army officials asked to facilitate service of process will initially proceed as provided in the preceding subparagraph. If the individual declines to accept service, the requesting party will be allowed to serve the process in accordance with applicable state law, subject to reasonable restrictions imposed by the commander.

(e) Process of foreign courts. A U.S. District Court may order service upon a person who resides in the judicial district of any document issued in connection with a proceeding in a foreign or international tribunal. (28 U.S.C. 1696). In addition, the U.S. State Department has the power to receive a letter rogatory issued by a foreign or international tribunal, to transmit it to a tribunal, officer or agency in the United States, and to return it after execution. (28 U.S.C. 1781). Absent a treaty or agreement to the contrary, these provisions will govern.

(f) Seizure of personal property. State and Federal courts issue orders (for example, writ of attachment) authorizing a levy (seizure) of property to secure satisfaction of a judgment. DA personnel will comply with valid state or Federal court orders commanding or authorizing the seizure of private property to the same extent that state or Federal process is served.

[59 FR 38236, July 27, 1994; 59 FR 45975, Sept. 6, 1994]

§ 516.11 Service of criminal process outside the United States.

Army Regulation 630–10 and international treaties, such as status of forces agreements, govern the service of criminal process of foreign courts and the surrender of soldiers to foreign civilian law enforcement officials.

§ 516.12 Service of civil process outside the United States.

(a) Process of foreign courts. In foreign countries service of process issued by foreign courts will be made under the law of the place of service, as modified by status of forces agreements, treaties or other agreements. In foreign areas under exclusive U.S. jurisdiction, service of process issued by foreign courts...
will be made under the law specified by appropriate U.S. authority.

(b) Process of Federal courts. Service of process on U.S. citizens or residents may be accomplished under the following provisions: The Hague Convention, reprinted in 28 USCA Federal Rules of Civil Procedure, following Rule 4; Fed. R. Civ. P. 4(i); 28 USC 1781 and 1783; and, the rules of the Federal court concerned. If a DA official receives a request to serve Federal process on a person overseas, he will determine if the individual wishes to accept service voluntarily. Individuals will be permitted to seek counsel. If the person will not accept service voluntarily, the party requesting service will be notified and advised to follow procedures prescribed by the law of the foreign country concerned.

(c) Process of state courts. If a DA official receives a request to serve state court process on a person overseas, he will determine if the individual wishes to accept service voluntarily. Individuals will be permitted to seek counsel. If the person will not accept service voluntarily, the party requesting service will be notified and advised to follow procedures prescribed by the law of the foreign country concerned.

(d) Suits against the United States. DA personnel served with foreign civil process will notify the appropriate SJA or legal adviser, who will return the document to the issuing authority explaining the lack of authority to accept service for the United States. Service on the United States must be made upon DOJ through established diplomatic channels.

§ 516.13 Assistance in serving process overseas.

(a) Europe. For information and assistance concerning service of process of persons assigned to or accompanying U.S. Forces in Europe, contact the Foreign Law Branch, International Law Division, Office of The Judge Advocate, Headquarters U.S. Army, Europe, and Seventh Army, Unit 29351, (Heidelberg, Germany) APO AE 09014.

(b) Korea. For information and assistance concerning service of process of persons assigned to or accompanying U.S. Forces in Korea, contact Staff Judge Advocate, US Forces Korea (Seoul, Republic of Korea), APO AP 96205.

(c) Panama, Central and South America. For information and assistance concerning service of process of persons assigned to or accompanying forces in the U.S. Army Southern Command, contact Staff Judge Advocate, HQ, US Army South, Fort Clayton, Panama, APO AA 34004–5000.

§ 516.14 Service of process on DA or Secretary of Army.

The Chief, Litigation Division, shall accept service of process for Department of the Army or the Secretary of the Army in his official capacity.

Subpart C—Reporting Legal Proceedings to HQDA

§ 516.15 General.

(a) Legal proceedings requiring reporting. Actions must be taken upon commencement of litigation or administrative proceedings in which the United States has an interest. Typically, the Secretary of the Army, DA, the United States, or DA personnel are named as defendant in a lawsuit or as respondent in an administrative proceeding. A nonexclusive listing of cases in which the United States has an interest include the following:

(1) Suits for damages, injunctive relief, or other action filed against the government or against DA personnel in their official capacity.

(2) Suits alleging individual liability arising from performance of official duties by DA personnel.

(3) Actions affecting DA operations or activities or which might require official action by DA personnel.

(4) Actions arising out of DA contracts, subcontracts, or purchase orders wherein the government might be required to reimburse a contractor for litigation expenses.

(5) Bankruptcy proceedings in which the United States or its instrumentalities may have an interest, including bankruptcies involving government contractors.

(b) Command and agency responsibility. Commanders and supervisors of Army
§ 516.16 Reports to HQDA. Reports required by this regulation will be made telephonically or mailed to the responsible organization at DA. Appendix B to this part contains mailing addresses for these offices. Except in the situations described below, reports required by this chapter will be made to Litigation Division:

(1) Actual or potential litigation (or administrative infringement claims) involving patents, copyrights, or trademarks will be made to Intellectual Property Law Division.

(2) Reports of pending or prospective litigation involving taxation will be made to Contract Law Division.

(3) Communications, transportation, and utility services reports will be made to Regulatory Law Office.

(4) Reports involving environmental and natural resource litigation and administrative proceedings will be made to Environmental Law Division.

(5) Potential civil recovery reports in cases of procurement fraud and corruption will be made to Procurement Fraud Division.

(6) Reports involving the felony prosecution program and magistrate court prosecutions will be made to Criminal Law Division, OTJAG.

(7) Cases before the Armed Services Board of Contract Appeals and the General Services Board of Contract Appeals will be made to Contract Appeals Division.

§ 516.17 SJA or legal adviser procedures.

(a) Immediate notice to HQDA. When an SJA or legal adviser learns of litigation in which the United States has an interest, and it appears that HQDA is not aware of the action, the SJA or legal adviser will telephonically notify the responsible HQDA office. (See §516.15(c)). Immediate notice is particularly important when litigation involves one of the following: a lawsuit against an employee in his individual capacity; a motion for a temporary restraining order or preliminary injunction; a habeas corpus proceeding; a judicial or administrative proceeding involving less than 60 days to file an answer; and, actions with possible Congressional, Secretarial, or Army Staff interest. For legal proceedings instituted in foreign tribunals, the SJA or legal adviser will also notify the major overseas commander concerned and the appropriate U.S. Embassy or Legation.
A telephonic report to HQDA should include the following:
(1) Title or style of the proceeding.
(2) Full names and addresses of the parties.
(3) Tribunal in which the action is filed, date filed, docket number, when and on whom service of process was made, and date by which pleading or response is required.
(4) Nature of the action, amount claimed or relief sought.
(5) Reasons for immediate action.

(b) Transmission of process, pleadings, and related papers. Unless instructed otherwise by HQDA, the SJA or legal adviser will FAX or mail HQDA a copy of all process, pleadings, and related papers. Use of express mail or overnight delivery service is authorized.

(c) Notice to U.S. Attorney. If the legal proceeding is instituted in the United States, the SJA or legal adviser, unless instructed otherwise by HQDA, will notify the appropriate U.S. Attorney and render assistance as required.

§ 516.18 Litigation alleging individual liability.
See subpart D for procedures to follow when DA personnel, as a result of performance of official duties, are either sued in their individual capacities or face criminal charges.

§ 516.19 Injunctive relief.
(a) General. Plaintiffs may attempt to force government action or restraint in important operational matters or pending personnel actions through motions for temporary restraining orders (TRO) or preliminary injunctions (PI). Because these actions can quickly impede military functions, immediate and decisive action must be taken.
(b) Notification to HQDA and U.S. Attorney. The SJA or legal adviser will immediately notify Litigation Division or other appropriate office at HQDA when a motion for TRO or PI has been, or is about to be, filed. The SJA or legal adviser will also notify the responsible U.S. Attorney.
(c) Actions by SJA or legal adviser. The SJA or legal adviser will assist the DOJ or DA attorney responsible for the litigation. Installation attorneys or support personnel should begin accumulating relevant documentary evidence and identifying witnesses. If requested, installation attorneys will prepare a legal memorandum concerning the motion, giving particular attention to the following issues relevant to a court granting injunctive relief:
(1) Plaintiff’s likelihood of success on the merits.
(2) Whether plaintiff will be irreparably harmed if injunctive relief is not granted.
(3) Harm to defendant and other parties if injunctive relief is granted.
(4) The public interest.

§ 516.20 Habeas Corpus.
(a) General. A soldier may file a writ of habeas corpus to challenge his continued custody (usually in a post court-martial situation) or retention in the Army. As is the case with injunctive relief in the preceding paragraph, installation SJAs and legal advisers must take immediate action.
(b) Notification to Litigation Division and U.S. Attorney. The SJA or legal adviser will notify Litigation Division and the responsible U.S. Attorney’s Office immediately upon learning that a petition for writ of habeas corpus has been filed. All relevant documentary evidence supporting the challenged action should be assembled immediately.
(c) Procedures in habeas corpus. Upon the filing of a petition for a writ of habeas corpus, the court will dismiss the petition, issue the writ, or order the respondent to show cause why it should not be granted. If a writ or order to show cause is issued, the SJA or legal adviser should be prepared to assist the responsible Litigation Division or DOJ attorney in preparing a return and answer. If so directed, the SJA will also prepare a memorandum of points and authorities to accompany the return and answer. The government’s response should cover the following: whether the Army has custody of petitioner; whether respondent and petitioner are within the judicial district; and, whether appellate or administrative remedies have been exhausted.
(d) Writs or orders issued by state courts. No state court, after being judicially informed that a petitioner is in custody under the authority of the United States, should interfere with
that custody or require that petitioner be brought before the state court. A deserter, apprehended by any civil officer having authority to apprehend offenders under the laws of the United States or of any state, district, territory, or possession of the United States, is in custody by authority of the United States. If a writ of habeas corpus is issued by a state court, the SJA or legal adviser will seek guidance from Litigation Division.

(e) Foreign court orders. A foreign court should not inquire into the legality of restraint of a person held by U.S. military authority. If a foreign court issues any process in the nature of a writ of habeas corpus, the SJA or legal adviser will immediately report the matter to the appropriate U.S. forces commander and to Litigation Division.

§ 516.21 Litigation against government contractors.

(a) General. A contract might require that the government reimburse a contractor (or subcontractor) for adverse judgments or litigation expenses. Unless a contractor or subcontractor facing a lawsuit requests representation by DOJ, the Army presumes the contractor will obtain private counsel to defend the case. If the contract so allows, however, the contractor may request and HQDA may recommend that DOJ represent the contractor if it is in the best interests of the United States.

(b) Actions by SJA or legal adviser. If a contractor or subcontractor faces litigation and the underlying contract with the government requires reimbursement for adverse judgments or costs of the litigation, the SJA or legal adviser, through the contracting officer, should determine if the contractor desires representation by DOJ. If so, the contractor or authorized agent will sign a request for representation. (See figure D-3, appendix G, of this part.) The SJA or legal adviser will determine whether, in his opinion, representation by DOJ should be granted. He will prepare a memorandum to support his recommendation, especially concerning any issue regarding the government’s obligation to reimburse the contractor under the contract. The SJA or legal adviser will forward his memorandum, along with the contractor’s request, to Litigation Division.

(c) Actions by Litigation Division. The Chief, Litigation Division, will evaluate the submission and decide if it is in the Army’s best interest that the request be granted. He will prepare a memorandum supporting his decision and send the packet to DOJ. The Chief’s decision constitutes the final DA position on the matter. If DOJ grants the contractor’s request, the Chief, Litigation Division, will ensure that the contractor is notified through the SJA or legal adviser and the contracting officer.

(d) Private Counsel. A contractor represented by DOJ may ask that private counsel assist the DOJ attorney in the litigation. The DOJ attorney will remain in control of the litigation, and the fees for private counsel will not be reimbursable except under unusual circumstances. The contractor must seek both DOJ and DA approval to employ private counsel when DOJ representation has been granted. Even if DOJ and DA grant authority to employ private counsel, the contracting officer will determine whether a contractor will be reimbursed under the contract for private counsel.

(e) Settlement. The contractor, unless the contract specifies otherwise, will ultimately decide whether to compromise a suit. Reimbursement under the contract is determined by the contracting officer, with the advice of his attorney.

§ 516.22 Miscellaneous reporting requirements.

SJAs or legal advisers will comply with the directives cited below concerning actual or prospective litigation involving the following types of cases:

(a) Taxation.

(1) Contractor transactions. (FAR and DFARS, 48 CFR parts 29 and 229).

(2) Army and Air Force Exchange Service (AAFES) activities. (AR 60–20).

(3) Purchase or sale of alcoholic beverages. (AR 215–2).

(4) Nonappropriated fund and related activities. (AR 215–1).

(b) Tort and contract claims, insurance and litigation involving nonappropriated fund activities. (AR 215–1).
§ 516.23 Litigation reports.

The SJA or legal adviser will prepare a litigation report when directed by HQDA. The report will contain the following sections: Statement of Facts; Setoff or Counterclaim; Responses to Pleadings; Memorandum of Law; Witness List; and, Exhibits.

(a) Statement of Facts. Include a complete statement of the facts upon which the action and any defense thereto are based. Where possible, support facts by reference to documents or witness statements. Include details of previous administrative actions, such as the filing and results of an administrative claim. If the action is predicated on the Federal Tort Claims Act, include a description of the plaintiff’s relationship to the United States, its instrumentalities, or its contractors. Also include a statement whether an insurance company or other third party has an interest in the plaintiff’s claim by subrogation or otherwise and whether there are additional claims related to the same incident.

(b) Setoff or Counterclaim. Discuss whether setoff or counterclaim exists. If so, highlight the supportive facts.

(c) Responses to Pleadings. Prepare a draft answer or other appropriate response to the pleadings. (See figure C–1, to this part). Discuss whether allegations of fact are well-founded. Refer to evidence that refutes factual allegations.

(d) Memorandum of Law. Include a brief statement of the applicable law with citations to legal authority. Discussions of local law, if applicable, should cover relevant issues such as measure of damages, scope of employment, effect of contributory negligence, or limitations upon death and survival actions. Do not unduly delay submission of a litigation report to prepare a comprehensive memorandum of law.

(e) Potential witness information. List each person having information relevant to the case and provide an office address and telephone number. If there is no objection, provide the individual’s social security account number, home address, and telephone number. This is be made in accordance with this regulation and AR 37–103.
§ 516.24 Preservation of evidence.

Because documents needed for litigation or administrative proceedings are subject to routine destruction, the SJA or legal adviser will ensure that all relevant documents are preserved.

§ 516.25 DA Form 4.

(a) General. The DA Form 4 (See figure C–2, appendix G, of this part) is used to authenticate Army records or documents. Documents attached to a properly prepared and sealed DA Form 4 are self-authenticating. (See Fed. R. Evid. 902).

(b) Preparation at the installation level. A DA Form 4 need not be prepared until the trial attorney presenting the government’s case identifies documents maintained at the installation level which he will need at trial. Once documents are identified, the custodian of the documents will execute his portion of the DA Form 4. (See figure C–2, appendix G, of this part). The custodian certifies that the documents attached to the DA Form 4 are true copies of official documents. Documents attached to each form should be generally identified; each document need not be mentioned specifically. Only the upper portion of the form should be executed at the local level.

(c) Actions at HQDA. Upon receipt of the DA Form 4 with documents attached thereto, HQDA will affix a ribbon and seal and deliver it to the Office of the Administrative Assistant to the Secretary of the Army. That office will place the official Army seal on the packet.

§ 516.26 Unsworn declarations under penalty of perjury.

(a) General. Under the provisions of 28 U.S.C. 1746, whenever any matter is required or permitted to be established or proven by a sworn statement, oath or affidavit, such matter may also be established or proven by an unsworn written declaration under penalty of perjury. Because such declaration does not require a notary or other official to administer oaths, individuals preparing statements for use in litigation should consider using this format. (See figure C–3, appendix G, of this part).

(b) When executed within the United States. Place the following at the end of the witness statement:

I declare under penalty of perjury that the foregoing is true and correct. (28 U.S.C. 1746).

Executed on

(Date) (Signature)

(c) When executed outside the United States. Place the following at the end of the witness statement:

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. (28 U.S.C. 1746).

Executed on

(Date) (Signature)
Subpart D—Individual Liability

§ 516.27 Scope.

This subpart guidance when DA personnel, as a result of the performance of their official duties, are either sued in their personal capacity, or are charged in a criminal proceeding. Examples of civil actions alleging individual liability include the following: a medical malpractice lawsuit against health care providers; suits resulting from motor vehicle accidents; constitutional torts; or, common law torts such as assault, libel, or intentional infliction of emotional distress. Likewise, state or Federal criminal charges can arise from the performance of official duties, including environmental crimes or motor vehicle accidents.

§ 516.28 Policy.

(a) General. Commanders, supervisors, and SJAs or legal advisers will give highest priority to compliance with the requirements of this chapter with regard to current or former DA personnel who face criminal charges or civil litigation in their individual capacity as a result of performance of their official duties.

(b) DOJ policy on representation. If in the best interest of the United States, upon request of the individual concerned, and upon certification by his agency that he was acting within the scope of his employment, DOJ may represent present and former DA personnel sued individually as a result of actions taken within the scope of their employment. Representation can be declined for a variety of reasons, including but not limited to the following: the employee was not acting within the scope of his office; there is a conflict of interest; or, actions were not taken in a good faith effort to conform to law.

§ 516.29 Federal statutes and regulations.

(a) Federal Tort Claims Act (FTCA). (28 U.S.C. 1346(b), 2671–2680). A waiver of sovereign immunity which, with certain exceptions, makes the United States liable for tort claims in the same manner as a private individual.

(c) 10 U.S.C. 1089 (Defense of certain suits arising out of medical malpractice). This provision, commonly referred to as the Gonzales Act, makes the FTCA the exclusive remedy for suits alleging medical malpractice against a military health care provider.

(d) 28 CFR 50.15 (Representation of Federal officials and employees by Department of Justice attorneys [. . .] in civil, criminal, and congressional proceedings in which Federal employees are sued, subpoenaed, or charged in their individual capacities). These DOJ regulations set out the policy and procedures for requesting representation in individual liability cases. See also 28 CFR part 15 (Defense of Certain Suits Against Federal Employees, etc.).

(e) 28 CFR 50.16 (Representation of Federal employees by private counsel at Federal expense).

§ 516.30 Procedures for obtaining certification and DOJ representation.

(a) SJA or legal adviser procedures. When an SJA or legal adviser learns of a criminal charge or of a lawsuit alleging individual liability against DA personnel as a result of performance of official duties, he will take the following actions:

(1) Immediately notify Litigation Division and the appropriate U.S. Attorney and FAX or express deliver copies of process and pleadings to each office. Where time for response is limited, request that the U.S. Attorney either petition the court for an extension of time, or provide temporary counsel and representation pending formal approval.

(2) Investigate whether the employee was acting within the scope of his office or employment. Obtain, if possible, statements from the defendant, supervisors, and witnesses.
§ 516.31 Private counsel at government expense.

(a) General. DA personnel, sued in their individual capacity or facing criminal charges as a result of performance of official duties, have no right to employ a private sector counsel at government expense or to expect reimbursement for the same. For proceedings in the United States, a request for employment of counsel at government expense may be approved by DOJ, contingent among other things upon availability of funds and a determination that employment of private counsel at government expense is in the best interests of the United States. (See 28 CFR 50.16). Special rules apply in overseas areas. (See paragraph (e) of this section).

(b) Individual request procedures. The individual will prepare a request that private counsel be employed for him at government expense. The request must also contain the following statement: "I understand that the United States is not required to employ private counsel on my behalf, and that I may be responsible for expenses incurred prior to proper authorization by the Department of the Army or the Department of Justice."

(c) Supervisory and legal adviser procedures. The request will be submitted through the individual's supervisors, who will make a recommendation and forward the packet to the local SJA or legal adviser. The SJA or legal adviser will prepare his own recommendation and forward the matter to Litigation Division.

(d) Chief, Litigation Division procedures. If the Chief, Litigation Division, determines that the request for private counsel is meritorious, he will prepare an appropriate recommendation and forward the packet to Civil Division, DOJ, for final approval.

(e) Special actions in foreign countries. Employment of private counsel in foreign proceedings is governed by AR 27-
50 (Status of Forces Policies, Procedures, and Information). Under the authority of 10 U.S.C. 1037, soldiers, as well as employees or those accompanying the armed forces overseas, may be granted individual counsel in civil and criminal proceedings, under the criteria of AR 27–50.

§ 516.32 Requests for indemnification.

(a) Policy. An individual liable for a judgment rendered against him in his individual capacity has no right to reimbursement from DA. DA will consider, however, a request for indemnification from DA personnel where conduct within the scope of official duties has resulted in personal liability and indemnification is in the best interests of the United States. Indemnification is strictly contingent upon an appropriation to pay the judgment, as well as availability of such funds.

(b) Individual request procedures. An individual against whom an adverse judgment has been rendered may request indemnification. The request must include, at a minimum, the following: how the employee was acting within the scope of his employment; whether the requestor has insurance or any other source of indemnification; and, how reimbursement is in the best interests of the United States. The request must also contain the following statements: “I understand that acceptance of this request for indemnification for processing by DA does not constitute an acceptance of any obligation to make such a payment. I also understand that payment is contingent on availability of funds and that it will only be made if such is determined to be in the best interests of the United States.” The individual should attach a copy of relevant documents, for example, court’s opinion, judgment, and other allied papers.

(c) Supervisory and SJA procedures. The request for indemnification will be submitted through supervisory channels to the local SJA or legal adviser. Each supervisor will make a recommendation on the propriety of reimbursement.

(d) Chief, Litigation Division, procedures. Requests for indemnification will be forwarded to Chief, Litigation Division. The Chief, Litigation Division, will examine the submission and, after consultation with DOJ or other agencies, forward the packet with his recommendation to the Army General Counsel. The General Counsel will obtain a final decision by the Secretary of the Army or his designee on the matter. There is no administrative appeal of the Secretary’s (or his designee’s) decision.

Subpart E—Legal Proceedings Initiated by the United States

§ 516.33 Medical Care and Property Claims

(a) Authorities.

(1) Federal Medical Care Recovery Act (42 U.S.C. 2651). The act provides for the recovery of medical care expenses incurred because of a tortfeasor’s actions.

(2) Federal Claims Collection Act (31 U.S.C. 3711). The act provides for the collection of claims for money or property arising from the activities of Federal agencies.

(3) Third-party Collection Program (10 U.S.C. 1095). The statute provides for collection of reasonable costs of health-care services, provided in facilities of the uniformed services to covered beneficiaries, from private insurers or third-party payers. In accordance with DOD Instruction 6010.15, “Third Party Collection (TPC) Program,” 7 March 1991, the authority to settle or waive a DOD claim under the act is delegated to TJAG or to his designee.

(4) Executive Order No. 12778, (56 FR 55195; 3 CFR, 1991 Comp. p. 359), Civil Justice Reform. This order establishes several requirements on Federal agencies involved in litigation or contemplating filing an action on behalf of the United States.

(5) AR 27–20, Claims. Chapter l4 (Affirmative Claims) contains comprehensive guidance for Recovery Judge Advocates (RJAs) in the administrative determination, assertion, collection, settlement, and waiver of claims in favor of the U.S. for property damage and for medical care claims.
§ 516.34 Referral of medical care and property claims for litigation.

(a) Criteria for referral. The RJA will forward the claims file and a litigation report (See §516.35 of this part) through USARCS to Litigation Division when the claim has not been resolved administratively and any of the following conditions exist:

1. The claim exceeds $5,000;
2. It involves collection from the injured party or his attorney;
3. The claim raises an important question of policy; or,
4. There is potential for a significant precedent.

(b) Duties and procedures. In accordance with Chapter 14, AR 27–20, Commander, USARCS, has supervisory responsibility over the administrative processing of property and medical care claims by RJAs. The Commander, U.S. Army Health Services Command (HSC), has supervisory responsibility over the Third Party Collection Program (TPCP). The HSC TPCP Implementation Plan effects DOD Instruction 6010.15 and establishes procedures for processing TPC claims. Litigation Division, in conjunction with DOJ and U.S. Attorneys, is responsible for pursuing, through litigation, claims not resolved administratively. DOJ is ultimately responsible for initiating litigation for the United States. (28 U.S.C. 515).

(c) Assertion of claims on behalf of the United States by private attorneys. The Army incurs potentially recoverable expenses when it provides medical care to soldiers or dependents injured by tortfeasors (for example, a soldier is hospitalized after an automobile accident). When injured personnel employ a private attorney to sue the tortfeasor, it may be in the Government’s best interests to enter into an agreement with the private attorney to include the Army’s medical care claim.

(d) Statute of limitations. There is a three year statute of limitations for actions in favor of the U.S. for money damages founded upon tort. (28 U.S.C. 2415(b)). Limitations periods can vary, however, depending upon the theory of liability and the jurisdiction involved. RJAs must be alert to the applicable period of limitations. A case referred for litigation should arrive at Litigation Division at least 6 months before the expiration of the limitations period.

(e) Reporting of recoveries. Amounts recovered through litigation will be reported to USARCS by Tort Branch, Litigation Division, or, where referred directly to a U.S. Attorney or the Nationwide Central Intake Facility (NCIF), by the responsible RJA.

§ 516.35 Preparation of claims for litigation.

(a) General. In preparing a referral for litigation the RJA will ensure the file contains at least the following:

1. A litigation report (See §516.33 of this part) that demonstrates a factual basis for the claim and a theory of recovery under applicable state law. (See Fed. R. Civ. P. 11)
2. Copies of all medical records and bills reflecting the reasonable value of the medical care furnished to the injured party, including DA Form 2631–R (Medical Care-Third Party Liability Notification), and DA Form 3154 (MSA Invoice and Receipt). These documents should be authenticated as necessary on a DA Form 4.
3. Copies of all documents necessary to establish the value of lost or damaged property.
Subpart F—Environmental Litigation

§ 516.38 Scope.

This subpart contains guidance, policies, and procedures applicable to all environmental and natural resources civil litigation and administrative proceedings involving missions and functions of DA, its major and subordinate commands, all installations presently or previously managed by DA, and all other sites or issues in which DA has a substantial interest. In this chapter, “litigation” includes civil administrative proceedings.

§ 516.39 Duties and procedures.

(a) Water rights. Environmental Law Division will conduct direct liaison with DOJ and will represent DA in State and Federal litigation relating to availability and allocation of surface and ground water and the establishment and protection of water rights for Army military installations and activities. This will include litigation in State general adjudications of water rights under the McCarran Amendment, 43 U.S.C. 666, for Army military installations and activities. Such litigation relating solely to COE civil works projects or activities will be handled by attorneys under the technical supervision of the Chief Counsel, COE. With respect to any general adjudication which could affect the civil works or real property functions of COE, The Judge Advocate General, acting through the Chief, Environmental Law Division, and Chief Counsel, COE, will jointly determine which office should maintain primary direct liaison with DOJ and will scope and execute appropriate coordination with each other and with the General Counsel with respect to that litigation.

(b) Navigable waters. The Chief Counsel, COE, will conduct direct liaison with DOJ and represent DA in civil litigation involving activities in or across navigable waters of the United States or other activities regulated under the Rivers and Harbors Act of 1899, 33 U.S.C. 401 et seq.

(c) Waters of the United States. The Chief Counsel, COE, will conduct direct liaison with DOJ and represent DA in civil litigation involving the Clean
§ 516.40 General.

(a) Introduction. This subpart implements DOD Directive 5405.2 (See appendix C to this part and 32 CFR part 97). It governs the release of official information and the appearance of present and former DA personnel as witnesses in response to requests for interviews, notices of depositions, subpoenas, and other requests or orders related to judicial or quasi-judicial proceedings. Requests for records, if not in the nature of legal process, should be processed under AR 25–55 (The Department of the Army Freedom of Information Act Program) or AR 340–21 (The Army Privacy Program). This subpart pertains to any request for witnesses, documents, or information for all types of litigation, including requests by private litigants, requests by State or U.S. attorneys, requests by foreign officials or tribunals, subpoenas for records or testimony, notices of depositions, interview requests,
§ 516.41 Policy.

(a) General Rule. Except as authorized by this subpart, present or former DA personnel will not disclose official information (See appendix F—Glossary) in response to subpoenas, court orders, or requests.

(b) Exception. Present or former DA personnel may disclose official information if they obtain the written approval of the appropriate SJA, legal adviser, or Litigation Division.

(c) Referral to deciding official. If present or former DA personnel receive a subpoena, court order, request for attendance at a judicial or quasi-judicial proceeding, or request for an interview related to actual or potential litigation, and it appears the subpoena, order, or request seeks disclosures described in a above, the individual should immediately advise the appropriate SJA or legal adviser. If the SJA or legal adviser cannot informally satisfy the subpoena, order, or request in accordance with §§ 516.43 through 516.50 of this subpart, he should consult with Litigation Division.

(d) Requesters’ responsibilities. Individuals seeking official information must submit, at least 14 days before the desired date of production, a specific written request setting forth the nature and relevance of the official information sought. (Requesters can be referred to this subpart G). Subject to §516.47(a), present and former DA personnel may only produce, disclose, release, comment upon, or testify concerning those matters specified in writing and properly approved by the SJA, legal adviser, or Litigation Division. (See United States ex. rel. Touhy v. Ragen, 340 U.S. 462 (1951)).

(e) Litigation in which the United States has an interest. If a subpoena, order, or request relates to litigation in which the United States has an interest and for which litigation responsibility has not been delegated, the SJA or legal adviser will coordinate with Litigation Division under §516.42.

(f) Motions to stay or quash subpoenas. A subpoena should never be ignored, and an SJA or legal adviser should seek assistance from Litigation Division or the U.S. Attorney’s office whenever necessary. If a response to a subpoena or order is required before a release determination can be made or before Litigation Division or the U.S. Attorney can be contacted, the SJA or legal adviser will do the following:

1. Furnish the court or tribunal a copy of this regulation (32 CFR part 516, subpart G) and applicable case law (See United States ex. rel. Touhy v. Ragen, 340 U.S. 462 (1951));

2. Inform the court or tribunal that the requesting individual has not complied with this Chapter, as set out in 32 CFR 97 & 516, or that the subpoena or order is being reviewed;

3. Seek to stay the subpoena or order pending the requestor’s compliance with this chapter or final determination by Litigation Division; and,

4. If the court or other tribunal declines to quash or stay the subpoena or order, inform Litigation Division immediately so a decision can be made whether to challenge the subpoena or order. If Litigation Division decides not to challenge the subpoena or order, the affected personnel will comply with the subpoena or order. If Litigation Division decides to challenge the subpoena or order, it will direct the affected personnel to respectfully decline to comply with the subpoena or order. (See United States ex. rel. Touhy v. Ragen, 340 U.S. 462 (1951)).

(g) Classified or sensitive information. Only Litigation Division may authorize the release of official information or appearance of DA personnel as witnesses in litigation involving terrorism, espionage, nuclear weapons, or intelligence sources and methods.

(h) Requests for Inspector General records or testimony. IG records, and information obtained through performance of IG duties, are official information under the exclusive control of the Secretary of the Army. (See AR 20–1, Chapter 3.) IG records frequently contain sensitive official information that may be classified or obtained under guarantees of confidentiality. When justification exists, DA attorneys will seek court protection from disclosure.
§ 516.42 Reference to HQDA.

(a) General. If the SJA or legal adviser is unable to resolve the matter, it will be referred for approval or action by Litigation Division under this chapter, by the most expeditious means, to General Litigation Branch, Litigation Division, with the following exceptions:

(1) Those involving a case assigned to another branch of Litigation Division will be submitted to that branch (appendix B to this part).

(2) Those involving affirmative litigation (for example, medical care recovery or Army property damage or loss cases) under subpart E will be submitted to Tort Branch.

(3) Those involving patents, copyrights, privately developed technical information, or trademarks will be submitted to Intellectual Property Law Division.

(4) Those involving taxation will be submitted to Contract Law Division.

(5) Those involving communication, transportation, or utility service proceedings will be submitted to the Regulatory Law Office.

(6) Those involving environmental matters will be submitted to the Environmental Law Division.

(7) Those involving contract appeals cases before the ASBCA will be submitted to the Contract Appeals Division.

(8) Those involving procurement fraud, including Qui Tam cases, will be submitted to the Procurement Fraud Division.

(b) Information to be submitted. When referring matters pursuant to paragraph (a) of this section, the following data should be provided:

(1) Parties (named or prospective) to the proceeding, their attorneys, and case number, where appropriate.

(2) Party making the request (if a subpoena, indicate moving party) and his attorney.

(3) Name of tribunal in which the proceeding is pending.

(4) Nature of the proceeding.

(5) Date of receipt of request or date and place of service of subpoena.

(6) Name, grade, position, and organization of person receiving request or served with subpoena.

(7) Date, time, and place designated in request or subpoena for production of information or appearance of witness.

(8) Nature of information sought or document requested, and place where document is maintained.

(9) A copy of each document requested. Contact the appropriate office at HQDA if this would be burdensome and unnecessary to a decision whether to release, redact, or withhold a particular document.

(10) Name of requested witness, expected testimony, requested appearance time and date, and whether witness is reasonably available.

(11) Analysis of the problem with recommendations.

§ 516.43 Release of Army and other agency records.

(a) Preservation of originals. To preserve the integrity of DA records, DA personnel will submit properly authenticated copies rather than originals of documents or records for use in legal proceedings, unless directed otherwise by Litigation Division. (See 28 U.S.C. 1733.)

(b) Authentication of copies. Copies of DA records approved for release can be authenticated for introduction in evidence by use of DA Form 4. (See §516.25 for instructions.)

(1) Records maintained in U.S. Army Engineer Districts and Divisions will
(2) All other records will be forwarded to the appropriate office at HQDA (See §516.42).

(c) Fees and charges. AR 37–60 prescribes the schedule of fees and charges for searching, copying, and certifying Army records for release in response to litigation-related requests.

(d) Release of records of other agencies. Normally an individual requesting records originating in agencies outside DA (that is, FBI reports, local police reports, civilian hospital records) that are also included in Army records should be advised to direct his inquiry to the originating agency.

§516.44 Determination of release authorization.

(a) Policy. DA policy is to make official information reasonably available for use in Federal and state courts and by other governmental bodies unless the information is classified, privileged, or otherwise protected from public disclosure.

(b) Releasability factors. In deciding whether to authorize release of official information, the deciding official should consider the following:

1. Has the requester complied with DA policy governing the release of official documents in §516.41(d) of this part.

2. Is the request unduly burdensome or otherwise inappropriate under the applicable court rules?

3. Is the disclosure appropriate under the rules of procedure governing the matter in which the request arose?

4. Would the disclosure violate a statute, executive order, regulation, or directive?

5. Is the disclosure appropriate under the relevant substantive law concerning privilege?

6. Would the disclosure reveal information properly classified pursuant to the DOD Information Security Program under AR 380–5, unclassified technical data withheld from public release pursuant to 32 CFR §250, or other matters exempt from unrestricted disclosure?

7. Would disclosure interfere with ongoing enforcement proceedings, compromise constitutional rights, reveal the identity of an intelligence source or confidential informant, disclose trade secrets or confidential commercial or financial information, or, otherwise be inappropriate under the circumstances?

8. Would the disclosure violate any person’s expectation of confidentiality or privacy?

§516.45 Records determined to be releasable.

If the deciding official, after considering the factors set forth in §516.44, determines that all or part of requested official records are releasable, copies of the records should be furnished to the requester.

§516.46 Records determined not to be releasable.

(a) General. If the deciding official, after considering the factors in §516.44, determines that all or part of requested official records should not be released, he will promptly communicate directly with the attorney or individual who caused the issuance of the subpoena, order, or request and seek to resolve the matter informally. If the subpoena or order is invalid, he should explain the basis of the invalidity. The deciding official should also explain why the records requested are privileged from release. The deciding official should attempt to obtain the agreement of the requester to withdraw the subpoena, order, or request or to modify the subpoena, order, or request so that it pertains only to records which may be released. (See figure G–1, appendix G, of this part.)

(b) Information protected by the Privacy Act. (1) A subpoena duces tecum or other legal process signed by an attorney or clerk of court for records protected by the Privacy Act, 5 U.S.C. 552a, does not justify the release of the protected records. The deciding official should explain to the requester that the Privacy Act precludes disclosure of records in a system of records without the written consent of the subject of the records or “pursuant to the order of a court of competent jurisdiction.” (See 5 U.S.C. 552a(b)(11)). An “order of the court” for the purpose of subsection 5 U.S.C. 552a(b)(11) is an order or writ requiring the production of the
§ 516.47

Response to subpoenas, orders, or requests for witnesses.

(a) Policy. The involvement of present or former DA personnel in private litigation is solely a personal matter between the witness and the requesting party, unless one or more of the following conditions apply:

(1) The testimony involves official information. (See appendix F—Glossary to this part).

(2) The witness is to testify as an expert.

(3) The absence of the witness from duty will seriously interfere with the accomplishment of a military mission.

(b) Former DA personnel. Former DA personnel may freely respond to requests for interviews and subpoenas except in instances involving official information prohibited by § 516.49. In those instances, the subject of the request or subpoena should take the action specified in §§ 516.41(c) and 516.42.

(c) Present DA personnel. Present DA personnel will refer all requests for interviews and subpoenas for testimony in private litigation through their supervisor to the appropriate SJA or legal adviser.

(d) Discretion to testify. Any individual not wishing to grant an interview or to testify concerning private litigation may seek the advice of an Army attorney concerning the consequences, if

records, signed by a judge or magistrate.

(2) Unclassified records otherwise privileged from release under 5 U.S.C. 552a may be released to the court under either of the following conditions:

(i) The subpoena is accompanied by an order signed by a judge or magistrate, or such order is separately served, that orders the person to whom the records pertain to release the specific records, or that orders copies of the records be delivered to the clerk of court, and indicates that the court has determined the materiality of the records and the nonavailability of a claim of privilege.

(ii) The clerk of the court is empowered by local statute or practice to receive the records under seal subject to request that they be withheld from the parties until the court determines whether the records are material to the issues and until any question of privi-

lege is resolved.

(iii) Subpoenas for alcohol abuse or drug abuse treatment records must be processed under 42 U.S.C. 290dd-3 and 290ee-3, and Public Health Service regulations published at 42 CFR 2.1–2.67.

(iv) Upon request, SJAs and legal advisers may furnish to the attorney for the injured party or the tortfeasor’s attorney or insurance company a copy of the narrative summary of medical care that relates to a claim under subpart E of this part. If additional medical records are requested, only those that directly pertain to the pending action will be furnished. If furnishing copies of medical records would prejudice the cause of action, the matter will be reported to Litigation Division.

(c) Referral to Litigation Division. If the SJA or legal adviser is not able to resolve a request for Army records informally, he should contact Litigation Division.

(1) Litigation Division may respond to subpoenas or orders for records privileged from release by informing the local U.S. Attorney about the subpoena and requesting that office file a motion to quash the subpoena or a motion for a protective order. The records privileged from release should be retained by the custodian pending the court’s ruling upon the government’s motion.

(2) When a motion to quash or for a protective order is not filed, or the motion is unsuccessful, and the appropriate DA official has determined that no further efforts will be made to protect the records, copies of the records (authenticated if necessary) will be submitted to the court (or to the clerk of court) in response to the subpoena or order.

(d) Classified and privileged materials. Requests from DOJ, U.S. Attorneys, or attorneys for other governmental entities for records which are classified or otherwise privileged from release will be referred to Litigation Division. (See § 516.41(g)).

DA PERSONNEL AS WITNESSES IN PRIVATE LITIGATION
§ 516.48 Official information.

(a) In instances involving § 516.47(a)(1), the matter will be referred to the SJA or legal adviser serving the organization of the individual whose testimony is requested, or to HQDA pursuant to § 516.47(a). The deciding official will determine whether to release the information sought under the principles established in § 516.44. If funding by the United States is requested, see § 516.55(d).

(b) If the deciding official determines that the information may be released, the individual will be permitted to be interviewed, deposed, or to appear as a witness in court provided such interview or appearance is consistent with the requirements of §§ 516.49 and 516.50. (See, for example, figure G–2, appendix G, to this part). A JA or DA civilian attorney should be present during any interview or testimony to act as legal representative of the Army. If a question seeks information not previously authorized for release, the legal representative will advise the witness not to answer. If necessary to avoid release of the information, the legal representative will advise the witness to terminate the interview or deposition, or in the case of testimony in court, advise the judge that DOD directives and Army regulations preclude the witness from answering without HQDA approval. Every effort should be made, however, to substitute releasable information and to continue the interview or testimony.

§ 516.49 Expert witnesses.

(a) General rule. Present DA personnel will not provide, with or without compensation, opinion or expert testimony either in private litigation or in litigation in which the United States has an interest for a party other than the United States. (See figure G–3, appendix G, to this part). An SJA or legal adviser is authorized to deny a request for expert testimony, which decision may be appealed to Litigation Division.

(b) Exception to the general prohibition. If a requester can show exceptional need or unique circumstances, and the anticipated testimony will not be adverse to the interests of the United States, Litigation Division may grant special written authorization for present or former DA personnel to testify as expert or opinion witnesses at no expense to the United States. In no event may present or former DA personnel furnish expert or opinion testimony in a case in which the United States has an interest for a party whose interests are adverse to the interests of the United States.

(c) Exception for AMEDD personnel. Members of the Army medical department or other qualified specialists may testify in private litigation with the following limitations (See figure G–4, appendix G, to this part):

(1) The litigation involves patients they have treated, investigations they have made, laboratory tests they have conducted, or other actions taken in the regular course of their duties.

(2) They limit their testimony to factual matters such as the following: their observations of the patient or other operative facts; the treatment prescribed or corrective action taken; course of recovery or steps required for repair of damage suffered; and, contemplated future treatment.

(3) Their testimony may not extend to expert or opinion testimony, to hypothetical questions, or to a prognosis.

(d) Court-ordered expert or opinion testimony. If a court or other appropriate authority orders expert or opinion testimony, the witness will immediately notify Litigation Division. If Litigation Division determines it will not challenge the subpoena or order, the witness may comply with the subpoena or order. (See United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951)).
§ 516.50

(e) Expert witness fees. All fees tendered to present DA personnel as an expert or opinion witness, to the extent they exceed actual travel, meals, and lodging expenses of the witness, will be remitted to the Treasurer of the United States.

§ 516.50 Interference with mission.

If the absence of a witness from duty will seriously interfere with the accomplishment of a military mission, the SJA or legal adviser will advise the requesting party and attempt to make alternative arrangements. If these efforts fail, the SJA or legal adviser will refer the matter to Litigation Division.

LITIGATION IN WHICH THE UNITED STATES HAS AN INTEREST

§ 516.51 Response to subpoenas, orders, or requests for witnesses.

(a) Referral to a deciding official. Requests, subpoenas, or orders for official information, interviews or testimony of present or former DA personnel in litigation or potential litigation in which the United States has an interest, including requests from DOJ, will be resolved by the SJA or legal adviser pursuant to the principles of this subpart. Litigation Division will be consulted on issues that cannot be resolved by the SJA or legal adviser.

(b) Reassignment of witnesses. When requested by the U.S. Attorney, the SJA or legal adviser will ensure that no witnesses are reassigned from the judicial district without advising the DOJ attorney. If a witness is vital to the government’s case and trial is imminent, the SJA or legal adviser should make informal arrangements to retain the witness in the command until trial. If this is not feasible, or if a satisfactory arrangement cannot be reached with the DOJ attorney, the SJA or legal adviser should notify Litigation Division.

§ 516.52 Expert witnesses.

Requests for present or former DA personnel as expert or opinion witnesses from DOJ or other attorneys representing the United States will be referred to Litigation Division unless the request involves a matter that has been delegated by Litigation Division to an SJA or legal adviser. In no event, may present or former DA personnel furnish expert or opinion testimony in a case in which the United States has an interest for a party whose interests are adverse to the interests of the United States.

§ 516.53 News media and other inquiries.

News media inquiries regarding litigation or potential litigation will be referred to the appropriate public affairs office. DA personnel will not comment on any matter presently or potentially in litigation without proper clearance. Local public affairs officers will refer press inquiries to HQDA (SAPA), WASH DC 20310–1500, with appropriate recommendations for review and approval by the Office of the Chief of Public Affairs. All releases of information regarding actual or potential litigation will be coordinated with Litigation Division prior to release.

STATUS, TRAVEL, AND EXPENSES OF WITNESSES

§ 516.54 Witnesses for the United States.

(a) Status of witness. A military member authorized to appear as a witness for the United States, including those authorized to appear under §516.55(d), will be placed on temporary duty. If USAR or NG personnel are requested as witnesses for the United States, and if their testimony arises from their active duty service, they should be placed on active duty to testify. The status of a civilian employee will be determined under Federal Personnel Manual 630, subchapter 10. DA personnel who appear as necessary witnesses for a party asserting the government’s claim for medical care expenses are witnesses for the United States.

(b) Travel arrangements. Travel arrangements for witnesses for the United States normally are made by DOJ through Litigation Division for other than local travel. Litigation Division will issue instructions for this travel, including fund citation, to the appropriate commander. A U.S. Attorney, or an attorney asserting the government’s medical care claim under subpart E, may make arrangements for
local travel through the SJA or legal adviser for attendance of a witness who is stationed at an installation within the same judicial district, or not more than 100 miles from the place where testifying. Other requests, including those under §516.55(d), will be referred to Litigation Division. The instructions from Litigation Division, or the request from the U.S. Attorney or the attorney asserting the government’s claim, will serve as a basis for the issuance of appropriate travel orders by the local commander.

(c) Travel and per diem expenses. The witness’ commander or supervisor should ensure the witness has sufficient funds to defray expenses. The SJA or legal adviser will provide assistance.

(1) Where local travel is performed at the request of a U.S. Attorney and the testimony does not involve information acquired in the performance of duties, transportation arrangements and any per diem expenses are the responsibility of the U.S. Attorney.

(2) An attorney asserting the government’s medical or property claim may be required to advance local travel expense money to the witness requested and to include these in recoverable costs where the government’s claim is not large enough to justify expenditures of government travel funds.

(3) Other local travel and per diem expense for cases involving Army activities or claims are proper expenses of the command issuing the orders.

(4) Litigation Division will furnish travel expense and per diem funds for other than local travel and will receive reimbursement from DOJ or other government agencies as appropriate.

§ 516.55 Witnesses for a State or private litigant.

(a) Status of witness. If authorized to appear as a witness for a state or private litigant, and the testimony to be given relates to information obtained in the performance of official duties, a military member will attend in a permissive TDY status. If authorized to appear as a witness, but the testimony does not relate to information obtained in the performance of official duties, a military member may be granted a pass or permissive TDY under AR 630-5, or be required to take ordinary leave. The status of a civilian employee will be determined under 5 CFR Chapter I.

(b) Travel arrangements. The requesting party or state agency will make all travel arrangements for attendance of DA personnel authorized to appear as witnesses for a state or private litigant. The local commander may issue appropriate orders when necessary.

(c) Travel expenses. The United States may not pay travel, meals, and lodging expenses of the witness, other than normal allowances for subsistence pursuant to the DOD Military Pay and Allowances Entitlements Manual. These expenses are solely a matter between the witness and the party seeking his appearance. Witnesses ordinarily should be advised to require advance payment of such expenses. Military personnel authorized to appear in a pass or permissive TDY status are not entitled to receive witness attendance fees, but may accept travel, meals, and lodging expense money from the requesting litigant. All witness fees tendered the military member, to the extent they exceed such actual expenses of the member, will be remitted to the Treasurer of the United States. A civilian employee authorized to appear in his or her official capacity will accept the authorized witness fees, in addition to the allowance for travel and subsistence, and make disposition of the witness fees as instructed by his or her personnel office.

(d) Funding by the United States. Requests for DA personnel to appear at government expense as witnesses in state or local proceedings for a party other than the United States, including cases involving domestic violence or child abuse, will be referred to Litigation Division. Litigation Division may authorize travel and per diem expenses under §516.54 when the case is one in which the United States has a significant interest.

§ 516.56 Witnesses before foreign tribunals.

(a) Referral to the SJA. Requests or subpoenas from a foreign government or tribunal for present DA personnel stationed or employed within that country to be interviewed or to appear
as witnesses will be forwarded to the SJA of the command exercising general court-martial jurisdiction over the unit to which the individual is assigned, attached, or employed. The SJA will determine the following:

(a) Whether a consideration listed in §516.47(a)(1) through (a)(3) applies.

(b) Whether the information requested is releasable under the principles established in §516.43 through §516.46.

(c) Whether the approval of the American Embassy should be obtained because the person is attached to the Embassy staff or a question of diplomatic immunity may be involved.

(1) United States has an interest in the litigation. If the SJA determines that the United States has an interest in the litigation, the commander may authorize the interview or order the individual’s attendance in a temporary duty status. The United States will be deemed to have an interest in the litigation if it is bound by treaty or other international agreement to ensure the attendance of such personnel.

(2) United States has no interest in the litigation. If the SJA determines that the United States does not have an interest in the litigation, the commander may authorize the interview or the appearance of the witness under the principles established in §516.47 through §516.50.

(d) Witnesses located outside the requester’s country. If the requested witness is stationed in a country other than the requester’s, the matter will be referred to Litigation Division.

Subpart H—Remedies in Procurement Fraud and Corruption

§516.57 Purpose.

This subpart delineates the policies, procedures, and responsibilities for reporting and resolving allegations of procurement fraud or irregularities (PFI) within DA. It implements DOD Directive 7050.5. (See appendix D to this part.)

§516.58 Policies.

(a) Procurement fraud and irregularities will be promptly and thoroughly addressed whenever encountered. Reports will be initiated in a timely manner and will be supplemented as appropriate.

(b) Investigations will be monitored to see that interim corrective action is taken and that final action is taken as expeditiously as possible.

(c) This regulation establishes the Procurement Fraud Division (PFD), U.S. Army Legal Services Agency, as the single centralized organization within the Army to coordinate and monitor criminal, civil, contractual, and administrative remedies in significant cases of fraud or corruption relating to Army procurement.

(d) The key elements of the Army’s procurement fraud program follow: centralized policy making and program direction; fraud remedies coordination; decentralized responsibility for operational matters, such as reporting and remedial action; continuous case monitorship by PFD from the initial report until final disposition; and, command-wide fraud awareness training.

(e) Remedies for PFI will be pursued in a timely manner and properly coordinated with other agencies. Every effort will be made to support criminal investigation and prosecution of fraudulent activity.

(f) A specific remedies plan will be formulated for each significant case of fraud or corruption involving procurement.

(g) Coordination on the status and disposition of cases will be maintained between PFD, OTJAG, PFI Coordinators at MACOMs, and Procurement Fraud Advisers at subordinate commands. Coordination of procurement and personnel actions will be accomplished with investigative agencies as required by those agencies.

(h) Training which relates to fraud and corruption in the procurement process is a significant element of this program.

§516.59 Duties and procedures.

(a) TJAG has overall responsibility for the coordination of remedies in procurement fraud and corruption within the Army. This responsibility has been delegated to PFD. Functions of PFD will include the following:

(1) Serving as the single centralized organization in the Army to monitor
§ 516.59

Department of the Army, DoD

the status of, and ensure the coordination of, criminal, civil, contractual, and administrative remedies for each significant case of fraud or corruption.

(2) Receiving reports of procurement fraud and corruption from any source including, but not limited to the following: DOD criminal investigative organizations; audit agencies; contracting officers; inspectors general of the executive branch; correspondence from the public; and, commanders. This provision does not repeal any other reporting requirement but establishes PFD as a recipient of PFI information at the earliest possible time.

(3) Establishing a monitoring system within OTJAG for all cases of fraud and corruption that relate to Army procurement.

(4) Discussing regularly with the U.S. Army Criminal Investigation Command (USACIDC) or the assigned DOD criminal investigative organization the current status of significant fraud or corruption cases and their coordination with prosecutive authorities.

(5) Ensuring that all criminal, civil, contractual, and administrative remedies are considered in each significant fraud or corruption case and that timely and applicable remedies are undertaken by commanders, contracting officers, and suspension and debarment authorities. For example, consideration of suspension or debarment of a contractor or individual should normally be initiated within 30 days of indictment or conviction.

(6) Coordinating, as appropriate, with other DOD components affected by a significant fraud or corruption case being monitored by the Army.

(7) Developing, with the responsible DOD investigative organizations, Procurement Fraud Coordinators and Advisers, and other involved agencies, a specific comprehensive remedies plan for each significant fraud or corruption case.

(8) Coordinating remedies with DOJ. In the case of ongoing criminal investigations, coordinate remedies through, or with the prior knowledge of, the DOD criminal investigative organization responsible for the case.

(9) In significant fraud or corruption cases, identifying and documenting any known adverse impact on a DOD mission, and including the information in any remedies plan.

(10) Providing the appropriate DOD criminal investigative organization with information concerning final remedies as a result of an investigation by that organization.

(11) Receiving notifications from criminal investigative agencies concerning substituted, defective, and counterfeit hardware in which a serious hazard to health, safety or operational readiness is indicated; ensuring that appropriate safety, procurement and program officials are informed in accordance with enclosure 3 of DOD Directive 7050.5. PFD will specifically ensure that contract reviews (DD 350 reports) and adverse impact statements (See §516.64(c)(2) are prepared, and that such information is used to determine if further inquiry is warranted to prevent reoccurrence and to detect other possible fraud. Impact statements will not be released to prosecutive agencies until reviewed by PFD. When appropriate, PFD will coordinate with other DOD agencies to establish a lead agency for victim impact statements in multi-DOD agency cases.

(b) The Commanding General, USACIDC, will take the following actions:

(1) Notify PFD of any investigations involving fraud or corruption related to procurement activities.

(2) Notify other DOD component criminal investigative organizations when investigations involving fraud or corruption affect that component. This includes evidence of fraud by a contractor, subcontractor, or employee of either, on current or past contracts with, or affecting, that component.

(3) Notify the Defense Investigative Service of any investigations that develop evidence which affects DOD cleared industrial facilities or personnel.

(4) Determine the effect on any ongoing investigations or prosecutions of any criminal, civil, contractual, or administrative actions being considered by a centralized organization and advise of any adverse impact.

(5) Promptly provide commanders, contracting officers, Procurement Fraud Advisers, and suspension and debarment authorities, when needed to
allow consideration of applicable remedies, any court records, documents, or other evidence of fraud or corruption from ongoing or completed criminal investigations. In cases of indictment or conviction of a contractor or individual, the information will be provided in time for initiation, if appropriate, of suspension or debarment action within 30 days of the indictment or conviction.

(6) Provide investigative authorities and centralized organizations with timely information on the adverse impact on a DOD mission of fraud or corruption that relates to DOD procurement activities. This information will be obtained from individuals such as the head of the contracting agency, appropriate commanders, and staff agencies. Some examples of adverse impact on a DOD mission are endangerment of personnel or property, monetary loss, compromise of the procurement process, or reduction or loss of mission readiness.

(7) Discuss regularly with Procurement Fraud Advisers the status of significant investigations of fraud or corruption and their coordination with investigative authorities and provide documents and reports resulting from the investigations.

(c) Commanders of service schools conducting procurement or procurement-related training (such as The Judge Advocate General’s School, the U.S. Military Police School, and the U.S. Army Logistics Management Center) will ensure the following:

(1) All procurement and procurement-related training includes a period of instruction on fraud and corruption in the procurement process. The length of the period of instruction will be appropriate to the duration and nature of the training.

(2) Training materials are developed to support that training.

(3) Training materials developed will be sent to MACOM PFI Coordinators.

(d) MACOM commanders and heads of contracting activities will ensure the following:

(1) Substantial indications of fraud or corruption relating to Army contracts or Army administered contracts are reported promptly to the supporting USACIDC element and the Procurement Fraud Division.

(2) Information provided includes reports by contracting officers under DFARS 209.406–3.

§ 516.60 Procurement fraud and irregularities programs at MACOMs.

(a) Command counsel and SJAs at MACOMs will develop a program and appoint an attorney as PFI Coordinator for their command. Chief counsel and SJAs at commands with procurement advisory responsibility will appoint an attorney as a Procurement Fraud Adviser (PFA) to manage the PFI program at their installations as well.

(b) Provision may be made for activities not having sufficient attorney assets to obtain assistance from nearby installations that have a PFA.

(c) Reports and recommendations will be transmitted through command channels to the PFI coordinator for the affected MACOM.

(d) Command counsel, chief counsel, and SJAs will exercise supervisory authority to ensure effective operation of the fraud program and coordination of remedies within their organizations.

(e) The MACOM PFI Coordinator will have overall responsibility for the design and implementation of the MACOM’s procurement fraud program.

(f) PFAs and PFI Coordinators will coordinate with the appropriate local CID or Defense Criminal Investigative Service (DCIS) activity to assure the prompt notification and coordination of all Procurement Fraud cases.

§ 516.61 Reporting requirements.

(a) Typical fraud indicators during the procurement cycle are listed in figure D–1, appendix G, to this part. The mere presence of one or more of these indicators does not, by itself, require reporting under paragraph b of this section. Reports should be submitted if there is a reasonable suspicion of procurement fraud or irregularity or the procuring agency refers the matter for investigation.

(b) “Procurement Flash Reports” will be transmitted by FAX directly to PFD whenever a PFI Coordinator or PFA receives notice of a PFI involving
the Army. To facilitate filing, a separate sheet should be used for each case reported. These reports will provide a succinct summary of the following available information:

1. Name and address of contractor.
2. Known subsidiaries of parent firms.
3. Contracts involved in potential fraud.
5. Summary of pertinent facts.
6. Possible damages.
7. Investigative agencies involved.
8. Local PFAs (name and phone numbers).

Any of the above categories that cannot be completed will be annotated as “unknown at present.”

(c) When a report is required by DFARS or is requested by PFD, the provisions of DFARS 209.406–3 (48 CFR 209.406–3) will be followed. That paragraph provides the basic content and format for PFI reports.

(d) All personnel will cooperate to ensure that investigations and prosecutions of procurement fraud are completed in a timely and thorough manner. Requests for assistance from federal prosecutors should be processed through the local PFA whenever possible. Requests for federal investigators will be processed through the supporting USACIDC and the PFA will be notified. When the conduct of criminal investigations and prosecutions conflict with the progress of procurements, reasonable deference will be given to criminal investigators and prosecutors whenever possible. Any serious conflict that cannot be resolved at a local level will be immediately reported to the PFI Coordinator or PFD for action.

(e) PFI Coordinators and PFAs may request access to information obtained during criminal investigations that is not protected by Fed. R. Crim. P. 6(e) and use this information to assist them in taking appropriate administrative, contractual, and civil remedies. Requests for this information should be made directly to the appropriate federal investigative agency. The investigative organization may withhold requested information if release would compromise an investigation. Difficulties in obtaining information which cannot be resolved locally will be referred to PFD for appropriate action.

(f) USACIDC will notify, in writing, local PFAs as well as PFD within 30 days, of initiation of a significant investigation of fraud or corruption related to Army procurement activities. Such notification will include the following:

2. USACIDC Report of Investigation number.
3. Responsible investigative agency or agencies.
4. Office of primary responsibility.
5. Date opened.
7. Suspected offense.

(g) The transmission of the information in (f) above may be delayed if the Commanding General, USACIDC, or the head of another DOD criminal investigation organization determines the transmission would compromise the success of any case or its prosecution. The prosecutive authorities dealing with the case will be consulted, when appropriate, in making such determinations.

(h) USACIDC will obtain the following information at the earliest possible point in an investigation of fraud or corruption that relates to DOD procurement activities, whenever possible without reliance on grand jury subpoenas:

1. The individuals suspected to be responsible.
2. The suspected firm’s organizational structure.
3. The firm’s financial and contract history.
4. The firm’s organizational documents and records.
5. Statements of witnesses.
6. Monetary loss to the government.
7. Other relevant information.

This information will be provided to PFD or other cognizant DOD centralized organization.

(i) PFD will provide written notification to the Defense Investigative Service of all suspension or debarment actions taken by the Army.

§ 516.62 PFD and HQ USACIDC coordination.

PFD and HQ USACIDC will coordinate as follows:
(a) Discuss the status of significant procurement fraud or corruption investigations being conducted by USACIDC and possible remedies. These discussions should take place on a regular basis.

(b) Discuss the coordination of possible criminal, civil, contractual, or administrative remedies with prosecutive authorities.

(c) PFD will maintain liaison with other DOD centralized organizations and will coordinate remedies with those centralized organizations affected by a significant investigation of fraud or corruption that relates to DOD procurement activities.

(d) Ascertain the effect on any ongoing investigation of the initiation of civil, contractual, or administrative remedies as follows:

1. PFD will maintain liaison with USACIDC and other DOD criminal investigative organizations in order to determine the advisability of initiating any civil, contractual, or administrative actions.

2. USACIDC will advise PFD of any adverse effect on an investigation or prosecution by the initiation of civil, contractual, or administrative actions.

§ 516.64 Comprehensive remedies plan.

(a) A specific, comprehensive remedies plan will be developed in each significant investigation involving fraud or corruption that relates to Army procurement activities. When possible, these plans should be forwarded with the DFARS 209.406–3 reports. In no case, however, should the report be delayed an appreciable time pending completion of the plan. The format for a remedies plan is at figure H–2, appendix G, to this part.

(b) The plan will be developed initially by the PFA with the participation of the appropriate criminal investigators and other relevant personnel such as the contracting officer. In significant cases the PPA should also coordinate a remedies plan early with PFD. Defective product/product substitution remedies plans must comply with the requirements of appendix D to this part.

(c) A comprehensive remedies plan will include at a minimum the following information and considerations:

1. Summary of allegations and investigative results.

2. Statement of any adverse impact on a DOD mission. DOD investigative organizations, commanders, or procurement officials will also provide this information to prosecutive authorities to enhance prosecution of offenses or to prepare a victim impact statement pursuant to Fed. R. Crim. P. 32(c)(2).
§ 516.66 Administrative and contractual actions.

(a) The following remedial options should be considered in response to confirmed fraudulent activity:

(1) Contractual.
   (i) Termination of contract for default.
   (ii) Nonaward of contract based upon a finding of contractor nonresponsibility. (If this appears to be a valid option, a DFARS 209.406–3 (48 CFR 209.406–3) report must be prepared where contractor nonresponsibility is based on lack of integrity).
   (iii) Rescission of contract.
   (iv) Revocation of acceptance.
   (v) Use of contract warranties.
   (vi) Withholding of payments to contractor. In the case of withholding pursuant to DFARS 202.173, the Chief, PFD, is the Army Remedy Coordinating Official.
   (vii) Offset of payments due to contractor from other contracts.
   (viii) Revocation of facility security clearances.
   (ix) Increased level of quality assurance.
   (x) Refusal to accept nonconforming goods.
   (xi) Denial of claims submitted by contractors.
   (xii) Removal of contract from automated solicitation or payment system.

(2) Administrative.
   (i) Change in contracting forms and procedures.
   (ii) Removal or reassignment of government personnel.
   (iii) Review of contract administration and payment controls.
   (iv) Revocation of warrant of contracting officer.
   (v) Suspension of contractor.
   (vi) Debarment of contractor.

(b) In cases which are pending review or action by DOJ, PFAs should coordinate with the DOJ attorney handling the case prior to initiating any contractual or administrative remedy. In
the case of ongoing criminal investigations, this coordination will be accomplished through the appropriate DOD criminal investigation organization.

§ 516.67 Overseas cases of fraud or corruption.

(a) Commanders of overseas major commands will establish procedures, similar to this regulation and consistent with the DFARS, and regulations and directives of their respective unified commands, for reporting and coordination of available remedies in overseas procurement fraud and corruption cases involving foreign firms and individuals. Overseas major commands will also maintain liaison with PFD and provide periodic reports of remedies coordination results.

(b) Overseas suspension and debarment actions are governed by DFARS 209.403 (48 CFR 209.403). The names of all firms and individuals suspended or debarred will be expeditiously forwarded to PFD for inclusion on the List of Parties Excluded From Federal Procurement or NonProcurement Programs.

(c) Overseas cases of fraud or corruption related to the procurement process that involve U.S. firms or U.S. citizens may be referred to PFD for coordination of remedies under this regulation.

§ 516.68 Program Fraud Civil Remedies Act (PFCRA).

(a) PFCRA was enacted on 21 October 1986 (Public Law 99–509) and implemented by DOD on 30 August 1988 (DOD Directive 5505.5). (See appendix E to this part.)

(b) PFCRA expands the capability of the government to deter and recover losses from false, fictitious or fraudulent claims and statements. It is also applicable to program fraud and provides an administrative remedy in addition to those otherwise available to the Army in procurement fraud or pay and entitlements fraud cases.

(c) As part of the Army implementation, the Secretary of the Army’s duties and responsibilities under PFCRA as Authority Head are delegated to the Army General Counsel. The Chief, Intellectual Property Law Division, is the Army’s Reviewing Official within the meaning of PFCRA. Army implementation also requires DA to follow the policies and procedures prescribed in enclosure 2 of DOD Directive 5505.5. (See appendix E to this part.)

(d) The DOD Inspector General (IG) is the Investigating Official within DOD. The duties of this position will be performed by the Assistant IG For Investigations. This individual is vested with the authority to investigate all allegations of liability under PFCRA. That authority includes the power to task subordinate investigative agencies to review and report on allegations that are subject to PFCRA. If the Investigative Official concludes that an action under PFCRA is warranted in an Army case, the official will submit a report containing the findings and conclusions of such investigation through PFD to the Army Reviewing Official.

(e) Pursuant to DOD IG guidance, USACIDC will forward appropriate cases that appear to qualify for resolution under PFCRA to the Investigating Official in a timely manner. Additionally, USACIDC will forward current information regarding the status of remedies pending or concluded. USACIDC may obtain remedies information by coordinating with PFD and the cognizant command.

(f) In pay and entitlement or transportation operation fraud cases, USACIDC will coordinate with the Office of the Secretary of the Army, Financial Management, Review and Oversight Directorate (SAFM-RO), to determine the status of any pending or proposed action under the Debt Collection Act. This information, in addition to information obtained under §517.68(e), will be forwarded with appropriate cases to the Investigating Official.

(g) In those cases where the Investigating Official has submitted a report to the Army Reviewing Official for action under PFCRA, PFD will, at the direction of the Reviewing Official, prepare all legal memoranda as necessary to transmit the Reviewing Official’s intention to issue a complaint. As part of this responsibility PFD will do the following: coordinate with the affected command or agency to ensure that all appropriate remedies have been considered; evaluate the overall potential benefits to the Army; and, ensure that
action under PFCRA is not duplicative of other remedies already taken. In order to fully supplement the Reviewing Official’s file, PFD may request a litigation report.

(h) PFD will coordinate all cases involving transportation operations emanating from Military Traffic Management Command (MTMC) activity, under the military transportation exception to the FAR, and all cases involving pay and entitlements fraud with SAFM-RO, for comments and recommendations. These matters will be forwarded with the case file to the Reviewing Official.

(i) If the Attorney General approves the issuance of a complaint, PFD, at the direction of the Army Reviewing Official, shall prepare the complaint and all necessary memoranda as required. PFD shall also designate attorneys to represent the Authority in hearings under PFCRA.

Subpart I—Cooperation With the Office of Special Counsel

§ 516.69 Introduction.

This subpart prescribes procedures for cooperation with the Office of Special Counsel (OSC) when OSC is investigating alleged prohibited personnel practices or other allegations of improper or illegal conduct within DA activities.

§ 516.70 Policy.

(a) DA policy follows:

(1) Civilian personnel actions taken by management officials, civilian and military, will conform to laws and regulations implementing established merit system principles and will be free of any prohibited personnel practices.

(2) Management officials will take vigorous corrective action when prohibited personnel practices occur. Disciplinary measures under AR 690–700, Chapter 751, may be initiated after consultation and coordination with appropriate civilian personnel office and labor counselor.

(b) DA activities will cooperate with OSC in the following ways:

(1) Promoting merit system principles in civilian employment programs within DA.

(2) Investigating and reporting allegations of improper or illegal conduct forwarded to the activity by HQDA.

(3) Facilitating orderly investigations by the OSC of alleged prohibited personnel practices and other matters assigned for investigation to the OSC, such as violations of the Whistleblower Protection Act of 1989, the Freedom of Information Act, or the Hatch Act.

§ 516.71 Duties.

(a) DA General Counsel. The DA General Counsel is responsible for the following:

(1) Provide overall guidance on all issues concerning cooperation with OSC, including the investigation of alleged prohibited personnel practices and allegations of improper or illegal conduct.

(2) Review for adequacy and legal sufficiency each OSC report of investigation that must be personally reviewed by the Secretary of the Army.

(3) Ensure compliance with the Civil Service Reform Act of 1978 by obtaining a suitable investigation of allegations of improper or illegal conduct received from OSC. This includes compliance with time limits for reporting results of the investigation and personal review of the report by the Secretary of the Army when required.

(4) Forward to the DOD Inspector General (DODIG) copies of each allegation of improper or illegal conduct referred to DA by OSC.

(5) Delegate to The Judge Advocate General the authority to act on behalf of the DA General Counsel in all OSC investigations of prohibited personnel practices.

(6) Act upon requests for counsel from “accused” or “suspected” employees.

(b) Chief, Labor and Employment Law Office. The Chief, Labor and Employment Law Office, OTJAG (DAJA-LE) is responsible for the following:

(1) Act for TJAG as the Senior Management Official in cooperating with OSC. As Senior Management Official, the Chief, DAJA-LE, through TJAG, will be responsible to the DA General Counsel for administration of the policies and procedures contained in this chapter.
(2) Promptly inform the DA General Counsel of any OSC investigation and consult with the DA General Counsel on any legal or policy issue arising from an OSC investigation.

(3) Serve as the HQDA point of contact in providing assistance to OSC.

(4) Act as DA attorney-of-record in administrative matters initiated by OSC before the MSPB which arise from an OSC investigation. As DA attorney-of-record, the Chief, DAJA-LE, will file necessary pleadings and make necessary appearances before the MSPB to represent DA interests.

(5) Monitor ongoing OSC investigations within DA.

(6) Ensure that appropriate DA personnel are fully apprised of their rights, duties and the nature and basis for an OSC investigation.

(7) Review and prepare recommendations to the General Counsel concerning any OSC recommended corrective action referred to DA. Such review and recommendations will address whether disciplinary action should be taken against DA civilian employees or military members, and whether the information warrants referral to appropriate authorities for corrective and disciplinary action.

(8) Seek OSC approval of DA proposed disciplinary action against an employee for an alleged prohibited personnel practice or other misconduct which is the subject of or related to any OSC investigation.

(9) Review and prepare recommendations for DA General Counsel concerning requests for counsel, to include identifying available DA attorneys to act as individual representatives. Upon approval of DA General Counsel, appoint DA civilian and military attorneys, to include attorneys from the U.S. Army Materiel Command and the Corps of Engineers, to represent individual military members or employees.

(10) Determine, to the extent practicable, whether an investigation is being or has been conducted which duplicates, in whole or in part, a proposed or incomplete OSC investigation, and convey that information to the OSC whenever it might avoid redundant investigative efforts.

(11) Provide guidance and assistance to activity Labor Counselors in fulfilling their duties as Liaison Officers.

(c) Activity Labor Counselor. The activity Labor Counselor will do the following:

(1) Act as Liaison Officer for OSC investigations arising within the command, activity or installation serviced by the Labor Counselor’s client Employment Office.

(2) Promptly inform the MACOM labor counselor and the Chief, DAJA-LE, of any OSC inquiry or investigation.

(3) Act as the legal representative of the command, activity, or installation.

(4) Assist the OSC investigator with administrative matters related to the investigation, such as requests for witnesses and documents.

(5) Process all OSC requests for documents.

(6) Make appropriate arrangements for OSC requests to interview civilian employees and military members.

(7) Ensure that personnel involved are advised of the nature and basis for an OSC investigation, the authority of the OSC, and their rights and duties.

(8) Consult with the Chief, DAJA-LE, on policy and legal issues arising from the OSC investigation.

(9) Keep the Chief, DAJA-LE, informed of the status of the OSC investigation.

(10) Act as agency representative before the MSPB in actions initiated by employees (individual right of action appeals).

§ 516.72 Procedures.

(a) Witnesses and counsel for consultation. (1) DA military and civilian managers, supervisors, and employees who are requested by OSC for an interview will be made available in accordance with arrangements the Labor Counselor will establish. Requests for the testimony of IGs will be coordinated with the Inspector General Legal Office, SAIG-ZXL, DSN 227-9734 or Commercial (703) 697-9734.

(2) The Labor Counselor will ensure that witnesses are aware of their obligation to answer OSC questions, their potential to be considered “suspects” in OSC investigations, and their right to the assistance of counsel during
Department of the Army, DoD

§ 516.72

interviews with OSC representatives. If the requested witness is not an “ac- cused” or “suspected” individual and the witness asks for assistance of coun sel, a DA attorney will be made available for the limited purpose of con sultation regarding the witness’ rights and obligations. An attorney-client relationship will not be established. (See appendix F to this part).

(3) The Labor Counselor will arrange for individual counsel for consultation from local assets. If local assets are not sufficient, assistance may be requested from other DOD activities in the area or from HQDA, DAJA-LE. DA attorneys tasked to consult with one or more witnesses individually will not be tasked to represent the DA activity concerned.

(4) The Labor Counselor, as the legal representative of the activity, is precluded from assisting or representing individual witnesses during OSC interviews.

(b) “Accused” or “suspected” DA personnel and counsel for representation. (1) If the OSC identifies a DA civilian employee or a military member as an “accused” or “suspected” individual, or if the Labor Counselor concludes that an individual is a “suspect,” the Labor Counselor will inform the individual. The Labor Counselor also will advise the individual of the availability of counsel for representation upon approval by DA General Counsel. (See Glossary, Counsel for Representation).

(2) If the “suspected” individual desires legal representation by DA, the individual must request counsel by submitting a written request through DAJA-LE to DA General Counsel. (See figure I-1, appendix G, to this part).

(3) During the investigation but prior to DA General Counsel approval of the request for counsel, an “accused” or “suspected” individual will be provided the assistance of counsel for consultation in the same manner as any other OSC requested witness. “Accused” or “suspected” individuals who do not request counsel for representation will be provided counsel for consultation in the same manner as any other OSC requested witness.

(4) If the DA General Counsel approves the request for counsel, the Chief, DAJA-LE, will appoint a DA attorney to represent the individual. This appointment may be made telephonically but will be confirmed in writing. The Chief, DAJA-LE, will make appropriate coordination with MACOM SJs and command counsel to confirm availability of the attorney.

(5) An attorney appointed by DA may represent a civilian employee in any proceeding initiated by OSC before the MSPB. However, counsel provided by DA may not represent the employee in any proceeding initiated by DA, in any appeal from a final decision by the MSPB, or in any collateral proceeding before any forum other than the MSPB.

(c) Records. (1) OSC requests for records must be in writing. The Labor Counselor will assist OSC representatives in identifying the custodian of specific records sought during the inquiry.

(2) Generally, requested records should be furnished to OSC representatives if such records would be released under AR 25–55 or AR 340–21 to other government agencies in the normal course of official business. Records constituting attorney work product should not be released without approval of the Chief, DAJA-LE. IG records will not be released without approval of the Inspector General. (AR 20–1). The Labor Counselor should seek guidance from the Chief, DAJA-LE, if there is any doubt concerning the release of records.

(3) If, after completion of the OSC investigation, the OSC files a complaint against DA or a DA employee, release
of records and other information will be accomplished pursuant to MSPB rules of discovery (5 CFR part 1201, subpart B).

(d) **Funding.** The command, activity, or installation within which the allegations of misconduct arose will provide funding for the OSC investigation. These expenses may include appropriate funding for witnesses, counsel for consultation and DA General Counsel approved counsel for representation.

§ 516.73 **Assistance from HQDA.**

Labor Counselors may seek guidance on questions arising from implementation of this chapter by calling the Chief, DAJA-LE, DSN 225-9476/9481 or Commercial (703) 695-9476/9481.

**Subpart J—Soldiers Summoned To Serve on State and Local Juries**

§ 516.74 **General.**

(a) This subpart implements 10 U.S.C. §982 and DOD Directive 5525.8. It establishes Army policy concerning soldiers on active duty who are summoned to serve on state and local juries.

(b) This subpart does not apply to Army National Guard soldiers in an annual training or full-time AGR (Active Guard Reserve) status under Title 32, U.S. Code. Soldiers in a Title 32 status must refer to their respective state law for relief from state or local jury duty.

§ 516.75 **Policy.**

(a) Active duty soldiers should fulfill their civic responsibility by serving on state and local juries, so long as it does not interfere with military duties.

(b) The following active duty soldiers are exempt from complying with summons to serve on state and local juries:

1. General officers.
2. Commanders.
3. Active duty soldiers stationed outside the United States, Puerto Rico, Guam, the Northern Mariana Islands, American Samoa, and the Virgin Islands.
4. Active duty soldiers in a training status.
5. Active duty soldiers assigned to forces engaged in operations.

(c) Other active duty soldiers may be exempted from serving on local juries if compliance with such summons would have either of the following effects:

1. It would unreasonably interfere with performance of the soldier’s military duties; or,
2. It would adversely affect the readiness of a summoned soldier’s unit, command, or activity.

§ 516.76 **Exemption determination authority.**

(a) The commander exercising special court-martial convening authority (SPCMCA) over a unit has the authority to determine whether a soldier of that unit, who has been served with a summons, is exempt from serving on a state or local jury unless that authority has been limited or withheld in accordance with paragraph (b) or (c) of this section. This authority may not be delegated to a subordinate commander who does not exercise SPCMCA.

(b) A commander superior to the SPCMCA, who also exercises SPCMCA or general court-martial convening authority (GCMCA) over a unit, may limit or withhold the exemption determination authority of subordinate commanders.

(c) A GCMCA, who orders a unit or soldier assigned to one command to be attached or detailed to another command for disciplinary purposes (for example, “for administration” or “for administration of military justice”), may reserve exemption determination authority to the commander exercising SPCMCA in the chain of command to which the unit or soldier is assigned rather than the chain of command to which the unit or soldier is attached or detailed.

§ 516.77 **Procedures for exemption.**

(a) Active duty soldiers served with a summons to serve on a state or local jury will promptly advise their commander and provide copies of pertinent documents.

(b) Unit commanders will evaluate the summons considering both the individual soldier’s duties and the unit mission. Coordination with the servicing judge advocate or legal advisor and with the appropriate state or local
official may be necessary to determine any impact on the soldier’s duties or on unit readiness.

(1) If the soldier is not exempt under §516.75 (b) or (c), the commander will process the soldier for permissive TDY in accordance with AR 630–5. Leaves and Passes.

(2) If the soldier is exempt under §516.75 (b) or (c), the commander will forward the summons and any related documentation, with recommendations, through the chain of command to the commander with exemption determination authority over the soldier concerned.

(c) The commander with exemption determination authority over the soldier concerned will determine whether the soldier is exempt. His determination is final.

(d) The exemption determination authority will notify responsible state or local officials whenever a soldier summoned for jury duty is exempt. The notification will cite 10 U.S.C. 982 as authority.

§516.78 Status, fees, and expenses.
(a) Soldiers who are required to comply with summons to serve on state or local juries will be placed on permissive TDY under the provisions of AR 630–5.

(b) Jury fees accruing to soldiers for complying with the summons to serve on state and local juries must be turned over to the appropriate finance office for deposit into the U.S. Treasury. Commands will establish procedures with local authorities and their servicing finance and accounting activity to ensure that such jury fees are so deposited. Soldiers, however, may keep any reimbursement from state or local authority for expenses incurred in the performance of jury duty, including transportation, meals, and parking.

APPENDIX C TO PART 516—DEPARTMENT OF DEFENSE DIRECTIVE 5405.2, RELEASE OF OFFICIAL INFORMATION IN LITIGATION AND TESTIMONY BY DoD PERSONNEL AS WITNESSES

Department of Defense Directive
July 23, 1985, Number 5405.2, GC, DoD

Subject: Release of Official Information in Litigation and Testimony by DoD Personnel as Witnesses

References:
(a) Title 5, United States Code, Sections 301, 552, and 552a
(b) Title 10, United States Code, Section 133
A. Purpose

Under Section 301 reference (a) and reference (b), this Directive establishes policy, assigns responsibilities, and prescribes procedures for the release of official DoD information in litigation and for testimony by DoD personnel as witnesses during litigation.

B. Applicability and Scope

1. This Directive applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Organization of the Joint Chiefs of Staff (OJCS), the Unified and Specified Commands, and the Defense Agencies (hereafter referred to as “DoD Components”), and to all personnel of such DoD Components.

2. This Directive does not apply to the release of official information or testimony by DoD personnel in the following situations:
   a. Before courts-martial convened by the authority of the Military Departments or in administrative proceedings conducted by or on behalf of a DoD Component;
   b. Pursuant to administrative proceedings conducted by or on behalf of the Equal Employment Opportunity Commission (EEOC) or the Merit Systems Protection Board (MSPB), or pursuant to a negotiated grievance procedure under a collective bargaining agreement to which the Government is a party;
   c. In response to requests by Federal Government counsel in litigation conducted on behalf of the United States;
   d. As part of the assistance required in accordance with the Defense Industrial Personnel Security Clearance Program under DoD Directive 5220.6 (reference (c)); or
   e. Pursuant to disclosure of information to Federal, State, and local prosecuting and law enforcement authorities, in conjunction with an investigation conducted by a DoD criminal investigative organization.

3. This Directive does not supersede or modify existing laws or DoD programs governing the testimony of DoD personnel or the release of official DoD information during grand jury proceedings, the release of official information not involved in litigation, or the release of official information pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 (reference (a)) or the Privacy Act, 5 U.S.C. Section 552a (reference (a)), nor does this Directive preclude treating any written request for agency records that is not in the nature of legal process as a request under the Freedom of Information or Privacy Acts.

4. This Directive is not intended to infringe upon or displace the responsibilities committed to the Department of Justice in conducting litigation on behalf of the United States in appropriate cases.

5. This Directive does not preclude official comment on matters in litigation in appropriate cases.

6. This Directive is intended only to provide guidance for the internal operation of the Department of Defense and is not intended to, does not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law against the United States or the Department of Defense.

C. Definitions

1. Demand. Subpoena, order, or other demand of a court of competent jurisdiction, or other specific authority for the production, disclosure, or release of official DoD information or for the appearance and testimony of DoD personnel as witnesses.

2. DoD Personnel. Present and former U.S. military personnel; Service Academy cadets and midshipmen; and present and former civilian employees of any Component of the Department of Defense, including non-appropriated fund activity employees; non-U.S. nationals who perform services overseas, under the provisions of status of forces agreements, for the United States Armed Forces; and other specific individuals hired through contractual agreements by or on behalf of the Department of Defense.

3. Litigation. All pretrial, trial, and posttrial stages of all existing or reasonably anticipated judicial or administrative actions, hearings, investigations, or similar proceedings before civilian courts, commissions, boards (including the Armed Services Board of Contract Appeals), or other tribunals, foreign and domestic. This term includes responses to discovery requests, depositions, and other pretrial proceedings, as well as responses to formal or informal requests by attorneys or others in situations involving litigation.

4. Official Information. All information of any kind, however stored, that is in the custody and control of the Department of Defense, relates to information in the custody and control of the Department, or was acquired by DoD personnel as part of their official duties or because of their official status within the Department while such personnel were employed by or on behalf of the Department or on active duty with the United States Armed Forces.

D. Policy

It is DoD policy that official information should generally be made reasonably available for use in Federal and state courts and by other governmental bodies unless the information is classified, privileged, or otherwise protected from public disclosure.
E. Responsibilities

1. The General Counsel, Department of Defense (GC, DoD), shall provide general policy and procedural guidance by the issuance of supplemental instructions or specific orders concerning the release of official DoD information in litigation and the testimony of DoD personnel as witnesses during litigation.

2. The Heads of DoD Components shall issue appropriate regulations to implement this Directive and to identify official information that is involved in litigation.

F. Procedures

1. Authority To Act

a. In response to a litigation request or demand for official DoD information or the testimony of DoD personnel as witnesses, the General Counsels of DoD, Navy, and the Defense Agencies; the Judge Advocates General of the Military Departments; and the Chief Legal Advisors to the JCS and the Unified and Specified Commands, with regard to their respective Components, are authorized—after consulting and coordinating with the appropriate Department of Justice litigation attorneys, as required—to determine whether official information originated by the Component may be released in litigation; whether DoD personnel assigned to or affiliated with the Component may be interviewed, contacted, or otherwise be inappropriately viewed, contacted, or used as witnesses concerning official DoD information or as expert witnesses; and what, if any, conditions will be imposed upon such release, interview, contact, or testimony. Delegation of this authority, to include the authority to invoke appropriate claims of privilege before any tribunal, is permitted.

b. In the event that a DoD Component receives a litigation request or demand for official information originated by another Component, the receiving Component shall forward the appropriate portions of the request or demand to the originating Component for action in accordance with this Directive. The receiving Component shall also notify the requestor, court, or other authority of its transfer of the request or demand.

c. Notwithstanding the provisions of paragraphs F.1.a. and b., the GC, DoD, in litigation involving terrorism, espionage, nuclear weapons, intelligence means or sources, or otherwise as deemed necessary, may notify Components that GC, DoD, will assume primary responsibility for coordinating all litigation requests and demands for official DoD information or the testimony of DoD personnel, or both; consulting with the Department of Justice, as required; and taking final action on such requests and demands.

2. Factors To Consider

In deciding whether to authorize the release of official DoD information or the testimony of DoD personnel concerning official information (hereinafter referred to as "the information") pursuant to paragraph F.1., DoD officials should consider the following types of factors:

a. Whether the request or demand is unduly burdensome or otherwise inappropriate under the applicable court rules;

b. Whether the disclosure, including release in camera, is appropriate under the rules of procedure governing the case or matter in which the request or demand arose;

c. Whether the disclosure would violate a statute, executive order, regulation, or directive;

d. Whether the disclosure, including release in camera, is appropriate or necessary under the relevant substantive law concerning privilege;

e. Whether the disclosure, except when in camera and necessary to assert a claim of privilege, would reveal information properly classified pursuant to the DoD Information Security Program under DoD 5200.1-R (reference (d)), unclassified technical data withheld from public release pursuant to DoD Directive 5250.25 (reference (e)), or other matters exempt from unrestricted disclosure; and

f. Whether disclosure would interfere with ongoing enforcement proceedings, compromise constitutional rights, reveal the identity of an intelligence source or confidential informant, disclose trade secrets or similarly confidential commercial or financial information, or otherwise be inappropriate under the circumstances.

3. Decisions on Litigation Requests and Demands

a. Subject to paragraph F.3.e., DoD personnel shall not, in response to a litigation request or demand, produce, disclose, release, comment upon, or testify concerning any official DoD information without the prior written approval of the appropriate DoD official designated in paragraph F.1. Oral approval may be granted, but a record of such approval shall be made and retained in accordance with the applicable implementing regulations.

b. If official DoD information is sought, through testimony or otherwise, by a litigation request or demand, the individual seeking such release or testimony must set forth, in writing and with as much specificity as possible, the nature and relevance of the official information sought. Subject to paragraph F.3.e., DoD personnel may only produce, disclose, release, comment upon, or testify concerning those matters that were specified in writing and properly approved by the appropriate DoD official designated in

c. Whenever a litigation request or demand is made upon DoD personnel for official DoD information concerning such information, the personnel upon whom the request or demand was made shall immediately notify the DoD official designated in paragraph F.1 for the Component to which the individual contacted is or, for former personnel, was last assigned. In appropriate cases, the affected DoD official shall thereupon notify the Department of Justice of the request or demands. After due consultation and coordination with the Department of Justice, as required, the DoD official shall determine whether the individual is required to comply with the request or demand and shall notify the requester or the court or other authority of the determination reached.

d. If, after DoD personnel have received a litigation request or demand and have in turn notified the appropriate DoD official in accordance with paragraph F.3.c., a response to the request or demand is required before instructions from the responsible official are received, the responsible official designated in paragraph F.1. shall furnish the requester or the court or other authority with a copy of this Directive and applicable implementing regulations, inform the requester or the court or other authority that the request or demand is being reviewed, and seek a stay of the request or demand pending a final determination by the Component concerned.

e. If a court of competent jurisdiction or other appropriate authority declines to stay the effect of the request or demand in response to action taken pursuant to paragraph F.3.d., or if such court or other authority orders that the request or demand must be complied with notwithstanding the final decision of the appropriate DoD official, the DoD personnel upon whom the request or demand was made shall notify the responsible DoD official of such ruling or order. If the DoD official determines that no further legal review of or challenge to the court’s ruling or order will be sought, the affected DoD personnel shall respectfully decline to comply with the demand. See United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951).

4. Fees

Consistent with the guidelines in DoD Instruction 7230.7 (reference (f)), the appropriate officials designated in paragraph F.1. are authorized to charge reasonable fees, as established by regulation and to the extent not prohibited by law, to parties seeking, by request or demand, official DoD information not otherwise available under the DoD Freedom of Information Act Program (reference (g)). Such fees, in amounts calculated to reimburse the Government for the expense of providing such information, may include the costs of time expended by DoD employees to process and respond to the request or demand; attorney time for reviewing the request or demand and any information located in response thereto and for related legal work in connection with the request or demand; and expenses generated by materials and equipment used to search for, produce, and copy the responsive information. See Oppenheimer Fund, Inc. v. Sanders, 437 U.S. 340 (1978).

5. Expert or Opinion Testimony

DoD personnel shall not provide, with or without compensation, opinion or expert testimony concerning official DoD information, subjects, or activities, except on behalf of the United States or a party represented by the Department of Justice. Upon a showing by the requester of exceptional need or unique circumstances and that the anticipated testimony will not be adverse to the interests of the Department of Defense or the United States, the appropriate DoD official designated in paragraph F.1. may, in writing, grant special authorization for DoD personnel to appear and testify at no expense to the United States. If, despite the final determination of the responsible DoD official, a court of competent jurisdiction, or other appropriate authority, orders the appearance and expert or opinion testimony of DoD personnel, the personnel shall notify the responsible DoD official of such order. If the DoD official determines that no further legal review of or challenge to the court’s ruling or order will be sought, the affected DoD personnel shall comply with the order. If directed by the appropriate DoD official, however, the affected DoD personnel shall respectfully decline to comply with the demand. See United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951).

G. Effective Date and Implementation

This Directive is effective immediately. Forward two copies of implementing documents to the General Counsel, DoD, within 120 days.

APPENDIX D TO PART 516—DEPARTMENT OF DEFENSE DIRECTIVE 7050.5, COORDINATION OF REMEDIES FOR FRAUD AND CORRUPTION RELATED TO PROCUREMENT ACTIVITIES

Department of Defense Directive

June 7, 1989, Number 7050.5, IG, DoD

Subject: Coordination of Remedies for Fraud and Corruption Related to Procurement Activities
mand officials and that appropriate remedies identified to cognizant procurement and contractual remedies in such cases are identified to cognizant procurement and command officials and that appropriate remedies are pursued expeditiously. This process shall include appropriate coordination with all other affected DoD Components.

2. All investigations of fraud or corruption related to procurement activities shall be reviewed to determine and implement the appropriate contractual and administrative actions that are necessary to recover funds lost through fraud or corruption and to ensure the integrity of DoD programs and operations.

3. Appropriate civil, contractual, and administrative actions, including those set forth in enclosure 1, shall be taken expeditiously. During an investigation and before prosecution or litigation, and when based in whole or in part on evidence developed during an investigation, such actions shall be taken with the advance knowledge of the responsible DoD criminal investigative organization and, when necessary, the appropriate legal counsel in the Department of Defense and the Department of Justice (DoJ). When appropriate, such actions shall be taken before final resolution of the criminal or civil case.

E. Responsibilities

1. The Heads of DoD Components shall:
   a. Establish a centralized organization (hereafter referred to as “the centralized organization”) to monitor and ensure the coordination of criminal, civil, administrative, and contractual remedies for each significant investigation of fraud or corruption related to procurement activities affecting the DoD Component.
   b. Establish procedures requiring the centralized organization to discuss regularly with the assigned DoD criminal investigative organization(s) such issues as the current status of significant investigations and their coordination with prosecutive authorities.
   c. Establish procedures requiring that all coordination involving the DoJ, during the pendency of a criminal investigation, is accomplished by or with the advance knowledge of the appropriate DoD criminal investigative organization(s).
   d. Establish procedures to ensure appropriate coordination of actions between the centralized organizations of any DoD Components affected by a significant investigation of fraud or corruption related to procurement activities.
   e. Establish procedures to ensure that all proper and effective civil, administrative, and contractual remedies available to the Department of Defense are, when found applicable and appropriate, considered and undertaken promptly by the necessary DoD officials (e.g., commanders, program officials, and contracting officers). This includes initiation of any suspension and debarment action within 30 days of an indictment or conviction. The centralized organization shall

A. Reissuance and Purpose

This Directive reissues reference (a) to update policies, procedures, and responsibilities for the coordination of criminal, civil, administrative, and contractual remedies stemming from investigation of fraud or corruption related to procurement activities. More effective and timely communication of information developed during such investigations will enable the Department of Defense to take the most appropriate of the available measures.

B. Applicability

This Directive applies to the Office of the Secretary of Defense (OSD); the Inspector General, Department of Defense (IG, DoD); the Military Departments; the Defense Agencies; and the DoD Field Activities (hereafter referred to collectively as “DoD Components”).

C. Definitions

   2. Significant. Refers to all fraud cases involving an alleged loss of $100,000, or more; all corruption cases related to procurement that involved bribery, gratuities, or conflicts of interest; and any investigation into defective products or product substitution in which a SERIOUS HAZARD to health, safety, or operational readiness is indicated, regardless of loss value.

D. Policy

It is DoD policy that:
1. Each of the DoD Components shall monitor, from its inception, all significant investigations of fraud or corruption related to procurement activities affecting its organizations, for the purpose of ensuring that all possible criminal, civil, administrative, and contractual remedies in such cases are identified to cognizant procurement and command officials and that appropriate remedies
ensure that all proposed actions are coordinated with appropriate investigative organizations.

f. Establish procedures to ensure that a specific and comprehensive remedies plan is developed for each significant investigation involving fraud or corruption related to procurement activities. These procedures shall include the participation of the appropriate DoD criminal investigative organization in the development of the plan.

g. Establish procedures to ensure that in those significant investigations of fraud or corruption related to procurement activities when adverse impact on a DoD mission can be determined, such adverse impact is identified and documented by the centralized organization. This information is to be used by the centralized organization of the DoD Component concerned in development of the remedies plan required in paragraph E.1.f., above, and shall be furnished to prosecutors as stated in paragraph E.2.e., below. The information shall also be used by the centralized organizations in development and preparation of “Victim Impact Statements” for use in sentencing proceedings, as provided for in Public Law 97–291 (reference (b)). Some examples of adverse impact on a DoD mission are as follows:

1. Endangerment of personnel or property.
2. Monetary loss.
3. Denigration of program or personnel integrity.
4. Compromise of the procurement process.
5. Reduction or loss of mission readiness.

h. Ensure training materials are developed on fraud and corruption in the procurement process, and that all procurement and procurement-related training includes a period of such instruction appropriate to the duration and nature of the training.

i. Establish procedures enabling the centralized organization to ensure that safety and readiness issues are examined and appropriately dealt with for all cases in which a notice is required under paragraph E.2.i., below. The minimum procedures to be followed by the centralized organization are in enclosure 1.

j. Ensure that appropriate command, procurement, and investigative organizations are provided sufficient information to determine if further inquiry is warranted on their part to prevent recurrences and detect other possible fraud within their activity.

2. The Secretaries of the Military Departments and the Inspector General, Department of Defense (IG, DoD), or their designees, shall establish procedures that ensure that their respective criminal investigative organizations will:

a. Notify, in writing, the centralized organization for the affected DoD Component of the start of all significant investigations involving fraud or corruption that are related to procurement activities. Initial notification shall include the following elements:

2. Case control number.
3. Investigative agency and office of primary responsibility.
4. Date opened.
5. Predication.
6. Suspected offense(s).

b. Notify expeditiously the Defense Investigative Service (DIS) of any investigations that develop evidence that would impact on DoD-cleared industrial facilities or personnel.

c. Discuss regularly with the centralized organization such issues as the current status of significant investigations and their coordination with prosecutive authorities. If the DoD criminal investigative organization has prepared any documents summarizing the current status of the investigation, such documents shall be provided to the centralized organization. Completed reports of significant investigations also should be provided to the centralized organization.

d. Provide to the appropriate procurement officials, commanders, and suspension and debarment authorities, when needed to allow consideration of applicable remedies, any court records, documents, or other evidence of fraud or corruption related to procurement activities. Such information shall be provided in a timely manner to enable the suspension and debarment authority to initiate suspension and debarment action within 30 days of an indictment or conviction.

e. Provide expeditiously to prosecutive authorities the information regarding any adverse impact on a DoD mission, that is gathered under paragraph E.1.g., above, for the purpose of enhancing the prosecutability of a case. Such information also should be used in preparing a victim impact statement for use in sentencing proceedings as provided for in Public Law 97–291.

f. Gather, at the earliest practical point in the investigation, without reliance on grand jury subpoenas whenever possible, relevant information concerning responsible individuals, the organizational structure, finances, and contract history of DoD contractors under investigation for fraud or corruption related to procurement activities, to facilitate the criminal investigation as well as any civil, administrative, or contractual actions or remedies that may be taken. Some available sources of such information are listed in enclosure 2.

g. Provide timely notice to other cognizant DoD criminal investigative organizations of evidence of fraud by a contractor, subcontractor, or employees of either, on current or past contracts with, or affecting, other DoD Components.

h. Ascertain the impact upon any ongoing investigation or prosecution of civil, contractual, and administrative actions being
considered and advise the appropriate centralized organization of any adverse impact.

1. Obtain a DD 350 report in every investigation into defective products or product substitution in which a SERIOUS HAZARD to health, safety, or operational readiness is indicated. Timely notification shall be made to the centralized organization of each DoD Component that is identified as having contract actions with the subject of the investigation.

j. Obtain a DD 350 report in all significant fraud investigations, as defined in subsection C.2. above, whether or not the case involved defective products or product substitution. Timely notification shall be made to the centralized organization of each DoD Component that is identified as having contract actions with the subject of the investigation.

3. The Inspector General, Department of Defense (IG, DoD), shall:

a. Develop training materials relating to fraud and corruption in procurement related activities which shall be utilized in all procurement related training in conjunction with training materials developed by the DoD Components. (See paragraph E.1.h., above.)

b. Establish procedures for providing to the DoD criminal investigative organizations, through the Office of the Assistant Inspector General for Auditing (OAIG-AUD), reports of data contained in the Individual Procurement Action Report (DD Form 350) System.

F. Procedures

Transmissions of information by DoD criminal investigative organizations required by subsection E.2., above, shall be made as expeditiously as possible, consistent with efforts not to compromise any ongoing criminal investigation. The transmission of the information may be delayed when, in the judgment of the head of the DoD criminal investigative organization, failure to delay would compromise the success of any investigation or prosecution. The prosecutive authorities dealing with the investigation shall be consulted, when appropriate, in making such determinations.

G. Effective Date and Implementation

This Directive is effective immediately. Forward two copies of implementing documents to the Inspector General, Department of Defense, within 120 days.

Donald J. Atwood, Deputy Secretary of Defense.

Figure G-1. Sample “Touby” Compliance Letter

Department of the Army, Office of the Staff Judge Advocate, Fort Smith, North Dakota 84165, 15 April 1993

Mr. T. Hudson Taylor,
Attorney At Law, 105 Hay Street, Whynot, ND 84167

Dear Mr. Taylor: We have learned that you subpoenaed Captain Roberta Selby to testify at a deposition in the case Kramer v. Kramer, currently filed in state court, and that you directed her to bring her legal assistance file concerning her client, SSG Kramer.

Under 32 CFR §§97.6(c), 516.35, and 516.40, the Army must authorize the appearance of its personnel or the production of official documents in private litigation. In this case, the Army cannot authorize Captain Selby to appear or produce the requested file absent the following:

You must request in writing her appearance and the production of the file in accordance with Department of Defense directives, 32 CFR §97.6(c), and Army regulations, 32 CFR §§516.34–516.40. The request must include the nature of the proceeding, 32 CFR §516.34(b), and the nature and relevance of the official information sought. Id. §516.35(d).

We cannot act on your request until we receive the required information. See, for example, United States ex rel. Touby v. Ragen, 340 U.S. 462 (1951); Boron Oil Co. v. Downie, 873 F.2d 67 (4th Cir. 1989); United States v. Bizzard, 674 F.2d 1382 (11th Cir. 1982); United States v. Marino, 658 F.2d 1129 (6th Cir. 1981); United States v. Allen, 554 F.2d 398 (10th Cir. 1977).

To overcome Federal statutory restrictions on the disclosure of the requested file imposed by the Privacy Act, 5 U.S.C. §552a, you must provide either a written release authorization signed by the individual to whom the file pertains (that is, SSG Kramer) or a court ordered release signed by a judge of a court of competent jurisdiction. A subpoena signed by a clerk of court, notary, or other official is insufficient. See, for example, Doe v. DiGripa, 779 F.2d 74 (DC Cir. 1985).

In this case, because of the attorney-client relationship between Captain Selby and SSG Kramer, you must produce a written waiver of the attorney-client privilege from SSG Kramer. Because the privilege may protect both documents and testimony, Captain Selby may not divulge such information without SSG Kramer’s consent. See, for example, Rule of Professional Conduct for Army Lawyers 1.6(a).

In addition to the above requirements, Captain Selby’s supervisor must approve her absence from duty. See 32 CFR §516.43. In this regard, we suggest you take the deposition at Fort Smith. In any event, however, you or your client must pay all travel expenses, as this is purely private litigation and witness’ appearance must be at no expense to the United States. See id. §516.48(c).

Finally, if Captain Selby does appear as a witness, she may only give factual testimony. She may not testify as an opinion or expert witness. This limitation is based on Department of Defense and Army policy that generally prohibits Government employees from appearing as expert witnesses in private litigation. See id. §§97.6(e), 516.42.

Our sole concern in this matter is to protect the interests of the United States Army; the Army will not block access to witnesses or documents to which you are lawfully entitled. So that the Army can adequately protect its interests in this matter, I request that you respond to this letter by 27 April 1993. If you have any questions, please call CPT Taylor at 919–882–4500.

Sincerely,
Robert V. Jackanski,
Major, JA, Chief, Administrative Law.

Figure G-2. Sample Fact Witness Approval Letter

Department of the Army, Office of the Staff Judge Advocate, Fort Smith, North Dakota 84165, 15 April 1993

Mr. T. Hudson Taylor,
Attorney At Law, 105 Hay Street, Whynot, ND 84167

Dear Mr. Taylor: This letter responds to your request to interview and depose Captain Buzz Sawyer as a witness in Morgan v. Jones. Subject to the following conditions, your request is approved.

This grant of authority is limited to factual testimony only. Captain Sawyer may not testify as an expert witness. This limitation is based on Army policy prohibiting Government employees from appearing as expert witnesses in private litigation. See 32 CFR §516.42. Captain Sawyer may not provide official information that is classified, privileged, or otherwise protected from public disclosure.

The decision whether to testify in private litigation is within the discretion of the prospective witness. This authorization is also subject to the approval of the witness’ supervisors to be absent during the period involved. Finally, because this is private litigation, the witness’ participation must be at no expense to the United States. See 32 CFR §516.48.

If you have any questions, please call CPT Taylor at 919–882–4500.
Figure G–3. Sample Expert Witness Denial Letter

Department of the Army, Office of the Staff Judge Advocate, Fort Smith, North Dakota 84165, 15 April 1993

Mr. T. Hudson Taylor,
Attorney At Law, 105 Hay Street, Whynot, ND 84167

Dear Mr. Taylor: This responds to your request for Mr. Charles Montrose to appear as an expert witness in private litigation: Smithers v. ABC Video. For the following reasons, the request is denied.

Army Regulation 27–40 forbids Army personnel from providing expert testimony in private litigation, with or without compensation, except under the most extraordinary circumstances. See 32 CFR §§ 97.6(e), 516.42. Several reasons support the exercise of strict control over such witness appearances.

The Army policy is one of strict impartiality in litigation in which the Army is not a named party, a real party in interest, or in which the Army does not have a significant interest. When a witness with an official connection with the Army testifies, a natural tendency exists to assume that the testimony represents the official view of the Army, despite express disclaimers to the contrary.

The Army is also interested in preventing the unnecessary loss of the services of its personnel in connection with matters unrelated to their official responsibilities. If Army personnel testify as expert witnesses in private litigation, their official duties are invariably disrupted, often at the expense of the Army’s mission and the Federal taxpayer.

Finally, the Army is concerned about the potential for conflict of interest inherent in the unrestricted appearance of its personnel as expert witnesses on behalf of parties other than the United States. Even the appearance of such conflicts of interest seriously undermines the public trust and confidence in the integrity of our Government.

This case does not present the extraordinary circumstances necessary to justify the requested witness’ expert testimony. You have demonstrated no exceptional need or unique circumstances that would warrant (his or her) appearance. The expert testimony desired can be secured from non-Army sources. Consequently, we are unable to grant an exception to the Army’s policy.

If you have any questions, please call me or CPT Taylor at 919–882–4500.

Sincerely,
Robert V. Jackansi,
Major, JA, Chief, Administrative Law.

Figure G–4. Sample of Doctor Approval Letter

Department of the Army, Office of the Staff Judge Advocate, Fort Smith, North Dakota 84165, 15 April 1993

Mr. T. Hudson Taylor,
Attorney At Law, 105 Hay Street, Whynot, ND 84167

Dear Mr. Taylor: This responds to your request to depose Dr. (MAJ) J. McDonald, Fort Smith Medical Treatment Facility. Pursuant to 32 CFR §§ 516.33–516.49, you may depose him subject to the following conditions:

He may testify as to his treatment of his patient, Sergeant Rock, as to related laboratory tests he may have conducted, or other actions he took in the regular course of his duties.

He must limit his testimony to factual matters such as his observations of the patient or other operative facts, the treatment prescribed or corrective action taken, course of recovery or steps required for treatment of injuries suffered, or contemplated future treatment.

His testimony may not extend to hypothetical questions or to a prognosis. He may not testify as an “expert.” This limitation is based on Department of Defense and Army policy prohibiting present or former military personnel and Army civilian employees from providing opinion or expert testimony concerning official information, subjects, or activities in private litigation. See 32 CFR §§ 97.6(e), 516.42.

The witnesses may not provide official information that is classified, privileged, or otherwise protected from public disclosure. To protect the Army’s interests, CPT Taylor or another Army attorney will be present during the depositions.

To overcome restrictions imposed by the Privacy Act, 5 U.S.C. §§ 552a, Dr. McDonald may not discuss matters derived from the patient’s medical records absent the patient’s written consent or a court order signed by a judge. A subpoena issued by someone other than a judge or magistrate is insufficient. See Doe v. DiGenova, 779 F.2d 74 (D.C. Cir. 1985); Stiles v. Atlanta Gas Light Co., 453 F. Supp. 798 (N.D. Ga. 1978).

The decision whether to testify in private litigation is within the discretion of the witness, subject to the approval of his supervisors to be absent during the period involved.

Finally, because this is private litigation, the witnesses’ participation must be at no expense to the United States. See 32 CFR § 516.48.

If you have any questions, please call me or CPT Taylor at 919–882–4500.

Sincerely,
Robert V. Jackansi,
Major, JA, Chief, Administrative Law.

Figure H–3. Guide for Testing Defective Items Under Criminal or Civil Investigation

Testing Defective Items Under Criminal or Civil Investigation

1. Under no circumstances is testing to proceed unless the command has committed sufficient funding to cover the entire cost of the projected testing.

2. No testing will be initiated unless there has been a written request for the testing to the appropriate Procurement Fraud Advisor from a criminal investigator or Assistant United States Attorney or Department of Justice Attorney (AUSA is used in these procedures to indicate either an AUSA or Department of Justice attorney). If they have not already done so, criminal investigators should be requested to coordinate their testing requests with the AUSA overseeing the investigation.

3. Barring extraordinary circumstances, only one test will be conducted to support the criminal and civil recovery efforts of a procurement fraud/irregularity matter. Early coordination with the Civil Division of Department of Justice or the local United States Attorneys Office is necessary to ensure that testing funds are not wasted.

4. The request for testing should include a clear, concise statement of the purpose of the testing to include a statement of the allegations made and the contact number(s) involved. Any test plan which requires destructive testing must be approved by the AUSA.

5. No testing will be initiated unless a test plan has been developed which states the following:

   a. the contract number(s) involved
   b. the National Stock Number (NSN) of the item to be tested
   c. the purpose of the testing
   d. the alleged defect or the contractual requirement violated
   e. the CID report of investigation (ROI) number or the DCIS case number
   f. cost of the test (a cost proposal should be an attachment to the test plan)
   g. where the test will be conducted
   h. how the test will be conducted
   i. the name and telephone number of the test team leader
   j. the names of all test team members
   k. the approximate dates of the testing
   l. the date that completion of the test is required
   m. a clear statement of the desired product (that is test report, raw data, analysis of results, evaluation of test results)
   n. the PRON to fund the testing
   o. a retention plan.

6. The test plan shall be coordinated with the concurrence received in advance from the appropriate personnel in the Procurement Directorate, Product Assurance and Test Directorate, the Procurement Fraud Advisor, and the investigator/AUSA requesting the test. No testing will be initiated until the criminal investigator/AUSA who requested the testing has approved the test plan.

7. If the items tested are to be retained as evidence, the criminal investigator should arrange for retention of the evidence. While the Command will support evidence retention, this is primarily the responsibility of the criminal investigators. Agents should be advised that putting items in Code L or similar non-use status is insufficient to protect it from being released to the field. A decision not to retain the tested items as evidence must have the approval of the AUSA.

8. All items to be tested should be from a statistically valid random sample. The sample should conform with the inspection requirements of the contract or be in compliance with a random sample specifically developed for the instant test plan. It is recommended that a statistician be consulted to determine the feasibility of a random sample specifically created to support the test plan.

9. Results of testing should be available to Command and DA personnel for appropriate contractual and administrative remedies.
Any request for testing results that indicates that dissemination of the testing results will be limited by Rule 6(e) of the Federal Rules of Criminal Procedure is to be forwarded through the MACOM or AMC Procurement Fraud Coordinator to DA Procurement Fraud Division prior to the initiation of any testing.

10. Resolution of problems associated with testing requests should be conducted at the local level. In AMC the authority to refuse a testing request resides with the Office of Command Counsel. Any disputes which cannot be resolved at the local level will be forwarded to the AMC or MACOM Procurement Fraud Coordinator for resolution. This includes disputes regarding funding or any time sensitive issues.

11. Second requests for testing of the same item due to a change in the investigative plan require coordination by the PFA with the investigator and AUSA overseeing the investigation to determine the deficiencies in the earlier test. Disputes which cannot be resolved between the AUSA, PFA, and investigator regarding testing are to be forwarded simultaneously to the MACOM Procurement Fraud Coordinator and PPD for resolution. The procedures established in paragraphs 5 and 6 apply for second requests for testing with the additional requirement that the Assistant United States Attorney must be requested to approve the test plan.

Figure I-1. Guide for Seeking Legal Advice and Representation Before Office of Special Counsel

Guide for Seeking Legal Advice and Representation Before Office of Special Counsel

1. Overview
a. DA employees or military members asked to provide information (testimonial or documentary) to OSC may obtain legal advice through the Labor Counselor from DA attorneys concerning their rights and obligations. This includes assistance at any interviews with OSC investigators. However, an attorney-client relationship will not be established unless the employee or military member—
   (1) Is suspected or accused by the OSC of committing a prohibited personnel practice or other illegal or improper act; and
   (2) Has been assigned counsel by the DA General Counsel.

b. Any military member or employee who reasonably believes that he or she is suspected or has been accused by OSC of committing a prohibited personnel practice or other illegal or improper act may obtain legal representation from DA. The counsel assigned will be from another DOD component whenever a DA attorney is likely to face a conflict between the attorney’s ethical obligation to the client and DA, or when the suspected or accused individual has requested representation from another DOD component. Outside legal counsel may be retained by DA on behalf of the member or employee under unusual circumstances and only with the personal approval of the DOD General Counsel.

c. The DA General Counsel will determine whether a conflict is likely to occur if a DA attorney is assigned to represent a military member or civilian. If the DA General Counsel determines a conflict may occur, or if the suspected or accused employee has requested representation from another DOD component, the DA General Counsel will seek the assistance of another General Counsel in obtaining representation outside DA.

2. Requests for Representation
a. To obtain legal representation, military members or civilian employees must—
   (1) Submit a written request for legal representation through the Labor and Employment Law Office, Office of the Judge Advocate General, Department of the Army, to DA General Counsel, explaining the circumstances that justify legal representation. Copies of all process and pleadings served should accompany the request.
   (2) Indicate whether private counsel, at personal expense, has been retained.
   (3) Obtain written certification from their supervisor that—
      (a) They were acting within the scope of official duties; and
      (b) DA has not initiated any adverse or disciplinary action against them for the conduct being investigated by the OSC.

b. Requests for DA legal representation must be approved by the DA General Counsel.

c. The conditions of legal representation must be explained and accepted in writing by the member or employee.

3. Limitations on Representation
a. DA will not provide legal representation with respect to a DA initiated disciplinary action against a civilian employee for committing or participating in a prohibited personnel practice or for engaging in illegal or improper conduct. This prohibition applies regardless of whether the participation or conduct is also the basis for the disciplinary action proposed by the OSC.

b. In certain situations, counsel provided by DA may be limited to representing the individual only with respect to some of the pending matters. If other specific matters of concern to the OSC or MSPB do not satisfy the requirements contained in this regulation.
4. Attorney-Client Relationship
   a. An attorney-client relationship will be established and continued between the suspected or accused individual and assigned DA counsel.
   b. In representing a DA employee or military member, the DA attorney designated as counsel will act as a vigorous advocate of the individual’s legal interests before the OSC or MSPB. The attorney’s professional responsibility to DA will be satisfied by fulfilling this responsibility to the employee or military member. Legal representation may be terminated only with the approval of the DA General Counsel and normally only on the basis of information not available at the time the attorney was assigned.
   c. The attorney-client relationship may be terminated if the assigned DA counsel determines, with the approval of the DA General Counsel, that—
      (1) The military member or civilian employee was acting outside the scope of his or her official duties when engaging in the conduct that is the basis for the OSC investigation or charge; and
      (2) Termination is not in violation of the rules of professional conduct applicable to the assigned counsel.
   d. The DA attorney designated as counsel may request relief from the duties of representation or counseling without being required to furnish explanatory information that might compromise confidential communications between the client and the attorney.

5. Funding
   This regulation authorizes cognizant DA officials to approve requests from military members or civilian employees for travel, per diem, witness appearances, or other departmental support necessary to ensure effective legal representation by the designated counsel.

6. Status
   A military member’s or civilian employee’s participation in OSC investigations, MSPB hearings, and other related proceedings will be considered official departmental business for time and attendance requirements and similar purposes.

7. Advice to Witnesses
   The following advice to military members and civilian employees questioned during the course of an OSC investigation may be appropriate in response to these frequent inquiries:
   a. A witness may decline to provide a “yes” or “no” answer in favor of a more qualified answer when this is necessary to ensure accuracy in responding to an OSC interviewer’s question.
   b. Requests for clarification of both questions and answers are appropriate to avoid misinterpretation.
   c. Means to ensure verifications of an interview by OSC investigators are appropriate, whether or not the military member or civilian employee is accompanied by counsel. Tape recorders may only be used for this purpose when—
      (1) The recorder is used in full view.
      (2) All attendees are informed.
      (3) The OSC investigator agrees to record the proceeding.
   d. Any errors that appear in a written summary of an interview prepared by the investigator should be corrected before the member or employee signs the statement. The military member or civilian employee is not required to sign any written summary that is not completely accurate. A military member or civilian employee may receive a copy of the summary as a condition of signing.

Subpart A—General Provisions

§ 518.1 Purpose.

This part provides policies and procedures for implementation of the Freedom of Information Act (5 U.S.C. 552, as amended) and Department of Defense Directive (DoDD) 5400.7 and promotes uniformity in the Department of Defense (DoD) Freedom of Information Act (FOIA) Program. This Army regulation implements provisions for access and release of information from all Army information systems (automated and manual) in support of Army Information Management (AR 25–1).

§ 518.2 References.

Required and related publications are listed in Appendix A of this part.

§ 518.3 Explanation of abbreviations and terms.

Abbreviations and special terms used in this part are explained in the glossary of AR 25–55.

§ 518.4 Responsibilities.

(a) The Administrative Assistant to the Secretary of the Army (AASA) is responsible for issuing policy and establishing guidance for the Army FOIA Program. AASA has the responsibility to approve exceptions to this regulation that are consistent with controlling law and regulations. AASA may delegate the approval authority, in writing, to a division chief, under its supervision, within that agency in the grade of O6 or civilian equivalent.

(b) The Administrative Assistant to the Secretary of the Army, (AASA), The Records and Programs Agency, (RPA), Records Management and Declassification Agency (RMDA), is responsible for developing and recommending policy to AASA concerning the Army FOIA program and overall execution of the program under the policy and guidance of AASA.

(c) The Chief of Information Officer (CIO), G6 will provide oversight of the FOIA program as necessary in compliance with Federal Statutes, regulations, Office of Management and Budget (OMB), and the Office of Secretary of Defense (OSD).

(d) Heads of Army Staff agencies, field operating agencies, major Army commands (MACOMS), and subordinate commands are responsible for the supervision and execution of the FOIA program in functional areas and activities under their command.

(e) Heads of Joint Service agencies or commands for which the Army is the Executive Agent, or otherwise has responsibility for providing fiscal, logistical, or administrative support, will adhere to the policies and procedures in this regulation.

(f) Commander, Army and Air Force Exchange Service (AAFES), is responsible for the supervision of the FOIA program within that command pursuant to this part.

§ 518.5 Authority.

(a) This part governs written FOIA requests from members of the public. It does not preclude the release of personnel or other records to agencies or individuals in the Federal Government for use in official work.

(b) Soldiers and civilian employees of the Department of the Army (DA) may, as private citizens, request DA or other agencies' records under the FOIA. They must prepare requests at their own expense and on their own time. They may not use Government equipment, supplies, or postage to prepare personal FOIA requests. It is not necessary for soldiers or civilian employees to go through the chain of command to request information under the FOIA.

(c) Requests for DA records processed under the FOIA may be denied only in accordance with the FOIA (5 U.S.C.
§ 518.6 Public information.

(a) Public information. The public has a right to information concerning the activities of its Government. Army policy is to conduct its activities in an open manner and provide the public with a maximum amount of accurate and timely information concerning its activities, consistent always with the legitimate public and private interests of the American people. A record requested by a member of the public who follows rules established by proper authority in DA shall not be withheld in whole or in part unless the record is exempt from mandatory partial or total disclosure under the FOIA. As a matter of policy, Army activities shall make discretionary disclosures of exempt records or information only after full and deliberate consideration of the institutional, commercial, and personal privacy interests that could be implicated by disclosure of the information. Activities must be prepared to present a sound legal basis in support of their determinations. In order that the public may have timely information concerning Army activities, records requested through public information channels by news media representatives that would not be withheld if requested under the FOIA should be released upon request. Prompt responses to requests for information from news media representatives should be encouraged to eliminate the need for these requesters to invoke the provisions of the FOIA and thereby assist in providing timely information to the public. Similarly, requests from other members of the public for information that would not be withheld under the FOIA should continue to be honored through appropriate means without requiring the requester to invoke the FOIA.

(b) FOIA handbook. The Department of the Army Freedom of Information Act/Privacy Act (DA FOIA/PA) Office shall prepare, in addition to FOIA regulations, a handbook for the use of the public in obtaining information from its organizations. This handbook will be a short, simple explanation of what the FOIA is designed to do, and how a member of the public can use it to access government records. The DA FOIA/PA Office handbook will explain...
the types of records that can be obtained through FOIA requests, why some records cannot, by law, be made available, and how the Army activity determines whether or not the record can be released. The handbook will also explain how to make a FOIA request, how long the requester can expect to wait for a reply, and appeal rights. The handbook will supplement other information locator systems, such as the Government Information Locator Service (GILS), and explain how a requester can obtain more information about those systems. The handbook will be available on paper and through electronic means and contain the following additional information, complete with electronic links to the below elements: the location of reading room and the types and categories of information available; the location of the World Wide Web page; a reference to the Army FOIA regulation and how to obtain a copy; a reference to the Army FOIA annual report and how to obtain a copy; and the location of the GILS page. The DA FOIA handbook, “A Citizen’s Guide to Request Army Records Under the Freedom of Information Act (FOIA),” can be accessed on-line at http://www.rmda.belvoir.army.mil. “The Major Automated Information Systems Descriptions” can be accessed at http://www.defenselink.mil/pubs/foi.

(c) Control system. A request for records that invokes the FOIA shall enter a formal control system designed to ensure accountability and compliance with the FOIA. Any request for Army records that either explicitly or implicitly cites the FOIA shall be processed under the provisions of this part, unless otherwise required.

§518.7 FOIA terms defined.

(a) FOIA request. A written request for Army records that reasonably describes the record(s) sought, made by any person, including a member of the public (U.S. or foreign citizen/entity), an organization, or a business, but not including a Federal Agency or a fugitive from the law, that either explicitly or implicitly invokes the FOIA, DoDD 5400.7, DoD 5400.7–R, this part, or Army Activity supplementing regulations or instructions. All requesters should also indicate a willingness to pay fees associated with the processing of their request. Requesters may ask for a waiver of fees, but should also express a willingness to pay fees in the event of a waiver denial. Written requests may be received by postal service or other commercial delivery means, by facsimile, or electronically (such as e-mail). Requests received by facsimile or electronically must have a postal mailing address included since it may not be practical to provide a substantive response electronically. The request is considered properly received, or perfected, when the conditions in this paragraph have been met and the request arrives at the FOIA office of the Activity in possession of the records.

(b) Agency record. The products of data compilation, such as all books, papers, maps, photographs, and machine readable materials, inclusive of those in electronic form or format, or other documentary materials, regardless of physical form or characteristics, made or received by an agency of the United States Government under Federal law in connection with the transaction of public business and in DA possession and control at the time the FOIA request is made.

(1) The following are not included within the definition of the word “record”: Objects or articles, such as structures, furniture, vehicles and equipment, whatever their historical value, or value as evidence; Anything that is not a tangible or documentary record, such as an individual’s memory or oral communication; Personal records of an individual not subject to agency creation or retention requirements, created and maintained primarily for the convenience of an agency employee, and not distributed to other agency employees for their official use. Personal papers fall into three categories: Those created before entering Government service; private materials brought into, created, or received in the office that were not created or received in the course of transacting Government business; and work-related personal papers that are not used in the transaction of Government business in accordance with Public Law 86–36, National Security Information Exemption.
2. A record must exist and be in the possession and control of DA at the time of the request to be considered subject to this part and the FOIA. There is no obligation to create or compile a record to satisfy a FOIA request.

3. Hard copy or electronic records that are subject to FOIA requests under 5 U.S.C. 552 (a)(3), and that are available to the public through an established distribution system such as the Government Printing Office (GPO), FEDERAL REGISTER, National Technical Information Service (NTIS), or the Internet, normally need not be processed under the provisions of the FOIA. If a request is received for such information, Army Activities shall provide the requester with guidance, inclusive of any written notice to the public, on how to obtain the information. However, if the requester insists that the request be processed under the FOIA, then the request shall be processed under the FOIA. If there is any doubt as to whether the request must be processed, contact DA, FOIA/PA Office.

(c) Army activity. A specific area of organizational or functional responsibility within DA, authorized to receive and act independently on FOIA requests.

(d) Initial denial authority (IDA). An official who has been granted authority by the Secretary of the Army to deny records requested under the FOIA based on one or more of the nine categories of exemptions from mandatory disclosure. An IDA also: Denies a fee category claim by a requester; denies a request for expedited processing due to demonstrated compelling need; denies a request for waiver or reduction of fees; denies a request to review an initial fee estimate; and confirm that no records were located in response to a request.

(e) Appellate authority. The Secretary of the Army or designee having jurisdiction for this purpose over the record, or any of the other adverse determinations. The DA appellate authority is the Office of the Army General Counsel (OGC).

(f) Administrative appeal. A request by a member of the general public, made under the FOIA, asking the appellate authority of the Army to reverse a decision to: Withhold all or part of a requested record; deny a fee category claim by a requester; deny a request for expedited processing due to demonstrated compelling need; deny a request for waiver or reduction of fees; deny a request to review an initial fee estimate; and confirm that no records were located during the initial search. Requesters also may appeal the failure to receive a response determination within the statutory time limits, a fee estimate, and any determination that the requester believes is adverse in nature.

(g) Public interest. The interest in obtaining official information that sheds light on an activity’s performance of its statutory duties because the information falls within the statutory purpose of the FOIA to inform citizens about what their Government is doing. That statutory purpose, however, is not fostered by disclosure of information about private citizens accumulated in various governmental files that reveals nothing about an agency’s or official’s own conduct.

(h) Electronic record. Records (including e-mail) that are created, stored, and retrievable by electronic means.

(i) Federal agency. As defined by 5 U.S.C. 552 (f)(1), a Federal agency is any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency.

(j) Law enforcement investigation. An investigation conducted by a command or activity for law enforcement purposes relating to crime, waste, fraud or national security. Such investigations may include gathering evidence for criminal prosecutions and for civil or regulatory proceedings.

§518.8 Freedom of Information requirements.

(a) Compliance with the FOIA. Army personnel are expected to comply with the FOIA, this part, and Army FOIA policy in both letter and spirit. This strict adherence is necessary to provide uniformity in the implementation of the Army FOIA Program and to create conditions that will promote public trust.
§518.8  32 CFR Ch. V (7–1–09 Edition)

(b) Openness with the public. The DA shall conduct its activities in an open manner consistent with the need for security and adherence to other requirements of law and regulation. Records not specifically exempt from disclosure under the Act shall, upon request, be made readily accessible to the public in accordance with rules promulgated by competent authority, whether or not the Act is invoked.

(1) Operations Security (OPSEC). DA officials who release records under the FOIA must also consider OPSEC. The Army implementing directive is AR 530–1.

(2) DA Form 4948–R. This form lists references and information frequently used for FOIA requests related to OPSEC. Persons who routinely deal with the public (by telephone or letter) on such requests should keep the form on their desks as a guide.

(c) Avoidance of procedural obstacles. Army Activities shall ensure that procedural matters do not unnecessarily impede a requester from obtaining DA records promptly. The Army shall provide assistance to requesters to help them understand and comply with procedures established by this part and any supplemental regulations published by the Army Activities. Coordination of referral of requests with DA FOIA/PA Office should be made telephonically in order to respond to the requester in a timelier manner. Requests will not be mailed to the DA FOIA/PA Office for disposition or coordination with other IDAs.

(d) Prompt action on requests and final response determinations. Generally, when a member of the public complies with the procedures established in this part or instructions for obtaining DA records, and after the request is received by the official designated to respond, Army Activities shall endeavor to provide a final response determination within the statutory 20 working days. If a significant number of requests, or the complexity of the requests prevent a final response determination within the statutory time period, Army Activities shall advise the requester of this fact, and explain how the request will be responded to within its multitrack processing system. A final response determination is notification to the requester that the records are released or partially released, or will be released on a certain date, or the records are withheld under an appropriate FOIA exemption, or the records cannot be provided for one or more of the other reasons. Interim responses acknowledging receipt of the request, negotiations with the requester concerning the scope of the request, the response timeframe, and fee agreements are encouraged; however, such actions do not constitute a final response determination pursuant to the FOIA. If a request fails to meet minimum requirements as set forth, Activities shall contact the requester and inform the requester what would be required to perfect or correct the request, or to limit the scope to allow for the most expeditious response. The statutory 20 working day time limit applies upon receipt of a perfected or correct FOIA request. Before mailing a final response determination and those records or portions thereof deemed releasable, records custodians will obtain a written legal opinion from their servicing judge advocate concerning the releasibility of the requested records. The legal opinion must cite specific exemptions, appropriate justification, and identify if the records were processed under the FOIA, PA (including the applicable systems notice), or both.

(1) Multi-track processing. When an Army Activity has a significant number of pending requests that prevents a response determination being made within 20 working days, the requests shall be processed in a multitrack processing system, based on the date of receipt, the amount of work and time involved in processing the requests, and whether the request qualifies for expedited processing. Army Activities may establish as many processing queues as they wish; however, as a minimum, three processing tracks shall be established, all based on a first-in, first-out concept, and rank or ordered by the date of receipt of the request. One track shall be a processing queue for simple requests, one track for complex requests, and one track shall be a processing queue for expedited processing. Determinations as to whether a request is simple or complex shall be made by each Army Activity.
Department of the Army, DoD

§ 518.8

Army Activities shall provide a requester whose request does not qualify for the fastest queue an opportunity to limit the scope of the request in order to qualify for the fastest queue. This multitrack processing system does not obviate an Activity’s responsibility to exercise due diligence in processing requests in the most expeditious manner possible.

(2) Expedited processing. A separate queue shall be established for requests meeting the test for expedited processing. Expedited processing shall be granted to a requester after the requester requests such and demonstrates a compelling need for the information. Notice of the determination as to whether to grant expedited processing in response to a requester’s compelling need shall be provided to the requester within 10 calendar days after receipt of the request in the Army Activity’s office that will determine whether to grant expedited processing. Once the Army Activity has determined to grant expedited processing, the request shall be processed as soon as practicable. Actions by Army Activities to initially deny or affirm the initial denial on appeal of a request for expedited processing and a failure to respond in a timely manner shall be subject to judicial review. Initial determination of denials of expedited processing will be immediately forwarded to the IDA for action. If the IDA upholds the denial, the requester will be informed of his or her right to appeal.

(i) Imminent threat. Compelling need means that the failure to obtain the records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual.

(ii) Alleged Federal Government activity. Compelling need also means that the information is urgently needed by an individual primarily engaged in disseminating information in order to inform the public concerning actual or alleged Federal Government activity. An individual primarily engaged in disseminating information means a person whose primary activity involves publishing or otherwise disseminating information to the public. Representatives of the news media would normally qualify as individuals primarily engaged in disseminating information. Other persons must demonstrate that their primary activity involves publishing or otherwise disseminating information to the public.

(iii) General public interest. Urgently needed means that the information has a particular value that will be lost if not disseminated quickly. Ordinarily this means a breaking news story of general public interest. However, information of historical interest only or information sought for litigation or commercial activities would not qualify, nor would a news media publication or broadcast deadline unrelated to the news breaking nature of the information.

(iv) Certified statement. A demonstration of compelling need by a requester shall be made by a statement certified by the requester to be true and correct to the best of his or her knowledge. This statement must accompany the request in order to be considered and responded to within the 10 calendar days required for decisions on expedited access.

(v) Other reasons for expedited processing. Another reason that merits expedited processing by Army FOIA offices is an imminent loss of substantial due process rights. A demonstration of imminent loss of substantial due process rights shall be made by a statement certified by the requester to be true and correct to the best of his or her knowledge. The statement mentioned in paragraph (iv) of this section must accompany the request in order to be considered and responded to within the 10 calendar days required for decisions on expedited access. Once the decision has been made to expedite the request for this reason, the request may be processed in the expedited processing queue behind those requests qualifying for compelling need.

(vi) Administrative appeals. These same procedures also apply to requests for expedited processing of administrative appeals.

(e) Use of exemptions. It is Army policy to make records publicly available, unless the record qualifies for exemption under one or more of the nine exemptions. Discretionary releases of information protected under the FOIA
should be made only after full and deliberate consideration of the institutional, commercial, and personal privacy interests that could be implicated by disclosure of the information. When Army activities determine to withhold information using one of the nine exemptions, the Department of Justice (DOJ) will defend the position unless it is found to be lacking a Sound Legal Basis for denial.

(1) Parts of a requested record may be exempt from disclosure under the FOIA. The proper DA official may delete exempt information and release the remainder to the requester. The proper official also has the discretion under the FOIA to release exempt information when appropriate; he or she must exercise this discretion in a reasonable manner, within regulations consistent with current policy considerations. The excised copies shall clearly reflect the denied information by the use of brackets, indicating the removal of information. Bracketed areas must be sufficiently removed so as to reveal no information. The best means to ensure illegibility is to cut out the information from a copy of the document and reproduce the appropriate pages.

(2) If the document is declassified, all classification markings shall be lined through with a single black line, which will allow the markings to be read. The document shall then be stamped “Unclassified.”

(f) Public domain. Nonexempt records released under the authority of this part are considered to be in the public domain. Such records may also be made available in the DA reading room in paper form, as well as electronically, to facilitate public access. Exempt records disclosed without authorization by the appropriate Army FOIA official do not lose their exempt status. Also, while authority may exist to disclose records to individuals in their official capacity, the provisions of this part apply if the same individual seeks the records in a private or personal capacity.

(g) Creating a record. A record must exist and be in the possession and control of DA at the time of the search to be considered subject to this part and the FOIA. There is no obligation to create or compile a record to satisfy a FOIA request. An Army Activity, however, may compile a new record when so doing would result in a more useful response to the requester, or be less burdensome to the agency than providing existing records, and the requester does not object. Cost of creating or compiling such a record may not be charged to the requester unless the fee for creating the record is equal to or less than the fee that would be charged for providing the existing record. Fee assessments shall be in accordance with subpart F of this part.

(1) Concerning electronic data, the issue of whether records are actually created or merely extracted from an existing database is not always readily apparent. Consequently, when responding to FOIA requests for electronic data where creation of a record, programming, or particular format are questionable, Army Activities should apply a standard of reasonableness.

(2) If the capability exists to respond to the request, and the effort would be a business as usual approach, then the request should be processed. However, the request need not be processed where the capability to respond does not exist without a significant expenditure of resources, thus not being a normal business as usual approach. As used in this sense, a significant expenditure of resources in both time and/or manpower that would cause a significant interference with the operation of the Army Activity’s automated information system would not be a business as usual approach.

(h) Description of requested record. Identification of the record desired is the responsibility of the requester. The requester must provide a description of the desired record that enables the Government to locate the record with a reasonable amount of effort. In order to assist Army Activities in conducting more timely searches, requesters should endeavor to provide as much identifying information as possible. When an Army Activity receives a request that does not reasonably describe the requested record, it shall contact the requester and afford the requester the opportunity to perfect the request. Army Activities are not obligated to act on the request until the requester...
perfects the request. When practicable, Army Activities shall contact the requester to aid in identifying the records sought and in reformulating the request to reduce the burden on the agency in complying with the Act. DA FOIA officials will reply to unclear requests by: Describing the defects in the requests; explaining the types of information described below, and ask the requester for such information; and explaining that no action will be taken on the request until the requester replies to the letter.

(1) The following guidelines are provided to deal with generalized requests and are based on the principle of reasonable effort. Descriptive information about a record may be divided into two broad categories: Category I is file-related and includes information such as type of record (for example, memorandum), title, index citation, subject area, date of record creation, and originator; Category II is event-related and includes the circumstances that resulted in the record being created or the date and circumstances surrounding the event the record covers.

(2) Generally, a record is not reasonably described unless the description contains sufficient Category I information to permit an organized, non random search based on the Army Activity’s filing arrangements and existing retrieval systems, or unless the record contains sufficient Category II information to permit an inference of the Category I elements needed to conduct such a search.

(3) The following guidelines deal with requests for personal records. Ordinarily, when personal identifiers are provided only in connection with a request for records concerning the requester, only records in a PA system of records that can be retrieved by personal identifiers need be searched. However, if an Army Activity has reason to believe that records on the requester may exist in a record system other than a PA system, the Army Activity shall search that system under the provisions of the FOIA. In either case, Army Activities may request a reasonable description of the records desired before searching for such records under the provisions of the FOIA and the PA. If the record is required to be released under the FOIA, the Privacy Act does not bar its disclosure.

(4) The previous guidelines notwithstanding, the decision of the Army Activity concerning reasonableness of description must be based on knowledge of its files. If the description enables Army Activity personnel to locate the record with reasonable effort, the description is adequate. The fact that a FOIA request is broad or burdensome in its magnitude does not, in and of itself, entitle an Army Activity to deny the request on the ground that it does not reasonably describe the records sought. The key factor is the ability of the Army Activity’s staff to reasonably ascertain and locate which records are being requested.

(i) Referrals. The Army FOIA referral policy is based upon the concept of the originator of a record making a release determination on its information. If an Army Activity receives a request for records originated by another Army Activity, it will contact the Army Activity to determine if it also received the request, and if not, obtain concurrence from the other Army Activity to refer the request. An Army Activity shall refer a FOIA request for a classified record that it holds to another Army Activity, DoD Component, or agency outside the DoD, if the record originated in another Army Activity or DoD Component or outside agency, or if the classification is derivative. In this situation, provide the record and a release recommendation on the record with the referral action. In either situation, the requester shall be advised of the action taken, unless exempt information would be revealed. While referrals to originators of information result in obtaining the best possible decision on release of the information, the policy does not relieve Army Activities from the responsibility of making a release decision on a record should the requester object to referral of the request and the record. Should this situation occur, Army Activities shall still coordinate with the originator of the information prior to making a release determination. A request received by an Army Activity having no records responsive to a request shall be referred routinely to another Army Activity, if
the other Army Activity has reason to believe it has the requested records. Prior to notifying a requester of a referral to another Army Activity, the Army Activity receiving the initial request shall consult with the other Army Activity to determine if that Army Activity’s association with the material is exempt. If the association is exempt, the Army Activity receiving the initial request will protect the association and any exempt information without revealing the identity of the protected Army Activity. The protected Army Activity should be responsible for submitting the justifications required in any litigation. Any Army Activity receiving a request that has been misaddressed shall refer the request to the proper address and advise the requester. Army Activities making referrals of requests for records shall include with the referral, a point of contact by name, a telephone number, and an e-mail address. If the office receiving the FOIA request does not know where the requested records are located, that activity will contact the DA, FOIA/PA Office, to determine the office where the request should be referred.

(1) An Army Activity shall refer for response directly to the requester a FOIA request for a record that it holds to another Army Activity or agency outside the Army, if the record originated in the other Army Activity or outside agency. Whenever a record or a portion of a record is referred to another Army Activity or to a Government Agency outside of the Army for a release determination and direct response, the requester shall be informed of the referral, unless it has been determined that notification would reveal exempt information. Referred records shall only be identified to the extent consistent with security requirements.

(2) An Army Activity may refer a request for a record that it originated to another Army Activity or agency when the other Army Activity or agency has a valid interest in the record, or the record was created for the use of the other Army Activity or agency. In such situations, provide the record and a release recommendation on the record with the referral action. Include a point of contact with the telephone number. An example of such a situation is a request for audit reports prepared by the U.S. Army Audit Agency. These advisory reports are prepared for the use of contracting officers and their release to the audited contractor shall be at the discretion of the contracting officer. A FOIA request shall be referred to the appropriate Army Activity and the requester shall be notified of the referral, unless exempt information would be revealed. Another example is a record originated by an Army Activity or agency that involves foreign relations, and could affect an Army Activity or organization in a host foreign country. Such a request and any responsive records may be referred to the affected Army Activity or organization for consultation prior to a final release determination within DA.

(3) Within DA, an Army Activity shall ordinarily refer a FOIA request and a copy of the record it holds but that originated with another Army Activity or organization for consultation prior to release. A FOIA request shall be referred to the appropriate Army Activity and the requester shall be notified of the referral, unless exempt information would be revealed. Another example is a record originated by an Army Activity or agency that involves foreign relations, and could affect an Army Activity or organization in a host foreign country. Such a request and any responsive records may be referred to the affected Army Activity or organization for consultation prior to a final release determination within DA.

(4) Army Activities that receive referred requests shall answer them in accordance with the time limits established by the FOIA, this part, and their multitrack processing queues, based upon the date of initial receipt of the request at the referring Activity or agency.

(5) Agencies outside DA that are subject to the FOIA.

(i) An Army Activity may refer a FOIA request for any record that originated in an agency outside DA or that is based on information obtained from an outside agency to the agency for direct response, after direct coordination and obtaining concurrence from the Activity. The requester then shall be notified of such referral. Army Activities shall not, in any case, release or deny such records without prior consultation with the other Army Activity.

(ii) An Army Activity shall refer to the agency that provided the record any FOIA request for investigative intelligence, or any other type of records...
that are on loan to DA for a specific purpose, if the records are restricted from further release and so marked. However, if for investigative or intelligence purposes, the outside agency desires anonymity, an Army Activity may only respond directly to the requester after coordination with the outside agency.

(6) Army Activities that receive requests for records of the National Security Council (NSC), the White House, or the White House Military Office (WHMO) shall process the requests. Army records in which the NSC or White House has a concurrent reviewing interest, and NSC, White House, or WHMO records discovered in Army Activity’s files shall be forwarded through DA, FOIA/PA Office, to the Washington Headquarters Services, Office For Freedom of Information and Security Review (OFOISR). The OFOISR shall coordinate with the NSC, White House, or WHMO and return the records to the originating agency after coordination.

(7) To the extent referrals are consistent with the policies expressed by this section, referrals between offices of the same Army Activity are authorized.

(8) On occasion, the DA receives FOIA requests for Government Accountability Office (GAO) records containing Army information. Even though the GAO is outside the Executive Branch, and not subject to the FOIA, all FOIA requests for GAO documents containing Army information received either from the public or on referral from the GAO shall be processed under the provisions of the FOIA.

(j) Authentication. Records provided under this part shall be authenticated with an appropriate seal, whenever necessary, to fulfill an official Government or other legal function. This service, however, is in addition to that required under the FOIA and is not included in the FOIA fee schedule. Army Activities may charge for the service at a rate of $5.20 for each authentication.

(k) Records management. FOIA records shall be maintained and disposed of in accordance with the National Archives and Records Administration (NARA) General Records Schedule and DoD Component records schedules.

(l) Record-keeping requirements in accordance with the Army Records Information Management System (ARIMS). The records listed below are required by ARIMS in the conduct of the daily business of the Army to provide adequate and proper documentation to protect the rights and interests of individuals and the Federal Government. The full description of the records and their disposition is found at https://www2.arims.army.mil.

(1) FOIA requests, access, and denials;
(2) FOIA administrative files;
(3) FOIA appeals;
(4) FOIA controls;
(5) FOIA reports;
(6) Access to information files;
(7) Safeguarded nondefense information releases;
(8) Nonsafeguarded information releases;
(9) Unauthorized disclosure reports;
(10) Acknowledgement; and
(11) Initial Denial Authority designations/appointments.

(m) Relationship between the FOIA and the Privacy Act (PA). Not all requesters are knowledgeable of the appropriate statutory authority to cite when requesting records, nor are all of them aware of appeal procedures. In some instances, they may cite neither Act, but will imply one or both Acts. For these reasons, the below guidelines are provided to ensure that requesters receive the greatest amount of access rights under both Acts.

(1) If the record is required to be released under the FOIA, the PA does not bar its disclosure. Unlike the FOIA, the PA applies only to U.S. citizens and aliens lawfully admitted for permanent residence.

(2) Requesters who seek records about themselves contained in a PA system of records and who cite or imply only the PA, will have their requests processed under the provisions of both the PA and the FOIA. If the PA system of records is exempt from the provisions of 5 U.S.C. 552a(d)(1) and if the records, or any portion thereof, are exempt under the FOIA, the requester
§ 518.8

shall be so advised with the appropriate PA and FOIA exemption. Appeals shall be processed under both Acts.

(3) Requesters who seek records about themselves that are not contained in a Privacy Act system of records and who cite or imply the PA will have their requests processed under the provisions of the FOIA, since the PA does not apply to these records. Appeals shall be processed under the FOIA.

(4) Requesters who seek records about themselves that are contained in a PA system of records and who cite or imply the FOIA or both Acts will have their requests processed under the provisions of both the PA and the FOIA. If the PA system of records is exempt from the provisions of 5 U.S.C. 552a(d)(1) and if the records, or any portion thereof, are exempt under the FOIA, the requester shall be so advised with the appropriate PA and FOIA exemption. Appeals shall be processed under both Acts.

(5) Requesters who seek access to agency records that are not part of a PA system of records, and who cite or imply the PA and FOIA, will have their requests processed under the FOIA since the PA does not apply to these records. Appeals shall be processed under the FOIA. Requesters who seek access to agency records and who cite or imply the FOIA will have their requests and appeals processed under the FOIA.

(6) Requesters shall be advised in the final response letter, which Act(s) was (were) used, inclusive of appeal rights as outlined in paragraphs (m)(1) through (5) of this section.

(n) Non-responsive information in responsive records. Army Activities shall interpret FOIA requests liberally when determining which records are responsive to the requests, and may release non-responsive information. However, should Army Activities desire to withhold non-responsive information, the following steps shall be accomplished:

(1) Consult with the requester, and ask if the requester views the information as responsive, and if not, seek the requester’s concurrence to delete the non-responsive information without a FOIA exemption. Reflect this concurrence in the response letter.

(2) If the responsive record is unclassified, and the requester does not agree to deletion of non-responsive information without a FOIA exemption, release all non-responsive and responsive information that is not exempt. For non-responsive information that is exempt, notify the requester that even if the information were determined responsive, it would likely be exempt under (state appropriate exemption(s)). Advise the requester of the right to request this information under a separate FOIA request. The separate request shall be placed in the same location within the processing queue as the original request.

(3) If the responsive record is classified, and the requester does not agree to deletion of non-responsive information without a FOIA exemption, release all unclassified responsive and non-responsive information that is not exempt. The classified, non-responsive information need not be reviewed for declassification at this point. Advise the requester that even if the classified information were determined responsive, it would likely be exempt under 5 U.S.C. 552(b)(1), and other exemptions if appropriate. Advise the requester of the right to request this information under a separate FOIA request. The separate request shall be placed in the same location within the processing queue as the original request.

(o) Honoring form or format requests. Army Activities shall provide the record in any form or format requested by the requester if the record is readily reproducible in that form or format. Army Activities shall make reasonable efforts to maintain their records in forms or formats that are reproducible. In responding to requests for records, Army Activities shall make reasonable efforts to search for records in electronic form or format, except when such efforts would significantly interfere with the operation of the Army Activities’ automated information system. Such determinations shall be made on a case-by-case basis.
Subpart B—FOIA Reading Rooms

§ 518.9 Reading rooms.

(a) Reading room location. The DA shall provide an appropriate facility or facilities where the public may inspect and copy or have copied the records described in paragraphs (b)(1) through (4) of this section. In addition to the records described, DA may elect to place other records in their reading room, and also make them electronically available to the public. The Army may share reading room facilities with DoD Components if the public is not unduly inconvenienced, and also may establish decentralized reading rooms. When appropriate, the cost of copying may be imposed on the person requesting the material in accordance with the provisions of subpart F of this part. The Army FOIA Public Reading Room is operated by the DA, FOIA/PA Office.

(b) Record availability. The FOIA requires that records described in 5 U.S.C. 552(a)(2)(A), (B), (C), and (D) created on or after November 1, 1996, shall be made available electronically, as well as in hard copy in the FOIA reading room for inspection and copying, unless such records are published and copies are offered for sale. All portions determined to be exempt in accordance with 5 U.S.C. 552 (reference (a)) shall be deleted from all 5 U.S.C. 552(a)(2) records made available to the general public. In every case, justification for the deletion must be fully explained in writing, and the extent of such deletion shall be indicated on the record that is made publicly available, unless such indication would harm an interest protected by an exemption under which the deletion was made. If technically feasible, the extent of the deletion in electronic records or any other form of record shall be indicated at the place in the record where the deletion was made. However, the Army may publish in the Federal Register a description of the basis upon which it will delete identifying details of particular types of records to avoid clearly unwarranted invasions of privacy, or competitive harm to business submitters. In appropriate cases, the Army may refer to this description rather than write a separate justification for each deletion.

5 U.S.C. 552(a)(2)(A), (B), (C), and (D) records are:

1. (a)(2)(A) records. Final opinions, including concurring and dissenting opinions, and orders made in the adjudication of cases, as defined in 5 U.S.C. 551, that may be cited, used, or relied upon as precedents in future adjudications;

2. (a)(2)(B) records. Statements of policy and interpretations that have been adopted by the agency that are not published in the Federal Register;

3. (a)(2)(C) records. Administrative staff manuals and instructions, or portions thereof that establish Army policy or interpretations of policy that affect a member of the public. This provision does not apply to instructions for employees on tactics and techniques to be used in performing their duties, or to instructions relating only to the internal management of the Army. Examples of manuals and instructions not normally made available are:

(i) Those issued for audit, investigation, and inspection purposes, or those that prescribe operational tactics, standards of performance, or criteria for defense, prosecution, or settlement of cases; and

(ii) Operations and maintenance manuals and technical information concerning munitions, equipment, systems, and intelligence activities.

4. (a)(2)(D) records. Those 5 U.S.C. 552(a)(3) records, which because of the nature of the subject matter, have become or are likely to become the subject of subsequent requests for substantially the same records. These records are referred to as FOIA-processed (a)(2) records.

(i) Army Activities shall decide on a case by case basis whether records fall into this category, based on previous experience of the Army Activity with similar records; particular circumstances of the records involved, including their nature and the type of information contained in them; or the identity and number of requesters and whether there is widespread press, historic, or commercial interest in the records.

(ii) This provision is intended for situations where public access in a timely...
manner is important, and it is not intended to apply where there may be a limited number of requests over a short period of time from a few requesters. Army Activities may remove the records from this access medium when the appropriate officials determine that access is no longer necessary.

(iii) Should a requester submit a FOIA request for FOIA-processed (a)(2) records, and insist that the request be processed, Army Activities shall process the FOIA request. However, Army Activities have no obligation to process a FOIA request for 5 U.S.C. 552(a)(2)(A), (B), and (C) records because these records are required to be made public and not FOIA-processed under paragraph (a)(3) of the FOIA.

§ 518.10 “(a)(2)” materials.

(a) The DA FOIA/PA Office shall maintain in the facility an index of materials described in paragraphs (b)(1) through (4) of §518.9, that are issued, adopted, or promulgated after July 4, 1967. No “(a)(2)” materials issued, promulgated, or adopted after July 4, 1967 that are not indexed and either made available or published may be relied upon, used or cited as precedent against any individual unless such individual has actual and timely notice of the contents of such materials. Such materials issued, promulgated, or adopted before July 4, 1967 need not be indexed, but must be made available upon request if not exempted under this part.

(b) The DA FOIA/PA Office shall promptly publish quarterly or more frequently, and distribute, by sale or otherwise, copies of each index of “(a)(2)” materials or supplements thereto unless it publishes in the FEDERAL REGISTER an order containing a determination that publication is unnecessary and impracticable. A copy of each index or supplement not published shall be provided to a requester at a cost not to exceed the direct cost of duplication as set forth in subpart F of this part.

(c) Each index of “(a)(2)” materials or supplement thereto shall be arranged topically or by descriptive words rather than by case name or numbering system so that members of the public can readily locate material.
requester and the purpose for which the record is sought are irrelevant with the exception that an exemption may not be invoked where the particular interest to be protected is the requester’s interest. However, if the subject of the record is the requester for the record and the record is contained in a PA system of records, it may only be denied to the requester if withholding is both authorized by AR 25-71 and by a FOIA exemption. (a) Number 1 (5 U.S.C. 552 (b)(1)). Those properly and currently classified in the interest of national defense or foreign policy, as specifically authorized under the criteria established by Executive Order and implemented by regulations, such as DoD 5200.1-R. Although material is not classified at the time of the FOIA request, a classification review may be undertaken to determine whether the information should be classified. The procedures in DoD 5200.1-R apply. If the information qualifies as exemption 1 information, there is no discretion regarding its release. In addition, this exemption shall be invoked when the following situations are apparent: (1) The fact of the existence or nonexistence of a record would itself reveal classified information. In this situation, Army Activities shall neither confirm nor deny the existence or nonexistence of the record being requested. A “refusal to confirm or deny” response must be used consistently, not only when a record exists, but also when a record does not exist. Otherwise, the pattern of using a “no record” response when a record does not exist, and a “refusal to confirm or deny” when a record does exist will itself disclose national security information. (2) Compilations of items of information that are individually unclassified may be classified if the compiled information reveals additional association or relationship that meets the standard for classification under an existing executive order for classification and DoD 5200.1-R, and is not otherwise revealed in the individual items of information. (b) Number 2 (5 U.S.C. 552(b)(2)). Those related solely to the internal personnel rules and practices of the DoD or any of its Components. This exemption has two profiles, high (b)(2) and low (b)(2). Activities are encouraged to consult the DA, FOIA/PA Office, and the U.S. DoJ “Freedom of Information Act Guide & Privacy Act Overview” for a more in depth discussion on the legal history of the use of the low (b)(2) exemption. When only a minimal Government interest would be affected (administrative burden), Army Activities shall apply the sound legal basis standard regarding disclosure of the information. Army Activities shall apply the low 2 exemption as applicable. (1) Records qualifying under high (b)(2) are those containing or constituting statutes, rules, regulations, orders, manuals, directives, instructions, security classification guides, and sensitive but unclassified information related to America’s homeland security and critical infrastructure information the release of which would allow circumvention of these records thereby substantially hindering the effective performance or present an unwarranted risk of adverse impact on the ability of other agencies to protect other important records of a significant function of the DA. Examples include: (i) Those operating rules, guidelines, and manuals for Army investigators, inspectors, auditors, or examiners that must remain privileged in order for the Army Activity to fulfill a legal requirement; (ii) Personnel and other administrative matters, such as examination questions and answers used in training courses or in the determination of the qualifications of candidates for employment, entrance on duty, advancement, or promotion; and (iii) Computer software, the release of which would allow circumvention of a statute, DoD or Army rules, regulations, orders, manuals, directives, or instructions. In this situation, the use of the software must be closely examined to ensure a circumvention possibility exists. (2) Records qualifying under the low (b)(2) profile are those that are trivial and housekeeping in nature for which there is no legitimate public interest or benefit to be gained by release, and it would constitute an administrative burden to process the request in order
to disclose the records. Examples include rules of personnel's use of parking facilities or regulation of lunch hours, statements of policy as to sick leave, and administrative data such as file numbers, mailing stamps, initials, data processing notations, brief references to previous communications, and other like administrative markings. Army Activities shall apply the low 2 exemption as applicable.

(c) Number 3 (5 U.S.C. 552(b)(3)). Those concerning matters that a statute specifically exempts from disclosure by terms that permit no discretion on the issue, or in accordance with criteria established by that statute for withholding or referring to particular types of matters to be withheld. The DA, FOIA/PA Office, maintains a list of (b)(3) statutes used within the DoD, and provides updated lists of these statutes to Army Activities on a periodic basis. A few examples of such statutes are:

1. Personnel in Overseas, Sensitive, or Routinely Deployable Units: non-disclosure of personally identifying information, 10 U.S.C. 130(b). Additionally, the names and duty addresses (postal and/or e-mail) of Army military and civilian personnel who are assigned to units that are sensitive, routinely deployable, or stationed in foreign territories can constitute a clearly unwarranted invasion of personal privacy and may also be withheld in accordance with FOIA Exemption 3. Names and duty addresses (postal and/or e-mail) published in telephone directories, organizational charts, rosters and similar materials for personnel assigned to units that are sensitive, routinely deployable, or stationed in foreign territories are withholdable under this exemption, in accordance with 10 U.S.C. 130 ‘Personnel in Overseas, Sensitive, or Routinely Deployable Units’;

2. Classification and Declassification of Restricted Data, 42 U.S.C. 2162;

3. Disclosure of Classified Information, 18 U.S.C. 798(a);

4. Authority to Withhold from Public Disclosure Certain Technical Data, 10 U.S.C. 130 and DoDD 5230.25;

5. Confidentiality of Medical Quality Assurance Records: Qualified Immunity for Participants, 10 U.S.C. 1102(f);

6. Physical Protection of Special Nuclear Material: Limitation on Dissemination of Unclassified Information, 10 U.S.C. 128;

7. Protection of Intelligence Sources and Methods, 50 U.S.C. 403–3(c)(6);

8. Prohibition on Release of Contractor Submitted Proposals, 10 U.S.C. 2305(g);

9. Restrictions on Disclosing and Obtaining Contractor Bid or Proposal Information or Source Selection Information, 41 U.S.C. 423; and

10. Secrecy of Certain Inventions and Filing Applications in a Foreign Country, 35 U.S.C. 181–188. Any records containing information relating to inventions that are the subject of patent applications on which Patent Secrecy Orders have been issued.

(d) Number 4 (5 U.S.C. 552(b)(4)). Those containing trade secrets or commercial or financial information that an Army Activity receives from a person or organization outside the Government with the understanding that the information or record will be retained on a privileged or confidential basis in accordance with the customary handling of such records. Records within the exemption must contain trade secrets, or commercial or financial records, the disclosure of which is likely to cause substantial harm to the competitive position of the source providing the information, impair the Government’s ability to obtain necessary information in the future, or impair some other legitimate Government interest. Commercial or financial information submitted on a voluntary basis, absent any exercised authority prescribing criteria for submission is protected without any requirement to show competitive harm. If the information qualifies as exemption 4 information, there is no discretion in its release. Examples include:

1. Commercial or financial information received in confidence in connection with loans, bids, contracts, or proposals set forth in or incorporated by reference in a contract entered into between the Army Activity and the offeror that submitted the proposal, as well as other information received in confidence or privileged, such as trade secrets, inventions, discoveries, or other proprietary data. Additionally, when
the provisions of 10 U.S.C. 2305(g) and 41 U.S.C. 423 are met, certain proprietary and source selection information may be withheld under exemption 3;

(2) Statistical data and commercial or financial information concerning contract performance, income, profits, losses, and expenditures, if offered and received in confidence from a contractor or potential contractor;

(3) Personal statements given in the course of inspections, investigations, or audits, when such statements are received in confidence from the individual and retained in confidence because they reveal trade secrets or commercial or financial information normally considered confidential or privileged;

(4) Financial data provided in confidence by private employers in connection with locality wage surveys that are used to fix and adjust pay schedules applicable to the prevailing wage rate of employees within the DA;

(5) Scientific and manufacturing processes or developments concerning technical or scientific data or other information submitted with an application for a research grant, or with a report while research is in progress;

(6) Technical or scientific data developed by a contractor or subcontractor exclusively at private expense, and technical or scientific data developed in part with Federal funds and in part at private expense, wherein the contractor or subcontractor has retained legitimate proprietary interests in such data in accordance with 10 U.S.C. 2320-2311 and DoD Federal Acquisition Regulation Supplement (DFARS), subpart 27.4. Technical data developed exclusively with Federal funds may be withheld under Exemption Number 3 if it meets the criteria of 10 U.S.C. 130 and DoDD 5230.25;

(7) Computer software, which is copyrighted in accordance with 17 U.S.C. 106, ‘Exclusive rights in Copyrighted Works,’ the disclosure of which would have an adverse impact on the potential market value of a copyrighted work; and

(8) Proprietary information submitted strictly on a voluntary basis, absent any exercised authority prescribing criteria for submission. Examples of exercised authorities prescribing criteria for submission are statutes, Executive Orders, regulations, invitations for bids, requests for proposals, and contracts. Submission of information under these authorities is not voluntary.

(e) Number 5 (5 U.S.C. 552(b)(5)). Those containing information considered privileged in litigation, primarily under the deliberative process privilege. Except as provided in paragraphs (e)(1) through (5) of this section, internal advice, recommendations, and subjective evaluations, as contrasted with factual matters that are reflected in deliberative records pertaining to the decision-making process of an agency, whether within or among agencies (as defined in 5 U.S.C. 552(e)), or within or among Army Activities. In order to meet the test of this exemption, the record must be both deliberative in nature, as well as part of a decision-making process. Merely being an internal record is insufficient basis for withholding under this exemption. Also potentially exempted are records pertaining to the attorney-client privilege and the attorney work-product privilege. Discretionary disclosure decisions should be made only after full and deliberate consideration of the institutional, commercial, and personal privacy interests that could be implicated by disclosure of the information.

(1) Examples of the deliberative process include:

(i) The non-factual portions of staff papers, to include after-action reports, lessons learned, and situation reports containing staff evaluations, advice, opinions, or suggestions;

(ii) Advice, suggestions, or evaluations prepared on behalf of the DA by individual consultants or by boards, committees, councils, groups, panels, conferences, commissions, task forces, or other similar groups that are formed for the purpose of obtaining advice and recommendations;

(iii) Those non-factual portions of evaluations by DoD Component personnel of contractors and their products;

(iv) Information of a speculative, tentative, or evaluative nature or such matters as proposed plans to procure, lease or otherwise acquire and dispose of materials, real estate, facilities or
functions, when such information would provide undue or unfair competitive advantage to private personal interests or would impede legitimate government functions;

(v) Trade secret or other confidential research development, or commercial information owned by the Government, where premature release is likely to affect the Government's negotiating position or other commercial interest;

(vi) Those portions of official reports of inspection, reports of the Inspector Generals, audits, investigations, or surveys pertaining to safety, security, or the internal management, administration, or operation of one or more Army Activities, when these records have traditionally been treated by the courts as privileged against disclosure in litigation; and

(vii) Planning, programming, and budgetary information that is involved in the defense planning and resource allocation process.

(2) If any such intra- or inter-agency record or reasonably segregable portion of such record hypothetically would be made available routinely through the discovery process in the course of litigation with the Army, then it should not be withheld under the FOIA. If, however, the information hypothetically would not be released at all, or would only be released in a particular case during civil discovery where a party's particularized showing of need might override a privilege, then the record may be withheld. Discovery is the formal process by which litigants obtain information from each other for use in the litigation. Consult with legal counsel to determine whether exemption 5 material would be routinely made available through the discovery process.

(3) Intra- or inter-agency memoranda or letters that are factual, or those reasonably segregable portions that are factual, are routinely made available through discovery, and shall be made available to a requester, unless the factual material is otherwise exempt from release, inextricably intertwined with the exempt information, so fragmented as to be uninformative, or so redundant of information already available to the requester as to provide no new substantive information.

(4) A direction or order from a superior to a subordinate, though contained in an internal communication, generally cannot be withheld from a requester if it constitutes policy guidance or a decision, as distinguished from a discussion of preliminary matters or a request for information or advice that would compromise the decision-making process.

(5) An internal communication concerning a decision that subsequently has been made a matter of public record must be made available to a requester when the rationale for the decision is expressly adopted or incorporated by reference in the record containing the decision.

(f) Number 6 (5 U.S.C. 552(b)(6)). Information in personnel and medical files, as well as similar personal information in other files, and lists of personally identifying information of Army personnel, that, if disclosed to a requester, other than the person about whom the information is about, would result in a clearly unwarranted invasion of personal privacy. Release of information about an individual contained in a Privacy Act System of Records that would constitute a clearly unwarranted invasion of privacy is prohibited, and could subject the releaser to civil and criminal penalties. If the information qualifies as exemption 6 information, there is no discretion regarding its release.

(1) Examples of other files containing personal information similar to that contained in personnel and medical files include:

(i) Those compiled to evaluate or adjudicate the suitability of candidates for civilian employment or membership in the Armed Forces, and the eligibility of individuals (civilian, military, or contractor employees) for security clearances, or for access to particularly sensitive classified information; and

(ii) Files containing reports, records, and other material pertaining to personnel matters in which administrative action, including disciplinary action, may be taken.

(2) Army components shall ordinarily withhold lists of names (including active duty military, civilian employees, contractors, members of the National
Department of the Army, DoD § 518.13

Guard and Reserves, and military dependents) and other personally identifying information, including lists of e-mail addresses of personnel currently or recently assigned within a particular component, unit, organization, or office within the Army. Home addresses, including private e-mail addresses, are normally not releasable without the consent of the individuals concerned. This includes lists of home addresses and military quarters’ addresses without the occupant’s name.

(i) Privacy Interest. A privacy interest may exist in personal information even though the information has been disclosed at some place and time. If personal information is not freely available from sources other than the Federal Government, a privacy interest exists in its nondisclosure. The fact that the Federal Government expended funds to prepare, index and maintain records on personal information, and the fact that a requester invokes FOIA to obtain these records indicates the information is not freely available.

(ii) The right to privacy of deceased persons is not entirely settled, but the majority rule is that death extinguishes their privacy rights. However, particularly sensitive, graphic, personal details about the circumstances surrounding an individual’s death may be withheld when necessary to protect the privacy interests of surviving family members. Even information that is not particularly sensitive in and of itself may be withheld to protect the privacy interests of surviving family members if disclosure would rekindle grief, anguish, pain, embarrassment, or cause a disruption of their peace of mind. Additionally, the deceased’s social security number should be withheld since it is used by the next of kin to receive benefits. Disclosures of the deceased’s social security number may be made to the immediate next of kin.

(iii) A clearly unwarranted invasion of the privacy of third parties identified in a personnel, medical or similar record constitutes a basis for deleting those reasonably segregable portions of that record. When withholding third party personal information from the subject of the record and the record is contained in a Privacy Act system of records, consult with legal counsel.

(iv) This exemption also applies when the fact of the existence or nonexistence of a responsive record would itself reveal personally private information, and the public interest in disclosure is not sufficient to outweigh the privacy interest. In this situation, Army Activities shall neither confirm nor deny the existence or nonexistence of the record being requested. This is a “Glomar” response, and exemption 6 must be cited in the response. Additionally, in order to ensure personal privacy is not violated during referrals, Army Activities shall coordinate telephonically or in person with other Army Activities or DoD Components or Federal Agencies before referring a record that is exempt under the “Glomar” concept. See Phillippi v. CIA, 546 F.2d 1009 (DC Cir. 1976).

(v) A “refusal to confirm or deny” response must be used consistently, not only when a record exists, but also when a record does not exist. Otherwise, the pattern of using a “no records” response when a record does not exist and a “refusal to confirm or deny” when a record does exist will itself disclose personally private information. Refusal to confirm or deny should not be used when:

(A) The person whose personal privacy is in jeopardy has provided the requester a waiver of his or her privacy rights;

(B) The person initiated or directly participated in an investigation that lead to the creation of an agency record seeks access to that record; or

(C) The person whose personal privacy is in jeopardy is deceased, the Agency is aware of that fact, and disclosure would not invade the privacy of the deceased’s family.

(g) Number 7 (5 U.S.C. 552(b)(7)).

Records or information compiled for law enforcement purposes, i.e., civil, criminal, or military, including the implementation of Executive Orders or regulations issued pursuant to law. This exemption may be invoked to prevent disclosure of documents not originally created for, but later gathered for law enforcement purposes. With the exception of parts (C) and (F), this exemption is discretionary. If information qualifies as exemption (7)(C) or

139
(7)(F) information, there is no discretion in its release.

(1) This exemption applies, however, only to the extent that production of such law enforcement records or information could result in the following:

(i) Could reasonably be expected to interfere with law enforcement proceedings (5 U.S.C. 552(b)(7)(A));

(ii) Would deprive a person of the right to a fair trial or to an impartial adjudication (5 U.S.C. 552(b)(7)(B));

(iii) Could reasonably be expected to constitute an unwarranted invasion of the personal privacy of a living person, or to surviving family members of an individual identified in such a record (5 U.S.C. 552(b)(7)(C));

(iv) This exemption also applies when the fact of the existence or nonexistence of a responsive record would itself reveal personally private information, and the public interest in disclosure is not sufficient to outweigh the privacy interest. In this situation, Activities shall neither confirm nor deny the existence or nonexistence of the record being requested. This is a “Glomar” response, and exemption (7)(C) must be cited in the response. Additionally, in order to ensure personal privacy is not violated during referrals, Army Activities shall coordinate with other Army Activities or DoD Components or Federal Agencies before referring a record that is exempt under the “Glomar” concept;

(v) A “refusal to confirm or deny” response must be used consistently, not only when a record exists, but also when a record does not exist. Otherwise, the pattern of using a “no records” response when a record does not exist and a “refusal to confirm or deny” when a record does exist will itself disclose personally private information;

(vi) Refusal to confirm or deny should not be used when the person whose personal privacy is in jeopardy has provided the requester with a waiver of his or her privacy rights; or the person whose personal privacy is in jeopardy is deceased, and the Agency is aware of that fact and disclosure would not invade the privacy of the deceased’s family;

(vii) Could reasonably be expected to disclose the identity of a confidential source, including a source within DoD, a State, local, or foreign agency or authority, or any private institution that furnishes the information on a confidential basis; and could disclose information furnished from a confidential source and obtained by a criminal law enforcement authority in a criminal investigation or by an agency conducting a lawful national security intelligence investigation (5 U.S.C. 552(b)(7)(D));

(viii) Would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law (5 U.S.C. 552(b)(7)(E)); or

(ix) Could reasonably be expected to endanger the life or physical safety of any individual (5 U.S.C. 552(b)(7)(F)).

(2) Some examples of exemption 7 are:

(i) Statements of witnesses and other material developed during the course of the investigation and all materials prepared in connection with related Government litigation or adjudicative proceedings;

(ii) The identity of firms or individuals being investigated for alleged irregularities involving contracting with the DoD when no indictment has been obtained or any civil action filed against them by the United States; and

(iii) Information obtained in confidence, expressed or implied, in the course of a criminal investigation by a criminal law enforcement agency or office within an Army Activity or a DoD Component, or a lawful national security intelligence investigation conducted by an authorized agency or office within an Army Activity or a DoD Component. National security intelligence investigations include background security investigations and those investigations conducted for the purpose of obtaining affirmative or counterintelligence information.

(3) The right of individual litigants to investigative records currently available by law (such as, the Jencks Act, 18 U.S.C. 3500), is not diminished.
Department of the Army, DoD

§ 518.15

(4) Excluded from exemption 7 are two situations applicable to DoD. (Activities considering invoking an exclusion based on the following scenarios should first consult through legal counsel, to the DoJ, Office of Information and Privacy (DoJ OIP).

(i) Whenever a request is made that involves access to records or information compiled for law enforcement purposes, and the investigation or proceeding involves a possible violation of criminal law where there is reason to believe that the subject of the investigation or proceeding is unaware of its pendency, and the disclosure of the existence of the records could reasonably be expected to interfere with enforcement proceedings. Activities may, during only such times as that circumstance continues, treat the records or information as not subject to the FOIA. In such a situation, the response to the requester will state that no records were found.

(ii) Whenever informant records maintained by a criminal law enforcement organization within an Army Activity or a DoD Component under the informant’s name or personal identifier are requested by a third party using the informant’s name or personal identifier, the Activity may treat the records as not subject to the FOIA, unless the informant’s status as an informant has been officially confirmed. If it is determined that the records are not subject to 5 U.S.C. 552(b)(7), the response to the requester will state that no records were found.

(g) Number 8 (5 U.S.C. 552 (b)(8)). Those contained in or related to examination, operation or condition reports prepared by, on behalf of, or for the use of any agency responsible for the regulation or supervision of financial institutions.

(h) Number 9 (5 U.S.C. 552 (b)(9)). Those containing geological and geophysical information and data (including maps) concerning wells.

Subpart D—For Official Use Only

§ 518.14 General.

Information that has not been given a security classification pursuant to the criteria of an Executive Order, but which may be withheld from the public because disclosure would cause harm to an interest protected by one or more FOIA exemptions 2 through 9 (see Subpart C of this part) shall be considered as being for official use only (FOUO). No other material shall be considered FOUO and FOUO is not authorized as an additional form of classification to protect national security interests. Additional information on FOUO and other controlled, unclassified information may be found in DoD 5200.1-R, “Information Security Program” or by contacting the DA FOIA/PA Office.

Subpart E—Release and Processing Procedures

§ 518.15 General provisions.

(a) Since the policy of the DoD is to make the maximum amount of information available to the public consistent with its other responsibilities, written requests for an Army record made under the provisions of 5 U.S.C. 552 (a)(3) of the FOIA may be denied only when:

(1) The record is subject to one or more of the exemptions of the FOIA;

(2) The record has not been described well enough to enable the Army Activity to locate it with a reasonable amount of effort by an employee familiar with the files; or

(3) The requester has failed to comply with the procedural requirements, including the written agreement to pay or payment of any required fee imposed by the instructions of the Army Activity concerned. When personally identifiable information in a record is requested by the subject of the record or his attorney, notarization of the request, or a statement certifying under the penalty of perjury that their identity is true and correct may be required. Additionally, written consent of the subject of the record is required for disclosure from a PA system of records, to include the subject’s attorney.

(4) Release of information under the FOIA can have an adverse impact on OPSEC. The Army implementing directive for OPSEC is AR 530-1. It requires that OPSEC points of contact be named for all HQDA staff agencies and for all commands down to battalion level. The FOIA official for the staff
agency or command will use DA Form 4948–R to announce the OPSEC/FOIA advisor for the command. Persons named as OPSEC points of contact will be OPSEC/FOIA advisors. Command OPSEC/FOIA advisors should implement the policies and procedures in AR 530–1, consistent with this part and with the following considerations:

(i) Documents or parts of documents properly classified in the interest of national security must be protected. Classified documents may be released in response to a FOIA request only under AR 380–5, Chapter III. AR 380–5 provides that if parts of a document are not classified and can be segregated with reasonable ease, they may be released, but parts requiring continued protection must be clearly identified.

(ii) The release of unclassified documents could violate national security. When this appears possible, OPSEC/FOIA advisors should request a classification evaluation of the document by its proponent under AR 380–5, paragraphs 2–204, 2–600, 2–800, and 2–801. In such cases, other FOIA exemptions may also apply.

(iii) A combination of unclassified documents, or parts of them, could combine to supply information that might violate national security if released. When this appears possible, OPSEC/FOIA advisors should consider classifying the combined information per AR 380–5, paragraph 2–211.

(iv) A document or information may not be properly or currently classified when a FOIA request for it is received. In this case, the request may not be denied on the grounds that the document or information is classified except in accordance with Executive Order 12958 as amended, section 1.6(d), and AR 380–5, paragraph 2–204, and with approval of the Army OGC.

(5) OPSEC/FOIA advisors will: advise persons processing FOIA requests on related OPSEC requirements; help custodians of requested documents prepare requests for classification evaluations; and help custodians of requested documents identify the parts of documents that must remain classified under this section and AR 380–5.

(6) OPSEC/FOIA advisors do not, by their actions, relieve FOIA personnel and custodians processing FOIA requests of their responsibility to protect classified or exempted information.

(b) The provisions of the FOIA are reserved for persons with private interests as opposed to U.S. Federal Agencies seeking official information. Requests from private persons will be made in writing, and should clearly show all other addressees within the Federal Government to which the request was also sent. This procedure will reduce processing time requirements, and ensure better inter- and intra-agency coordination. However, if the requester does not show all other addressees to which the request was also sent, Army Activities shall still process the request. Army Activities should encourage requesters to send requests by mail, facsimile, or by electronic means. Disclosure of records to individuals under the FOIA is considered public release of information, except as provided in this paragraph. DA officials will release the following records, upon request, to the persons specified below, even though these records are exempt from release to the general public. The statutory 20 working day limit applies.

(1) Medical records. Commanders or chiefs of medical treatment facilities will release information:

(i) On the condition of sick or injured patients to the patient’s relatives to the extent permitted by law and regulation.

(ii) That a patient’s condition has become critical to the nearest known relative or to the person the patient has named to be informed in an emergency.

(iii) That a diagnosis of psychosis has been made to the nearest known relative or to the person named by the patient.

(iv) On births, deaths, and cases of communicable diseases to local officials (if required by local laws).

(v) Copies of records of present or former soldiers, dependents, civilian employees, or patients in DA medical facilities will be released to the patient or to the patient’s representative on written request. The attending physician can withhold records if he or she thinks that release may injure the patient’s mental or physical health; in that case, copies of records will be released to the patient’s next of kin or
legal representative or to the doctor or dentist chosen by the patient. If the patient is adjudged insane, or dies, the copies will be released, on written request, to the patient's next of kin or legal representative.

(vi) Copies of records may be given to a Federal or State hospital or penal institution if the person concerned is an inmate or patient there.

(vii) Copies of records or information from them may be given to authorized representatives of certain agencies. The National Academy of Sciences, the National Research Council, and other accredited agencies are eligible to receive such information when they are engaged in cooperative studies, with the approval of The Surgeon General of the Army. However, certain information on drug and alcohol use cannot be released. AR 600–85 covers the Army's substance abuse program.

(viii) Copies of pertinent parts of a patient's records can be furnished to the staff judge advocate or legal officer of the command in connection with the Government's collection of a claim. If proper, the legal officer can release this information to the tortfeasor's insurer without the patient's consent.

NOTE: Information released to third parties must be accompanied by a statement of the conditions of release. The statement will specify that the information not be disclosed to other persons except as privileged communication between doctor and patient.

(2) Military personnel records. Military personnel records will be released under these conditions:

(i) DA must provide specific information about a person's military service (statement of military service) in response to a request by that person or with that person's written consent to his or her legal representative;

(ii) Papers relating to applications for, designation of beneficiaries under, and allotments to pay premiums for, National Service Life Insurance or Serviceman's Group Life Insurance will be released to the applicant or to the insured. If the insured is adjudged insane (evidence of an insanity judgment must be included) or dies, the records will be released, on request, to designated beneficiaries or to the next of kin;

(iii) Copies of DA documents that record the death of a soldier, a depend-
(ii) Information that will not be released. Before evidence has been presented in open court, subjective observations or any information not incontrovertibly factual will not be released. Background information or information relating to the circumstances of an apprehension may be prejudicial to the best interests of the accused, and will not be released unless it serves a law enforcement function. The following kinds of information will not be released: Observations or comments on an accused's character and demeanor, including those at the time of apprehension and arrest or during pretrial custody. Statements, admissions, confessions, or alibis attributable to an accused, or the fact of refusal or failure of the accused to make a statement. Reference to confidential sources, investigative techniques and procedures, investigator notes, and activity files. This includes reference to fingerprint tests, polygraph examinations, blood tests, firearms identification tests, or similar laboratory tests or examinations. Statements as to the identity, credibility, or testimony of prospective witnesses. Statements concerning evidence or argument in the case, whether or not that evidence or argument may be used at the trial. Any opinion on the accused's guilt. Any opinion on the possibility of a plea of guilty to the offense charged, or of a plea to a lesser offense;

(iii) Other considerations. Photographing or televising the accused. DA personnel should not encourage or volunteer assistance to news media in photographing or televising an accused or suspected person being held or transported in military custody. DA representatives should not make photographs of an accused or suspect available unless a law enforcement function is served. Requests from news media to take photographs during courts-martial are governed by AR 360–1;

(iv) Fugitives from justice. This section does not restrict the release of information to enlist public aid in apprehending a fugitive from justice; or

(v) Exceptional cases. Permission to release information from military personnel records to public news agencies or media may be requested from The Judge Advocate General (TJAG). Requests for information from military personnel records will be processed according to this part.

(5) Litigation, tort claims, and contract disputes. Release of information or records under this section are subject to the time limitations prescribed by the FOIA. The requester must be advised of the reasons for nonrelease or referral.

(i) Litigation. Each request for a record related to pending litigation involving the United States will be referred to the staff judge advocate or legal officer of the command. He or she will promptly inform the Litigation Division, U.S. Army Legal Services Agency (USALSA), of the substance of the request and the content of the record requested. (Mailing address: U.S. Army Litigation Center, 901 N. Stuart Street, Arlington, VA 22203–1837. If information is released for use in litigation involving the United States, the Chief, Army Litigation Division (AR 27–40, para 1–4d) must be advised of the release. He or she will note the release in such investigative reports. Information or records normally exempted from release (i.e., personnel and medical records) may be releasable to the judge or court concerned, for use in litigation to which the United States is not a party. Refer such requests to the local staff judge advocate or legal officer, who will coordinate it with the Litigation Center, USALSA.

(ii) Tort claims. A claimant or a claimant's attorney may request a record that relates to a pending administrative tort claim filed against the DA. Refer such requests promptly to the claims approving or settlement authority that has monetary jurisdiction over the pending claim. These authorities will follow AR 27–20. The request may concern an incident in which the pending claim is not as large as a potential claim; in such a case, refer the request to the authority that has monetary jurisdiction over the potential claim. A potential claimant or his or her attorney may request information under circumstances clearly indicating that it will be used to file a tort claim, though none has yet been filed. Refer such requests to the staff judge advocate or legal officer of the command.
That authority, when subordinate, will promptly inform the Chief, U.S. Army Claims Service (USACS), of the substance of the request and the content of the record. (Mailing address: U.S. Army Claims Service, ATTN: JACS–TCC, Fort George G. Meade, MD 20755–5360. IDA officials who receive requests will refer them directly to the Chief, USACS. They will also advise the requesters of the referral and the basis for it. The Chief, USACS, will process requests according to this part and AR 27–20, paragraph 1–10.

(iii) Contract disputes. Each request for a record that relates to a potential contract dispute or a dispute that has not reached final decision by the contracting officer will be treated as a request for procurement records and not as litigation. However, the officials will consider the effect of release on the potential dispute. Those officials may consult with the USALSA, Contract Appeals Division. (Mailing address: U.S. Army Legal Services Agency, ATTN: JALS–CA, 901 North Stuart Street, Arlington, VA 22203. If the request is for a record that relates to a pending contract appeal to the Armed Services Board of Contract Appeals, or to a final decision that is still subject to appeal (i.e., 90 days have not lapsed after receipt of the final decision by the contractor) then the request will be: Treated as involving a contract dispute; and referred to the USALSA, Contract Appeals Division.

(6) Special nuclear material. Dissemination of unclassified information concerning physical protection of special nuclear material.

(i) Unauthorized dissemination of unclassified information pertaining to security measures, including security plans, procedures, and equipment for the physical protection of special nuclear material, is prohibited under 10 U.S.C. 128.

(ii) This prohibition shall be applied by the Deputy Chief of Staff, G–3 as the IDA, to prohibit the dissemination of any such information only if and to the extent that it is determined that the unauthorized dissemination of such information could reasonably be expected to have a significant adverse effect on the health and safety of the public or the common defense and security by significantly increasing the likelihood of illegal production of nuclear weapons, theft, diversion, or sabotage of special nuclear materials, equipment, or facilities.

(iii) In making such a determination, Army personnel may consider what the likelihood of an illegal production, theft, diversion, or sabotage would be if the information proposed to be prohibited from dissemination were at no time available for dissemination.

(iv) Army personnel shall exercise the foregoing authority to prohibit the dissemination of any information described so as to apply the minimum restrictions needed to protect the health and safety of the public or the common defense and security, and upon a determination that the unauthorized dissemination of such information could reasonably be expected to result in a significant adverse effect on the health and safety of the public or the common defense and security by significantly increasing the likelihood of illegal production of nuclear weapons, theft, diversion, or sabotage of special nuclear materials, equipment, or facilities.

(v) Army employees shall not use this authority to withhold information from the appropriate committees of Congress.

(7) Names and duty addresses. Lists of names, including telephone directories, organizational charts, and/or staff directories published by installations or activities, and other personally identifying information will ordinarily be withheld when requested under the FOIA. This does not preclude a discretionary release of names and duty information of personnel who, by the nature of their position and duties, frequently interact with the public, such as general officers, public affairs officers, and other personnel designated as official command spokespersons. The IDA for telephone directories is delegated to the DA, FOIA/PA Office. Public Affairs Offices may, after careful analysis, release information determined to have legitimate news value, such as notices of personnel reassignments to new units or installations within the continental United States, results of selection/promotion boards, school graduations/completions, and
§518.15

32 CFR Ch. V (7–1–09 Edition)

awards and similar personal achievements. They may release the names and duty addresses of key officials, if such release is determined to be in the interests of advancing official community relation’s functions.

(c) Requests from government officials. Requests from officials of State or local Governments for Army Activity records shall be considered the same as any other requester. Requests from members of Congress not seeking records on behalf of a Congressional Committee, Subcommitte, either House sitting as a whole, or made on behalf of their constituents shall be considered the same as any other requester. Requests from officials of foreign governments shall be considered the same as any other requester; however, Army Intelligence elements are statutorily prohibited from releasing records responsive to requests made by any foreign government or a representative of a foreign government. Requests from officials of foreign governments that do not invoke the FOIA shall be referred to appropriate foreign disclosure channels and the requester so notified.

(d) Privileged release outside of the FOIA to U.S. government officials. Records exempt from release to the public under the FOIA may be disclosed in accordance with Army regulations to agencies of the Federal Government, whether legislative, executive, or administrative, as follows:

(1) In response to a request of a Committee or Subcommittee of Congress, or to either House sitting as a whole in accordance with DoDD 5400.4. The Army implementing directive is AR 1–20. Commanders or chiefs will notify the Chief of Legislative Liaison of all releases of information to members of Congress or staffs of congressional committees. Organizations that in the normal course of business are required to provide information to Congress may be excepted. Handle requests by members of Congress (or staffs of congressional committees) for inspection of copies of official records as follows:

(i) National security classified records, follow AR 380–5;

(ii) Civilian personnel records, members of Congressional Committees, Subcommittees, or Joint Committees may examine official personnel folders to the extent that the subject matter falls within their established jurisdictions, as permitted by 5 CFR 297.401(i);

(iii) Information related to disciplinary action. This paragraph refers to records of trial by courts-martial; nonjudicial punishment of military personnel under the Uniform Code of Military Justice, Article 15; nonpunitive measures such as administrative reprimands and admonitions; suspensions of civilian employees; and similar documents. If DA has specific instructions on the request, the following will apply. Subordinate commanders will not release any information without securing the consent of the proper installation commander. The installation commander may release the information unless the request is for a classified or “FOUO” document. In that case the commander will refer the request promptly to the Chief of Legislative Liaison for action, including the recommendations of the transmitting agency and copies of the requested records with the referral.

(iv) Military personnel records. Only HQDA can release information from these records. Custodians will refer all requests from Congress directly and promptly to the Chief of Legislative Liaison, HQDA, Washington DC 20310–1600.

(v) Criminal investigation records. Only the Commanding General, U.S. Army Criminal Investigation Command (USACIDC), can release any USACIDC-originated criminal investigation file. For further information, see AR 195–2.

(vi) Other exempt records. Commanders or chiefs will refer requests for all other categories of exempt information directly to the Chief of Legislative Liaison. They will include a copy of the material requested and, as appropriate, recommendations concerning release or denial.

(vii) All other records. The commander or chief with custody of the records will furnish all other information promptly; to other Federal Agencies, both executive and administrative, as determined by the head of an Army Activity or designee; or in response to an order of a Federal court, Army Activities shall release information along with a description of the restrictions on its release to the public;
Disciplinary actions and criminal investigations. Requests for access to, or information from, the records of disciplinary actions or criminal investigations will be honored if proper credentials are presented. Representatives of the Office of Personnel Management may be given information from personnel files of employees actually employed at organizations or activities. Each such request will be considered on its merits. The information released will be the minimum required in connection with the investigation being conducted.

Other types of requests. All other official requests received by DA elements from agencies of the executive branch (including other military departments) will be honored, if there are no compelling reasons to the contrary. If there are reasons to withhold the records, the requests will be submitted for determination of the propriety of release to the appropriate addresses shown in Appendix B of this part.

Army Activities shall inform officials receiving records under the provisions of this section that those records are exempt from public release under the FOIA. Army Activities also shall advise officials of any special handling instructions. Classified information is subject to the provisions of DoD 5200.1–R, and information contained in Privacy Act systems of records is subject to DoD 5400.11–R.

Consultation with affected DoD component. (a) When an Army Activity receives a FOIA request for a record in which an affected Army or DoD organization (including a Combatant Command) has a clear and substantial interest in the subject matter, consultation with that affected Army or DoD organization is required. As an example, where an Army Activity receives a request for records related to DoD operations in a foreign country, the cognizant Combatant Command for the area involved in the request shall be consulted before a release is made. Consultations may be telephonic, electronic, or in hard copy.

(b) FOIA requesters may ultimately appeal if they are dissatisfied with adverse determinations. It is crucial to forward complete packets to the IDAs. Ensure cover letters list all attachments and describe from where the records were obtained, i.e., a PA system of records (including the applicable systems notice), or other. If a FOIA action is complicated, include a chronology of events to assist the IDA in understanding what happened in the course of processing the FOIA request. If a file does not include documentation described below, include the tab,
§ 518.16 32 CFR Ch. V (7–1–09 Edition)

and insert a page marked “not applicable” or “not used.” The order and contents of FOIA file attachments follow:

(Tab A or 1) The original FOIA request and envelope (if applicable); (Tab B or 2) The response letter; (Tab C or 3) Copies of all records entirely released, single-sided; (Tab D or 4) Copies of administrative processing documents, including extension letters and “no records” certificates, in chronological order; (Tab E or 5) Copies of all records partially released or entirely denied, single-sided. For partially released records, mark in yellow highlighter (or other readable highlighter) those portions withheld; and (Tab F or 6) Legal opinions(s).

(c) The initial determination of whether to make a record available or grant a fee waiver upon request may be made by any suitable official designated by the Army Activity in published regulations. The presence of the marking “FOUO” does not relieve the designated official of the responsibility to review the requested record for the purpose of determining whether an exemption under this part is applicable and should be invoked. IDAs may delegate all or part of their authority to a division chief under its supervision within the Agency in the grade of O5/civilian equivalent. Requests for delegation authority below this level must be submitted, after coordination, to the DA FOIA/PA Office, with detailed justification, for approval. Such delegations must not slow FOIA actions. If an IDA’s delegate denies a FOIA or fee waiver request, the delegate must clearly state that he or she is acting for the IDA and identify the IDA by name and position in the written response to the requester. IDAs will send only the names, offices, and telephone numbers of their delegates to the DA, FOIA/PA Office. IDAs will keep this information current.

(d) The officials designated by Army Activities to make initial determinations should consult with public affairs officers (PAOs) to become familiar with subject matters that are considered to be newsworthy, and advise PAOs of all requests from news media representatives. In addition, the officials should inform PAOs in advance when they intend to withhold or partially withhold a record, if it appears that the withholding action may be challenged in the media. A FOIA release or denial action, appeal, or court review may generate public or press interest. In such case, the IDA (or delegate) should consult the Chief of Public Affairs or the command or organization PAO. The IDA should inform the PAO contacted of the issue and obtain advice and recommendations on handling its public affairs aspect. Any advice or recommendations requested or obtained should be limited to this aspect. Coordination must be completed within the statutory 20 working day FOIA response limit. (The point of contact for the Army Chief of Public Affairs is HQDA (SAPA–OSR), Washington DC 20310–1500). If the request involves actual or potential litigation against the United States, release must be coordinated with The Judge Advocate General (TJAG).

(29) Special IDA authority for time-event related records may be designated on a case-by-case basis. These will be published in the Federal Register. You may contact the DA, FOIA/PA Office to obtain current information on special delegations.

(f) Reasons for not releasing a record. The following are reasons for not complying with a request for a record under 5 U.S.C. 552(a)(3).

(1) No records. A reasonable search of files failed to identify responsive records. The records custodian will prepare a detailed no records certificate. This certificate must include, at a minimum, what areas or offices were searched and how the search was conducted (manually, by computer, etc.). The certificate will be signed by the records custodian and will include his or her grade and title. The original certificate will be forwarded to the IDA. Preprinted “check-the-block” or “fill-in-the-blank” no records certificates are not authorized.

(2) Referrals. The request is transferred to another Army Activity or DoD Component, or to another Federal Agency.

(3) Request withdrawn. The request is withdrawn by the requester.

(4) Fee-related reason. The requester is unwilling to pay fees associated with a request; the requester is past due in the payment of fees from a previous FOIA request; or the requester disagrees with the fee estimate.

(5) Records not reasonably described. A record has not been described with sufficient particularity to enable the Army or DoD Component to locate it by conducting a reasonable search.

(6) Not a proper FOIA request for some other reason. The requester has failed unreasonably to comply with procedural requirements, other than fee-related, imposed by this part or Army Activity supplementing regulations.

(7) Not an agency record. The information requested is not a record within the meaning of the FOIA and this part.

(8) Duplicate request. The request is a duplicate request (e.g., a requester asks for the same information more than once). This includes identical requests
received via different means (e.g., electronic mail, facsimile, mail, and courier) at the same or different times.

(9) Other (specify). Any other reason a requester does not comply with published rules other than those outlined in paragraphs (f)(1) through (8) of this section.

(10) Partial or total denial. The record is denied in whole or in part in accordance with procedures set forth in the FOIA.

(g) Denial tests. To deny a requested record that is in the possession and control of an Army Activity, it must be determined that the record is exempt under one or more of the exemptions of the FOIA. An outline of the FOIA’s exemptions is contained in subpart C of this part.

(h) Reasonably segregable portions. Although portions of some records may be denied, the remaining reasonably segregable portions must be released to the requester when it reasonably can be assumed that a skillful and knowledgeable person could not reconstruct the excised information. Unless indicating the extent of the deletion would harm an interest protected by an exemption, the amount of deleted information shall be indicated on the released portion of paper records by use of brackets or darkened areas indicating removal of information. In no case shall the deleted areas be left “white” without the use of brackets to show the bounds of deleted information. In the case of electronic deletion, or deletion in audiovisual or microfiche records, if technically feasible, the amount of redacted information shall be indicated at the place in the record such deletion was made, unless including the indication would harm an interest protected by the exemption under which the deletion is made. This may be done by use of brackets, shaded areas, or some other identifiable technique that will clearly show the limits of the deleted information. When a record is denied in whole, the response advising the requester of that determination will specifically state that it is not reasonable to segregate portions of the record for release.

(i) Response to requester. Whenever possible, initial determinations to release or deny a record normally shall be made and the decision reported to the requester within 20 working days after receipt of a proper request by the official designated to respond. When an Army Activity has a significant number of pending requests which prevent a response determination within the 20 working day period, the requester shall be so notified in an interim response, and advised whether their request qualifies for the fast track or slow track within the Army Activity’s multitrack processing system. Requesters who do not meet the criteria for fast track processing shall be given the opportunity to limit the scope of their request in order to qualify for fast track processing.

(1) When a decision is made to release a record, a copy should be made available promptly to the requester once he has complied with preliminary procedural requirements.

(2) When a request for a record is denied in whole or in part, the official designated to respond shall inform the requester in writing of the name and title or position of the official who made the determination, and shall explain to the requester the basis for the determination in sufficient detail to permit the requester to make a decision concerning appeal. The requester specifically shall be informed of the exemptions on which the denial is based, inclusive of a brief statement describing what the exemption(s) cover. When the initial denial is based in whole or in part on a security classification, the explanation should include a summary of the applicable Executive Order criteria for classification, as well as an explanation, to the extent reasonably feasible, of how those criteria apply to the particular record in question. The requester shall also be advised of the opportunity and procedures for appealing an unfavorable determination to a higher final authority within the Army Activity, The IDA will inform the requester of his or her right to appeal. In whole or part, the denial of the FOIA or fee waiver request and that the appeal must be sent through the IDA to the Secretary of the Army (ATTN: OGC).

(3) The final response to the requester should contain information
concerning the fee status of the request, consistent with the provisions of subpart F, of this part. When a requester is assessed fees for processing a request, the requester’s fee category shall be specified in the response letter. Activities also shall provide the requester with a complete cost breakdown (e.g., 115 pages of office reproduction at $0.15 per page; 5 minutes of computer search time at $43.50 per minute, 3 hours of professional level search at $44 per hour, etc.) in the response letter.

(4) The explanation of the substantive basis for a denial shall include specific citation of the statutory exemption applied under provisions of this part; e.g., 5 U.S.C. 552 (b)(1). Merely referring to a classification; to a “FOUO” marking on the requested record; or to this part or an Army Activity’s regulation does not constitute a proper citation or explanation of the basis for invoking an exemption.

(5) When the time for response becomes an issue, the official responsible for replying shall acknowledge to the requester the date of the receipt of the request.

(6) When denying a request for records, in whole or in part, an Army Activity shall make a reasonable effort to estimate the volume of the records denied and provide this estimate to the requester, unless providing such an estimate would harm an interest protected by an exemption of the FOIA. This estimate should be in number of pages or in some other reasonable form of estimation, unless the volume is otherwise indicated through deletions on records disclosed in part.

(7) When denying a request for records in accordance with a statute qualifying as a FOIA exemption 3 statute, Army Activities shall, in addition to stating the particular statute relied upon to deny the information, also state whether a court has upheld the decision to withhold the information under the particular statute, and a concise description of the scope of the information being withheld.

(j) Extension of Time. In unusual circumstances, when additional time is needed to respond to the initial request, the Army Activity shall acknowledge the request in writing within 20 working days, describe the circumstances requiring the delay, and indicate the anticipated date for a substantive response that may not exceed 10 additional working days, except as provided below:

(1) With respect to a request for which a written notice has extended the time limits by 10 additional working days, and the Activity determines that it cannot make a response determination within that additional 10 working day period, the requester shall be notified and provided an opportunity to limit the scope of the request so that it may be processed within the extended time limit, or an opportunity to arrange an alternative time frame for processing the request or a modified request. Refusal by the requester to reasonably modify the request or arrange for an alternative time frame shall be considered a factor in determining whether exceptional circumstances exist with respect to Army Activity’s request backlogs. Exceptional circumstances do not include a delay that results from predictable activity backlogs, unless the Army Activity demonstrates reasonable progress in reducing its backlog.

(2) Unusual circumstances that may justify delay are: The need to search for and collect the requested records from other facilities that are separate from the office determined responsible for a release or denial decision on the requested information; the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are requested in a single request; and the need for consultation, which shall be conducted with all practicable speed, with other agencies having a substantial interest in the determination of the request, or among two or more Army Activities or DoD Components having a substantial subject-matter interest in the request.

(3) Army Activities may aggregate certain requests by the same requester, or by a group of requesters acting in concert, if the Army Activity reasonably believes that such requests actually constitute a single request, which would otherwise satisfy the unusual circumstances set forth in paragraph (j)(2) of this section, and the requests
§ 518.16

involve clearly related matters. Multiple requests involving unrelated matters shall not be aggregated. If the requests are aggregated under these conditions, the requester or requesters shall be so notified.

(4) In cases where the statutory time limits cannot be met and no informal extension of time has been agreed to, the inability to process any part of the request within the specified time should be explained to the requester with a request that he agree to await a substantive response by an anticipated date. It should be made clear that any such agreement does not prejudice the right of the requester to appeal the initial decision after it is made. Army Activities are reminded that the requester still retains the right to treat this delay as a de facto denial with full administrative remedies. Only the responsible IDA can extend it, and the IDA must first coordinate with the OGC.

(5) As an alternative to the taking of formal extensions of time the negotiation by the cognizant FOIA coordinating office of informal extensions in time with requesters is encouraged where appropriate.

(k) Misdirected requests. Misdirected requests shall be forwarded promptly to the Army Activity or other Federal Agency with the responsibility for the records requested. The period allowed for responding to the request misdirected by the requester shall not begin until the request is received by the Army Activity that manages the records requested.

(l) Records of non-U.S. Government source. When a request is received for a record that falls under exemption 4, that was obtained from a non-U.S. Government source, or for a record containing information clearly identified as having been provided by a non-U.S. Government source, the source of the record or information [also known as “the submitter” for matters pertaining to proprietary data under 5 U.S.C. 552, FOIA, Exemption (b)(4)] and E.O. 12600, shall be notified promptly of that request and afforded reasonable time (14 calendar days) to present any objections concerning the release, unless it is clear that there can be no valid basis for objection. This practice is required for those FOIA requests for data not deemed clearly exempt from disclosure under exemption (b)(4) of 5 U.S.C. 552, The FOIA. If, for example, the record or information was provided with actual or presumptive knowledge of the non-U.S. Government source and established that it would be made available to the public upon request, there is no obligation to notify the source. Any objections shall be evaluated. The final decision to disclose information claimed to be exempt under exemption (b)(4) shall be made by an official equivalent in rank to the official who would make the decision to withhold that information under FOIA. When a substantial issue has been raised, the Army Activity may seek additional information from the source of the information and afford the source and requester reasonable opportunities to present their arguments on the legal and substantive issues involved prior to making an agency determination. When the source seeks a restraining order or take court action to prevent release of the record or information, the requester shall be notified, and action on the request normally shall not be taken until after the outcome of that court action is known. When the requester brings court action to compel disclosure, the submitter shall be promptly notified of this action.

(1) If the submitted information is a proposal in response to a solicitation for a competitive proposal, and the proposal is in the possession and control of DA (see 10 U.S.C. 2305(g)), the proposal shall not be disclosed, and no submitter notification and subsequent analysis is required. The proposal shall be withheld from public disclosure pursuant to 10 U.S.C. 2305(g) and exemption (b)(3) of the FOIA. This statute does not apply to bids, unsolicited proposals, or any proposal that is set forth or incorporated by reference in a contract between an Army Activity and the offeror that submitted the proposal. In such situations, normal submitter notice shall be conducted except for sealed bids that are opened and read to the public. The term, proposal, means information contained in or originating from any proposal, including a technical, management, or cost
Department of the Army, DoD § 518.17

proposal submitted by an offeror in response to solicitation for a competitive proposal, but does not include an offeror’s name or total price or unit prices when set forth in a record other than the proposal itself. Submitter notice, and analysis as appropriate, are required for exemption (b)(4) matters that are not specifically incorporated in 10 U.S.C. 2305(g).

(2) If the record or information was submitted on a strictly voluntary basis, absent any exercised authority that prescribes criteria for submission, and after consultation with the submitter, it is absolutely clear that the record or information would customarily not be released to the public, the submitter need not be notified. Examples of exercised authorities prescribing criteria for submission are statutes, Executive Orders, regulations, invitations for bids, requests for proposals, and contracts. Records or information submitted under these authorities are not voluntary in nature. When it is not clear whether the information was submitted on a voluntary basis, absent any exercised authority, and whether it would customarily be released to the public by the submitter, notify the submitter and ask that it describe its treatment of the information, and render an objective evaluation. If the decision is made to release the information over the objection of the submitter, notify the submitter and afford the necessary time to allow the submitter to seek a restraining order, or take court action to prevent release of the record or information.

(3) The coordination provisions of this section also apply to any non-U.S. Government record in the possession and control of the Army or DoD from multi-national organizations, such as the North Atlantic Treaty Organization (NATO), United Nations Commands, the North American Aerospace Defense Command (NORAD), the Inter-American Defense Board, or foreign governments. Coordination with foreign governments under the provisions of this section may be made through Department of State, or the specific foreign embassy.

(m) File of initial denials. Copies of all initial withholdings or denials shall be maintained by each Army Activity in a form suitable for rapid retrieval, periodic statistical compilation, and management evaluation. Records denied for any of the reasons contained in §518.20 shall be maintained for a period of six years to meet the statute of limitations requirement. Records will be maintained in accordance with AR 25-400-2.

(n) Special mail services. Army Activities are authorized to use registered mail, certified mail, certificates of mailing, and return receipts. However, their use should be limited to instances where it appears advisable to establish proof of dispatch or receipt of FOIA correspondence. The requester shall be notified that they are responsible for the full costs of special services.

(o) Receipt accounts. The Treasurer of the United States has established two accounts for FOIA receipts, and all money orders or checks remitting FOIA fees should be made payable to the U.S. Treasurer. These accounts shall be used for depositing all FOIA receipts, except receipts for industrially funded and non-appropriated funded activities. Components are reminded that the below account numbers must be preceded by the appropriate disbursing office two digit prefix. Industrially funded and non-appropriated funded activity FOIA receipts shall be deposited to the applicable fund.

(1) Receipt Account 3210 Sale of Publications and Reproductions, FOIA. This account shall be used when depositing funds received from providing existing publications and forms that meet the Receipt Account Series description found in Federal Account Symbols and Titles. Deliver collections within 30 calendar days to the servicing finance and accounting office.

(2) Receipt Account 3210 Fees and Other Charges for Services, FOIA. This account is used to deposit search fees, fees for duplicating and reviewing (in the case of commercial requesters) records to satisfy requests that could not be filled with existing publications or forms.

§ 518.17 Appeals.

(a) General. If the official designated by the Army Activity to make initial determinations on requests for records declines to provide a record because
the official considers it exempt under one or more of the exemptions of the FOIA, that decision may be appealed by the requester, in writing, to a designated appellate authority. The appeal should be accompanied by a copy of the letter denying the initial request. Such appeals should contain the basis for disagreement with the initial refusal. Appeal procedures also apply to the disapproval of a fee category claim by a requester, disapproval of a request for waiver or reduction of fees, disputes regarding fee estimates, review on an expedited basis a determination not to grant expedited access to agency records, for no record determinations when the requester considers such responses adverse in nature, not providing a response determination to a FOIA request within the statutory time limits, or any determination found to be adverse in nature by the requester. Upon an IDA’s receipt of a no records determination appeal, the IDA will direct the records custodian to conduct another records search and certify, in writing, that it has made a good faith effort that reasonably could be expected to produce the information requested. If no records are again found, the original no records certificate will be forwarded to the IDA for inclusion in the appeals packet. When denials have been made under the provisions of the FOIA and the PA, and the denied information is contained in a PA system of records, appeals shall be processed under both the FOIA and the PA. If the denied information is not maintained in a PA system of records, the appeal shall be processed under the FOIA. If a request is merely misaddressed, and the receiving Army Activity or DoD Component simply advises the requester of such and refers the request to the appropriate Army or DoD Component, this shall not be considered a no record determination.

(1) Appeals of adverse determinations from denial of records or “no record” determination, received by Army IDAs must be forwarded through the denying IDA to the Secretary of the Army (Attn: OGC). On receipt of an appeal, the IDA will:

(i) Send the appeal to the Office of the Secretary of the Army, OGC, together with a copy of the documents that are the subject of the appeal. The cover letter will list all attachments and describe from where the records were obtained, i.e., a PA system of records (including the applicable systems notice, or other. If a file does not include documentation described below, include the tab, and insert a page marked “not applicable” or “not used.” The order and contents of FOIA file attachments follow: (Tab A or 1) The original FOIA request and envelope (if applicable); (Tab B or 2) The IDA denial letter; (Tab C or 3) Copies of all records entirely released, single-sided; (Tab D or 4) Copies of administrative processing documents, including extension letters and “no records” certificates, in chronological order; (Tab E or 5) Copies of all records partially denied or completely denied, single-sided. For records partially denied, mark in yellow highlighter (or other readable highlighter) those portions withheld; and (Tab F or 6) Legal opinions(s); and

(ii) Assist the OGC as requested during his or her consideration of the appeal.

(2) Appeals of denial of records made by the OGC, AAFES, shall be made to the Secretary of the Army when the Commander, AAFES, is an Army officer. Appeals of denial of records made by the OGC, AAFES, shall be made to the Secretary of the Air Force when the Commander is an Air Force officer.

(b) Time of receipt. A FOIA appeal has been received by an Army Activity when it reaches the office of an appellate authority having jurisdiction, the OGC. Misdirected appeals should be referred expeditiously to the OGC.

(c) Time limits. The requester shall be advised to file an appeal so that it is postmarked no later than 60 calendar days after the date of the initial denial letter. If no appeal is received, or if the appeal is postmarked after the conclusion of this 60-day period, the case may be considered closed. However, exceptions to the above may be considered on a case-by-case basis. In cases where the requester is provided several incremental determinations for a single request, the time for the appeal shall not begin until the date of the final response. Records that are denied shall
be retained for a period of six years to meet the statute of limitations requirement. Final determinations on appeals normally shall be made within 20 working days after receipt. When an Army Activity has a significant number of appeals preventing a response determination within 20 working days, the appeals shall be processed in a multitrack processing system, based at a minimum, on the three processing tracks established for initial requests. All of the provisions of the FOIA apply also to appeals of initial determinations, to include establishing additional processing queues as needed.

\(\text{(d) Delay in responding to an appeal. If additional time is needed due to the unusual circumstances the final decision may be delayed for the number of working days (not to exceed 10), that were not used as additional time for responding to the initial request. If a determination cannot be made and the requester notified within 20 working days, the appellate authority shall acknowledge to the requester, in writing, the date of receipt of the appeal, the circumstances surrounding the delay, and the anticipated date for substantive response. Requesters shall be advised that, if the delay exceeds the statutory extension provision or is for reasons other than the unusual circumstances they may consider their administrative remedies exhausted. They may, however, without prejudicing their right of judicial remedy, await a substantive response. The Army Activity will continue to process the case expeditiously.}

\(\text{(e) Response to the requester. When the appellate authority (OGC) makes a final determination to release all or a portion of records withheld by an IDA, a written response and a copy of the records so released should be forwarded promptly to the requester after compliance with any preliminary procedural requirements, such as payment of fees. Final refusal of an appeal must be made in writing by the appellate authority or by a designated representative. The response, at a minimum, shall include the following:}

\(\text{(1) The basis for the refusal shall be explained to the requester in writing, both with regard to the applicable statutory exemption or exemptions invoked under provisions of the FOIA, and with respect to other appeal matters;}

\(\text{(2) When the final refusal is based in whole or in part on a security classification, the explanation shall include a determination that the record meets the cited criteria and rationale of the governing Executive Order, and that this determination is based on a declassification review, with the explanation of how that review confirmed the continuing validity of the security classification;}

\(\text{(3) The final denial shall include the name and title or position of the official responsible for the denial;}

\(\text{(4) In the case of appeals for total denial of records, the response shall advise the requester that the information being denied does not contain meaningful portions that are reasonably segregable;}

\(\text{(5) When the denial is based upon an exemption 3 statute, the response, in addition to citing the statute relied upon to deny the information, shall state whether a court has upheld the decision to withhold the information under the statute, and shall contain a concise description of the scope of the information withheld; or}

\(\text{(6) The response shall advise the requester of the right to judicial review.}

\(\text{(f) Consultation. Final refusal involving issues not previously resolved or that the Army Activity knows to be inconsistent with rulings of other DoD Components ordinarily should not be made before consultation with the Army OGC. Tentative decisions to deny records that raise new or significant legal issues of potential significance to other Agencies of the Government shall be provided to the Army OGC.}

an appellate designee or when the Army Activity has failed to respond within the time limits prescribed by the FOIA and in this part.

(b) The requester may bring suit in the U.S. District Court in the district, in which the requester resides or is the requester’s place of business, in the district in which the record is located, or in the District of Columbia.

(c) The burden of proof is on the Army Activity to justify its refusal to provide a record. The court shall evaluate the case de novo (anew) and may elect to examine any requested record in camera (in private) to determine whether the denial was justified.

(d) When an Army Activity has failed to make a determination within the statutory time limits but can demonstrate due diligence in exceptional circumstances, to include negotiating with the requester to modify the scope of their request, the court may retain jurisdiction and allow the Activity additional time to complete its review of the records.

(1) If the court determines that the requester’s complaint is substantially correct, it may require the U.S. to pay reasonable attorney fees and other litigation costs.

(2) When the court orders the release of denied records, it may also issue a written finding that the circumstances surrounding the withholding raise questions whether Army Activity personnel acted arbitrarily and capriciously. In these cases, the special counsel of the Merit Systems Protection Board shall conduct an investigation to determine whether or not disciplinary action is warranted. The Army Activity is obligated to take the action recommended by the special counsel.

(3) The court may punish the responsible official for contempt when an Army Activity fails to comply with the court order to produce records that it determines have been withheld improperly.

(e) Non-U. S. Government source information. A requester may bring suit in an U.S. District Court to compel the release of records obtained from a non-government source or records based on information obtained from a non-government source. Such source shall be notified promptly of the court action.

(1) FOIA litigation. Personnel responsible for processing FOIA requests at the DoD Component level shall be aware of litigation under the FOIA. Such information will provide management insights into the use of the nine exemptions by Component personnel. Whenever a complaint under the FOIA is filed in an U.S. District Court, the Army Activity named in the complaint shall forward a copy of the complaint by any means to HQDA, OTJAG (DAJA–LT), with an information copy to the Army OGC. In the DA, HQDA OTJAG (DAJA–LT), WASH D.C. 20310–2210 is also responsible for forwarding this information to the Office of the Army OGC and to the DA FOIA/PA Office.

(2) Bases for FOIA Lawsuits. In general, there are four categories of complaints in a FOIA lawsuit: failure to respond to a request within time frames established in the FOIA statute; challenge to the adequacy of search for responsive records; challenge to application of a FOIA Exemption; and procedural challenges, such as application of waiver of fees. The guidance below is intended to cover all categories of complaints. In responding to litigation support requests, bear in mind the type of complaint that has given rise to the lawsuit and provide information, which addresses the specific reason(s) for the complaint.

(2) Responsibility for FOIA litigation. For the Army, under the general oversight of the OGC, FOIA litigation is the responsibility of the General Litigation Branch, Army Litigation Division. If you are notified of a FOIA lawsuit involving the Army, contact the General Litigation Branch immediately at: U.S. Army Litigation Center, General Litigation Branch (JALS–LTC), 901 North Stuart Street, Suite 700, Arlington, VA 22203–1837. The General Litigation Branch will provide guidance on gathering information and assembling a

§ 518.18

litigation report necessary to respond to FOIA litigation.

(3) Litigation reports for FOIA lawsuits. As with any lawsuit, the Army Litigation Division and DOJ will require a litigation report. This report should be prepared with the assistance, and under the supervision of, the legal advisor. For general guidance on litigation reports, see Army Regulation 27–40, paragraph 3–9. Unlike the usual 60-day time period to respond to complaints under the Federal Rules of Civil Procedure, complaints under the FOIA must be answered within 30 days of the service of the complaint. Therefore, it is imperative to contact the Litigation Division immediately and to begin preparing the litigation report without delay.

(4) Specific guidance for FOIA litigation reports. The following is specific guidance for preparing a litigation report in FOIA Litigation. The required material should be indexed and assembled under the following categories:

(i) Statement of facts. (Tab A). Provide a chronological statement of all facts related to the FOIA request, beginning with receipt of the request, responses to the request, and searches for responsive records. The statement of facts should refer to supporting enclosed exhibits whenever possible.

(ii) Responses to pleadings. (Tab B). If you have been provided a copy of the complaint, provide a line-by-line answer to the factual statements in the pleadings, along with recommendations on whether to admit or deny the allegation.

(iii) Memorandum of law. (Tab C). No memorandum of law is necessary in FOIA lawsuits. If records were withheld, provide a written statement explaining the FOIA Exemption used to withhold the information and the rationale for its application in the particular facts of your case. Include here a copy of any legal review regarding the withholding of the records.

(iv) Potential witness information. (Tab D). List the names, addresses, telephone number, facsimile number and e-mail addresses of all potential witnesses. At a minimum, this must include all of the following: the FOIA Officer or Coordinator or other person responsible for processing FOIA requests; the individual(s) who actually conducted the search for responsive records; the legal advisor(s) who reviewed or provided advice on the request; and the point of contact at any office or agency to which the FOIA request was referred.

(v) Exhibits. (Tab E). Provide copies of all correspondence regarding the FOIA request. This includes all correspondence between the agency and the requester, including any enclosures; any referrals or forwarding of the request to other agencies or offices; copies of all documents released to the requester pursuant to the request in litigation. If any information is withheld or redacted, provide a complete copy of all withheld information. Identify withheld information by placing brackets around all information withheld and note in the margins of the document the specific FOIA exemption applied to deny release of the document; all records and correspondence forwarded to the IDA, if applicable; all appeals by the requester; if the withheld document is classified, provide a summary of each document withheld.

The Summary of classified documents should include the following:

(A) The classification of the document;
(B) The date of the document;
(C) The number of pages of the document;
(D) The author or creator of the document;
(E) The intended or actual recipient of the document;
(F) The subject of the document and an unclassified description of the document sufficient to inform the court of the nature of the contents of the document; and
(G) An explanation of the reason for withholding, including the specific provision(s) of Executive Order 12,958 which permit classification of the information.

(vi) Draft declarations. (Tab F). A declaration is a statement for use in litigation made under penalty of perjury pursuant to specific statutory authority (28 U.S.C. 1746) which need not be notarized. Declarations may be used by the Army to support a motion to dismiss or to grant summary judgment. Depending on the basis for the lawsuit,
§518.19

with the assistance of their legal advisor, witnesses should prepare a draft declaration to be included with the litigation report.

(vii) The following is some general guidance on the content of a declaration in FOIA litigation. Identify the declarant and describe his or her qualifications and responsibilities as they relate to the FOIA; provide a statement indicating that the declarant is familiar with the specific request and the general subject matter of the records; include a statement of the searcher’s understanding of the exact nature of the request, including any modification (narrowing or expanding the search based on communications with the requester); generally, the factual portion of the declaration should be organized as a chronological statement beginning with receipt of the request; provide a specific description of the system of records searched; and provide a description of procedures used to search for the requested records, (manual search of records, computer database search, etc.). This portion of the declaration is especially important when no records are found. The declaration must reflect an adequate and reasonable search for records in locations where responsive records are likely to be found.

(5) Special guidance for initial denial authorities. If any information was withheld, the IDA or person with specific knowledge of the withholding must provide a specific statement of any Exemptions to the FOIA, which were applied to the records.

(i) Withheld records. For withheld records, describe in reasonably specific detail all records or parts of records withheld. If the number of records is extensive, use an index of the records and consider numbering the documents to facilitate reference. It is also permissible (and frequently helpful) to include redacted portions of records withheld as attachments or exhibits to the declarations.

(ii) Exemptions. Include in the declaration a specific statement demonstrating that all the elements of each FOIA exemption are met.

(iii) Segregation. The FOIA requires that all information not subject to an exemption to the FOIA, which can be reasonably segregated from exempt information, must be released to FOIA requesters. In any instance where an entire document is withheld, the individual authorizing the withholding must specifically address that segregation and release of non-exempt material was not possible without rendering the record essentially meaningless. If applicable, this issue must be specifically addressed in the declaration.

(iv) Sound Legal Basis. Army policy promotes careful consideration of FOIA requests and discretionary decisions to disclose information protected under the FOIA. Discretionary disclosures should be made only after full and deliberate consideration of the institutional, commercial, and personal privacy interests that could be implicated by disclosure of the information. The decision to withhold records, in whole or in part, otherwise exempt from disclosure under the FOIA must exhibit a sound legal basis or present an unwarranted risk of adverse impact on the ability of other agencies to protect other important records.

Subpart F—Fee Schedule

§518.19 General provisions.

(a) Authorities. The FOIA, as amended; the Paperwork Reduction Act (44 U.S.C. 35), as amended; the PA of 1974, as amended; the Budget and Accounting Act of 1921 and the Budget and Accounting Procedures Act, as amended (see 31 U.S.C.); and 10 U.S.C. 2328).

(b) Application. The fees described in this Subpart apply to FOIA requests, and conform to the Office of Management and Budget Uniform Freedom of Information Act Fee Schedule and Guidelines. They reflect direct costs for search, review (in the case of commercial requesters), and duplication of documents, collection of which is permitted by the FOIA. They are neither intended to imply that fees must be charged in connection with providing information to the public in the routine course of business, nor are they meant as a substitute for any other schedule of fees, such as DoD 7000.14–R, which does not supersede the collection of fees under the FOIA. Nothing in this subpart shall supersede fees chargeable under a statute specifically providing
for setting the level of fees for particular types of records. A “statute specifically providing for setting the level of fees for particular types of records” (5 U.S.C. 552 FOIA, (a)(4)(A)(vi)) means any statute that enables a Government Agency such as the GPO or the NTIS, to set and collect fees. Components should ensure that when documents that would be responsive to a request are maintained for distribution by agencies operating statutory-based fee schedule programs such as GPO or NTIS, they inform requesters of the steps necessary to obtain records from those sources.

(1) The term “direct costs” means those expenditures an Activity actually makes in searching for, reviewing (in the case of commercial requesters), and duplicating documents to respond to a FOIA request. Direct costs include, for example, the salary of the employee performing the work (the basic rate of pay for the employee plus 16 percent of that rate to cover benefits), and the costs of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space, heating or lighting the facility in which the records are stored.

(2) The term “search” includes all time spent looking, both manually and electronically, for material that is responsive to a request. Search also includes a page-by-page or line-by-line identification (if necessary) of material in the record to determine if it, or portions thereof are responsive to the request. Activities should ensure that searches are done in the most efficient and least expensive manner so as to minimize costs for both the Activity and the requester. For example, Activities should not engage in line-by-line searches, when duplicating an entire document known to contain responsive information, would prove to be the less expensive and quicker method of complying with the request. Time spent reviewing documents in order to determine whether one or more of the statutory exemptions is not search time, but review time.

(3) The term “duplication” refers to the process of making a copy of a document in response to a FOIA request. Such copies can take the form of paper copy, microfiche, audiovisual, or machine-readable documentation (e.g., magnetic tape or disc), among others. Every effort will be made to ensure that the copy provided is in a form that is reasonably useable, the requester shall be notified that the copy provided is the best available and that the Activity’s master copy shall be made available for review upon appointment. For duplication of computer-stored records, the actual cost, including the operator’s time, shall be charged. In practice, if an Activity estimates that assessable duplication charges are likely to exceed $25.00, it shall notify the requester of the estimate, unless the requester has indicated in advance his or her willingness to pay fees as high as those anticipated. Such a notice shall offer a requester the opportunity to confer with Activity personnel with the object of reformulating the request to meet his or her needs at a lower cost.

(4) The term “review” refers to the process of examining documents located in response to a FOIA request to determine whether one or more of the statutory exemptions permit withholding. It also includes processing the documents for disclosure, such as excising them for release. Review does not include the time spent resolving general legal or policy issues regarding the application of exemptions. It should be noted that charges for commercial requesters may be assessed only for the initial review. Activities may not charge for reviews required at the administrative appeal level of an exemption already applied. However, records or portions of records withheld in full under an exemption, which is subsequently determined not to apply, may be reviewed again to determine the applicability of other exemptions not previously considered. The costs for such a subsequent review would be properly assessable.

(c) Fee restrictions. No fees may be charged by any Army Activity if the costs of routine collection and processing of the fee are likely to equal or exceed the amount of the fee. With the exception of requesters seeking documents for a commercial use, Activities shall provide the first two hours of search time, and the first one hundred
pages of duplication without charge. For example, for a request (other than one from a commercial requester) that involved two hours and fifteen minutes of search time, and resulted in one hundred and twenty-five pages of documents, an Activity would determine the cost of only ten minutes of search time, and only five pages of reproduction. If this processing cost was equal to, or less than the cost to the Activity for billing the requester and processing the fee collected, no charges would result.

(1) Requesters receiving the first two hours of search and the first one hundred pages of duplication without charge are entitled to such only once per request. Consequently, if an Activity, after completing its portion of a request, finds it necessary to refer the request to a subordinate office, another Army Activity or DoD Component, or another Federal Agency for action their portion of the request, the referring Activity shall inform the recipient of the referral of the expended amount of search time and duplication cost to date.

(2) The elements to be considered in determining the “cost of collecting a fee” are the administrative costs to the Activity of receiving and recording a remittance, and processing the fee for deposit in the Department of Treasury’s special account. The cost to the Department of Treasury to handle such remittance is negligible and shall not be considered in the Activity’s determinations.

(3) For the purposes of these restrictions, the word “pages” refers to paper copies of a standard size, which will normally be “8½ × 11” or “11 × 14”. Thus, requesters would not be entitled to 100 microfiche or 100 computer disks, for example. A microfiche containing the equivalent of 100 pages or 100 pages of computer printout, however, might meet the terms of the restriction.

(4) In the case of computer searches, the first two free hours will be determined against the salary scale of the individual operating the computer for the purposes of the search. As an example, when the direct costs of the computer central processing unit, input/output devices, and memory capacity equal $40.00 (two hours of equivalent search at the clerical level), amounts of computer costs in excess of that amount are chargeable as computer search time. In the event the direct operating cost of the hardware configuration cannot be determined, computer search shall be based on the salary scale of the operator executing the computer search.

(d) Fee waivers. Documents shall be furnished without charge, or at a charge reduced below fees assessed to the categories of requesters when the Activity determines that waiver or reduction of the fees is in the public interest because furnishing the information is likely to contribute significantly to public understanding of the operations or activities of DA and is not primarily in the commercial interest of the requester.

(1) When assessable costs for a FOIA request total $15.00 or less, fees shall be waived automatically for all requesters, regardless of category.

(2) Decisions to waive or reduce fees that exceed the automatic waiver threshold shall be made on a case-by-case basis. Disclosure of the information “is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Government.”

(1) Activities should analyze whether the subject matter of the request involves issues that will significantly contribute to the public understanding of the operations or activities of DA or DoD. Requests for records in the possession of the Army or DoD, which were originated by non-government organizations and are sought for their intrinsic content, rather than informative value, will likely not contribute to the public understanding of the operations or activities of either DA or DoD. An example of such records might be press clippings, magazine articles, or records forwarding a particular opinion or concern from a member of the public regarding an Army or DoD activity. Similarly, disclosures of records of considerable age may or may not bear directly on the current activities of either DA or DoD; however, the age of a particular record shall not be the sole criteria for denying relative
significance under this factor. It is possible to envisage an informative issue concerning the current activities of DA or DoD, based upon historical documentation. Requests of this nature must be closely reviewed consistent with the requester’s stated purpose for desiring the records and the potential for public understanding of the operations and activities of DA or DoD.

(ii) The informative value of the information to be disclosed requires a close analysis of the substantive contents of a record, or portion of the record, to determine whether disclosure is meaningful, and shall inform the public on the operations or activities of DA or DoD. While the subject of a request may contain information that concerns operations or activities of DA or DoD, it may not always hold great potential for contributing to a meaningful understanding of these operations or activities. An example of such would be a previously released record that has been heavily redacted, the balance of which may contain only random words, fragmented sentences, or paragraph headings. A determination as to whether a record in this situation will contribute to the public understanding of the operations or activities will not make value judgments as to whether the information is important enough to be made public.

(iii) The contribution to an understanding of the subject by the general public is likely to result from disclosure that will inform, or have the potential to inform the public, rather than simply the individual requester or small segment of interested persons. The identity of the requester is essential in this situation in order to determine whether such requester has the capability and intention to disseminate the information to the public. Mere assertions of plans to author a book, researching a particular subject, doing doctoral dissertation work, or indigence are insufficient without demonstrating the capacity to further disclose the information in a manner that will be informative to the general public. Requesters should be asked to describe their qualifications, the nature of their research, the purpose of the requested information, and their intended means of dissemination to the public.

(iv) Activities must differentiate the relative significance or impact of the disclosure against the current level of public knowledge, or understanding, which exists before the disclosure. In other words, will disclosure on a current subject of wide public interest be unique in contributing previously unknown facts, thereby enhancing public knowledge, or will it basically duplicate what is already known by the general public? A decision regarding significance requires objective judgment, rather than subjective determination, and must be applied carefully to determine whether disclosure will likely lead to a significant public understanding of the issue. Activities shall not make value judgments as to whether the information is important enough to be made public.

(3) Disclosure of the information “is not primarily in the commercial interest of the requester.”

(i) If the request is determined to be of a commercial interest, Activities should address the magnitude of that interest to determine if the requester’s commercial interest is primary, as opposed to any secondary personal or non-commercial interest. In addition to profit-making organizations, individual persons or other organizations may have a commercial interest in obtaining certain records. Where it is difficult to determine whether the requester is of a commercial nature, Activities may draw inference from the requester’s identity and circumstances of the request. Activities are reminded that in order to apply the commercial standards of the FOIA, the requester’s commercial benefit must clearly over-ride any personal or non-profit interest.

(ii) Once a requester’s commercial interest has been determined, Activities should then determine if the disclosure would be primarily in that interest. This requires a balancing test between...
§ 518.19  
32 CFR Ch. V (7–1–09 Edition)

the commercial interest of the request against any public benefit to be derived as a result of that disclosure. Where the public interest is served above and beyond that of the requester’s commercial interest, a waiver or reduction of fees would be appropriate. Conversely, even if a significant public interest exists, and the relative commercial interest of the requester is determined to be greater than the public interest, then a waiver or reduction of fees would be inappropriate. As examples, news media organizations have a commercial interest as business organizations; however, their inherent role of disseminating news to the general public can ordinarily be presumed to be of a primary interest. Therefore, any commercial interest becomes secondary to the primary interest in serving the public. Similarly, scholars writing books or engaged in other forms of academic research, may recognize a commercial benefit, either directly, or indirectly (through the institution they represent); however, normally such pursuits are primarily undertaken for educational purposes, and the application of a fee charge would be inappropriate. Conversely, data brokers or others who merely compile government information for marketing can normally be presumed to have an interest primarily of a commercial nature.

(4) Activities are reminded that the factors and examples used in this section are not all inclusive. Each fee decision must be considered on a case-by-case basis and upon the merits of the information provided in each request. When the element of doubt as to whether to charge or waive the fee cannot be clearly resolved, Activities should rule in favor of the requester.

(5) In addition, the following additional circumstances describe situations where waiver or reduction of fees are most likely to be warranted:

(i) A record is voluntarily created to prevent an otherwise burdensome effort to provide voluminous amounts of available records, including additional information not requested; or

(ii) A previous denial of records is reversed in total, or in part, and the assessable costs are not substantial (e.g., $15.00—$30.00).

(e) Fee assessment. Fees may not be used to discourage requesters, and to this end, FOIA fees are limited to standard charges for direct document search, review (in the case of commercial requesters) and duplication.

(1) In order to be as responsive as possible to FOIA requests while minimizing unwarranted costs to the taxpayer, Activities shall adhere to the following procedures:

(i) Each request must be analyzed to determine the category of the requester. If the Activity determination regarding the category of the requester is different than that claimed by the requester, the Activity should notify the requester to provide additional justification to warrant the category claimed, and that a search for responsive records will not be initiated until agreement has been attained relative to the category of the requester. Absent further category justification from the requester, and within a reasonable period of time (i.e., 30 calendar days), the Activity shall render a final category determination, and notify the requester of such determination, to include normal administrative appeal rights of the determination. The requester should be advised that, notwithstanding any appeal, a search for responsive records will not be initiated until the requester indicates a willingness to pay assessable costs appropriate for the category determined by the Activity;

(ii) Requesters should submit a fee declaration appropriate for the below categories. Commercial requesters should indicate a willingness to pay all search, review and duplication costs. Educational or Noncommercial Scientific Institution or News Media requesters should indicate a willingness to pay duplication charges, if applicable, in excess of 100 pages if more than 100 pages of records are desired. All other requesters should indicate a willingness to pay assessable search and duplication costs;

(iii) Activities must be prepared to provide an estimate of assessable fees if desired by the requester. While it is recognized that search situations will vary among Activities, and that an estimate is often difficult to obtain prior
to an actual search, requesters who desire estimates are entitled to such before committing to a willingness to pay. Should Activities’ actual costs exceed the amount of the estimate or the amount agreed to by the requester, the amount in excess of the estimate or the requester’s agreed amount shall not be charged without the requester’s agreement;

(iv) No Army Activity may require advance payment of any fee; i.e., payment before work is commenced or continued on a request, unless the requester has previously failed to pay fees in a timely fashion, or the agency has determined that the fee will exceed $250.00. As used in this sense, a timely fashion is 30 calendar days from the date of billing (the fees have been assessed in writing) by the Activity;

(v) Where an Activity estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250.00, the Activity shall notify the requester of the likely cost and obtain satisfactory assurance of full payment where the requester has a history of prompt payments, or require an advance payment of an amount up to the full estimated charges in the case of requesters with no history of payment;

(vi) Where a requester has previously failed to pay a fee charged in a timely fashion (i.e., within 30 calendar days from the date of the billing), the Activity may require the requester to pay the full amount owed, plus any applicable interest, or demonstrate that he or she has paid the fee, and to make an advance payment of the full amount of the estimated fee before the Activity begins to process a new or pending request from the requester. Interest will be at the rate prescribed in 31 U.S.C. 3717, and confirmed with respective Finance and Accounting Offices;

(vii) After all work is completed on a request, and the documents are ready for release, Activities may request payment before forwarding the documents, particularly for those requesters who have no payment history, or for those requesters who have failed previously to pay a fee in a timely fashion (i.e., within 30 calendar days from the date of the billing;

(viii) The administrative time limits of the FOLA will begin only after the Activity has received a willingness to pay fees and satisfaction as to category determination, or fee payments (if appropriate); and

(ix) Activities may charge for time spent searching for records, even if that search fails to locate records responsive to the request. Activities may also charge search and review (in the case of commercial requesters) time if records located are determined to be exempt from disclosure. In practice, if the Activity estimates that search charges are likely to exceed $25.00, it shall notify the requester of the estimated amount of fees, unless the requester has indicated in advance his or her willingness to pay fees as high as those anticipated. Such a notice shall offer the requester the opportunity to confer with Activity personnel with the object of reformulating the request to meet his or her needs at a lower cost.

(2) Commercial requesters. Fees shall be limited to reasonable standard charges for document search, review and duplication when records are requested for commercial use. Requesters must reasonably describe the records sought.

(i) The term “commercial use” request refers to a request from, or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interest of the requester or the person on whose behalf the request is made. In determining whether a requester properly belongs in this category, Activities must determine the use to which a requester will put the documents requested. Moreover, where an Activity has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, Activities should seek additional clarification before assigning the request to a specific category.

(ii) When Activities receive a request for documents for commercial use, they should assess charges, which recover the full direct costs of searching for, reviewing for release, and duplicating the records sought. Commercial requesters (unlike other requesters) are not entitled to two hours of free search.
time, nor 100 free pages of reproduction of documents. Moreover, commercial requesters are not normally entitled to a waiver or reduction of fees based upon an assertion that disclosure would be in the public interest. However, because use is the exclusive determining criteria, it is possible to envision a commercial enterprise making a request that is not for commercial use. It is also possible that a non-profit organization could make a request that is for commercial use. Such situations must be addressed on a case-by-case basis.

(3) Educational institution requesters. Fees shall be limited to only reasonable standard charges for document duplication (excluding charges for the first 100 pages) when the request is made by an educational institution whose purpose is scholarly research. Requesters must reasonably describe the records sought. The term “educational institution” refers to a pre-school, a public or private elementary or secondary school, an institution of graduate high education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research. Fees shall be waived or reduced in the public interest if the criteria above have been met.

(4) Non-commercial scientific institution requesters. Fees shall be limited to only reasonable standard charges for document duplication (excluding charges for the first 100 pages) when the request is made by a non-commercial scientific institution whose purpose is scientific research. Requesters must reasonably describe the records sought. The term “non-commercial scientific institution” refers to an institution that is not operated on a “commercial” basis and that is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(5) Activities shall provide documents to requesters for the cost of duplication alone, excluding charges for the first 100 pages. To be eligible for inclusion in these categories, requesters must show that the request is being made under the auspices of a qualifying institution and that the records are not sought for commercial use, but in furtherance of scholarly (from an educational institution) or scientific (from a non-commercial scientific institution) research.

(6) Representatives of the news media. Fees shall be limited to only reasonable standard charges for document duplication (excluding charges for the first 100 pages) when the request is made by a representative of the news media. Requesters must reasonably describe the records sought.

(i) The term “representative of the news media” refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term “news” means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large and publishers of periodicals (but only in those instances when they can qualify as disseminators of “news”) who make their products available for purchase or subscription by the general public. These examples are not meant to be all-inclusive. Moreover, as traditional methods of news delivery evolve (e.g., electronic dissemination of newspapers through telecommunications services), such alternative media would be included in this category. In the case of “freelance” journalists, they may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it. A publication contract would be the clearest proof, but Activities may also look to the past publication record of a requester in making this determination.

(ii) To be eligible for inclusion in this category, a requester must meet the criteria in paragraph (e) (6) (i) of this section, and his or her request must not be made for commercial use. A request for records supporting the news dissemination function of the requester shall not be considered to be a request that is for a commercial use. For example, a document request by a newspaper
for records relating to the investigation of a defendant in a current criminal trial of public interest could be presumed to be a request from an entity eligible for inclusion in this category, and entitled to records at the cost of reproduction alone (excluding charges for the first 100 pages).

(iii) “Representative of the news media” does not include private libraries, private repositories of Government records, information vendors, data brokers or similar marketers of information whether to industries and businesses, or other entities.

(7) All other requesters. Activities shall charge requesters who do not fit into any of the categories, fees which recover the full direct cost of searching for and duplicating records, except that the first two hours of search time and the first 100 pages of duplication shall be furnished without charge. Requesters must reasonably describe the records sought. Requests from subjects about themselves will continue to be treated under the fee provisions of the Privacy Act of 1974, which permit fees only for duplication. Activities are reminded that this category of requester may also be eligible for a waiver or reduction of fees if disclosure of the information is in the public interest as defined in paragraph (6)(ii) in this section.

(f) Aggregating requests. Except for requests that are for a commercial use, an Activity may not charge for the first two hours of search time or for the first 100 pages of reproduction. However, a requester may not file multiple requests at the same time, each seeking portions of a document or documents, solely in order to avoid payment of fees. When an Activity reasonably believes that a requester or, on rare occasions, a group of requesters acting in concert, is attempting to break a request down into a series of requests for the purpose of avoiding the assessment of fees, the agency may aggregate any such requests and charge accordingly. One element to be considered in determining whether a belief would be reasonable is the time period in which the requests have occurred. For example, it would be reasonable to presume that multiple requests of this type made within a 30-day period had been made to avoid fees. For requests made over a longer period, however, such a presumption becomes harder to sustain and Activities should have a solid basis for determining that aggregation is warranted in such cases. Activities are cautioned that before aggregating requests from more than one requester, they must have a concrete basis on which to conclude that the requesters are acting in concert and are acting specifically to avoid payment of fees. In no case may Activities aggregate multiple requests on unrelated subjects from one requester.

(g) Debt Collection Act of 1982 (Pub. L. 97–365). The Debt Collection Act provides for a minimum annual rate of interest to be charged on overdue debts owed the Federal Government. Activities may levy this interest penalty for any fees that remain outstanding 30 calendar days from the date of billing (the first demand notice) to the requester of the amount owed. The interest rate shall be as prescribed in 31 U.S.C. 3717. Activities should verify the current interest rate with respective Finance and Accounting Offices. After one demand letter has been sent, and 30 calendar days have lapsed with no payment, Activities may submit the debt to respective Finance and Accounting Offices for collection pursuant to the Debt Collection Act.

(h) Computation of fees. The fee schedule shall be used to compute the search, review (in the case of commercial requesters) and duplication costs associated with processing a given FOIA request. Costs shall be computed on time actually spent. Neither time-based nor dollar-based minimum charges for search, review and duplication are authorized. The appropriate fee category of the requester shall be applied before computing fees. DD Form 2086 (Record of Freedom of Information (FOI) Processing Cost) will be used to annotate fees for processing FOIA information.

(i) Refunds. In the event that an Activity discovers that it has overcharged a requester or a requester has overpaid, the Activity shall promptly refund the charge to the requester by reimbursement methods that are agreeable to the requester and the Activity.
§ 518.20 Collection of fees and fee rates.

(a) Collection of fees. Collection of fees will be made at the time of providing the documents to the requester or recipient when the requester specifically states that the costs involved shall be acceptable or acceptable up to a specified limit that covers the anticipated costs. Collection of fees may not be made in advance unless the requester has failed to pay previously assessed fees within 30 calendar days from the date of the billing by the Activity, or the Activity has determined that the fee will be in excess of $250.

(b) Search time—(1) Costs for manual searches.

(2) Computer search. Fee assessments for computer search consists of two parts; individual time (hereafter referred to as human time), and machine time.

(i) Human time. Human time is all the time spent by humans performing the necessary tasks to prepare the job for a machine to execute the run command. If execution of a run requires monitoring by a human, that human time may be also assessed as computer search. The terms "programmer/operator" shall not be limited to the traditional programmers or operators. Rather, the terms shall be interpreted in their broadest sense to incorporate any human involved in performing the computer job (e.g., technician, administrative support, operator, programmer, database administrator, or action officer).

(ii) Machine time. Machine time involves only direct costs of the Central Processing Unit (CPU), input/output devices, and memory capacity used in the actual computer configuration. Only this CPU rate shall be charged. No other machine related costs shall be charged. In situations where the capability does not exist to calculate CPU time, no machine costs can be passed on to the requester. When CPU calculations are not available, only human time costs shall be assessed to requesters. Should Army Activities lease computers, the services charged by the lesser shall not be passed to the requester under the FOIA.

(e) Audiovisual documentary materials. Search costs are computed as for any other record. Duplication cost is the actual direct cost of reproducing the material, including the wage of the person doing the work. Audiovisual materials provided to a requester need not be in reproducible format or quality. Army audiovisual materials are referred to as “visual information.”

(f) Other records. Direct search and duplication cost for any record not described above shall be computed in the manner described for audiovisual documentary material.

(g) Costs for special services. Complying with requests for special services is at the discretion of the Activities. Neither the FOIA, nor its fee structure cover these kinds of services. Therefore, Activities may recover the costs of special services requested by the requester after agreement has been obtained in writing from the requester to pay for one or more of the following services:

(1) Certifying that records are true copies; and/or
(2) Sending records by special methods such as express mail, etc.
§ 518.21 Collection of fees and fee rates for technical data.

(a) Fees for technical data. Technical data, other than technical data that discloses critical technology with military or space application, if required to be released under the FOIA, shall be released after the person requesting such technical data pays all reasonable costs attributed to search, duplication and review of the records to be released. Technical data, as used in this section, means recorded information, regardless of the form or method of the recording, of scientific or technical nature (including computer software documentation). This term does not include computer software, or data incidental to contract administration, such as financial and/or management information. Army Activities shall retain the amounts received by such a release, and it shall be merged with and available for the same purpose and the same time period as the appropriation from which the costs were incurred in complying with request. All reasonable costs as used in this sense are the full costs to the Federal Government of rendering the service, or fair market value of the service, whichever is higher. Fair market value shall be determined in accordance with commercial rates in the local geographical area. In the absence of a known market value, charges shall be based on recovery of full costs to the Federal Government. The full costs shall include all direct and indirect costs to conduct the search and to duplicate the records responsive to the request. This cost is to provide the product to which the technical data relates to the United States or a contractor with the United States. However, Activities may require the citizen or corporation to pay a deposit in an amount equal to not more than the cost of complying with the request, which will be refunded upon submission of an offer by the citizen or corporation:

(1) The release of technical data is requested in order to comply with the terms of an international agreement; or,

(2) The Activity determines that such a waiver is in the interest of the United States.

(b) Waiver. Activities shall waive the payment of costs described in paragraph (a) of this section, which are greater than the costs that would be required or release of this same information if the request is made by a citizen of the United States or a United States corporation, and such citizen or corporation certifies that the technical data requested is required to enable it to submit an offer, or determine whether it is capable of submitting an offer to provide the product to which the technical data relates to the United States or a contractor with the United States. However, Activities may require the citizen or corporation to pay a deposit in an amount equal to not more than the cost of complying with the request, which will be refunded upon submission of an offer by the citizen or corporation:

§ 518.22 Reports control.

(a) General. (1) The Annual FOIA Report is mandated by the statute and reported on a fiscal year basis. Due to the magnitude of the requested statistics and the need to ensure accuracy of reporting, Army Activities shall track this data as requests are processed. This will also facilitate a quick and accurate compilation of statistics. Army Activities shall forward their report to DA, FOIA/PA Office, no later than October 15 following the fiscal year’s close. It may be submitted electronically and via hard copy accompanied by a computer diskette. In turn, DA and DoD will produce a consolidated report for a submission to the Attorney General and ensure that a copy of the consolidated report is placed on the Internet for public access.

(2) Existing Army standards and registered data elements are to be utilized to the greatest extent possible in accordance with the provisions of DoD 8320.1-M, “Data Administration Procedures.”

(3) The reporting requirement outlined is assigned Report Control Symbol DD-D&A&M(A)1365, FOIA Report to Congress.

(b) Reporting time. Each DA IDA shall prepare statistics and accumulate paperwork for the preceding fiscal year on those items prescribed for the annual report. The IDAs will follow guidelines below and submit the information to the DA, FOIA/PA Office, on or before the 15th day of each October.

(1) Each reporting activity will submit the information requested on the DD Form 2564, “Annual Report Freedom of Information Act.” The form is available through normal publication channels.

(2) Each IDA will submit the information requested on the DD Form 2564, excluding items 3, 4, and 9c.

(3) The Judge Advocate General (DAJA) and Chief of Engineers (COE) will submit the information requested on the Form DD 2564, item 9c.

(4) The General Counsel (SAGC) will submit the information requested on the DD Form 2564, items 3 and 4.

(5) The DA, FOIA/PA Office will compile the data submitted in the Army’s Annual Report. This report will be submitted to the DoD Office for Freedom of Information and Security Review on or before the 30th day of each November.

§ 518.23 Annual report content.

The current edition of DD Form 2564 shall be used to submit Activity input. Instructions for completion follows:

(a) ITEM 1 Initial Request Determinations. Please note that initial PA requests, which are also processed as initial FOIA requests, are reported here.

(1) Total requests processed. Enter the total number of initial FOIA requests responded to (completed) during the fiscal year. This should include pending cases at the end of the prior fiscal year. Total Actions is the sum of Items 1b through 1e, on the DD Form 2564. This total may exceed Total Requests Processed.

(2) Granted in full. Enter the total number of initial FOIA requests responded to that were granted in full during the fiscal year. (This may include requests granted by your office, yet still requiring action by another office).

(3) Denied in part. Enter the total number of initial FOIA requests responded to and denied in part based on one or more of the FOIA exemptions. (Do not report “Other Reason Responses” as a partial denial here, unless a FOIA exemption is also used).
(4) Denied in full. Enter the total number of initial FOIA requests responded to and denied in full based on one or more of the FOIA exemptions. (Do not report “Other Reason Responses” as denials here, unless a FOIA exemption is also used).

(5) “Other Reason” responses. Enter the total number of initial FOIA requests in which you were unable to provide all or part of the requested information based on an “Other Reason” response.

(b) Total actions. Enter the total number of FOIA actions taken during the fiscal year. This number will be the sum of items 1b, through 1e. Total Actions must be equal to or greater than the number of Total Requests Processed.

(b)(3) Statutes invoked on initial determinations. Identify the number of times you have used a specific statute to support each (b)(3) exemption. List the statutes used to support each (b)(3) exemption; the number of instances in which the statute was cited; note whether or not the statute has been upheld in a court hearing; and provide a concise description of the material withheld in each individual case by the statute’s use. Ensure you cite the specific sections of the acts invoked. The total number of instances reported will be equal to or greater than the total number of (b)(3) exemptions listed in Item 2a on the report form.

(v) Records not reasonably described. Enter the number of times a FOIA request could not be acted upon since the record had not been described with sufficient particularity to enable the Army Activity to locate it by conducting a reasonable search.

(vi) Not a proper FOIA request for some other reason. Enter the number of times the requester has failed unreasonably to comply with procedural requirements, other than fee-related imposed by this part or an Army Activity’s supplementing regulation.

(vii) Not an agency record. Enter the number of times a requester was provided a response indicating the requested information was not a record within the meaning of the FOIA and this part.

(viii) Duplicate request. Record number of duplicate requests closed for that reason (e.g., request for the same information by the same requester). This includes identical requests received via different means (e.g., electronic mail, facsimile, mail, and courier) at the same or different times.

(ix) Other (specify). Any other reason a requester does not comply with published rules, other than those reasons outlined in paragraphs (b)(2)(i) through (viii) of this section.

(x) Total. Enter the sum of paragraphs (b)(2)(i) through (ix) of this section, in the block provided on the form (total other reasons). This number will be equal to or greater than the number in item 1e on the report form, since more than one reason may be claimed for each “Other Reason” response.
ITEM 3 Appeal Determinations. Please note that PA appeals, which are also processed as FOIA appeals, are reported here.

(1) Total appeal responses. Enter the total number of FOIA appeals responded to (completed) during the fiscal year.

(2) Granted in full. Enter the total number of FOIA appeals responded to and granted in full during the year.

(3) Denied in part. Enter the total number of FOIA appeals responded to and denied in part based on one or more of the FOIA exemptions. (Do not report “Other Reason Responses” as a partial denial here, unless a FOIA exemption is used also.)

(4) Denied in full. Enter the total number of FOIA appeals responded to and denied in full based on one or more of the FOIA exemptions. (Do not report “Other Reason Responses” as denials here, unless a FOIA exemption is used also.)

(5) “Other Reason” responses. Enter the total number of FOIA appeals in which you were unable to provide the requested information based on an “Other Reason” response.

(6) Total actions. Enter the total number of FOIA appeal actions taken during the fiscal year. This number will be the sum of items 3b, through 3e, and should be equal to or greater than the number of Total Appeal Responses, item 3a on the report form.

ITEM 4 Appeal Exemptions and Other Reasons—Exemptions invoked on appeal determinations. Enter the number of times an exemption was claimed for each appeal that was denied in full or in part. Since more than one exemption may be claimed when responding to a single request, this number will be equal to or greater than the number of items 3c, and 3d on the report form. Note that the (b)(7) exemption is reported by subcategory (A) through (F): (A) Interfere with Enforcement; (B) Fair Trial Right; (C) Invasion of Privacy; (D) Protect Confidential Source; (E) Disclose Techniques, and (F) Endanger Life or Safety.

ITEM 5 Number and Median Age of Initial Cases Pending:

(1) Total initial cases pending:

(i) Beginning and ending report period: Midnight, 2400 hours, September 30, of the Preceding Year—or—0001 hours, October 1, is the beginning of the report period. Midnight, 2400 hours, is the close of the reporting period.

(ii) The number for the beginning report period must be the same number reported as of the end of the reporting period from the previous report.

(2) Median age of initial requests pending: Report the median age in days (including holidays and weekends) of initial requests pending.

(i) If given five cases aged 10, 25, 35, 65, and 100 days from date of receipt as of the previous September 30th, the total requests pending is five (5). The median age (days) of open requests is the middle, not average value, in this set of numbers (10, 25, 35, 65, and 100), 35 (the middle value in the set).

(ii) If given six pending cases, aged 10, 20, 30, 50, 120, and 200 days from date of receipt, as of the previous September 30th, the total requests pending is six (6). The median age (days) of open requests 40 days (the mean [average] of the two middle numbers in the set, in this case the average of middle values 30 and 50).
(4) **Accuracy of calculations.** Activities must ensure the accuracy of calculations. As backup, the raw data used to perform calculations should be recorded and preserved. This will enable recalculation of median [and mean values] as necessary. Activities may require subordinate elements to forward raw data, as deemed necessary and appropriate.

(5) **Average.** If an Activity believes that “average” (mean) processing time is a better measure of performance, then report “averages” (means) as well as median values (e.g., with data reflected and plainly labeled on plain bond as an attachment to the report). However, “average” (mean) values will not be included in the consolidated Army report unless all Activities report it.

(f) **ITEM 6 Number of Initial Requests Received During the Fiscal Year.** Enter the total number of initial FOIA requests received during the reporting period (fiscal year being reported).

(g) **ITEM 7 Types of Requests Processed and Median Age.** Information is reported for three types of initial requests completed during the reporting period: Simple; Complex; and Expedited Processing. The following items of information are reported for these requests:

1. **Total number of initial requests.** Enter the total number of initial requests processed [completed] during the reporting period (fiscal year) by type (Simple, Complex and Expedited Processing) in the appropriate row on the form.

2. **Median age (days).** Enter the median number of days [calendar days including holidays and weekends] required to process each type of case (Simple, Complex and Expedited Processing) during the period in the appropriate row on the form.

§ 525.1 General.

(a) Purpose. This regulation prescribes policies and procedures governing entry of persons, ships, and aircraft into the Kwajalein Missile Range (KMR), Kwajalein Atoll, Marshall Islands.

(b) Scope. (1) This regulation is applicable to all persons, ships and aircraft desiring entry into KMR.

(2) The entry authorizations issued under this authority are limited to KMR and do not apply to entry to any other areas of the Marshall Islands.

(3) In addition to the controls covered by this regulation movement within the Kwajalein Missile Range, the territorial sea thereof and airspace above, is subject to local control by the Commander, Kwajalein Missile Range, and as installation commander.

(4) This regulation is not applicable to entry authorized by the President of the United States pursuant to the United Nations (U.N.) Charter and to Article 13 of the Trusteeship Agreement for the Former Japanese Mandated Islands.

(c) Explanations of terms—(1) Department of Defense. A department of the executive branch of the U.S. Government which includes the Departments of the Army, the Navy, and the Air Force.

(2) Entry Authorization. Authorization by designated authority for a person, a ship, or an aircraft to enter Kwajalein Missile Range, the surrounding territorial sea, and the airspace above.

(3) National Range Commander. The Commander, Ballistic Missile Defense Systems Command, is the National Range Commander.

(4) Commander, KMR. The Commander of the Kwajalein Missile Range is located at Kwajalein Island, Republic of the Marshall Islands.

Address: Commander, Kwajalein Missile Range, P.O. Box 96, APO San Francisco 96555. Electrical Address: CDRKMR MI //BMDSC-R/.

(6) Unauthorized person. A person who does not hold a currently valid entry authorization for the Kwajalein Missile Range and does not possess entry rights under authority of paragraph 4-1a.
§ 525.2 Background and authority.

(a) Background. (1) Certain areas, due to their strategic nature or for purposes of defense, have been subjected to restrictions regarding the free entry of persons, ships, and aircraft. Free entry into the areas listed and defined in this regulation, and military installations contiguous to or within the boundaries of defense site areas, is subject to control as provided for in the Executive Order 11021 of May 7, 1962 and Departments of Interior and Defense Agreement effective July 1, 1963, or other regulations. Such restrictions are imposed for defense purposes because of the unique strategic nature of the area and for the protection of the United States Government military bases, stations, facilities, and other installations, and the personnel, property, and equipment assigned to or located therein. Persons, ships, and aircraft are excluded from KMR unless and until they are granted permission to enter under applicable regulations.

(2) The control of entry into or movement within KMR by persons, ships, or aircraft will be exercised so as to protect fully the physical security of, and insure the full effectiveness of, bases, stations, facilities, other installations, and individuals within KMR. However, unnecessary interference with the free movement of persons, ships, and aircraft is to be avoided.

(3) This regulation will be administered to provide the prompt processing
of all applications and to insure uniformity of interpretation and application insofar as changing conditions permit.

(4) In cases of doubt, the determination will be made in favor of the course of action which will best serve the interests of the United States and national defense as distinguished from the private interests of an individual or group.

(b) Authority. (1) The Trust Territory of the Pacific Islands is a strategic area administered by the United States under the provisions of the Trusteeship Agreement for the Former Japanese Mandated Islands, approved by the United Nations April 2, 1947. Congress, by 48 U.S.C. Sec. 1681, gave responsibility for this area to the President. By Executive Order 11021, the President delegated this authority to the Secretary of Interior. By agreement between the Secretary of Interior and Secretary of Defense, the Navy became responsible for all entry control July 1, 1963. With approval of the Secretary of Defense and Director of the Office of Territories, the authority to control entry into KMR was transferred to the Army in July of 1964.

(2) The authority of the Department of the Army to control entry of persons, ships, and aircraft into Kwajalein Missile Range is exercised through the Commander, Ballistic Missile Defense Systems Command, who is the National Range Commander.

(3) Penalties are provided by law for:

(i) Violation of regulations imposed for the protection or security of military or naval aircraft, airports, air facilities, vessels, harbors, ports, piers, waterfront facilities, bases, forts, posts, laboratories, stations, vehicles, equipment, explosives, or other property or places subject to the jurisdiction of, administration of, or in the custody of the Department of Defense (sec. 21 of the Internal Security Act of 1950 (50 U.S.C. 797) and Department of Defense Directive 5200.8 of 29 July 1980).

§ 525.3 Criteria.

(a) General. (1) Entry authorizations may be issued only after the National Range Commander, the Commander, KMR, or a duly authorized subordinate has determined that the presence of the person, ship, or aircraft will not, under existing or reasonably foreseeable future conditions, endanger, place an undue burden upon, or otherwise jeopardize the efficiency, capability or effectiveness of any military installation located within Kwajalein Missile Range or areas contiguous thereto. Factors to be considered shall include, but not be limited to, the true purpose of the entry, the possible burdens or threats to the defense facilities which the presence of the ship, aircraft, or the individual or individuals involved impose or might reasonably be expected to impose on those islands in the Kwajalein Atoll under U.S. Army jurisdiction.

(2) Request for entry authorizations will be evaluated and adjudged as to whether the entry at the time and for the purpose stated will or will not be inimical to the purposes of U.S. national defense.

(b) Aliens and permanent resident aliens. (1) Entry of aliens for employment or residence (except as specified in paragraph 3-2.b.) in an area entirely within the borders of Kwajalein Missile Range is not authorized except when such entry would serve the interests of the U.S. Government, and then only for specified periods and under prescribed conditions. Entry application shall include the name and nationality of the person desiring entry.

(2) Alien and immigrant spouses and dependents of U.S. citizen sponsors or principals assigned to Kwajalein Missile Range may be granted entry authorization by the National Range Commander so long as U.S. sponsor or principal remains on duty or resides within Kwajalein Missile Range.

c) Excluded persons. Excluded persons, as defined in 1-3.e., are normally prohibited from entering Kwajalein Missile Range. In emergency situations, entry of unauthorized personnel may be granted by the Commander, Kwajalein Missile Range.

(e) Entrance to other areas of the Trust Territory. Such a revocation will be confirmed in writing to the holder of an entry authorization. When an entry authorization is revoked, a one-way permit will be normally issued as appropriate, to permit the ship, aircraft, or person to depart the area.

(2) When Commander, Kwajalein Missile Range revokes an entry authorization, he shall forward a copy of such revocation with supporting documentation to the National Range Commander.

(c) Appeals. (1) Appeals from entry denial or revocation by Commander, Kwajalein Missile Range will be filed with the National Range Commander. An appeal shall contain a complete statement of the purpose of the proposed entry and a statement or reasons why the entry should be authorized, or why revocation of entry authorization should not be enforced.

(2) Final appeal letters will be forwarded promptly by the National Range Commander to the BMD Program Manager with an indorsement setting forth in detail the facts and circumstances surrounding the action taken.

(d) Renewals. Entry authorizations having been granted and utilized may be extended or renewed upon request at the expiration of the period for which the entry was originally authorized or extended provided the justification for remaining in the area or for making a reentry meets the criteria set forth in this procedure. It shall be the responsibility of every applicant to depart Kwajalein Missile Range upon expiration of the time prescribed in the entry authorization, unless such authorization has been extended or renewed. Failure to comply herewith will be considered as evidence or violation of this procedure and may result in denial of future authorizations.
PART 534—MILITARY COURT FEES

§ 534.1 General.

(a) Applicability. This part applies to court reporters and interpreters appointed under the Uniform Code of Military Justice, Article 28 (10 U.S.C. 828), and witnesses both in Government employ and those not in Government employ when subpoenaed to appear before a court.

(b) Use of term “court.” The term “court” as used in this part will be construed to include court-martial, court of inquiry, military commission, or retiring board. “Military commission” includes any United States tribunal, by whatever name described, convened in the exercise of military government, martial law, or the laws of war.

§ 534.2 Allowable expenses for reporters.

(a) General. Reporters appointed under the Uniform Code of Military Justice, Article 28, are entitled to payment for their services in such capacity at the rates specified in paragraphs (b) through (i) of this section, or at such lower rates as may be stated in the appointing instrument.

(b) Per diem pay. A reporter is entitled to a per diem payment of not to exceed $5 for each day or fraction thereof in attendance at court. Only one such payment is authorized for any 1 day even if the reporter attends two or more courts. For the purpose of this payment, the day ends at midnight and any fraction will be considered a whole day.

(c) Hourly pay. A reporter is entitled to an hourly payment of not to exceed 50 cents for each hour, or fractional part equal to or greater than one-half hour, actually spent in court during the trial or hearing. A fractional part of an hour, less than one-half hour, will be disregarded, except that if the total time in attendance in one day or at one court in one day is less than 1 hour, such time will be considered as 1 hour.

Time will be computed separately for each day if only one court is attended in such day. If more than one court is attended in 1 day, time in attendance at each court will be computed separately. The hourly pay is in addition to the per diem prescribed in paragraph (b) of this section.

(d) Piece-work pay—(1) Rates. In addition to per diem and hourly pay prescribed in paragraphs (b) and (c) of this section, a reporter will be paid on a piece-work basis for transcribing notes and copy work based on the following rates:

(i) Transcribing notes and making that portion of the original record which is required to be typewritten—25 cents for each 100 words.

(ii) Each carbon copy of the record when authorized by the convening authority—10 cents for each 100 words.

(iii) Copying papers material to the inquiry—15 cents for each 100 words.

(iv) Each carbon copy of the papers referred to in paragraph (d)(1)(i) of this section when ordered by the court for its use—2 cents for each 100 words.

(2) Counting number of words. The certifying officer may determine the total number of words by counting the words on a sufficient number of pages to arrive at a fair average of words per page and multiplying such average by the total number of pages. Abbreviations “Q” and “A” for “Questions” and “Answer” and all dates such as “25th” and “1957” will each be counted as one word. Punctuation marks will not be counted as words.

(e) Mileage. A reporter is entitled to 8 cents a mile for travel from his home or usual place of employment to the court and for his return journey, computed on the basis of the Rand McNally...
Standard Highway Mileage Guide. Mileage is not authorized for return trips each night unless the sessions of the court are held on nonconsecutive days. The fact that a reporter may serve two or more courts in the same day does not warrant a duplication of his mileage allowance.

(f) Allowance in lieu of subsistence—(1) General. When the official of the court having control in such matters keeps the reporter at his own expense away from his usual place of employment for 24 hours or more on public business referred to the court, a per diem allowance of not to exceed $4 in lieu of subsistence will be paid to the reporter for himself. A like allowance when ordered by the court will be paid to the reporter for each necessary assistant. The fact that a reporter returns each night to his home does not preclude the view that he is kept away from his usual place of employment for 24 hours.

(2) Computation. The time for which the per diem allowance for expenses is to be paid will be computed in the manner prescribed in §534.3(b)(3) for a civilian witness not in Government employ.

(g) Allowance for constructive attendance. A reporter duly employed but who after arrival at court performs no service because of adjournment is entitled to mileage; to a day’s pay as prescribed in paragraph (c) of this section; and also to the per diem allowance prescribed in paragraph (f) of this section if kept away from his usual place of employment for 24 hours.

(h) Detail of enlisted members. Enlisted members may be detailed to serve as stenographic reporters for military courts, boards, and commissions, but will receive no extra pay for such service.

(i) Persons receiving pay from Government. Compensation for clerical duties performed for a court will not be paid to a person who is in the pay of the Government, except retired military members to the extent permitted under the dual compensation laws.

§ 534.3 Allowable expenses for witnesses.

(a) Military members—(1) On active duty. Members in the military service, on active duty, when required to appear as witnesses before courts will receive the appropriate travel and transportation allowances prescribed in chapter 4, Joint Travel Regulations.

(2) Retired members. Retired military members, not on active duty, when called as witnesses (other than expert witnesses), are entitled for their services as such to the mileage and other fees prescribed in paragraph (b)(3) of this section, for civilian witnesses not in Government employ.

(b) Civilians—(1) General. (i) Persons not subject to military law when called as witnesses are entitled to the fees and mileage allowed to witnesses attending courts of the United States.

(2) In Government employ. Any officer or employee of the United States or any agency thereof, summoned as a witness on behalf of the United States, shall be paid his necessary expenses in connection with traveling to the court and any expenses actually incurred in connection with the travel, to the extent such expenses do not exceed the maximum rates permitted for witnesses attending the courts of the United States or the courts of the foreign country, whichever rates may be higher.

(3) Not in Government employ—(1) Excluding Alaska and Canal Zone. A witness attending in any court of the United States or before a United States commissioner or person taking his deposition pursuant to any order of the court of the United States, will receive $4 for each day’s attendance and for the time necessarily occupied in going to
and returning from the same, and 8 cents per mile for going from and returning to his place of residence. Witnesses who are not salaried employees of the Government and who are not in custody and who attend at point so far removed from their respective residences as to prohibit return thereto from day to day will be entitled to an additional allowance of $8 per day for expenses of subsistence including the time necessarily occupied in going to and returning from the place of attendance. In lieu of the mileage allowance provided for herein, witnesses who are required to travel between the Territories, possessions, or to and from the continental United States, will be entitled to the actual expenses of travel at the lowest first-class rate available at the time of reservation for passage, by means of transportation employed. When a witness is detained in prison for want of security for his appearance, he will be entitled, in addition to his subsistence, to a compensation of $1 a day. 

(ii) In Alaska and Canal Zone. (a) In Alaska such witnesses are entitled to the witness fees and mileage prescribed for witnesses before the United States district court in the judicial division in which the trial or hearing is held. Fees vary in the different judicial divisions. 
(b) In the Canal Zone such witnesses are entitled to the witness fees and mileage as are prescribed for witnesses before the United States court in the Canal Zone. 
(c) Responsible officers in Alaska and in the Panama Canal Zone will keep informed as to the fees payable in United States courts in those places. 

(c) Mileage—(1) General. A civilian witness not in Government employ, when furnished transportation in kind by the Government, is entitled to 8 cents per mile less the cost of transportation furnished. A civilian witness residing within the jurisdiction of the court, who is subpoenaed and attends the trial in obedience to such subpoena, is entitled to mileage between his residence and the place of trial, regardless of whether both are in the same city. 
(2) Computation. Mileage at the rate of 8 cents per mile will be computed on the basis of the Rand McNally Standard Highway Mileage Guide regardless of the mode of transportation used. 

(d) Subsistence per diem allowance—(1) When payable. The subsistence per diem allowance is payable only when the place of trial is so far removed from the place of residence as to prohibit return of the witness thereto from day to day and such fact is properly certified. (See 6 Comp. Gen. 835.) 
(2) Computation. In computing the subsistence per diem allowance prescribed in paragraph (b)(3)(i) of this section, the calendar day beginning at midnight is the unit, and the subsistence per diem allowance accrues from the time it is necessary for the witness to leave his home in order to arrive at the place of trial at the appointed time until the time he could arrive at his home by first available transportation after his discharge from attendance, any fractional part of a day under such transportation to be regarded as a day for per diem purposes. (See 5 Comp. Gen. 1028, as modified by 6 Comp. Gen. 480 and 6 id. 835.) 
(e) Attendance fees—(1) Attendance at more than one case on same day. A person attending as a witness in more than one case on the same day under a general subpoena to appear and testify is entitled to only one per diem for each day’s attendance. If separate subpoenas are issued in each case, the defendants being different, the witness is entitled to separate per diem for actual attendance in each case. The duplication of fees on account of attendance as witness in more than one case on the same day does not apply to the 8-cent mileage allowance and does not apply to the per diem on $8 in lieu of subsistence. 
(2) Attendance before officer taking deposition. A witness who is required to appear before an officer (civil or military) empowered to take depositions and there to give testimony under oath to be used before a court is entitled for such service and for the necessary travel incident thereto, including return travel, to the allowances prescribed in paragraphs (a) and (b) of this section, the same as though his appearance were before a court. (See 8 Comp. Gen. 18.) 
(3) Attendance before military courts or boards of limited jurisdiction. A subpoena
or other compulsory process addressed to a civilian by a military court or board which has not express statutory authority to issue such process, such as a board of officers convened to investigate and report upon the facts connected with the death of an enlisted member while on temporary duty, is void. Civilian witnesses who appear before such a board in response to such void process must be regarded as having done so voluntarily and are not entitled to witness fees, in the absence of a specific appropriation therefor. (See 8 Comp. Gen. 64.)

(4) Computation. The provisions of paragraph (d)(2) of this section are equally applicable for computation of the attendance fee.

(f) Expert—(1) Fees paid. An expert witness employed in accordance with Manual for Courts-Martial, 1951, paragraph 116, may be paid compensation at the rate prescribed in advance by the official empowered to authorize his employment. (See 11 Comp. Gen. 504.) In the absence of such advance authorization no fees, other than ordinary witness fees, may be paid for the employment of an individual as an expert witness. (See paragraph 116, Manual for Courts-Martial (Executive Order 10214).)

(2) Limitations. (i) An expert while employed on behalf of the Government is an officer or employee of the United States within the laws affecting traveling and subsistence expenses of officers and employees of the Government generally. His traveling allowances are therefore subject to the limitations prescribed in the Travel Expense Act of 1949 and the Standardized Government Travel Regulations. (See 6 Comp. Gen. 712.)

(ii) There is no authority for payment by the Government of fees to an expert, who was employed by an officer or employee of the Government to aid in the performance of his duties, other than an expert witness who actually appears as such (paragraph (b)(2) of this section).

(iii) A retired officer, not on active duty, employed as an expert witness is not entitled to any compensation in addition to his retired pay for such service. The traveling allowances of such a retired officer, so employed, are subject to the limitations prescribed in the Travel Expense Act of 1949 and the Standardized Government Travel Regulations. (See 6 Comp. Gen. 712.)

(g) Witness not subpoenaed—(1) Compelled to testify. A person who, although not subpoenaed, is present at trial or hearing before a court or other body authorized to compel the attendance of witnesses by compulsory process, and who is compelled or required to testify at such hearing, is entitled to fees and mileage allowances payable to witnesses.

(2) Voluntarily testifies. A person who was neither subpoenaed nor requested to appear as a witness, but who voluntarily requested and was granted permission to testify to certain matters considered pertinent to an inquiry being conducted, is not entitled to mileage and witness fees. (See 9 Comp. Gen. 255.)

§ 534.4 Other fees.

(a) Service of subpoena. Fees or compensation for the service of a subpoena by a civilian are not prescribed by the laws of the United States. Fees and mileage allowed by the local law for similar services may be paid. If no specific fee or mileage is fixed by local law, reasonable allowances may be paid. (See Dig. Op. JAG, 1912–40, sec. 379.)

(b) Taking of depositions—(1) Fees of civil officers. A civil officer before whom a deposition is taken may be paid the fees allowed by law of the place where the deposition is taken (or a reasonable fee if no specific fee is fixed by local laws), but no mileage or other allowance for travel of the civil officer to the witness is provided for or authorized by law. (See 2 Comp. Gen. 65.)

(2) Travel of witnesses. If the witness and the civil officer before whom the deposition is to be taken do not reside at the same place, the witness should be required to perform the necessary travel, and he is entitled to mileage or other travel allowance therefor as prescribed in §534.3(e)(2).

(3) Oaths in matters of military administration. Where the service of one of the officers designated in the Uniform Code of Military Justice, Article 136, is not available, fees may be paid to civil officers for administering oaths in matters.
relating to military administration, subject to the conditions indicated in paragraph (b)(1) of this section.

(c) **Interpreters.** An interpreter appointed under the Uniform Code of Military Justice, Article 28 (10 U.S.C. 828), is entitled for his services as such to the allowances prescribed for witnesses (§ 534.3).

(d) **Furnishing copies of official records or documents.** The fees provided by the local laws may be paid to the proper officials for furnishing such certified copies of public records or documents and expenses in connection with the procurement of photostatic copies, photographs, and negatives as are required by the court.

(e) **Attendance upon civil courts.—(1) Cases involving performance of official duties.** A military member on active duty or a civilian in Government employ appearing on behalf of the United States in cases arising out of the performance of their official duties is entitled to transportation and per diem as prescribed in § 534.3(a)(1) and (b)(1). Payment may be made by Department of the Army finance and accounting officers and will be charged to Department of the Army appropriations available for travel expenses of military personnel and civilian employees.

(2) **Cases involving other than performance of official duties.** A military member on active duty or a civilian in Government employ appearing on behalf of the United States in cases involving other than the performance of their official duties is entitled to transportation or transportation allowances and per diem as may be prescribed by The Attorney General. The subpoena or letter requesting attendance will specify the rates payable and will cite the appropriation chargeable. Payment may be made by a Department of the Army finance and accounting officer and reimbursement obtained from the Department of Justice.

(3) **Cases in which civilians not in Government employ are called as witnesses.** Payments to civilians out of Government employ will not be made by Department of the Army finance and accounting officers. Such payments will be made by the Department of Justice.

(e) Related remedies statutes. The Army frequently receives claims or inquiries that are not cognizable under the statutory and other authorities administered by the U.S. Army under this publication and DA Pam 27–162. Every effort should be made to refer the claim or inquiry to the proper authority following the guidance in §536.34 or §536.36. (See also the corresponding paragraphs 2–15 and 2–17, respectively, in DA Pam 27–162). Some authorities for related remedies are used more frequently than others. Where an authority for a related remedy is frequently used, it is listed below and is posted on the USARCS Web site (for the address see §536.2(a)).

(i) Effectively control and supervise the investigation of potentially compensable events (PCEs) occurring within the command’s geographic area of responsibility, in other areas for which the command is assigned claims responsibility, and during the course of the command’s operations.

(ii) Provide services for the processing and settlement of claims for and against the United States.

(2) The Commander USARCS may delegate authority to establish a command claims service to the commander of a major overseas command or other commands that include areas outside the United States, its territories and possessions.

(i) When a large deployment occurs, the Commander USARCS may designate a command claims service for a limited time or purpose, such as for the duration of an operation and for the time necessary to accomplish the mission. The appropriate major Army command (MACOM) will assist the Commander USARCS in obtaining resources and personnel for the mission.

(ii) In coordination with the Commander USARCS, the MACOM will designate the area of responsibility for each new command claims service.

(3) A command claims service may be a separate organization with a designated commander or chief. (2) An office under supervision of the senior JA of each command in the area of responsibility of a command claims service so designated by the chief of that service after coordination with the Commander USARCS. The senior JA is the head of the ACO.

(3) The office of counsel of each U.S. Army Corps of Engineers (COE) district within the United States and such other COE commands or agencies as designated by the Commander USARCS, with concurrence of the Chief Counsel, Office of the Chief of Engineers, for all claims generated within such districts, commands or agencies. The district counsel or the attorney in charge of the command’s or agency’s legal office is the head of the ACO.

(f) Claims processing offices. Claims processing offices (CPOs) are normally small legal offices or ACO subordinate elements, designated by the Commander USARCS, a command claims service or an ACO. These offices are established for the investigation of all actual and potential claims arising within their jurisdiction, on either an area, command or agency basis. There are four types of claims processing offices (see §536.10):

(1) Claims processing offices without approval authority.

(2) Claims processing offices with approval authority.

(3) Medical claims processing offices.

(4) Special claims processing offices.

(g) Limitations on delegation of authority under any subpart. (1) The Commander USARCS, commanders or chiefs of command claims services, or the heads of ACOs or CPOs with approval authority may delegate, in writing, all or any portion of their monetary approval authority to subordinate JAs or claims attorneys in their services or offices.

(2) The authority to act upon appeals or requests for reconsideration, to deny claims (including disapprovals based on substantial fraud), to grant waivers of maximum amounts allowable, or to make final offers will not be delegated except that the Commander USARCS may delegate this authority to USARCS Division Chiefs.

(3) CPOs will provide copies of all delegations affecting them to the ACO and, if so directed, to command claims services.

§ 536.4 Designation of claims attorneys.

(a) Who may designate. The Commander USARCS, the senior JA of a command having a command claims service, the head of an ACO, or the Chief Counsel of a COE District, may
designate a qualified attorney other than a JA as a claims attorney. The head of an ACO may designate a claims attorney to act as a CPO with approval authority.

(b) Eligibility. To qualify as a claims attorney, an individual must be a civilian employee of the Department of the Army (DA) or DOD, a member of the bar of a state, the District of Columbia, or a jurisdiction where U.S. federal law applies, serving in the grade of GS-11 or above, and performing primary duties as a legal adviser.

§ 536.5 The Judge Advocate General.

TJAG has worldwide Army Staff responsibility for administrative settlement of claims by and against the U.S. government, generated by employees of the U.S. Army and DOD components other than the Departments of the Navy and Air Force. Where the Army has single-service responsibility, TJAG has responsibility for the Army. See DODD 5515.9. Certain claims responsibilities of TJAG are exercised by The Assistant Judge Advocate General (TAJAG) as set forth in this part and directed by TJAG.

§ 536.6 The Army claims mission.

(a) Promptly investigate potential claims incidents with a view to determining the degree of the Army’s exposure to liability, the damage potential, and when the third party is at fault, whether the Army should take action to collect for medical expenses, lost wages and property damage.

(b) Efficiently and expeditiously dispose of claims against the U.S. by fairly settling meritorious claims at the lowest level within the claims system commensurate with monetary jurisdiction delegated, or by denying non-meritorious claims.

(c) Develop a system that has a high level of proficiency, so that litigation and appeals can be avoided or kept to a minimum.

§ 536.7 Responsibilities of the Commander USARCS.

The Commander USARCS shall:

(a) Supervise and inspect claims activities worldwide.

(b) Formulate and implement claims policies and uniform standards for claims office operations.

(e) Designate ACOs, CPOs, and claims attorneys within DA and DOD components other than the Departments of the Navy and Air Force, subject to concurrence of the commander concerned.

(f) Designate continental United States (CONUS) geographic areas of claims responsibility.

Direct communication with Department of Justice (DOJ) and the SA’s designee is authorized.

(h) Operate the “receiving State office” for claims arising in the United States, its territories, commonwealths and possessions cognizable under Article VIII of the North Atlantic Treaty Organization (NATO) Status of Forces Agreement (SOFA), Partnership for Peace (PPF) SOFA, Article XVI of the Singapore SOFA, and other SOFAs which have reciprocal claims provisions as delegated by TJAG, as implemented by 10 U.S.C. 2734a and 2734b (subpart G of this part).

government expense (AR 27–20, chapter 11).

(k) Formulate and recommend legislation for Congressional enactment of new statutes and the amendment of existing statutes considered essential for the orderly and expeditious administrative settlement of noncontractual claims.

(l) Perform post-settlement review of claims.

(m) Prepare, justify, and defend estimates of budgetary requirements and administer the Army claims budget.

(n) Maintain permanent records of claims for which TJAG is responsible.

(o) Assist in developing disaster and maneuver claims plans designed to implement the responsibilities set forth in § 536.9(a)(12).

(p) Develop and maintain plans for a disaster or civil disturbance in those geographic areas that are not under the jurisdiction of an area claims authority and in which the Army has single-service responsibility or in which the Army is likely to be the predominant Armed Force.

(q) Take initial action, as appropriate, on claims arising in emergency situations.

(r) Provide assistance as available or take appropriate action to ensure that command claims services and ACOs are carrying out their responsibilities as set forth in §§ 536.8 and 536.9, including claims assistance visits.

(v) Investigate, process and settle, and supervise the field office investigation and processing of, medical malpractice claims arising in Army medical centers within the United States; provide medical claims judge advocates (MCJAs), medical claims attorneys, and medical claims investigators assigned to such medical centers with technical guidance and direction on such claims.

(w) Coordinate support with the U.S. Army Medical Command (MEDCOM) on matters relating to medical malpractice claims.

(x) Issue an accounting classification to all properly designated claims settlement and approval authorities.

(y) Perform the investigation, processing, and settlement of claims arising in areas outside command claims service areas of operation.

(z) Maintain continuous worldwide deployment and operational capability to furnish claims advice to any legal office or command throughout the world. When authorized by the chain of command or competent authority, issue such claims advice or services, including establishing a claims system within a foreign country, interpreting claims aspects of international agreements, and processing claims arising from Army involvement in civil disturbances, chemical accidents under the Chemical Energy Stockpile Program, other man-made or natural disasters, and other claims designated by competent authority.

(aa) Upon receiving both the appropriate authority’s directive or order and full fiscal authorization, disburse the funds necessary to administer civilian evacuation, relocation, and similar initial response efforts in response to a chemical disaster arising at an Army facility.

(bb) Respond to all inquiries from the President, members of Congress, military officials, and the general public on claims within USARCS’ responsibility.

(cc) Serve as the proponent for this publication and DA Pam 27–162, both of which set forth guidance on personnel, tort, disaster and affirmative claims, as well as claims management and administration.

(dd) Provide supervision for the Army’s affirmative claims and carrier recovery programs, as well as other methods for recovering legal debts.

(ee) Provide support for the overseas environmental claims program as designated by the DA.

(ff) Execute other claims missions as designated by DOD, DA, TJAG and other competent authority.
§ 536.8 Responsibilities and operations of command claims services.

(a) Chiefs of command claims services. Chiefs of command claims services shall:

(1) Exercise claims settlement authority as specified in this part, including appellate authority where so delegated.

(2) Supervise the investigation, processing, and settlement of claims against, and in favor of the United States under the statutes and regulations listed in §536.2, and pursuant to other appropriate statutes, regulations, and authorizations.

(3) Designate and grant claims settlement authority to ACOs. A grant of such authority will not be effective until coordinated with the Commander USARCS, and assigned an office code. However, the chief of a command claims service may redesignate a CPO that already has an assigned office code as an ACO without coordination with the Commander USARCS. The Commander USARCS will be informed of such a designation.

(4) Designate and grant claims approval authority to CPOs. Only CPOs staffed with a claims judge advocate (CJA) or claims attorney may be granted approval authority. A grant of such authority will not be effective until coordinated with the Commander USARCS, and assigned an office code.

(5) Train claims personnel and monitor their operations and ongoing claims administration. Conduct a training course annually.

(6) Implement pertinent claims policies.

(7) Prepare and publish command claims directives.

(8) Administer the command claims expenditure allowance, providing necessary data, estimates, and reports to USARCS on a regular basis.

(9) Perform the responsibilities of an ACO (see §536.9), as applicable, ensure that SOFA claims are investigated properly and timely filed with the receiving State and adequately funded.

(10) Serve as the United States “sending State office,” if so designated, when operating in an area covered by a SOFA.

(11) Supervise and provide technical assistance to subordinate ACOs within the command claims service’s geographic area of responsibility.

(b) Operations of command claims services. The SJA of the command shall supervise the command claims service. The command SJA may designate a field grade JA as the chief of the service. An adequate number of qualified claims personnel shall be assigned to ensure that claims are promptly investigated and acted upon. With the concurrence of the Commander USARCS, a command claims service may designate ACOs within its area of operations to carry out claims responsibilities within specified geographic areas subject to agreement by the commander concerned.

§ 536.9 Responsibilities and operations of area claims offices.

(a) Heads of ACOs. Heads of ACOs, including COE offices (see §536.3(e)(3)) shall:

(1) Ensure that claims and potential claims incidents in their area of responsibility are promptly investigated in accordance with this part.

(2) Ensure that each organization or activity (for example, U.S. Army Reserve (USAR) or Army National Guard of the United States (ARNGUS) unit, ROTC detachment, recruiting company or station, or DOD agency) within the area appoints a claims officer to investigate claims incidents not requiring investigation by a JA (see §536.23) and ensure that this officer is adequately trained.

(3) Supervise the investigation, processing, and settlement of claims against, and in favor of, the United States.
States under the statutes and regulations listed in §536.2 and pursuant to other appropriate statutes, regulations, and authorizations.

(4) Act as a claims settlement authority on claims that fall within the appropriate monetary jurisdictions set forth in this part and forward claims exceeding such jurisdictions to the Commander USARCS, or to the chief of a command claims service, as appropriate, for action.

(5) Designate CPOs and request that the Commander USARCS, or the chief of a command claims service, as appropriate, grant claims approval authority to a CPO for claims that fall within the jurisdiction of that office.

(6) Supervise the operations of CPOs within their area.

(7) Implement claims policies and guidance furnished by the Commander USARCS.

(8) Ensure that there are adequate numbers of qualified and adequately trained CJAs or claims attorneys, RCJAs or attorneys, recovery claims clerks, claims examiners, claims adjudicators and claims clerks in all claims offices within their areas to act promptly on claims.

(9) Budget for and fund claims investigations and activities, such as: per diem and transportation of claims personnel, claimants and witnesses; independent medical examinations; appraisals and independent expert opinions; long distance telephone calls; recording and photographic equipment; use of express mail or couriers; and other necessary expenses.

(10) Within the United States and its territories, commonwealths and possessions, procure and disseminate, within their areas of jurisdiction, appropriate legal publications on state or territorial law and precedent relating to tort claims.

(11) Notify the Commander USARCS, of all claims and potentially compensable events (PCEs) as required by §536.22(c); notify the chief of a command claims service of all claims and PCEs.

(12) Develop and maintain written plans for a disaster or civil disturbance. These plans may be internal SJA office plans or an annex to an installation or an agency disaster response plan.

(13) Implement the Army’s Article 139 claims program. (See subpart I of this part).

(14) Notify USARCS of possible deployments and ensure adequate FCCs are appointed by USARCS and are trained.

(b) Operations of area claims offices. (1) The ACO is the principal office for the investigation and adjudication or settlement of claims, and shall be staffed with qualified legal personnel under the supervision of the SJ A, command JA, or COE district or command legal counsel.

(2) In addition to the utilization of unit claims officers required by §536.10(a), if indicated, the full-time responsibility for investigating and processing claims arising within or related to the activities of a unit or organization located within a section of the designated area may be delegated to another command, unit, or activity by establishing a CPO at the command, unit, or activity (see §536.10(b)(4)). Normally, all CPOs will operate under the supervision of the ACO in whose area the CPO is located. Where a proposed CPO is not under the command of the ACO parent organization, this designation may be achieved by a support agreement or memorandum of understanding between the affected commands.

(3) Normally, claims that cannot be settled by a COE ACO will be forwarded directly to the Commander USARCS, with notice of referral to the Chief Counsel, COE. However, as part of his or her responsibility for litigating suits that involve civil works and military construction activities, the Chief Counsel, COE, may require that a COE ACO forward claims through COE channels, provided that such requirement does not preclude the Commander USARCS from taking final action within the time limitations set forth in subparts D and H of this part.

§536.10 Responsibilities and operations of claims processing offices.

(a) Heads of CPOs. Heads of CPOs will:

197
(1) Investigate all potential and actual claims arising within their assigned jurisdiction, on either an area, command, or agency basis. Only a CPO that has approval authority may adjudicate and pay presented claims within its monetary jurisdiction.

(2) Ensure that units and organizations within their jurisdiction have appointed claims officers for the investigation of claims not requiring a JA's investigation. (See §536.22).

(3) Budget for and fund claims investigations and activities; including, per diem and transportation of claims personnel, claimants and witnesses; independent medical examinations; appraisals; independent expert opinions; long distance telephone calls; recording and photographic equipment; use of express mail or couriers; and other necessary expenses.

(4) Within CONUS, procure and maintain legal publications on local law relating to tort claims pertaining to their jurisdiction.

(5) Notify the Commander USARCS of all claims and claims incidents, as required by §536.22 and AR 27–20, paragraph 2–12.

(6) Implement the Army’s Article 139 claims program (see subpart I of this part).

(b) Operations of claims processing offices—(1) Claims processing office with approval authority. A CPO that has been granted approval authority must provide for the investigation of all potential and actual claims arising within its assigned jurisdiction, on an area, command, or agency basis, and for the adjudication and payment of all claims presented within its monetary jurisdiction. If the estimated value of a claim, after investigation, exceeds the CPO's payment authority, or if disapproval is the appropriate action, the claim file will be forwarded to the ACO unless otherwise specified in this part, or forwarded to USARCS or the command claims service, if directed by such service.

(2) Claims processing offices without approval authority. A CPO that has not been granted claims approval authority will provide for the investigation of all potential and actual claims arising within its assigned jurisdiction on an area, command, or agency basis. Once the investigation has been completed, the claim file will be forwarded to the appropriate ACO for action. Alternatively, an ACO may direct the transfer of a claim investigation from a CPO without approval authority to another CPO with approval authority, located within the ACO's jurisdiction.

(3) Medical claims processing offices. The MCJAs or medical claims attorneys at Army medical centers, other than Walter Reed Army Medical Center, may be designated by the SJA or head of the ACO for the installation on which the center is located as CPOs with approval authority for medical malpractice claims only. Claims for amounts exceeding a medical CPO’s approval authority will be investigated and forwarded to the Commander USARCS.

(4) Special claims processing offices— (i) Designation and authority. The Commander USARCS, the chief of a command claims service, or the head of an ACO may designate special CPOs within his or her command for specific, short-term purposes (for example, maneuvers, civil disturbances and emergencies). These special CPOs may be delegated the approval authority necessary to effect the purpose of their creation, but in no case will this delegation exceed the maximum monetary approval authority set forth in other subparts of this part for regular CPOs. All claims will be processed under the claims expenditure allowance and claims command and office code of the authority that established the office or under a code assigned by USARCS. The existence of any special CPO must be reported to the Commander USARCS, and the chief of a command claims service, as appropriate.

(ii) Maneuver damage and claims office jurisdiction. A special CPO is the proper organization to process and approve maneuver damage claims, except when a foreign government is responsible for adjudication pursuant to an international agreement (see subpart G of this part). Personnel from the maneuvering command should be used to investigate claims and, at the ACO’s discretion, may be assigned to the special CPO. The ACO will process claims filed after the maneuver terminates. The special CPO will investigate claims
arising while units are traveling to or from the maneuver within the jurisdiction of other ACOs, and forward such claims for action to the ACO in whose area the claims arose. Claims for damage to real or personal property arising on private land that the Army has used under a permit may be paid from funds specifically budgeted by the maneuver for such purposes in accordance with AR 405–15.

(ii) Disaster claims and civil disturbance. A special CPO provided for a disaster or civil disturbance should include a claims approving authority with adequate investigatory, administrative, and logistical support, including damage assessment and finance and accounting support. It will not be dispatched prior to notification of the Commander USARCS, whose concurrence must be obtained before the first claim is paid.

(5) Supervisory requirements. The CPOs discussed in paragraphs (b)(2) through (b)(4) of this section must be supervised by an assigned CJA or claims attorney in order to exercise delegated approval authority.

§ 536.11 Chief of Engineers.

The Chief of Engineers, through the Chief Counsel, shall:

(a) Provide general supervision of the claims activities of COE ACOs.

(b) Ensure that each COE ACO has a claims attorney designated in accordance with § 536.4.

(c) Ensure that claims personnel are adequately trained, and monitor their ongoing claims administration.

(d) Implement pertinent claims policies.

(e) Provide for sufficient funding in accordance with existing Army regulations and command directives for temporary duty (TDY), long distance telephone calls, recording equipment, cameras, and other expenses for investigating and processing claims.

(f) Procure and maintain adequate legal publications on local law relating to claims arising within the United States, its territories, commonwealths and possessions.

(g) Assist USARCS in evaluation of claims by furnishing qualified expert and technical advice from COE resources, on a non-reimbursable basis except for temporary duty (TDY) and specialized lab services expenses.

§ 536.12 Commanding General, U.S. Army Medical Command.

(a) After consulting with the Commander USARCS on the selection of medical claims attorneys, the Commander of the U.S. Army MEDCOM, the European Medical Command, or other regional medical command, through his or her SJA/Center Judge Advocate, shall ensure that an adequate number of qualified MCJAs or medical claims attorneys and medical claims investigators are assigned to investigate and process medical malpractice claims arising at Army medical centers under the Commander’s control. In accordance with an agreement between TJAG and The Surgeon General, such personnel shall be used primarily to investigate and process medical malpractice claims and affirmative claims and will be provided with the necessary funding and research materials to carry out this function.

(b) Upon request of a claims judge advocate or claims officer, shall provide a qualified health care provider at a medical treatment facility (MTF) to examine a claimant for his injuries even if the claimant is not otherwise entitled to care at an MTF (See AR 40–400, Patient Administration, paragraph 3–47).

§ 536.13 Chief, National Guard Bureau.

The Chief, National Guard Bureau (NGB), shall:

(a) Ensure the designation of a point of contact for claims matters in each State Adjutant General’s office.

(b) Provide the name, address, and telephone number of these points of contact to the Commander USARCS.

(c) Designate claims officers to investigate claims generated by ARNG personnel and forward investigations to the Active Army ACO that has jurisdiction over the area in which the claims incident occurred.

§ 536.14 Commanders of major Army commands.

Commanders of MACOMs, through their SJs, shall:

(a) Assist USARCS in monitoring ACOs and CPOs under their respective
§ 536.15 Claims policies.

(a) General. The following policies will be adhered to in processing and adjudicating claims falling within this regulation. The Commander USARCS is authorized to publish new policies or rescind existing policies from time to time as the need arises.

(1) Notification. The Commander USARCS must be notified as soon as possible of both potential and actual claims which are serious incidents that cannot be settled within the monetary jurisdiction of a Command Claims Service or an ACO, including those which occur in the area of responsibility of a CPO. On such claims, the USARCS Area Action Officer (AAO) must coordinate with the field office as to all aspects of the investigation, evaluation and determination of liability. An offer of settlement or the assertion of an affirmative claim must be the result of a discussion between the AAO and the field office. Payment of a subrogated claim may commit the United States to liability as to larger claims. On the other hand, where all claims out of an incident can be paid within field authority they should be paid promptly with maximum use of small claims procedures.

(2) Consideration under all subparts. Prior to denial, a claim will be considered under all subparts of this part, regardless of the form on which the claim is presented. A claim presented as a personnel claim will be considered as a tort prior to denial. A claim presented as a tort will first be considered as a personnel claim, and if not payable, then considered as a tort. If deniable, the claim will be denied both as a personnel claim and as a tort.

(3) Compromise. DA policy seeks to compromise claims in a manner that represents a fair and equitable result to both the claimant and the United States. This policy does not extend to frivolous claims or claims lacking factual or legal merit. A claim should not be settled solely to avoid further processing time and expense. All claims, regardless of amount, should be evaluated. Congress imposed no minimum limit on payable claims nor did it intend that small non-meritorious claims be paid. Practically any claim, regardless of amount, may be subject to compromise through direct negotiation. A CJA or claims attorney should develop expertise in assessing liability and damages, including small property damage claims. For example, a property damage claim may be compromised by deducting the cost of collection, i.e., attorney fees and costs, even where liability is certain.

(4) Expeditious processing at the lowest level. Claims investigation and adjudication should be accomplished at the lowest possible level, such as the CPO or ACO that has monetary authority over the estimated total value of all claims arising from the incident. The expeditious investigation and settlement of claims is essential to successfully fulfilling the Army’s responsibilities under the claims statutes implemented by this part.

(5) Notice to claimants of technical errors in claim. When technical errors are found in a claim’s filing or contents, claimants should be advised of such errors and the need to correct the claim. If the errors concern a jurisdictional matter, a record should be maintained and the claimant should be immediately warned that the error must be corrected before the statute of limitations (SOL) expires.

(b) Cooperative investigative environment. Any person who indicates a desire to file a claim against the United States cognizable under one of the subparts of this part will be instructed concerning the procedure to follow. The claimant will be furnished claim forms and, when necessary, assisted in completing claim forms, and may be
assisted in assembling evidence. Claims personnel may not assist any claimant in determining what amount to claim. During claims investigation, every effort should be made to create a cooperative environment that engenders the free exchange of information and evidence. The goal of obtaining sufficient information to make an objective and fair analysis should be paramount. Personal contact with claimants or their representatives is essential both during investigation and before adjudication. When settlement is not feasible, issues in dispute should be clearly identified to facilitate resolution of any reconsideration, appeal or litigation.

(c) Claims directives and plans—(1) Directives. Two copies of command claims directives will be furnished to the Commander USARCS. ACO directives will be distributed to all DA and DOD commands, installations and activities within the ACO’s area of responsibility, with an information copy to the Commander USARCS.

(2) Disaster and civil preparedness plan. One copy of all ACOs’ disaster or civil disturbance plans or annexes will be furnished to the Commander USARCS.

(d) Interpretations. The Commander USARCS will publish written interpretations of this part. Interpretations will have the same force and effect as this part.

(e) Authority to grant exceptions to and deviations from this part. If, in particular instances, it is considered to be in the best interests of the government, the Commander USARCS may authorize deviations from this part’s specific requirements, except as to matters based on statutes, treaties and international agreements, executive orders, controlling directives of the Attorney General or Comptroller General, or other publications that have the force and effect of law.

(f) Guidance. The Commander USARCS, may publish bulletins, manuals, handbooks and notes, and a DA Pamphlet that provides guidance to claims authorities on administrative and procedural rules implementing this part. These will be binding on all Army claims personnel.

(g) Communication. All claims personnel are authorized to communicate directly with USARCS personnel for guidance on matters of policy or on matters relating to the implementation of this part.

(h) Private relief bills. The issue of a private relief bill is one between a claimant and his or her Congressional representative. There is no established procedure under which the DA sponsors private relief legislation. Claims personnel shall remain neutral in all private relief matters and shall not make any statement that purports to reflect the DA’s position on a private relief bill.

§ 536.16 Release of information policies.

(a) Conflict of interest. Except as part of their official duties, government personnel are forbidden from advising or representing claimants or from receiving any payment or gratuity for services rendered. They may not accept any share or interest in a claim or assist in its presentation, under penalty of federal criminal law (18 U.S.C. 203 and 205).

(2) It is the policy of USARCS that unclassified attorney work product may be released with or without a request from the claimant or attorney, whenever such release may help settle the claim or avoid unnecessary litigation.

(3) A statutory exemption or privilege may not be waived. Similarly, documents subject to such statutorily required nondisclosure, exemption, or privilege may not be released. Regarding other exemptions and privileges, authorities may waive such exemptions or privileges and direct release of the protected documents, upon balancing all pertinent factors, including finding that release of protected records will not harm the government’s interest, will promote settlement of a claim and will avoid unnecessary litigation, or for other good cause.
§ 536.17 Single-service claims responsibility (DODD 5515.8 and DODD 5515.9).

(a) Assignment for DOD claims. The army is responsible for processing DOD claims pursuant to DODD 5515.9 (posted on the USARCS Web site; for the address see §536.2(a)).

(b) Statutes and agreements. DOD has assigned single-service responsibility for the settlement of certain claims in certain countries, pursuant to DODD 5515.8 (posted on the USARCS Web site; for the address see §536.2(a)) under the following statutes and agreements:

(1) FCA (10 U.S.C. 2734);
(2) MCA (10 U.S.C. 2733);
(3) Status of Forces Agreements (10 U.S.C. 2734a and 2734b);

(4) NATO SOFA (4 U.S.T. 1792, Treaties and International Acts Series

202
(T.I.A.S.) 2846) and other similar agreements;
(5) FCCA (31 U.S.C. 3711–3720E) and FMCRCA (42 U.S.C. 2651–2653);
(6) Claims not cognizable under any other provision of law, 10 U.S.C. 2737;
and
(7) Advance payments, 10 U.S.C. 2736.

(c) Specified foreign countries. Responsibility for the settlement of claims cognizable under the laws listed above has been assigned to military departments pursuant to DODD 5515.8, as supplemented by executive agreement and other competent directives.

(d) When claims responsibility has not been assigned. When necessary to implement contingency plans, the unified or specified commander with authority over the geographic area in question may, on an interim basis before receiving confirmation and approval from the General Counsel, DOD, assign single-service responsibility for processing claims in countries where such assignment has not already been made.

NOTE TO § 536.17: See also § 536.32 for information on transferring claims among armed services branches.

§ 536.18 Cross-servicing of claims.

(a) Where claims responsibility has not been assigned. Claims cognizable under the FCA or the MCA that are generated by another military department within a foreign country for which single-service claims responsibility has not been assigned, may be settled by the Army upon request of the military department concerned. Conversely, Army claims may in appropriate cases be referred to another military department for settlement, DODD 5515.8, E1.2 (posted on the USARCS Web site; for the address see § 536.2(a)). Tables listing claims offices worldwide are posted to the USARCS Web site at that address. U.S. Air Force claims offices may be identified by visiting the Web site at http://afmove.hq.af.mil/page_acclaims.asp.

(b) Claims generated by the Coast Guard. Claims resulting from the activities of, or generated by, soldiers or civilian employees of the Coast Guard while it is operating as a service of the U.S. Department of Homeland Security may upon request be settled under this part by a foreign claims commission appointed as authorized herein, but they will be paid from Coast Guard appropriations, 10 U.S.C. 2734.

(c) SOFA claims within the United States. Claims cognizable under the NATO PFP or Singaporean SOFAs arising out of the activities of aircraft within the United States may be investigated and adjudicated by the U.S. Air Force under a delegation from the Commander USARCS. Claims exceeding the delegated amount will be adjudicated by the USARCS.

NOTE TO § 536.18: See also § 536.32 for information on transferring claims among armed services branches.

§ 536.19 Disaster claims planning.

All ACOs will prepare a disaster claims plan and furnish a copy to USARCS. See DA Pam 27–162, paragraph 1–21 for specific requirements related to disaster claims planning.

§ 536.20 Claims assistance visits.

Members of USARCS and command claims services will make claims assistance visits to field offices on a periodic basis. See DA Pam 27–162, paragraph 1–22 for specific requirements related to claims assistance visits.

§ 536.21 Annual claims award.

The Commander USARCS will make an annual claims award to outstanding field offices. See DA Pam 27–162, paragraph 1–23 for more information on annual claims awards.

Subpart B—Investigation and Processing of Claims

§ 536.22 Claims investigative responsibility—General.

(a) Scope. This subpart addresses the investigation, processing, evaluation, and settlement of tort and tort-related claims for and against the United States. The provisions of this subpart do not apply to personnel claims (AR 27–20, chapter 11), or to claims under
§ 536.23 Identifying claims incidents both for and against the government.

(a) Investigation is required when:

(1) There is property loss or damage.

(i) Property other than that belonging to the government is damaged, lost, or destroyed by an act or omission of a government employee or a member of North Atlantic Treaty Association (NATO), Australian or Singaporean forces stationed or on temporary duty within the United States.

(ii) Property belonging to the government is damaged or lost by a tortious act or omission not covered by the report of survey system or by a carrier’s bill of lading.

(2) There is personal injury or death.

(i) A civilian other than an employee of the U.S. government is injured or killed by an act or omission of a government employee or by a member of a NATO, Australian or Singaporean force stationed or on temporary duty within the United States. (This category includes patients injured during treatment by a health care provider).

(ii) Service members, active or retired, family members of either, or U.S. employees, are injured or killed by a third party and receive medical care at government expense.

(iii) A claim is filed.

(iv) A competent authority or another armed service or federal agency requires investigation.

(b) Determining who is a government employee is a matter of federal, not local, law. Categories of government employees usually accepted as tortfeasors under federal law are:

(1) Military personnel (soldiers of the Army, or members of other services where the Army exercises single-service jurisdiction on foreign soil; and soldiers or employees within the United States who are members of NATO or of other foreign military forces with whom the United States has a reciprocal claims agreement and whose sending States have certified that they were acting within the scope of their duty) who are serving on full-time active duty in a pay status, including soldiers:

(i) Assigned to units performing active or inactive duty.

(ii) Serving on active duty as Reserve Officer Training Corps (ROTC) instructors.

(iii) Serving as Army National Guard (ARNG) instructors or advisors.

(iv) On duty or training with other federal agencies, for example: the National Aeronautics and Space Administration, the Department of State, the Navy, the Air Force, or DOD (federal agencies other than the armed service
to which the Soldier is attached may also provide a remedy).

(v) Assigned as students or ordered into training at a non-federal civilian educational institution, hospital, factory, or other facility (excluding soldiers on excess leave or those for whom the training institution or organization has assumed liability by written agreement).

(vi) Serving on full-time duty at non-appropriated fund (NAF) activities.

(vii) Of the United States Army Reserve (USAR) and ARNG on active duty under Title 10, U.S.C.

(2) Military personnel who are United States Army Reserve soldiers including ROTC cadets who are Army Reserve soldiers while at annual training, during periods of active duty and inactive duty training.

(3) Military personnel who are soldiers of the ARNG while engaged in training or duty under 32 U.S.C. 316, 502, 503, 504, 505, or engaged in properly authorized community action projects under the Federal Tort Claims Act (FTCA), the Non-Scope Claims Act (NSCA), or the National Guard Claims Act (NGCA), unless performing duties in furtherance of a mission for a state, commonwealth, territory or possession.

(4) Civilian officials and employees of both the DOD and DA (there is no practical significance to the distinction between the terms “official” and “employee”), including but not limited to the following:

(i) Civil service and other full-time employees of both the DOD and DA who are paid from appropriated funds.

(ii) Persons providing direct health care services pursuant to personal service contracts under 10 U.S.C. 1089 or 1091 or where another person exercised control over the health care provider’s day-to-day practice. When the conduct of a health care provider performing services under a personal service contract is implicated in a claim, the CJA, Medical Claims Judge Advocate (MCJA), or claims attorney should consult with USARCS to determine if that health care provider can be considered an employee for purposes of coverage.

(iii) Employees of a NAF instrumentality (NAFI) if it is an instrumentality of the United States and thus a federal agency. To determine whether a NAFI is a “federal agency,” consider both whether it is an integral part of the Army charged with an essential DA operational function and also what degree of control and supervision DA personnel exercise over it. Members or users, unlike employees of NAFIs, are not considered government employees; the same is true of family child care providers. However, claims arising out of the use of some NAFI property or from the acts or omissions of family child care providers may be payable from such funds under subpart K of this part as a matter of policy, even when the user is not acting within the scope of employment and the claim is not otherwise cognizable under any of the other authorities described in this part.

(5) Prisoners of war and interned enemy aliens.

(6) Civilian employees of the District of Columbia ARNG, including those paid under “service contracts” from District of Columbia funds.

(7) Civilians serving as ROTC instructors paid from federal funds.

(8) ARNG technicians employed under 32 U.S.C. 709(a) for claims accruing on or after January 1, 1969 (Public Law 90–486, August 13, 1968 (82 Stat. 755)), unless performing duties solely in pursuit of a mission for a state, commonwealth, territory or possession.

(9) Persons acting in an official capacity for the DOD or DA either temporarily or permanently with or without compensation, including but not limited to the following:

(i) Dollar-a-year personnel.

(ii) Members of advisory committees, commissions, or boards.

(iii) Volunteers serving in an official capacity in furtherance of the business of the United States, limited to those categories set forth in DA Pam 27–162, paragraph 2–45.

Note to §536.23: See the parallel discussion at DA Pam 27–162, paragraph 2–2.

§ 536.24 Delegation of investigative responsibility.

(a) Area Claims Office. An ACO is authorized to carry out its investigative responsibility as follows:

(1) At the request of the area claims authority, commanders and heads of
Army and DOD units, activities, or components will appoint a commissioned, warrant, or noncommissioned officer or a qualified civilian employee to investigate a claims incident in the manner set forth in DA Pam 27–162 and this part. An ACO will direct such investigation to the extent deemed necessary.

(2) CPOs are responsible for investigating claims incidents arising out of the activities and operations of their command or agency. An ACO may assign area jurisdiction to a CPO after coordination with the appropriate commander to investigate claims incidents arising in the ACO's designated geographic area. (See §536.3(f).)

(3) Claims incidents involving patients arising from treatment by a health care provider in an Army medical treatment facility (MTF), including providers defined in 536.23(b)(4)(ii), will be investigated by a claims judge advocate (CJA), medical claims judge advocate (MCJA), or claims attorney rather than by a unit claims officer.

(4) An ACO will publish and distribute a claims directive to all DOD and Army installations and activities including active, Army Reserve, and ARNG units as well as units located on the post at which the ACO is located. The directive will outline each installations' and activities' claims responsibilities. It will institute a serious claims incident reporting system.

(b) Command claims service responsibility. A command claims service is responsible for the investigation and processing of claims incidents arising in its geographic area of responsibility or for any incidents within the authority of any foreign claims commission (FCC) it appoints. This responsibility will be carried out by an ACO or a CPO to the extent possible. A command claims service will publish a claims directive outlining the geographic areas of claims investigative responsibilities of each of its installations and activities, requiring each ACO or CPO to report all serious claims incidents directly to the Commander USARCS.

(c) USARCS responsibility. USARCS exercises technical supervision over all claims offices, providing guidance on specific cases throughout the claims process, including the method of investigation. Where indicated, USARCS may investigate a claims incident that normally falls within a command claims service's, an ACO's, or a CPO's jurisdiction. USARCS typically acts through an area action officer (AAO) who is assigned as the primary point of contact with command claims services, ACOs or CPOs within a given geographic area. In areas outside the United States and its commonwealths, territories and possessions, where there is no command claims service or ACO, USARCS is responsible for investigation and for appointment of FCCs.

NOTE TO §536.24: See the parallel discussion at DA Pam 27–162, paragraph 2–3.

§536.25 Procedures for accepting claims.

All ACOs and CPOs will institute procedures to ensure that potential claimants or attorneys speak to a CJA, claims attorney, investigator, or examiner. On initial contact, claims personnel will render assistance, discuss all aspects of the potential claim, and determine what statutes or procedures apply. Assistance will be furnished to the extent set forth in DA Pam 27–162, paragraph 2–4. To advise claimants on the correct remedy, claims personnel will familiarize themselves with the remedies listed in DA Pam 27–162, paragraphs 2–15 and 2–17.

§536.26 Identification of a proper claim.

(a) A claim is a writing that contains a sum certain for each claimant and that is signed by each claimant, or by an authorized representative, who must furnish written authority to sign on a claimant’s behalf. The writing must contain enough information to permit investigation. The writing must be received not later than two years from the date the claim accrues. A claim under the Foreign Claims Act (FCA) may be presented orally to either the United States or the government of the foreign country in which the incident occurred, within two years, provided that it is reduced to writing not later than three years from the date of accrual. A claim may be transmitted by facsimile or telegram. However, a copy of an original claim must be submitted as soon as possible.
(b) Where a claim is only for property damage and it is filed under circumstances where there might be injuries, the CJA should inquire if the claimant desires to split the claim as discussed in §536.60.

(c) Normally, a claim will be presented on a Standard Form (SF) 95 (Claim for Damage, Injury, or Death). When the claim is not presented on an SF 95, the claimant will be requested to complete an SF 95 to ease investigation and processing.

(d) If a claim names two claimants and states only one sum certain, the claimants will be requested to furnish a sum certain for each. A separate sum certain must be obtained prior to payment under the Federal Tort Claims Act (FTCA), Military Claims Act (MCA), National Guard Claims Act (NGCA) or the FCA. The Financial Management Service will only pay an amount above the threshold amount of $2,500 for the FTCA, or $100,000 for the other statutes.

(e) A properly filed claim meeting the definition of “claim” in paragraph (a) of this section tolls the two-year statute of limitations (SOL) even though the documents required to substantiate the claim are not present, such as those listed on the back of an SF 95 or in the Attorney General’s regulations implementing the FTCA, 28 CFR 14.1—14.11. However, refusal to provide such documents may lead to dismissal of a subsequent suit under the FTCA or denial of a claim under other subparts of this part.

(f) Receipt of a claim by another federal agency does not toll the SOL. Receipt of a U.S. Army claim by DOD, Navy, or Air Force does not toll the SOL.

(g) The guidelines set forth in federal FTCA case law will apply to other subparts of this part in determining whether a proper claim was filed.

Note to §536.26: See the parallel discussion at DA Pam 27–162, paragraph 2–5.

§536.27 Identification of a proper claimant.

The following are proper claimants:

(a) Claims for property loss or damage. A claim may be presented by the owner of the property or by a duly authorized agent or legal representative in the owner’s name. As used in this part, the term “owner” includes the following:

(1) For real property. The mortgagor, mortgagee, executor, administrator, or personal representative, if he or she may maintain a cause of action in the local courts involving a tort to the specific property, is a proper claimant. When notice of divided interests in real property is received, the claim should if feasible be treated as a single claim and a release from all interests must be obtained. This includes both the owner and tenant where both claim.

(2) For personal property. A claim may be presented by a bailee, lessee, mortgagee, conditional vendor, or others holding title for purposes of security only, unless specifically prohibited by the applicable subpart. When notice of divided interests in personal property is received, the claim should if feasible be treated as a single claim; a release from all interests must be obtained. Property loss is defined as loss of actual tangible property, not consequential damage resulting from such loss.

(b) Claims for personal injury or wrongful death—(1) For personal injury. A claim may be presented by the injured person or by a duly authorized agent or legal representative or, where the claimant is a minor, by a parent or a person in loco parentis. However, determine whether the claimant is a proper claimant under applicable state law or, if considered under the MCA, under §536.77. If not, the claimant should be so informed in the acknowledgment letter and requested to withdraw the claim. If not withdrawn, deny the claim without delay. An example is a claim filed on behalf of a minor for loss of consortium for injury to a parent where not permitted by state law. Personal injury claims deriving from the principal injury may be presented by other parties. A claim may not be presented by a “volunteer,” meaning one who has no legal or contractual obligation, yet voluntarily pays damages on behalf of an injured party and then seeks reimbursement for their economic damages by filing a claim. See paragraph (f) (3) of this section.

(2) For wrongful death. A claim may be presented by the executor or administrator of the deceased’s estate, or by any person determined to be legally or
§ 536.27  
beneficially entitled under applicable local law. The amount allowed will be apportioned, to the extent practicable, among the beneficiaries in accordance with the law applicable to the incident. Under the MCA (subpart C of this part), only one wrongful death claim is authorized (see §536.77(c)(1)(i)). Under subparts D and H of this part, a claim by the insured for property damage may be considered as a claim by the insurer as the real party in interest provided the insured has been reimbursed by the insurer and the insurance information is listed on the SF 95. The insurer should be required to file a separate SF 95 for payment purposes even though the SOL has expired. Where the insurance information is not listed on the SF 95 and the insured is paid by the United States, the payment of the insurer is the responsibility of the insured even though the insurer subsequently files a timely claim. To avoid this situation, always inquire as to the status of any insurance prior to payment of a property damage claim.

(c) By an agent or legal representative. A claimant’s agent or legal representative who presents a claim will do so in the claimant’s name and sign the form in such a way that indicates the agent’s or legal representative’s title or capacity. When a claim is presented by an agent or legal representative:

(1) It must contain written evidence of the agent’s or legal representative’s authority to sign, such as a power of attorney, or

(2) It must refer to or cite the statute granting authority.

(d) Subrogation. A claim may be presented by the subrogee in his or her own name if authorized by the law of the place where the incident giving rise to the claim occurred, under subpart D or H of this part only. A lienholder is not a proper claimant and should be distinguished from a subrogee to avoid violation of the Antiassignment Act. See paragraph (f) of this section. However, liens arising under Medicare will be processed directly with the Center for Medicare and Medicaid Systems. See DA Pam 27–162, paragraphs 2–57g and h and 2–58.

(e) Contribution or indemnity. A claim may be filed for contribution or indemnification by the party who was held liable as a joint tortfeasor where authorized by state law. Such a claim is not perfected until payment has been made by the claimant/joint tortfeasor. A claim filed for contribution prior to payment being made should be considered as an opportunity to share a settlement where the United States is liable.

(f) Transfer or assignment. (1) Under the Antiassignment Act (31 U.S.C. 3727) and Defense Finance and Accounting Service—Indianapolis (DFAS–IN) regulation 37–1, a transfer or assignment is null and void except where it occurs by operation of law or after a voucher for the payment has been issued. The following are null and void:

(i) Every purported transfer or assignment of a claim against the United States, or any interest, in whole or in part, on a claim, whether absolute or conditional; and

(ii) Every power of attorney or other purported authority to receive payment for all or part of any such claim.

(2) The Antiassignment Act was enacted to eliminate multiple payment of claims, to cause the United States to deal only with original parties and to prevent persons of influence from purchasing claims against the United States.

(3) In general, this statute prohibits voluntary assignments of claims, with the exception of transfers or assignments made by operation of law. The operation of law exception has been held to apply to claims passing to assignees because of bankruptcy proceedings, assignments for the benefit of creditors, corporate liquidations, consolidations, or reorganizations, and where title passes by operation of law to heirs or legatees. Subrogated claims that arise under a statute are not barred by the Antiassignment Act. For example, subrogated workers’ compensation claims are cognizable when presented by the insurer under subpart D or H of this part, but not other subparts.

(4) Subrogated claims that arise pursuant to contractual provisions may be paid to the subrogee, if the legal basis for the subrogated claim is recognized by state statute or case law, only under subpart D or H of this part. For example, an insurer that issues an insurance
policy becomes subrogated to the rights of a claimant who receives payment of a property damage claim. Generally, such subrogated claims are authorized by state law and are therefore not barred by the Antiaassignment Act.

(5) Before claims are paid, it is necessary to determine whether there may be a valid subrogated claim under a federal or state statute or a subrogation contract held valid by state law.

(g) Interdepartmental waiver rule. Neither the U.S. government nor any of its instrumentalities are proper claimants due to the interdepartmental waiver rule. This rule bars claims by any organization or activity of the Army, whether or not the organization or activity is funded with appropriated or nonappropriated funds. Certain federal agencies are authorized by statute to file claims, for example, Medicare and the Railroad Retirement Commission. See DA Pam 27–162, paragraph 2–17f.

(h) States are excluded. If a state, U.S. commonwealth, territory, or the District of Columbia maintains a unit to which ARNG personnel causing the injury or damage are assigned, such governmental entity is not a proper claimant for loss or damage to its property. A unit of local government other than a state, commonwealth, or territory is a proper claimant.

NOTE TO § 536.27: See the parallel discussion at DA Pam 27–162, paragraph 2–6.

§ 536.28 Claims acknowledgment.

Claims personnel will acknowledge all claims immediately upon receipt, in writing, by telephone, or in person. A defective claim will be acknowledged in writing, pointing out its defects. Where the defects render the submission jurisdictionally deficient based on the requirements discussed in DA Pam 27–162, paragraphs 2–5 and 2–6, the claimant or attorney will be informed in writing of the need to present a proper claim no later than two years from the date of accrual. Suit must be filed in maritime claims not later than two years from the date of accrual. See § 536.122. In any claim for personal injury or wrongful death, an authorization signed by the patient, natural or legal guardian or estate representative will be obtained authorizing the use of medical information, including medical records, in order to use sources other than claims personnel to evaluate the claim as required by the Health Care Portability and Accountability Act (HIPAA), 42 U.S.C. 1320d–1320d–8. See the parallel discussion at DA Pam 27–162, paragraph 2–7.

§ 536.29 Revision of filed claims.

(a) General. A revision or change of a previously filed claim may constitute an amendment or a new claim. Upon receipt, the CJA must determine whether a new claim has been filed. If so, the claim must be logged with a new number and acknowledged in accordance with § 536.27.

(b) New claim. A new claim is filed whenever the writing alleges a new theory of liability, a new tortfeasor, a new party claimant, a different date or location for the claims incident, or other basic element that constitutes an allegation of a different tort not originally alleged. If the allegation is made verbally or by e-mail, the claimant will be informed in writing that a new SF 95 must be filed. A new claim must be filed not later than two years from the accrual date under the FTCA. Filing a new claim creates an additional six month period during which suit may not be filed.

(c) Amendment. An increase or decrease in the amount claimed constitutes an amendment, not a new claim. Similarly, the addition of required information not on the original claim constitutes an amendment. Examples are date of birth, marital status, military status, names of witnesses, claimant’s address, description, or location of property or insurance information. An amendment may be filed before or after the two year SOL has run unless final action has been taken. A new number will not be assigned to an amended claim; however, a change in the amount will be annotated in the database.

NOTE TO § 536.29: See the parallel discussion at DA Pam 27–162, paragraph 2–8.

§ 536.30 Action upon receipt of claim.

(a) A properly filed claim stops the running of the SOL when it is received by any organization or activity of the

209
§ 536.31  Opening claim files.

DOD or the U.S. Armed Services. Placing a claim in the mail does not constitute filing. The first Army claims office that receives the claim will date, time stamp, and initial the claim as of the date the claim was initially received “on post,” not by the claims office. If initially received close to the SOL’s expiration date by an organization or activity that does not have a claims office, claims personnel will discover and record in the file the date of original receipt.

(b) The ACO or CPO that first receives the claim will enter the claim into the Tort and Special Claims Application (TSCA) database and let the system assign a number to the claim. The claim, whether on an SF 95 or in any other format, shall be scanned into a computer and uploaded onto the TSCA database so that it will become a permanent part of the electronic record. A joint claim will be given a number for each claimant, for example, husband and wife, injured parent and children. If only one sum is filed for all claimants, the same sum will be assigned for each claimant. However, request the claimant to name a sum for each claimant. The claim will bear this number throughout the claims process. Upon transfer, a new number will not be assigned by the receiving office. If a claim does not meet the definition of a proper claim under §§ 536.26 and 536.27, it will be date stamped and logged as a Potentially Compensable Event (PCE).

(c) The claim will be transferred if the claim incident arose in another ACO’s geographic area; the receiving ACO will use the claims number originally assigned.

(d) Non-Appropriated Fund Instrumentality (NAFI) claims that relate to claims determined cognizable under subpart K of this part will be marked with the symbol “NAFI” immediately following the claimant’s name, to preclude erroneous payment from appropriated funds (APF). This symbol will also be included in the subject line of all correspondence.

(e) Upon receipt, copies of the claims will be furnished as follows (when a current e-mail address is available and it is agreeable with the receiving party, providing copies by e-mail is acceptable):

(1) To USARCS, if the amount claimed exceeds $25,000, or $50,000 per incident. However, if the claim arises under the FTCA or AMCSA, only furnish copies if the amount claimed exceeds $50,000, or $100,000 per incident.

(2) For medical malpractice claims, to the appropriate MTF Commander’s through MEDCOM Headquarters, and to the Armed Forces Institute of Pathology at the addresses listed below.

MEDCOM, ATTN: MCHO–CL–Q, 2050 Worth Road, Suite 26, Fort Sam Houston, TX 78234–5026.

Department of Legal Medicine, Armed Forces Institute of Pathology, 1335 E. West Highway, #6–100, Silver Spring, MD 20910–6254, Commercial: 301–295–8115, e-mail: cusha@afip.osd.mil.

(3) If the claim is against AAFES forward a copy to: HQ Army and Air Force Exchange Service (AAFES), ATTN: Office of the General Counsel (GC–Z), P.O. Box 650062, Dallas, TX 75265–0062, e-mail: blanchp@aafes.com.

(4) If the claim involves a NAFI, including a recreational user or family child care provider forward a copy to: Army Central Insurance Fund, ATTN: CFSC–FM–I, 4700 King Street, Alexandria, VA 22302–4406, e-mail: riskmanagement@cfsc.army.mil.

(f) ACOs or CPOs will furnish a copy of any medical or dental malpractice claim to the MTF or dental treatment facility commander and advise the commander of all subsequent actions. The commander will be assisted in his or her responsibility to complete DD Form 2526 (Case Abstract for Malpractice Claims).

NOTE TO § 536.30: See the parallel discussion at DA Pam 27–162, paragraph 2–9.

§ 536.32  Transfer of claims among armed services branches.

A claim file will be opened when:

(a) Information that requires investigation under § 536.23 is received.

(b) Records or other documents are requested by a potential claimant or legal representative.

(c) A claim is filed.

NOTE TO § 536.31: See the parallel discussion at DA Pam 27–162, paragraph 2–10.
§ 536.34 Determination of correct statute.

(a) Consideration under more than one statute. When Congress enacted the various claims statutes, it intended to allow federal agencies to settle meritorious claims. A claim must be considered under other statutes in this part unless one particular statute precludes the use of other statutes, whether the claim is filed on DD Form 1842 (Claim for Loss of or Damage to Personal Property Incident to Service) or SF 95. Prior to denial of an AR 27–20, chapter 11 claim, consider whether it may fall within the scope of subparts C, D, or F of this part, and where indicated, question the claimant to determine whether the claim sounds in tort.

(b) Exclusiveness of certain remedies. Certain remedies exclude all others. For example, the Court of Federal Claims has exclusive jurisdiction over U.S. Constitution Fifth Amendment takings, express or implied-in-fact, as well as governmental contract losses, or intangible property losses. Claims of this nature for $10,000 or less may be filed in a U.S. District Court. There is no administrative remedy. While the FTCA is the preemptive tort remedy in the United States, its commonwealths, territories and possessions, nevertheless, other remedies must be exhausted prior to favorable consideration under the FTCA. The FTCA does not preclude use of the MCA or the NGCA for claims arising out of noncombat activities or brought by soldiers for incident-to-service property losses sustained within the United States. See DA Pam 27–162, paragraphs 2–15a and b for a more detailed discussion of determining the correct statute for property claims versus personal injury and death claims. In addition, it is important to consider the nature of the claim, e.g., whether the claim may be medical malpractice in nature, related to postal matter, or an automobile accident. Discussions of these and many other different types of claims are also provided herein as well as in the corresponding paragraph 2–15 of DA Pam 27–162. It is also very important to consider when a claim may fall outside the jurisdiction of the Army claims system. Some of these instances are alluded to immediately above, but for a detailed discussion of related remedies see §536.36 of this part and paragraph 2–17 of DA Pam 27–162.

(c) Status of Forces Agreement claims. (1) Claims arising out of the performance of official duties in a foreign country where the United States is the sending State must be filed and processed under a SOFA, provided that the claimant is a proper party claimant under the SOFA. DA Pam 27–162, paragraph 2–15c sets forth the rules applicable in particular countries. A SOFA provides an exclusive remedy subject to waiver as set forth in §536.76(h) of this part.
(2) Single-service jurisdiction is established for all foreign countries in which a SOFA is in effect and for certain other countries. A list of these countries is posted on the USARCS Web site; for the address see § 536.2(a). Claims will be processed by the service exercising single-service responsibility. In the United States, USARCS is the receiving State office and all SOFA claims should be forwarded immediately to USARCS for action. Appropriate investigation under subpart B of this part procedures is required of an ACO or a CPO under USARCS’ direction.

(d) Foreign Claims Act claims. (1) Claims by foreign inhabitants, arising in a foreign country, which are not cognizable under a SOFA, fall exclusively under the FCA. The determination as to whether a claimant is a foreign inhabitant is governed by the rules set out in subpart C and subpart J of this part. In case of doubt, this determination must be based on information obtained from the claimant and others, particularly where the claimant is a former U.S. service member or a U.S. citizen residing in a foreign country.

(2) Tort claims will be processed by the armed service that exercises single-service responsibility. When requested, the Commander USARCS may furnish a Judge Advocate or civilian attorney to serve as a Foreign Claims Commission (FCC) for another service. With the concurrence of the Commander USARCS, Army JAs may be appointed as members of another department’s foreign claims commissions. See subpart J of this part. The FCA permits compensation for damages caused by ‘“out-of-scope”’ tortious conduct of Soldier and civilian employees. Many of these claims are also compensable under Article 139, Uniform Code of Military Justice. See DA Pam 27–162, chap. 9. To avoid the double payment of claims, ACOs and CPOs must promptly notify the Command Claims Service of each approved Article 139 claim involving a claimant who could also file under an applicable SOFA.

(e) National Guard Claims Act claims. (1) Claims attributed to the acts or omissions of ARNG personnel in the course of employment fall into the categories set forth in subpart F of this part.

(2) An ACO will establish with a state claims office routine procedures for the disposition of claims, designed to ensure that the United States and state authorities do not issue conflicting instructions for processing claims. The procedures will require personnel to advise the claimant of any remedy against the state or its insurer.

(1) Where the claim arises out of the act or omission of a member of the ARNG or a person employed under 32 U.S.C. 709, it must be determined whether the employee is acting on behalf of the state or the United States. For example, an ARNG pilot employed under section 709 may be flying on a state mission, federal mission, or both, on the same trip. This determination will control the disposition of the claim. If agreement with the concerned state cannot be reached and the claim is otherwise payable, efforts may be made to enter into a sharing agreement with the state concerned. The following procedures are required in the event there is a remedy against the state and the state refuses to pay or the state maintains insurance coverage and the claimant has filed an administrative claim against the United States. First, forward the file and the tort claim memorandum, including information on the status of any judicial or administrative action the claimant has taken against the state or its insurer to the Commander USARCS. Upon receipt, the Commander USARCS will determine whether to require the claimant to exhaust his or her remedy against the state or its insurer or whether the claim against the United States can be settled without requiring such exhaustion. If the Commander USARCS decides to follow the latter course of action, he or she will also determine whether to obtain an assignment of the claim against the state or its insurer and whether to initiate recovery action to obtain contribution or indemnification. The state or its insurer will be given appropriate notification in accordance with state law.

(ii) If an administrative claim remedy exists under state law or the state maintains liability insurance, the Commander USARCS or an ACO acting
upon the Commander USARCS’ approval may enter into a sharing agreement covering payment of future claims. The purpose of such an agreement is to determine in advance whether the state or the DA is responsible for processing a claim (did the claim arise from a federal or state mission?), to expedite payment in meritorious claims, and to preclude double recovery by a claimant.

(f) Third-party claims involving an independent contractor—(1) Generally. Upon receipt, all claims will be examined to determine whether a contractor of the United States is the tortfeasor. If so, the claimant or legal representative will be notified of the name and address of the contractor and further advised that the United States is not responsible for the acts or omissions of an independent contractor. This will be done prior to any determination as to the contractor’s degree of culpability as compared to that of the United States.

(ii) If, upon investigation, the damage is considered to be primarily due to the contractor’s fault or negligence, the claim will be referred to the contractor or the contractor’s insurance carrier for settlement and the claimant will be so advised.

(iii) Health care providers hired under personal services contracts under the provisions of 10 U.S.C. 1089 are not considered to be independent contractors but employees of the United States for tort claims purposes.

(2) Claims for injury or death of contractor employees. Upon receipt of a claim for injury or death of a contractor employee, a copy of the portions of the contract applicable to claims and workers’ compensation will be obtained, either through the contracting office or from the contractor. Claims personnel must find out the status of any claim for workers’ compensation benefits as well as whether the United States paid the premiums. The goal is to involve the contractor in any settlement, where indicated, in the manner set forth in DA Pam 27–162, paragraphs 2–15f and 2–61. In claims arising in foreign countries consider whether the claim is covered by the Defense Bases Act, 42 U.S.C. 1651–1654.

(g) Claims by contractors for damage to or loss of their property during the performance of their contracts. Claims by contractors for property damage or loss should be referred to the contracting officer for determination as to whether the claim is payable under the contract. Such a claim is not payable under the FTCA where the damage results from an in-scope act or omission. Contract appeal procedures must be exhausted prior to consideration as a bailment under the MCA or FCA.

(h) Maritime claims. Maritime torts are excluded from consideration under the FTCA. The various maritime statutes are exclusive remedies within the United States and its territorial waters. Maritime statutes include the Army Maritime Claims Settlement Act (AMCSA), 10 U.S.C. 4801, 4802 and 4806, the Suits in Admiralty Act (SIAA), 46 U.S.C. app. 781–790, the Public Vessels Act (PVA), 46 U.S.C. app. 781–790, and the Admiralty Extension Act (AEA), 46 U.S.C. app. 740. Within the U.S. and its territorial waters, maritime suits may be filed under the SIAA or the PVA without first filing an administrative claim, except where administrative filing is required by the AEA. Administrative claims may also be filed under the AMCSA. In any administrative claim brought under the AMCSA, all action must be completed not later than two years from its accrual date or the SOL will expire. Outside the United States, a maritime tort may be brought under the MCA or FCA as well as the AMCSA. The body of water on which it occurs must be navigable and a maritime nexus must exist. Once a maritime claim is identified, give the claimant written notice of the two-year filing requirement. In case of doubt, the ACO or CPO should discuss the matter with the appropriate AAO. Even when the claimant does not believe that a maritime claim is involved, provide the claimant with precautionary notice. See DA Pam 27–162, paragraphs 2–7e and 8–6.

(i) Postal claims. See also DA Pam 27–162, paragraphs 2–15i, 2–30 and 2–56g discussing postal claims.

(1) Claims by the U.S. Postal Service for funds and stock are adjudicated by USARCS with assistance from the Military Postal Service Agency and the
ACO or CPO having jurisdiction over the particular Army post office, when directed by USARCS to assist in the investigation of the claim.

(2) Claims for loss of registered and insured mail are processed under subpart C of this part by the ACO or CPO having jurisdiction over the particular Army post office.

(3) Claims for loss of, or damage to, parcels delivered by United Parcel Service (UPS) are the responsibility of UPS.

(j) **Blast damage claims.** After completing an investigation and prior to final action, all blast damage claims resulting from Army firing and demolition activities must be forwarded to the Commander USARCS for technical review. The sole exception to this rule is when a similar claim is filed citing the same time, place and type of damage as one which has already received technical review. See also DA Pam 27–162, paragraph 2–28.

(k) **Motor vehicle damage claims arising from the use of non-governmental vehicles.** See also §536.60 (splitting property damage and personal injury claims) and DA Pam 27–162, paragraphs 2–15k (determining the correct statute), 2–61 (joint tortfeasors), and 2–62e (indemnity or contribution).

(1) **Government tortfeasors.** A Soldier or U.S. government civilian employee who negligently damages his or her personal property while acting within the scope of employment is not a proper claimant for damage to that property.

(2) **Claims by lessors for damage to rental vehicles.** Third-party claims arising from the use of rental vehicles will be processed in the same manner as NAFI commercially insured activities after exhaustion of any other remedy under the Government Travel Card Program or the Surface Deployment and Distribution Command Car Rental Agreement.

(3) **Third-party damages arising from the use of privately owned vehicles.** Third-party tort claims arising within the United States from a Soldier’s use of a privately owned vehicle (POV) while allegedly within the scope of employment must be forwarded to the Commander USARCS for review and consultation before final action. The claim will be investigated and any authorization for use ascertained including payment for mileage. A copy of the Soldier’s POV insurance policy will be obtained prior to forwarding. If the DA is an additional insurer under applicable state law, the claim will be forwarded to the Soldier’s liability carrier for payment. When the tort claim arises in a foreign country, follow the provisions of subpart J of this part.

(l) **Claims arising from gratuitous use of DOD or Army vehicles, equipment or facilities.** (1) Before the commencement of any event that involves the use of DOD or Army land, vehicles, equipment or Army personnel for community activities, the Command involved should be advised to first determine and weigh the risk to potential third-party claimants against the benefits to the DOD or the Army. Where such risk is excessive, try to obtain an agreement from the sponsoring civilian organization holding the Army harmless. When feasible, third-party liability insurance may be required from the sponsor and the United States added to the policy as a third-party insured.

(2) When Army equipment and personnel are used for debris removal relief pursuant to the Federal Disaster Relief Act, 42 U.S.C. 5173, the state is required to assume responsibility for third-party claims. The senior judge advocate for a task force engaged in such relief should obtain an agreement requiring the state to hold the Army harmless and establish a procedure for payment by the state. Claims will be received, entered into the TSCA database, investigated and forwarded to state authorities for action.

(m) **Real estate claims.** Claims for rent, damage, or other payments involving the acquisition, use, possession or disposition of real property or interests therein, are generally payable under AR 405–15. These claims are handled by the Real Estate Claims Office in the appropriate COE District or a special office created for a deployment. Directorate of Real Estate, Office of the Chief of Engineers, has supervisory authority. Claims for damage to real property and incidental personal property, but not for rent (for example, claims arising during a maneuver or
deployment) may be payable under subparts C or J of this part. However, priority should be given to the use of AR 405–15 as it is more flexible and expeditious. In contingency operations and deployments, there is a large potential for overlap between contractual property damage claims and noncombat activity/maneuver claims. Investigate carefully to ensure the claim is in the proper channel (claims or real estate), that it is fairly settled, and that the claimant does not receive a double payment. For additional guidance, see subpart J of this part and United States Army Claims Service Europe (USACSEUR) Real Estate/Office of the Judge Advocate Standard Operating Procedures for Processing Claims Involving Real Estate During Contingency Operations (August 20, 2002).

(n) Claims generated by civil works projects. Civil works projects claims arising from tortious activities are defined by whether the negligent or wrongful act or omission arising from a project or activity is funded by a civil works appropriation. Civil works claims are those noncontractual claims which arise from a negligent or wrongful act or omission during the performance of a project or activity funded by civil works appropriations as distinguished from a project or activity funded by Army operation and maintenance funds. Civil works claims are paid out of civil works appropriations to the extent set forth in §536.71(f). A civil works claim can also arise out of a noncombat activity, for example, an inverse condemnation claim in which flooding exceeds the high water mark. Maritime claims under subpart H of this part are civil works claims when they arise out of the operation of a dam, locks or navigational aid.

NOTE TO §536.34: See parallel discussion at DA Pam 27–162, paragraph 2–1.

§ 536.35 Unique issues related to environmental claims.

Claims for property damage, personal injury, or death arising in the United States based on contamination by toxic substances found in the air or the ground must be reported by USARCS to the Environmental Law Division of the Army Litigation Center and the Environmental Torts Branch of DOJ. Such claims arising overseas must be reported to the Command Claims Service with geographical jurisdiction over the claim and USARCS. Claims for personal injury from contamination frequently arise at an area that is the subject of claims for cleanup of the contamination site. The cleanup claims involve other Army agencies, use of separate funds, and prolonged investigation. Administrative settlement is not usually feasible because settlement of property damage claims must cover all damages, including personal injury. Payment by Defense Environmental Rehabilitation Funds should be considered initially and any such payment should be deducted from any settlement under AR 27–20.

§ 536.36 Related remedies.

An ACO or a CPO routinely receives claims or inquiries about claims that clearly are not cognizable under this part. It is the DA’s policy that every effort be made to discover another remedy and inform the inquirer as to its nature. Claims personnel will familiarize themselves with the remedies set forth in DA Pam 27–162, paragraph 2–17, to carry out this policy. If no appropriate remedy can be discovered, forward the file to the Commander USARCS, with recommendations.

§ 536.37 Importance of the claims investigation.

Prompt and thorough investigation will be conducted on all potential and actual claims for and against the government. Evidence developed during an investigation provides the basis for every subsequent step in the administrative settlement of a claim or in the pursuit of a lawsuit. Claims personnel must gather and record adverse as well as favorable information. The CJA, claims attorney or unit claims officer must preserve their legal and factual findings.

§ 536.38 Elements of the investigation.

(a) The investigation is conducted to ascertain the facts of an incident. Which facts are relevant often depends on the law and regulations applicable to the conduct of the parties involved but generally the investigation should develop definitive answers to such
§ 536.39 Use of experts, consultants and appraisers.

(a) ACOS or CFOs will budget operation and maintenance (O&M) funds for the costs of hiring property appraisers, accident reconstructionists, expert consultants to furnish opinions, and medical specialists to conduct independent medical examinations (IMEs). Other expenses to be provided for from O&M funds include the purchase of documents, such as medical records, and the hiring of mediators. See §536.53(b). Where the cost exceeds $750 or local funds are exhausted, a request for funding should be directed to the Commander USARCS, with appropriate justification. The USARCS AAO must be notified as soon as possible when an accident reconstruction is indicated.

(b) Where the claim arises from treatment at an Army MTF, the MEDDAC commander should be requested to fund the cost of an independent consultant’s opinion or an IME.

(c) The use of outside consultants and appraisers should be limited to claims in which liability or damages cannot be determined otherwise and in which the use of such sources is economically feasible, for instance, where property damage is high in amount and not determinable by a government appraiser or where the extent of personal injury is serious and a government IME is neither available nor acceptable to a claimant. Prior to such an examination at an MTF, ensure that the necessary specialists are available and a prompt written report may be obtained.

(d) Either an IME or an expert opinion is procured by means of a personal services contract under the Federal Acquisition Regulation (FAR), part 37, 48 CFR 37.000 et seq., through the local contracting office. The contract must be in effect prior to commencement of the records review. Payment is authorized only upon receipt of a written report responsive to the questions asked by the CJA or claims attorney.

(e) Whenever a source other than claims personnel is used to assist in the evaluation of a claim in which medical information protected by HIPAA is involved, the source must sign an agreement designed to protect the patient’s privacy rights.

§ 536.40 Conducting the investigation.

(a) The methods and techniques for investigating specific categories of claims are set forth in DA Pam 27–162, paragraphs 2–25 through 2–34. The investigation of medical malpractice claims should be conducted by a CJA or claims attorney, using a medical claims investigator.

(b) A properly filed claim must contain enough information to permit investigation. For example, if the claim does not specify the date, location or details of every incident complained of, the claimant or legal representative should be required to furnish the information.

(c) Request the claimant or legal representative to specify a theory of liability. However, the investigation should not be limited to the theories specified, particularly where the claimant is unrepresented. All logical theories should be investigated.

§ 536.41 Determination of liability—generally.

(a) Under the FTCA, the United States is liable in the same manner and to the same extent as a private individual under like circumstances in accordance with the law of the place where the act or omission giving rise to the tort occurred (28 U.S.C. 2673 and 2674). This means that liability must rest on the existence of a tort cognizable under state law, hereafter referred to as a state tort. A finding of
state tort liability requires the litigating attorney to prove the elements of duty, breach of duty, causation, and damages as interpreted by federal case law.

(b) The foregoing principles and requirements will be followed in regard to tort claims against the United States under other subparts, with certain exceptions noted within the individual subparts or particular tort statutes.

(c) Interpretation will be made in accordance with FTCA case law and also maritime case law where applicable. Additionally, a noncombat activity can furnish the basis for a claim under subparts C, F, and J of this part. Noncombat activities include claims arising out of civil works, such as inverse condemnation.

(d) Federal, not state or local, law applies to a determination as to who is a federal employee or a member of the armed forces. Under all subparts, the designation “federal employee” excludes a contractor of the United States. See 28 U.S.C. 2671. See however, §536.23(b)(4)(ii) concerning personal services contractors. For employment identification purposes apply FTCA case law in making a determination.

(e) Federal, not state or local, law applies to an interpretation of the SOL under all subparts. Minority or incompetence does not toll the SOL. Case law developed under the FTCA will be used in other subparts in interpreting SOL questions.

(f) Under the FTCA state or local law is used to determine scope of employment and under other subparts for guidance.

§ 536.43 Incident to service.

(a) A member of the armed forces’ claim for personal injury or wrongful death arising incident to service is not payable under any subpart except to the extent permitted by the receiving State under §§536.114 through 536.116 (Claims arising overseas); however, a claim by a member of the United States Armed Forces for property loss or damage may be payable under AR 27–20, chapter 11 or, if not, under subparts C, E, F, or G of this part. Derivative claims and claims for indemnity are also excluded.

(b) Claims for personal injury or wrongful death by members of a foreign military force participating in a joint military exercise or operation arising incident to service are not payable under any subpart. Claims for property loss or damage, but not subrogated claims, may be payable under subpart C of this part. Derivative claims and claims for indemnity or contribution are not payable under any subpart.

Note to §536.43: For further discussion see DA Pam 27–162, paragraph 2–37.

§ 536.44 FECA and LSHWCA claims exclusions.

A federal or NAFI employee’s personal injury or wrongful death claim payable under the Federal Employees Compensation Act (FECA) or the Longshore and Harbor Workers Compensation Act (LSHWCA) is not payable under any subpart. Derivative claims are also excluded but a claim for indemnity may be payable under certain circumstances. A federal or NAFI employee’s claim for an incident-to-service property loss or damage may be payable under AR 27–20, chapter 11 or, if not, under subparts C, D, F, G, H or J of this part. For further discussion see DA Pam 27–102, paragraph 2–38.

§ 536.45 Statutory exceptions.

This topic is more fully discussed in DA Pam 27–162, paragraph 2–39. The exclusions listed below are found at 28 U.S.C. 2680 and apply to subparts C, D, F, and H and §§536.107 through 536.113 (Claims arising in the United States) of subpart G, except as noted therein, and not to subparts E, J or §§536.107.
§ 536.46 Other exclusions.

(a) Statutory employer. A claim is not payable under any subpart if it is for personal injury or death of any contract employee for whom benefits are provided under any workers’ compensation law, if the provisions of the workers’ compensation insurance are retrospective and charge an allowable expense to a cost-type contract, or if precluded by state law. See Federal Tort Claims Handbook (FTCH), section II, D7 (posted on the Web at https://www.jagcnet.army.mil/lawexxxv/cds.msf. Select the link “Claims” under “JAG Publications.”) The statutory employer exclusion also applies to claims that may be covered by the Defense Bases Act, 42 U.S.C. 1651–1654.

(b) Flood exclusion. Within the United States a claim is not payable if it arises from damage caused by flood or flood waters associated with the construction or operation of a COE flood control project, 33 U.S.C. 702(c). See DA Pam 27–162, paragraph 2–40.

(c) ARNG property. A claim is not payable under any subpart if it is for damage to, or loss of, property of a state, commonwealth, territory, or the District of Columbia caused by ARNG personnel, engaged in training or duty under 32 U.S.C. 316, 502, 503, 504, or 505, who are assigned to a unit maintained through 536.113 (Claims arising overseas) of subpart G of this part. A claim is not payable if it:

(a) Is based upon an act or omission of an employee of the U.S. government, exercising due care, in the execution of a statute or regulation, whether or not such statute or regulation is valid. This exclusion does not apply to a noncombat activity claim.

(b) Is based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of a federal agency or an employee of the government, whether or not the discretion is abused. This exclusion does not apply to a noncombat activity claim.

(c) Arises out of the loss, miscarriage, or negligent transmission of letters or postal matters. This exclusion is not applicable to registered or certified mail claims under subpart C of this part. See §536.34(i).

(d) Arises in respect of the assessment or collection of any tax or customs duty, or the detention of any goods or merchandise by any customs or other law enforcement officer. See 28 U.S.C. 2680(c).

(f) Arises out of an act or omission of any federal employee in administering the provisions of the Trading with the Enemy Act, 50 U.S.C. app. 1–44.

(g) Is for damage caused by the imposition or establishment of a quarantine by the United States.

(h) Arises out of assault, battery, false imprisonment, false arrest, malicious prosecution, abuse of process, libel, slander, misrepresentation, deceit, or interference with contract rights, except for acts or omissions of investigation of law enforcement officers of the U.S. government with regard to assault, battery, false imprisonment, false arrest, abuse of process or malicious prosecution. This exclusion also does not apply to a health care provider as defined in 10 U.S.C. 1089 and §536.80 of this part, under the conditions listed therein.

(i) Arises from the fiscal operations of the U.S. Department of the Treasury or from the regulation of the monetary system.

(j) Arises out of the combatant activities of U.S. military or naval forces, or the Coast Guard during time of war.

(k) Arises in a foreign country. This exclusion does not apply to subparts C, E, F, H, J or §§536.114 through 536.116 (Claims arising overseas) of subpart G of this part.

(l) Arises from the activities of the Tennessee Valley Authority, 28 U.S.C. 2680(l).

(m) Arises from the activities of the Panama Canal Commission, 28 U.S.C. 2680(m).

(n) Arises from the activities of a federal land bank, a federal intermediate credit bank, or a bank for cooperatives, 28 U.S.C. 2680(n).

Note to §536.45: This topic is more fully discussed in DA Pam 27–162, paragraph 2–39.
by that state, commonwealth, territory, or the District of Columbia. See DA Pam 27–162, paragraph 2–41.

(d) Federal Disaster Relief Act. Within the United States a claim is not payable if it is for damage to, or loss of, property or for personal injury or death arising out of debris removal by a federal agency or employee in carrying out the provisions of the Federal Disaster Relief Act, 42 U.S.C. 5173. See DA Pam 27–162, paragraph 2–42.

(e) Non-justiciability doctrine. A claim is not payable under any subpart if it arises from activities that present a non-justiciable political question. See DA Pam 27–162, paragraph 2–43.

(f) National Vaccine Act. (42 U.S.C. 300aa–1 through 300aa–7). A claim is not payable under any subpart if it arises from the administration of a vaccine unless the conditions listed in the National Vaccine Injury Compensation Program (42 U.S.C. 300aa–9 through 300aa–19) have been met. See DA Pam 27–162, paragraph 2–17c(6)(a).

(g) Defense Mapping Agency. A claim is not payable under any subpart if it arises from inaccurate charting by the Defense Mapping Agency, 10 U.S.C. 456. See FTCH section II, B4s (Web address at paragraph (a) of this section).

(h) Quiet Title Act. Within the U.S., a claim is not payable if it falls under the Quiet Title Act 28 U.S.C. 2409a.

Note to §536.47: See parallel discussion at DA Pam 27–162, paragraphs 2–40 through 2–43.

§536.47 Statute of limitations.

To be payable, a claim against the United States under any subpart, except §§536.114 through 536.116 (Claims arising overseas), must be filed no later than two years from the date of accrual as determined by federal law. The accrual date is the date on which the claimant is aware of the injury and its cause. The claimant is not required to know of the negligent or wrongful nature of the act or omission giving rise to the claim. The date of filing is the date of receipt by the appropriate federal agency, not the date of mailing. See also §536.28(a) and parallel discussion at DA Pam 27–162, paragraph 2–44.

§536.48 Federal employee requirement.

To be payable, a claim under any subpart except subpart K of this part, §§536.153 through 536.157 (Claims involving tortfeasors other than non-appropriated fund employees), must be based on the acts or omissions of a member of the armed forces, a member of a foreign military force within the United States with which the United States has a reciprocal claims agreement, or a federal civilian employee. This does not include a contractor of the United States. Apply federal case law for interpretation. See parallel discussion at DA Pam 27–162, paragraph 2–46.

§536.49 Scope of employment requirement.

To be payable, a claim must be based on acts or omissions of a member of the armed forces, a member of a foreign military force within the United States with which the United States has a reciprocal claims agreement, or a federal employee acting within the scope of employment, except for subparts E, J, or subpart K of this part, §§536.153 through 536.157 (Claims involving tortfeasors other than non-appropriated fund employees). A claim arising from noncombat activities must be based on the armed service’s official activities. Excluded are claims based on vicarious liability or the holder theory in which the owner of the vehicle is responsible for any injury or damage regardless of who the operator was. See parallel discussion at DA Pam 27–162, paragraph 2–46.

§536.50 Determination of damages—applicable law.

(a) The Federal Tort Claims Act. The whole law of the place where the incident giving rise to the claim occurred, including choice of law rules, is applicable. Therefore, the law of the place of injury or death does not necessarily apply. Where there is a conflict between local law and an express provision of the FTCA, the latter governs.

(b) The Military Claims Act or National Guard Claims Act. See subparts C and F of this part. The law set forth in §536.80 applies only to claims accruing on or after September 1, 1995. The law of the
§ 536.51 Collateral source rule.

Where permitted by applicable state or maritime law, damages recovered from collateral sources are payable under subparts D and H, but not under subparts C, E, F, or J of this part. For further discussion see DA Pam 27–162, paragraph 2–57.

§ 536.52 Subrogation.

Subrogation is the substitution of one person in place of another with regard to a claim, demand or right. It should not be confused with a lien, which is an obligation of the claimant. Applicable state law should be researched to determine the distinction between subrogation and a lien. Subrogation claims are payable under subparts D and H, but not under subparts C, E, F or J of this part. For further discussion see DA Pam 27–162, paragraph 2–58.

§ 536.53 Evaluation of claims—general rules and guidelines.

(a) Before claims personnel evaluate a claim:

(1) A claimant or claimant’s legal representative will be furnished the opportunity to substantiate the claim by providing essential documentary evidence according to the claim’s nature including, but not instead of, the following: Medical records and reports, witness statements, itemized bills and paid receipts, estimates, federal tax returns, W–2 forms or similar proof of loss of earnings, photographs, and reports of appraisals or investigation. If necessary, request permission, through the legal representative, to interview the claimant, the claimant’s family, proposed witnesses and treating health care providers (HCPs). In a professional negligence claim, the claimant will submit an expert opinion when requested. State law concerning the requirement for an affidavit of merit should be cited.

(2) When the claimant or the legal representative fails to respond in a timely manner to informal demands for documentary evidence, interviews, or an independent medical examination (IME), make a written request. Such written request provides notice to the claimant that failure to provide substantiating evidence will result in an evaluation of the claim based only on information currently in the file. When, despite the government’s request, there is insufficient information in the file to permit evaluation, the claim will be denied for failure to document it. Failure to submit to an IME or sign an authorization to use medical information protected by HIPAA, for
review or evaluation by a source other than claims personnel, are both grounds for denial for failure to document, provided such evaluation is essential to the determination of liability or damages. State a time limit, for example, 30 or 60 days, to furnish the substantiation or expert opinion required in a medical malpractice claim.

(3) If, in exchange for complying with the government’s request for the foregoing information, the claimant or the legal representative requests similar information from the file, the claimant may be provided such information and documentation as is releasable under the Federal Rules of Civil Procedure (FRCP). Additionally, work product may be released if such release will help settle the claim. See § 536.18.

(b) An evaluation should be viewed from the claimant’s perspective. In other words, before denying a claim, first determine whether there is any reasonable basis for compromise. Certain jurisdictional issues and statutory bases may not be open for compromise.

The incident to service and FECA exclusions are rarely subject to compromise, whereas the SOL is more subject to compromise. Factual and legal disputes are compromiseable, frequently providing a basis for limiting damages, not necessarily grounds for denial. Where a precise issue of dispute is identified and is otherwise unresolvable, mediation by a disinterested qualified person, such as a federal judge, or foreign equivalent for claims arising under the FCA, should be obtained upon agreement with the claimant or the claimant’s legal representative. Contributory negligence has given way to comparative negligence in most United States jurisdictions. In most foreign countries, comparative negligence is the rule of law.

NOTE TO § 536.53: For further discussion see DA Pam 27–162, paragraph 2–59.

§ 536.54 Joint tortfeasors.

When joint tortfeasors are liable, it is DA policy to pay only the fair share of a claim attributable to the fault of the United States rather than pay the claim in full and then bring suit against the joint tortfeasor for contribution. If payment from a joint tortfeasor is not forthcoming after the CJA’s demand, the United States should settle for its fair share, provided the claimant is willing to hold the United States harmless. Where a joint tortfeasor’s liability greatly outweighs that of the United States, the claim should be referred to the joint tortfeasor for action.

§ 536.55 Structured settlements.

(a) The use of future periodic payments, including reversionary medical trusts, is encouraged to ensure that the injured party is adequately compensated and able to meet future needs.

(1) It is necessary to ensure adequate care and compensation for a minor or other incompetent claimant or unemployed survivor over a period of years.

(2) A medical trust is necessary to ensure the long-term availability of funds for anticipated future medical care, the cost of which is difficult to predict.

(3) The injured party’s life expectancy cannot be reasonably determined or is likely to be shortened.

(b) Under subpart D of this part, structured settlements cannot be required but are encouraged in situations listed above or where state law permits them. In the case of a minor, every effort should be made to ensure that the minor, and not the parents, receives the benefit of the settlement. Annuity payments at the age of majority should be considered. If rejected, a blocked bank account may be used.

(c) It is the policy of the Department of Justice never to discuss the tax-free nature of a structured settlement. See DA Pam 27–162, paragraph 2–63.

Note to § 536.55: For further discussion, see DA Pam 27–162, paragraph 2–63.

§ 536.56 Negotiations—purpose and extent.

It is DA policy to settle meritorious claims promptly and fairly through direct negotiation at the lowest possible level. The Army’s negotiator should not admit liability as such is not necessary. However, the settlement should reflect diminished value where contributory negligence or other value-diminishing factors exist. The negotiator should be thoroughly familiar with all aspects of the case, including the claimant’s background, the key witnesses, the anticipated testimony and
§ 536.57 Who should negotiate.

An AAO or, when delegated additional authority, an ACO or a CPO, has authority to settle claims in an amount exceeding the monetary authority delegated by regulation. It is DA policy to delegate USARCS authority, on a case-by-case basis, to an ACO or a CPO possessing the appropriate ability and experience. Only an attorney should negotiate with a claimant’s attorney. Negotiations with unrepresented claimants may be conducted by a non-attorney, under the supervision of an attorney. For further discussion see DA Pam 27–162, paragraph 2–64.

§ 536.58 Settlement negotiations with unrepresented claimants.

All aspects of the applicable law and procedure, except the amount to be claimed, should be explained to both potential and actual claimants. The negotiator will ensure that the claimant is aware of whether the negotiator is an attorney or a non-attorney, and that the negotiator represents the United States. As to claims within USARCS’ monetary authority, the chronology and details of negotiations should be memorialized with a written record furnished to the claimant. The claimant should understand that it is not necessary to hire an attorney, but when an attorney is needed, the negotiator should recommend hiring one. In a claim where liability is not an issue, the claimant should be informed that if an attorney is retained, the claimant should attempt to negotiate an hourly fee for determination of damages only. For further discussion see DA Pam 27–162, paragraph 2–68.

§ 536.59 Settlement or approval authority.

“Settlement authority” is a statutory term (10 U.S.C. 2735) meaning that officer authorized to approve, deny or compromise a claim, or make final action. “Approval authority” means the officer empowered to settle, pay or compromise a claim in full or in part, provided the claimant agrees. “Final action authority” means the officer empowered to deny or make a final offer on a claim. Determining the proper officer empowered to approve or make final action on a claim depends on the claims statute involved and any limitations that apply under that statute. DA Pam 27–162, paragraph 2–69, outlines how various authority is delegated among offices.

§ 536.60 Splitting property damage and personal injury claims.

Normally, a claim will include all damages that accrue by reason of the incident. Where a claimant has a claim for property damage and personal injury arising from the same incident, the property damage claim may be paid, under certain circumstances, prior to the filing of the personal injury claim. The personal injury claim may be filed later provided it is filed within the applicable statute of limitations. When both property damage and personal injury arise from the same incident, the property damage claim may be paid to either the claimant or, under subparts D or H of this part, the insurer and the same claimant may receive a subsequent payment for personal injury. Only under subparts D or H of this part may the insurer receive subsequent payment for subrogated medical bills and lost earnings when the personal injury claim is settled. The primary purpose of settling an injured claimant’s property damage claim before settling the personal injury claim is to pay the claimant for vehicle damage expeditiously and avoid costs associated with delay such as loss of use, loss of business, or storage charges. The Commander USARCS’ approval must be obtained whenever the estimated value of any one claim exceeds $25,000, or the value of all claims, actual or potential, arising from the incident exceeds $50,000; however, if the
§ 536.61 Advance payments.

(a) This section implements 10 U.S.C. 2736 (Act of September 8, 1961 (75 Stat. 488)) as amended by Public Law 90–521 (92 Stat. 874); Public Law 98–564 (90 Stat. 2919); and Public Law 100–465 (102 Stat. 2005). No new liability is created by 10 U.S.C. 2736, which merely permits partial advance payments, only under subparts C, F or J of this part, on claims not yet filed. See AR 27–20, paragraph 11–18 for information on emergency partial payments in personnel claims, which are not governed by 10 U.S.C. 2736.

(b) The Judge Advocate General (TJAG) and the Assistant Judge Advocate General (TAJAG) may make advance payments in amounts not exceeding $100,000; the Commander USARCS, in amounts not exceeding $25,000, and the authorities designated in §§ 536.786(4) and (5) and 536.101, in amounts not exceeding $10,000, subject to advance coordination with USARCS, if the estimated total value of the claim exceeds their monetary authority. Requests for advance payments in excess of $10,000 will be forwarded to USARCS for processing.

(c) Under subpart J of this part, three-member foreign claims commissions may make advance payments under the FCA in amounts not exceeding $10,000, subject to advance coordination with USARCS if the estimated total value of the claim exceeds their monetary authority.

(d) An advance payment, not exceeding $100,000, is authorized in the limited category of claims or potential claims considered meritorious under subparts C, F or J of this part, that result in immediate hardship. An advance payment is authorized only under the following circumstances:

(1) The claim, or potential claim, must be determined to be cognizable and meritorious under the provisions of subparts C, F or J of this part.

(2) An immediate need for food, clothing, shelter, medical or burial expenses, or other necessities exists.

(3) The payee, so far as can be determined, would be a proper claimant, including an incapacitated claimant’s spouse or next-of-kin.

(4) The total damage sustained must exceed the amount of the advance payment.

(5) A properly executed advance payment acceptance agreement has been obtained. This acceptance agreement must state that it does not constitute an admission of liability by the United States and that the amount paid shall be deducted from any subsequent award.

(e) There is no statutory authority for making advance payments for claims payable under subparts D or H of this part.

NOTE TO § 536.61: For further discussion see DA Pam 27–162, paragraph 2–71.

§ 536.62 Action memorandums.

(a) When required. (1) All claims will be acted on prior to being closed except for those that are transferred. For claims on which suit is filed before final action, see § 536.66. A settlement authority may deny or pay in full or in part any claim in a stated amount within his or her delegated authority. An approval authority may pay in full or in part, but may not deny, a claim in a stated amount within his or her delegated authority. If any one claim arising out of the same incident exceeds a settlement or approval authority’s monetary jurisdiction, all claims from that incident will be forwarded to the authority having jurisdiction.

(2) In any claim which must be supported by an expert opinion as to duty, negligence, causation or damages, an expert opinion must be submitted upon request. All opinions must meet the standards set forth in Federal Rule of Evidence 702.

(3) An action memorandum is required for all final actions regardless of whether payment is made electronically. The memorandum will contain a sufficient rendition of the facts, law or damages to justify the action being taken. (A model action is posted on the USARCS Web site; for the address see § 536.2(a).)

(b) Memorandum of Opinion. Upon completion of the investigation, the
ACO or CPO will prepare a memorandum of opinion in the format prescribed at DA Pam 27–162, when a claim is forwarded to USARCS for action. This requirement can be waived by the USARCS AAO.

(c) Claim brought by a claims authority or superior. A claim filed by an approval or settlement authority or his or her superior officer in the chain of command or a family member of either will be investigated and forwarded for final action, without recommendation, to the next higher settlement authority (in an overseas area, this includes a command claims service) or to USARCS.

NOTE TO §536.62: For further discussion see DA Pam 27–162, paragraph 2–72.

§ 536.63 Settlement agreements.

(a) When required. (1) A claimant’s acceptance of an award constitutes full and final settlement and release of any and all claims against the United States and its employees, except as to payments made under §§536.60 and 536.61. A settlement agreement is required prior to payment on all tort claims, whether the claim is paid in full or in part.

(2) DA Form 1666 (Claims Settlement Agreement) may be used for payment of COE claims of $2,500 or less or all Army Central Insurance Fund and Army and Air Force Exchange Service claims.

(3) DA Form 7500 (Tort Claim Payment Report) will be used for all payments from the Defense Finance and Accounting Service (DFAS), for example, FTCA claims of $2,500 or less, FCA and MCA claims of $100,000 or less and all maritime claims regardless of amount.

(4) Financial Management Service (FMS) Forms 194, 196 and 197 will be used for all payments from the Judgment Fund, for example, FTCA claims exceeding $2,500, MCA and FCA claims exceeding $100,000.

(5) An alternative settlement agreement will be used when the claimant is represented by an attorney, or when any of the above settlement agreement forms are legally insufficient (such as when multiple interests are present, a hold harmless agreement is reached, or there is a structured settlement). For further discussion, see DA Pam 27–162, paragraph 2–73c.

(b) Unconditional settlement. The settlement agreement must be unconditional. The settlement agreement represents a meeting of the minds. Any changes to the agreement must be agreed upon by all parties. The return of a proffered settlement agreement with changes written thereon or on an accompanying document represents, in effect, a counteroffer and must be resolved. Even if the claimant signs the agreement and objects to its terms, either in writing or verbally, the settlement is defective and the objection must be resolved. Otherwise a final offer should be made.

(c) Court approval—(1) When required. Court approval is required in a wrongful death claim, or where the claimant is a minor or incompetent. The claimant is responsible to obtain court approval in a jurisdiction that is locus of the act or omission giving rise to the claim or in which the claimant resides. The court must be a state or local court, including a probate court. If the claimant can show that court approval is not required under the law of the jurisdiction where the incident occurred or where the claimant resides, the citation of the statute will be provided and accompany the payment documents.

(2) Attorney representation. If the claimant is a minor or incompetent, the claimant must be represented by a lawyer. If not already represented, the claimant should be informed that the requirement is mandatory unless state or local law expressly authorizes the parents or a person in loco parentis to settle the claim.

(3) Costs. The cost of obtaining court approval will be factored into the amount of the settlement; however, the amount of the costs and other costs will not be written into the settlement, only the 20% limitation on attorney fees will be included.

(4) Claims involving an estate or personal representative of an estate. On claims presented on behalf of a decedent’s estate, the law of the state having jurisdiction should be reviewed to determine who may bring a claim on
behalf of the estate, if court appointment of an estate representative is required, and if court approval of the settlement is required.

(d) **Signature requirements.** (1) Except as noted in paragraphs (d)(2) through (d)(6) of this section, all settlement agreements will be signed individually by each claimant. A limited power of attorney signed by the claimant specifically stating the amount being accepted and authorizing an attorney at law or in fact to sign is acceptable when the claimant is unavailable to sign. The signatures of the administrator or executor of the estate, appointed by a court of competent jurisdiction or authorized by local law, are required. The signatures of all adult beneficiaries, acknowledging the settlement, should be obtained unless permission is given by Commander USARCS. Court approval must be obtained where required by state law. If not required by state law, the citation of the state statute will accompany the payment document. Additionally, all adult heirs will sign as acknowledging the settlement. In lieu thereof, where the adult heirs are not available, the estate representative will acknowledge that all heirs have been informed of the settlement.

(2) Generally, only a court-appointed guardian of a minor’s estate, or a person performing a similar function under court supervision, may execute a binding settlement agreement on a minor’s claim. In the United States, the law of the state where the minor resides or is domiciled will determine the age of majority and the nature and type of court approval that is needed, if any. The age of majority is determined by the age at the time of settlement, not the date of filing.

(3) For claims arising in foreign countries where the amount agreed upon does not exceed $2,500, the requirement to obtain a guardian may be eliminated. For settlements over $2,500, whether or not the claim arose in the United States, refer to applicable local law, including the law of the foreign country where the minor resides.

(4) In claims where the claimant is incompetent, and for whom a guardian has been appointed by a court of competent jurisdiction, the signature of the guardian must be obtained. In cases in which competence of the claimant appears doubtful, a written statement by the plaintiff’s attorney and a member of the immediate family should be obtained.

(5) Settlement agreements involving subrogated claims will not be executed by a person authorized by the corporation or company to act in its behalf and accompanied by a document signed by a person authorized by the corporation or company to delegate execution authority.

(6) If it is believed that the foregoing requirements are materially impeding settlement of the claim, bring the matter to the attention of the Commander USARCS for appropriate resolution.

(e) **Attorneys’ fees and costs.** (1) Attorneys’ fees for all subparts in this part 536 fall under the American Rule and are payable only out of the up front cash in any settlement. Attorneys’ fees will be stated separately in the settlement agreement as a sum not to exceed 20% of the award.

(2) Costs are a matter to be determined solely between the attorney and the claimant and will not be set forth or otherwise enumerated in the settlement agreement.

(f) **Claims involving workers’ compensation carriers.** The settlement of a claim involving a claimant who has elected to receive workers’ compensation benefits under local law may require the consent of the workers’ compensation insurance carrier, and in certain jurisdictions, the state agency that has authority over workers’ compensation awards. Accordingly, claims approval and settlement authorities should be aware of local requirements.

(g) **Claims involving multiple interests.** Where two or more parties have an interest in the claim, obtain signatures on the settlement agreement from all parties. Examples are where both the subrogee and subrogor file a single claim for property damage, where both landlord and tenant file a claim for damage to real property, or when a POV is leased, both the lessor or lessee.

(h) **Claims involving structured settlements.** All settlement agreements involving structured settlements will be prepared by the Tort Claims Division,
§ 536.64 Final offers.

(a) When claims personnel believe that a claim should be compromised, and after every reasonable effort has been made to settle at less than the amount claimed, a settlement authority will make a written final offer within his or her monetary jurisdiction or forward the claim to the authority having sufficient monetary jurisdiction, recommending a final offer under the applicable statute. The final offer notice will contain sufficient detail to outline each element of damages as well as discuss contributory negligence, the SOL or other reasons justifying a compromise offer. The offer letter should include language indicating that if the offer is not accepted within a named time period, for example, 30 or 60 days the offer is withdrawn and the claim is denied.

(b) A final offer under subpart D of this part will notify the claimant of the right to sue, not later than six months from the notice’s date of mailing, and of the right to request reconsideration. The procedures for processing a request for reconsideration are set forth in §536.89.

(c) Under subparts C or F of this part, the notice will contain an appeal paragraph. A similar procedure will be followed in subparts E and H of this part. Subpart J of this part sets forth its own procedures for FCA final offers. The procedures for processing an appeal are set forth in §536.79 of this part. The letter must inform claimants of the following:

1. They must accept the offer within 60 days or appeal. The appeal should state a counteroffer.
2. The identity of the official who will act on the appeal, and the requirement that the appeal will be addressed to the settlement authority who last acted on the claim.
3. No form is prescribed for the appeal, but the notice of appeal must fully set forth the grounds for appeal or state that it is based on the record as it exists at the time of denial or final offer.
4. The appeal must be postmarked not later than 60 days after the date of mailing of the final notice of action. If the last day of the appeal period falls on a Saturday, Sunday, or legal holiday, as specified in Rule 6a of the Federal Rules of Civil Procedure, the following day will be considered the final day of the appeal period.

(d) Where a claim for the same injury falls under both subparts C and D of this part (the MCA and the FTCA), and the denial or final offer applies equally to each such claim, the letter of notification must advise the claimant that any suit brought on any portion of the claim filed under the FTCA must be brought not later than six months from the date of mailing of the notice of final offer and any appeal under subpart C of this part must be made as stated in paragraph (c) of this section. Further, the claimant must be advised that if suit is brought, action on any appeal under subpart C of this part will be held in abeyance pending final determination of such suit.

(e) Upon request, the settlement authority may extend the six-month reconsideration or 60-day appeal period provided good cause is shown. The claimant will be notified as to whether the request is granted under the FTCA and that the request precludes the filing of suit under the FTCA for 6 months. Only one reconsideration is authorized. Accordingly, that claimant should be informed of the need to make all submissions timely.

Note to §536.64: For further discussion see DA Pam 27–162, paragraph 2–74.

§ 536.65 Denial notice.

(a) Where there is no reasonable basis for compromise, a settlement authority will deny a claim within his or her monetary jurisdiction or forward the claim recommending denial to the settlement authority that has jurisdiction. The denial notice will contain instructions on the right to sue or request reconsideration. The notice will state the basis for denial. No admission of liability will be made. A notice to an unrepresented claimant should detail the basis for denial in lay language sufficient to permit an informed decision as to whether to request appeal or reconsideration. In the interest of deterring reconsideration, appeal or suit, a denial notice may be releasable under
(b) Regardless of the claim's nature or the statute under which it may be considered, letters denying claims on jurisdictional grounds that are valid, certain, and not easily overcome (and for this reason no detailed investigation as to the merits of the claim was conducted), must state that denial on such grounds is not to be construed as an opinion on the merits of the claim or an admission of liability. In medical malpractice claims, the denial should state that the file is being referred to U.S. Army Medical Command for review. If sufficient factual information exists to make a tentative ruling on the merits of the claim, liability may be expressly denied.

NOTE TO §536.65: See §536.53, on denying a claim for failure to substantiate. In addition, the procedures and rules in DA Pam 27–162, paragraph 2–69, settlement and approval authority, apply equally to the denial of claims. See also DA Pam 27–162, paragraph 2–75.

§ 536.66 The “Parker” denial.

(a) When suit is filed before final action is taken on a subpart D of this part claim, a denial letter will be issued only upon request of DOJ or the trial attorney. If suit is filed prematurely or in error, the claimant may be requested to withdraw the suit without prejudice. Such a request must be coordinated with the trial attorney.

(b) Claimants who have filed companion claims should be notified that, due to suit being filed, no action can be taken pending the outcome of suit and they may file suit if they wish.

NOTE TO §536.66: For further discussion see DA Pam 27–162, paragraph 2–76.

§ 536.67 Mailing procedures.

Thirty or sixty day letters seeking information from claimants, final offers and denial notices are time-sensitive as they require a claimant to take additional action within certain time limits. Accordingly, follow procedures to ensure that the date of mailing and receipt of a request for reconsideration are documented. Use certified mail with return receipt requested (or registered mail, if being sent to a foreign country other than by the military postal system) to mail such notices. Upon receipt, an appeal or request for reconsideration will be date-time stamped, logged in, and acknowledged as set forth in §536.68.

NOTE TO §536.66: See also AR 27–20, paragraph 13–5, and DA Pam 27–162, paragraph 2–77.

§ 536.68 Appeal or reconsideration.

(a) An appeal or a request for reconsideration will be acknowledged in writing. A request for reconsideration under subpart D of this part invokes the six-month period during which suit cannot be filed, 28 CFR 14.9(b). The acknowledgment letter will underscore this restriction.

(b) Where the contents of the appeal or request for reconsideration indicate, additional investigation will be conducted and the original action changed if warranted. Except for subpart J of this part, which sets forth separate rules for FCCs, if the relief requested is not warranted the settlement authority will forward the claim to a higher settlement authority with a claims memorandum of opinion (see §536.62) stating the reasons why the request is invalid.

NOTE TO §536.68: See also DA Pam 27–162, paragraph 2–78.

§ 536.69 Retention of file.

After final action has been taken, the settlement authority will retain the file until at least one month after either the period of filing suit or the appeal has expired and until all data has been entered into the database. A paid claim file will be retained until final action has been taken on all other claims arising out of the same incident. If any single claim arising out of the same incident must be forwarded to higher authority for final action, all claims files for that incident will be forwarded at the same time. For further discussion see DA Pam 27–162, paragraph 2–79.

§ 536.70 Preparation and forwarding of payment vouchers.

(a) An unrepresented claimant will be listed as the sole payee. Joint claimants will not be listed since settlement agreements must specify the amount payable to each claimant individually.
and each must be issued a separate check.

(b) When a claimant is represented by an attorney, only one payment voucher will be issued with the claimant and the attorney as joint payees. The payment will be sent to the office of the claimant’s attorney. The attorney of record, either an individual or firm designated by the claimant, will be the copayee. If claimant has been represented by other attorneys in the same claim, such attorneys will not be listed as payees, even if they have a lien. Satisfaction of any such fee will be a matter between the claimant and such attorney. If payment is made by electronic transfer, the funds will be sent into the account of the claimant. However, if requested, the payment may be made into the attorney’s escrow account provided the claimant has provided written authorization.

(c) In a structured settlement the structured settlement broker will be the sole payee, who is authorized to issue checks for the amounts set forth in the settlement agreement. The up-front cash payment may be deposited into an escrow account established for the benefit of the claimant.

(d) If a claimant is a minor or has been declared incompetent by a court or other authority authorized to do so, payment will be made to the court-appointed guardian of the minor or incompetent, at a financial institution approved by the court approving the settlement.

(e) If the claimant is representing a deceased’s estate on a wrongful death claim, or a survival action on behalf of the deceased, the payment will be made to the court-appointed representative of the estate. No payment will be made directly to the estate.

NOTE TO § 536.70: See also §§36.65 and DA Pam 27–162, paragraphs 2–73 and 2–81.

§ 536.71 Fund sources.

(a) 31 U.S.C. 1304 sets forth the type and limits of claims payable out of the Judgment Fund. Only final payments that are not payable out of agency funds are allowable, per the Treasury Financial Manual, Volume I, Part 6, Chapter 3110, at Section 3115, September 2000. Threshold amounts for payment from the judgment fund vary according to the subpart and statutes under which a claim is processed. To determine the threshold amount for any given payment procedure one must arrive at a sum of all awards for all claims arising out of that incident, including derivative claims. A claim for injury to a spouse or a child is a separate claim from one for loss of consortium or services by a spouse or parent. The monetary limits of $2,500 set forth in subpart D and $100,000 set forth in subparts C, F or J of this part, apply to each separate claim.

(b) A claim for $2,500 or less arising under subpart D or E, or under §§536.107 through 536.113 of subpart G, is paid from the open claims allotment (see AR 27–20 paragraph 13–6 b(i)) or, if arising from a project funded by a civil works appropriation, from COE civil works funds. The Department of the Treasury pays any settlement exceeding $2,500 in its entirety, from the Judgment Fund. However, if a subpart G of this part, §§536.107 through 536.113 claim is treated as a noncombat activity claim, payment is made as set forth in paragraph (c) of this section.

(c) The first $100,000 for each claimant on a claim settled under subparts C, F or J of this part is paid from the open claims allotment. Any amount over $100,000 is paid out of the Judgment Fund.

(d) If not over $500,000, a claim arising under subpart H of this part is paid from the open claims allotment or civil works project funds as appropriate. A claim exceeding $500,000 is paid entirely by a deficiency appropriation.

(e) AAFES or NAFI claims are paid from nonappropriated funds, except when such claims are subject to apportionment between appropriated and nonappropriated funds. See DA Pam 27–162, paragraph 2–80h.

(f) COE claims arising out of projects not funded out of civil works project funds are payable from the open claims allotment not to exceed $2,500 for subpart D claims and $100,000 for claims arising from subparts C, F or J of this part and from the Judgment Fund, over such amounts.

NOTE TO § 536.71: For further discussion see DA Pam 27–162, paragraph 2–80.
§ 536.72 Finality of settlement.

A claimant’s acceptance of an award, except for an advance payment or a split payment for property damage only, constitutes a release of the United States and its employees from all liability. Where applicable, a release should include the ARNG or the sending State. For further discussion see DA Pam 27–162, paragraph 2–82.

Subpart C—Claims Cognizable Under the Military Claims Act

§ 536.73 Statutory authority for the Military Claims Act.

§ 536.74 Scope for claims under the Military Claims Act.

(a) The guidance set forth in this subpart applies worldwide and prescribes the substantive bases and special procedural requirements for the settlement of claims against the United States for death or personal injury, or damage to, or loss or destruction of, property:

(1) Caused by an act or omission of military personnel or civilian employees of the DA or DOD, acting within the scope of their employment, that is determined to be negligent or wrongful; or

(2) Incident to the noncombat activities of the armed services.

(b) A tort claim arising in the United States, its commonwealths, territories, and possessions may be settled under this subpart when:

(1) Caused by an act or omission of military personnel or civilian employees of the DA or DOD, acting within the scope of their employment, that is determined to be negligent or wrongful;

(b) A tort claim arising in the United States, its commonwealths, territories, and possessions may be settled under this subpart when:

(1) Caused by an act or omission of military personnel or civilian employees of the DA or DOD, acting within the scope of their employment, that is determined to be negligent or wrongful; or

(2) Incident to the noncombat activities of the armed services.

(b) A tort claim arising in the United States, its commonwealths, territories, and possessions may be settled under this subpart when:

(1) Caused by an act or omission of military personnel or civilian employees of the DA or DOD, acting within the scope of their employment, that is determined to be negligent or wrongful; or

(2) Incident to the noncombat activities of the armed services.

(c) Maritime claims. Claims that arise on the high seas or within the territorial waters of a foreign country are payable unless settled under subpart H of this part.

§ 536.76 Claims not payable under the Military Claims Act.

(a) Those resulting wholly from the claimant’s or agent’s negligent or wrongful act. (See §536.77(a)(1)(i) on contributory negligence.)
§ 536.77

(b) Claims arising from private or domestic obligations rather than from government transactions.

(c) Claims based solely on compassionate grounds.

(d) A claim for any item, the acquisition, possession, or transportation of which was in violation of DA directives, such as illegal war trophies.

(e) Claims for rent, damage, or other payments involving the acquisition, use, possession or disposition of real property or interests therein by and for the Department of the Army (DA) or Department of Defense (DOD). See § 536.34(m) and paragraph 2–15m of DA Pam 27–162.

(f) Claims not in the best interests of the United States, contrary to public policy, or otherwise contrary to the basic intent of the governing statute (10 U.S.C. 2733); for example, claims for property damage or loss or personal injury or death of inhabitants of unfriendly foreign countries or individuals considered to be unfriendly to the United States. When a claim is considered not payable for the reasons stated in this section, it will be forwarded for appropriate action to the Commander USARCS, with the recommendations of the responsible claims office.

(g) Claims presented by a national, or a corporation controlled by a national, of a country at war or engaged in armed conflict with the United States, or any country allied with such enemy country unless the appropriate settlement authority determines that the claimant is, and at the time of the incident was, friendly to the United States. A prisoner of war or an interned enemy alien is not excluded from bringing an otherwise payable claim for damage, loss, or destruction of personal property in the custody of the government.

(h) A claim for damages or injury, which a receiving State should adjudicate and pay under an international agreement, unless a consistent and widespread alternative process of adjudicating and paying such claims has been established within the receiving State. See DA Pam 27–162, paragraph 3–4a, for further discussion of the conditions of waiver.

(i) Claims listed in §§536.42, 536.43, 536.44, 536.45, and 536.46 of this part, except for the exclusion listed in §536.45(k). Additionally, the exclusions in §§536.45(a), (b), (e) and (k) do not apply to a claim arising incident to noncombat activities.

(j) Claims based on strict or absolute liability and similar theories.

(k) Claims payable under subparts D or J of this part, or under AR 27–20, chapter 11.

(l) Claims involving DA vehicles covered by insurance in accordance with requirements of a foreign country unless coverage is exceeded or the insurer is bankrupt. When an award is otherwise payable and an insurance settlement is not reasonably available, a field claims office should request permission from the Commander USARCS to pay the award, provided that an assignment of benefits is obtained.

§ 536.77 Applicable law for claims under the Military Claims Act.

(a) General principles—(1) Tort claims excluding claims arising out of noncombat activities. (i) In determining liability, such claims will be evaluated under general principles of law applicable to a private individual in the majority of American jurisdictions, except where the doctrine of contributory negligence applies. The MCA requires that contributory negligence be interpreted and applied according to the law of the place of the occurrence, including foreign (local) law for claims arising in foreign countries (see 10 U.S.C. 2733(b)(4)).

(ii) Claims are cognizable when based on those acts or omissions recognized as tortious by a majority of jurisdictions that require proof of duty, negligence, and proximate cause resulting in compensable injury or loss subject to the exclusions set forth at §536.76. Strict or absolute liability and similar theories are not grounds for liability under this subpart.

(2) Tort claims arising out of noncombat activities. Claims arising out of noncombat activities under §§536.75(a)(2) and (b) are not tort claims and require only proof of causation. However, the doctrine of contributory negligence will apply, to the extent set forth in 10 U.S.C. 2733(b)(4) and paragraph (a)(1)(i) of this section.

(3) Principles applicable to all subpart C claims. (i) Interpretation of meanings
and construction of questions of law under the MCA will be determined in accordance with federal law. The formulation of binding interpretations is delegated to the Commander USARCS, provided that the statutory provisions of the MCA are followed.

(ii) Scope of employment will be determined in accordance with federal law. Follow guidance from reported FTCA cases. The formulation of a binding interpretation is delegated to the Commander USARCS, provided the statutory provisions of the MCA are followed.

(iii) The collateral source doctrine is not applicable.

(iv) The United States will only be liable for the portion of loss or damage attributable to the fault of the United States or its employees. Joint and several liability is inapplicable.

(v) No allowance will be made for court costs, bail, interest, inconvenience or expenses incurred in connection with the preparation and presentation of the claim.

(vi) Punitive or exemplary damages are not payable.

(vii) Claims for negligent infliction of emotional distress may only be entertained when the claimant suffered physical injury arising from the same incident as the claim for emotional distress, or the claimant is the immediate family member of an injured party/decedent, was in the zone of danger and manifests physical injury for the emotional distress. Claims for intentional infliction of emotional distress will be evaluated under general principles of American law as set forth in paragraph (a)(1)(i) of this section and will be considered as an element of damages under paragraph (b)(3)(ii) of this section. Claims for either negligent or intentional infliction of emotional distress are excluded when they arise out of assault, battery, false arrest, false imprisonment, malicious prosecution, abuse of process, libel, or slander, as defined in §536.45(b).

(viii) In a claim for personal injury or wrongful death, the total award for non-economic damages to any direct victim and all persons, including those derivative to the claim, who claim injury by or through that victim will not exceed $500,000. However, separate claims for emotional distress considered under paragraph (b)(1) of this section are not subject to the $500,000 cap for the wrongful death claim as they are not included in the wrongful death claim; rather, each is a separate claim with its own $500,000 cap under paragraph (b)(3)(ii) of this section. Continuous or repeated exposure to substantially the same or similar harmful activity or conditions is treated as one incident for the purposes of determining the extent of liability. If the claim accrued prior to September 1, 1995, these limitations do not apply. Any such limitation in the law of the place of occurrence will apply.

(b) Personal injury claims—(1) Eligible claimants. Only the following may claim:

(i) Persons who suffer physical injuries or intentional emotional distress, but not subrogees (when claiming property loss or damage, medical expenses or lost earnings); see paragraph (a)(3)(iii) of this section.

(ii) Spouses for loss of consortium, but not parent-child or child-parent loss of consortium;

(iii) Members of the immediate family who were in the zone of danger of the injured person as defined in paragraph (a)(3)(vii) of this section.

(2) Economic damages. Elements of economic damage are limited to the following:

(i) Past expenses, including medical, hospital and related expenses actually incurred. Nursing and similar services furnished gratuitously by a family member are compensable. Itemized bills or other suitable proof must be furnished. Expenses paid by, or recoverable from, insurance or other sources are not recoverable.

(ii) Future medical, hospital, and related expenses. When requested, a medical examination is required.

(iii) Past lost earnings as substantiated by documentation from both the employer and a physician.

(iv) Loss of earning capacity and ability to perform services, as substantiated by acceptable medical proof. When requested, past federal income tax forms must be submitted for the previous five years and the injured person must undergo an independent medical examination (IME). Estimates of
future losses must be discounted to present value at a discount rate of one to three percent after deducting for income taxes. When a medical trust providing for all future care is established, personal consumption may be deducted from future losses.

(v) Compensation paid to a person for essential household services that the injured person can no longer provide for himself or herself. These costs are recoverable only to the extent that they neither have been paid by, nor are recoverable from, insurance.

(3) Non-economic damages. Elements of non-economic damages are limited to the following:

(i) Past and future conscious pain and suffering. This element is defined as physical discomfort and distress as well as mental and emotional trauma. Loss of enjoyment of life, whether or not it is discernible by the injured party, is compensable. The inability to perform daily activities that one performed prior to injury, such as recreational activities, is included in this element. Supportive medical records and statements by health care personnel and acquaintances are required. When requested, the claimant must submit to an interview.

(ii) Emotional distress. Emotional distress under the conditions set forth in paragraph (a)(3)(vii) of this section.

(iii) Physical disfigurement. This element is defined as impairment resulting from an injury to a person that causes diminishment of beauty or symmetry of appearance rendering the person unsightly, misshapen, imperfect, or deformed. A medical statement and photographs, documenting claimant’s condition, may be required.

(iv) Loss of consortium. This element is defined as conjugal fellowship of husband and wife and the right of each to the company, society, cooperation, and affection of the other in every conjugal relation.

(c) Wrongful death claims. The law of the place of the incident giving rise to the claim will apply to claims arising in the United States, its commonwealths, territories or possessions.

(1) Claimant. (i) Only one claim may be presented for a wrongful death. It shall be presented by the decedent’s personal representative on behalf of all parties in interest. The personal representative must be appointed by a court of competent jurisdiction prior to any settlement and must agree to make distribution to the parties in interest under court jurisdiction, if required.

(ii) Parties in interest are the surviving spouse, children, or dependent parents to the exclusion of all other parties. If there is no surviving spouse, children, or dependent parents, the next of kin will be considered a party or parties in interest. A dependent parent is one who meets the criteria set forth by the Internal Revenue Service to establish eligibility for a DOD identification card.

(2) Economic loss. Elements of economic damages are limited to the following:

(i) Loss of monetary support of a family member from the date of injury causing death until expiration of decedent’s worklife expectancy. When requested, the previous five years federal income tax forms must be submitted. Estimates must be discounted to present value at one to three percent after deducting for taxes and personal consumption. Loss of retirement benefits is compensable and similarly discounted after deductions.

(ii) Loss of ascertainable contributions, such as money or gifts to other than family member claimants as substantiated by documentation or statements from those concerned.

(iii) Loss of services from date of injury to end of life expectancy of the decedent or the person reasonably expected to receive such services, whichever is shorter.

(iv) Expenses as set forth in paragraph (b)(2)(i) of this section. In addition, burial expenses are allowable. Expenses paid by, or recoverable from, insurance or other sources are not recoverable.

(3) Non-economic loss. Elements of damages are limited to the following:

(i) Pre-death conscious pain and suffering.

(ii) Loss of companionship, comfort, society, protection, and consortium suffered by a spouse for the death of a spouse, a child for the death of a parent, or a parent for the death of a child.
(iii) Loss of training, guidance, education, and nurture suffered by a child under the age of 18 for the death of a parent, until the child becomes 18 years old.

(iv) Claims for the survivors’ emotional distress, mental anguish, grief, bereavement, and anxiety are not payable, in particular claims for intentional or negligent infliction of emotional distress to survivors arising out of the circumstances of a wrongful death are personal injury claims falling under §536.77(b)(3).

(d) Property damage claims. The following provisions apply to all claims arising in the United States, its commonwealths, territories and possessions.

(1) Such claims are limited to damage to, or loss of, tangible property and costs directly related thereto. Consequential damages are not included. (See §536.50(e) and DA Pam 27–162, paragraph 2–56a.)

(2) Proper claimants are described in §536.27. Claims for subrogation are excluded. (See §536.27(e)). However, there is no requirement that the claimant use personal casualty insurance to mitigate the loss.

(3) Allowable elements of damages and measure of proof (additions to these elements are permissible with concurrence of the Commander USARCS). These elements are discussed in detail in DA Pam 27–162, paragraph 2–54.

(i) Damages to real property.

(ii) Damage to or loss of personal property, or personal property that is not economically repairable.

(iii) Loss of use.

(iv) Towing and storage charges.

(v) Loss of business or profits.

(vi) Overhead.

§ 536.78 Settlement authority for claims under the Military Claims Act.

(a) Authority of the Secretary of the Army. The Secretary of the Army, the Army General Counsel, as the Secretary’s designee, or another designee of the Secretary of the Army may approve settlements in excess of $100,000.

(b) Delegations of Authority. (1) Denials and final offers made under the delegations set forth herein are subject to appeal to the authorities specified in paragraph (d) of this section.

(2) The Judge Advocate General (TJAG) and the Assistant Judge Advocate General (TAJAG) are delegated authority to pay up to $100,000 in settlement of a claim and to disapprove a claim regardless of the amount claimed.

(3) The Commander USARCS is delegated authority to pay up to $25,000 in settlement of a claim and to disapprove or make a final offer in a claim regardless of the amount claimed.

(4) The Judge Advocate (JA) or Staff Judge Advocate (SJA), subject to limitations that USARCS may impose, and chiefs of a command claims service are delegated authority to pay up to $25,000 in settlement, regardless of the amount claimed, and to disapprove or make a final offer in a claim presented in an amount not exceeding $25,000.

(5) A head of an area claims office (ACO) is delegated authority to pay up to $25,000 in settlement of a claim, regardless of the amount claimed, and to disapprove or make a final offer in a claim presented in an amount not exceeding $25,000. A head of a claims processing office (CPO) with approval authority is delegated authority to approve, in full or in part, claims presented for $5,000 or less, and to pay claims regardless of the amount claimed, provided an award of $5,000 or less is accepted in full satisfaction of the claim.

(6) Authority to further delegate payment authority is set forth in §536.3(g)(1) of this part. For further discussions also related to approval, settlement and payment authority see also paragraph 2–69 of DA Pam 27–162.

(c) Settlement of multiple claims arising from a single incident. (1) Where a single act or incident gives rise to multiple claims cognizable under this subpart, and where one or more of these claims apparently cannot be settled within the monetary jurisdiction of the authority initially acting on them, no final offer will be made. All claims will be forwarded, along with a recommended disposition, to the authority who has monetary jurisdiction over the largest claim for a determination.
of liability. However, where each individual claim, including derivative claims, can be settled within the monetary authority initially acting on them, and none are subject to denial, all such claims may be settled even though the total amount exceeds the monetary jurisdiction of the approving or settlement authority.

(2) If such authority determines that federal liability is established, he or she may return claims of lesser value to the field claims office for settlement within that office’s jurisdiction. The field claims office must take care to avoid compromising the higher authority’s discretion by conceding liability in claims of lesser amount.

(d) Appeals. Denials or final offers on claims described as follows may be appealed to the official designated:

(1) For claims presented in an amount over $100,000, final decisions on appeals will be made by the Secretary of the Army or designee.

(2) For claims presented for $100,000 or less, and any denied claim, regardless of the amount claimed, in which the denial was based solely upon an incident-to-service bar, exclusionary language in a federal statute governing compensation of federal employees for job-related injuries (see §536.44), or untimely filing, TJAG or TAJAG will render final decisions on appeals, except that claims presented for $25,000 or less, and not acted upon by the Commander USARCS, are governed by paragraph (d)(3) of this section.

(3) For claims presented for $25,000 or less, final decisions on appeals will be made by the Commander USARCS, his or her designee, or the chief of a command claims service when such claims are acted on by an ACO under such service’s jurisdiction.

(4) Sections 536.64, 536.65, and 536.66 of this part set forth the rules relating to the notification of appeal rights and processing.

(e) Delegated authority. Authority delegated by this section will not be exercised unless the settlement or approval authority has been assigned an office code.
(e) If the appellate authority upholds a final offer or authorizes an award on appeal from a denial of a claim, the notice of the appellate authority’s action will inform the claimant that he or she must accept the award within 180 days of the date of mailing of the notice of the appellate authority’s action or the award will be withdrawn, the claim will be deemed denied, and the file will be closed without future recourse.

§ 536.80 Payment of costs, settlements, and judgments related to certain medical malpractice claims.

(a) General. Costs, settlements, or judgments cognizable under 10 U.S.C. 1089(f) for personal injury or death caused by any physician, dentist, nurse, pharmacist, paramedic, or other supporting personnel (including medical and dental technicians, nurse assistants, therapists, and Red Cross volunteers of the Army Medical Department (AMEDD), AMEDD personnel detailed for service with other than a federal department, agency, or instrumentality and direct contract personnel identified in the contract as federal employees), will be paid provided that:

(1) The alleged negligent or wrongful actions or omissions occurred during the performance of medical, dental, or related health care functions (including clinical studies and investigations) while the medical or health care employee was acting within the scope of employment.

(2) Such personnel furnish prompt notification and delivery of all process served or received and other documents, information, and assistance as requested.

(3) Such personnel cooperate in the defense of the action on its merits.

(b) Requests for contribution or indemnification. All requests for contribution or indemnification under this section should be forwarded to the Commander USARCS for action, following the procedures set forth in this subpart.

§ 536.81 Payment of costs, settlements, and judgments related to certain legal malpractice claims.

(a) General. Costs, settlements, and judgments cognizable under 10 U.S.C. 1054(f) for damages for personal injury or loss of property caused by any attorney, paralegal, or other member of a legal staff will be paid if:

(1) The alleged negligent or wrongful actions or omissions occurred during the provision or performance of legal services while the attorney or legal employee was acting within the scope of duties or employment;

(2) Such personnel furnish prompt notification and delivery of all process served or received and other documents, information, and assistance as requested;

(3) Such personnel cooperate in the defense of the action on the merits.

(b) Requests for contribution or indemnification. All requests for contribution or indemnification under this section should be forwarded to the Commander USARCS for action, following the procedures set forth in this subpart.

§ 536.82 Reopening an MCA claim after final action by a settlement authority.

(a) Original approval or settlement authority (including TAJAG, TJAG, Secretary of the Army, or the Secretary’s designees). (1) An original settlement authority may reconsider the denial of, or final offer on, a claim brought under the MCA upon request of the claimant or the claimant’s authorized agent. In the absence of such a request, the settlement authority may on his or her initiative reconsider a claim.

(2) An original approval or settlement authority may reopen and correct action on an MCA claim previously settled in whole or in part (even if a settlement agreement has been executed) when it appears that the original action was incorrect in law or fact based on the evidence of record at the time of the action or subsequently received. For errors in fact, the new evidence must not have been discoverable at the time of final action by either the Army or the claimant through the exercise of reasonable diligence. Corrective action may also be taken when an error contrary to the parties’ mutual understanding is discovered in the original action. If the settlement or approval authority determines that their original action was incorrect, they will modify the action and, if appropriate, make a supplemental payment. The basis for a
change in action will be stated in a memorandum included in the file. For example, a claim was settled for $15,000, but the settlement agreement was typed to read “$1,500” and the error is not discovered until the file is being prepared for payment. If appropriate, a corrected payment will be made. A settlement authority who has reason to believe that a settlement was obtained by fraud on the part of the claimant or claimant’s legal representative, will reopen action on that claim and, if the belief is substantiated, correct the action. The basis for correcting an action will be stated in a memorandum and included in the file.

(b) A successor approval or settlement authority (including TAJAG, TJAG, Secretary of the Army, or the Secretary’s designees)—(1) Reconsideration. A successor approval or settlement authority may reconsider the denial of, or final offer on, an MCA claim upon request of the claimant or the claimant’s authorized agent only on the basis of fraud, substantial new evidence, errors in calculation, or mistake (misinterpretation) of law.

(2) Settlement correction. A successor approval or settlement authority may reopen and correct a predecessor’s action on a claim that was previously settled in whole or in part for the same reasons that an original authority may do so.

(c) Time requirement for filing request for reconsideration. Requests postmarked more than five years from the date of mailing of final notice will be denied based on the doctrine of laches.

(d) Finality of action. Action by the appropriate authority (either affirming the prior action or granting full or granting full or partial relief) is final under the provisions of 10 U.S.C. 2735. Action upon a request for reconsideration constitutes final administrative disposition of a claim. No further requests for reconsideration will be allowed except on the basis of fraud.

Subpart D—Claims Cognizable Under the Federal Tort Claims Act

§ 536.83 Statutory authority for the Federal Tort Claims Act.

§ 536.84 Scope for claims under the Federal Tort Claims Act.

(a) General. This subpart applies in the United States, its commonwealths, territories and possessions (all hereinafter collectively referred to as United States or U.S.). It prescribes the substantive bases and special procedural requirements under the FTCA and the implementing Attorney General’s regulations for the administrative settlement of claims against the United States based on death, personal injury, or damage to, or loss of, property caused by negligent or wrongful acts or omissions by the United States or its employees acting within the scope of their employment. If a conflict exists between this part and the Attorney General’s regulations, the latter governs.

(b) Effect of the Military Claims Act. A tort claim arising in the United States, its commonwealths, territories, and possessions may be settled under subpart C of this part if the Federal Tort Claims Act (FTCA) does not apply to the type of claim under consideration or if the claim arose incident to noncombat activities. If a claim is filed under both the FTCA and the Military Claims Act (MCA), or when both statutes apply equally, final action thereon will follow the procedures set forth in DA Pam 27–162, paragraphs 2–74 through 2–76, discussing final offers and denial letters.

§ 536.85 Claims payable under the Federal Tort Claims Act.

(a) Unless otherwise prescribed, claims for death, personal injury, or damage to, or loss of, property (real or personal) are payable under this subpart when the injury or damage is...
caused by negligent or wrongful acts or omissions of military personnel or civilian employees of the Department of the Army or Department of Defense while acting within the scope of their employment under circumstances in which the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred. The FTCA is a limited waiver of sovereign immunity without which the United States may not be sued in tort. Similarly, neither the Fifth Amendment nor any other provision of the U.S. Constitution creates or permits a federal cause of action allowing recovery in tort. Immunity must be expressly waived, as the FTCA waives it.

(b) To be payable, a claim must arise from the acts or omissions of an “employee of the government” under 28 U.S.C. 2671. Categories of such employees are listed in §536.23(b) of this part.

§536.86 Claims not payable under the Federal Tort Claims Act.

A claim is not payable if it is identified as an exclusion in DA Pam 27–162, paragraphs 2–36 through 2–43.

§536.87 Applicable law for claims under the Federal Tort Claims Act.

The applicable law for claims falling under the Federal Tort Claims Act is set forth in §§536.41 through 536.52.

§536.88 Settlement authority for claims under the Federal Tort Claims Act.

(a) General. Subject to the Attorney General’s approval of payments in excess of $200,000 for a single claim, or if the total value of all claims and potential claims arising out of a single incident exceeds $200,000 (for which USARCS must write an action memorandum for submission to the Department of Justice), the following officials are delegated authority to settle (including payment in full or in part, or denial) and make final offers on claims under this subpart:

(1) The Judge Advocate General (TJAG);
(2) The Assistant Judge Advocate General (TAJAG); and
(3) The Commander USARCS.

(b) ACO heads. A head of an area claims office (ACO) is delegated authority to pay up to $50,000 in settlement of a claim, regardless of the amount claimed, and to disapprove or make a final offer in a claim presented in an amount not exceeding $50,000, provided the value of all claims and potential claims arising out of a single incident does not exceed $200,000.

(c) CPO heads. A head of a claims processing office (CPO) with approval authority is delegated authority to approve, in full or in part, claims presented for $5,000 or less, and to pay claims regardless of amount, provided an award of $5000 or less is accepted in full satisfaction of the claim.

(d) Further guidance. Authority to further delegate payment authority is set forth in §536.3(g)(1) of this part. For further discussions related to approval, settlement and payment authority, see paragraphs 2–69 and 2–71 of DA Pam 27–162.

(e) Settlement of multiple claims from a single incident. (1) Where a single act or incident gives rise to multiple claims cognizable under this subpart, and where one claim cannot be settled within the monetary jurisdiction for one claim of the authority acting on the claim or all claims cannot be settled within the monetary jurisdiction for a single incident, no final offer will be made. All claims will be forwarded, along with a recommended disposition, to the Commander USARCS.

(2) If the Commander USARCS determines that all claims can be settled for a total of $200,000 or less, he may return claims to the field office for settlement. If the Commander USARCS determines that all claims cannot be settled for a total of $200,000, he must request Department of Justice authority prior to settlement of any one claim. The field claims office must not concede liability by paying any one claim of lesser value.

§536.89 Reconsideration of Federal Tort Claims Act claims.

(a) Reconsideration of paid claims. Under the provision of 28 U.S.C. 2672, neither an original or successor authority may reconsider a claim which has been paid except as expressly set forth below. Payment of an amount for
property damage will bar payment for personal injury or death except for a split claim provided the provisions of §536.60 are followed. Supplemental payments for either property or injury are barred by 10 U.S.C. 2672. Accordingly, claimants will be informed that only one claim or payment is permitted.

(b) Notice of right to reconsideration. Notice of disapproval or final offer issued by an authority listed in §536.88(b) will advise the claimant of a right to reconsideration to be submitted in writing not later than six months from the date of mailing the notice. Such a request will suspend the requirement to bring suit for a minimum of six months or until action is taken on the request. The claimant will be so informed. See the Attorney General's Regulations at 28 CFR 14.9(b), posted on the USARCS Web site; for the address see §536.2(a).

(c) Original approval or settlement authority—(1) Reconsideration. An original settlement authority may reconsider the denial of, or final offer on, a claim brought under the FTCA upon request of the claimant or the legal representative.

(2) Settlement correction. An original approval or settlement authority may reopen and correct action on a claim previously settled in whole or in part (even if a settlement agreement has been executed) when an error contrary to the parties' mutual understanding is discovered in the original action. For example: a claim was settled for $15,000, but the settlement agreement was typed to read “$1,500” and the error is not discovered until the file is being prepared for payment. If appropriate, a corrected payment will be made. An approval or settlement authority who has reason to believe that a settlement was obtained by fraud on the part of the claimant or claimant's legal representative will reopen action on that claim, and if the belief is substantiated, correct the action. The basis for correcting an action will be stated in a memorandum and included in the file.

(d) A successor approval or settlement authority—(1) Reconsideration. A successor approval or settlement authority may reconsider the denial of, or final offer on, an FTCA claim upon request of the claimant, the claimant's authorized agent, or the claimant's legal representative only on the basis of fraud, substantial new evidence, errors in calculation, or mistake (misinterpretation) of law.

(2) Settlement correction. A successor approval or settlement authority may reopen and correct a predecessor's action on a claim that was previously settled in whole or in part for the same reasons that an original authority may do so.

(e) Requirement to forward a request for reconsideration. When full relief is not granted, forward all requests for reconsideration of an ACO's denial or final offer to the Commander USARCS for action. Include all investigative material and legal analyses generated by the request.

(f) Action prior to forwarding. A request for reconsideration should disclose fully the legal and/or factual bases that the claimant has asserted as grounds for relief and provide appropriate supporting documents or evidence. Following completion of any investigation or other action deemed necessary for an informed disposition of the request, the approval or settlement authority will reconsider the claim and attempt to settle it, granting relief as warranted. When further settlement efforts appear unwarranted, the entire file with a memorandum of opinion will be forwarded to the Commander USARCS. The claimant will be informed of such transfer.

(g) Finality of action. Action by the appropriate authority (either affirming the prior action or granting full or partial relief) upon a request for reconsideration constitutes final administrative disposition of a claim. No further requests for reconsideration will be allowed except on the basis of fraud. Attempted further requests for reconsideration on other grounds will not toll the six-month period set forth in 28 U.S.C. 2401(b).

Subpart E—Claims Cognizable Under the Non-Scope Claims Act

§536.90 Statutory authority for the Non-Scope Claims Act.

The statutory authority for this subpart is set forth in the Act of October
§ 536.91 Scope for claims under the Non-Scope Claims Act.

(a) This subpart applies worldwide and prescribes the substantive bases and special procedural requirements for the administrative settlement and payment of not more than $1,000 for any claim against the United States for personal injury, death or damage to, or loss of, property caused by military personnel or civilian employees, incident to the use of a U.S. vehicle at any location, or incident to the use of other U.S. property on a government installation, which claim is not cognizable under any other provision of law.

(b) For the purposes of this subpart, a “government installation” is a facility having fixed boundaries owned or controlled by the government, and a “vehicle” includes every description of carriage or other artificial contrivance used, or capable of being used, as means of transportation on land (1 U.S.C. 4).

(c) Any claim in which there appears to be a dispute about whether the employee was acting within the scope of employment will be considered under subparts C, D, or F of this part. Only when all parties, including an insurer, agree that there is no “in scope” issue will the claim be considered under this subpart.

§ 536.92 Claims payable under the Non-Scope Claims Act.

(a) General. A claim for personal injury, death, or damage to, or loss of, property, real or personal, is payable under this subpart when:

(1) Caused by negligent or wrongful acts or omissions of Department of Defense or Department of the Army (DA) military personnel or civilian employees, as listed in §536.23(b):

(i) Incident to the use of a vehicle belonging to the United States at any place or;

(ii) Incident to the use of any other property belonging to the United States on a government installation.

(2) The claim is not payable under any other claims statute or regulation available to the DA for the administrative settlement of claims.

(b) Personal injury or death. A claim for personal injury or death is allowable only for the cost of reasonable medical, hospital, or burial expenses actually incurred and not otherwise furnished or paid by the United States.

(c) Property loss or damage. A claim for damage to or loss of property is allowable only for the cost of reasonable repairs or value at time of loss, whichever is less.

§ 536.93 Claims not payable under the Non-Scope Claims Act.

Under this subpart, a claim is not payable that:

(a) Results in whole or in part from the negligent or wrongful act of the claimant or his or her agent or employee. The doctrine of comparative negligence does not apply.

(b) Is for medical, hospital, or burial expenses furnished or paid by the United States.

(c) Is for any element of damage pertaining to personal injuries or death other than as provided in §536.93(b). All other items of damage, for example, compensation for loss of earnings and services, diminution of earning capacity, anticipated medical expenses, physical disfigurement and pain and suffering are not payable.

(d) Is for loss of use of property or for the cost of substitute property, for example, a rental.

(e) Is legally recoverable by the claimant under an indemnifying law or indemnity contract. If the claim is in part legally recoverable, the part recoverable by the claimant is not payable.

(f) Is a subrogated claim.

(g) In some circumstances some claims may be partially payable. See DA Pam 27–162, paragraph 5–4 for more information on claims that may be partially payable.

§ 536.94 Settlement authority for claims under the Non-Scope Claims Act.

(a) Settlement authority. The following are delegated authority to pay up to
§ 536.95 Reconsideration of Non-Scope Claims Act claims.

The provisions of §536.89 addressing reconsideration apply and are incorporated herein by reference. If the claim is not cognizable under the Federal Tort Claims Act, appellate procedures under the Military Claims Act or NGCA apply.

Subpart F—Claims Cognizable Under the National Guard Claims Act

§ 536.96 Statutory authority for the National Guard Claims Act.

§ 536.97 Scope for claims under the National Guard Claims Act.

This subpart applies worldwide and prescribes the substantive bases and special procedural regulations for the settlement of claims against the United States for death, personal injury, damage to, or loss or destruction of property.

(a) Soldiers of the Army National Guard (ARNG) can perform military duty in an active duty status under the authority of Title 10 of the United States Code, in a full-time National Guard duty or inactive-duty training status under the authority of Title 32 of the United States Code, or in a state active duty status under the authority of a state code.

(1) When ARNG soldiers perform active duty, they are under federal command and control and are paid from federal funds. For claims purposes, those soldiers are treated as active duty soldiers. The NGCA, 32 U.S.C. 715, does not apply.

(2) When ARNG soldiers perform full-time National Guard duty or inactive-duty training, they are under state command and control and are paid from federal funds. The NGCA does apply, but as explained in paragraph (c) of this section it is seldom used.

(3) When ARNG soldiers perform state active duty, they are under state command and control and are paid from state funds. Federal claims statutes do not apply, but state claims statutes may apply.

(b) The ARNG also employs civilians, referred to as technicians and employed under 32 U.S.C. 709. Technicians are usually, but not always, ARNG soldiers who perform the usual 15 days of annual training (a category of full-time duty) and 48 drills (inactive-duty training) per year.

(c) NGCA coverage applies only to ARNG soldiers performing full-time National Guard duty or inactive-duty training and to technicians. However, since the NGCA’s enactment in 1960, Congress has also extended Federal Tort Claims Act (FTCA) coverage to these personnel.
(1) In 1968, technicians, who were state employees formerly, were made federal employees. Along with federal employee status came FTCA coverage. Technicians no longer have any state status, albeit they are hired, fired, and administered by a state official, the Adjutant General, acting as the agent of the federal government.

(2) In 1981, Congress extended FTCA coverage to ARNG soldiers performing full-time National Guard duty or inactive-duty training (such as any training or other duty under 32 U.S.C. 316, 502-505). Unlike making technicians federal employees, this extension of coverage did not affect their underlying status as state military personnel.

(d) Claims arising from the negligent acts or omissions of ARNG soldiers performing full-time National Guard duty or inactive-duty training, or of technicians, will be processed under the FTCA. Therefore, the NGCA is generally relevant only to claims arising from noncombat activities or outside the United States. Additionally, claims by members of the National Guard may be paid for property loss or damage incident to service if the claim is based on activities falling under this subpart and is not payable under AR 27–20, chapter 11.

Subpart G—Claims Cognizable Under International Agreements

§ 536.103 Statutory authority for claims cognizable under international claims agreements.

The authority for claims presented or processed under this subpart is set forth in the following federal laws and bi- or multinational agreements:

(a) 10 U.S.C. 2734a and 10 U.S.C. 2734b (the International Agreements Claims Act) as amended, for claims arising overseas under international agreements.

(b) Various international agreements, such as the North Atlantic Treaty Organization (NATO) Status of Forces Agreement (SOFA) and the Partnership for Peace (PPP) SOFA.

§ 536.104 Current agreements in force.

Current listings of known agreements in force are also posted on the USARCS Web site; for the address see §536.2(a).

§ 536.105 Responsibilities generally/ international agreements claims.

(a) The Commander USARCS is responsible for:

(1) Providing policy guidance to command claims services or other responsible judge advocate (JA) offices on SOFA or other treaty reimbursement programs implementing 10 U.S.C. 2734a and 2734b.

(2) Monitoring the reimbursement system to ensure that programs for the proper verification and certification of reimbursement are in place.

(3) Monitoring funds reimbursed to or by foreign governments.

(b) Responsibilities in the continental United States (CONUS). The responsibility for implementing these agreements within the United States has been delegated to the Secretary of the Army (SA). The SA, in turn, has delegated that responsibility to the Commander USARCS, who is in charge of the receiving State office for the United States, as prescribed in DODD...
§ 536.106 Definitions for international agreements claims.

(a) Force and civilian component of force. Members of the sending State’s armed forces on temporary or permanent official duty within the receiving State, civilian employees of the sending State’s armed forces, and those individuals acting in an official capacity for the sending State’s armed forces. However, under provisions of the applicable SOFAs the sending State and the receiving State may agree to exclude from the definition of “force” certain individuals, units or formations that would otherwise be covered by the SOFA. Where such an exclusion has been created, this subpart will not apply to claims arising from actions or omission by those individuals, units or formations. “Force and civilian component of force” also includes claims arising out of acts or omissions made by military or civilian personnel, regardless of nationality, who are assigned or attached to, or employed by, an international headquarters established under the provisions of the Protocol on the Status of International Military Headquarters Set Up Pursuant to the North Atlantic Treaty, dated August 28, 1952, such as Supreme Allied Command, Atlantic.

(b) Types of claims under agreements—

(1) Intergovernmental claims. Claims of one contracting party against any other contracting party for damage to property owned by its armed services, or for injury or death suffered by a member of the armed services engaged in the performance of official duties, are waived. Claims above a minimal amount for damage to property owned by a governmental entity other than the armed services may be asserted. NATO SOFA, Article VIII, paragraph 1–4; Singapore SOFA, Article XVI, paragraph 2–3.

(2) Third-party scope claims. Claims arising out of any acts or omissions of members of a force or the civilian component of a sending State done in the performance of official duty or any other act, omission, or occurrence for which the sending State is legally responsible shall be filed, considered and settled in accordance with the laws and regulations of the receiving State with respect to claims arising from the activities of its own armed service; see, for example, NATO SOFA, Article VIII, paragraph 5.

(3) Ex gratia claims. Claims arising out of tortious acts or omissions not done in the performance of official duties shall be considered by the sending State for an “ex gratia” payment that is made directly to the injured party; see, for example, NATO SOFA, Article VIII, paragraph 6.

§ 536.107 Scope for international agreements claims arising in the United States.

This section sets forth procedures and responsibilities for the investigation, processing, and settlement of claims arising out of any acts or omissions of members of a foreign military force or civilian component present in the United States or a territory, commonwealth, or possession thereof under the provisions of cost sharing reciprocal international agreements which contain claims settlement provisions applicable to claims arising in the United States. Article VIII of the NATO SOFA has reciprocal provisions applying to all NATO member countries; the Partnership for Peace (PFP) Agreement has similar provisions, as do the Singapore and Australian SOFAs.

§ 536.108 Claims payable under international agreements (for those arising in the United States).

(a) Within the United States, Art. VIII, NATO SOFA applies to claims arising within the North Atlantic Treaty Area, which includes CONUS and its territories and possessions north of the Tropic of Cancer (23.5 degrees north latitude). This excludes Puerto Rico, the Virgin Islands, and parts of Hawaii. Third-party scope claims are payable under subpart D or, if the claim arises incident to noncombat activities, under subpart C of this part. Maritime claims are payable under subpart H of
§ 536.109 Claims not payable under international agreements (for those arising in the United States).

The following claims are not payable:

(a) Claims arising from a member of a foreign force or civilian component’s acts or omissions that do not accord with the objectives of a treaty authorizing their presence in the United States.

(b) Claims arising from the acts or omissions of a member of a foreign force or civilian component who has been excluded from SOFA coverage by agreement between the sending State and the United States.

(c) Third-party scope claims arising within the United States that are not payable under subparts C, D, or H of this part are listed as barred under those subparts. As sending State forces are considered assimilated into the U.S. Armed Services for purposes of the SOFAs, their members are also barred from receiving compensation from the United States when they are injured in the United States. Daberkow v. United States, 581 F.2d 785 (9th Cir. 1978).

§ 536.110 Notification of incidents arising under international agreements (for claims arising in the United States).

To enable USARCS to properly discharge its claims responsibilities under the applicable SOFAs, it must be notified of all incidents, including off-duty incidents, in which members of a foreign military force or civilian component are involved. Any member or employee of the U.S. armed services who learns of an incident involving a member of a foreign military force or civilian component resulting in personal injury, death, or property damage will immediately notify the judge advocate (JA) or legal officer at the installation or activity to which such person is assigned or attached. The JA or legal officer receiving such notification will in turn notify the Commander USARCS. If the member is neither assigned nor attached to any installation or activity within the United States, the Commander USARCS will be notified.

§ 536.111 Investigation of claims arising under international agreements (for those claims arising in the United States).

Responsibility for investigating an incident rests upon the area claims office (ACO) or claims processing office (CPO) responsible for the geographic area in which the incident occurred. The Commander USARCS, an ACO, and a CPO are authorized to designate the legal office of the installation at which the member of the foreign force or civilian component is attached, including the legal office of another armed force, to carry out the responsibility to investigate. The investigation will comply with the responsible Service’s implementing claims regulation. When the member is neither assigned nor attached within the United States, the Commander USARCS will furnish assistance.

§ 536.112 Settlement authority for claims arising under international agreements (for those claims arising in the United States).

Settlement authority is delegated to the Commander USARCS, except for settlement amounts exceeding the Commander’s authority as set forth in subparts C, D, or H of this part, or in those cases where settlement is reserved to a higher authority. Pursuant to the applicable SOFA, the Commander USARCS will report the proposed settlement to the sending State office for concurrence or objection. See, for example, NATO SOFA, Article VIII.

§ 536.113 Assistance to foreign forces for claims arising under international agreements (as to claims arising in the United States).

As claims arising from activities of members of NATO, Partnership for Peace, Singaporean, or Australian forces in the United States are processed in the same manner as those arising from activities of U.S. government personnel. All JAs and legal offices will
provide assistance similar to that provided to U.S. armed services personnel.

§ 536.114 Scope for claims arising overseas under international agreements.

(a) This section sets forth guidance on claims arising from any act or omission of soldiers or members of the civilian component of the U.S. armed services done in the performance of official duty or arising from any other act or omission or occurrence for which the U.S. armed services are responsible under an international agreement. Claims incidents arising in countries for which the SOFA requires the receiving State to adjudicate and pay the claims in accordance with its laws and regulations are subject to partial reimbursement by the United States.

(b) Claims by foreign inhabitants based on acts or omissions outside the scope of official duties are cognizable under subpart J of this part. Claims arising from nonscope acts or omissions by third parties who are not foreign inhabitants are cognizable under subparts C or F of this part.

§ 536.115 Claims procedures for claims arising overseas under international agreements.

(a) SOFA provisions that call for the receiving State to adjudicate claims have been held to be the exclusive remedy for claims against the United States, Aaskov v. Aldridge, 695 F. Supp. 595 (D.D.C. 1988); Dancy v. Department of the Army, 897 F. Supp. 612 (D.D.C. 1995).

(b) SOFA provisions that call for the receiving State to adjudicate claims against the United States usually refer to claims by third parties brought against members of the force or civilian component. This includes claims by tourists or business travelers as well as inhabitants of foreign countries. Depending on how the receiving State interprets the particular SOFA’s class of proper claimants, the receiving State may also consider claims by U.S. soldiers, civilian employees, and their family members. Chiefs of command claims services or other Army JA offices responsible for claims that arise in countries bound by SOFA or other treaty provisions requiring a receiving State to consider claims against the United States will ensure that all claims personnel know the receiving State’s policy on which persons or classes of persons are proper claimants under such provisions. When a claim is filed both with the receiving State and under either the Military Claims Act (MCA) or Foreign Claims Act (FCA), the provisions of §536.76(h) of this part and DA Pam 27–162, paragraph 3–4a apply.

(c) When SOFA provisions provide for receiving State claims consideration, the time limit for filing such claims may be much shorter than the two years otherwise allowed under the FCA or MCA. For example, receiving state claims offices in Germany require that a claim be filed under the SOFA within three months of the date that the claimant is aware of the U.S. involvement. If the filing period is about to expire for claims arising in Germany, have the claimant fill out a claim form, make two copies, and date-stamp each copy as received by the a sending State claims office. Return the date-stamped original of the claim to the claimant with instructions to promptly file with the receiving State claims office. Keep one date-stamped copy as a potential claim. Forward one date-stamped copy of the claim to the U.S. Army Claims Service Europe (USACSEUR). This may toll the applicable German statute of limitations. Additionally, many receiving state claims offices do not require claimants to demand a sum certain. All claims personnel must familiarize themselves with the applicable receiving state law and procedures governing SOFA claims.

(d) All foreign inhabitants who file claims against the United States that fall within the receiving State’s responsibility, such as claims based on acts or omissions within the scope of U.S. Armed Forces members’ or civilian employees’ duties, must file the claim with the appropriate receiving State office. Those U.S. inhabitants whose claims would be otherwise cognizable under the Military Claims Act (subpart C of this part) and whom the receiving State deems proper claimants under the SOFA must also file with the receiving State.
(e) A claim filed with, and considered by, a receiving State under a SOFA or other international agreement claims provision may be considered under other subparts of this part only if the receiving State denied the claim on the basis that it was not cognizable under the treaty or agreement provisions. See DA Pam 27–162, paragraph 3–4a(2), for conditions of waiver of the foregoing requirement. See also §§536.76(h) and 536.138(j) of this part. When a claimant has filed a claim with a receiving State and received payment, or the claim has been denied on the merits, such action will be the claimant’s final and exclusive remedy and will bar any further claims against the United States.

§536.118 Related statutes for maritime claims.

(a) The AMCSA permits the settlement of claims that would ordinarily fall under the Suits in Admiralty Act (SIAA), 46 U.S.C. app. 741–752; the Public Vessels Act (PVA), 46 U.S.C. app. 781–790; or the Admiralty Extension Act (AEA), 46 U.S.C. app. 740. Outside the United States the AMCSA may be used to settle admiralty claims in lieu of the Military Claims Act or Foreign Claims Act. Within the United States, filing under the AMCSA is not mandatory for causes of action as it is for the SIAA or PVA.

(b) Similar maritime claims settlement authority is exercised by the Department of the Navy under 10 U.S.C. 7363 and 7621–23 and by the Department

§ 536.119 Scope for maritime claims.

The AMCSA applies worldwide and includes claims that arise on high seas or within the territorial waters of a foreign country. At 10 U.S.C. 4802 it provides for the settlement or compromise of claims for:

(a) Damage caused by a vessel of, or in the service of, the Department of the Army (DA) or by other property under the jurisdiction of the DA.

(b) Compensation for towage and salvage service, including contract salvage, rendered to a vessel of, or in the service of, the DA or other property under the jurisdiction of the DA.

(c) Damage that is maritime in nature and caused by tortious conduct of U.S. military personnel or federal civilian employees, an agent thereof, or property under the Army’s jurisdiction.

§ 536.120 Claims payable as maritime claims.

A claim is cognizable under this subpart if it arises in or on a maritime location, involves some traditional maritime nexus or activity, and is caused by the wrongful act or omission of a member of the U.S. Army, Department of Defense (DOD) or DA civilian employee, or an agent thereof, while acting within the scope of employment. This class of claims includes, but is not limited to:

(a) Damage to a ship, boat, barge, or other watercraft;

(b) An injury that involves a ship, boat, barge, or other watercraft;

(c) Damage to a wharf, pier, jetty, fishing net, farm facilities or other structures in, on, or adjacent to any body of water;

(d) Damage or injury on land or on water arising under the AEA and allegedly due to operation of an Army-owned or leased ship, boat, barge, or other watercraft;

(e) An injury that occurs on board an Army ship, boat, barge or other watercraft; and

(f) Crash into water of an Army aircraft.

§ 536.121 Claims not payable as maritime claims.

Under this subpart, claims are not payable if they:

(a) Are listed in §§ 536.42, 536.43, 536.44, 536.45 (except at (e) and (k)), and 536.46;

(b) Are not maritime in nature;

(c) Are not in the best interests of the United States, are contrary to public policy, or are otherwise contrary to the basic intent of the governing statute, for example, claims for property loss or damage or personal injury or death by inhabitants of unfriendly foreign countries or by individuals considered to be unfriendly to the United States. When a claim is considered not payable for the reasons stated in this section, it will be forwarded for appropriate action to the Commander USARCS, along with the recommendations of the responsible claims office.

(d) Are presented by a national, or a corporation controlled by a national, of a country at war or engaged in armed conflict with the United States, or any country allied with such enemy country, unless the appropriate settlement authority determines that the claimant is and, at the time of incident, was friendly to the United States. A prisoner of war or an interned enemy alien is not excluded or barred from bringing a claim for damage, loss, or destruction of personal property while held in the custody of the government if the claim is otherwise payable.

(e) Are for damages or injuries that a receiving State should pay for under an international agreement. See §536.34(c).

§ 536.122 Limitation of settlement of maritime claims.

(a) Within the United States the period of completing an administrative settlement under the AMCSA is subject to the same time limitation as that for beginning suit under the SIAA or PVA; that is, a two-year period from the date the cause of the action accrued. The claimant must have agreed to accept the settlement and it must be approved for payment by the Secretary of the Army or other approval authority prior to the end of such period. The presentation of a claim, or its consideration by the DA, neither waives nor extends the two-year limitation period and the
claimant should be so informed, in writing, when the claim is acknowledged. See §536.28.

(b) For causes of action under the AEA, filing an administrative claim is mandatory. However, suit is required under the two-year time limit applicable to the SIAA and PVA, even though the AEA provides that no suit shall be filed under six months after filing a claim.

(c) For causes of action arising outside the United States, there is no time limitation for completing an administrative settlement.

§ 536.123 Limitation of liability for maritime claims.

For admiralty claims arising within the United States under the provisions of the Limitation of Shipowners’ Liability Act, 46 U.S.C. app. 181–188, in cases alleging injury or loss due to negligent operation of its vessel, the United States may limit its liability to the value of its vessel after the incident from which the claim arose. The act requires filing of an action in federal District Court within six months of receiving written notice of a claim. Therefore, USARCS, or the Chief Counsel, U.S. Army Corps of Engineers (COE), or his designee, must be notified within 10 working days of the receipt of any maritime claim arising in the United States or on the high seas out of the operation of an Army vessel, including pleasure craft owned by the United States. USARCS or Chief Counsel, COE will coordinate with the Department of Justice (DOJ) as to whether to file a limitation of liability action.

§ 536.124 Settlement authority for maritime claims.

(a) The Secretary of the Army, the Army General Counsel as designee of the Secretary, or other designee of the Secretary may approve any settlement or compromise of a claim in any amount. A claim settled or compromised in a net amount exceeding $500,000 will be investigated and processed and, if approved by the Secretary of the Army or his or her designee, will be certified to Congress for final approval.

(b) The Judge Advocate General (TJAG), The Assistant Judge Advocate General (TAJAG), the Commander USARCS, the Chief Counsel COE, or Division or District Counsel Offices are delegated authority to settle, such as to deny or approve payment in full or in part, any claim under this subpart regardless of the amount claimed, provided that any award does not exceed $100,000.

(c) A Staff Judge Advocate (SJA) or chief of a command claims service and heads of area claims offices (ACOs) are delegated authority to pay up to $50,000, regardless of the amount claimed, and to disapprove or make a final offer on a claim presented in an amount not exceeding $50,000.

(d) Authority to further delegate payment authority is set forth in §536.3(g)(1) of this part. For further discussion also related to settlement and approval authority see paragraph 2-69 of DA Pam 27-162.

(e) Where the claimed amount or potential claim damage exceeds $100,000 for COE claims or $50,000 for all others, Commander USARCS will be notified immediately, and be furnished a copy of the claim and a mirror file thereafter. See §536.30 and AR 27-20, paragraph 2-12.

Subpart I—Claims Cognizable Under Article 139, Uniform Code of Military Justice

§ 536.125 Statutory authority for Uniform Code of Military Justice (UCMJ) Claims.

The authority for this subpart is Article 139, Uniform Code of Military Justice (UCMJ) (10 U.S.C. 939), which provides redress for property willfully damaged or destroyed, or wrongfully taken, by members of the Armed Forces of the United States.

§ 536.126 Purpose of UCMJ claims.

This subpart sets forth the standards to apply and the procedures to follow in processing claims for the wrongful taking or willful damage or destruction of property by military members of the Department of the Army.
§ 536.127 Proper claimants; unknown accused—under the UCMJ.

(a) A proper claimant under this subpart includes any individual (whether civilian or military), a business, charity, or state or local government that owns, has an ownership interest in, or lawfully possesses property.

(b) When cognizable claims are presented against a unit because the individual offenders cannot be identified, this subpart sets forth the procedures for approval authorities to direct pay assessments, equivalent to the amount of damages sustained, against the unit members who were present at the scene and to allocate individual liability in such proportion as is just under the circumstances.

§ 536.128 Effect of disciplinary action, voluntary restitution, or contributory negligence for claims under the UCMJ.

(a) Disciplinary action. Administrative action under Article 139, UCMJ, and this subpart is entirely separate and distinct from disciplinary action taken under other sections of the UCMJ or other administrative actions. Because action under both Article 139, UCMJ, and this subpart requires independent findings on issues other than guilt or innocence, a soldier’s conviction or acquittal of claim-related charges is not dispositive of liability under Article 139, UCMJ.

(b) Voluntary restitution. The approval authority may terminate Article 139 proceedings without findings if the soldier voluntarily makes full restitution to the claimant.

(c) Contributory negligence. A claim otherwise cognizable and meritorious is payable whether or not the claimant was negligent.

§ 536.129 Claims cognizable as UCMJ claims.

Claims cognizable under Article 139, UCMJ, are limited to the following:

(a) Requirement that conduct constructively violate UCMJ. In order to subject a person to liability under Article 139, the soldier’s conduct must be such as would constitute a violation of one or more punitive Articles of the UCMJ. However, a referral of charges is not a prerequisite to action under this subpart.

(b) Claims for property willfully damaged. Willful damage is damage inflicted intentionally, knowingly, and purposefully without justifiable excuse, as distinguished from damage caused inadvertently, thoughtlessly or negligently. Damage, loss, or destruction of property caused by riotous, violent, or disorderly acts or acts of deprivation, or through conduct showing reckless or wanton disregard of the property rights of others, may be considered willful damage.

(c) Claims for property wrongfully taken. A wrongful taking is any unauthorized taking or withholding of property, with the intent to deprive, temporarily or permanently, the owner or person lawfully in possession of the property. Damage, loss, or destruction of property through larceny, forgery, embezzlement, fraud, misappropriation, or similar offense may be considered wrongful taking. However, mere breach of a fiduciary or contractual duty that does not involve larceny, forgery, embezzlement, fraud, or misappropriation does not constitute wrongful taking.

(d) Definition of property. Article 139 provides compensation for loss of or damage to both personal property, whether tangible or intangible, and real property. Contrast this to the Personnel Claims Act and chapter 11 of AR 27–20, which provides compensation only for tangible personal property. Monetary losses may fall into the category of either tangible property (for example, cash), or intangible property (for example, an obligation incurred by a claimant to a third party as a result of fraudulent conduct by a soldier), although recovery for losses of intangible property may be limited by other provisions of this part, such as the exclusion of theft of services (see §536.130(f)) or consequential damages (see §536.130(g)).

(e) Claims cognizable under more than one statute. Claims cognizable under other claims statutes may be processed under this subpart.
§ 536.130 Claims not cognizable as UCMJ claims.

Claims not cognizable under Article 139, UCMJ, and this subpart, include the following:

(a) Claims resulting from negligent acts.

(b) Claims for personal injury or death.

(c) Claims resulting from acts or omissions of military personnel acting within the scope of their employment, including claims resulting from combat activities or noncombat activities, as those terms are defined in the Glossary of AR 27–20.

(d) Claims resulting from the conduct of Reserve component personnel who are not subject to the UCMJ at the time of the offense.

(e) Subrogated claims.

(f) Claims for theft of services, even if such theft constitutes a violation of Article 134 of the UCMJ.

(g) Claims for indirect, remote, or consequential damages.

(h) Claims by entities in conflict with the United States or whose interests are hostile to the United States.

§ 536.131 Limitations on assessments arising from UCMJ claims.

(a) Limitations on amount. (1) A special court-martial convening authority (SPCMCA) has authority to approve a pay assessment in an amount not to exceed $5,000 per claimant per incident and to deny a claim in any amount. If the Judge Advocate responsible for advising the SPCMCA decides that the SPCMCA’s final action under the provisions of Rule for Courts-Martial 1107 in a court-martial arising out of the same incident would be compromised, the SPCMCA may forward the Article 139 claim to the general court-martial convening authority (GCMCA) for action.

(2) A GCMCA, or designee, has authority to approve a pay assessment in an amount not to exceed $10,000 per claimant per incident and to deny a claim in any amount.

(i) If the GCMCA determines that a claim exceeding $10,000 per claimant per incident is meritorious, that officer will assess the soldier’s pay in the amount of $10,000 and forward the claim to the Commander USARCS, with a recommendation to increase the assessment.

(ii) If the head of the area claims office (ACO) (usually the GCMCA’s Staff Judge Advocate (SJA)) decides that the GCMCA’s final action under the provisions of Rule for Courts-Martial 1107 in a court-martial arising out of the same incident would be compromised, that officer may forward the Article 139 claim to USARCS for action.

(3) Only TJAG, TAJAG, the Commander USARCS, or designee has authority to approve assessments in excess of $10,000 per claimant per incident.

(b) Limitations on type of damages. Property loss or damage assessments are limited to direct damages. This subpart does not provide redress for indirect, remote, or consequential damages.

§ 536.132 Procedure for processing UCMJ claims.

(a) Time limitations on submission of a claim. A claim must be submitted within 90 days of the incident that gave rise to it, unless the SPCMCA acting on the claim determines there is good cause for delay. Lack of knowledge of the existence of Article 139, or lack of knowledge of the identity of the offender, are examples of good cause for delay.

(b) Form and presentment of a claim. The claimant or authorized agent may present a claim orally or in writing. If presented orally, the claim must be reduced to writing, signed, and seek a definite sum in U.S. dollars within 10 days after oral presentment.

(c) Action upon receipt of a claim. Any officer receiving a claim will forward it within two working days to the SPCMCA exercising jurisdiction over the soldier or soldiers against whom the claim is made. If the claim is made against soldiers under the jurisdiction of two or more convening SPCMCAs who are under the same GCMCA, the GCMCA will designate one SPCMCA to investigate and act on the claim as to all soldiers involved. If the claim is made against soldiers under the jurisdiction of two or more convening SPCMCAs who are under the same GCMCA, forward the claim to the SPCMCA whose headquarters is located...
nearest the situs of the alleged incident. That SPCMCA will investigate and act on the claim as to all soldiers involved. If a claim is brought against a member of one of the other military services, forward the claim to the commander of the nearest major command of that service equivalent to a major Army command (MACOM).

(d) Action by the special court-martial convening authority. (1) If the claim appears to be cognizable, the SPCMCA will appoint an investigating officer within four working days of receipt of a claim. The investigating officer will follow the procedures of this subpart supplemented by DA Pam 27–162, chapter 9, and AR 15–6, chapter 4, which applies to informal investigations. The SPCMCA may appoint the claims officer of a command (if the claims officer is a commissioned officer) as the investigating officer. In cases where the special court-martial convening authority is an inactive duty soldier of the United States Army Reserve, the appointment of an investigating officer will be made within 30 calendar days.

(2) If the claim is not brought against a person who is a member of the Armed Forces of the United States at the time the claim is received, or if the claim does not appear otherwise cognizable under Article 139, UCMJ, the SPCMCA may refer it for legal review (see paragraph (g) of this section) within four working days of receipt. If after legal review the SPCMCA determines that the claim is not cognizable, final action may be taken disapproving the claim (see paragraph (h) of this section) without appointing an investigating officer. In claims where the special court-martial convening authority is an inactive duty soldier of the United States Army Reserve, the request for a legal review will be made within 30 calendar days.

(e) Expediting payment through Personnel Claims Act and Foreign Claims Act procedures. When assessment action on a particular claim will be unduly delayed, the claims office supporting the SPCMCA may consider the claim under the Personnel Claims Act, 31 U.S.C. 3721, and chapter II of AR 27–20, or under the Foreign Claims Act, 10 U.S.C. 3734, and subpart J of this part, as long as it is otherwise cognizable under that authority. If the Article 139 claim is later successful, the claims office will inform the claimant of the obligation to repay to the government any overpayment received under these statutes.

(f) Action by the investigating officer. The investigating officer will notify the soldier against whom the claim is made.

(1) If the soldier wishes to make voluntary restitution, the investigating officer may, with the SPCMCA’s concurrence, delay proceedings until the end of the next pay period to permit restitution. If the soldier makes payment to the claimant’s full satisfaction, the SPCMCA will dismiss the claim.

(2) In the absence of full restitution, the investigating officer will determine whether the claim is cognizable and meritorious under the provisions of Article 139, UCMJ, and this subpart, and the amount to be assessed against each offender. This amount will be reduced by any restitution the claimant accepts from an offender in partial satisfaction. Within 10 working days, or such time as the SPCMCA may determine, the IO will submit written findings and recommendations to the SPCMCA.

(3) If the soldier is absent without leave and cannot be notified, a claims office may process the Article 139 claim in the soldier’s absence. If an assessment is approved, forward a copy of the claim and the memorandum authorizing pay assessment by transmittal letter to the servicing Defense Accounting Office (DAO) for offset against the soldier’s pay. If the soldier is dropped from the rolls, the servicing DAO will forward the assessment documents to: Commander, Defense Finance and Accounting Service (DFAS), ATTN: Military Pay Operations, 8899 E. 56th Street, Indianapolis, IN 46249.

(g) Legal review. The SPCMCA will refer the claim for legal review to its servicing legal office upon completion of the investigating officer’s report or the SPCMCA’s determination that the claim is not cognizable (see paragraph (d)(2) of this section).

(1) Within five working days or such time as the SPCMCA determines, that
office will furnish a written opinion as to:

(i) Whether the claim is cognizable under the provisions of Article 139, UCMJ, and this subpart.

(ii) Whether the findings and recommendations are supported by a preponderance of the evidence.

(iii) Whether the investigation substantially complies with the procedural requirements of Article 139, UCMJ; this subpart; DA Pam 27–162, chapter 9; and AR 15–6, chapter 4.

(iv) Whether the claim is clearly not cognizable (see paragraph (d)(2) of this section) and final denial action can be taken without appointing an investigating officer.

(2) If the investigating officer’s recommended assessment does not exceed $5,000, the claims judge advocate (CJA) or claims attorney will, upon legal review, forward the claim to the SPCMCA for final action.

(3) If the investigating officer’s recommended assessment is more than $5,000, the CJA or claims attorney will, upon legal review, forward the claim file to the head of the ACO, who will also conduct a legal review within five working days.

(i) If the recommended assessment does not exceed $10,000, the head of the ACO will forward the claim file to the GCMCA for final action.

(ii) If the recommended assessment exceeds $10,000, the head of the ACO will forward the claim file to the GCMCA for approval of an assessment up to $10,000 and for a recommendation of an additional assessment. The head of the ACO will then forward the claims file and the GCMCA’s recommendation to the Commander USARCS for approval.

(h) Final action. After consulting with the legal advisor, the approval authority will disapprove or approve the claim in an amount equal to, or less than, the amount of the assessment limitation. The approval authority is not bound by the findings or recommendations of the IO; AR 15–6, paragraph 2–3a. The approval authority will notify the claimant, and any soldier subject to that officer’s jurisdiction, of the determination and the right of any party to request reconsideration (see § 536.133). A copy of the investigating officer’s findings and recommendation will be enclosed with the notice. The approval authority will then suspend action on the claim for 10 working days pending receipt of a request for reconsideration, unless the approval authority determines that this delay will result in substantial injustice. If after this period the approval authority determines that an assessment is still warranted, the approval authority will direct the appropriate DAO to withhold such amount from the soldier’s pay account (see § 536.131(a)). For any relief not subject to the approval authority’s jurisdiction, the approval authority will forward the claim to the commander who exercises SPCMCA jurisdiction over the soldier for assessment. The receiving SPCMCA is bound by the determination of the approval authority.

(i) Assessment. Subject to any limitations set forth in appropriate regulations, the servicing DAO will withhold the amount directed by the approval authority and pay it to the claimant. The assessment is not subject to appeal and is binding on any finance officer. If the servicing DAO cannot withhold the required amount because it does not have custody of the soldier’s pay record, the record is missing, or the soldier is in a no pay due status, that office will promptly notify the approval authority of this fact in writing.

(j) Remission of indebtedness. 10 U.S.C. 4837, which authorizes the remission and cancellation of indebtedness of an enlisted person to the United States or its instrumentalities, is not applicable and may not be used to remit and cancel indebtedness determined as a result of action under Article 139, UCMJ.

§ 536.133 Reconsideration of UCMJ claims.

(a) General. Although Article 139, UCMJ, does not provide for a right of appeal, either the claimant or a soldier whose pay is assessed may request the approval authority (SPCMCA or GCMCA, depending on the amount assessed) or successor in command to reconsider the action. Either party must submit such a request for reconsideration in writing and clearly state the factual or legal basis for the relief requested. The approval authority may
§ 536.134 Additional claims judge advocate and claims attorney responsibilities (for UCMJ claims).

In addition to the duties set forth in this subpart, the CJA or claims attorney is responsible for forwarding copies of completed Article 139 actions to USARCS, maintaining a log, monitoring the time requirements of pending Article 139 actions, and publicizing the Article 139 program to commanders, soldiers, and the community.

§ 536.135 Statutory authority for the Foreign Claims Act.

(b) Claims arising from the acts or omissions of the U.S. Armed Forces in the Marshall Islands or the Federated States of Micronesia are settled in accordance with Art. XV, Non-contractual Claims, of the U.S.-Marshall Islands and Micronesian Status of Forces Agreement (the “SOFA”) (posted on the USARCS Web site; for the address see § 536.2(a)). This is pursuant to the “agreed upon minutes” that are appended to the SOFA, pursuant to Section 323 of the Compact of Free Association between the U.S. and the Marshall Islands and the Federated States of Micronesia, enacted by Public Law 99–239, January 14, 1986. (The Compact may be viewed at http://www.fm/jcn/compact/reindex.html). The “agreed upon minutes” state that “all claims within the scope of paragraph 1 of Article XV [Claims], of the Compact] * * * shall be processed and settled exclusively pursuant to the Foreign Claims Act, 10 U.S.C. 2734, and any regulations promulgated in implementation thereof.” Therefore, Title I, Article 178 of the Compact, regarding claims processing, is not applicable to claims arising from the acts or omissions of the U.S. armed forces, but only to other federal agencies. Those agencies are required to follow the provisions of the Federal Tort Claims Act, 28 U.S.C. 2672.

§ 536.136 Scope for claims arising under the Foreign Claims Act.

(a) Application. This subpart, which is applicable outside the United States, its commonwealths, territories and
§ 536.138 Claims not payable under the Foreign Claims Act.

A claim is not payable if it:

(a) Results wholly from the negligent or wrongful act of the claimant or agent;

(b) Is purely contractual in nature;

(c) Arises from private or domestic obligations as distinguished from government transactions;

(d) Is based solely on compassionate grounds;

(e) Is a bastardy claim for child support expenses;

(f) Is for any item whose acquisition, possession, or transportation is in violation of Department of the Army (DA) or Department of Defense (DOD) directives, such as illegal war trophies.

(g) Is for rent, damage, or other payments involving the acquisition, use, possession, or disposition of real property or interests therein by and for the DA. See §536.34(m) of this part and paragraph 2–15m of DA Pam 27–162.

(h) Is not in the best interest of the United States, is contrary to public policy, or otherwise contrary to the basic intent of the governing statute (10 U.S.C. §2734); for example, claims for property loss or damage, or personal injury or death caused by inhabitants of unfriendly foreign countries or by individuals considered to be unfriendly to the United States.
§ 536.139 Applicable law for claims under the Foreign Claims Act.

(a) Venue of incident and domicile of claimant. In determining an appropriate award, apply the law and custom of the country in which the incident occurred to determine which elements of damages are payable and which individuals are entitled to compensation. However, where the claimant is an inhabitant of another foreign country and only temporarily within the country in which the incident occurred, the quantum of certain elements of damages, such as lost wages and future medical care, may be calculated based on the law and economic conditions in the country of the claimant’s permanent residence.

Venue of incident and domicile of claimant. In determining an appropriate award, apply the law and custom of the country in which the incident occurred to determine which elements of damages are payable and which individuals are entitled to compensation. However, where the claimant is an inhabitant of another foreign country and only temporarily within the country in which the incident occurred, the quantum of certain elements of damages, such as lost wages and future medical care, may be calculated based on the law and economic conditions in the country of the claimant’s permanent residence. Where the decedent is the subject of a wrongful death case, the quantum will be determined based on the country of the decedent’s permanent residence regardless of the fact that his survivors live in the U.S. or a different foreign country than the decedent. See §536.77 for further damages guidance.

(b) Other guidance. The guidance set forth in §§536.77(b) through (d) as to allowable elements of damages is generally applicable. Where moral damages, as defined in DA Pam 27–162, paragraph 2–53c(4), are permitted, such damages are payable. In some countries it is customary to get a professional appraisal to substantiate certain claims and pass this cost on to the tortfeasor. The Commander USARCS or the chief of a command claims service may, as an exception to policy, permit the reimbursement of such costs in appropriate cases. Where feasible, claimants should be discouraged from incurring such costs.

(c) Deductions for insurance. (1) Insurance coverage recovered or recoverable will be deducted from any award. In that regard, every effort will be made to monitor the insurance aspect of the case and encourage direct settlement between the claimant and the insurer of the tortfeasor.

(2) When efforts under paragraph (c)(1) of this section are of no avail, or when it otherwise is determined that an insurance settlement will not be reasonably available for application to the award, no award will be made until the chief of the command claims service or the Commander USARCS, has first granted consent. In such cases, an assignment of the insured’s rights against the insurer will be obtained and, in appropriate cases, reimbursement action will be instituted against the insurer under applicable procedures.
(3) If an insurance settlement is not available due to the insurer’s insolvency or bankruptcy, a report on the bankruptcy will be forwarded to the Commander USARCS without delay, setting forth all pertinent information, including the alleged reasons for the bankruptcy and the facts concerning the licensing of the insurer.

(d) *Deductions for amounts paid by tortfeasor.* Settlement authorities will deduct from the damages any direct payments by a member or civilian employee of the U.S. armed forces for damages (other than solatia).

§ 536.140 Appointment and functions of Foreign Claims Commissions.

(a) Claims cognizable under this subpart will be referred to the command responsible for claims arising within its geographic area of responsibility, including claims transferred by agreement between the services involved. The senior judge advocate of a command having a command claims service, or his delegate, will appoint a sufficient number of Foreign Claims Commissions (FCCs) to dispose of the claims. If there is no command claims service, the responsible commander may ask the Commander USARCS for permission to establish one. Otherwise, the Commander USARCS will appoint a sufficient number of FCCs from personnel furnished by the command involved. See §576.3(d) for more information about command claims services.

(b) The Commander USARCS will appoint all other FCCs to act on all other claims, regardless of where such claims arose, unless they arose in a country for which single-service responsibility has been assigned to another service. FCCs appointed by the Commander USARCS at units based in the continental United States (CONUS) may act on any claim arising out of such unit’s operations. Any FCC operating in, or adjudicating claims arising out of, a geographical area within a command claims service’s jurisdiction, will comply with that service’s legal and procedural rules.

(c) An FCC may operate as an integral part of a command claims service, which will determine the cases to be assigned to it, furnish necessary administrative services, and establish and maintain its records. Where an FCC does not operate as part of a command claims service, it may operate as part of the office or a division, corps or higher command staff judge advocate (SJA), which will perform the foregoing functions.

(d) An appointing authority who appoints or relieves an FCC whom he or she has appointed will forward one copy of each order addressing an FCC’s appointment, relief, or change of responsibility to the Commander USARCS. Upon receipt of an initial appointing order, the Commander USARCS will assign an office code number to the FCC. Without such a number the FCC has no authority to approve or pay claims. See AR 27–20, paragraph 13–1.

(e) Normally, the FCC is responsible for the investigation of all claims referred to it, using both the procedures set forth in subpart B of this part and any local procedures established by the appointing authority or command claims service responsible for the geographical area in which the claim arose. Chiefs of a command claims service may request assistance on claims investigation within their geographical areas from units or organizations other than the FCC. The Commander USARCS may make the same request for any claim referred to an FCC appointed under his or her authority.

(f) When an FCC intends to deny a claim, or offer an award less than the amount claimed, it will notify in writing the claimant, the claimant’s authorized agent, or legal representative of the intended action on the claim and the legal and factual bases for that action. If the FCC proposes a partial award, a settlement agreement should be enclosed with the notice. Claimants will be advised that they may either accept the FCC action by returning the signed settlement agreement or, if dissatisfied with the FCC’s action, they may submit a request for reconsideration stating the factual or legal reasons why they believe the FCC’s proposed action is incorrect. This notice serves to give the claimant an opportunity to request reconsideration of the FCC action and state the reasons for the request before final action is
taken on the claim. When the FCC intends to award the amount claimed, or recommend an award equal to the amount claimed to a higher authority, this procedure is not necessary. However, a settlement agreement is required for all awards, full or partial. See § 536.63(a).

(1) This notice should be given at least 30 days before the FCC takes final action, except on small claims processed pursuant to § 536.33. The notice should be mailed via certified or registered mail to the claimant. The claimant should be informed that any request for reconsideration should be addressed to the FCC that took final action, and that all materials the claimant wishes the FCC to consider should be included with the request for reconsideration.

(2) An FCC may alter its initial decision based on the claimant’s response or proceed with the intended action. If the claimant’s response raises a general policy issue, the FCC may request an advisory opinion from the Commander USARCS or the chief of the command claims service while retaining the claim for final action at its level.

(3) Upon completing of its evaluation of the claimant’s response, the FCC will notify the claimant of its final decision and advise the claimant that its action is final and conclusive as a matter of law (10 U.S.C. 2735), unless the final decision is a recommendation for payment above its authority. In that case, the FCC will forward any response submitted by the claimant along with its claims memorandum of opinion to the approval authority, and will notify the claimant accordingly.

(4) When an FCC determines that a claim is valued at more than $50,000 or all claims arising out of a single incident are valued at more than $100,000, the file will be transferred to the Commander USARCS for further action; see § 536.149(d)(2). Upon request of the Commander USARCS, the FCC may negotiate a settlement, the amount of which exceeds the FCC’s authority; however, prior approval by a higher authority is required.

(5) Every reasonable effort should be made to negotiate a mutually agreeable settlement on meritorious claims. When an agreement can be reached, the notice and response provisions above are not necessary. If the FCC recommends an award in excess of its monetary authority, the settlement agreement should indicate that its recommendation is contingent upon approval by higher authority.

(g) The chief of an overseas command claims service may delegate to a one-member FCC the responsibility for the receipt, processing, and investigation of any claim, regardless of amount, except those required to be referred to a receiving State office for adjudication under the provisions of a treaty concerning the status of U.S. forces in the country in which the claim arose. If, after investigation, it appears that action by a three-member FCC is appropriate, the one-member FCC should send the claim to the appropriate three-member FCC with a complete investigation report, including a discussion of the applicable local law and a recommendation for disposition.

§ 536.141 Composition of Foreign Claims Commissions.

(a) Normally, an FCC will be composed of either one or three members. Alternate members of three-member FCCs may be appointed when circumstances require, and may be substituted for regular members on specific cases by order of the appointing authority. The appointing orders will clearly designate the president of a three-member FCC. Two members of a three-member FCC will constitute a quorum, and the FCC’s decision will be determined by majority vote.

(b) Upon approval by the Commander USARCS and the appropriate authority of another uniformed service, the membership may be composed of one or more members of another uniformed service. If another service has single-service responsibility over the foreign country in which the claim arose, that service is responsible for the claim. If requested, the Commander USARCS may furnish a JAG officer or claims attorney to be a member of another service’s FCC.
§ 536.142 Qualification of members of Foreign Claims Commissions.

Normally, a member of an FCC will be either a commissioned officer or a claims attorney. At least two members of a three-member FCC must be JAs or claims attorneys. In exigent circumstances, a qualified non-lawyer employee of the armed forces may be appointed to an FCC, subject to prior approval by the Commander USARCS. Such approval may be granted only upon a showing of the employee’s status and qualifications and adequate justification for such appointment (for example, lack of legally qualified personnel). The FCC will be limited to employees who are citizens of the United States. An officer, claims attorney, or employee of another armed force will be appointed a member of an Army FCC only if approved by the Commander USARCS.

§ 536.143 Settlement authority of Foreign Claims Commissions.

(a) In order to determine whether the claim will be considered by a one-member or three-member FCC, the claimed amount will be converted to the U.S. dollar equivalent (based on the annual Foreign Currency Fluctuation Account exchange rate, where applicable). However, the FCC’s jurisdiction to approve is determined by the conversion rate on the date of final action. Accordingly, if the value of the U.S. dollar has decreased, the FCC will forward the recommendation to a higher authority, if necessary.

(b) Payment will be made in the currency of the country in which the incident occurred or in which the claimant resided at the time of the incident, unless the claimant requests payment in U.S. dollars or another currency and such request is approved by the chief of a command claims service or the Commander USARCS. However, if the claimant resides in another foreign country at the time of payment, payment in an amount equivalent to that which would have been paid under the preceding sentence may be made in the currency of that third country without the approval of the Commander USARCS.

(c) A one-member FCC may consider and pay claims presented in any amount provided a mutually agreed settlement may be reached in an amount not exceeding the FCC’s monetary authority. A one-member FCC may deny any claim when the claimed amount does not exceed its monetary authority. Unless otherwise restricted by the appointing authority, a one-member FCC who is a JA or claims attorney has $15,000 monetary authority, while any other one-member commission has $5,000 monetary authority.

(d) A three-member FCC, unless otherwise restricted by the appointing authority, may take the following actions on a claim that is properly before it:

1. Disapprove a claim presented in any amount. After following the procedures in §536.140, including reconsideration, the disapproval is final and conclusive under 10 U.S.C. 2735. The FCC will inform the appointing authority of its action. After it takes final action and disapproves a claim presented in any amount over $50,000, the FCC will forward to the appointing authority the written notice to the claimant required by §536.140(f), any response from the claimant, and its notice of final action on the claim.

2. Approve and pay meritorious claims presented in any amount. (i) Claims paid in full or in part for an amount not exceeding $50,000 will be paid after any reconsideration as set forth in §536.140. This action is final and conclusive under 10 U.S.C. 2735.

(ii) Claims valued at an amount exceeding $50,000, or multiple claims arising from the same incident valued at more than $100,000, will be forwarded through the appointing authority with a memorandum of opinion to the Commander USARCS for action; see DA Pam 27–162, paragraph 2–60. The memorandum of opinion will discuss the amount for which the claimant will settle and include the recommendation of the FCC.

(e) The Judge Advocate General (TJAG), The Assistant Judge Advocate General (TAJAG) and the Commander USARCS, or his or her designee serving at USARCS, may approve and pay, in whole or in part, any claim as long as the amount of the award does not exceed $100,000; may disapprove any claim, regardless of either the amount
claimed or the recommendation of the FCC forwarding the claim; or, if a claim is forwarded to USARCS for approval of payment in excess of $50,000, refer the claim back to the FCC or another FCC for further action.

(f) Payments in excess of $100,000 will be approved by the Secretary of the Army, the Army General Counsel as the Secretary’s designee, or other designee of the Secretary.

(g) Following approval where required and receipt of an agreement by the claimant accepting the specific sum awarded by the FCC, the claim will be processed for payment in the appropriate currency. The first $100,000 of any award will be paid from Army claims funds. The excess will be reported to the Financial Management Service, Department of the Treasury, with the documents listed in DA Pam 27–162, paragraph 2–81.

(h) If the settlement authority upholds a final offer or authorizes an award on appeal from a denial of a claim, the notice of the settlement authority’s action will inform the claimant that he or she must accept the award within 180 days of the date of mailing of the notice of the settlement authority’s action or the award will be withdrawn, the claim will be deemed denied, and the file will be closed without future recourse.

§ 536.144 Reopening a claim after final action by a Foreign Claims Commission.

(a) Original approval or settlement authority (including TJAG, TJAG, Secretary of the Army, or the Secretary’s designees). (1) An original settlement authority may reconsider the denial of, or final offer on, a claim brought under the FCA upon request of the claimant or the claimant’s legal representative, will reopen action on that claim and, if the belief is substantiated, correct the action. The basis for correcting an action will be stated in a memorandum and included in the file.

(b) A successor approval or settlement authority (including TJAG, TJAG, Secretary of the Army, or the Secretary’s designees)—(1) Reconsideration. A successor approval or settlement authority may reconsider the denial of, or final offer on, an FCA claim upon request of the claimant or the claimant’s legal representative only on the basis of fraud, substantial new evidence, errors in calculation, or mistake (misinterpretation) of law.

(2) Settlement correction. A successor approval or settlement authority may reopen and correct a predecessor’s action on a claim that was previously settled in whole or in part for the same reasons that an original authority may do so.

(c) Time requirement for filing request for reconsideration. Requests postmarked more than five years from the date of mailing of final notice will be denied based on the doctrine of laches.

(d) Finality of action. Action by the appropriate authority (either affirming the prior action or granting full or partial relief) is final under the provisions of 10 U.S.C. 2735. Action upon request for reconsideration constitutes final
§ 536.145 Solatia payment.

Payment of solatia in accordance with local custom as an expression of sympathy toward a victim or his or her family is common in some overseas commands. Solatia payments are known to be a custom in the Federated States of Micronesia, Japan, Korea, and Thailand. In other countries, the FCC should consult the command claims service or Commander USARCS for guidance. Such payments are not to be made from the claims expenditure allowance. These payments are made from local operation and maintenance funds. This applies even where a command claims service is directed to administer the command’s solatia program. See, for example, United States Forces Korea Regulation 526–11 regarding solatia amounts and procedures.

Subpart K—Nonappropriated Fund Claims

§ 536.146 Claims against non-appropriated fund employees—generally.

This subpart sets forth the procedures to follow in the settlement and payment of claims generated by the acts or omissions of the employees of nonappropriated fund (NAF) activities. NAF activities include NAF or Army and Air Force Exchange Service (AAFES) facilities, post exchanges, bowling centers, officers and noncommissioned officers’ clubs, and other facilities located on land or situated in a building used by an activity that employs personnel compensated from NAFs.

§ 536.147 Claims by NAFI employees for losses incident to employment.

Claims by employees for the loss of or damage to personal property incident to employment will be processed in the manner prescribed by AR 27–20, chapter 11 and will be paid from NAFs in accordance with § 536.152.

§ 536.148 Claims generated by the acts or omissions of NAFI employees.

(a) Processing. Claims arising out of acts or omissions of employees of NAFI activities will be processed and settled in the manner specified for similar claims against the United States, except that payment will be made from NAFs in accordance with AR 215–1 (Morale, Welfare, and Recreation Activities and Nonappropriated Fund Instrumentalities) and § 536.152 of this part.

(b) Procedural requirements. Procedural requirements of this part’s pertinent subparts, as stated below, will be followed except as provided in §§ 536.151 and 536.152. However, when the Nonappropriated Fund Instrumentality (NAFI) is protected by a commercial insurer (for example, flying and parachute activities), the claim will be referred to the insurer as outlined in § 536.148(d). See Department of Defense Directive (DODD) 5515.6, dated November 3, 1956, posted on the USARCS Web site (see § 536.2(a)).

(1) Claims arising within the United States, its territories, commonwealths, or possessions. Such claims will be processed in the manner prescribed by subparts C, D, E, F, H or J of this part, as appropriate.

(2) Claims arising outside the United States, its territories, commonwealths, or possessions. Such claims will be processed in accordance with the provisions of applicable Status of Forces Agreements (SOFAs) or in the manner prescribed by subparts C, D, E, F, H or J of this part, as appropriate.

(c) Reporting and investigation. Such claims will be investigated in accordance with AR 215–1 and subpart B of this part.

(1) Reporting. Personal injury, death, or property damage resulting from vehicular collisions, falls, falling objects, assaults, or accidents of similar nature will be reported immediately to the person in charge of the NAFI or activity at which it occurred. The report should be made by the employee who initially received notice of the incident, even if the individual involved denies sustaining personal injury or property damage. Upon receipt of the report of the incident, the person in charge of the NAF activity concerned
§ 536.149 Identification of persons whose actions may generate liability.

Claims resulting from the acts or omissions of members of the classes of persons listed below may be processed under this section. An ACO or a CPO authority will ask the Commander USARCS, for an advisory opinion prior to settling any claim where the person whose conduct generated the claim does not clearly fall within one of the following categories:

(a) Civilian employees of NAFI activities whose salaries are paid from NAFPs.
(b) Active duty military personnel while performing off-duty part-time work for which they are compensated from NAFPs, not to include members who are acting in their capacity as an officer or other official of the NAFI.
(c) Volunteers serving in an official capacity in furtherance of the business of the United States, limited to those categories set forth in DA Pam 27–162, paragraph 2–45d.

§ 536.150 Claims payable from appropriated funds.

Claims payable from appropriated funds will be processed under the appropriate subpart. Appropriated fund payable claims include those resulting from:

(a) Acts or omissions of military personnel while performing assigned military duties in connection with NAFI activities.
(b) Acts or omissions of civilian employees paid from appropriated funds in connection with NAFI activities.
(c) Negligent maintenance of an appropriated funds facility used by a NAFI activity but for which the Department of Defense or Department of the Army (DA) command concerned is responsible and has been notified of the deficiency by the NAF. Where liability
is determined to exist for both a NAFI and an appropriated fund activity, liability will be apportioned between the two activities.

(d) Temporary use of a NAFI facility by an appropriated fund activity.

(e) Operation of government owned or rented vehicles on authorized missions for NAFI activities where the driver is a DA soldier or civilian employee and is paid from APFs.

§ 536.151 Settlement authority for claims generated by acts or omissions of NAFI employees.

(a) Settlement. Claims cognizable under this section and processed under subparts C, D, E, G, H or J of this part will be settled by claims authorities authorized to settle claims under those subparts subject to the same monetary and denial authority limitations, except that The Judge Advocate General (TJAG), The Assistant Judge Advocate General (TAJAG), and the Commander USARCS may settle such claims without regard to monetary limitations. However, the approval of the Attorney General or Assistant General Counsel may be required for an apportioned amount to be paid from APFs when subpart D of this part procedures are used and the amount to be paid from APFs exceeds $200,000. Similarly, approval of TAJAG, the Attorney General or the Assistant General Counsel is required when using procedures under subparts C, F, H, or J of this part and an apportioned amount to be paid from APFs exceeds the limits set for the Commander, USARCS.

(b) Finality of settlement. A determination made by a claims settlement authority on a claim processed under subpart D of this part procedures is subject to suit. A claim processed under subparts C or F of this part may be appealed. Claims processed under subparts C, D, E, H, or J of this part, or AR 27–20, chapter 11 may be reconsidered in accordance with the sections addressing reconsideration in those subparts (or paragraphs in the case of Chapter 11).

§ 536.152 Payment of claims generated by acts or omissions of NAFI employees.

(a) The settlement or approval authority will forward the appropriate payment documents to the office listed in DA Pam 27–162, paragraph 2–80h, for payment.

(b) Reimbursement to a foreign country of the United States' pro rata share of a claim paid pursuant to an international agreement will be made from NAFPs.

§ 536.153 Claims involving tortfeasors other than nonappropriated fund employees: NAFI contractors.

AAFES concessionaires and NAFI contractors, such as entertainment performers or groups, carnival operators, and fireworks displayers are considered independent contractors and claims arising from their activities should be disposed of as set forth in DA Pam 27–162, paragraph 2–15f. If a dispute arises as to the availability of liability or workers compensation insurance the claims should be referred to AAFES Dallas (see address in §536.30(e)(4)) or the Central Insurance Fund, U.S. Army Community and Family Support Agency as applicable.

§ 536.154 Claims involving tortfeasors other than nonappropriated fund employees: NAFI risk management program (RIMP) claims.

The risk management program (RIMP) is administered by the U.S. Army Community and Family Support Center under the provisions of AR 215–1 and AR 608–10 (Family Child Care Provider Claims). Providers in order to encourage authorized personnel, that is, military and civilian employees, to use the family child care program and sports equipment, such claims are processed in a manner similar to NAFI claims in §§ 536.146 through 536.152 of this subpart. Certain claims are payable from nonappropriated funds even though the U.S. is not liable under the FTCA or the MCA as the tortfeasor is not an appropriated fund or non-appropriated fund employee.

§ 536.155 Claims payable involving tortfeasors other than non-appropriated fund employees.

(a) Non-NAFI RIMP claims can arise from the activities of:

(1) Members of NAFIs or authorized users of NAFI sports equipment or devices for recreational purposes, while
using such property, except real property, in the manner and for the purposes authorized by DA regulations and the charter, constitution, and bylaws of the particular NAF activity.

(2) Family child care providers, authorized members of the provider’s household and approved substitute providers while care under the family child care program is being provided in the manner prescribed in AR 608–10, except as excluded below. Such claims are generally limited to injuries to, or death of, children receiving care under the family child care program that are caused by the negligence of authorized providers. Claims arising from the transportation of such children in motor vehicles and claims involving loss of or damage to property are not cognizable.

(b) An ACO or a CPO will ask the Commander USARCS for an advisory opinion prior to settling any non-NAFI RIMP claim where the person whose conduct generated liability does not fall clearly within the categories listed above. Such authorities may also ask, through the Commander USARCS, for an advisory opinion from the U.S. Army Community and Family Support Center prior to settling any claim arising under paragraph (a)(2) of this section, except that in claims involving family child care providers, a claims investigation will be conducted regardless of whether commercial insurance exists.

§ 536.157 Settlement/approval authority for claims involving tortfeasors other than nonappropriated fund employees.

(a) Settlement authority. TJAG, TAJAG, and the Commander USARCS are authorized to approve in full or in part, or deny a non-NAFI RIMP claim, regardless of the amount claimed, except where an apportioned amount to be paid from APFs exceeds their monetary authority and the action of the Attorney General or Assistant General Counsel is required as set forth in §536.151(a).

(b) Approval authority. (1) The staff judge advocate, Commander or chief of a command claims service, and a head of an area claims office are authorized to approve in full or in part non-NAFI RIMP claims presented in the amount of $50,000 or less, provided the acceptance is in full settlement and all claims and potential claims arising out of a single incident do not exceed $100,000.

(2) The above authorities are not delegated authority to deny or make a final offer on a claim under this section. Claims requiring such action will be forwarded to the Commander USARCS with an appropriate recommendation.
(c) **Finality of settlement.** A denial or final offer on a non-NAFI RIMP claim is final and conclusive and is not subject to reconsideration or appeal.

§ 537.2 Scope of non-maritime affirmative claims statutes.

(a) *Recovery for government property loss or damage.* The FCCA, originally passed in 1966, gives federal agencies the authority to collect a claim of the United States government for money or property arising out of the activities of the agency in question. However, the broad authority is limited for purposes of this regulation to claims for loss of or damage to property, as the FMCRA takes precedence for medical care recoveries.

(b) *Recovery for medical expenses and lost military pay.* (1) The FMCRA, passed in 1962, authorizes recovery from a third person of the expenses for medical care the United States furnishes to a person who is injured or suffers a disease when such care is authorized or required by law. Likewise the United States is authorized to recover the cost of pay for members of the uniformed services unable to perform duties. Recovery normally arises out of a third-party tort under local law as to which the United States has an independent cause of action.

(2) Under 10 U.S.C. 1095 the United States is also deemed a third-party beneficiary or subrogee under an alternative system of computations such as workers’ compensation; hospital lien laws; contract rights under the terms of insurance policies including medical payment coverage; uninsured, underinsured and no-fault coverage; and no-fault laws.

(c) *Recovery of health insurance.* 10 U.S.C. 1095 permits recovery of health insurance for medical care furnished at military medical treatment facilities (MTFs), including supplemental policies. This third-party collection program has been delegated to the Surgeon General of the Army by the Judge Advocate General (TJAG).

(d) *Worldwide applicability.* The foregoing authorities are worldwide in application, except for intergovernmental
§ 537.3 Claims collectible.
(a) Claims for medical expenses. Claims for the value of medical care furnished to active or retired members of the uniformed services, family members of either category, employees of the Department of the Army (DA) or Department of Defense (DOD), or other persons to whom care was furnished because authorized or required by law and resulting in injury, death or disease, including those:
(1) Arising out of a tort under local law,
(2) Arising out of an on-the-job injury compensable under workers’ compensation law except for Federal Employees Compensation Act (FECA) recoveries,
(3) Based on the United States being a third-party beneficiary of the insurance contract of the injured party to include medical payment coverage, lost wages, as well as uninsured, underinsured, and no-fault coverage.
(b) Claims for lost military pay. Claims for the value of lost pay of active members of the uniformed services arising out of a tort under local law resulting in injury, death or disease.
(c) Claims for property loss. Claims arising out of a tort under local law for the value of lost or missing DA or DOD property, including non-appropriated fund instrumentality (NAFI) property, or for the cost of repairs of such property, including damage to assigned quarters, are not collectable under 10 U.S.C. 2775. (See §537.4).

§ 537.4 Claims not collectible.
(a) Where the tortfeasor is a department, agency or instrumentality of the United States. (See §536.27(g) of this chapter).
(b) Where the tortfeasor is a member of the uniformed services or an employee of the DA or DOD, acting within the scope of employment, who damages or loses property. See AR 735–5, chapter 13.
(c) Where the damage or loss of property falls under a contractor bill of lading and recovery is pursued by the contracting agency, e.g., Surface Deployment and Distribution Command (SDDC), formerly the Military Traffic Management Command (MTMC), for lost or destroyed shipments.
(d) Where damage to assigned quarters, or equipment or furnishings therein, is collectible from a member of the uniformed services under 10 U.S.C. 2775.
(e) Where the medical care is furnished by a Department of Veterans Affairs facility to other than active duty members of the uniformed services for service-connected disabilities.

§ 537.5 Applicable law.
(a) Basis for recovery. (1) Most recovery assertions are based on the negligence or wrongful acts or omissions of the person or entity that caused the loss. These actions or omissions must constitute a tort as determined by the law of place of occurrence, except in no-fault jurisdictions where the no-fault law permits recovery. Where the tort is not complete within the jurisdiction where it originally occurred, the law of the original jurisdiction is nevertheless applicable. For example, if a plane crashes in Virginia due to the negligence of a Federal Aviation Administration controller in Maryland, Maryland law determines the extent and nature of the tort. However, as to what law of damages is applicable, Maryland or Virginia depace (choice of law) theory may apply. For example, if the flight originated in Indiana and the destination was Virginia, the conflict law of both Maryland and Virginia must be applied. See DA Pam 27–162, paragraph 2–35.
(b) Statute of limitations. (1) Federal law determines when a recovery assertion must be made. Assertions for the
§ 537.6 Identification of recovery incidents.

(a) Responsibilities. Each command claims service and ACO will develop means to identify recovery incidents arising in its geographic area of responsibility. See §§536.10 and 536.11 of this chapter and paragraph 2-2 of DA Pam 27–162. This requires publication of a claims directive to all DOD and Army installations, units and activities in its area, emphasizing the importance of reporting serious incidents to recovery judge advocates (RJAs) or civilian recovery attorneys.

(b) Screening procedures. (1) Establish a point of contact in each unit and activity in the area of responsibility and screen their sources periodically, including motor pools, family housing, departments of public works, safety offices, provost marshals, and criminal investigation divisions. Review civilian news and police reports, military police blotters and reports, court proceedings, line of duty and AR 15–6 investigations and similar sources to identify potential medical care recovery claims.

(2) The MTF commander will ensure that the claims office is notified of instances in which the MTF provides, or is billed by a civilian facility for, inpatient or outpatient care resulting from injuries (such as broken bones or burns arising from automobile accidents, gas explosions, falls, civilian malpractice, and similar incidents) that do not involve collections from a health benefits or Medicare supplemental insurer. Claims personnel will coordinate with MTF personnel to ensure that inpatient and outpatient records and emergency room and clinic logs are properly screened to identify potential cases. The RJA or recovery attorney will screen the MTF comptroller records database and division records as well as ambulance logs to identify potential medical care recovery cases. The RJA or recovery attorney will also coordinate with Navy and Air Force claims
§ 537.7 Notice to USARCS.

Upon receipt of notice of a claim involving either actual or potential amounts within USARCS' monetary jurisdiction, that is, where final action will be taken by USARCS or the Department of Justice, immediate notice will be given to USARCS. Forwarding a copy of the serious incident report, discussed in § 536.22(c) of this chapter, to USARCS, will meet this requirement. Thereafter, mirror file copies will be furnished to USARCS in accordance with AR 27–20, paragraph 2–12. This allows for continuous monitoring and discussion between the ACO and the USARCS area action officer (AAO).

§ 537.8 Investigation.

(a) Claims over $50,000. Hands-on investigation will be conducted by claims personnel as set forth in DA Pam 27–162, Chapter 2, Section IV, regardless of the amount of insurance coverage immediately available, with a view to discovery of other sources of recovery, for example, vehicle defects or improper maintenance, road design and absence of warning signs, products liability, medical malpractice in civilian treatment facilities. Where the employment

offices and MTFs to ensure they identify potential claims involving treatment provided to Army personnel.

(3) The MTF commander will also ensure that the MTF does not release billings or medical records, or respond to requests for assistance with workers' compensation forms, without coordinating with the RJA or recovery attorney.

(4) The TRICARE fiscal intermediary is required to identify and mail certain information promptly to the claims office designated as the state point of contact. The fiscal intermediary must mail the TRICARE Explanation of Benefits, showing the amount TRICARE paid on the claim along with what diagnostic codes were used, and DD Form 2527, Statement of Personal Injury. A sample Statement of Personal Injury (DD Form 2527) is posted on the USARCS Web site; for the address see the Note to § 537.1.

(5) The RJA or recovery attorney will also coordinate with Navy and Air Force claims offices and MTFs to ensure they identify potential claims involving treatment provided to Army personnel, AR 40–400, paragraph 13–5.

(c) When to open a recovery file. (1) Upon identification of a potential recovery incident or upon receipt of a billing from a TRICARE Fiscal Intermediary or an MTF, a file will be opened and entered into the ACMP by the first ACO or CPO that learns of the event even if liability has not been established. Incidents under Navy, Air Force or Coast Guard jurisdiction will not be so entered but referred to the responsible service. Complete listings of claims/recovery offices worldwide are posted on the USARCS Web site; for the address see the Note to § 537.1. At the site, select the link “Claims Resources.” At the next screen, click on “Tables Listing Claims Offices Worldwide.”.

(2) Army responsibility for affirmative claims is as follows:

(i) Damage to or loss of real or personal property of the DOD or the Army even if located at installations or activities under the jurisdiction of other uniformed services.

(ii) Personal injury to persons whose primary care for an accident-related injury is furnished at an Army MTF, regardless of the uniformed services affiliation of the person or sponsor, but not to those treated at another uniformed service’s MTF even if the person is an active duty Army member.

(iii) Personal injury to an active duty or retired Army member or a family member of either category treated under TRICARE.

(iv) A lead agency will be established whenever:

(A) Property damaged or lost belonging to more than one service is involved in the same incident.

(B) Personal injury victims are treated at MTFs of more than one service.

(C) Personal injury victims with affiliations to more than one service are treated under TRICARE.

(D) Lead agencies may be established locally for claims valued at $50,000 or less. For claims greater than $50,000 USARCS will be notified and will deal with the other service at headquarters level. (See § 536.32 of this chapter.)
of experts is indicated follow the procedures in §536.39 of this chapter. No attorney representation agreement will be sent to the injured party’s representative without USARCS approval.

(b) Claims of $50,000 or less. The amount of hands-on investigative effort is directly related to the amount of insurance coverage that the tortfeasor possesses and the amount of coverage that the injured party has. Where the injured party is represented, request information from his lawyer or insurer, in addition to the documents obtained in initial screening. The ACO should be able to form an independent opinion as to liability based on the investigation of the government and not solely on that of the injured party’s attorney.

(c) Claims of $5,000 or less. Small claims procedures are applicable to the extent feasible. See §536.33 of this chapter. Investigation, assertion and settlement by e-mail, phone or fax is encouraged. The investigation and action should be recorded. DA Form 1668, Small Claims Certificate, may be used as a model, modifying it as needed. A sample completed Small Claims Certificate is posted at USARCS Web site for the address see the Note to §537.1.

(d) Relations with injured party. (1) When the injured party becomes known and an interview can be conducted locally, all relevant facts will be obtained unless the injured party is represented by a lawyer. In this latter event, basic information as set forth on DD Form 2527, Statement of Personal Injury (a completed sample is posted at the USARCS Web site; for the address see the Note to §537.1) can be obtained without violating lawyer-client privilege. If the injured party is not immediately available, the information can be obtained by requesting assistance from another ACO, a unit claims officer, a reservist or Army National Guard (ANG) member, another federal agency, or another means.

(2) When the injured party is represented, a Health Insurance Portability and Accountability Act (HIPAA) medical release form (sample posted at the USARCS Web site; see §537 (b)(4)) permitting USARCS to send the medical records of the injured party for claims purposes, will be sent to the injured party’s lawyer for completion and return.

(3) When the injured party or his or her lawyer refuses to furnish necessary information, it can usually be obtained by other means, for example, from an accident report or investigation. A notice will be furnished to all parties that the government has been assigned the right to bring a claim for the value of medical care furnished, lost pay or value of property lost or destroyed, and that the United States has the right to bring an independent cause of action. In absence of timely and appropriate response, discuss with the AAO to determine what action should be taken.

§537.9 Assertion.

(a) Asserting demands. If a prima facie claim exists under state law, a written demand will be made against all the tortfeasors and insurers. This includes demands against the injured party’s own insurance coverage, no-fault coverage and workers’ compensation carrier. The earlier the demand the better. A demand will not be delayed until the exact amount of medical expenses or lost pay is determined. The demand letter will state that the amount will be furnished when known. A copy of the demand will be furnished to the injured party or, if represented, his lawyer. Two sample demand (or assertion) letters are posted at the USARCS Web site (for the address see the Note to §537.1). Demand letters are for initial contact with insurance companies. One of the posted samples is for a medical assertion for a soldier (that includes wages). The other is for a medical assertion for a civilian (that does not include wages). Remember the following points when asserting demands:

(1) The fact that the medical expenses have been assigned to the United States and as a result the United States has a cause of action in federal or state court. All parties will be notified that if the insurer pays the amount to another party, the United States has the right to collect from the insurer.

(2) Demands for third-party torts are under the authority of the FMCRA; demands where there is no tortfeasor are under the authority of 10 U.S.C. 1095;
§ 537.10 Recovery procedures.

(a) Recovery personnel have three means of enforcing recovery following initial assertion.  
(1) Referral to litigation pursuant to §537.11;  
(2) The head of an ACO should request Chief, Litigation Division, OTJAG to have the RJA appointed as a Special Assistant United States Attorney when the following criteria are met:  
   (i) Filing suit is a frequent necessity, e.g., insurance companies are refusing payment on small claims either by raising issues well settled or by regularly reducing the amount of medical care as not fair and reasonable;  
   (ii) The local U.S. Attorney’s office is in favor of such appointment due to his previous experience with the RJA and the additional burden of affirmative claims litigation on his staff;  
   (iii) The RJA has at least two years experience and is likely to continue in the RJA assignment for at least one year; and  
   (iv) Commander USARCS concurs in the appointment and is willing to furnish support;
(3) The RJA may request that the attorney representing the injured party include the amount asserted by the United States as part of special damages. The injured party’s attorney may not represent the United States nor may the United States pay attorney fees as this would be in violation of 5 U.S.C. 3106. Where indicated, this arrangement should be reduced to writing. Be mindful that the attorney’s duty to the injured party is in conflict with the interests of the United States where the amount potentially recoverable is small in comparison to the amount asserted by the United States. In this event the RJA should pursue recovery independently.

(b) Careful monitoring of all assertions is required to insure timely follow-up resulting in collection or suit when indicated. Installation of a suspense system to avoid the expiration of the statute of limitations is essential. Recommendations to file suit should be forwarded by the RJA well prior to the expiration of the statute of limitations. Within six months prior to the running of the statute of limitations, USARCS must be notified of the status of the claim or potential claim. Follow-up demands should precede filing suit to create a written record of efforts to avoid suit. Personal contact with all parties is encouraged. When represented, contact the representative.

(c) Sources other than vehicle liability coverage should be exhausted in cases where the amount of the potential recovery exceeds $50,000 and the coverage is small. Coordination with USARCS is required. USARCS can obtain expert witnesses for medical malpractice cases, product liability cases, or other cases in which another tortfeasor may be involved.

§ 537.12 Settlement authority.

(a) Assertions for $50,000 or less—(1) Approval authority. An RJA or civilian recovery attorney, if delegated authority by his or her ACO or CPO, may compromise a collection on a claim asserted for $50,000 or less, unless recovery action is reserved by a command claims service.

(2) Final action authority. (i) An ACO, or CPO if delegated authority by its ACO, may terminate collection action on a claim asserted for $50,000 or less, unless recovery action is reserved by a command claims service.

(ii) The foregoing authorities may waive a claim asserted for $50,000 or less where undue hardship exists.

(3) Determination of amount. The amount of $50,000 is determined totaling the amounts for medical care, lost military wages, lost earnings or government property damage arising from the same claims incident.

(b) Assertions over $50,000. USARCS retains final authority over assertions over $50,000. By use of the mirror file
system and through a dialogue between USARCS and the field during the
course of the assertion, USARCS will
decide whether it or the RJA or civil-
ian recovery attorney will conduct the
negotiations. To help it decide, the
RJA or civilian recovery attorney will
forward a memorandum for either med-
ical or property recovery approval, in
the format of the samples posted at the
USARCS Web site (for the address see
the Note to § 537.1). USARCS may
waive the requirement to submit a
memorandum.

(c) Appeals—(1) Assertion for $50,000 or
less. Where the assertion is made by an
RJA or civilian recovery attorney, the
appeal will be determined by the SJA,
the medical center judge advocate, or
head of the ACO or CPO. Otherwise, the
appeal will be determined by the Com-
mander USARCS.

(2) Assertion over $50,000. Where the
assertion is made by a Claims Judge
Advocate or claims attorney, the ap-
peal will be determined by the Com-
mander USARCS.

(d) Compromise or waiver. Any asser-
tion may be compromised, waived or
terminated in whole or in part, if for
example:

(1) The cost to collect does not jus-
tify the cost of enforcement.
(2) There is evidence of fraud or mis-
representation.
(3) The U.S. cannot locate the
tortfeasor.
(4) Legal merit has not been substan-
tiated.
(5) The statute of limitations has run and
the debtor refuses to pay.
(6) Collection of all or part of the
amount of funds demanded would cre-
ate inequity. The following criteria
apply:

(i) Detailed information on what
funds are available for recovery.
(ii) Reasonable value of the injured
party’s claim for permanent injury,
pain and suffering, decreased earning
power, and any other special damages.
(iii) Military, Department of Vet-
erans Affairs, Social Security dis-
ability, and any other government ben-
efits accruing to the injured party.
(iv) Probability and amount of future
medical expenses of the government
and the injured party.

(v) Present and prospective assets,
income, and obligations of the injured
party and those dependent on him or
her.
(vi) The financial condition of the
debtor.
(vii) The degree and nature of con-
tributory negligence on the part of the
injured party in causing his injury or
death.
(viii) The percentage of attorney’s
fees that his attorney is willing to re-
duce.
(ix) The willingness of the tortfeasor
to enter into an installment agree-
ment.

(e) Releases. The RJA or recovery at-
torney may execute a release for af-
firmative claims in the pre-litigation
stage acknowledging that the govern-
ment has received payment in full of
the amount asserted or the com-
promised amount agreed upon, or the
final installment payment. The format
of the release should be similar to the
sample posted at the USARCS Web site
(for the address see the Note to § 537.1).
However, the RJA or recovery attorney
may not execute either an indemnity
agreement or a release which prejud-
duces the government’s right to recover
on other claims arising out of the same
incident without the approval of
USARCS. In addition, the RJA or re-
coveray attorney may not execute a re-
lease that purports to release any
claim that the injured party may have
other than for medical care furnished
or to be furnished by the United
States. The RJA or recovery attorney
will not execute a release if the govern-
ment’s claim is waived or terminated.

§ 537.13 Enforcement of assertions.

Meritorious assertions that do not
result in collections should be enforced
as follows:

(a) Where the debtor is a business or
corporation otherwise financially capa-
bile the RJA or equivalent should for-
dward a recommendation to bring suit
or intervene in an existing suit regard-
less of the amount of the debt. As au-
thorized by 28 U.S.C. 3011, the demand
amount in the complaint shall include
an additional 10% of the original
claimed amount, to cover the adminis-
trative costs of processing and han-
dling the enforcement of the debt.
(b) Where the debtor is an individual rather than a business, an asset determination should be made both as to existing assets or prospective earnings. If the injured party’s attorney has made an assets search which is reliable, review the search before requesting a new one. Such a search can be paid for out of existing collections.

(1) If the debtor has assets refer to USARCS for transfer to a debt collection contractor or an agency debt collection center as determined by USARCS.

(2) If the debtor has no assets, but prospective future earnings, RJA may seek a confession of judgment and maintain contact with the debtor for future collection where authorized by state law and filing of suit is not required. If the amount is less then $5,000, enter into an installment payment arrangement.

§ 537.14 Depositing of collections.

(a) Depositing property damage recovery—(1) Machines, supplies, watercraft, aircraft, vehicles other than General Services Administration-owned. Recovered money must be deposited into the General Treasury Account 21R3019. This account remains the same every fiscal year. It was established in accordance with 31 U.S.C. 3302(b) and by Comptroller General decision B-205508, 64 Comp. Gen. 431.

(2) Real property. Collection for damage to real property must be deposited into an escrow account on behalf of the installation or activity at which the loss occurred. This escrow account must be set up at the request of the command claims service, ACO or CPO with the local finance office or resource management office with responsibility for department of engineering and housing or department of public works funds. The escrow account must be set up and managed by the department of engineering and housing or department of public works funds. The escrow account must be set up and managed by the department of engineering and housing or the department of public works to (1) temporarily hold deposits, and (2) to “roll over” deposits each fiscal year in order to avoid reversion of these deposits to the General Treasury at the end of each fiscal year. If the escrow account is not set up and managed in this manner it is operating in violation of 10 U.S.C. 2782.

(3) NAFI property. The Risk Management Program (RIMP) often reimburses local NAFIs for property loss or damage to facilitate return of equipment to daily use. When money is recovered from tortfeasors and their insurance carriers contact the NAFI involved for instructions on the current procedures as to where the recovered money is to be forwarded and deposited.

(4) Army Stock Fund or Defense Business Operations Fund property. Monies recovered for damage to property belonging to one of these funds will be returned to that fund unless the fund has charged the cost of repair or replacement to an appropriated fund account. The Defense Business Operations Fund replaced the Army Industrial Fund.

(5) Government housing in cases of abuse or neglect by soldiers or families. Monies recovered for damage to government housing caused by a soldier’s abuse or negligence (or by a soldier’s family member or guest of the soldier) will be deposited into that installation’s family housing operations and maintenance (O&M) account.

(6) Government housing in cases of negligence by nonresidents. Government housing caused by the negligence of a nonresident must be asserted against the nonresident directly or through his/her insurer. Settlement checks must be deposited into the real property escrow account in accordance with 10 U.S.C. 2782.

(b) Depositing recovery of pay provided to a soldier while incapacitated. Monies recovered for the costs of pay provided to a soldier injured by the tortious acts of another shall be credited to the local O&M account that supports the command, activity, or other unit to which the soldier was assigned at the time of the injury.

(c) Depositing medical care recovery—(1) To a medical treatment facility account. Continental U.S. (CONUS) and outside the continental U.S. (OCONUS) claims offices, and command claims services, will deposit money recovered from an automobile insurer for medical care provided, paid for by, in or through an MTF to the O&M account that supports the command, activity, or other unit to which the soldier was assigned at the time of the injury.

(2) Depositing recovery of pay provided to a soldier while incapacitated. Monies recovered for the costs of pay provided to a soldier injured by the tortious acts of another shall be credited to the local O&M account that supports the command, activity, or other unit to which the soldier was assigned at the time of the injury.

(3) Depositing medical care recovery—(1) To a medical treatment facility account. Continental U.S. (CONUS) and outside the continental U.S. (OCONUS) claims offices, and command claims services, will deposit money recovered from an automobile insurer for medical care provided, paid for by, in or through an MTF to the O&M account that supports the command, OCONUS, and OCONUS claims offices, and command
§ 537.15 Statutory authority for maritime claims and claims involving civil works of a maritime nature.

(a) The Army Maritime Claims Settlement Act. The sections pertinent to maritime affirmative claims are set out at 10 U.S.C. 4803–4804.

(b) The Rivers and Harbors Act. The section of the Act pertinent to affirmative claims involving civil works of a maritime nature is set out at 33 U.S.C. 408.

§ 537.16 Scope for maritime claims.

The Army Maritime Claims Settlement Act (10 U.S.C. 4803–4804) applies worldwide and includes claims that arise on high seas or within the territorial waters of a foreign country.

(a) 10 U.S.C. 4803 provides for agency settlement or compromise of claims for damage to:

(1) DA-accountable properties of a kind that are within the federal maritime jurisdiction.

(2) Property under the DA’s jurisdiction or DA property damaged by a vessel or floating object.

(b) 10 U.S.C. 4804 provides for the settlement or compromise of claims in any amount for salvage services (including contract salvage and towage) performed by the DA. Claims for salvage services are based upon labor cost, per diem rates for the use of salvage vessels and other equipment, and repair or replacement costs for materials and equipment damaged or lost during the salvage operation. The sum claimed is usually intended to compensate the United States for operational costs only, reserving, however, the government’s right to assert a claim on a salvage bonus basis in accordance with commercial practice.

(c) The United States has three years from the date a maritime claim accrues under this section to file suit against the responsible party or parties.
§ 537.17 Scope for civil works claims of maritime nature.

Under the River and Harbors Act (33 U.S.C. 408), the United States has the right to recover fines, penalties, forfeitures and other special remedies in addition to compensation for damage to civil works structures such as a lock or dam. However, claims arising under 10 U.S.C. 4804 are limited to recovery of actual damage to Corps of Engineers (COE) civil works structures.

§ 537.18 Settlement authority for maritime claims.

(a) The Secretary of the Army, the Army General Counsel as designee of the Secretary, or other designee of the Secretary may compromise an affirmative claim brought by the United States in any amount. A claim settled or compromised in a net amount exceeding $500,000 will be investigated and processed and, if approved by the Secretary of the Army or his or her designee, certified to Congress for final approval.

(b) TJAG, TAJAG, the Commander USARCS, the Chief Counsel COE, or Division or District Counsel Offices may settle or compromise and receive payment on a claim by the United States under this part if the amount to be received does not exceed $100,000. These authorities may also terminate collection of claims for the convenience of the government in accordance with the standards specified by the DOJ.

(c) An SJA or a chief of a command claims service and heads of ACOs may receive payment for the full amount of a claim not exceeding $100,000, or compromise any claim in which the amount to be recovered does not exceed $50,000 and the amount claimed does not exceed $100,000.

(d) Any money collected under this authority shall be deposited into the U.S. General Treasury, except that money collected on civil works claims in favor of the United States pursuant to 33 U.S.C. 408 shall be placed to the credit of the appropriation for the improvement of the harbor or waterway in which the damage occurred * * * (33 U.S.C. 412; 33 U.S.C. 571).

§ 537.19 Demands arising from maritime claims.

(a) It is essential that Army claims personnel demand payment, or notify the party involved of the Army’s intention to make such demands, as soon as possible following receipt of information of damage to Army property where the party’s legal liability to respond exists or might exist. Except as provided below pertaining to admiralty claims and claims for damage to civil works in favor of the United States pursuant to 33 U.S.C. 408, copies of the initial demand or written notice of intention to issue a demand letter, as well as copies of subsequent correspondence, will be provided promptly to the Commander USARCS, who will monitor the progress of such claims.

(b) Subject to limitation of settlement authority, demands for admiralty claims and civil works damages in favor of the United States pursuant to 33 U.S.C. 408 may be asserted, regardless of amount, by the Chief Counsel COE, or his designee in COE Division or District Counsel offices.

(c) Where, in response to any demand, a respondent denies liability, fails to respond within a reasonable period, or offers a compromise settlement, the file will be promptly forwarded to the Commander USARCS, except in those cases in which a proposed compromise settlement is deemed acceptable and the claim is otherwise within the authority delegated in § 537.18 of this part. Files for admiralty claims and civil works claims in favor of the United States pursuant to 33 U.S.C. 408 will be promptly forwarded to the United States Department of Justice.

§ 537.20 Certification to Congress.

Admiralty claims, including claims for damage to civil works in favor of the United States pursuant to 33 U.S.C. 408, proposed for settlement or compromise in a net amount exceeding $100,000 will be submitted through the Commander USARCS to the Secretary of the Army for approval and if in excess of $500,000 for certification to Congress for final approval.

(4) American Express Company money orders, when expressed in United States dollars.
(5) Telegraphic money orders, when expressed in United States dollars.

(b) Military Payment Certificate (MPC). The military payment certificate is an instrument, denominated in U.S. dollars and fractions thereof, that may be used as the official medium of exchange in U.S. military establishments located in overseas areas when such areas are designated as “Military Payment Certificate Areas.”

(c) Authorized Personnel. As used herein, the term “authorized personnel” means all individuals authorized to purchase goods, supplies and services from U.S. Government sponsored and controlled facilities located and operated in an MPC area.

§ 538.2 Use of military payment certificates.
(a) Areas in which used. Military payment certificates are to be used only in the Department of Defense by authorized personnel in designated MPC areas. A Military Payment Certificate Area is a particular foreign country(s), or a specific area within a foreign country, that has been officially authorized for designation as an MPC area.

(b) Disbursement of military payment certificates. Military payment certificates will be disbursed to authorized personnel for all items of pay and allowances and for all other authorized payments to individuals in and under the Department of Defense.

(c) Facilities in which used. Military payment certificates are the only authorized medium of exchange in the following facilities:

(2) Theaters and other entertainment facilities operated by Department of Defense.

(3) Officers’ and enlisted personnel messes and clubs, including American Red Cross installations.

(7) All other official agencies, quasiofficial and private agencies of or working in behalf of United States Army Forces providing goods, services, and facilities to members of the United States Armed Forces.
§ 538.3 Restrictions on possession and use.

(a) Possession or use prohibited. Possession or use of military payment certificates is prohibited unless acquired in accordance with §§ 538.1 through 538.4 and such additional regulations as may be issued by the major overseas commander concerned.

(b) Not to violate directives. Acquisition, possession, and use of military payment certificates incident to normal legitimate transactions within the Department of Defense must not violate Department of the Army or major overseas command directives or the Uniform Code of Military Justice.

(c) Acceptance, transfer, or exchange. Under no circumstances will military payment certificates be accepted from, transferred to, or exchanged for persons other than authorized personnel. Military payment certificates will not be accepted or exchanged after the date specified by the Secretary of the Army as the last day for their acceptance or exchange.

(d) Transmission through mail. Individuals are prohibited from transmitting military payment certificates through the mail to any areas other than those designated as an MPC area. Military payment certificates may be transmitted to authorized personnel or official agencies by mail within or between designated MPC areas.

§ 538.4 Convertibility of military payment certificates.

(a) For authorized personnel. Authorized personnel having in their possession military payment certificates that were acquired legitimately may exchange those certificates for U.S. currency, coin, or dollar instruments, including U.S. Treasury dollar checks under the following conditions:

(1) Upon departure for the United States.

(2) When traveling under competent orders to areas where military payment certificates are not designated for use.

(3) When traveling under competent orders to military payment certificate areas where finance and accounting officers, Class “B” Agent Officers, including military attaché agent officers, or exchange facilities are not readily available to the traveler.

(b) The provisions of this section will not be construed as authorizing finance and accounting officers or their agents in areas outside of military payment certificate areas to convert military payment certificates for authorized personnel returning from MPC areas. Such exchange must be made prior to departure from the MPC area.

(c) Conversion of Military Payment Certificates suspected of being acquired illegitimately. Military payment certificates will not be converted for any holder under circumstances where there are reasonable grounds to believe that the holder was not an authorized person at the time of acquisition or that the certificates were acquired by the holder, or by another with the holder’s knowledge, from a person not authorized to possess or use them. Amounts of certificates exceeding those which the holder would normally acquire or hold under applicable circumstances as prescribed by local regulations will not be approved for conversion unless the holder shows by a preponderance of evidence that they were acquired legitimately. Where there are reasonable grounds to believe that the military payment certificates were not acquired legitimately, they will be impounded and retained pending an administrative determination as to the source of acquisition. If it is determined that the individual concerned was not an authorized person at the time of acquisition, the certificates will be confiscated and the dollar proceeds deposited in the Treasury to the General Fund (Miscellaneous) Receipt Account 211099, “Fines, penalties and forfeitures not otherwise classified.” If it is determined that the individual concerned was an authorized person at the time of acquisition, or that the certificates belong to an authorized person, the certificates or their dollar value will be returned to the owner unless there are reasonable grounds to believe the certificates were acquired by the holder or another with the holder’s knowledge from an unauthorized person. If it is determined that the certificates were acquired from an unauthorized person, the certificates will be
§ 538.5 Conversion of invalidated military payment certificates.

(a) When converted. Time limit on filing claims for the conversion of invalidated Series 461, 471, 472, 481, 521, 541, 591, 611, 641, 651, 661, 681, and 692 expires on 30 September 1980.

(b) When found in effects of deceased personnel. Invalidated series of military payment certificates in amounts not in excess of $500, found in the effects of deceased personnel or personnel in a missing status, will be converted into a Treasury check. Such military payment certificates will be converted only if date of death or entry into missing status was prior to the date the series of military payment certificates was withdrawn from circulation. The Treasury check will be disposed of in accordance with regulations governing disposition of effects of deceased or missing personnel. Amounts in excess of $500 will be forwarded by the summary court officer to the U.S. Army Finance and Accounting Center for decision regarding exchange of such certificates.

(c) Disposition when received with claim. Under no circumstances will invalidated series of military payment certificates received with claims for conversion be taken up in the accounts of the finance and accounting officer. Such certificates will be held in safekeeping until decision is made. If the claim is disapproved, the certificates will be returned to the claimant. In the event these certificates are again received by the finance and accounting officer as undeliverable and reasonable efforts fail to locate the claimant, the certificates will be held for a period of 6 months after which time the proceeds of the certificates will be deposited in the Treasury to the General Fund (Miscellaneous) Receipt Account 211060, “Forfeitures of unclaimed money and property.”

§ 538.6 Claims.

Claims for conversion of military payment certificates, as well as claims arising out of the refusal of the overseas command to convert military payment certificates, will be referred to the U.S. Army Finance and Accounting Center, ATTN: FINCY-D, Indianapolis, Indiana 46249. The U.S. Army Finance and Accounting Center will adjudicate and make final determination on all claims.

AUTHORITY: 10 U.S.C. 2031 and 4651.
SOURCE: 44 FR 51219, Aug. 31, 1979, unless otherwise noted.

§ 542.1 Purpose.
This regulation prescribes policies for administering the Junior Reserve Officers’ Training Corps (JROTC) and the National Defense Cadet Corps (NDCC).

§ 542.2 Applicability.
This regulation applies to the Department of the Army (including the corps and their units), schools, and personnel associated with applying for these programs.

§ 542.3 Definitions.
The following terms apply to the JROTC and NDCC programs:
(a) Junior Reserve Officers’ Training Corps (JROTC). The organization of units established by the Department of the Army (under 10 U.S.C 2031) at public and private secondary schools to conduct student leadership training. Also, a general term used:
(1) To describe all JROTC training conducted at secondary schools.
(2) To denote the members, instruction, and other related matters.
(b) National Defense Cadet Corps (NDCC). Students taking part in leadership studies at any school under 10 U.S.C. 4651 and as prescribed by the Secretary of the Army. Used in a broad sense to refer to the program and related matters.
(c) Leadership Development (LD) Program. The JROTC curriculum which consists of a 4- or 3-year program of instruction (LD–1, –2, –3, and –4).
(d) Military Science (MS). The Senior ROTC curriculum which consists of two courses—the basic course (MS-I and MS-II) and the advanced course (MS-III and MS-IV).
(e) Region commander. The commanding general of a US Army ROTC Region who is responsible for the operation, training, and administration of the ROTC program within his/her geographical area. Region commanders are located at:
(1) US Army First ROTC Region, Fort Bragg, NC 28307.
(2) US Army Second ROTC Region, Fort Knox, KY 40121.
(3) US Army Third ROTC Region, Fort Riley, KS 66442.
(4) US Army Fourth ROTC Region, Fort Lewis, WA 98433.

§ 542.4 Objectives.
The Army JROTC/NDCC objectives are to develop in each cadet—
(a) Good citizenship and patriotism.
(b) Self-reliance, leadership, and responsiveness to constituted authority.
(c) The ability to communicate well both orally and in writing.
(d) An appreciation of the importance of physical fitness.
(e) A respect for the role of the US Army in support of national objectives.
(f) A knowledge of basic military skills.

§ 542.5 Policies.
(a) The Junior Reserve Officers’ Training Corps and the National Defense Cadet Corps programs are designed for physically fit citizens attending participating schools. They provide meaningful leadership instruction of benefit to the student and of value to the Armed Forces. The programs provide unique educational opportunities for young citizens through their participation in a Federally-sponsored course while pursuing a normal civilian education. Students will acquire:
(1) An understanding of the fundamental concept of leadership, military art and science,
(2) An introduction to related professional knowledge, and
(3) An appreciation of requirements for national security. The dual roles of citizen/soldier and soldier/citizen are studied.

(b) Participants in either of the programs will acquire relevant knowledge and develop personally. Schools conducting these programs will offer their students the challenge of intellectual inquiry under the direction of instructors who are experienced leaders. (JROTC instructors are active duty or retired members of the US Army. NDCC schools may employ retired or Reserve members.) These programs provide an atmosphere designed to develop the qualities of leadership. Through classroom and other activities, the students will acquire the knowledge, self-discipline, patriotism, sense of responsibility, and responsiveness to constituted authority which will better prepare them for the future. These programs will enable cadets to better serve their country as leaders, as citizens, and in military service should they enter it.

(c) The programs were set up as part of the National Defense Act of 1916. The principle of maintaining national programs of training for the young citizens attending school was validated during congressional hearings preceding passage of the ROTC Vitalization Act of 1964. The JROTC and NDCC are not, of themselves, officer-producing programs but should create favorable attitudes and impressions toward the Services and toward careers in the Armed Forces. JROTC/NDCC cadets may qualify for an advantageous position in the Senior ROTC and for a higher pay grade upon enlistment in a Regular or Reserve component of the Armed Forces.

(d) Participation in JROTC/NDCC does not obligate the student to perform military or any other Federal service. Although all qualified students of JROTC/NDCC host schools are encouraged to take part in these programs, they are not required by Federal law to do so. State, community, or school authorities decree whether students must be in the programs.
(4) Meet the physical fitness standards prescribed by the school.

§ 552.16

Real estate claims founded upon contract.

(a) Purpose. This regulation provides guidance in investigating and processing contractual claims involving real estate which are to be settled and adjusted by the General Accounting Office (GAO) according to the authority in paragraph (c) of this section. It is applicable to the active Army, Army National Guard, and the US Army Reserve.

(b) Applicability. This regulation applies to the following classes of contractual claims.

(1) Rent and payments for janitor, custodial, utility, and other similar contractual services.

(2) Damages founded upon express or implied contract.

(3) Permanent or recurring damages to real property situated in the United States or its territories, resulting in the Government taking an interest in real estate for which compensation must be made according to the Fifth Amendment to the Constitution.

(c) Statutory provision (except as otherwise provided by law). All claims and demands whatever by the Government of the United States or against it, and all accounts whatever in which the Government is concerned, either as debtor or creditor, shall be settled and adjusted in the GAO (31 U.S. Code 71). The GAO discharges its settlement and adjusting responsibilities—

(1) Through the audit of transactions after payment.

(2) By adjudication before payment is made or denied.

(d) Claims not payable. The classes of claims that are not payable according to the authority in paragraph (c) of this section are—

(1) Damages to real property sounding in tort and not constituting a taking.

(2) Damages arising in foreign countries which could not be settled under chapter 10, AR 27–20, if otherwise applicable, because they—

(i) Result from combat activities.

(ii) Are waived or assumed by a foreign government.

(3) Claims which must be settled by some other procedure according to statute, determination of GAO, or provision in the contract on which the claim is founded.

(e) Claims payable under contract. When claims are founded on express or legally implied provisions of an existing written contract, and if liability and the amount thereof are certain and agreed between the parties, they should be paid according to the contract or supplemental agreement thereto. Rental claims based on still-continuing Government use and occupancy not under lease may be avoided by negotiation of a lease effective from the date Government occupancy begins.

(f) Claims cognizable under other regulations. (1) The procedure believed to be in the best interest of the Government should be followed if a claim under this regulation is also cognizable under—

(i) Chapter 3, AR 27–20 as a claim for damages incident to noncombat activities of the Army.

(ii) Chapter 10, AR 27–20 as a foreign claim.

(2) If a real estate claim under this regulation includes an incidental claim for damages to personal property not founded on contract, the entire claim may be—

(i) Processed under this regulation.

(ii) Processed separately under other regulations, believed to be in the best interest of the Government.

(g) Claims to be submitted. Section 5 of title 4, GAO Manual for Guidance of Federal Agencies (cited as 4 GAO 5.1) lists the following categories of claims of a contractual nature to be submitted for settlement (letters of transmittal will indicate the applicable category):

(1) Claims involving doubtful questions of law or fact. This will include any claims based upon a taking and
contractual claims which could be settled administratively except for the doubt.

(2) Claims required by statute, regulation, or decision of the Comptroller General to be submitted.

(3) Reclams of items for which payment under contract has been administratively denied, unless it is determined administratively that the action taken was clearly in error and properly can be corrected by the agency which denied the claim.

(4) Claims barred by statute of limitation. These claims may be forwarded without investigation, except when needed to establish time of accrual.

(h) Time for filing claims. Claims cognizable by GAO are barred if not received in that office within 6 years after the date of accrual. A claim which may be barred in the near future should be transmitted directly, preferably within 4 years of the date of accrual, to GAO for filing, with a request that it be returned for further processing.

(i) Procedures. (1) Claims for investigation and report will be forwarded to the office of the Division of District Engineer having real estate responsibility over the area in which the involved real property is located. In the absence of such an office, the claims will be forwarded to the command responsible for the lease or other contract on which the claim is founded.

(2) The responsible office—

(i) Will appoint a claims officer to conduct the investigation and prepare the report as outlined in AR 27–20.

(ii) When appropriate, may request a command more conveniently located to appoint the claims officer.

(iii) Will have a staff attorney or staff judge advocate review the completed report.

(iv) Will approve or disapprove the report.

(v) Will forward the report (in three copies) through channels to the Chief of Engineers (HQDA DAEN-REM) WASH DC 20314.

(3) The report will include—

(i) The original signed claim, preferably but not necessarily on Standard Form 95 (Claim for Damage or Injury). It will be itemized when applicable, and for a sum certain.

(ii) Any supporting evidence the claimant desires to submit.

(iii) A certified voucher, stating the citation of funds to be charged if the responsible office submitting the claim recommends payment in whole or in part.

(4) The letter of transmittal will include—

(i) A brief statement of the essential facts giving rise to the claim.

(ii) The category in paragraph (g) under which the claim is forwarded for settlement by GAO under 31 U.S. Code 71.

(iii) A recommendation for allowance or disallowance with justification.

(iv) Fiscal information required by paragraph 11–51, AR 37–103, including a citation of funds to be charged if payment is made.

(v) A statement that the claim has not been and will not be paid except according to certification in the name of the Comptroller General.

Subpart B—Post Commander

§ 552.18 Administration.

(a) Purpose. This section outlines the duties and prescribes the general authority and general responsibilities of an installation commander.

(b) Applicability. The regulations in this section are applicable to installations in the United States, and where appropriate, to oversea installations. Oversea commanders should consult with the appropriate judge advocate to determine to what extent the provisions of treaties or agreements, or the provisions of local law may make inapplicable, in whole, or in part, the provisions of these regulations.

(c) General. The installation commander is responsible for the efficient and economical operation, administration, service, and supply of all individuals, units, and activities assigned to or under the jurisdiction of the installation unless specifically exempted by higher authority. The installation commander will furnish base operation
§ 552.18  Support to all Army tenant activities except when the Department of the Army has given approval for the tenant to perform base operation functions. Reimbursement for such support will be in accordance with applicable regulations.

(d) Motor vehicle and traffic regulations. See AR 190–5, Motor Vehicle Traffic Supervision; AR 190–5–1, Registration of Privately Owned Motor Vehicles; AR 190–29, Minor Offenses and Uniform Violation Notices—Referred to US District Courts; AR 210–4, Carpooling and Parking Controls; AR 230–14, Registration and Licensing of Nonappropriated Fund Owned Vehicles; AR 385–55, Prevention of Motor Vehicle Accidents; and AR 600–55, Motor Vehicle Driver-Selection, Testing, and Licensing. A copy of the above documents may be obtained by writing to Headquarters, Department of the Army (DAAG-PAP-W), Washington, DC 20314.

(e) Firearms. The installation commander will publish regulations on the registration of privately owned firearms. See AR 608–4, Control and Registration of War Trophies and War Trophy Firearms. A copy of the above document may be obtained by writing to Headquarters, Department of the Army (DAAG-PAP-W), Washington, DC 20314.

(f) Entry, exit, and personal search. The installation commander will establish rules that govern the entry into and exit from the installation and the search of persons and their possessions as listed in paragraphs (f) (1), (2), and (3) of this section.

(1) The installation commander may direct authorized guard personnel, while in the performance of assigned duty, to search persons (including military personnel, employees, and visitors), and their possessions (including vehicles) when entering, during their stay, or when leaving facilities for which the Army has responsibility. These searches are authorized when based on probable cause that an offense has been committed or on military necessity. Instructions of commanders regarding searches should be specific and complete. When the person to be searched is a commissioned officer, or a warrant officer, the search should be conducted in private by or under the supervision of a commissioned officer, unless such is precluded by the exigencies of the situation. When the person to be searched is a noncommissioned officer, the search should be conducted in private by or under the supervision of a person of at least equal grade, unless such is precluded by the exigencies of the situation. If the situation precludes search by or under the supervision of an officer (or noncommissioned officer, as appropriate), the person conducting the search will notify a responsible commissioned officer (or noncommissioned officer, as appropriate), as soon as possible. Persons who are entering the installation should not be searched over their objection, but they may be denied the right of entry if they refuse to consent to the search. All persons entering facilities should be advised in advance (by a prominently displayed sign, AR 420–70, (Buildings and Structures)), that they are liable to search when entering the installation, while within the confines of the installation, or when leaving (AR 190–22, Search, Seizure and Disposition of Property). A copy of the above documents may be obtained by writing to headquarters, Department of the Army (DAAG-PAP-W), Washington, DC 20314.

(2) The installation commander may authorize and control hunting and fishing on a military installation under installation rules in accordance with applicable Federal, State, and local laws and Army regulations, and in harmony with cooperative plans with appropriate State and Federal conservation agencies (AR 420–74, Natural Resources—Land, Forest, and Wildlife Management). To detect violations of these rules, special guards may be posted and authorized to search persons (or possessions, including vehicles of individuals), based on military necessity. The installation commander may eject violators of game laws or post regulations and prohibit their reentry under 18 U.S.C. 1382. Violations of State laws which apply to military reservations according to the provisions of section 13, title 18, U.S.C. (Assimilative Crimes Acts), may be referred to the United States Magistrate in accordance with AR 190–29, Minor Offenses and Uniform Violation Notices—Referred to United VerDate Nov<24>2008 14:47 Jul 27, 2009 Jkt 217126 PO 00000 Frm 00294 Fmt 8010 Sfmt 8010 Y:\SGML\217126.XXX 217126cprice-sewell on DSKDVH8Z91PROD with CFR
States District Courts. Reports of violations of game laws will be reported to Federal or State authorities. An installation commander may not require membership in a voluntary sundry fund activity as a prerequisite to hunting and fishing on the installation. Accounting of the collection and spending of fees for hunting and fishing permits is outlined in chapter 12, AR 37–108, General Accounting and Reporting for Finance and Accounting Offices. A copy of the above documents may be obtained by writing to Headquarters, Department of the Army (DAAG-PAP-W), Washington, DC 20314.

(3) When the installation commander considers that the circumstances warrant its use, DA Form 1818 (Individual Property Pass), will be used to authorize military and civilian personnel to carry Government or personal property onto an installation or to remove it from an installation.

(4) Commanders will establish procedures to ensure that blind persons are otherwise authorized to enter military facilities, their accompanying seeing-eye or guide dogs will not be denied entry. Such facilities include, but are not limited to: Cafeterias, snack bars, AAFES exchanges, retail food sales stores, medical treatment facilities, and recreational facilities. Seeing-eye or guide dogs will remain in guiding harness or on leash and under control of their blind masters at all times while in the facility. For purposes of safety and to prevent possible agitation of military police working dogs, seeing-eye or guide dogs will not be allowed in or around working dog kennels and facilities.

(g) Official Personnel Register. DA Form 647 (Personnel Register), is a source document that will be used at the lowest level of command having responsibility for strength accounting. The official register will be used for registering military personnel on arrival at or on departure from Army installations on permanent change of station, leave, or temporary duty. DA Form 647 may also be used for recording passes, visitors, etc. Registration of visists of less than 12 hours will be at the discretion of the commander except that registrations will be required when visits are at a place where United States troops are on duty in connection with a civil disorder.

(h) Outside employment of DA Personnel. See paragraph 2–6, AR 600–50 Standards of Conduct for Department of the Army Personnel. A copy of this document may be obtained by writing to Headquarters, Department of the Army (DAAG-PAP-W), Washington, DC 20314.

(i) Preference to blind persons in operating vending stands. As used in paragraphs (i) (1), (2), and (3) of this section, the term “vending stand” includes shelters, counters, shelving, display and wall cases, refrigerating apparatus, and other appropriate auxiliary equipment necessary for the vending of merchandise. The term “vending machine” means any coin-operated machine that automatically vends or delivers tangible personal property.

(1) The installation commander will give preference to blind persons when granting permission to civilians to operate vending stands on installations where stands may be operated properly and satisfactorily by blind persons licensed by a State agency. Legal authority for such action is contained in the Randolph-Sheppard Vending Stand Act (20 U.S.C. 2–107 et seq.). Commanders will cooperate with the appropriate State licensing agency in selecting the type, location, or relocation of vending stands to be operated by licensed blind persons, except that preference may be denied or revoked if the commander determines that—

(i) Existing security measures relative to location of the vending stand or to the clearance of the blind operator cannot be followed.

(ii) Vending stand standards relating to appearance, safety, sanitation, and efficient operation cannot be met.

(iii) For any other reasons which would adversely affect the interests of the United States or would unduly inconvenience the Department of the Army. Issuance of such a permit will not be denied because of loss of revenue caused by granting a rent-free permit for operating a vending stand to a blind person. However, the permit will not be granted if in the opinion of the responsible commander such action would reduce revenue below the point necessary for maintaining an adequate morale.
and recreation program. The commander should consider the fact that funds derived from certain non-appropriated fund activities such as post exchanges, motion picture theaters, and post restaurants are used to supplement appropriated funds in conducting the morale and recreation program.

(2) The preference established in paragraph (i)(1) of this section will be protected from the unfair or unreasonable competition of vending machines. No vending machine will be located within reasonable proximity of a vending stand that is operated by a licensed blind person if the vending machine vends articles of the same type sold at the stand, unless local needs require the location of such a machine. If such is the case, the operation of, and income from the machine, will be assumed by the blind vending stand operator.

(3) So far as is practicable, goods sold at vending stands that are operated by the blind will consist of newspapers, periodicals, confections, tobacco products, articles that are dispensed automatically or are in containers or wrappings in which they were placed before they were received by the vending stand, and other suitable articles that may be approved by the installation commander for each vending stand location.

(4) If the commanders and State licensing agencies fail to reach an agreement on the granting of a permit for a vending stand, the revocation or modification of a permit, the suitability of the stand location, the assignment of vending machine proceeds, the methods of operation of the stand, or other terms of the permit (including articles which may be sold), the State licensing agency may appeal the disagreement, through channels, to the Secretary of the Army. Appeals will be filed by State licensing agencies with the installation commander who will conduct a complete investigation and will give the State licensing agency an opportunity to present information. The report of investigation with the appeal will be forwarded through channels to Headquarters, Department of the Army (DAPE-ZA), Washington, DC 20310, as soon as possible. A final decision by the Secretary of the Army will be rendered within 90 days of the filing of the appeal to the installation commander. Notification of the decision on the appeal and the action taken will be reported to the State licensing agency, the Department of Health, Education, and Welfare, and the Department of Defense (Manpower, Reserve Affairs, and Logistics).

(j) [Reserved]

(k) Request from private sector union representatives to enter installations. (1) When labor representatives request permission to enter military installations on which private contractor employees are engaged in contract work to conduct union business during working hours in connection with the contract between the government and the contractor by whom union members are employed, the installation commander may admit these representatives, provided—

(i) The presence and activities of the labor representatives will not interfere with the progress of the contract work involved; and

(ii) The entry of the representatives to the installation will not violate pertinent safety or security regulations.

(2) Labor representatives are not authorized to engage in organizing activities, collective bargaining discussions, or other matters not directly connected with the Government contract on military installations. However, the installation commander may authorize labor representatives to enter the installation to distribute organizational literature and authorization cards to employees of private contractors, provided such distribution does not—

(i) Occur in working areas or during working times;

(ii) Interfere with contract performance;

(iii) Interfere with the efficient operation of the installation; or

(iv) Violate pertinent safety or security considerations.

(3) The determination as to who is an appropriate labor representative should be made by the installation commander after consulting with his/her labor counselor or judge advocate. Nothing in this regulation, however, will be construed to prohibit private contractors’ employees from
distributing organizational literature or authorization cards on installation property if such activity does not violate the conditions enumerated in paragraph (k)(2) of this section. Business offices or desk space for labor organizations on the installation is not authorized to be provided for solicitation of membership among contractors’ employees, collection of dues, or other business of the labor organization not directly connected with the contract work. The providing of office or desk space for a contractor is authorized for routine functions by the working steward whose union duties are incidental to his/her assigned job and connected directly with the contract work.

(4) Only the installation commander or a contracting officer can deny entry to a labor representative who seeks permission to enter the installation in accordance with paragraph (k) of this section. If a labor representative is denied entry for any reason, such denial will be reported to the Labor Advisor, Office of the Assistant Secretary of the Army (IL&FM), Washington, DC 20310. This report will include the reasons for denial, including—

(5) The provisions of paragraphs (k), (1), (2), (3), and (4) of this section on organizations representing private contractors’ employees should be distinguished from activities involving organization and representation of Federal civilian employees. See CPR 711 for the functions, duties and obligations of an installation commander regarding Federal civilian employee unions.

(1) Publication of telephone directories. See chapter 5, AR 105–23. A copy of this document may be obtained by writing to Headquarters, Department of the Army (DAAG-PAP-W), Washington, DC 20314.

(m) Observance of laws on military installations. (1) Installation and activity commanders will ensure that all his/her employers on the installation or activity are apprised of their obligation to comply with Federal, State, and local laws, including those relating to the employment of child labor. When an employer who is operating on the installation or activity is responsible to an authority other than the installation or activity commander, the commander will direct that the authority’s representative apprise the employer of his/her obligations regarding labor law. This applies to employers in all activities, including nonappropriated fund activities established as Federal instrumentalities according to AR 230–1, Nonappropriated Fund System, concessionaires of such activities, and other private employers. A copy of the above document may be obtained by writing to Headquarters, Department of the Army (DAAG-PAP-W), Washington, DC 20314.

(2) Installation commander will cooperate fully with state or other governmental officials who bring to their attention complaints that children are employed on military installations or reservations under conditions that are detrimental to their health, safety, education, and well-being.

(n) Hitchhiking. Hitchhiking is prohibited by the Army. This does not preclude acceptance of offers of rides voluntarily made by individuals or properly accredited organizations nor does it preclude the use of properly authorized and established share-the-ride or similar stations which may be sanctioned by local military authorities. For personal safety, personnel should exercise caution at facilities, for example, by accepting rides only from persons they know or by traveling in groups. Similarly, drivers should use discretion when offering rides to personnel at share-the-ride stations. Drivers are prohibited from picking up hitchhikers.

(o) Employment of civilian food service personnel. See AR 30–1, The Army Food Service Program. A copy of this document may be obtained by writing to Headquarters, Department of the Army (DAAG-PAP-W), Washington, DC 20314

§ 552.19 Hunting and fishing permits.

All permits to hunt, catch, trap, or kill any kind of game animal, game or nongame bird, or to fish on a military reservation or the waters thereof will be issued by the commanding officer.
Subpart C—Entry Regulations for Certain Army Training Areas in Hawaii

§ 552.25 Entry regulations for certain Army training areas in Hawaii.

(a) Purpose. (1) This regulation establishes procedures governing the entry onto certain Army training areas in Hawaii as defined in paragraph (d) of this section.

(2) These procedures have been established to prevent the interruption of the use of these Army training areas by unauthorized persons. The continued and uninterrupted use of these training areas by the military is vital in order to maintain and to improve the combat readiness of the U.S. Armed Forces. In addition, conditions exist within these training areas which could be dangerous to any unauthorized persons who enter these areas.

(b) Applicability. The procedures outlined in this regulation apply to all individuals except for soldiers and Army civilians of the United States who in performance of their official duties enter the training areas defined in paragraph (d) of this section.

(c) References. Related publications are listed below:

(3) Title 18, United States Code, section 1382.

(d) Definition. For the purpose of this regulation, “certain Army training areas in Hawaii” are defined as follows:

(1) Makua Valley, Waianae, Oahu, Hawaii: That area reserved for military use by Executive Order No. 11166 (paragraph (c)(1) of this section).

(2) Pohakuloa Training Area, Hawaii: That area reserved for military use by Executive Order No. 11167 (paragraph (c)(2) of this section).

(e) Procedures. (1) Except for soldiers and Army civilians of the United States in the performance of their duties, entry onto Army training areas described in paragraph (d) of this section for any purpose whatsoever without the advance consent of the Commander, United States Army Support Command, Hawaii, or his authorized representative, is prohibited (paragraph (c)(3) and (c)(4) of this section).

(2) Any person or group of persons desiring the advance consent of the Commander, United States Army Support Command, Hawaii, shall, in writing, submit a request to the following address: Commander, USASCH, ATTN: Chief of Staff, Fort Shafter, Hawaii 96858–5000.

(3) Each request for entry will be considered on an individual basis weighing the operational and training commitments of the area involved, security, and safety with the purpose, size of party, duration of visit, destination, and the military resources which would be required by the granting of the request.

(f) Violations. (1) Any person entering or remaining upon any training area described in paragraph (d) without the advance consent of the Commander, USASCH, or his authorized representative, shall be subject to the penalties prescribed by paragraph (c)(3) of this section, which provides in pertinent part: “Whoever, within the jurisdiction of the United States, goes upon any military, naval * * * reservation, post, fort, arsenal, yard, station, or installation, for any purpose prohibited by law or lawful regulation * * * shall be fined not more than $500.00 or imprisoned not more than 6 months or both.”

(2) Moreover, any person who willfully violates this regulation is subject to a fine not to exceed $5,000.00 or imprisonment for not more than 1 year or both as provided in paragraph (c)(4) of this section.

(3) In addition, violation of this regulation by persons subject to the Uniform Code of Military Justice (10 U.S.C. 801–940) is a violation of Article 92 of the Uniform Code of Military Justice.

[52 FR 44393, Nov. 19, 1987]
§ 552.30 Purpose.

The regulations in §§552.30 to 552.39 set forth the authority, policy, responsibility, and procedure for the acquisition of real estate and interests therein, for use for military purposes by the Department of the Army. The regulations of §§552.30 to 552.39 do not apply to Civil Works Projects which are under the supervision of the Chief of Engineers.

§ 552.31 Definitions.

As used in §§552.30 to 552.39, the following definitions apply:

(a) Real estate. Real estate includes lands and interests therein, leaseholds, standing timber, buildings, improvements, and appurtenances thereto owned by the United States and under the control of the Department of the Army. It also includes piers, docks, warehouses, rights-of-way, and easements, whether temporary or permanent, and improvements permanently attached to and ordinarily considered real estate. It does not include machinery, equipment, or tools which have not been affixed to or which have been severed or removed from any such lands or buildings or may be so severed or removed without destroying the usefulness of the structures.

(b) Installation. An installation is real estate and the improvements thereon which is under the control of the Department of the Army, at which functions of the Department of the Army are carried on, and which has been assigned as a subinstallation by Department of the Army authority. Subinstallations are attached to installations for command and administrative purposes, although they are located separately.

(d) Activity. An activity is a function or a group of related functions which may be carried on at an installation, a subinstallation, or a separate location which has not been designated as a Department of the Army installation or subinstallation.

(e) Command installation. A command installation is any installation of the Department of the Army, including nonmanufacturing arsenals, primarily used or useful for activities of the Army other than for the production of materiel, munitions, or supplies.

(f) Industrial installation. Any unit of real property under control of the Department of the Army (including structures on land owned by or leased to the United States, substantially equipped with production utilities and maintenance machinery, tools, equipment, and including housing and other supporting facilities built as an integral part of the installation) designed for the production of equipment, supplies, or materials for military use; or for the processing, production, or manufacturing of components of such items.

(g) Lease. A lease is a conveyance of an interest in real estate for a term of years, revocable at will, or as otherwise provided in the instrument in consideration of a return of rent.

(h) License. A license is a bare authority to do a specified act or acts upon the land of the licensor without possessing or acquiring any estate therein.

(i) Easement. An easement is a conveyance of an interest in real estate for the purpose or purposes specified in the grant.

§ 552.32 Authority to acquire real estate and interests therein.

While the Federal Government has the inherent power to acquire land for its constitutional purposes, this power can be exercised only at the discretion.
§ 552.33 Estates and methods of acquisition.

(a) Title to non-Government-owned real estate will be by purchase, condemnation, donation (when the authorization act specifies donation), and exchange (when the authorization act specifies exchange).

(b) Easements in non-Government-owned real estate are the same as in paragraph (a) of this section.

(c) Licenses in non-Government-owned real estate are generally by donation, although a nonrevocable license might be acquired by purchase.

(d) Leaseholds in non-Government-owned real estate will be by negotiation or condemnation. Leaseholds may give the Government exclusive use or may give the Government co-use with the owner for specific purposes.

(e) Jurisdiction over Government-owned real estate will be by transfer, reassignment, withdrawal, and reservation.

(f) Permits to use Government-owned real estate will be by instrument issued by another Government department or agency. Although in the nature of a license (may be revocable or nonrevocable), the instrument is designated as “permit”; since it relates to Government-owned real estate, to distinguish it from a “license” relating to non-Government-owned real estate.

(g) Recapture of use of former Government-owned real estate which was disposed of subject to a reverter provision, such as a “National Defense Purpose Clause,” a “National Emergency Clause,” or a similar provision will be by letter from the Chief of Engineers to the owner of the property, based upon a directive from the Secretary of the Army or his designee.

(h) Revestment of title to former Government-owned real estate which was disposed of subject to a reverter provision, such as a “National Defense Purpose Clause” will be by letter to the owner by the official of the department designated in the conveyance by the Government.

(i) Procurement of options on real estate which is “suitable and likely to be required” in connection with a military public works project, prior to express authorization by law for the acquisition of said real estate will be by negotiation.

(j) Extinguishment of third party interests in lands owned or controlled by the United States, such as outstanding oil, gas, and other mineral rights; grazing rights; timber rights; water rights; and easements for rights-of-way for highways, railroads, power lines, communication lines, water lines, and sewer lines will be the same as prescribed in paragraph (a) of this section. Payment for extinguishment of grazing rights or licenses on public domain or other property owned by or under the control of the United States is made pursuant to Act July 9, 1942; 56 Stat. 654; as amended by Act May 28, 1948; 62 Stat. 277; and as further amended by Act October 29, 1949; 63 Stat. 996 (43 U.S.C. 315q and r).

§ 552.34 Policies relative to new acquisition.

(a) Present holdings inadequate for essential mission. No request to acquire real estate by transfer from Navy or Air Force or from another Government agency, or by purchase, lease or condemnation will be considered or approved unless it is established that:

(1) The activity to be accommodated is essential to an assigned mission.

(2) Real property under the control of the Army is inadequate to satisfy these requirements.

(3) No real property under the control of the Navy or Air Force or other Federal agencies is suitable and available for use by the Army on a permit or joint use basis.

(b) Order of priority for method of acquisition. If the activity qualifies as essential to an assigned mission but the need cannot be filled by the use of other Army property or other Federal property on a permit or joint use basis,
the following alternatives will be considered in the order listed:

(1) Donation or long-term nominal rental lease.

(2) Transfer from Navy or Air Force. Acquisition of lands excess to the requirements of other military departments.

(3) Recapture of use.

(4) Public Domain. Withdrawal from the public domain for military use. (Pub. L. 85–337, Feb. 28, 1958 (72 Stat. 28) requires that an Act of Congress be obtained to withdraw, reserve, or restrict for defense purposes more than 5,000 acres of the public domain.)

(5) Acquisition by exchange. Exercise of existing authorities for the exchange of Government-owned real property for non-Government-owned real property that is by type or location adaptable to the military need.

(6) Transfer from other Federal agencies. Acquisition of lands excess to the requirement of Federal agencies other than military departments.

(7) Acquisition by purchase, lease or condemnation.

(c) Current requirements given preference. In considering the use of Army real property by another military department, current requirements will, in the absence of unusual circumstances, be given preference over future needs and mobilization requirements. If the current requirement will not continue through mobilization, care must be exercised to avoid modification of the property in a manner that would prevent its timely return to the holding department to meet the mobilization requirement. If it is contemplated that the current requirement will continue through mobilization, the property may be modified as required and the mobilization plans of the military departments concerned should be changed accordingly.

(d) Firm requirements and minimum acquisition. Requirements in each individual case will be firmly determined and only the minimum amount of property necessary will be acquired.

(e) Factors considered insufficient justification for acquisition by lease. Desirability of location in an urban area, reduced travel time for employees or business representatives, nominal savings in transportation costs, environmental considerations (such as noise or traffic), or desirability of single unit offices instead of split locations in close proximity will not be considered sufficient justification for acquiring leased space or facilities when Government-owned property is available. For exceptions, see paragraph (f) of this section.

(f) Special location considerations. Acquisition of title or a leasehold interest in real property may be justified where it is demonstrated that the function to be accommodated is an essential activity and the geographic location thereof in other than Government-owned space is vital to the accomplishment of the assigned mission. Examples that may fall in this group are recruiting stations (exclusive of kindred examining and induction units), airbases, air defense sites, and sites for construction of facilities for Reserve Components of the Armed Forces.

(g) Army Reserve training sites. In general, title to lands will not be acquired for exclusive use as training sites. Training sites will be acquired by one of the following means in the order listed:

(1) Use of lands under the control of the Department of the Army regardless of the agency maintaining jurisdiction, to include class II and industrial installations and other Reserve Component facilities, see title 10 U.S.C. 2331 and 2237.

(2) Use of reservoir lands of Civil Works Projects. By informal agreement with the Resident Engineer or Manager (when training activities do not involve exclusive use, construction, or destruction of vegetation) or by permit from the District Engineer (for other activities when such activities are compatible with the operation and maintenance of the project and will not endanger the use by the general public of public access areas).

(3) Use of lands, by permit or otherwise, under the control of the other military departments.

(4) Use of lands by permit of other Government-owned land, including the public domain.

(5) Use by license or nominal rental lease of local, county, or State-owned public lands.
(6) Use of privately owned land by short-term co-use lease under the authority granted in §552.39.

(7) Use of non-Government-owned land by lease.

(8) Acquisition of lands excess to the requirements of the other military departments.

(9) Acquisition of lands excess to the requirements of Federal agencies other than the military departments.

(10) Acquisition of the non-Government-owned land.

(11) As a rule of thumb, lands will not be acquired for training from any source when the value of the land exceeds that of rural farm land in the area.

(h) Public notice and release of information relative to proposed real estate acquisitions. It is the policy of the Department of the Army to give notice to the public and to release information to the public as early as possible (at the site selection stage) and as completely as possible, consistent with existing regulations. Even though opposition may develop in some cases because of early release of information as to proposed acquisitions, application of this policy should more often result in favorable public relations, general public support of proposed acquisitions, and material assistance in the selection of sites which will fulfill the military requirement and still have the least impact on the civilian economy. This policy will permit consideration of public preferences in the establishment of military facilities. Section 302 of the Act of July 14, 1960; Pub. L. 86–645, which is applicable to military as well as water resources public works projects, provides for dissemination of information on large new installations.

(1) Restrictions relating to Agency Budget Estimates and Presidential Budget Recommendations. Bureau of the Budget Circular No. A–10, as revised, places restrictions on disclosure of Agency Budget Estimates and Presidential Budget Recommendations. It provides that budget recommendations and estimates are administratively confidential until made public through formal transmittal of the budget to Congress. Public notice and release of information relative to proposed real property acquisitions will, therefore, exclude any information as to whether the proposed acquisition has been included in a pending budget not yet formally transmitted to the Congress or is to be included in a future budget. Public notice and release of information will be on the basis of “advance planning.”

(2) General application and exceptions. Non-Government-owned real property generally is acquired by negotiations, based on its fair market value as established by Government appraisal and regardless of who the owner is, how much the owner paid for the property, and how long the owner has owned the property. For this reason, public notice and release of information should not tend normally to increase the value of the land involved or create speculation therein. Experience has proved that interest of the Government in specific real property normally tends to discourage trafficking therein. Though normally the release of information should not result in subsequent disadvantage to the Government, information will not be released in any specific case where it might have that result. AR 345–15 applies to the acquisition of real property only in those instances in which the release of advance information on proposed plans might provide undue discriminatory advantage to private or personal interests.

(3) Application to Army Reserve facilities. During the preliminary site selection stage for Army Reserve facilities, the Army commander’s representative will contact responsible local public officials to explain the nature of the proposed facility and to obtain their concurrence in the Army’s acquisition and use of the site tentatively selected. Such a statement, including the names and titles of officials contacted, will be furnished by the Army commander to the District Engineer for inclusion in the Real Estate Planning Report. Release of information on Army Reserve centers will be made only by an authorized representative of the Army commander.

(i) Use of unappropriated and nonnavigable water. It is the policy of the Department of the Army to utilize unappropriated and nonnavigable water upon or under lands under jurisdiction in such a manner as is consonant with
the purposes of water laws which have been enacted by the several States.

(j) Permanent construction. If permanent construction, defined as that which produces a building suitable and appropriate to serve a specific purpose for a maximum period of time (at least 25 years) and with a minimum of maintenance, is to be constructed by the Government, the Government must either hold or acquire title to the land (inclusive of all mineral rights and improvements) or a permanent easement interest, with the following exceptions:

(1) Right of reuse by exercise of National Security Clause. Property, including land or buildings, over which the Government currently holds the right of reuse by exercise of the National Security Clause.

(2) Right of reuse by exercise of National Emergency Use Provision. Property, including land or buildings, over which the Government holds the right of reuse by exercise of a National Emergency Use Provision. Inasmuch as such rights inure to the Government only during the period or periods of national emergency as may be declared by the President or the Congress and are extinguished by the termination thereof, every effort will be made to negotiate a lease covering such property under terms that would provide for the right of continuous possession by the Government for a minimum of 25 years.

(3) Rights-of-way. Property required as a site for installation of utility lines and necessary appurtenances thereto, provided a long-term easement or lease can be secured at a consideration of $1 per term or per annum.

(4) Airbase. Property required for airbases, provided such property can be acquired by lease containing provisions for:

(i) Right of continuous use by the Government under firm term or right of renewal, for a minimum of 50 years.

(ii) A rental consideration of $1 per term or per annum.

(iii) Reserving to the Government title to all improvements to be placed on the land and the right to dispose of such improvements by sale or abandonment.

(iv) Waiver by the lessor of any and all claims for restoration of the leased premises.

(v) Use of the property for “Government purposes” rather than for a specific purpose.

(5) Reserve Components facilities. Property required for facilities for the Reserve Components of the Armed Forces, provided such property can be acquired by lease containing provisions detailed in paragraphs (j)(4) (i), (ii), (iii), and (iv) of this section. When possible the insertion in a lease of provision restricting the use of the land to a specific purpose will be avoided; use of a term as “Government purposes” should be employed whenever possible.

(6) Air defense sites. Property required for air defense sites provided such property can be acquired by lease containing provisions detailed in paragraphs (j)(4) (i), (ii), and (iv) of this section and in addition thereto a right of continuous use by the Government under a firm term or right of renewal for as long as required for defense purposes.

(7) Exception by Assistant Secretary of Defense (Installations and Logistics). Where leases (for airbases, facilities for Reserve Components of the Armed Forces, or air defense sites) can be obtained containing similar provisions and it is considered to be to the best interest of the Government to acquire a lesser interest than fee title, it will be necessary to obtain approval from the Assistant Secretary of Defense (Installations and Logistics) prior to placing permanent construction thereon.

(8) Construction projects not in excess of $25,000. Construction projects estimated to cost not in excess of $25,000 will not be considered as permanent construction for purposes of applying the above policy.

(9) Industrial installations. See paragraph (l) of this section.

(k) No permanent construction. Where temporary construction or no construction is to be placed by the Government, acquisition of a lesser interest
(leasehold, easement, license, as appropriate) will generally be considered to be in the best interest of the Government, with the following exceptions:

1. Cost of construction. Where any proposed temporary construction to be placed by the Government has an estimated cost equal to or in excess of the current market value of the property.

2. Rent plus restoration. Where the calculated period of required use is of sufficient duration that the sum expended for rentals over this period plus restoration, if required, would exceed 50 percent of the current market value of the property. (Apply calculated period of required use or 20 years, whichever is less.)

3. Easement costing 75 percent of fee value. Where the cost of acquiring an easement right exceeds 75 percent of the current fair market value of the property.

Industrial installations—

1. Definitions. Industrial facilities as used herein are defined as plants, buildings, utilities, improvements, and additions and appurtenances thereto used for military production and related purposes, including testing and development. Nonseverable industrial facilities as used herein are defined as industrial facilities located on other than Government-owned land, and which, after erection or installation, cannot be removed without substantial loss of value or damage thereto, or to the premises where installed.

2. Policy. Industrial facilities will be located on land owned by the Government or in which the Government has a permanent, disposable interest. Nonseverable industrial facilities will be located on land in which the Government has a disposable interest equal in term to the estimated useful life of the facilities, unless the Head of a Procuring Activity, with consideration to any nonrecoverable costs involved, determines that such location is not feasible. If the Head of a Procuring Activity makes this determination, he may authorize the location of such facilities on other land, provided:

   i. The estimated useful life of the facilities will not extend beyond the contract under which the facilities are installed or the completion of the work for which the facilities are provided; or

   ii. The contractor agrees to purchase the facilities upon the end of the facilities contract at the acquisition cost of the facilities, less depreciation; or

   iii. The Secretary approves other provisions as being in the interest of national defense.

4. If location on land in which the Government does not have a disposable interest, as above set out, is authorized under paragraphs (1)(2)(i), (ii), or (iii) of this section, the Government must have the right to abandon the facilities in place, with no obligation to restore or rehabilitate the facilities or the premises on which they are located.

Commercial and industrial type facilities—

1. Policy. Privately owned or Government-owned and privately operated commercial and industrial type facilities will be used to the greatest extent practicable, recognizing the basic military necessity for integrated, self-sustaining units responsible to command and the necessity for operating anywhere in the world. It is the policy of the Department of the Army not to engage in the operation of industrial or commercial type facilities unless it can be demonstrated that it is necessary for the Government itself to perform the required work or service.

2. Definition. Commercial and industrial type facilities are defined as those devoted to an activity which normally might be performed by private industry (except commissaries, post exchanges, and nonappropriated fund activities) including, but not limited to, warehouses, motor repair shops, bakeries, laundries, and drycleaning facilities.

Department of Defense policy relative to liaison with Governor of Commonwealth of Puerto Rico.

By letter dated August 19, 1953, the Secretary of Defense informed the Governor of the Commonwealth of Puerto Rico that the Department of Defense would establish liaison with the Governor to coordinate all military requirements for land acquisition in Puerto Rico. By memorandum dated August 19, 1953, the Secretary of Defense instructed that such liaison would be established under the direction of the Department of the Army, in coordination with the other interested services.
1953, the Department of the Army requested the Commander in Chief, Caribbean Command, to establish such liaison. Liaison is being maintained locally between the Commandant of the Caribbean Sea Frontier and the Chairman of the Puerto Rico Planning Board. The liaison applies to the proposed acquisition of title or any interest in land which is other than (Federal) Government-owned land. In all cases, liaison action will be initiated during the advance planning or site selection stages. The purpose is to give Puerto Rican officials advance notice of military real property requirements and to give them an opportunity to suggest suitable alternatives in an effort to improve public relations with Puerto Rican officials, landowners, and the general public.

§ 552.35 Rights-of-entry for survey and exploration.

(a) Voluntary. Where it is necessary to enter upon non-Government-owned real estate during site selection, particularly for the purpose of conducting topographic surveys and test borings, the appropriate division or district engineer will negotiate rights-of-entry for survey and exploration. The instrument is in the nature of a license which does not convey an interest in land but precludes the entry from being a trespass. Since the entry is for a limited purpose and for a relatively short period of time, the landowner is not offered rental for the privileges requested. Where the landowner insists upon payment for the privileges requested, district engineers are authorized to negotiate short-term co-use leases, within the limits of existing regulations.

(b) Involuntary. Where rights-of-entry for survey and exploration or short-term co-use leases cannot be negotiated, the right-of-entry may be obtained through the institution of proceedings for the condemnation of a short-term co-use leasehold interest. This action is taken only where it can be shown that the entry is imperative and that it is impossible to negotiate a voluntary right-of-entry or short-term co-use lease.

§ 552.36 Rights-of-entry for construction.

(a) When authorized. Rights-of-entry for construction will be obtained by the district engineer only after a real estate directive or authorization to lease has been issued and then only when the construction schedule does not allow sufficient time to complete negotiations for an option to purchase or for a lease, as appropriate.

(b) Involuntary. Where a right-of-entry for construction cannot be negotiated, under the circumstances set forth in paragraph (a) of this section, a right-of-entry will be obtained through the institution of proceedings for the condemnation of fee title, an easement interest, or a leasehold interest, as appropriate.

§ 552.37 Acquisition by Chief of Engineers.

(a) Statutory authority. The Chief of Engineers, under the direction of the Secretary of the Army, is charged with the acquisition of all real estate for the use of the Department of the Army (10 U.S.C. 3038).

(b) Scope of responsibility. This authority is exercised by the Chief of Engineers, acting for the Secretary of the Army, in the acquisition of all real estate and interests therein for the use of the Department of the Army in continental United States, Territories, possessions, and the Commonwealth of Puerto Rico.

(c) Delegated authority. The Chief of Engineers or his duly authorized representative has authority to approve, for the Secretary of the Army:

(1) Fee, easement, and license acquisitions which do not exceed $5,000 for any one parcel and which constitute small tracts of additional land needed in connection with projects for which final Department of the Army, Department of Defense, and/or Congressional approval has been obtained, or which constitute rights-of-way for roads, railroads, and utility lines necessary to the construction, maintenance, and operation of an approved project.

(2) Leasehold acquisition where the estimated annual rental for any single leasehold does not exceed $25,000 and the acquisition is not controversial,
unusual, or inconsistent with Department of Army policies.

(3) Renewal or extension of leaseholds.

(4) Acquisition by permit of the right to use real property of another Government department or agency, except as to “general purpose” space from the General Services Administration and the Post Office Department and all space in the metropolitan District of Columbia area.

(d) Minor boundary changes. The Chief of Engineers, in accomplishing acquisition in accordance with Department of Defense and Department of the Army policies and with real estate directives and authorizations to lease issued by the Secretary of the Army or his designee, is authorized to make minor boundary changes to avoid severance damages, by including or excluding small tracts of land which will not decrease the usefulness of the area for the purpose for which it is being acquired.

(e) Responsibility for all negotiations. To avoid any possibility of misunderstanding by property owners and resultant embarrassment to the Department of the Army, under no circumstances will commitments be made either by negotiation or by dissemination of information to property owners, by any authority other than the Chief of Engineers. This is not intended to restrict the public notice and release of general information as set forth in §552.34(h).

(f) Approval of title. The written opinion of the Attorney General, in favor of the validity of the title, will be obtained for any site or land purchased by the United States. Unless expressly waived by the pertinent authorization act or other act of Congress, this opinion will be obtained prior to the expenditure of public money upon such site or land (section 355, as amended, of the Revised Statutes; 50 U.S.C. 175) except:

(1) Easements acquired for military purposes. (By agreement with the Attorney General, his opinion is obtained only in acquiring easements at a cost in excess of $100.)

(2) Leases and licenses.

(3) Jurisdiction of Government-owned land by transfer or use of Government-owned land by permit.

(g) Furnishing title evidence. The Chief of Engineers, acting under the authority of the Secretary of the Army, will procure any evidence of title required by the Attorney General. The expense of procurement, except where otherwise authorized by law or provided by contract, may be paid out of the appropriations for the acquisition of land or out of the appropriations made for the contingencies of the Department of the Army (section 355, as amended, of the Revised Statutes; 50 U.S.C. 175).

(h) Condemnation—(1) General. Fee title, easements, or leasehold interests may be acquired by the exercise of right of eminent domain through the institution of condemnation proceedings. These proceedings are instituted in the United States District Courts by the Attorney General, based upon requests from the Secretary of the Army. Normally, condemnation proceedings are instituted only after agreement cannot be reached with landowners or other parties in interest as to the value of the real property or interest therein to be acquired by the Government; where there are title defects which do not permit acquisition by purchase or lease, as appropriate; or where construction schedules or occupancy dates do not allow the Chief of Engineers sufficient time to conduct normal negotiations for options to purchase or lease.

(2) Vesting of title or other interest in the United States. Under a condemnation proceeding, title, or other interest condemned vests in the United States upon entry of final judgment in the proceeding. Where it is necessary to have title or other interest vested in the United States at an earlier date, a Declaration of Taking, signed by the Secretary of the Army, may be filed in the proceeding, with the petition or at any time before final judgment. Upon the filing of the Declaration of Taking and deposit in the court of the amount of estimated compensation, title or other interest condemned vests in the United States (Act of February 26, 1931; 46 Stat. 1421; 40 U.S.C. 258a).

[22 FR 9284, Nov. 21, 1957, as amended at 27 FR 6142, June 29, 1962]
§ 552.38 Acquisition of maneuver agreements for Army commanders.

(a) Authorization. After a maneuver is authorized by the Department of the Army, the Army commander will select the specific areas desired for use.

(b) Real estate coverage. Real estate coverage will be in the form of agreements with landowners, granting the right to conduct maneuvers at a given time or periodically. Short-term leases for exclusive use may also be acquired for special areas (such as headquarters areas, radio relay sites, base camp sites, field hospital sites, and supply dumps) and buildings needed for warehouses, ordnance shops and similar purposes directly related to the maneuver. Permits will also be obtained to cover the use of lands under the jurisdiction of another Government department or agency.

(c) Responsibility for negotiation and restoration. The appropriate division or district engineer will be responsible for negotiating maneuver agreements and short-term leases and, after the maneuver is completed, will be responsible for negotiating restoration settlements and/or releases, as appropriate.

§ 552.39 Acquisition of short-term leases by local commanding officers.

Local commanding officers are authorized, without approval by higher authority, to make leases of camp sites, buildings, and grounds, for troops; office and storage space for small detachments; garage or parking space; space for recruiting stations; and land or space for similar purposes, provided:

(a) Funds are available to the local commanding officer,

(b) Rental consideration conforms to the prevailing rate in the locality,

(c) The premises are to be occupied not longer than 3 months or in the case of Reserve training sites, not more than 90 days per year,

(d) Rental for the entire period of occupancy does not exceed $500, and

(e) Clearance is made with the General Services Administration, where required.

Subpart E—Solicitation on Military Reservations

§ 552.50 Purpose.

This regulation—

(a) Prescribes general policy on the solicitation and sale of all goods, services, and commodities, including all types of insurance, on military installations. These are sold or solicited by dealers, tradesmen, and their agents.

(b) Prescribes procedures for suspension of solicitation privileges.

(c) Prescribes policies and procedures for investigative and enforcement actions.

(d) Permits representatives of credit unions, banks, and approved non-profit associations to conduct national educational programs on—

(1) Insurance, estate planning, savings, and budgeting, and

(2) The protection and remedies afforded consumers under the Truth-in-Lending Act.

§ 552.51 Applicability.

(a) This regulation applies to—

(1) All Department of the Army military and civilian personnel, including Army National Guard and Army Reserve personnel on active duty or annual training.

(2) Individuals seeking to conduct commercial solicitation on military installations, including controlled housing areas. They will also be governed by regulations and controls of the local commander and, in overseas areas, by regulations of the unified or specified commander. They must also observe applicable laws, regulations, and agreements of the host country.

(b) The provisions of this regulation do not apply to—

(1) Commercial companies that furnish services to military installations (such as deliveries of milk, bread, and laundry) when they are authorized by the installation commander.

(2) An individual who sells his own personal property or privately owned dwelling.

[22 FR 9284, Nov. 21, 1957, as amended at 33 FR 10636, Dec. 31, 1968]
§ 552.52 Explanation of terms.

(a) Agent. Anyone who solicits the ordering or purchasing of goods, services, or commodities in exchange for money. "Agent" includes an individual who receives remuneration as a salesman for an insurer or whose remuneration is dependent on volume of sales or the making of sales.

(b) Solicitation. The conduct of any private business, including the offering and sale of insurance on a military installation, whether initiated by the seller or the buyer. (Solicitation on installations is a privilege as distinguished from a right, and its control is a responsibility vested in the installation commander, subject to compliance with applicable regulations.)

(c) Door-to-door solicitation. A sales method whereby an agent proceeds randomly or selectively from household to household without specific prior appointments or invitations. Door-to-door solicitation is not permitted on Army installations.

(d) Specific appointment. A prearranged appointment that has been agreed upon by both parties and is definite as to place and time.

(e) Insurer. Any company or association engaged in the business of selling insurance policies to Department of Defense (DOD) personnel.

(f) Insurance carrier. An insurance company issuing insurance through an association or reinsuring or reinsuring such insurance.

(g) Insurance policy. A policy or certificate of insurance issued by an insurer or evidence of insurance coverage issued by a self-insured association.

(h) DOD personnel. Unless stated otherwise, such personnel means all active duty officer and enlisted members, and civilian employees of the Armed Forces. This includes Government employees of all the offices, agencies, and departments carrying on functions on a Defense installation, including non-appropriated fund instrumentalities.

§ 552.53 Regulatory requirements.

Commanders may issue regulations governing solicitation within their commands and on their installations. These regulations will avoid discriminatory requirements which could eliminate or restrict competition.

When there is a clear need to prescribe more restrictive requirements for solicitation than those in this regulation or the regulations of the major commander, these additional requirements or restrictions must first be reviewed and confirmed by The Adjutant General Center (DAAG-FSI), or by the overseas commander.

§ 552.54 Solicitation.

The installation commanders may permit solicitation and transaction of commercial business on military installations. These solicitations and transactions must conform to installation regulations (CONUS and overseas) and must not interfere with military activities. No person may enter an installation and transact commercial business as a matter of right.

§ 552.55 Restrictions.

To maintain discipline; protect property; and safeguard the health, morale, and welfare of his personnel, the installation commander may impose reasonable restrictions on the character and conduct of commercial activities. Members of the Armed Forces must not be subjected to fraudulent, usurious, or unethical business practices. Reasonable and consistent standards must be applied to each company and its agents in their conduct of commercial transactions on the installation.

§ 552.56 Licensing requirements.

To transact personal commercial business on military installations in the United States, its territories, and the Commonwealth of Puerto Rico, individuals must present, on demand, to the installation commander, or his designee, documentary evidence that the company and its agents meet the licensing requirements of the State in which the installation is located. They must also meet any other applicable regulatory requirements imposed by civil authorities (Federal, State, county, or municipality). For ease of administration, the installation commander will issue a temporary permit to agents who meet these requirements.
§ 552.57 Authorization to solicit.
(a) Solicitation must be authorized by the installation commander. A specific appointment must be made with the individual and must be conducted in family quarters or in other areas designated by the installation commander. Before issuing a permit to solicit, the commander will require and review a statement of past employment. The commander will also determine, if practicable, whether the agent is employed by a reputable firm.
(b) Certain companies seeking solicitation privileges on military installations may arrange personal demonstrations of their products at social gatherings and advise potential customers on their use. If these added services are provided, even though the merchandise sold by these companies is similar to that stocked by the post exchange, the installation commander may authorize solicitation privileges. Requests for this type of solicitation privilege will be coordinated with the local Army and Air Force Exchange Service representative. See paragraph 3–2, Army Regulation 60–10.

§ 552.58 Other transactions.
Commercial transactions with other than individuals (such as non-appropriated fund activities) are restricted to the office of the custodian of the specific fund activity. Business will be conducted during normal duty hours.

§ 552.59 Granting solicitation privileges.
(a) Authorizations (permits) to solicit on Army installations will be in writing and will be valid for periods of 1 year or less.
(b) Particular caution must be taken when granting solicitation permission. The impression that permission is official indorsement or that the Department of the Army favors, sponsors, or recommends the companies, agents, or the policies offered for sale must not be conveyed. As continuing policy, the Department of the Army does not indorse any seller or product.

§ 552.60 Supervision of on-post commercial activities.
(a) General. (1) Installation commanders will ensure that all agents are given equal opportunity for interviews, by appointment, at the designated areas.
(2) DOD personnel will not act in any official or business capacity, either directly or indirectly, as liaison with agents to arrange appointments.
(3) Home address of members of the command or unit will not be given to commercial enterprises or individuals engaged in commercial solicitation, except when required by Army Regulation 340–17 and Army Regulation 340–21. The written consent of the individual must be obtained first.
(b) Hours and location for solicitation.
(1) Military personnel and their dependents will be solicited individually, by specific appointment, and at hours designated by the installation commander or his designee. Appointments will not interfere with any military duty. Door-to-door solicitation without a prior appointment, including solicitation by personnel whose ultimate purpose is to obtain sales (e.g., soliciting future appointments), is prohibited. Solicitors may contact prospective clients initially by methods such as advertising, direct mail, and telephone.
(2) Commanders will provide one or more appropriate locations on the installation where agents may interview prospective purchasers. If space and other factors dictate limiting the number of agents who may use designated interviewing areas, the installation commander may publish policy covering this matter.
(c) Regulations to be read by solicitors.
A conspicuous notice of installation regulations will be posted in a form and a place easily accessible to all those conducting on-post commercial activities. Each agent authorized to solicit must read this notice and appropriate installation regulations. Copies will be made available on installations. When practicable, as determined by the installation commander, persons conducting on-base commercial activities will be furnished a copy of the applicable regulations. Each agent seeking a permit must acknowledge, in writing,
that he has read the regulations, understands them, and further understands that any violation or non-compliance may result in suspension of
the solicitation privilege for himself, his employer, or both.

(d) Forbidden solicitation practices. Installation commanders will prohibit
the following:

(1) Solicitation during enlistment or induction processing or during basic
combat training, and within the first half of the one station unit training
cycle.

(2) Solicitation of “mass,” group, or “captive” audiences.

(3) Making appointments with or soliciting of military personnel who are
in an “on-duty” status.

(4) Soliciting without an appointment in areas used for housing or process-
ing transient personnel, or soliciting in barracks areas used as quar-
ters.

(5) Use of official identification cards by retired or Reserve members of the
Armed Forces to gain access to military installations to solicit.

(6) Offering of false, unfair, improper, or deceptive inducements to purchase
or trade.

(7) Offering rebates to promote trans-
action or to eliminate competition.
(Credit union interest refunds to bor-
rowers are not considered a prohibited
rebate.)

(8) Use of any manipulative, decep-
tive, or fraudulent device, scheme, or
artifice, including misleading adver-
tising and sales literature.

(9) Any oral or written representa-
tions which suggest or appear that the
Department of the Army sponsors or
endorses the company or its agents, or
the goods, services, and commodities
offered for sale.

(10) Commercial solicitation by an
active duty member of the Armed
Forces of another member who is jun-
ior in rank or grade, at any time, on or
off the military installation (Army
Regulation 600–50).

(11) Entry into any unauthorized or
restricted area.

(12) Assignment of desk space for
interviews, except for specific pre-
arranged appointments. During ap-
pointments, the agent must not display
desk or other signs announcing the
name of the company or product affili-
atation.

(13) Use of the “Daily Bulletin” or
any other notice, official, or unofficial,
announcing the presence of an agent
and his availability.

(14) Distribution of literature other
than to the person being interviewed.

(15) Wearing of name tags that in-
clude the name of the company or
product that the agent represents.

(16) Offering of financial benefit or
other valuable or desirable favors to
military or civilian personnel to help
or encourage sales transactions. This
does not include advertising material
for prospective purchasers (such as
pens, pencils, wallets, and notebooks,
normally with a value of $1 or less).

(17) Use of any portion of installation
facilities, to include quarters, as a
showroom or store for the sale of goods
or services, except as specifically au-
thorized by regulations governing the
operations of exchanges, commissaries,
non-appropriated fund instrumental-
ities, and private organizations. This is
not intended to preclude normal home
enterprises, providing State and local
laws are complied with.

(18) Advertisements citing addresses
or telephone numbers of commercial
sales activities conducted on the in-
stallation.

(e) Business reply system. Agents who
desire to use a business reply card sys-
tem will include the information on
the card which a military member can
complete to indicate where and when
the member can meet the agent to dis-
cuss the subject. The meeting place
should be that established in accord-
ance with paragraph (b)(2) of this sec-
tion, if the meeting is to be on the in-
stallation. This procedure should assist
in removing any impression that the
agent or his company are approved by
the Department of the Army. It should
further prevent an undesirable situa-
tion (e.g., military personnel paged on
a public address system or called by a
unit runner to report to the orderly
room).

§ 552.61 Products and services offered
in solicitation.

Products and services, including life
insurance, offered and sold on Army in-
stallations must comply with the laws
§ 552.65 Command supervision.

(a) All insurance business conducted on Army installation will be by appointment. When setting up the appointment, insurance agents must identify themselves to the prospective purchaser as an agent for a specific insurance company.

(b) Department of Defense personnel are expressly prohibited from representing any insurance company or dealing either directly or indirectly with any insurance company or any of the States (and other civil jurisdictions) in which the installations are located. If a dispute or complaint arises, the applicable State will make the determination (§ 552.56).

§ 552.62 Advertising rules and educational programs.

(a) The Department of the Army expects that commercial enterprises soliciting military personnel through advertisements appearing in unofficial military publications will voluntarily observe the highest business ethics in describing both the goods, services, and commodities and the terms of the sale (such as guarantees and warranties). If not, the publisher of the military publication will request the advertiser to observe them. The advertising of credit will conform to the provisions of the Truth-in-Lending Act, as implemented by Regulation Z, published by the Federal Reserve Board (12 CFR part 226).

(b) Commanders will provide appropriate information and educational programs to provide members of the Army with information pertaining to the conduct of their personal commercial affairs (e.g., the protections and remedies offered consumers under the Truth-in-Lending Act, insurance, Government benefits, savings, estate planning, and budgeting). The services or representatives of credit unions, banks, and nonprofit military associations approved by HQDA may be used for this purpose. The privilege of insurance solicitation on installations is conditioned on full compliance with this regulation and on the clear understanding that permission is not endorsement of the company or the policies offered for sale.

§ 552.63 “Cooling off” period for door-to-door sales.

The Federal Trade Commission Rule, 16 CFR part 429, p. 233, effective 7 June 1974, pertains to a cooling off period for door-to-door sales. The rule applies to any sale, lease, or rental of consumer goods or services with a purchase price of $25 or more, whether under single or multiple contracts, in which the seller or business representative personally solicits the sale, including those in response to or following an invitation by the buyer, and the buyer’s agreement or offer to purchase is made at a place other than the place of business of the seller. The purpose of the law is to allow the consumer the right to cancel a transaction at any time prior to midnight of the third business day after the date of the transaction. When any door-to-door sale or transaction takes place anywhere on or off the installation (other than the seller’s place of business) the consumer must be provided with a full and complete receipt or copy of a contract pertaining to the sale at the time of its execution which shall include the “cancellation statements” as required by the FTC rule.

§ 552.64 Sound insurance underwriting and programming.

The Department of the Army encourages the acquisition of a sound insurance program that is suitably underwritten to meet the varying needs of the individual and is within his financial means. Accordingly, insurance agents may conduct personal business on an installation, when feasible, with disinterested third-party counseling provided, interviewing hours set aside, and facilities supplied. However, the privilege of insurance solicitation on installations is conditioned on full compliance with this regulation and on the clear understanding that permission is not endorsement of the company or the policies offered for sale.

§ 552.65 Command supervision.

(a) All insurance business conducted on Army installation will be by appointment. When setting up the appointment, insurance agents must identify themselves to the prospective purchaser as an agent for a specific insurance company.

(b) Department of Defense personnel are expressly prohibited from representing any insurance company or dealing either directly or indirectly with any insurance company or any
recognized representative of an insurance company as an agent or in any official or business capacity for the solicitation of insurance to personnel on a military installation with or without compensation.

(c) In addition to the forbidden practices, installation commanders will prohibit the following:

(1) The use of a commercial insurance agent as a participant in any military-sponsored education or orientation program.

(2) The designation or announcement of any agent as “Battalion Insurance Advisor,” “Unit Insurance Counselor,” “SGLI Conversion Consultant,” or similar quasi-official titles.

§ 552.66 Actions required by agents.

(a) The agent must know that—

(1) Soldiers to be solicited are in grades E–1, E–2, or E–3, and

(2) The solicitation of these members is restricted to specified times and locations designated by the installation commander.

(b) Agents must leave information on the policy applied for with each member in grades E–1, E–2, and E–3 who applies for insurance and the unit insurance officer or counselor. Agents must complete DA Form 2056 (Commercial Insurance Solicitation Record). Blank DA Forms 2056 (not allotment forms) will be available to insurance agents on request. In the “Remarks” section of DA Form 2056, agents will include all pertinent information and a clear statement that dividends are not guaranteed if the presentation refers to dividends.

§ 552.67 Life insurance policy content.

Insurance policies offered and sold on Army installations must—

(a) Comply with the insurance laws of the States or country in which the installations are located. The applicable State insurance commissioner will determine such compliance if there is a dispute or complaint.

(b) Contain no restrictions because of military service or military occupational specialty.

(c) Not vary in the amount of death benefit or premium based on the length of time the policy has been in force, unless it is clearly described therein.

(d) For purposes of paragraphs (b) through (d) of this section, be stamped with an appropriate reference on the face of the policy to focus attention on any extra premium charges imposed and on any variations in the amount of death benefit or premium based on the length of time the policy has been in force.

(e) Variable life insurance policies may be offered provided they meet the criteria of the appropriate insurance regulatory agency and the Securities and Exchange Commission.

(f) Show only the actual premiums payable for life insurance coverage.

§ 552.68 Minimum requirements for agents.

(a) In the United States, its territories, and the Commonwealth of Puerto Rico, agents may be authorized to solicit on an installation provided—

(1) Both the company and its agents are licensed in the State in which the installation is located. “State” as it pertains to political jurisdictions includes the 50 States, territories, and the Commonwealth of Puerto Rico.

(b) On Army military installation in foreign areas.

(1) An agent may solicit business on U.S. military installations in foreign areas if—

(i) The company he represents has been accredited by DOD;

(ii) His name is on the official list of accredited agents maintained by the applicable major command;

(iii) His employer, the company, has obtained clearance for him from the appropriate overseas commanders; and

(iv) The commanding officer of the military installation on which he desires to solicit has granted him permission.

(2) To be employed for overseas solicitation and designated as an accredited agent, agents must have at least 1 year
of successful life insurance underwriting in the United States or its territories. Generally, this is within the 5 years preceding the date of application.

(3) General agents and agents will represent only one accredited commercial insurance company. The overseas commander may waive this requirement if multiple representation can be proven to be in the best interest of DOD personnel.

(4) An agent must possess a current State license. The overseas commander may waive this requirement on behalf of an accredited agent who has been continuously residing and successfully selling life insurance in foreign areas and forfeits his eligibility for a State license, through no fault of his own, due to the operation of State law or regulation governing domicile requirements, or requiring that the agent’s company be licensed to do business in that State. The request for a waiver will contain the name of the State and jurisdiction, which would not renew the agent’s license.

(5) An agent, once accredited in an overseas area, may not change his affiliation from the staff of one general agent to another, unless the losing company certifies, in writing, that the release is without justifiable prejudice. Unified commanders will have final authority to determine justifiable prejudice.

(6) Where the accredited insurer’s policy permits, an overseas accredited life insurance agent, if duly qualified to engage in security activities either as a registered representative of a member of the National Association of Securities Dealers or an associated person of a broker/dealer registered with the Securities and Exchange Commission only, may offer life insurance and securities for sale simultaneously. In cases of commingled sales, the allotment of pay for the purchase of securities cannot be made to the insurer.

(7) Overseas commanders will exercise further agent control procedures as necessary.

§ 552.69 Application by companies to solicit on military installations in the United States, its territories, or the Commonwealth of Puerto Rico.

Before a company may be accredited to solicit on a military installation, the commander must receive a letter of application, signed by the company’s president or vice president. It must be understood that a knowing and willful false statement is punishable by fine or imprisonment (18 U.S.C. 1001). The letter of application will—

(a) Report the States in which the company is qualified and licensed to sell insurance.

(b) Give the name, complete address, and telephone number of each agent who will solicit on the installation if approval is granted; the State in which licensed; the date of licensing and the expiration date; and a statement of agreement to report all future additions and separations of agents employed for solicitation on the installation.

(c) List all policies and their form numbers that are to be offered for purchase on the installation. Application will be offered for purchase and that these policies meet the requirements of § 552.67(d).

Attest that—

(1) The privilege of soliciting the purchase of life insurance is not currently suspended or withdrawn from the company by any of the military departments.

(2) The privilege of soliciting the purchase of life insurance is not currently suspended or withdrawn by any Armed Forces installations from any of the agents named.

(3) The company and the agent named have proper and currently validated licenses as required by § 552.68.

(4) The company assumes full responsibility for its agents complying with this regulation and with any regulations published by the installation commander.

§ 552.70 Applications by companies to solicit on installations in foreign countries.

(a) Each May and June only, DOD accepts applications from commercial
§ 552.71 Associations—general.

The recent growth of quasi-military associations offering various insurance plans to military personnel is recognized. Some associations are not organized within the supervision of insurance laws of either the Federal or State Government. While some are organized for profit, others function as nonprofit associations under Internal Revenue Service regulations. Regardless of how insurance plans are offered to members, the management of the association is responsible for assuring that all aspects of its insurance programs comply fully with the instructions of this regulation.

§ 552.72 Use of the allotment of pay system.

(a) Allotments of military pay will be made in accordance with Army Regulation 37–104–3. Allotments will not be made to an insurer for the purchase of a commingled sale (e.g., retirement plans, securities).

(b) Under no circumstances will agents have allotment forms in their possession or attempt to assist or coordinate the administrative processing of such forms.

(c) For personnel in grades E–1, E–2, and E–3, at least 7 days should elapse between the signing of a life insurance application or contract and the certification of an allotment. The purchaser’s commanding officer may grant a waiver of this requirement for good cause, such as the purchaser’s imminent permanent change of station.

§ 552.73 Minimum requirements for automobile insurance policies.

Policies sold on installations by both accepted and accredited insurers will meet all statutory and regulatory requirements of the State or host nation in which the installation is located. Policies will not be issued in amounts lower than the minimum limits prescribed by these authorities. In addition, policies will—

(a) Clearly identify the name of the insurer and the full address.

(1) Applications without the name and address of the insurer underwriting the insurance may be used; the names of sales or underwriting agents alone is not sufficient.

(2) Post office box addresses are not an acceptable address.

(b) Provide bodily injury and property damage liability coverage for all drivers authorized by the named insured to operate the vehicle. Military indorsements, excluding persons other than the named insured, whether in the military or not, are not acceptable.

(c) Not contain unusual limitations or restrictions, including, but not limited to, the following:

(1) Limitations specifying that coverage is afforded only when the insured vehicle is operated in the designated geographic areas in the United States (e.g., coverage applicable only on a military reservation). If the installation is located within the United States, the standard provision limiting coverage to the United States and Canada is acceptable.

(2) Coverage limited to exclude liability for bodily injury to passengers and guests if such a liability exists as a matter of law.

§ 552.74 Grounds for suspension.

The installation commander will deny or revoke permission of a company and its agents to conduct commercial activities on the installation if
§ 552.79 Suspension action.

(a) When suspended for cause, immediately notify the company and the agent, in writing, of the reason. When the installation commander determines that suspension should be extended throughout the Department of the Army (whether for the agent or his company), send the case to HQDA (DAAG-PSI) WASH DC 20314. Provide all factors on which the commander based his decision concerning the agent or company (exempt report, para 7−2o, Army Regulation 335–15). This notification should include—

(1) Copies of the “show cause” hearing record or summary,

(2) The installation regulations or extract,

(3) The investigation report with sworn statements by all personnel affected by or having knowledge of the violations,

(4) The statement signed by the agent as required in §552.60(c).
§ 552.80 Suspension period.

All solicitation privileges suspended by installation commanders will be for a specific time. Normally, it will not exceed 2 years. When the suspension period expires, the agent may reapply for permission to solicit at the installation authorizing the denial or suspension. Requests for suspension periods in excess of 2 years will be sent with the complete case to HQDA (DAAG-PSI) WASH DC 20314, for approval. Lesser suspension may be imposed pending decision.

§ 552.81 Agents or companies with suspended solicitation privileges.

Quarterly, HQDA will publish the names of agents and companies whose solicitation privileges have been suspended throughout the Department of the Army. If no change has occurred in the latest quarter, no list will be published.

§ 552.82 Exercise of “off limits” authority.

(a) In appropriate cases, installation commanders may have the Armed Forces Disciplinary Control Board investigate reports that cash or consumer credit transactions offered military personnel by a business establishment on post are usurious, fraudulent, misleading, or deceptive. If it is found that the commercial establishment engages in such practices; that it has not taken corrective action on being duly notified; and that the health, morale, and welfare of military personnel would be served, the Armed Forces Disciplinary Control Board may recommend that the offending business establishment be declared “off limits” to all military personnel. The procedures for making these determinations are in Army Regulation 190.24.

(b) On finding that a company transacting cash or consumer credit with members of the Armed Forces, nationwide or internationally, is engaged in widespread usurious, fraudulent, or deceptive practices, the Secretary of the Army may direct Armed Forces Disciplinary Control Boards in all geographical areas where this occurred to investigate the charges and take appropriate action.

§ 552.83 Standards of fairness.

(a) No finance charge contracted for, made, or received under any contract shall be in excess of the charge which could be made for such contract under the law of the place in which the contract is signed in the United States by the serviceman. In the event a contract is signed with a United States company in a foreign country, the lowest interest rate of the state or states in which the company is chartered or does business shall apply.

(b) No contract or loan agreement shall provide for an attorney’s fee in the event of default unless suit is filed in which event the fee provided in the contract shall not exceed 20 percent of the obligation found due. No attorney’s fees shall be authorized if he is a salaried employee of the holder.

(c) In loan transactions, defenses which the debtor may have against the original lender or its agent shall be good against any subsequent holder of the obligation. In credit transactions, defenses against the seller or its agent shall be good against any subsequent holder of the obligation provided that the holder had actual knowledge of the defense or under condition where reasonable inquiry would have apprised him of this fact.

(d) The debtor shall have the right to remove any security for the obligation beyond State or national boundaries if he or his family moves beyond such boundaries under military orders and notifies the creditor, in advance of the removal, of the new address where the security will be located. Removal of the security shall not accelerate payment of the obligation.
(e) No late charge shall be made in excess of 5 percent of the late payment, or $5 whichever is the lesser amount. Only one late charge may be made for any tardy installment. Late charges will not be levied where an allotment has been timely filed, but payment of the allotment has been delayed.

(f) The obligation may be paid in full at any time or through accelerated payments of any amount. There shall be no penalty for prepayment and in the event of prepayment, that portion of the finance charges which have insured to the benefit of the seller or creditor shall be prorated on the basis of the charges which would have been ratably payable had finance charges been calculated and payable as equal periodic payments over the term of the contract, and only the prorated amount to the date of prepayment shall be due. As an alternative, the ‘‘Rule of 78’’ may be applied, in which case its operation shall be explained in the contract.

(g) No charge shall be made for an insurance premium or for finance charges for such premium unless satisfactory evidence of a policy, or insurance certificate where State insurance laws or regulations permit such certificates to be issued in lieu of a policy, reflecting such coverage has been delivered to the debtor within 30 days after the specified date of delivery of the item purchased or the signing of a cash loan agreement.

(h) If the loan or contract agreement provides for payments in installments, each payment, other than the down payment, shall be in equal or substantially equal amounts, and installments shall be successive and of equal or substantially equal duration.

(i) If the security for the debt is repossessed and sold in order to satisfy or reduce the debt, the repossession and resale will meet the following conditions:

1. The defaulting purchaser will be given advance written notice of the intention to repossess;
2. Following repossession, the defaulting purchaser will be served a complete statement of his obligations and adequate advance notice of the sale;
3. He will be permitted to redeem the item by payment of the amount due before the sale, or in lieu thereof submit a bid at the sale;
4. There will be a solicitation for a minimum of three sealed bids unless sold at auction;
5. The party holding the security, and all agents thereof are ineligible to bid;
6. The defaulting purchaser will be charged only those charges which are reasonably necessary for storage, reconditioning, and resale; and
7. He shall be provided a written detailed statement of his obligations, if any, following the resale and promptly refunded any credit balance due him, if any.

(j) A contract for personal goods and services may be terminated at any time before delivery of the goods or services without charge to the purchaser. However, if goods made to the special order of the purchaser result in preproduction costs, or require preparation for delivery, such additional costs will be listed in the order form or contract. No termination charge will be made in excess of this amount. Contracts for delivery at future intervals may be terminated as to the undelivered portion, and the purchaser shall be chargeable only for that proportion of the total cost which the goods or services delivered bear to the total goods called for by the contract. (This is in addition to the right to rescind certain credit transactions involving a security interest in real estate provided by section 125 of the Truth-in-Lending Act, Pub. L. 90–321 (15 U.S.C. 1601) and §226.9 of Regulation Z (12 CFR part 226).)

Subpart F—Fort Lewis Land Use Policy

SOURCE: 51 FR 11723, Apr. 7, 1986, unless otherwise noted.

§552.84 Purpose.

(a) This regulation establishes procedures governing entry upon the Army training areas on Ft. Lewis, WA, designated in §552.84(c) of this section.

(b) These procedures have been established to ensure proper use of these Army training areas. Uninterrupted
military use is vital to maintain and improve the combat readiness of the US Armed Forces. In addition, conditions exist within these training areas which could be dangerous to any unauthorized persons who enter.

(c) This regulation governs all use of the Ft Lewis Military Reservation outside cantonment areas, housing areas, Gray Army Airfield, Madigan Army Medical Center, and recreational sites controlled by the Director of Personnel and Community Activities (DPCA). The areas governed are designated on the overprinted 1:50,000 Ft Lewis Special Map as Impact Areas, lettered Close-In Training Areas (CTAs), or numbered Training Areas (TAs), and are hereafter referred to as the range complex. A full sized map is located at the Ft Lewis Area Access Office, Bldg. T-6127.

§ 552.85 Applicability.
This regulation is applicable to all military and civilian users of the range complex.

(2) Authorized Department of Defense (DOD) patrons enroute to or using DPCA recreational areas (appendix A) are not required to possess a permit. Travel to and from DPCA recreational use areas is restricted to the most direct route by paved or improved two lane roads, and direct trail access. Other travel in the range complex is governed by this regulation.

(3) Recreational use of CTAs without permit is authorized only for DOD personnel of Ft. Lewis and their accompanied guests. Driving Privately Owned Vehicles (POV) in the CTAs is restricted to paved or improved gravel roads, except for direct trail access to DPCA recreational areas at Shannon Marsh and Wright’s Lake. Other recreational activities authorized in the CTAs for DOD personnel without permit are walking, jogging and picnicking at established picnic sites.

(4) Organizations or groups whose authorized recreational activity is of such a nature as to require special advanced confirmed commitments from Ft. Lewis for land, including Scout Camporees, seasonal or one-time regional meets, and so on, must apply to the Ft. Lewis Area Access Section in writing. If the area is available, the request will be forwarded to the Director of Engineering and Housing (DEH) for lease processing. Not less than 180 days are required for processing of these special requests. Organizations or groups whose activity requires military equipment or other special support from Ft. Lewis must also apply in writing. If a permit is granted, the special assistance request will be coordinated by the Public Affairs and Liaison Office (PALO). Sample request guide and mailing address are available for the Access Section.

The office is open 0700–1900 hours, seven days a week, for permit processing and access control. At other hours, Range Operations will take calls for access only.
§ 552.91 Individual permit procedures.

(a) Individuals desiring area access for authorized activities (see appendix C) must register in person at the Ft. Lewis Area Access Section, Bldg T–6127. (4) Names and ages of minor family members who will accompany a registered person.
(5) Liability release signature.

(c) A permit and a vehicle pass will be issued to each person authorized area access. The permit is not transferable. Entry to the range complex without the issued permit is forbidden.

(d) Other group write-in requests may be authorized for extraordinary circumstances.

§ 552.92 Group permit procedures.

(a) A collective permit will be issued to an organization desiring to conduct a group event. The group leader must register in person at the Ft. Lewis Area Access Section, Bldg T–6127, and must be 21 years of age or older except for active duty military personnel.

(b) Group registration requires the information listed in § 552.91, except that a legible list of names of all persons in the group is required in lieu of the names and ages of minors.

(c) Group permits will be issued with the requirement that all members of the group will be with the leader throughout the event. If the group plans to separate while still on post, sub-group leaders must be appointed and must each obtain a permit as noted in this section. The group leader permit is not transferable.

(d) Other group write-in requests may be authorized for extraordinary circumstances.

§ 552.93 Permit deadline and duration.

(a) Permits will be issued 0700–1900 hours daily and may be obtained no earlier than six months prior to the event date. Permits for authorized activities may be requested and issued on the day of the event, but must be in hand prior to individual or group entry on to the range complex.

(b) Permits for one-time events are valid for the duration of the event. Otherwise, permits are valid for six months and are not renewable. When a permit expires, the holder must re-apply as described in this section.

(c) Access hours are thirty minutes after daylight to thirty minutes before dark, except for authorized overnight activities and as outlined in FL Reg 215–1.

§ 552.94 Area access procedures.

(a) Holders of current permits desiring access must call the Ft. Lewis Area Access Section on the date of entry at the telephone numbers listed on the permit and state the area to be entered, estimated time of entry, and estimated time of departure. This check-in may also be done in person at the Ft. Lewis Area Access Section, Bldg T–6126. Procedures for permits and access for hunting and trapping are outlined on FL Reg 215–1.

(b) The Ft. Lewis Area Access Section will determine whether the area is available and, if so, authorize entry. If the area is not open for permit holders, and an alternate area cannot be provided, access will be denied. All calls and actions will be recorded on DA Form 1594 (Daily Staff Journal or Duty Officer’s Log).

(c) Permit holders must call or visit the Ft. Lewis Area Access Section immediately after leaving the authorized area to obtain checkout clearance. If a checkout is not received within three hours after the estimated time of departure, the Ft. Lewis Area Access Section will call the contact phone number in the permit holder’s record and, if necessary, initiate a search through the Military Police Desk. Permit holders who fail to call out twice will be
barred from area access for thirty days. A third failure to check out will result in suspension of the permit for the remainder of its normal duration or ninety days, whichever is longer.

(d) Failure to comply with the provisions of this paragraph shall subject all persons to the provisions of this section.

§ 552.95 Compatible use.

(a) Unit commanders may, during training area scheduling, request that no permit holders be allowed in their areas. Justification must be in the remarks column of HFL Form 473 (Range, Facility and Training Area Request). If this restriction is granted, the Ft. Lewis Area Access Section will close the appropriate areas. In the absence of a trainer’s request for closure, the following military activities are considered incompatible with non-training access and will, when scheduled, block affected areas:

(1) Live-fire training events with surface danger zones falling into training areas.

(2) Parachute and air assault operations.

(3) Field artillery firing. The numbered training area occupied by the weapons will be closed.

(4) Motorized infantry operations that will use the majority of the road net in a training area, traveling at higher than normal speeds.

(5) Training employing riot agents or smoke generating equipment.

(b) The Range Officer may close training areas based on multiple occupation by large units.

(c) Areas allocated to modern firearm deer hunting are closed to training and recreational activities. When State Fish and Game pheasant release sites can be isolated by swamps, streams, or roads from the rest of a training area, multiple occupancy is authorized.

§ 552.96 Violations.

1. The term “spouse” refers to a widow or widower of an eligible member, including the widow or widower of a member of the Armed Forces who was lost or buried at sea or officially determined to be permanently absent in a status of missing or missing in action. A surviving spouse who has remarried and whose remarriage is void, terminated by death, or dissolved by annulment or divorce by a court with basic authority to render such decree regains eligibility for burial in Arlington National Cemetery unless it is determined that the decree of annulment or divorce was secured through fraud or collusion.

2. An unmarried adult child may be interred in the same grave in which the parent has been or will be interred, provided that child was incapable of self-support up to the time of death because of physical or mental condition. At the time of death of an adult child, a request for interment will be submitted to the Superintendent of Arlington National Cemetery. The request must be accompanied by a notarized statement from an individual who has direct knowledge as to the marital status, degree of dependency of the deceased child, the name of that child’s parent, and the military service upon which the burial is being requested. A certificate of a physician who has attended the decedent as to the nature and duration of the physical and/or mental disability must also accompany the request for interment.

(h) Widows or widowers of service members who are interred in Arlington National Cemetery as part of a group burial may be interred in the same cemetery but not in the same grave.

(j) The parents of a minor child or unmarried adult child whose remains, based on the eligibility of a parent, are already buried in Arlington National Cemetery.
§ 553.16 Persons eligible for burial in Soldiers’ Home National Cemetery.

The Board of Commissioners of the US Soldiers’ and Airmen’s Home will prescribe rules governing burial in the Soldiers’ Home National Cemetery.
§ 553.17 Persons ineligible for burial in an Army national cemetery.

(a) A father, mother, brother, sister, and in-law is not eligible for interment by reason of relationship to an eligible service person even though he/she is dependent upon the service member for support and/or is a member of his/her household.

(b) A person whose last separation from one of the Armed Forces was under other-than-honorable conditions is not eligible for burial even though he may have received veterans benefits, treatment at a Veterans Administration hospital or died in such a hospital.

(c) A person who has volunteered for service with the Armed Forces but has not actually entered on active duty.

(d) Nonservice-connected spouses who have been divorced from the service-connected members or who have remarried after the interment of the service-connected spouse and whose remarriage is still valid are not eligible because of the decedent’s service.

(e) Dependents are not eligible for burial in Arlington National Cemetery unless the Service-connected family member has been or will be interred in that cemetery. This does not apply to widows or widowers of members of the Armed Forces lost or buried at sea or officially determined to be permanently absent in a status of missing or missing in action.

§ 553.18 Assignment of gravesites.

(a) Under present policy of the Department of the Army, only one gravesite is authorized for the burial of a service member and eligible family members.

(b) Gravesites will not be reserved.

(c) Gravesite reservations made in writing before the one-gravesite-per-family unit policy was established will remain in effect as long as the reserve remains eligible for burial in Arlington.

§ 553.19 Disinterments.

(a) Interments in Arlington National Cemetery of eligible decedents are considered permanent and final, and disinterments will be permitted only for cogent reasons. Disinterments and removal of remains will be approved only when all living close relatives of the decedent give their written consent or when a court order directs the disinterment.

(b) All requests for authority to disinter remains will include the following information:

(1) A full statement of reasons for the proposed disinterment.

(2) Notarized statements by all close living relatives of the decedent that they interpose no objection to the proposed disinterment. “Close relatives” are widow or widower, parents, adult brothers and sisters, and adult children of the decedent and will include the person who directed the initial interment, if living, even though the legal relationship of that person to the decedent may have changed.

(3) A sworn statement by a person who knows that those who supplied affidavits comprise all the living close relatives of the deceased, including the person who directed the initial interment.

(c) In lieu of the documents required, an order of a court of competent jurisdiction will be recognized. The Department of the Army or officials of the cemetery should not be made a party or parties to the court action since this is a matter that concerns the family members involved.

(d) Any disinterment that may be authorized under this paragraph must be accomplished without expense to the Government.

§ 553.20 Headstones and markers.

All graves in Army national cemeteries will be appropriately marked in accordance with 24 U.S.C. 279. Government headstones and markers are provided by the Veterans Administration in accordance with the provisions of the National Cemeteries Act of 1973. When requested by the next of kin, an appropriate memorial headstone or marker will be furnished by the Veterans Administration and erected by cemetery personnel in a memorial section of the cemetery which has been set aside for this purpose. Headstones will be of white marble, upright slab design.
§ 553.21 Monuments and inscriptions at private expense.

(a) The erection of markers and monuments at private expense to mark graves in lieu of Government headstones and markers is permitted only in sections of Arlington National Cemetery in which private monuments and markers were authorized as of 1 January 1947. These monuments will be of simple design, dignified, and appropriate to a military cemetery. The name of the person(s) or the name of an organization, fraternity, or society responsible for the purchase and erection of the marker will not be permitted on the marker or anywhere else in the cemetery. Approval for the erection of a private monument will be given with the understanding that the purchaser will make provision for its future maintenance in the event repairs are necessary. The Department of the Army will not be liable for maintenance of or damage of the monument.

(b) Where a monument has been erected to an individual interred in Arlington National Cemetery and the next of kin desires to have inscribed on it the name and appropriate data pertaining to a deceased spouse, parent, son, daughter, brother, or sister whose remains have not been recovered and who would have been eligible in their own right for burial in Arlington, such inscriptions may be incised on the monument at no expense to the Government. The words “In Memoriam” or “In Memory Of” are mandatory elements of these inscriptions.

(c) Except as may be authorized for marking group burials, ledger monuments of freestanding cross design, narrow shafts, mausoleums, or overground vaults are prohibited. Underground vaults may be placed at private expense, if desired, at the time of interment.

(d) Specific instructions concerning private monuments and markers are contained in TM 10–287.

§ 553.22 Visitors’ rules for the Arlington National Cemetery.

APPENDIX A TO PART 555—DIRECTOR OF DEFENSE RESEARCH AND ENGINEERING

JUNE 14, 1974.

MEMORANDUM FOR ASSISTANT SECRETARIES OF THE MILITARY DEPARTMENTS (R&D)

Subject: Non-Defense Work in DoD Labs and R & D Facilities.

The Deputy SECDEF, in his memorandum of 21 January 1972 to the Secretaries of the Military Departments, on the above subject, (enclosure 1), outlined broad policy considerations for the DoD Laboratory Consortium formed to coordinate non-defense work being performed by them for other government organizations. In order to establish more precise guidelines for the Consortium, an operating policy has been developed (enclosure 2) which establishes criteria for Consortium membership and the type of work that may be undertaken. Also, the following additional constraints are placed upon the operation of this Consortium:

- The expenditure of in-house effort in any one laboratory shall be limited to 3% of the professional man-years at that laboratory unless expressed approval of the parent Military Department is granted to exceed this limit.
- The DoD commitment to support the brokerage function at the National Science Foundation shall not exceed two man-years, performed selected projects for other agencies upon request. Recently, fifteen of these laboratories have formed a consortium for the purpose of coordinating the non-defense work being performed by them for other government organizations. Although the level of effort is a very small percentage in these laboratories at the present time, the aggregate can have a substantial beneficial impact on domestic programs.

It is generally conceded that the most efficient transfer of technology occurs when the adaptation of a technology to a new purpose is carried out by the team which carried out the original development. Recognizing this, the Federal Council on Science and Technology (FCST) has approved a “Policy for Expanded Interagency Cooperation in Use of Federal Laboratories” (attached). I endorse the spirit and intent of this policy.

The Military Services are encouraged to participate in this endeavor consistent with mission and legislative constraints. The level of effort in any laboratory is the prerogative of the cognizant Military Department which may, in turn, issue more detailed policy guidance as appropriate. Any Military Department policy shall be subject to the following considerations:

(a) The level of effort of the work undertaken shall be such that it does not impede the accomplishment of the missions of the Military Services and the defense laboratories.
(b) The projects selected for non-defense work shall be compatible with the technological capability of the laboratory performing the work.
(c) Projects may be undertaken in support of federal, state and local government organizations. Non-defense work will be performed for the private industrial sector only on an exception basis.
(d) The full costs of projects undertaken shall be supported by transfer of funds through formal written agreements.
(e) Jointly sponsored projects are permitted when there is also a direct application to a Military requirement. The commitment of funds and resources to joint programs shall be commensurate with the interest of each agency in the project.

The Assistant Secretary of Defense (Comptroller) shall explore with the Office of Management and Budget means for providing relief from any imposed manpower constraints to the extent of the DoD participation in non-defense work.
Operating Policy of the Department of Defense Technology Transfer Consortium

Purpose—The purpose of this policy is to establish the basic framework and direction of the Department of Defense (DOD) Technology Transfer Consortium.

Background—The DOD currently funds approximately half of the total Federal expenditure for R&D. Civil government agencies are expressing an increased interest in the exploitation of defense technology for the solution of problems in the civil sector. The Military Departments have been encouraged to cooperate in this endeavor, subject to considerations promulgated by the Secretary of Defense.

Consortium Purpose—The DOD Laboratories are a source of technology for the solution of these civil sector problems which are amenable to technological solutions. The primary role of the in-house laboratories is to provide a research and development base for the development of systems required to fulfill the national security mission of the DOD. However, these laboratories can serve a vital secondary role in the adaptation of technology to other fields and areas of need to the extent that it does not adversely impact on the primary DOD mission. A consortium of DOD Laboratories is formed for the purpose of coordinating interactions with other Federal Agencies and technology users at federal, state, and local level, and of coordinating the efforts in this endeavor. The technology transfer consortium is an association of DOD Laboratories working together through an informal affiliation. The main thrust of the consortium activity is through the individual and cooperative efforts of the laboratories involved, with an emphasis on the transfer and adaptation of technology through person-to-person mechanisms.

Criteria for Laboratory Consortium Membership. The following criteria for the participation of a DOD Laboratory in Consortium activities shall apply:

- The participation of any laboratory shall be undertaken with the full knowledge of the parent Military Department and the director or commander of the laboratory.
- For each participating laboratory an individual shall be designated by name to represent that laboratory to the consortium, and to coordinate the technology transfer activities of that laboratory. Procedures should be adopted within each laboratory to preclude the dilution of the efforts of middle and top level management by their involvement in the administrative aspects of the technology transfer effort.
- Any laboratory may withdraw from the Consortium by notifying the Consortium Chairman of this intent.

Criteria for Conduct of Work—It is the view of the Consortium that the civil sector should rely on the private enterprise system to provide those services which are reasonably and expeditiously available through ordinary business channels. The laboratories shall attempt to provide a supplemental resource that is not technically available or that is obtainable only at an excessive cost. Such services shall not supplant existing private or industrial resources but are offered to enable other Federal agencies, State and local governments to avoid unnecessary duplication of special service functions.

The following criteria shall apply for the conduct of work undertaken in the technology transfer program:

- In order for work to be undertaken for any government organization each of the following criteria must be satisfied:
  a. Laboratory staff will not increase as a result of the additional work.
  b. Laboratory facilities will not be added for non-DOD work.
  c. Proposed work should relate to a laboratory’s area of particular expertise and the laboratory should be a significant resource in the particular subject area.
  d. A determination should be made that the laboratory’s background, experience and facilities are such that private industry could not perform the work except at a significantly increased cost.
- The major emphasis of the Technology Transfer Consortium should be directed to:
  a. The transfer or adaptation of existing technology, either directly, or after being subjected to adaptive engineering.
  b. The preparation of documentation and technical assistance in those activities unique to the mission of the DOD laboratories.
- Work will be performed for private industry only on an exception basis, such as when the laboratory possesses unique facilities that are required and which are not available in the private sector.
- Description of the work to be accomplished and the funds to be transferred will normally be specified in a formal interagency agreement.
- All costs shall be recovered from the receiving government organization, including realistic overhead costs, except that cooperative developments on a shared cost basis are encouraged where there is a distinct military application.
- Laboratory production of hardware shall normally be limited to prototypes or test units required to prove feasibility.
- Adaptive engineering shall not be performed on technological innovations for which a patent application has been made by a private industrial firm unless permission is received in writing from that firm. Technical, consulting, and support services will not normally be furnished another agency on a continuing basis.
• Work in the form of analytic services shall not normally be undertaken in areas where comparable expertise exists in competitive industry. An exception to this provision is acceptable in areas of problem definition where existing Defense technology offers a unique potential solution.

§ 562.1 Purpose.
This regulation gives policies for conducting the Army’s Senior Reserve Officers’ Training Corps (ROTC) Program.

§ 562.2 Applicability.
This regulation applies to the program given at college level institutions and at the college level in military junior colleges.

§ 562.3 Definitions.
The following terms apply to the Army’s Senior Reserve Officers’ Training Corps Program:

(a) Academic year. A period covering two semesters, or the equivalent, in which a student should complete one-fourth of the baccalaureate degree requirements under a 4-year college curriculum, or one-fifth of the requirements under a 5-year curriculum. The vacation period or summer session which follows is not normally included.

(b) Advanced camp. The advanced camp training period held on a military installation. This is part of the advanced course and normally attended between Military Science (MS)-III and MS-IV. (The Ranger camp is an acceptable alternate).

(c) Advanced course. The Senior ROTC 2-year advanced course of study (MS-III and MS-IV), including advanced camp. This advanced study normally taken by the cadet during his/her junior and senior years in college (freshman and sophomore years in a military junior college (MJC)).

(d) Basic camp. The 6-week ROTC training course held at a military installation. This course is normally taken before the applicant’s junior academic year. It is a prerequisite to enrollment in the 2-year ROTC program.

(e) Basic course. The 2-year senior ROTC basic course (MS-I and MS-II) normally pursued by the cadet during freshman and sophomore years in college.

(f) Branch material. Designation of a course of instruction designed to prepare the cadet for appointment as a commissioned officer in a specific branch of the Army. A branch material unit may offer training in one or more specific branches.

(g) Cadet. A term applied to each enrolled member of the ROTC program, including alien students in MS-I or MS-II. As a grade of rank, this term applies only to advanced course cadets.

(h) Four-year Senior ROTC Program. The 4-year Senior ROTC Program consisting of 4 years of military science (MS-I, -II, -III, and -IV), and ROTC advanced camp.

(i) General military science (GMS). A ROTC instruction program to prepare a cadet for appointment as a commissioned officer in any branch of the Army for which he/she is qualified.

(j) Military science (MS). The Senior ROTC curriculum which consists of two courses, the basic course (MS-I and MS-II) and the advanced course (MS-III and MS-IV).

(k) Professor of Military Science (PMS). The academic and military title of the senior commissioned Army officer assigned to a Senior ROTC unit.

(l) Region commander. The commanding general of a U.S. Army ROTC Region who is responsible for the operation, training, and administration of the ROTC program within his/her geographical area. Region commanders are located at:

(1) US Army First ROTC Region, Fort Bragg, NC 28307.

(2) US Army Second ROTC Region, Fort Knox, KY 40121.
§ 562.4 Objectives.

The objectives of the ROTC program are to:

(a) Attract, motivate, and prepare students with potential to serve as commissioned officers in the Regular Army or the US Army Reserve.

(b) Understand the concepts and principles of military art and science.

(c) Develop potential to lead and manage.

(d) Understand other professions.

(e) Develop integrity, honor, and responsibility.

(f) Appreciate the need for national security. Attaining these objectives prepares students for commissions and establishes a basis for future professional development and performance in the Army.

§ 562.5 Policies.

(a) The ROTC draws young men and women from all geographic areas and all strata of our country. It uses the many educational disciplines required for the modern Army. The ROTC ensures that men and women educated in a variety of American schools of higher learning are commissioned annually in the Army officer corps. In the future, the ROTC will continue to be the major source of newly commissioned officers for the Active Army, both Regular Army and Reserve forces. In addition, ROTC provides an advantage both to the Army and institutions of higher learning by assisting in the education of future Army Officers and providing a communication link between our military leaders and our developing students.

(b) The Army Senior ROTC program is a cooperative effort, contracted between the Army and host institution to provide junior officer leadership in the interest of national security. The Army maintains a cordial and cooperative relationship with host institutions. The Army’s goal is to continue to develop well-educated young men and women with potential as leaders in both civilian enterprise and national defense. The Army is receptive to valid criticism, regardless of source, as a means of maintaining a workable program. The right of orderly campus dissent is recognized. However, anti-ROTC activities which degrade and distort the Army image cannot be ignored. Consequently, the Army must look to its institutional hosts to provide campus support for the ROTC program.

(c) The program meets changing educational philosophies and concepts. It gives a flexible course of study in the changing environment of the academic community. A curriculum in the ROTC program is not restricted to classroom teaching. Program objectives may be satisfied in a variety of ways. A program may include a curriculum of other than classroom instruction if: it provides stated learning results, it is adopted by the host institution as part of its curriculum, and it follows the program of instruction published by the US Army Training and Doctrine Command. The PMS has authority, subject to limits set by the region commander, to develop courses that accomplish program objectives of the host institution. Activities which are part of the host school’s curriculum require the same degree of support as other elements of the curriculum. The goal of the ROTC program is to commission well-educated young men and women in the Army.

(d) The PMS is responsible to see that each cadet realizes the importance of choice of branch preferences and what is involved in making an intelligent selection. Each graduating cadet by Army policy is assigned to the branch indicated by personal preference, academic major, physical qualifications, ROTC training, and demonstrated abilities, whenever possible. However, the assignment must be made by the needs of the service and may

(c) Students desiring enrollment in a unit must:

1. Be enrolled in and attending fulltime a regular course of instruction at a school participating in the program.

2. Be a citizen of the United States.

3. Be at least 17 years of age.

4. Be physically capable of participating in the program.

§ 564.38 For whom authorized.

(a) In line of duty. Medical care is authorized for members who incur a disease or injury in line of duty under the following circumstances:

(1) When a disease is contracted or injury is incurred while enroute to, from, or during any type of training or duty under sections 503, 504, 505, and for Guardmembers on orders for over 30 days performing duty under section 502f of title 32, U.S.C. Such training includes, but is not limited to annual training, maneuvers and field exercises, service schools, small arms meets, and FTTD under aforementioned sections.

(2) When an injury is incurred while engaged in any type of training under section 502 of title 32, U.S.C. Such training includes, but is not limited to, unit training assembly, multiple unit training assembly, and training in aerial flight, other than FTTD under 502f.

(3) While not on duty and while voluntarily participating in aerial flights in Government-owned aircraft under proper authority and incident to training. Guardmembers are authorized medical and dental care required as the
result of an injury incurred in line of duty.

(4) Medical care is not authorized at Army expense for members who incur an injury while enroute to or from any type of training under section 502, except for Guardmembers ordered to perform duty for over 30 days under section 502f of title 32, U.S.C. Line of duty investigations and authorization for any medical treatment for conditions incurred while the members were performing Reserve Enlistment Program of 1963 (REP 63) training in a Federal status, or training under title 10, U.S.C. are the responsibility of the Army Area commander under whose jurisdiction the member was training, even though the individual may have returned to his/her National Guard status.

(b) Not in line of duty. Members who incur an injury or contract a disease during any type of training or duty under sections 502f, 503, 504, or 505 of title 32, U.S.C., when it is determined to be not in line of duty, may be furnished medical care at Army expense during the period of training.

(c) Armory drill status. Members who incur an injury while in an armory drill status under section 502 of title 32, U.S.C., when it is determined to be not in line of duty, may not be furnished medical care at Army expense.

§ 564.39 Medical care benefits.

(a) A member of the ARNG who incurs a disease or injury under the conditions enumerated herein is entitled to medical care, in a hospital or at his/her home, appropriate for the treatment of his/her disease or injury until the resulting disability cannot be materially improved by further medical care.

(b) If it is determined that the disease or injury was directly related to authorized activities surrounding the care of the original disease or injury, medical care may be continued in the same manner as if it had occurred during the training period.

(c) When members who incur a disease or an injury during a period of training or duty under title 32, U.S.C. 503, 504, 505, or 502f are admitted to an Army medical treatment facility, and it appears that a finding of “not in line of duty” may be appropriate, a formal line of duty investigation should be promptly conducted, and a copy of the report furnished the treatment facility. If these findings result in a “not in line of duty” determination prior to the date the training is terminated, every effort should be made to assist the hospital concerned in disposing of the patient from the hospital by the date the training is terminated or as soon thereafter as he/she becomes transportable. Medical care furnished such member after the termination of the period of training is not authorized at Army expense unless the “not in line of duty” determination is ultimately reversed. The individual may be furnished medical care at Army expense from the date the training is terminated to the date the member receives notification of this action. Medical care received subsequent to the member’s receipt of such notification is not authorized at Army expense. In the event a line of duty investigation has not been made by the date the training is terminated, every effort will be made to arrive at a determination as soon thereafter as possible.

§ 564.40 Procedures for obtaining medical care.

(a) When a member of the ARNG incurs a disease or an injury, while performing training duty under sections 502–505 of title 32, U.S.C., he/she will, without delay, report the fact to his/her unit commander. Each member will be informed that it is his/her responsibility to comply with these instructions, and that failure to promptly report the occurrence of a disease or injury may result in the loss of medical benefits.

(b) Authorization for care in civilian facility. (1) An individual who desires medical or dental care in civilian medical treatment facilities at Federal expense is not authorized such care without written or verbal authorization by the Chief, National Guard Bureau or his/her designee, except in an emergency.

(2) When medical care is obtained without prior authorization, the details will be submitted to NGB-ARS as

Determination of requirement for continued hospitalization will be made by the MTF commander. Paragraph (d) of this section will apply when a final “not in line of duty” determination has been made. Under no condition will an individual be assigned to the medical holding unit of a hospital.

(d) Disposition of hospitalized cases. When it is determined that a hospitalized ARNG member has obtained the maximum benefits from hospitalization and there is no disability remaining from the condition for which hospitalized, he/she will be returned to his/her duty station or, if none, to his/her home of record at the time of entry into the hospital.

CLAIMS FOR DAMAGES INVOLVING THE NATIONAL GUARD AND AIR NATIONAL GUARD

§ 564.51 Purpose.

Sections 564.51 to 564.58 are published for the information and guidance of all concerned to implement the statutory authority by defining the claims payable thereunder and the procedure for establishing, determining, and settling such claims. They provide the exclusive authorization and procedure for the determination and settlement of claims within the following statutory authority.

§ 564.52 Statutory authority.

(a) Limited authority for the payment of claims arising out of National Guard and Air National Guard activities has been granted annually for several years by provisions of the annual Appropriations Act for the Department of Defense. A recent provision is as follows:

The following sums are appropriated, * * * For payment of * * *, claims (not to exceed $1,000 in any one case) for damages to or loss of private property incident to the operation of Army and Air National Guard camps of instruction, either during the stay of units of said organizations at such camps or while en route thereto or therefrom; * * * (Act of August 1, 1953, Public Law 179, 83d Cong.).

(b) In accordance with general principles of law, the National Guard and the Air National Guard when not in Federal service are not agencies of the United States, and the United States is not liable for injury or damage arising from their activities. Thus, claims for such injury or damage are not cognizable under the Federal Tort Claims Act, as revised and codified (62 Stat. 982, 28 U.S.C. 3671–80). By the statutory provisions referred to in paragraph (a)
of this section, the United States assumes an obligation to settle administratively limited classes of claims relating to activities of the National Guard and the Air National Guard.

§ 564.53 Definitions.

As used in §§ 564.51 to 564.58, the following terms shall have the meaning hereinafter set forth:

(a) Claim. A written demand for payment in money.

(b) Private property. Real or personal property, excluding property owned by any government entity, Federal, State, city, county, or town, and excluding stocks, bonds, choses in action, debts, and insurance policies.

(c) Camps of instruction. Regularly scheduled training for units in organized camps, or bivouacs and maneuvers away from such camps constituting part of such training.

(d) While en route thereto or therefrom. The period of time during which a unit as distinguished from its individual members if travelling from its rendezvous to a camp of instruction or return, or from the camp of instruction or on a regularly scheduled maneuver and return thereto, and the routes followed by the unit. The term does not include the movement of individuals.

(e) Proximate cause. No precise definition of this term can be given. Whether acts or omissions of personnel constitute proximate cause must be determined in accordance with the local law. In general, an act or omission may be said to have been a proximate cause of the accident or incident if it was one of the impelling forces resulting in the accident or incident. For example, in a rear-end collision, the failure of the driver of the following car to stop in time is said to be the proximate cause of the accident. But, if the driver of the leading car stopped so suddenly and without warning that the second car, using the utmost diligence, could not have stopped, the conduct of the driver of the leading car would be said to have been the proximate cause of the accident. An act or omission without the existence of which the accident or incident would not have occurred but which cannot be said to have brought it about is a condition and would not constitute a basis for liability, or, if committed by the claimant, would not constitute a basis for denial of his claim. For example, violations of statutes or ordinances providing standards of safety may be negligence in themselves, but may not constitute the bases of liability or for denial of a claim.

(f) Scope of employment. Scope of employment is determined in accordance with the law of the place where the accident or incident occurred, except that statutes in derogation of the common law, such as statutes creating a presumption that an employee is in scope of employment if using the employer’s car with permission, are not controlling. An act or omission is within the scope of employment if such activity is expressly or impliedly directed or authorized by competent authority or is at least in part intended to further the mission of the unit or organization, or the interests of the National Guard or the Air National Guard. In determining whether an act or omission was within the scope of employment, consideration must be given to all the attendant facts and circumstances, including the time, place, and purpose thereof; whether it was in furtherance of the omission of the unit of the National Guard or Air National Guard; whether it was usual for or reasonably to be expected of personnel of the classification and grade involved; and whether the instrumentality causing the damage or injury resulted was property of the National Guard or Air National Guard, or of a State or the Federal Government being used by the National Guard or Air National Guard.

§ 564.54 Claims payable.

Claims for damage to or loss of private property proximately resulting from authorized activities incident to the operation of camps of instruction, including maneuvers, field exercises, training of units and personnel, movement of vehicles, operation of aircraft, maintenance and support of units and personnel, tortious acts or omissions of
military personnel or civilian employees of the National Guard or Air National Guard in the scope of employment, and claims arising under a contract, executed incident to camps of instruction, even though legally enforceable under the express terms of the contract and no other, are payable under §§564.51 to 564.58.

§ 564.55 Claims not payable.
(a) Contributory negligence. Negligence or wrongful act of the claimant or of his agent or employee, a proximate cause of the accident or incident, bars a claim. The law of the place where the accident or incident occurred will be followed in determining whether contributory negligence is present but the doctrine of comparative negligence will not be applied.
(b) Personal injury. Claims for personal injury are not cognizable under the act of §§564.51 to 564.58.
(c) Use and occupancy. Claims for use and occupancy, payment of which is governed by the terms of a lease or contract, are not cognizable under §§564.51 to 564.58.

§ 564.56 Action by claimant.
(a) Who may present a claim. A claim for damage to or loss of private property may be presented by the owner, or his agent or legal representative. The word “owner”, as so used, includes bailees, lessees, mortgagees, conditional vendors, and subrogees, but does not include mortgagees, conditional vendors, and others having title for purposes of security only. If filed by an agent or legal representative, the claim should be filed in the name of the owner, signed by such agent or legal representative, showing the title or capacity of the person signing, and be accompanied by evidence of the appointment of such person as agent, executor, administrator, guardian, or other fiduciary. If filed by a corporation the claim should show the title or capacity of the officer signing it and be accompanied by evidence of his authority to act. In case of the death of the proper claimant, if it appears that no legal representative has been or will be appointed, the claim may be presented by any person who, by reason of the family relationship, has in fact in-
occurred the expense for which the claim is made.
(b) Form of claim. A claim shall be submitted in the form of a statement signed by the claimant, setting forth his address, and stating briefly all the facts and circumstances relating to the damage for which compensation is claimed, including a description of the property, evidence of its value, the nature and extent of the damage, the date and place such damage was incurred, the agency by which it was caused, if known, and the amount. Standard Form 95 (Claim for Damage or Injury), appropriately modified by deleting references to “injury” and “personal injury,” may be used for this purpose. The claim and all papers accompanying it which are signed by the claimant should bear like signatures.
(c) Time within which claim must be presented. A claim cognizable under §§564.51 to 564.58 must be submitted within two years of the date of occurrence of the accident or incident.
(d) Place of filing. A claim cognizable under §§564.51 to 564.58 must be presented in writing to the adjutant general, or his duly authorized representative, of the State, Territory, Commonwealth, or District of Columbia, having jurisdiction over the personnel or unit involved in the accident or incident out of which the claim arose, or to the office of the Chief, National Guard Bureau, The Pentagon, Washington, DC 20310.
(e) Evidence to be submitted by claimant—(1) General. A claim for damage to or loss of private property must be specific and substantiated by evidence of the damage or loss. A mere statement that such property was damaged or lost and that a certain amount is a fair compensation therefor is not sufficient to support a claim.
(2) Motor vehicles, buildings, fences, and other structures. The claimant must submit, if repairs or replacement has been effected, itemized bills therefor, signed and certified as just and correct by the repairman or suppliers, together with evidence of payment thereof, if made; if repairs or replacement has not been effected, an estimate of the cost thereof signed by a person competent to effect such repairs or replacement.
(3) Crops, trees, land, and other realty. The claimant must submit an itemized signed estimate of the cost of repairs or restoration of the property, supported by evidence of the number of acres of land, crops, or trees involved, the normal yield per acre and the market value of the property per unit of measure common to the property damaged, or the estimated length of time the land will be unfit for grazing, the normal rental value per acre of similar land in the vicinity, and such other information as may be necessary.

(4) Contracts. A copy of the contract, or competent evidence of the provisions thereof, will be furnished by the claimant in support of a claim cognizable under §564.54.

(5) Additional evidence. The claims officer, the interested State adjutant general, or the Chief National Guard Bureau, may require the claimant to submit such additional evidences as he deems necessary to substantiate the claim, including, without limiting the generality of the foregoing, estimates of cost, of repairs from repairman other than those whose estimates the claimant has submitted with the claim and evidence of ownership of or interest in the property.

§ 564.57 Procedure.
Responsibility for the investigation of claims cognizable under §§564.51 to 564.68 and of accidents or incidents which may give rise to such claims rests in the adjutants general of the several States. Accordingly, claims received by the National Guard Bureau, or other agencies of the United States, will be referred to the adjutants general of the interested States. Regulations promulgated by the State adjutants general should require the prompt investigation of all accidents or incidents which might result in claims cognizable hereunder, whether or not claims have been filed.

§ 564.58 Determination of amount allowable.
(a) The maximum amount which may be allowed is the value of the property immediately prior to the accident or incident. Subject to the foregoing, the amount allowable is the cost, incurred or estimated to be incurred, of replacing the property, or of restoring it to the condition in which it was immediately prior to the accident or incident. However, if as the result of the repairs effected, the value of the property is appreciably enhanced, a sum equal to the increase in value will be deducted from the cost of restoring the property in determining the amount allowed. Conversely, if after the repairs have been effected, the value of the property is appreciably less than that prior to the accident or incident, the difference in value will be added to the cost of repairs in determining the amount allowed. However, no award in excess of the amount claimed may be made.

(b) In determining the amount allowable for repairs, the permanency of parts replaced will be considered and deductions made for depreciation as appropriated. Thus, an automobile tire is not expected to last through the life of a vehicle so that when a tire three-fourths worn is replaced with a new tire, the amount allowable is one-fourth of the cost of the new tire. The same principle applies to batteries and other items of equipment or accessories during relatively short wearout periods. However, no allowance for depreciation is made in replacing parts, such as fenders, bumpers, radiators, which normally would last through the life of the vehicle.

(c) Deprivation of use of property (including motor vehicles) is allowable as an item of damages, but only in those cases where the claimant has sustained legally provable damages. Towing charges are also allowable items of damage. However, interest, cost of preparation of claim and of securing supporting evidence, inconvenience, and similar items are not property allowable items of damage.

§ 575.2 Admission; general.

(a) In one major respect, the requirements for admission to the United States Military Academy differ from the normal requirements for admission to a civilian college or university; each candidate must obtain an official nomination to the Academy. The young person interested in going to West Point should, therefore, apply for a nomination from one of the persons authorized to make nominations listed in §575.4. In the application, each prospective candidate should request a nomination to the United States Military Academy, and give residence, reasons for wanting to enter the Academy, and status of education and training.

(b) A candidate’s mental qualifications for admission are determined by performance on one of the regularly administered College Entrance Examination Board series of tests. The Military Academy will consider scores made on the tests which are offered in December, January, March, and May at more than 700 College Board Test Centers throughout the United States and abroad. In general, a center will be within 75 miles of the candidate’s home. Candidates register for the prescribed tests in accordance with the regularly published instructions of the College Board and pay the required fee directly to the College Board.

(c) The candidate’s physical qualifications are determined by a thorough medical examination and physical aptitude test. To qualify, a candidate must be in good health, have good vision and hearing, have no deformities, and have the physical strength, endurance, coordination, and agility of active persons in their late teens. The medical examination and physical aptitude tests are held at selected military installations throughout the country (and overseas) on the Thursday and Friday preceding the regularly scheduled March administration of the College Board tests.

§ 575.3 Appointments; sources of nominations.

Admission to the Military Academy is gained by appointment to one of the cadetships authorized by law. Graduation of the senior class normally leaves about 915 vacancies each year. Candidates are nominated to qualify for these vacancies the year prior to admission. Those nominees appointed enter the Academy the following July and upon graduation are obligated to serve in the Army for a period of not less than 5 years. There are two major categories of nomination (Congressional/Gubernatorial and Service-Connected) and two minor categories (Filipino and Foreign Cadets). Cadetships authorized at the Military Academy are allocated among various sources of nominations from the major categories as follows:

(a) Congressional / Gubernatorial Nomination. (1) Up to 10 nominations may be submitted for each vacancy. Nominating authorities may use one of three methods of nomination:
   (i) Name 10 nominees on a totally competitive basis,
   (ii) Name a principal nominee, with nine competing alternates, or
   (iii) Name a principal nominee, with nine alternates in order of preference.
   (2) The priority that a fully qualified candidate may receive when considered for appointment is actually governed by the method of nomination used. For example, a principal nominee who is found minimally qualified must be offered an appointment. Conversely, the same individual nominated on a totally competitive basis, may be ranked as one of the least qualified nominees for that vacancy and, consequently, may not be offered an appointment. Many nominating authorities hold preliminary competitive nomination examinations to select their nominees. Those selected are required to be actual residents of the geographic location represented by the nominating authority.

(b) Service-connected nominations. There is no restriction on the residence of nominees who compete for an appointment under these quotas. All applications for a service-connected nomination must be submitted to the Superintendent, United States Military Academy, West Point, NY 10996, not later than 15 December for the class entering the following July. A description of the Service-Connected nomination categories follows:

(1) Presidential: Children of career military personnel in the Armed Forces who are on active duty, retired, or deceased, are nominated through this category. The term “career” includes members of the Reserve Components currently serving 8 or more years of continuous active duty and Reserve retirees receiving either retired or re-tainer pay. Children of reservists retired while not on active duty are ineligible. Applications should include the name, grade, social security number/service number, and branch of service of the parent as a member of such regular component, and the full name, address, and date of birth of the applicant (complete military address and social security number, if in the Armed Forces). Adopted children are eligible for appointment if they were adopted prior to their 15th birthday; a copy of the order of court decreeing adoption, duly certified by the clerk of the court, must accompany the application.

(2) Children of Deceased and Disabled Veterans: This category is for children of deceased or 100 percent disabled Armed Forces veterans whose deaths or disabilities were determined to be service-connected, and for children of military personnel or federally employed civilians who are in a missing or captured status. Candidates holding a nomination under this category are not eligible for nomination under the Presidential or Medal of Honor category. The Veterans Administration determines the eligibility of all applicants. The application should include the full name, date of birth, and address of the applicant (complete service address should be given if the applicant is in the Armed Forces), and the name, grade, social security number/service number, and last organization of the veteran parent, together with a brief statement concerning the time, place, and cause of death. The claim number assigned to the veteran parent’s case by the Veterans Administration should also be furnished.

(3) Children of Persons Awarded the Medal of Honor: Applications from children of persons awarded the Medal of Honor should contain the applicant’s full name, address, and date of birth (complete service address should be given if the applicant is in the Armed Forces); the name, grade, and branch of service of the parent; and a brief statement of the date and circumstances of the award. Candidates appointed from this source may qualify in the same manner as a congressional principal candidate. All who are found fully qualified will be admitted as cadets, regardless of the number.
(4) Honor Military Schools: Certain Honor Military Schools designated by Department of the Army, Department of the Navy, and Department of the Air Force are invited to recommend three candidates for nomination annually from among their honor graduates. Appointments are filled by selecting the best qualified candidates regardless of the school from which nominated. Application should be made through the school Senior Army Instructor.

(5) Army ROTC: This category is for members of college and high school Army Reserve Officers’ Training Corps units. Application should be made through the Professor of Military Science or Senior Army Instructor at the school.

(6) Regular Army: This category is for enlisted members of the active Army. Appointments may be awarded to 85 Regular Army candidates. Application for admission, through command channels to the United States Military Academy Preparatory School (USMAPS) constitutes application for nomination under this category.

(7) Reserve Components: This category is for enlisted members of the Army Reserve and Army National Guard. Application for admission should be made through command channels to USMAPS. Enlisted members who are not on active duty should apply to the Commandant, United States Military Preparatory School, Fort Monroe, New Jersey 07703.

(c) Filipino cadets. The Secretary of the Army may permit each entering class one Filipino, designated by the President of the Republic of the Philippines, to receive instruction at the United States Military Academy.

(d) Foreign cadets. The law permits 20 persons at a time from the Latin-American Republics and Canada to receive instruction at the United States Military Academy. A maximum of three persons from any one country may be cadets at the same time. Such persons receive the same pay and allowances (including mileage from their homes in proceeding to the Military Academy for initial admission) as cadets appointed from the United States. However, they are not entitled to appointment in the United States Armed Forces upon graduation. Citizens of other foreign countries have been permitted from time to time to attend the Military Academy upon specific authorization of the United States Congress in each case. Applications must be submitted to the United States Government through diplomatic channels by the governments concerned. Requirements for the admission, advancement, and graduation of foreign cadets are similar to those for United States Cadets.

§ 575.4 [Reserved]

§ 575.5 Entrance requirements.

This section describes the specific requirements which candidates must fulfill in addition to obtaining an appointment as outlined in §575.3.

(a) Age. On 1 July of the year admitted to the Military Academy a candidate must be at least 17 years of age and must not have passed his/her 22d birthday. The age requirements for all candidates are statutory and cannot be waived.

(b) Citizenship. A candidate must be a citizen of the United States, except those appointed specifically as foreign cadets.

(c) Character. Every candidate must be of good moral character.

(d) Marital Status. A candidate must be unmarried and not be pregnant or have a legal obligation to support a child or children.

§ 575.6 Catalogue, United States Military Academy.

The latest edition of the catalogue, United States Military Academy, contains additional information regarding the Academy and requirements for admission. This publication may be obtained free of charge from the Registrar, United States Military Academy, West Point, NY 10996, or from the United States Army Military Personnel Center, HQDA (DAPC-OPP-PM), 200 Stovall Street, Alexandria, VA 22332.

PART 581—PERSONNEL REVIEW BOARD

Sec. 581.1 Army Disability Review Board.
581.2 Army Discharge Review Board.
§ 581.1 Army Disability Review Board.

(a) General provisions—(1) Constitution, purpose, and jurisdiction of review board.

(i) The Army Disability Review Board (called the review board in this section) is an administrative agency created within the Department of the Army under authority of section 302, title I, Act of June 22, 1944 (58 Stat. 284), as amended by section 4, Act of December 28, 1945 (59 Stat. 623), to review, at the request of any officer retired or released from active service, without pay, for physical disability pursuant to the decision of a retiring or disposition board, the findings and decisions of such board. The review board is charged with the duty, in cases within its jurisdiction, of ascertaining whether an applicant for review who was separated from the service or released to inactive service, without pay, for physical disability incurred such physical disability in line of duty or as an incident of the service. When the review board determines in an individual case within its jurisdiction that physical disability was so incurred, it is authorized in the manner prescribed by this memorandum, to reverse prior findings in such regard and to make such findings in lieu thereof as are warranted by the evidence or pertinent regulations. Such remedial action is intended primarily to insure that no officer separated from the service or returned to an inactive status without pay, for disability, shall be deprived unjustly of retirement pay benefits, or retired status and retired pay, as the case may be, by reason of erroneous findings.

(ii) The class of officers whose cases are reviewable shall include officers of the Army of the United States, other than officers of the Regular Army, who were discharged or released to inactive service under the conditions prescribed in paragraph (a)(1)(i) of this section; and former officers of the Regular Army who were wholly retired under section 1252, Revised Statutes.

(iii) The review board is authorized, upon timely application therefor, to receive the proceedings and findings of boards referred to in paragraph (a)(1)(i) of this section; and to receive additional evidence bearing on the causes and service-connection of disabilities in the cases of officers referred to in paragraph (a)(1)(ii) of this section, whose cases were the subject of findings by a retiring or disposition board, and who were separated from the service or released to inactive service, without pay, by reason of physical disability, whether denial of retirement or retirement pay benefits, as the case may be, was pursuant to the adverse findings of a board, or was pursuant to administrative action in a case where there was favorable action by a board.

(iv) In carrying out its duties under this memorandum such review board shall have the same powers as exercised by, or vested in, the board whose findings and decisions are being reviewed.

(2) Application for review. (i) Any officer desiring a review of his case will make a written application therefor on WD AGO Form 0258 (Application for Review of Army Retiring Board Proceedings) which may be obtained from The Adjutant General, Washington, DC 20310, Attention: AGPO-S-D.

(ii) No application for review will be granted unless received by the Department of the Army within 15 years after the date on which such officer was separated from the service or released to inactive service, without pay, for physical disability, or within 15 years after June 22, 1944, whichever date is the later.

(iii) The Adjutant General, upon receipt of an application for review, will note thereon the time of receipt thereof and will, in cases where the jurisdiction for review by the review board is established, assemble the originals or certified copies of all available Department of the Army and/or other record pertaining to the health and physical condition of the applicant, including the record of the proceedings and findings of all retiring and disposition boards in question and the records of all administration and/or executive action taken thereon. Such records, together with the application and any
supporting documents submitted therewith, will be transmitted to the president of the review board.

(3) Changes in procedure of review board. The review board may initiate recommendation for such changes in procedures as established herein as may be deemed necessary for the proper functioning of the review board. Such changes will be subject to the approval of the Secretary of the Army.

(b) Proceedings of review board—(1) Convening of review board. (i) The review board will be convened at the call of its president and will recess or adjourn at his order. In the event of the absence or incapacity of the president, the next senior member will serve as acting president for all purposes.

(ii) Unless otherwise directed by its president, the review board will convene in Washington, DC, at the time and place indicated by him.

(iii) The review board will assemble in open session for the consideration and determination of cases presented to it. After the conclusion of such hearing, the review board will as soon as practicable thereafter convene in closed session for determination.

(2) Hearings. (i) An applicant for review, upon request, is entitled by law to appear before the review board in open session either in person or by counsel of his own selection. Witnesses shall be permitted to present testimony either in person or by affidavit. As used in the regulations in this part the term “counsel” shall be construed to include members of the Federal bar, the bar of any state, accredited representatives of veterans’ organizations recognized by the Veterans’ Administration under section 200 of the Act of June 29, 1936 (49 Stat. 2031), and such other persons who, in the opinion of the review board, are considered to be competent to present equitably and comprehensively the claim of the applicant for review. In no case will the expenses or compensation of counsel for the applicant be paid by the Government.

(ii) In every case in which a hearing is authorized, the secretary will transmit to the applicant and to designated counsel for the applicant, if any, a written notice by registered mail stating the time and place of hearing. Such notice shall be mailed at least 30 days in advance of the date on which the case is set for hearing except in cases in which the applicant waives the right of personal appearance and/or representation by counsel. Such notice shall constitute compliance with the requirement of notice to applicant and his counsel. The record shall contain the certificate of the secretary that written notice was given applicant and his counsel, if any, and the time and manner thereof.

(iii) An applicant who requests a hearing and who, after being duly notified of the time and place of hearing, fails to appear at the appointed time, either in person or by counsel, or, in writing, waives his right to appear, thereby waives such right.

(iv) In the conduct of its inquiries, the review board shall not be limited by the restrictions of common law rules of evidence.

(v) In the case wherein it is advisable and practicable, the review board may, at the request of the examiner, or upon its own motion, request The Surgeon General to detail one or more medical officers to make physical examination of the applicant, if available, and report their findings resulting from such examination with respect to the matters at issue, either in person or by affidavit. When testifying in person at a hearing, such medical witnesses will be subject to cross-examination. Similarly the medical members of the board may examine the applicant, if available, and testify as witnesses concerning the results of such examination.

(vi) Expenses incurred by the applicant, his witnesses, or in the procurement of their testimony, whether in person, by affidavit or by deposition will not be paid by the Government.

(3) Continuances. The review board may continue a hearing on its own motion. A request for continuance by the examiner or by or on behalf of the applicant may be granted, if in the board’s discretion, a continuance appears necessary to insure a full and fair hearing.

(c) Findings, conclusions, and directions—(1) Findings, conclusions, and directions of review board. (i) The review board will make written findings in
closed session in each case. Such findings will include:
(a) Statement of complete findings of the retiring or disposition board and of administrative action subsequent thereto in the proceedings under review;
(b) A finding affirming or reversing the findings of such retiring or disposition board or such administrative action, specifying which of the findings or administrative actions are affirmed and which are reversed.

(ii) In the event the review board reverses any of such original findings or administrative actions, the review board will then make complete findings which shall include the affirmed findings of the original board or of administrative action subsequent thereto. Such complete findings shall include the following:
(a) Whether the applicant was permanently incapacitated for active service at the time of his separation from the service or release to inactive service.
(b) The cause or causes of the incapacity.
(c) The approximate date of origin of each incapacitating defect.
(d) The date officer became incapacitated for active service.
(e) Whether the cause or causes of the incapacity was or was not an incident of service.
(f) Whether the cause or causes of the incapacity had been permanently aggravated by military service.
(g) Whether such incapacity for active service was or was not the result of an incident of service.
(h) Whether the officer’s incapacity was or was not incurred in combat with an enemy of the United States or whether it did or did not result from an explosion of an instrumentality of war in line of duty.

(iii) In the event the review board finds the officer permanently incapacitated for active service and that the incapacity was an incident of service, it will make an additional finding specifying the grade in which the officer is entitled to be retired or to be certified for retirement pay benefits.
(iv) The findings, conclusions, and directions of a majority of the review board, and when made, will be signed by each member of the review board who concurs therein, filed, and authenticated by the secretary.

(d) Disposition of and action upon proceedings—(1) Record of proceedings. (i) When the review board has concluded its proceedings in any case, the secretary will prepare a complete record thereof. Such record shall include the application for review; a transcript of the hearing if any; affidavits, papers and documents considered by the review board; all briefs and written arguments filed in the case; the report of the examiner; the findings, conclusions, and directions of the review board; any minority report prepared by dissenting members of the review board; and all other papers and documents necessary to reflect a true and complete history of the proceedings. The record so prepared will be signed by the president of the review board and authenticated by its secretary as being true and complete. In the event of the absence or incapacity of the secretary, the record may be authenticated by a second participating member of the review board.

(ii) All records of proceedings of the review board shall be confidential, except that upon written request from the applicant, his guardian or legal representative, The Adjutant General will furnish a copy of the proceedings of the review board, less any exhibits which it may be found impracticable to reproduce out which will include:
(a) A copy of the order appointing the board.
(b) The findings of the Army retiring board affirmed.
(c) The findings of the Army retiring board reversed.
(d) The findings of the review board.
(e) The conclusions which were made by the review board.
(f) The directions of the Secretary of the Army.
If it should appear that furnishing such information would prove injurious to the physical or mental health of the applicant, such information will be furnished only to the guardian or legal representative of the applicant. The Adjutant General, subject to the foregoing restrictions, will make available
for inspection, upon request of the applicant, his guardian or legal representative, a record of the proceedings of any case reviewed by the review board, but copies of the proceedings of any case heard prior to January 4, 1946, will not be furnished if such copies are not readily available.

(2) Final action by review board. When the review board has completed the proceedings and has arrived at its decision, the proceedings, together with the review board’s decision, will be transmitted to The Adjutant General for appropriate Department of the Army action. The Adjutant General, in the name of the President of the United States, will indicate on the record of such proceedings and decision the President’s approval or disapproval of the action of the review board, and will perform such ministerial acts as may be necessary and thereafter will notify the applicant and/or his counsel of the action taken. Written notice, specifying the action taken and the date thereof, will be transmitted by The Adjutant General to the president of the review board to be filed by the secretary as a part of the records of the board pertaining to each case.

(e) Rehearings—(1) Policy on the granting of rehearings. After the review board has reviewed a case and its findings and decision have been approved, the case will normally not be reconsidered except on the basis of new, pertinent, and material evidence, which if previously considered could reasonably be expected to have caused findings and a decision other than those rendered as the result of the original review. An application for rehearing must be made within a reasonable time after the discovery of the new evidence, mentioned in this subparagraph, and the request for rehearing must be accompanied by such new evidence and by a showing that the applicant was duly diligent in attempting to secure all available evidence for presentation to the review board when his case was previously reviewed and that the reason for the delay in discovering such new evidence was not due to fault or neglect on the part of the applicant.

(2) Application for rehearing. Any officer desiring a rehearing of his case will make a written application therefor on WD AGO Form 0413 (Application for Review of Findings of the Army Disability Review Board) which may be obtained from The Adjutant General, Washington, DC 20310, Attention: AGPO-S-D.

§ 581.3 Army Board for Correction of Military Records.

(a) General—(1) Purpose. This section prescribes the policies and procedures for correction of military records by the Secretary of the Army, acting through the Army Board for Correction of Military Records (ABCNR).

(2) Statutory authority. Title 10 U.S.C Section 1552, Correction of Military Records: Claims Incident Thereto, is the statutory authority for this regulation.

(b) Responsibilities—(1) The Secretary of the Army. The Secretary of the Army will oversee the operations of the ABCMR. The Secretary will take final action on applications, as appropriate.

(2) The ABCMR Director. The ABCMR Director will manage the ABCMR’s day-to-day operations.

(3) The chair of an ABCMR panel. The chair of a given ABCMR panel will preside over the panel, conduct a hearing, maintain order, ensure the applicant receives a full and fair opportunity to be heard, and certify the written record of proceedings in pro forma and formal hearings as being true and correct.

(4) The ABCMR members. The ABCMR members will—

(i) Review all applications that are properly before them to determine the existence of error or injustice.

(ii) If persuaded that material error or injustice exists, and that sufficient evidence exists on the record, direct or recommend changes in military records to correct the error or injustice.
§581.3

(iii) Recommend a hearing when appropriate in the interest of justice.

(iv) Deny applications when the alleged error or injustice is not adequately supported by the evidence, and when a hearing is not deemed proper.

(v) Deny applications when the application is not filed within prescribed time limits and when it is not in the interest of justice to excuse the failure to file in a timely manner.

(5) The director of an Army records holding agency. The director of an Army records holding agency will—

(i) Take appropriate action on routine issues that may be administratively corrected under authority inherent in the custodian of the records and that do not require ABCMR action.

(ii) Furnish all requested Army military records to the ABCMR.

(iii) Request additional information from the applicant, if needed, to assist the ABCMR in conducting a full and fair review of the matter.

(iv) Take corrective action directed by the ABCMR or the Secretary of the Army.

(v) Inform the Defense Finance and Accounting Service (DFAS), when appropriate; the applicant; applicant’s counsel, if any; and interested Members of Congress, if any, after a correction is complete.

(vi) Return original records of the soldier or former soldier obtained from the Department of Veterans Affairs (VA).

(6) The commanders of Army Staff agencies and commands. The commanders of Army Staff agencies and commands will—

(i) Furnish advisory opinions on matters within their areas of expertise upon request of the ABCMR, in a timely manner.

(ii) Obtain additional information or documentation as needed before providing the opinions to the ABCMR.

(iii) Provide records, investigations, information, and documentation upon request of the ABCMR.

(iv) Provide additional assistance upon request of the ABCMR.

(v) Take corrective action directed by the ABCMR or the Secretary of the Army.

(7) The Director, Defense Finance and Accounting Service (DFAS). At the request of the ABCMR staff, the Director, DFAS, will—

(i) Furnish advisory opinions on matters within the DFAS area of expertise upon request.

(ii) Obtain additional information or documentation as needed before providing the opinions.

(iii) Provide financial records upon request.

(iv) On behalf of the Army, settle claims that are based on ABCMR final actions.

(v) Report quarterly to the ABCMR Director on the monies expended as a result of ABCMR action and the names of the payees.

(c) ABCMR establishment and functions—

(1) ABCMR establishment. The ABCMR operates pursuant to law (10 U.S.C. 1552) within the Office of the Secretary of the Army. The ABCMR consists of civilians regularly employed in the executive part of the Department of the Army (DA) who are appointed by the Secretary of the Army and serve on the ABCMR as an additional duty. Three members constitute a quorum.

(2) ABCMR functions. (i) The ABCMR considers individual applications that are properly brought before it. In appropriate cases, it directs or recommends correction of military records to remove an error or injustice.

(ii) When an applicant has suffered reprisal under the Military Whistleblower Protection Act 10 U.S.C. 1034 and Department of Defense Directive (DODD) 7050.6, the ABCMR may recommend to the Secretary of the Army that disciplinary or administrative action be taken against any Army official who committed an act of reprisal against the applicant.

(iii) The ABCMR will decide cases on the evidence of record. It is not an investigative body. The ABCMR may, in its discretion, hold a hearing (sometimes referred to as an evidentiary hearing or an administrative hearing in 10 U.S.C. 1034 and DODD 7050.6) or request additional evidence or opinions.

(d) Application procedures—

(1) Who may apply. (i) The ABCMR’s jurisdiction under 10 U.S.C. 1552 extends to any military record of the DA. It is the nature of the record and the status of the
applicant that define the ABCMR’s jurisdiction.
(ii) Usually applicants are soldiers or former soldiers of the Active Army, the U.S. Army Reserve (USAR), and in certain cases, the Army National Guard of the United States (ARNGUS) and other military and civilian individuals affected by an Army military record. Requests are personal to the applicant and relate to military records. Requests are submitted on DD Form 149 (Application for Correction of Military Record under the Provisions of 10 U.S.C. 1552). Soldiers need not submit applications through their chain of command.
(iii) An applicant with a proper interest may request correction of another person’s military records when that person is incapable of acting on his or her own behalf, missing, or deceased. Depending on the circumstances, a child, spouse, parent or other close relative, heir, or legal representative (such as a guardian or executor) of the soldier or former soldier may be able to demonstrate a proper interest. Applicants must send proof of proper interest with the application when requesting correction of another person’s military records.
(2) Time limits. Applicants must file an application within 3 years after an alleged error or injustice is discovered or reasonably should have been discovered. The ABCMR may deny an untimely application. The ABCMR may excuse untimely filing in the interest of justice.
(3) Administrative remedies. The ABCMR will not consider an application until the applicant has exhausted all administrative remedies to correct the alleged error or injustice.
(4) Stay of other proceedings. Applying to the ABCMR does not stay other proceedings.
(5) Counsel. (i) Applicants may be represented by counsel, at their own expense.
(ii) See DODD 7050.6 for provisions for counsel in cases processed under 10 U.S.C. 1034.
(e) Actions by the ABCMR Director and staff—(1) Criteria. The ABCMR staff will review each application to determine if it meets the criteria for consideration by the ABCMR. The application may be returned without action if—
(i) The applicant fails to complete and sign the application.
(ii) The applicant has not exhausted all other administrative remedies.
(iii) The ABCMR does not have jurisdiction to grant the requested relief.
(iv) No new evidence was submitted with a request for reconsideration.
(2) Burden of proof. The ABCMR begins its consideration of each case with the presumption of administrative regularity. The applicant has the burden of proving an error or injustice by a preponderance of the evidence.
(3) ABCMR consideration. (i) A panel consisting of at least three ABCMR members will consider each application that is properly brought before it. One panel member will serve as the chair.
(ii) The panel members may consider a case on the merits in executive session or may authorize a hearing.
(iii) Each application will be reviewed to determine—
(A) Whether the preponderance of the evidence shows that an error or injustice exists and—
(1) If so, what relief is appropriate.
(2) If not, deny relief.
(B) Whether to authorize a hearing.
(C) If the application is filed outside the statute of limitations and whether to deny based on untimeliness or to waive the statute in the interest of justice.
(f) Hearings. ABCMR hearings. Applicants do not have a right to a hearing before the ABCMR. The Director or the ABCMR may grant a formal hearing whenever justice requires.
(g) Disposition of applications—(1) ABCMR decisions. The panel members’ majority vote constitutes the action of the ABCMR. The ABCMR’s findings, recommendations, and in the case of a denial, the rationale will be in writing.
(2) ABCMR final action. (i) Except as otherwise provided, the ABCMR acts for the Secretary of the Army, and an ABCMR decision is final when it—
(A) Denies any application (except for actions based on reprisals investigated under 10 U.S.C. 1034).
(B) Grants any application in whole or in part without a hearing when—
(1) The relief is as recommended by the proper staff agency in an advisory opinion; and

(2) Is unanimously agreed to by the ABCMR panel; and

(3) Does not involve an appointment or promotion requiring confirmation by the Senate.

(ii) The ABCMR will forward the decisional document to the Secretary of the Army for final decision in any case in which—

(A) A hearing was held.

(B) The facts involve reprisals under the Military Whistleblower Protection Act, confirmed by the DOD Inspector General (DODIG) under 10 U.S.C. 1034 and DODD 7050.6.

(C) The ABCMR recommends relief but is not authorized to act for the Secretary of the Army on the application.

(3) Decision of the Secretary of the Army. (i) The Secretary of the Army may direct such action as he or she deems proper on each case. Cases returned to the Board for further consideration will be accompanied by a brief statement of the reasons for such action. If the Secretary does not accept the ABCMR’s recommendation, adopts a minority position, or fashion an action that he or she deems proper and supported by the record, that decision will be in writing and will include a brief statement of the grounds for denial or revision.

(ii) The Secretary of the Army will issue decisions on cases covered by the Military Whistleblower Protection Act (10 U.S.C. 1034 and DODD 7050.6). In cases where the DODIG concluded that there was reprisal, these decisions will be made within 180 days after receipt of the application and the investigative report by the DODIG, the Department of the Army Inspector General (DAIG), or other Inspector General offices. Unless the full relief requested is granted, these applicants will be informed of their right to request review of the decision by the Secretary of Defense.

(4) Reconsideration of ABCMR decision. An applicant may request the ABCMR to reconsider a Board decision under the following circumstances:

(i) If the ABCMR receives the request for reconsideration within 1 year of the ABCMR’s original decision and if the ABCMR has not previously reconsidered the matter, the ABCMR staff will review the request to determine if it contains evidence (including, but not limited to, any facts or arguments as to why relief should be granted) that was not in the record at the time of the ABCMR’s prior consideration. If new evidence has been submitted, the request will be submitted to the ABCMR for its determination of whether the new evidence is sufficient to demonstrate material error or injustice. If no new evidence is found, the ABCMR staff will return the application to the applicant without action.

(ii) If the ABCMR receives a request for reconsideration more than 1 year after the ABCMR’s original decision or after the ABCMR has already reconsidered one request for reconsideration, then the case will be returned without action and the applicant will be advised the next remedy is appeal to a court of appropriate jurisdiction.

(h) Claims/Expenses—(1) Authority.

(i) The Army, by law, may pay claims for amounts due to applicants as a result of correction of military records.

(ii) The Army may not pay any claim previously compensated by Congress through enactment of a private law.

(iii) The Army may not pay for any benefit to which the applicant might later become entitled under the laws and regulations managed by the VA.

(2) Settlement of claims. (i) The ABCMR will furnish DFAS copies of decisions potentially affecting monetary entitlement or benefits. The DFAS will treat such decisions as claims for payment by or on behalf of the applicant.

(ii) The DFAS will settle claims on the basis of the corrected military record. The DFAS will compute the amount due, if any. The DFAS may require applicants to furnish additional information to establish their status as proper parties to the claim and to aid in deciding amounts due. Earnings received from civilian employment during any period for which active duty pay and allowances are payable will be deducted. The applicant’s acceptance of a settlement fully satisfies the claim concerned.

(3) Payment of expenses. The Army may not pay attorney’s fees or other expenses incurred by or on behalf of an
applicant in connection with an application for correction of military records under 10 U.S.C. 1552.

(i) Miscellaneous provisions—(1) Special standards. (i) Pursuant to the November 27, 1979 order of the United States District Court for the District of Columbia in Giles v. Secretary of the Army (Civil Action No. 77–0904), a former Army soldier is entitled to an honorable discharge if a less than honorable discharge was issued to the soldier on or before November 27, 1979 in an administrative proceeding in which the Army introduced evidence developed by or as a direct or indirect result of compelled urinalysis testing administered for the purpose of identifying drug abusers (either for the purposes of entry into a treatment program or to monitor progress through rehabilitation or follow-up).

(ii) Applicants who believe that they fall within the scope of paragraph (i)(1)(i) of this section should place the term "CATEGORY G" in block 11b of DD Form 149. Such applications should be expeditiously reviewed by a designated official, who will either send the individual an honorable discharge certificate if the individual falls within the scope of paragraph (i)(1)(i) of this section, or forward the application to the Discharge Review Board if the individual does not fall within the scope of paragraph (i)(1)(i) of this section. The action of the designated official will not constitute an action or decision by the ABCMR.

(2) Public access to decisions. (i) After deletion of personal information, a redacted copy of each decision will be indexed by subject and made available for review and copying at a public reading room at Crystal Mall 4, 1941 Jefferson Davis Highway, Arlington, Virginia. The index will be in a usable and concise form so as to indicate the topic considered and the reasons for the decision. Under the Freedom of Information Act (5 U.S.C. 552), records created on or after November 1, 1996 will be available by electronic means.

(ii) Under the Freedom of Information Act and the Privacy Act of 1974 (5 U.S.C. 552a), the ABCMR will not furnish to third parties information submitted with or about an application unless specific written authorization is received from the applicant or unless the Board is otherwise authorized by law.

(iv) Advise and assist the heads of Headquarters, Department of the Army (HQDA) agencies, commanders of the major Army commands, and other commanders on matters pertaining to—
(A) Nonsupport.
(B) Child custody.
(C) Paternity.
(D) Adoption proceedings of children of soldiers.

(3) Officers having general court-martial jurisdiction will give special emphasis to the support of family members in command information programs. This includes informing soldiers of Army policy and of their responsibility to provide adequate support for all family members and to comply with all court orders.

(4) First level field grade commanders will monitor all instances of soldiers’ repeated failure to meet the requirements of this regulation that are brought to their attention. They will take action, when proper.

(5) Immediate commanders will—
(i) Ensure that soldiers are informed of the DA policy on support of family members and that they comply with court orders. They will also inform soldiers of the possible consequences of failing to fulfill financial obligations. This information will be included during inprocessing and outprocessing briefings, particularly during processing for mobilization and overseas movement.

(ii) Process nonsupport complaints, child custody complaints, and paternity claims per this regulation.

(iii) Counsel soldiers when complaints and claim are received. If the soldier is suspected of criminal conduct, self-incrimination protections (article 31, Uniform Code of Military Justice (UCMJ) and rights advisement) must be provided. (See §584.2(g)(4).)

(iv) Answer all correspondence received from CG, USACFSC and other DA officials. In answering this correspondence, the commander will—
(A) Furnish complete details regarding nonsupport complaints, child custody complaints, and paternity claims.
(B) Reveal whether or not the soldier authorized the release outside the Department of Defense (DOD) of information obtained from a system of records. His or her decision should be recorded on DA Form 5459-R (Authorization to Release Information from Army Records on Nonsupport/Child Custody/ Paternity Complaints).

(v) Answer all correspondence received directly from family members, legal assistance attorneys, and others. Normally, replies will not include information obtained from a system of records without the soldier’s written consent. (See §584.1(f).) Commanders may coordinate responses with the Staff Judge Advocate (SJA). Also, the commander will ask the SJA for guidance in unusual or difficult situations.

(vi) Inform the first level field grade commander of all instances of the soldier’s repeated failure to meet the requirements of this regulation or to comply with court orders. Also, point out actions taken or contemplated to correct instances of nonsupport of family members or continuing violations of court orders.

(vii) Refer correspondence or queries received from news media organizations to the unit, installation, or command public affairs officer for response.

(viii) Take appropriate action against soldiers who fail to comply with this regulation. These actions include, but are not limited to, the actions in §584.1(d)(5)(viii) (A) through (E). Failure to comply with the minimum support requirements (§584.2(d)) or the child custody provisions (§584.2(e)) of this regulation may be charged as violations of article 92, UCMJ. Article 132, UCMJ, prohibits the making of false claims. Article 133, UCMJ, covers conduct unbecoming an officer. Article 134, UCMJ, concerns
dishonorable failure to pay debts and conduct of a nature to bring discredit upon the Armed Forces. Also, the criminal laws of some States prohibit the abduction of children by a parent or the nonsupport of family members in violation of existing court orders. These laws may also apply against soldiers under article 134, UCMJ, and As-similative Crimes Act, section 13, title 18, United States Code (18 U.S.C. 13).

(A) Denial of reenlistment for enlisted members (AR 601–280).

(C) Administrative separation from the service (AR 635–100 or AR 635–200).

(D) Nonjudicial punishment under article 15, UCMJ.

(E) Court-martial.

(ix) Urge soldiers to provide additional financial support beyond the required minimum whether the needs of the family so require.

(x) After coordination with the SJA and appropriate command representatives, and under applicable State, Federal, and host country laws, take remedial steps to assist in the following:

(A) Elimination of continuing violations of court orders and this regulation on child custody.

(B) Return of such children to the parent or guardian entitled to custody.

(6) The unit, installation, or command public affairs officer will—

(i) Answer correspondence and queries received from news media organizations.

(ii) Coordinate with the SJA before making any response.

(e) Policy. (1) Soldiers of the Army are required to manage their personal affairs satisfactorily. This responsibility includes—

(i) Providing adequate and continuous support to or for family members. (See §584.2.)

(ii) Complying with all court orders.

(2) The Army has an interest in the welfare of both soldiers and their families. This is recognized by numerous laws and programs authorizing the following:

(i) Family housing.

(ii) Living and travel allowances.

(iii) Medical care.

(iv) Child care and development.

(v) Community support services.

(3) Because of military duty, soldiers and their families often live in States in which they have not established domicile. Frequently, they reside in foreign nations. This often places soldiers beyond the judicial process of State courts.

(4) The Army recognizes the transient nature of military duty. This regulation prohibits the use of a soldier’s military status or assignment to deny financial support to family members or to evade court orders on child support or custody. Commanders have a responsibility to ensure that soldiers provide for the welfare of their families. Before recommending approval of requests for, or extensions of, overseas assignments, commanders should consider whether the soldier’s overseas assignment will adversely affect the legal rights of family members in pending court actions against the soldier.

(5) The policy in this regulation regarding the financial support of family members is solely intended as an interim measure until the parties—

(i) Arrive at a mutually satisfactory agreement, or

(ii) Resolve their differences in court.

(6) Soldiers are entitled to the same legal rights and privileges in State courts as civilians. This includes determining the extent and amount of their support obligations to family members. This regulation is not intended to be used as a guide by courts in determining the following:

(i) The existence of support obligations.

(ii) The amount of past, present, or future support obligations.

(f) Release of information. (1) Soldiers will be provided the opportunity of completing DA Form 5459–R before being questioned about complaints or claims under this regulation. Information voluntarily provided by soldiers may be used by commanders to answer inquiries. Replies normally will not include information obtained from a system of records without the soldier’s written consent.

(2) Some information may be released outside DOD from a system of records even without the soldier’s written consent. Under the Privacy Act (5
§ 584.2
32 CFR Ch. V (7–1–09 Edition)

U.S.C. 552a(b)(2) and AR 340–21, para 3–3, information may be released, if required, under the Freedom of Information Act. Under 5 U.S.C. 552(b)(6) and AR 340–17, chapter III, information from personnel and other similar files may be released if it does not constitute a “clearly unwarranted invasion of privacy.” The information released must be in the public interest.

(3) The type of information that may be released from a system of records without the soldier’s consent will vary from case to case. In each case, the public interest of having soldiers support their families and obey court orders must be balanced against the sensitivity of the privacy interests involved. Army policy favors permanent resolution of support and custody matters in court. The denial of information that hinders such resolution is not in the public interest.

(4) Before releasing information from a system of records without the soldier’s consent, commanders may consult the SJA. Generally, the types of information shown below may be released to the complaining family member entitled to support or those authorized by the family member to act in his or her behalf (for example, legal assistance attorneys, Member of Congress, courts, Government welfare agencies).

(i) Present unit of assignment, including port calls and future duty assignments, permanent or temporary, if known.

(ii) Scheduled separation and retirement dates from the Service.

(iii) Rank and authorized pay and allowances for that grade.

(iv) Allotments authorized or being authorized for or in behalf of the family member entitled to support.

(v) The soldier’s stated intentions, if any, regarding resolution of the complaint.

(vi) The general whereabouts of the soldier’s children, if known.

(b) The SJA should be consulted for legal advice before the residential address of a soldier or family member is released.

(5) Any information released should be pertinent to the inquiry. The soldier’s relationship, if any, to the person making the inquiry, should be considered. Consistent with the purpose of this regulation, information that unduly invades the privacy of the soldier or his or her family should not be released.

(g) Penalties. Compliance with the minimum support requirements (§ 584.2(d)) and child custody provisions (§ 584.2(e)) of this regulation will be enforced by administrative and criminal remedies as appropriate.

(h) Basic allowance for quarters. A summary of the rules regarding entitlements to basic allowance for quarters (BAQ) is in § 584.7. The minimum support requirements of this regulation are stated in amounts equal to a soldier’s BAQ at the “with dependents” rate. However, a soldier’s entitlement or lack of entitlement to such allowances has no relationship to the obligation under this regulation to support family members. Except for § 584.2(f)(2)(i)(B), the actual receipt or nonreceipt of BAQ also has no relationship to that obligation.

(i) Entitlement of variable housing allowance. Soldiers entitled to BAQ at the “with” or “without dependents” rate may be entitled to variable housing allowance (VHA). Terms for receiving VHA are set forth in the Joint Travel Regulations, M4550 through M4557. Soldiers may use VHA to defray housing costs for family members.

(k) Involuntary allotments. A summary of the rules regarding involuntary allotments from pay and allowances is in § 584.9.

§ 584.2 Family support and child custody.

(a) General. (1) This chapter requires soldiers to provide financial support to family members and to obey court orders on child custody. It also provides guidance and policy to commanders to follow when resolving nonsupport and child custody issues. Consistent with specific provisions below, a soldier will—

(i) Furnish financial support to family members that meets at least the minimum support requirements of this regulation (§ 584.2(d)).

(ii) Provide such additional support within his or her financial ability to
meet the financial needs of family members (§ 584.2(j)).

(iii) Comply with all court-imposed obligations (§ 584.2(c)(3)).

(iv) Obey court orders and this regulation on child custody and visitation rights (§ 584.2(e)).

(2) It is the responsibility of soldiers to resolve nonsupport issues with family members by one of the methods shown in § 584.2(a)(2)(i) through (iii). In all cases, Army support policy for family members should be considered temporary until either an agreement has been reached between the parties (including those acting on behalf of minor children) or court action has been taken.

(i) Oral agreements.

(ii) Written support agreements.

(iii) Court orders.

(3) Each complaint of nonsupport will be considered individually by the soldier’s immediate commander. Alleged desertion or other marital misconduct on the part of a spouse has no effect on a soldier’s obligation to provide financial support as required by § 584.2(d).

(b) Separation from family due to military service. Military service often requires soldiers to live separately from their families during oversea service or extended temporary duty. Soldiers must plan carefully for the support of their families during these periods. Commanders will educate soldiers and their families on the advantages of joint bank accounts. Such arrangements usually minimize the hardship and financial burden on family members that may occur during periods of such separation. If proper, commanders will urge soldiers to start an allotment to or for their family to ensure continuous financial support. The amount of such a support allotment should be set up by agreement between the soldier and his or her family. In the absence of such an agreement or a court order, the provisions of § 584.2(d)(2) apply. Each soldier is expected to keep reasonable contact with family members to minimize inquiries, claims, and complaints sent to Army officials.

(c) Support by oral agreement, written support agreement, or court order—(1) Oral agreement. It is not the Army’s policy to involve itself in disputes over the terms or enforcement of oral support agreements. Where an oral agreement exists and is being followed, the Army need not and will not interfere. When a dispute arises, the Army will require compliance only with the provisions of this regulation. Thus, if a family member complains that a soldier is not sending an agreed upon amount that is less or more than the minimum required by § 584.2(d), the commander will advise the soldier to either send the agreed upon amount or the minimum amount required by § 584.2(d). Section 584.2(d) applies when the parties cannot reach an oral agreement or the amount agreed upon is in dispute. In appropriate cases, the commander can order additional support beyond the minimum amount required by § 584.2(d). (See § 584.2(j).)

(2) Written support agreement. If the parties are separated and have a signed written agreement, the amount of support specified in such an agreement controls. A signed written agreement includes a separation agreement or a property settlement agreement. A written agreement on support also may be shown by letters exchanged between the parties in which the amount of support has been agreed to by the parties. If the agreement is silent on an amount of spousal and/or child support, the interim minimum financial support requirements of § 584.2(d)(2) apply. The amount specified in the written agreement will be deemed adequate until modified by—

(i) Another agreement reduced to writing and signed by both parties.

(ii) Court order.

(3) Court order. (1) Court orders often contain other financial obligations, such as provisions for property division, marital property awards, and payment of medical and other expenses. Commanders have a responsibility to ensure that soldiers comply with these provisions. Soldiers will comply with all court-imposed obligations. Failure to do so may result in costly and time-consuming litigation or court contempt proceedings. These actions often are to the detriment of the soldier and the unit’s readiness mission. Section 584.2(d)(1)(i), however, only applies to court orders directing the soldier to provide financial support to family members on a periodic basis.

387
§ 584.2

(i) Court orders under this regulation include those orders issued by the courts of the Federal Republic of Germany (FRG). The courts must have acquired valid jurisdiction consistent with the provisions of articles 32 through 37 of the Supplementary Agreement concerning foreign forces stationed in the FRG. This agreement supplements the North Atlantic Treaty Organization Status of Forces Agreement. A soldier will comply with all other foreign nation court and administrative orders that are recognized by treaty or international agreement.

(ii) Commanders should be aware that conditions may have changed greatly from when a court order was issued. For example, a soldier may have gained other family responsibilities. Many outstanding and uncontested support orders against soldiers cause severe hardship. Such orders can only be modified by a court. If a soldier’s income appears inadequate to satisfy an outstanding order and still maintain the soldier, the commander should urge the individual to consult a legal assistance attorney. However, the soldier will comply with the terms of a court order until relieved of this obligation by modification of the order by a court.

(d) Minimum support requirements. (1) Soldiers will not violate the following:

(i) Financial support provisions of a court order.

(ii) Financial support provisions of a written support agreement in the absence of a court order.

(iii) Interim minimum financial support requirements of § 584.2(d)(2) in the absence of a court order or written support agreement.

(2) In the absence of a court order or written support agreement, and until such an order or agreement is obtained, the following interim minimum financial support requirements apply:

(i) Single family units. (A) Family not living in Government family quarters. The soldier will provide support in an amount equal to the soldier’s BAQ at the with-dependents rate. This amount of financial support will be provided for this family unit regardless of whether or not the soldier is—

(1) Receiving BAQ.

(B) Family living in Government family quarters. While the supported family is occupying Government family quarters, the soldier will provide an amount equal to the difference between BAQ at the with- and without-dependents rate. When the supported family members move out of Government family quarters, support will be provided in an amount equal to BAQ at the with-dependents rate for the soldier’s rank.

(ii) Multiple-family units. In multi-family unit support situations, each supported family member will receive a pro-rata share of the BAQ amount. This share will be determined by dividing an amount equal to BAQ at the with-dependents rate for the soldier’s rank by the total number of supported family members (excluding former spouses). The following modifications apply: First, any court ordered support will be paid as stated. Secondly, supported families living in Government family quarters will receive an amount equal to the difference between BAQ at the with- and without-dependents rate for the soldier’s rank. Lastly, any remaining family members (excluding former spouses) will receive a pro-rata share of the BAQ amount. This will be provided regardless of the amount of support paid to other family members. Following are examples:

(A) Example 1. A soldier is divorced and has three children from that marriage. The soldier is required by a court order to pay $300 per month for the children and $100 per month for the former spouse. The soldier has remarried and has two more family members (spouse and child) living in private housing. The soldier now has a total of five family members that he or she must support under Army policy. (A former spouse does not qualify as a family member in pro-rata determinations.) The children by the previous marriage must receive $300 and the former spouse must receive $100 per the court order. The present spouse and child should receive support equal to two-fifths of BAQ at the with-dependents rate for the soldier’s rank.

(B) Example 2. A soldier has one child by a previous marriage. There is no
court order for child support. The soldier is unable to show that the court granting the divorce had personal jurisdiction over the soldier so as to be able to order child support. The soldier has remarried and has a spouse and two children living in private housing. The soldier now has a total of four family members that he or she must support under Army policy. (These family members are the child by a previous marriage and the present spouse and two children.) Each family member should receive support equal to one-fourth of BAQ at the with-dependents rate for the soldier’s rank.

(C) Example 3. A soldier has two children by a previous marriage. The soldier is required by court order to pay $200 per month for these children. Also, the soldier is required to pay $75 per month for support of a child per a court order that has declared him to be the father. He has remarried and has a spouse and three children living in Government family quarters. The soldier now has a total of seven family members that he must support under Army policy. The children by his previous marriage must receive $200 per the court order. His other child must receive $75 per the court order. The spouse and children of his present marriage should receive an amount equal to the difference between BAQ at the with- and without-dependents rate for the soldier’s rank.

(iii) Military members married to one another. In the absence of a court order or written support agreement, an Army soldier is not required to provide support to a spouse on active duty in the Armed Forces.

(iv) Children of military member parents.

(A) Single family units. In the absence of a court order or written support agreement, the following interim support requirements apply:

(1) Single family units when the Army soldier does not have custody of any children of the marriage. The Army soldier will pay an amount equal to the difference between his or her own BAQ at the with- and without-dependents rate to the military member having custody of the child or children of the marriage. This amount of financial support will be provided regardless of which military member, if any, is receiving BAQ or occupying Government family quarters.

(2) Single family units when the Army soldier has custody of the child or children of the marriage (for example, Army soldier has custody of one child and spouse has custody of two children). In this situation, the Army soldier is not required to provide a minimum amount of financial support for the children in the other military member’s custody.

(B) Multiple-family units. The provisions of §584.2(d)(2)(ii) apply. However, the amount in §584.2(d)(2)(iv)(A) will not be diminished by proration because of the Army soldier’s financial support obligations to other family members. For example: An Army soldier has an adopted child from a previous marriage. The soldier is required by court order to pay $150 per month for this child. The soldier presently is married to a spouse on active duty with the Air Force. They have two children from this marriage. The Air Force member and children reside in private housing. The Army soldier has a total of three family members that he or she must support. The Army soldier will pay $150 a month to the adopted child per the court order. The children from the present marriage will receive an amount equal to the difference between his or her BAQ at the with- and without-dependents rates for the Army soldier’s rank.

(3) A commander has no authority to excuse a soldier from complying with the interim minimum support requirements of §584.2(d)(2) when they are applicable.

(4) In the absence of a contrary provision in a written support agreement or court order, monthly financial support to family members will be sent before the last calendar day of the month for which the support is due. If the family members are not residing together, the soldier will ensure each family member receives his or her pro-rata share. (For example, spouse lives along and the children live with their grandparents.)

(e) Child custody. (1) A soldier relative, who is aware that another person is a lawful custodian of an unmarried child under the age of 14 years, will not—
(i) Abduct, taken, entice, or carry away the child from the lawful custodian.
(ii) Withhold, detain, or conceal the child away from the lawful custodian.

2 A “lawful custodian” is a person authorized, either alone or together with another person or persons, to have custody and exercise control over a child less than 14 years of age by order of a court. The fact that joint custody has been awarded to both parents by a court does not preclude a violation of this paragraph by the soldier parent. However, in the absence of a court order to the contrary, the mother of a child born out of wedlock who is not then, nor has ever been, married to the father of the child is deemed the “lawful custodian” of that child for the purpose of this regulation.

3 A soldier relative is a soldier who is the parent, grandparent, brother, sister, uncle, aunt, or one who has at some time been the lawful custodian of the child.

4 It is a defense to a violation of this paragraph that the soldier—
   (i) At the time of the offense had custody of the child to the exclusion of others pursuant to a valid order of a court having jurisdiction over the child; or
   (ii) Voluntarily returned the child to the lawful custodian within 96 hours after return was demanded by the lawful custodian.

Relief from the minimum support requirement.

1 Court orders with financial support provisions.
(i) Court orders with financial support provisions will be by the terms of the court order. Relief from a court order can only be obtained under the law. Nothing in this regulation affects or lessens a soldier’s legal obligation to comply strictly with the terms of a court order.
(ii) A soldier who disobeys a court order may be held in contempt of the court that issued the order. Also, a soldier may be punished for violating this regulation. It is, however, a defense to any violation of §584.2(d)(1)(i) that—
   (A) The court issuing the order was without jurisdiction to do so, and
   (B) The soldier at all times has been complying with any of the following:
      (1) The financial support provisions of another court order.

2 The financial support provisions of a written support agreement.

3 The interim minimum financial support requirements of §584.2(d)(2).

4 Court orders without financial support provisions.

(iii) A soldier will provide financial support to family members unless expressly relieved of this obligation by—
   (A) Court order.
   (B) Written support agreement.

(iv) A soldier will provide financial support under §584.2(f)(2) to family members, which meets at least the minimum support requirements of this regulation. The financial support will be provided even when a court order contains no provision as to support except as follows:
   (A) A soldier has no obligation to provide financial support to a former spouse except by order of court.
   (B) A soldier has no obligation to provide financial support to minor children of the marriage if he or she can show the following:
      (1) The court issuing the final order of divorce had personal jurisdiction over the soldier to order child support.
      (2) The soldier is not receiving BAQ at the “with dependents” rate based solely on the support of the minor children in question.

3 Written support agreements. If a financial support obligation is evidenced by a written agreement between the parties, the soldier can only be relieved of this obligation by another written agreement or by court order.

4 Greater spousal income. In the absence of a written support agreement or court order, a soldier has no obligation to support a civilian spouse who is receiving an annual income equal to or greater than the annual gross pay of the soldier. The income of the spouse does not affect the soldier’s obligation to provide financial support to the children of that marriage in the physical custody of the spouse on a pro-rata basis. Example: A soldier is living in Government family quarters with one of their children. The soldier’s spouse deserted the soldier and lives in private housing with their other child. The soldier’s spouse earns $5,000 more in annual income from a civilian job than the soldier earns in annual gross pay.
There is no court order or written support agreement. The soldier has a total of three family members. However, under Army support policy, the soldier does not have to provide a pro-rata share of financial support to the spouse because the spouse’s income exceeds that of the soldier. (Note that under §584.2(a)(3) marital misconduct is not a relevant consideration.) The soldier must support the child in Government family quarters. In addition, the soldier must provide an amount equal to one-third of BAQ (pro-rata share) at the “with dependents” rate to the spouse on behalf of the child living with the spouse.

(2) [Reserved]

(g) Commander’s inquiries. (1) If a soldier denies he or she has a financial obligation to support a spouse or children for any reason, the soldier’s commander will—
   (i) Inquire into the matter.
   (ii) Consult with the SJA prior to determining whether or not there is a support obligation. If there is no support obligation, BAQ at the “with dependents” rate should be stopped.

(2) If a soldier claims he or she has made support payments as required by this regulation, the soldier’s commander will—
   (i) Request the soldier to provide proof of payment in one of the following forms:
      (A) Canceled personal checks.
      (B) Leave and earnings statements showing allotments.
      (C) Postal or money order receipts accompanied by a sworn statement from the soldier that the order was sent to the family member. If possible, evidence that the postal or money order was cashed by the complaining party should be provided.
      (D) Other acceptable evidence of payment.
   (ii) Consult with the SJA, if necessary, to determine whether the soldier has provided enough proof of payment.
   (3) If a soldier is suspected of violating a child custody or visitation rights in a court order, the soldier’s commander will—
      (i) Inquire into the matter.
      (ii) Consult with the SJA prior to taking action.

(4) In any case in which the soldier is suspected of violating this regulation (§584.2(d) or (e)), or of having committed other offenses, the commander, prior to questioning the soldier, will advise him or her of—
   (i) The suspected offense.
   (ii) The right to remain silent under article 31, UCMJ.
   (iii) The right to counsel under the Fifth Amendment.

(h) Form of support payment. (1) Unless otherwise provided in the court order or by agreement, a financial support payment will be made in one of the following ways:
   (i) In cash.
   (ii) By check or money order.
   (iii) By allotment.

(2) A soldier will receive credit for payments made to others on behalf of, and with the agreement of, the supported family members. Examples of support provided in kind include—
   (i) Rent.
   (ii) Utility services.
   (iii) Interest and principal due on loans, mortgages, or charge accounts.
   (iv) Insurance payments.

(i) Arrearages—(1) General. A soldier who falls into arrears without legal justification or excuse is in violation of §584.2(d).

(2) Court orders and written support agreements.
   (i) Amounts in arrears based on a past failure to comply with a court order or written support agreement will be paid at once in a lump sum amount. If an immediate lump sum payment is impractical, soldiers are expected to work out arrangements with the court or the affected family members to pay arrearages on a scheduled basis. If arrangements can not be worked out, commanders will intervene and order payment of arrearages on a scheduled basis based on the soldier’s ability to pay.
   (ii) When arrearages arise from non-compliance with court orders and written support agreements, this may result in—
      (A) Garnishment of the soldier’s pay account (§584.8).
      (B) Initiation of an involuntary allotment against the soldier’s pay account (§584.9).
      (C) Contempt of court proceedings.
§ 584.2

(D) Recoupment of BAQ received by the soldier.

(iii) Administrative or punitive action may be taken on a violation of this regulation for any month in which the soldier failed to provide the required financial support even if the amount in arrears eventually is paid.

(3) Interim minimum financial support requirements. A soldier should be encouraged to pay the amount in arrears based on past noncompliance with the interim minimum financial support requirements (§ 584.2(d)(1)(iii) and (2)). However, a soldier cannot be ordered to pay such an amount. Nevertheless, administrative or punitive action may be taken on a violation of this regulation for any month in which the soldier failed to provide the required financial support even if the amount in arrears eventually is paid. Also, failure to provide required financial support in the past may be considered, together with other factors, in a commander’s determination of the amount of additional support that may be ordered. (See § 584.2(j).)

(j) Additional support where there is no support agreement or court order.

(1) Ordinarily, a soldier should not be required to provide financial support beyond that required by § 584.2(d)(1)(iii). However, a soldier should provide additional support within his or her ability to meet the basic financial needs of family members when the interim support requirements of this regulation are shown to be inadequate.

(2) If there is a demonstrated need for immediate and temporary additional support because of unexpected and unforeseen circumstances and the parties are unable to agree on such additional support, a commander may order temporary additional support.

(3) Commanders will consider the following factors in determining the amount of additional support, if any, that a soldier should provide when a request for additional support is received:

(i) The pay, allowances, separate income, and other financial resources of both the soldier and the family member for whom additional support is requested.

(ii) The earning capacity of the family member on whose behalf support is requested.

(iii) The financial savings of the soldier and family member.

(iv) The separate and joint debts of the soldier and family member, by whom those debts were incurred, and the reasons behind them.

(v) The soldier’s duty to provide financial support to other family members, including former spouses.

(vi) The financial needs of the soldier and the family member and whether these needs are temporary or permanent in nature.

(vii) The standard of living of the soldier and family member and whether such standard of living is reasonable under the circumstances.

(viii) With regard to spousal support, the duration of the marriage and the circumstances under which the parties separated.

(ix) The extent of the soldier’s or family member’s compliance with existing court orders and written support agreements. This includes those provisions dealing with child custody, visitation rights, property division, and marital property awards.

(x) The amount in arrears owed by the soldier based on past noncompliance with the minimum support requirements. (See § 584.2(d) and (i).)

(xi) Any other fact which, in the judgment of the commander, has a logical bearing upon the amount of additional support the soldier reasonably should be expected to provide.

(k) Procedure for making complaints.

(1) Complaints about nonsupport of family members and noncompliance with court orders on financial support and child custody should be sent through command channels. The complainant should be referred to the immediate commander of the soldier concerned.

(2) The Inspector General (IG) may assist in properly routing the complaint. The IG also may assist if the responsible commander has failed to respond in a satisfactory manner or as required by this regulation. (See AR 20–1, para 4–9.)

(3) The USACFSC (DACF-IS-PA) has set up an office to assist in these cases.
USACFSC will provide policy interpretations and guidance on unresolved or complex cases, as needed. USACFSC normally will go through command channels to the immediate commander of the soldier concerned requesting that action be taken under this regulation.

(4) Family members who present complaints against a military member of another Service (Air Force, Marine Corps, Navy, or Coast Guard) should be referred to the appropriate Service.

(i) Commander’s actions. (1) Upon receipt of a complaint of nonsupport or noncompliance with court orders, including provisions on child custody or visitation rights, the commander will review the complaint. He or she will do the following if the information is incomplete:

(i) Acknowledge receipt of the complaint.

(ii) Explain that the information or documentation sent is not enough to give proper help.

(iii) If appropriate, send the complainant DA Form 5460–R (Request for Help in Receiving Support and/or Identification Cards for Family Members).

(iv) Advise that help will be given with the complaint upon return of the completed form and other requested information and documents.

(v) If appropriate, advise that DA Form 5460–R alone is not enough documentation for issuance of a dependent identification card (ID card) (AR 640–3). Documentation (that is, court orders, birth certificates, marriage certificates, etc.) must be provided to support eligibility for benefits.

(vi) Explain what garnishment is (§ 584.8) and how it might affect the soldier’s pay, allowances, and allotments. For example, explain that the amount garnisheed monthly might significantly exceed monthly support obligations previously agreed upon.

(vii) Tell the soldier of any court order for attachment or garnishment that has been received. Immediately send the court documents to the Commander, U.S. Army Finance and Accounting Center (USAFAC), ATTN: FINCL-G, Indianapolis, IN 46249–0260 for action. (See § 584.8(b).) Also, inform the soldier that if the document is in proper legal form, a portion of the soldier’s pay and allowances will be garnisheed.

(viii) Inform the soldier if no court order exists and the garnishee is the soldier’s employer. Make no collection action until notified and informed of the court action.

(ix) Explain involuntary allotments (§ 584.9) if appropriate.

(x) Coordinate with the soldier’s servicing finance and accounting office (FAO) for problems of pay, allowances, and allotments.

(iii) Notify the soldier of the complaint of nonsupport or of a violation of a child custody court order.

(iv) Require the soldier to complete and sign DA Form 5459–R. Information obtained from a system of records ordinarly will not be released outside DOD without the soldier’s consent. (See § 584.1(f).)

(v) If the soldier is suspected of violating this regulation or of having committed other offenses, the commander, prior to questioning the soldier, will also advise him or her of—

(A) The suspected offense.

(B) The right to remain silent under article 31, UCMJ.

(C) The right to counsel under the Fifth Amendment.

(vi) Explain the following to the soldier:

(A) The Army’s policies regarding support of family members and compliance with court orders.

(B) That refusal to give required support per this regulation may result in administrative or punitive action.

(C) That a soldier is not entitled to BAQ at the “with dependents” rate when no part of the allowance is given to family members. Therefore, collection action may be initiated by the Army.

(vii) Explain what garnishment is (§ 584.8) and how it might affect the soldier’s pay, allowances, and allotments. For example, explain that the amount garnisheed monthly might significantly exceed monthly support obligations previously agreed upon.

(viii) Tell the soldier of any court order for attachment or garnishment that has been received. Immediately send the court documents to the Commander, U.S. Army Finance and Accounting Center (USAFAC), ATTN: FINCL-G, Indianapolis, IN 46249–0260 for action. (See § 584.8(b).) Also, inform the soldier that if the document is in proper legal form, a portion of the soldier’s pay and allowances will be garnisheed.

(ix) Explain involuntary allotments (§ 584.9) if appropriate.

(x) Coordinate with the soldier’s servicing finance and accounting office (FAO) for problems of pay, allowances, and allotments.
(xi) Urge soldiers to provide continuous support to family members by allotment. The allotment should be for the mutually agreed amount, court order, or as computed under this regulation. An account may be set up in a financial institution by the recipient to receive the allotment. This action may preclude delays in receipt and other related problems in the future.

(xii) Help the soldier start an allotment to make the required support payments. Also, advise the soldier to let the commander know if there is a change or stoppage to the support allotment.

(xiii) Give the soldier a chance to consult with a legal assistance attorney if he or she desires. However, the commander should ensure that this is not used as a delaying tactic. Where appropriate, a support payment plan should be initiated without delay.

(xiv) Urge soldiers thinking about divorce to seek legal advice from a legal assistance attorney. Also, advise the soldier to ensure an amount of support is included in the court order for their children. This action may help to prevent future disputes.

(xv) Ensure that the soldier is not receiving BAQ at the “with dependents” rate when not entitled to it. (See §584.7.)

(xvi) Ask the soldier about his or her intentions. Give the soldier the chance to furnish a voluntarily signed statement admitting or denying the complaint and stating his or her intentions.

(xvii) Send complaints received to the soldier’s new duty station if he or she has been reassigned. Advise the complainant of the soldier’s reporting date and the unit address to which correspondence should be sent. If proper, give the complainant a copy of DA Form 5460–R.

(3) Advise the complainant courteously and promptly—

(i) Of the Army policy in suitable areas of concern.

(ii) Of the soldier’s intentions, if the soldier allows release of the information.

(iii) That personal problems outside the requirements of this regulation must be resolved in court if the parties cannot agree.

(4) If proper to the situation, remind complainant of other helping agencies on post, such as the chaplain and Army Community Service. These agencies can give timely, interim help to meet immediate needs pending a more permanent resolution of the problem.

(5) Retain the statements allowing or forbidding release of information to the complainant and the soldier’s intentions with the case file for future reference. Documents/records will be filed per AR 600–37 and the Army Functional Files System (AR 340–2 and AR 340–18).

(6) Monitor actions closely to ensure promises of support or other actions by soldiers to complainants are being met.

(7) Consider administrative or punitive action if proper.

(8) Inform the first level field grade commander of the soldier’s repeated failure to meet the requirements of this regulation. Also, point out actions taken or contemplated to correct instances of nonsupport of family members or violations of child custody court orders.

§ 584.3 Paternity claims.

(a) General. (1) This chapter sets policy and procedures to process paternity claims against male Army soldiers. These procedures apply to claims made in the continental United States and in foreign countries. They apply to claims made by the claimant or on behalf of the claimant by attorneys, court officials, and others.

(2) Soldiers will be informed of paternity claims against them. Commanders will ensure that soldiers are advised of their legal rights and will advise soldiers of their moral and legal obligations in the matter. Soldiers admitting paternity will be urged to provide the necessary financial support to the child. Also, they will take any other action proper under the circumstances.

(b) Procedures for questioning soldiers about paternity claims upon receipt of a claim of paternity against a soldier, the commander will take the following actions:

(1) If there is evidence that an offense (for example, rape, indecent acts with a minor) may have been committed—

(ii) Inform law enforcement officials.
Department of the Army, DoD § 584.3

(ii) Inform the soldier of the suspected offense. Before questioning, advise the soldier of his right to remain silent under article 31, UCMJ, and his right to counsel under the Fifth Amendment.

(iii) Coordinate further action under this regulation with the SJA and law enforcement officials if appropriate.

(2) If there is no evidence that an offense was committed—

(i) Allow the soldier a chance to talk with a legal assistance attorney about his legal rights and obligations.

(ii) Require the soldier to complete and sign DA Form 5459–R. Information obtained from a system of records normally will not be released outside DOD without the soldier’s consent. (See §584.1(f).)

(iii) Inform the soldier of Army policy on the support of family members contained in this regulation.

(iv) Advise the soldier that a court order against him on the paternity claim, followed by a refusal to support a child born out of wedlock, could result in—

(A) Administrative or punitive action for violating this regulation.

(B) Garnishment of the soldier’s pay account (§584.8).

(C) Initiation of an involuntary allotment against the soldier’s pay account (§584.9).

(D) Contempt of court proceedings.

(v) Ask the soldier about his intentions. Give the soldier the chance to furnish a voluntarily signed statement admitting or denying the claim and stating his intentions.

(c) Procedures for processing paternity claims. (1) When one of the conditions in §584.3(c)(1)(i) applies, a claimant will be advised of the statement in §584.3(c)(1)(ii).

(i) A soldier—

(A) Refuses to answer questions about the paternity claim.

(B) Denies paternity.

(C) Admits paternity, but refuses to provide financial support.

(ii) No action can be taken on the claim of paternity in the absence of a court order. The court order must identify the soldier in question as the father of the child. Also, the court order must direct that the soldier provide financial support to the child.

(2) The commander will reply directly to the claimant or the attorney or court official she has authorized to act in her behalf. Information obtained from a system of records ordinarily will not be released outside DOD without the soldier’s consent. (See §584.1(f).)

(3) If the soldier admits paternity and agrees to provide financial support, then the commander will—

(i) Ask the claimant to provide a copy of the birth certificate.

(ii) Help the soldier in filing for an allotment or providing other financial aid.

(iii) Advise the claimant of the amount, effective date, and means of payment.

(iv) Help the soldier apply for BAQ at the “with dependents” rate, if applicable. (A birth certificate may be required.)

(v) Ensure an ID card is issued for the child after the relationship is documented, if proper. (A birth certificate may be required.) (See AR 640–3, para 3–3, for dependency criteria for ID cards.)

(vi) Allow the soldier to take ordinary leave in order to marry the claimant, if leave is requested for this purpose. However, the leave may be delayed if it will interfere with military requirements. Travel in connection with leave (including travel to and from overseas commands) is the responsibility of the soldier. Travel will be at no expense to the Government. If the marriage is to take place overseas, the soldier must comply with AR 600–240 and AR 608–61 in applying for authorization to marry (DA Form 2029–R) (Application for Authorization to Marry Outside of the United States).

(d) Court orders. If a court order of paternity and support has been issued, the commander will—

(1) Advise the soldier of the policy regarding support of family members.

(2) Advise the soldier that refusal to support his child born out of wedlock could result in—

(i) Garnishment of the soldier’s pay account (§584.8).

(ii) Initiation of an involuntary allotment against the soldier’s pay account (§584.9).

(iii) Contempt of court proceedings.
§ 584.4  Adoption proceedings.

(a) General. This chapter does not apply to those situations were a soldier is trying to adopt a child. It applies to those situations where another person is trying to adopt a legitimate or illegitimate child of a soldier. A child born in or out of wedlock normally may not be put up for adoption without the consent of the parents. Therefore, communications from a judge or court asking that a soldier appear at an adoption hearing must be answered.

(b) Commander's actions. The commander will—

(1) Inform the soldier or the inquiry.

(2) Urge the soldier to see a legal assistance attorney.

(3) Advise the court or judge, as appropriate, that—

(i) A request by the soldier for leave to attend an adoption hearing on (date) has been granted.

(ii) A request by the soldier for leave to attend an adoption hearing on (date), if made, would be approved.

(iii) Due to military requirements, the soldier cannot be granted leave to attend any court hearing until (date).

(iv) The soldier has stated that he or she is not the natural parent of the child.

(v) Since the soldier is not present because (give specific reasons), (for example, temporary duty or leave), a complete response cannot be made until (date).

(vi) The soldier is no longer in this command. The commander will provide the soldier's new military address to the court or judge. The commander then will send a copy of the inquiry to the soldier's new commander and advise the court or judge of this action.

(4) Furnish the soldier with a copy of the communication and the reply.

§ 584.5  U.S. citizenship determinations on children born out of wedlock in a foreign country.

(a) General. (1) A child born out of wedlock in a foreign country of an American citizen father and an alien mother does not automatically gain U.S. citizenship. The child must first be legally acknowledged by the father. Marriage to the mother may be required in order for the child to acquire U.S. citizenship. The father also must establish that he had at least 10 years of physical presence in the United States prior to the child's birth. Five of those years must have been spent in the United States after the father's 14th birthday. United States military service counts as physical presence in the United States. (See 8 U.S.C. 1101(c)(1), 1401(g), and 1409(c).) Whether the child gains the citizenship of its mother depends entirely upon the laws of the nation in which she is a citizen.

(2) A child born out of wedlock in a foreign country to an American citizen mother and an alien father or U.S. Citizen father gains U.S. citizenship at birth if the mother had been physically present in the United States for a continuous period of 1 year prior to the child's birth. (See 8 U.S.C. 1409(c).) The child will gain the citizenship of the father only if the laws of the nation in which he is a citizen.

(b) Procedures for claiming U.S. citizenship rights. (1) A father desiring rights of U.S. citizenship for a foreign-born child must legally acknowledge the child as his own and prepare a case file. Each case is decided on its own merits. The Department of State, if the child is in a foreign nation, or the Immigration and Naturalization Service (INS), if the
child is in the United States, will make the decision. Documents that may be important in supporting a citizenship determination are listed below:

(i) Proof of father’s citizenship. This may consist of any of the following:
   (A) A certified copy of his birth certificate (with a raised seal of the registrar of births).
   (B) A report of birth abroad (FS Form 240 (Report of Birth Abroad of a Citizen of the United States)).
   (C) A certificate of citizenship.
   (D) A certificate of naturalization.
   (E) A valid U.S. Passport.
   (F) A certified copy of an approved U.S. passport application.
   (G) Any secondary evidence acceptable by the State Department or INS.

(ii) Affidavit of paternity.

(iii) Proof of presence in the foreign country at time of conception. (This information can be extracted from the passport, DA Form 2–1 (Personnel Qualification Record—Part II), etc.).

(iv) Child’s birth certificate.

(v) Proof of the father’s physical presence in the United States for 10 years (5 after age 14).

(vi) Blood type tests of the mother, the father, and the child. (At the request of the examining officer.)

(vii) Two sworn affidavits (at the request of the examining officer) from individuals who personally knew the mother, father, and child at the time of birth and can identify the child.

(viii) A copy of a certified English translation of all needed legal documents that are in a foreign language.

(ix) An executed passport application with three signed pictures of the child.

(2) The soldier may consult a legal assistance attorney for help in preparing the case file. The case file should be taken to the nearest American Embassy, Consulate General, or Consultate in the country where he and his child live. If the father is not present in the country where the child lives, he will do one of the following—

(i) Take the necessary documents to the nearest American Embassy, Consulate General, or Consultate.

(ii) Mail the documents to the Department of State, ATTN: Office of Citizens Consular Service, WASH DC 20520. That office, in conjunction with the American Consul abroad, will decide if the child is a U.S. citizen.

(3) If both father and child are within the United States, a decision of citizenship status can be obtained from the INS. The soldier should file Form N–600 (Application for Certificate of Citizenship) at the nearest INS office. This form can be obtained from the INS. The appendix of AR 608–3 lists the location of INS offices.

(4) Any soldier who claims to be a U.S. citizen has the burden of proving that claim to the Department of State or INS, as applicable.

§ 584.6 Procedures governing nonactive duty or discharged personnel.

(a) Procedures governing nonactive duty personnel. (1) Nonsupport complaints and paternity claims against former soldiers or other not on active duty will be sent to the Commander, U.S. Army Reserve Components Personnel and Administration Center (RCPAC), ATTN: DARC-PSE-VS, 9700 Page Boulevard, St. Louis, MO 63132–5200.

(2) After RCPAC verifies the status, the following officials will act as prescribed below:

(i) Chief, National Guard Bureau, WASH DC 20310–2500, for members of the Army National Guard.

(ii) The area commander concerned for Ready Reservists assigned to troop program units under his or her control. (See AR 140–1, para 1–6.)

(iii) Commander, RCPAC for nonunit members assigned to Control Groups of the Ready Reserve, Standby Reserve, and Retired Reserve.

(3) The officials cited above will ensure that correspondence claiming nonsupport or paternity is delivered to the person concerned, using military channels. When the correspondence cannot be delivered through military channels, it will be sent to the last known mailing address of the person by certified mail (PS Form 3811 (Return Receipt, Registered, Insured and Certified Mail)). It should be marked “Return Receipt Requested—Deliver to Addressee Only.” This form is available at U.S. post offices.
(4) After delivery of correspondence, the responsible official will advise the complainant or claimant—
   (i) Of the date and method of delivery.
   (ii) That the military department does not control the personal affairs of nonactive duty personnel. These personnel usually are in a civilian status and are not subject to military discipline. Therefore, the matter has been left to the person’s discretion.
   (iii) Of the person’s mailing address only if the conditions in §584.6(c) are met.

(b) Procedures governing discharged personnel. Nonsupport complaints or paternity claims against persons who have been discharged from the Service will be sent to RCPAC. These persons do not hold any military status whatsoever. Commander, RCPAC will return the correspondence and all accompanying documentation and advise the complainant or claimant—
   (1) That the person is no longer a member of the Army or the Reserve Components.
   (2) Of the date of discharge.
   (3) That the Army no longer has control or authority over the discharged member. Therefore, the Army can take no further action in the matter.
   (4) Of the person’s mailing address only if the conditions in §584.6(c) are met.

(c) Conditions for disclosing mailing address. Nonactive duty and discharged personnel’s mailing addresses will not be disclosed except for one of the following reasons:
   (1) The person consents in writing to the release of his or her address.
   (2) The complainant or claimant sends a court order directing the release of the address.
   (3) Any other reason that does not constitute a violation of the Privacy Act of 1974.

(d) Retired personnel. (1) Court orders for garnishment or attachment of pay of retired persons will be sent to USAFAC.
   (2) The complainant or claimant will be advised that correspondence may be sent to the retired member as follows:
      (i) Place stamped envelope in a second envelope and send to the Commander, RCPAC, ATTN: DARC-PSE-VS, 9700 Page Boulevard, St. Louis, MO 63132–5200.
   (3) Commander, RCPAC will send the correspondence to the retired member but cannot release the address under the provisions of the Privacy Act of 1974.

§ 584.7 Basic allowance for quarters.
(a) Eligibility. (1) Soldiers entitled to basic pay, who have family members, are entitled to BAQ at the rates prescribed for soldiers “with dependents” under certain conditions. The Department of Defense Military Pay and Allowances Entitlements Manual (DODPM) governs entitlements. (See DODPM, part 3.)
   This is so even if a divorce decree or court order is silent on support or releases the soldier from the responsibility of supporting the family. (See §584.2(f)(2).) Normally, a soldier is not entitled to BAQ on behalf of a former spouse or stepchildren after the divorce. BAQ at the “with dependents” rate is not authorized when the soldier or the supported family is residing in Government family quarters. Also, if two soldier member-parents are supporting the same child, only one soldier member is entitled to BAQ at the “with dependents” rate.
   (2) False claims. BAQ at the “with dependents” rate is not payable to soldier who are not supporting their families. Cases involving alleged failure or refusal of soldiers to pay at least the difference between BAQ at the with- and without-dependents rate each month in support of their families. (See DODPM, part 3.) Normally, a soldier is not entitled to BAQ on behalf of a former spouse or stepchildren after the divorce. BAQ at the “with dependents” rate is not authorized when the soldier or the supported family is residing in Government family quarters. Also, if two soldier member-parents are supporting the same child, only one soldier member is entitled to BAQ at the “with dependents” rate.
   (b) False claims. BAQ at the “with dependents” rate is not payable to soldier who are not supporting their families. Cases involving alleged failure or refusal of soldiers to pay at least the difference between BAQ at the with- and without-dependents rate for the support of family members will be referred to the proper FAO after investigation. Nonsupport of family members for whom BAQ is claimed may result in—
      (1) Collection of BAQ received but not given to the family members.
   (2) Stoppage of BAQ at the “with dependents” rate.
   (3) Punitive or administrative action against a soldier for—
(i) Violating the minimum support requirements of this regulation.
(ii) Submitting a fraudulent claim for BAQ based on false information.

c) Forfeiture of BAQ. Forfeiture of the “with dependents” portion of BAQ does not relieve the soldier of the obligation to support family members as set up in this regulation.

d) BAQ entitlements versus Army minimum support requirements Terms for entitlements to BAQ are set forth in DODPM, part 3, chapter 2. Except as provided in this regulation, BAQ entitlements have no relationship to Army minimum support requirements.

§ 584.8 Garnishment.

(a) General. (1) Pub. L. 93–647 (42 U.S.C. 659) permits garnishment, attachment, or assignment of Federal wages and retirement payments to enforce court-ordered child support and alimony obligations that are in arrears. It includes foreign court orders when—

(i) Required by treaty or international agreement. (A soldier is subject to garnishment for child support issued by the FRG only while physically stationed in Germany.)

(ii) Recognized by a court of competent jurisdiction. Applicable State laws govern legal procedures to be used by complainants. Jurisdictional or procedural challenges to garnishment actions remain the responsibility of individual members.

(2) In the absence of State law more favorable to the soldier, 15 U.S.C. 1673 limits the amount of pay that can be garnished as follows:

(i) Fifty percent of disposable pay when a soldier is supporting a spouse or dependent child who is not the subject of the support order. (See § 584.8(a)(3) for an explanation of disposable pay.)

(ii) Sixty percent of disposable pay when a soldier is not supporting such spouse or dependent child.

(iii) An additional 5 percent in each of the above cases if payments are more than 12 weeks overdue.

(3) The items of pay listed in § 584.8(a)(3)(i) are subject to garnishment except for amounts deducted for the items listed in § 584.8(a)(3)(ii).

(i) Items of pay and bonus subject to garnishment.

(A) Basic pay.

(B) Special pay (including enlistment and reenlistment bonuses).

(C) Incentive pay.

(D) Inactive duty training pay.

(E) Academy officials pay (except personal money allowances).

(F) Accrued leave payments (basic pay portion only).

(G) Retired and retainer pay.

(H) Lump-sum Reserve bonus.

(I) Separation payments (readjustment pay and severance pay).

(ii) Deductions not subject to garnishment.

(A) Federal income tax withholding.

(B) State income tax withholding.

(C) Servicemen’s Group Life Insurance.

(D) Social Security taxes (Federal Insurance Contributions Act).

(E) United States Soldier’s and Airmen’s Home.

(F) Survivor Benefit Plan.

(G) Retired Servicemen’s Family Protection Plan.

(H) Indebtedness to the United States and delinquent Federal taxes.

(I) Fines and forfeitures ordered by a court-martial or commander.

(b) USAFAC procedures. The USAFAC will process most garnishment orders. Unless the order is contrary to Federal law or the laws of the jurisdiction from which it was issued, the soldier’s pay will be garnished per the court order. Garnishment orders will be sent by certified or registered mail to the Commander, USAFAC, ATTN: FINCL-G, Indianapolis, IN 46249–0160. However, all legal process issued by German courts will be processed under DODPM, section 70710, when the soldier is stationed in the FRG. The documents must expressly state they pertain to child support or alimony. Also, the name and social security number (SSN) of the soldier must be included. The submission of a divorce decree or support order alone is not enough, as a garnishment order is required.

§ 584.9 Involuntary allotments.

(a) General. Pub. L. 97–248 (42 U.S.C. 665) permits involuntary allotments from pay and allowances of soldiers on
active duty as child, or child and spousal, support payments when—
   (1) The soldier has failed to make payments under a court order for 2
       months or in a total amount equal to or in excess of the support obligations
       for 2 months.

   (2) Failure to make such payments is established by notice from an author-
       ized person to the Commander, USAFAC, ATTN: FINCL-G, Indianap-
      olis, IN 46249–0160. An authorized person is—
       (i) Any agent or attorney of any
           State having in effect a plan approved
           under part D of title IV of the Social
           Security Act (42 U.S.C. 651–664), who
           has the duty or authority under the
           plan to seek recovery of any amounts
           owed as child or child and spousal sup-
           port (including, when authorized under
           a State plan, any official of a political
           subdivision).
       (ii) A court or agent of the court that
           has authority to issue an order against
           the soldier for the support and mainte-
           nance of a child.
       (3) Such notice must give the sol-
           dier’s full name and SSN. Also, it must
           list the name and address of the person
           to whom the allotment is payable. The
           amount of the allotment will be the
           amount needed to comply with the sup-
           port order. The allotment may include
           arrearages as well as amounts for cur-
           rent support if provided for in the sup-
           port order. A copy of this must be in-
           cluded with the notice. If proper, a
           statement must be included that the
           support allotment qualifies for the ad-
           ditional 5 percent in excess of the max-
           imum percentage limitations. These
           limitations are prescribed in 15 U.S.C.
           1673. Also, a copy of the underlying
           support order must be included with
           the notice. An allotment under this
           provision will be adjusted or discon-
           tinued only upon notice from an au-
           thorized person.

   (b) Procedures. No action will be
taken to set up an allotment until the
soldier has the chance to consult a
legal assistance attorney. The purpose
of the meeting is to discuss the legal
and other factors involved with respect
to the soldier’s support obligation and
failure to make payments. If the sol-
dier has not consulted with legal coun-
sel, the allotment will start the first
end-of-month payday after 30 days have
elapsed since notice was given to the
affected soldier.

Section II—Terms

Arrearage
The total amount of money a soldier owes a family member for prior months in which the soldier failed to comply with the minimum support requirements of this regulation.

Basic Allowance for Quarters
An amount of money prescribed and limited by law that a soldier receives to pay for quarters not provided by the Government.

Child Custody Complaint
A written or oral complaint by a family member, or a third party acting on behalf of a family member, that alleges that the soldier is violating a court order granting custody of minor children to someone other than the soldier. It also includes a complaint by a mother of a child born out of wedlock against a soldier father who has abducted or detained the child.

Court Order
As used in this regulation, court order includes all judicial and administrative orders and decrees, permanent and temporary, granting child custody, directing financial support, and executing paternity findings. It also includes any foreign nation court or administrative order recognized by treaty or international agreement. Court orders are presumed valid in the absence of evidence to the contrary.

Family Member
For the purpose of this regulation only, a family member includes—

a. A soldier’s present spouse. (A former spouse is not a family member. However, except as otherwise indicated, the term “family member” includes any former spouse for whom the soldier is required by any court order to provide financial support.)

b. A soldier’s minor children from present and former marriages, including children legally adopted by the soldier. (A family member does not include the child of a soldier who has been legally adopted by another person.)

c. Minor children born out of wedlock to—

(1) A woman soldier.

(2) A male soldier if evidenced by a decree of paternity identifying the soldier as the father and ordering the soldier to provide support.

d. Any other person (for example, parent, stepchild, etc.) for whom the soldier has an obligation to provide financial support under the law of the domicile of either the soldier or the supported person.
Financial Support Provision

The provision in a court order or separation agreement directing the soldier to provide financial support to a family member on a periodic basis.

Government Family Quarters

Any sleeping accommodations or family-type housing owned or leased by the U.S. Government.

Gross Pay

For support purposes, gross pay includes basic pay and allowances to include special, incentive, and other pay when received on a monthly basis. Gross pay does not include funds not received on a monthly basis (that is, enlistment and reenlistment bonuses and accrued leave payments). Gross pay does not include wages from off-duty employment.

Legal Assistance Attorney

Army lawyers designated to advise and assist soldiers and their families on family law matters. Such matters include marriage, divorce, adoption, paternity, child custody problems, and support obligations. In the context of this regulation, a legal assistance attorney also includes a lawyer retained by a soldier at his or her own expense.

Minor Children

Unmarried children under 18 years of age who are not on active duty with the Armed Forces.

Nonsupport Complaint

A written or oral complaint by a family member, or a third party acting on behalf of a family member, that alleges one of the following:

a. Soldier is providing no financial support.

b. Soldier is providing insufficient financial support.

c. Soldier is failing to comply with—

(1) An oral agreement,

(2) A written support agreement, or

PART 589—COMPLIANCE WITH COURT ORDERS BY PERSONNEL AND COMMAND SPONSORED FAMILY MEMBERS

Sec. 589.1 Definitions.

589.2 Policy.

589.3 Applicability.

589.4 General.

AUTHORITY: Public Law 100-456 and 10 U.S.C., 814.

SOURCE: 55 FR 47042, Nov. 8, 1990, unless otherwise noted.

§ 589.1 Definitions.

(a) Court. Any judicial body in the United States with jurisdiction to impose criminal sanctions of a DoD member, employee, or family member.

(b) DoD Employee. A civilian employed by a DoD Component, including an individual paid from non-appropriated funds, who is a citizen or national of the United States.

(c) DoD Member. An individual who is a member of the Armed Forces on active duty and is under the jurisdiction of the Secretary of a Military Department, regardless whether that individual is assigned to duty outside that Military Department.

§ 589.2 Policy.

(a) This part (chapter) implements procedural guidance in Department of Defense Directive 552 5.9, “Compliance
of DoD members, employees, and family members outside the United States with court orders." This guidance applies to all soldiers and Department of the Army and Nonappropriated Fund (NAF) civilian employees serving outside the United States, as well as to their command sponsored family members.

(b) DODD 5525.9 requires DoD cooperation with courts and federal, state, and local officials in enforcing court orders pertaining to military personnel and DoD employees serving outside the United States, as well as their command sponsored family members, who—

(1) Have been charged with or convicted of any felony.
(2) Have been held in contempt of a court for failure to obey a court order, or
(3) Have been ordered to show cause why they should not be held in contempt for failing to obey a court order.

This guidance does not affect the authority of Army officials to cooperate with courts and federal, state, or local officials, such as is currently described in Army Regulation 27–3, Legal Services, Army Regulation 190–9, Military Absentee and Deserter Apprehension Program, and Army Regulation 608–99, Family Support, Child Custody, and Paternity, in enforcing orders against soldiers and employees in matters not discussed below. The guidance below does not authorize Army personnel to serve or attempt to serve process from U.S. courts on military or DoD employees overseas. (See also AR 27–40, Litigation, paragraph 1–7.)

§ 589.4 General.

(a) Courts of federal, state, or local officials desiring to initiate a request for assistance pursuant to this section must forward the request, with appropriate court orders, as follows:

(1) For soldiers and members or their family, to the soldier's unit commander, Deputy Chief of Staff for Personnel (ODCSPER), ATTN: DAPE-MP (703–695–2497); and

(2) For Department of the Army civilian employees and members of their family, to the servicing civilian personnel office for the employee's command, or ODCSPER, ATTN: DAPE-CPL (703–697–4429).

(b) Upon receipt of such requests for assistance concerning courts orders described in paragraph (a) of this section and AR 190–9, commanders/supervisors, with the advice of their servicing Judge Advocates and legal advisors, will take action as appropriate as outlined below:

(1) Determine whether the request is based on an order issued by a court of competent jurisdiction. An "order issued by a court of competent jurisdiction" is an order that appears valid on its face and is signed by a judge.

(2) If the order appears valid on its face and is signed by a judge, attempt to resolve the matter in a timely manner to the satisfaction of the court without the return of, or other action affecting, the soldier, Army civilian employee, or family member. Due regard should be given to mission requirements, applicable international agreements, and ongoing DoD investigations or courts-martial.

(3) If the matter cannot be resolved, afford the subject of the court order a reasonable opportunity to provide evidence of legal efforts to resist the court order or otherwise show legitimate cause for noncompliance. If it is determined that efforts to provide such evidence or to show cause for noncompliance warrant a delay in taking further action, not to exceed 90 days, must be sought from the
§ 589.4

Secretary of the Army. Such requests, fully setting forth the reasons justifying delay and the estimated delay necessary, will be forwarded within 30 days directly to ODCSPER, ATTN: DAPE-MP (for military personnel and their family members or ODCSPER, ATTN: DAPE-CPL (for Army civilian employees and their family members) or ODCSPER, ATTN: CFSC-HR-P (for NAF employees and their family members). These offices must promptly forward the request for delay to the Assistant Secretary of Army (Manpower and Reserve Affairs) ASA(M&RA), for approval. If a delay is approved, ASA(M&RA) will promptly notify the Assistant Secretary of Defense (Force Management and Personnel) ASD (FM&P), copy furnished General Counsel, Department of Defense (GC, DOD).

(4) If one, the matter cannot be resolved, and two, it appears that noncompliance with the request to return the soldier, or to take other action involving a family member or DA or NAF employee is warranted by all the facts and circumstances of the particular case, and three, the court order does not pertain to any felony or to a contempt involving the unlawful or contemptuous removal of a child from the jurisdiction of a court or the custody of a parent or another person awarded custody by court order, the matter will be forwarded, for soldiers or their family members to the soldier’s general court-martial convening authority, or, for army civilian or NAF employees or their family members, to the fairest general officer or civilian equivalent in the employee’s chain of command, for a determination as to whether the request should be complied with. In those cases in which it is determined that noncompliance with the request is warranted, copies of that determination will be forwarded directly to the appropriate office noted in §589.3(b)(3) with an information copy to HQDA, DAJA-CL, pursuant to chapter 6, AR 190–9.

(5) If one, the matter cannot be resolved, and two, it appears that noncompliance with the request to return the soldier, or to take other action involving a family member of DA or NAF employee, is warranted by all the facts and circumstances of the particular case, and three, the court order pertains to any felony or to a contempt involving the unlawful or contemptuous removal of a child from the jurisdiction of a court or the custody of a parent or another person awarded custody by court order, a request for exception to policy will be forwarded directly to the appropriate office listed in §589.3(b)(3) with an information copy to HQDA, DAJA-AL, within 30 days unless a delay has been approved by ASA(M&RA). The offices listed in §589.3(b)(3) must forward the request for an exception promptly through ASA(M&RA) to ASD(FM&P) for decision, copy furnished to General Counsel, DOD.

(6) All actions, whether to invoke the DOD Directive or not, must be reported promptly to ASD(FM&P) and General Counsel, Department of Defense. See also DOD Directive 5525.9, paragraph E.3.c.

(c) If requests for military personnel cannot be resolved without return of the individual, and denial of the request as outlined in this section is not warranted, the individual will be ordered pursuant to section 721, Public Law 100–456 and DODD 5525.9 to the appropriate U.S. port of entry at government expense, provided the federal, state, or local authority requesting the individual provides travel expenses including a prepaid transportation ticket or equivalent and an escort, if appropriate, from the port of entry to the appropriate jurisdiction. Absent unusual circumstances, requesting parties will be notified at least 10 days before the individual is due to return. Guidance concerning use of military law enforcement personnel to effect the return of military personnel to U.S. civil authorities may be obtained from the U.S. Army Military Policy Operations Agency (MOMP-O).

(d) In accordance with DoD policy, military personnel traveling pursuant to a contempt order or show cause order, as described in this part and in AR 614-XX is entitled to full transportation and per diem allowances. However, this does not alleviate the requesting parties’ requirement to pay travel expenses from the appropriate U.S. port of entry. Any travel expenses received from the requesting party
must be deducted from the soldier's entitlement to travel and per diem allowances. The soldier will be returned in a temporary duty (TDY) status, unless a permanent change of station (PCS) is appropriate.

(e) If requests for Army civilian and NAF employees cannot be resolved and denial of the request as outlined in this section is not warranted, the individual will be strongly encouraged to comply with the court order. Failure to comply with such orders by an Army civilian or NAF employee, if all criteria are met, is a basis for withdrawal of command sponsorship and adverse action against the employee, to include removal from federal service. Failure to comply with such orders may be basis for withdrawal of command sponsorship.

(f) If the request is based upon a valid court order pertaining to a family member of a soldier or Army civilian or NAF employee, the family member will be strongly encouraged to comply with the court order if denial of the request as outlined in this part is not warranted. Unless the family member can show legitimate cause for non-compliance with the order, considering all of the facts and circumstances, failure to comply may be basis for withdrawal of command sponsorship.

(g) Failure of the requesting party to provide travel expenses for military personnel as specified in this section, is grounds to be recommended denial of the request for assistance. The request must still be forwarded through DAPE-MP and ASA(M&RA) to ASD(FM&P) for decision, copy furnished to General Counsel, Department of Defense.

(1) The Departments of the Navy and the Air Force and the Defense Logistics Agency will assist the Department of the Army in providing necessary equipment, transportation, and services in support of the Boy Scouts of America attending Jamborees. The Secretary of the Army or his designee will maintain liaison, as appropriate, with such agencies to avoid duplication of effort.

(2) Other departments (agencies) of the Federal Government are authorized under such regulations as may be prescribed by the Secretary (Administrator) thereof, to provide to the Boy Scouts of America (BSA), equipment and other services, under the same conditions and restrictions prescribed for the Secretary of Defense.

(j) Procedure for loan of equipment and providing of transportation and other services to the Boy Scouts of America for world and national jamborees. Preliminary actions. (1) In accordance with the provisions of Pub. L. 92–249, H.R. 11738, 10 March 1972, and Secretary of Defense Memo of 17 May 1972, Subject: Loan of Equipment and Providing of Transportation and Other Services to the Boy Scouts of America for Boy Scout Jamborees; Memo of 23 January 1973, Subject: Military Transportation Support for Boy Scout Jamborees; and Memo of 19 August 1974, Subject: Military Transportation Support for Boy Scout Jamborees, the DOD is authorized to lend certain items and provide transportation and certain other services to such Jamborees. Prior to the loan of property and providing transportation and other services, an appropriate agreement will be executed between the United States of America and the activity to be supported. A bond (fig. 7–6), in an amount specified by the Commander, DARCOM, based on statute taken by the Commander-in-Chief/Commander, Major Army Command (MACOM), and held until termination of the encampment and final settlement is made for each Jamboree.

(2) The Commander-in-Chief/Commander, MACOM designated, on behalf of the Commander, DARCOM, representing the Secretary of Defense will enter into legal arrangements with the Boy Scouts of America for the loan of equipment and the providing of transportation and certain other services for Boy Scouts World and National Jamborees. National Jamborees include Jamborees conducted by and within the United States and also those conducted by and within foreign nations.

(3) The Commander-in-Chief/Commander, MACOM, will appoint a Property Book Officer who will maintain separate stock records in order to provide for a single final billing to the supported activity (Boy Scouts of America) for items consumed, lost, damaged or destroyed. The Department of the Army will not be billed for items obtained from other than Army sources, except medical supply losses. Bills for medical supply losses will be submitted to the US Army Area Surgeon for payment. He will establish liaison with the activity to be supported. The property book account will be established in accordance with section II, chapter 2, AR 710–2.

(4) The Commander-in-Chief, MACOM, will task the Army Area Surgeon for Medical Supply Support to the Jamborees. Each Surgeon designated should appoint an accountable officer and furnish the name, location, and routing identifier of a project office wherein medical supply problems can be resolved.

(5) The Property Book Officer is authorized direct communication with the source of supply, other military department liaison personnel and DARCOM ICP’s to resolve routine supply problems.

(k) Preparing bills of material. (1) The activity (BSA) will submit a list of equipment and supplies desired to the Commander-in-Chief/Commander, MACOM. This list will be edited during
§621.4  32 CFR Ch. V (7–1–09 Edition)

and subsequent to preliminary conferences with representatives of the activity and furnished to Commander, DARCOM, ATTN: DRCMM–SP.

(2) HQ, DARCOM will convert the informal list to a tentative Bill of Material and will furnish the respective Commodity Command that part of the Bill of Material for their items of logistical responsibility. A suggested format for the Bill of Material is included as figure 7–1. Local reproduction is authorized. Copies of the entire tentative Bill of Material will also be furnished to each of the military departments authorized to participate in the support of the encampments. The Bill of Material forwarded to the Commander-in-Chief/Commander, MACOM will be screened to determine inhouse availability prior to placing requisitions on CONUS supply points.

(3) At such time as item availability information is on hand and the sources to be used are determined (paragraph (m) of this section, a Bill of Material (figure 7–1) will be prepared by HQ, DARCOM, and forwarded to the Commander-in-chief/Commander, MACOM.

(4) The Bill of Material will list, by commodity command (military department), all items desired, identified by National Stock Number (NSN) description, quantity desired and required delivery date. The NSN will provide identification of the items required. Items will be identified by the Property Book Officer to the responsible commodity command or military department as indicated below:

(i) CERCOM 1 US Army Communications and Electronics Materiel Readiness Command.
(ii) TSARCOM 2 US Army Troop and Aviation Materiel Readiness Command.
(iii) ARRCOM 3 US Army Armament Materiel Readiness Command.
(iv) TARCOM 4 U.S. Army Tank-Automotive Materiel Readiness Command.
(v) DLA ......... 5 Defense Logistics Agency.
(vi) Navy ....... N Department of the Navy.
(vii) Air Force F Department of the Air Force.
(viii) Other Installations.

The Bill of Material will be screened to insure that radioactive items restricted for military use are not included.

(i) Establish property transaction records. (1) A Property Transaction Record reflecting complete information about each item loaned to the activity will be established and maintained by the Property Book Officer (figure 7–2) and the respective commodity command military department (figure 7–3). Suggested formats for the Property Transaction Records are found in figures 7–2, 7–3, and 7–4. Local reproduction is authorized.

(2) The Property Book Officer will also establish and maintain separate Property Transaction Records for items obtained from supply sources other than Army commodity commands, i.e., other Army installations, Department of the Navy, Department of the Air Force (figure 7–4).

(3) Each entry on the Property Transaction Record will be supported by appropriate documentation (commodity command: copies of shipping documents, copies of return documents and copies of surveillance inspection report—Property Book Officer: Requisition voucher files and hand receipt cards). This is particularly important for reconciliation purposes in order that all property received from each source will be returned to that source upon termination of each encampment.

(m) Locating and obtaining equipment and supplies. (1) The respective commodity commands (military departments) will screen the tentative Bill of Material (paragraph (k)(2) of this section) and determine availability and source of supply identified by Routing Identifier Code. They will advise HQ, DARCOM, ATTN: DRCMM—SP of availability, appropriate substitute items when the requested items are not available in sufficient quantity, and the source of supply for requisitioning purposes.

(2) Concurrently, the Bill of Material will be screened within the MACOM to determine those items that can be obtained from assets available in the command.

(3) The Property Book Officer will requisition equipment and supplies from the source of supply as indicated by Commander, DARCOM in accordance with AR 725–50 or other separately furnished instructions. The requisition number, quantity requisitioned, stock number and source of supply will be entered in the Property Transaction
Department of the Army, DoD § 621.4

Requisitions will cite the appropriate project code assigned and appropriate activity address code on all requisitions submitted. Project codes will be assigned by Commander, Logistic Systems Support Activity, ATTN: DRXLS-LCC, Chambersburg, PA, 17201 and distributed by message to all interested addressees.

(4) Loan of General Services Administration (GSA) General Supply Fund Material—The Federal Property and Administrative Services Act of 1949, as amended, authorizes the Administrator, GSA to loan GSA General Supply Fund Material to the Department of Defense and other federal agencies. Loan shall be made to the extent that items are readily available and that such loans will not jeopardize the GSA stock inventory. The loan of GSA General Supply Fund Material shall normally be limited to 90 Calendar days. Requisitions for GSA material should be submitted to the nearest GSA Regional Office by the CINC/CDR MACOM.

(5) Formal accountability for all items shipped to the site of the activity will be retained by the appropriate accountable activity. Property and financial accounting will be in accordance with respective military department regulations governing loans.

(6) The shipping depot or other source will furnish a copy of the shipping document to the respective commodity command (military department) where the quantity charged, date shipped, condition of the property and total value will be posted to the Property Transaction Record.

(7) Upon receipt of the advance copy of the shipping document, the commodity command (military department) will post information to his Transaction Record, by source as in paragraph (1)(1) of this section.

(8) When the shipment is received, the Property Book Officer will inspect the property. A narrative statement of condition will be prepared if condition of the property is other than that indicated on the shipping document and referenced to the condition entry on the Property Transaction Record. The source of supply, as appropriate, will be immediately notified of overages or shortages and verified in condition, as provided in chapter 8, AR 735–11. The Property Book Officer will enter on the shipping document the quantity actually received when it differs from quantity shown as shipped and will post the quantities received to the property book record.

(9) Discrepancies between the quantity shipped by the depot and that received by the Property Book Officer and variance in condition will be reconciled as rapidly as possible and appropriate records will be brought into agreement. When shortage or damage is not attributable to the carrier, the Property Book Officer will immediately contact the responsible source of supply, furnishing the stock number and document number involved, together with an explanation of the discrepancy. Reconciliation is particularly important in order to ensure a common point of departure in determining charges to be assessed upon termination of the activity. Replacement shipments, when required, will be covered by appropriate shipping documents.

(10) Special Instructions for Defense Logistics Agency, Clothing and Textile Items. (See DSAR 4140.27/AR 700–49).

(n) Transportation. (1) Transportation of equipment and supplies—The responsibility of coordinating movement of equipment and supplies placed on loan to the Boy Scouts of America during National and World Jamborees is delegated to the Commander, US Army Materiel Development and Readiness Command, ATTN: DRCMM-ST.

(2) All requisitions for items in question, will cite the appropriate project code and will be shipped by commercial bill of lading on a collect basis to all National Jamborees and World Jamborees held in the United States.

(3) Shipments to Boy Scout contingents at World Jamborees in foreign countries will be by Government bills of lading, unless otherwise specified by the Boy Scouts of America.

(4) All shipments directed to Boy Scout Jamborees will be routed by the most feasible means as determined by the shipper. Shipments will be consolidated to the maximum extent possible to assure the lowest charges available to the Boy Scouts of America.
5. Separate shipping instructions will be provided for each Jamboree to assure that correct consignee and railhead addresses are furnished.

6. Movement of Boy Scouts, Scouters, and officials living in the United States of America to a Jamboree within the United States of America or to a Jamboree in an oversea area shall be the responsibility of the Boy Scouts of America or the individuals concerned.

7. No authority exists under Pub. L. 92–249 for the movement of Boy Scouts, Scouters, and officials residing overseas and certified by the Boy Scouts of America (BSA) as representing the BSA at the Jamboree. Certification by the BSA will be in the form of a letter identifying each such individual as their authorized representative at the Jamboree. This letter of authorization must be presented to the sponsoring overseas command.

8. Transportation by vessels of the Military Sealift Command (MSC).
   (1) The MSC does not operate any ships suitable for carriage of passengers on transoceanic routes. Although pertinent directives and Pub. L. 92-249 authorize the movement of Boy Scouts on Military Vessels, the MSC has no capability to provide such transportation.
   (2) The MSC is an industrial-funded organization and charges the military service for sealift services provided in accordance with established rates. The host command will be responsible to compensate the MSC for sealift services provided on MSC ships. The limitations inherent in Pub. L. 92-249 stipulate that transportation support provided will be at no cost to the Government. Under these directions, Boy Scout equipment or materiel is not authorized movement on a space available basis without prior approval of the Secretary of Defense. Such approval is not anticipated.
   (3) All billings for transportation provided by MSC will be forwarded to the appropriate Commander-in-Chief Command from the Boy Scouts of America.
   (4) Transportation of Boy Scouts, Scouters, officials, and their equipment provided by MAC controlled aircraft will be reimbursed at the common user tariff rates assessed U.S. Government Traffic, as contained in AFR 76-11.
   (5) On the basis of letters of authorization issued by the BSA, the BSA will monitor services provided by the Department of Defense. One copy of each BSA letter of authorization will be forwarded to the Commander, US Army Materiel Development and Readiness Command, ATTN: DRCMM-SP, 5001 Eisenhower Avenue, Alexandria, VA 22333, for planning purposes. This letter of authorization should specify whether one way or round trip transportation is requested.

9. DACROM responsibilities include the following:
   (i) Compiling a passenger forecast to be submitted to MAC in accordance with AR 59-8/OPNAVINST 4630.18C/AFR 76-38/MCO 4630.6B.
   (ii) Providing Military Traffic Management Command (MTMC) an information copy of the passenger forecast.
   (iii) Submitting all passenger requirements for one way and round trip transportation originating overseas to the appropriate overseas command.
(7) The responsibilities of the sponsoring overseas command include:

(i) Verifying that Scout passengers are officially authorized representatives of BSA in accordance with paragraph (p)(1) of this section.

(ii) Making all necessary passenger reservations with MAC, for transportation originating overseas, in accordance with AR 55-6/AFR 76-5/OPNAVINST 4630.23/MCO P4630.11. The overseas command will submit CONUS outbound return passenger requirements to Commander, Military Traffic Management Command, ATTN: MTMC-PTO-P, Washington, DC 20315.

(iii) Issuing each passenger a MAC Transportation Authorization (DD Form 1482) for transportation from the overseas location and return, when round trip transportation has been requested. The customer identification code, item (7) of the DD Form 1482, should be designated—JBWJ—which was approved by MAC as the permanent CIC for direct billing purposes to HQ, Boy Scouts of America, North Brunswick, New Jersey, 08902.

(iv) Ensuring that each Scout passenger has a completed DD Form 1381, signed by a parent, guardian or other legally responsible individual.

(v) Evaluating the use and necessity of military airlift within or between overseas locations. This evaluation will include such factors as reasonable travel time, number of connections required, and assurance of Scout group integrity. Surface transportation will normally be used for travel within an overseas area.

(8) The responsibilities of the MTMC include:

(i) Evaluating the return outbound passenger requirements and making the necessary transportation arrangements so as to maintain Scout group integrity at all times.

(ii) Assisting the BSA in completing required documentation and insuring that passengers are ready prior to the return flight.

(iii) Pub. L. 92–249 does not provide authorization for the use of Department of Defense transportation by Scouts, Scouters, and Officials of foreign nations. All requests to transport such persons should be forwarded through the unified command channels to the Office of the Assistant Secretary of Defense (Public Affairs). However, DOD does not contemplate authorization for the use of MAC aircraft for other than U.S. Scouts, Scouters, and Officials.

(iv) Use of military helicopters in support of medical evacuation, VIP, press and photo-services—The Director of Army Aviation, the Department of the Army Staff Judge Advocate, and the Comptroller of the Army have furnished the general opinion that Pub. L. 92–249 authorizes the use of Military helicopters in support of the above described services to the extent they are reasonably available and permits the use of appropriated funds.

(q) Determination of charges and settlement. (1) All property on which repair cost is claimed will be held at the depot or post, camp or station, until final charges are determined and a release is given by CDR, DARCOM, Department of the Army.

(2) The commodity command (military department) will prepare the following information and statement, and forward them, to CDR, DARCOM, Department of the Army, for final review:

(i) Complete Property Transaction Record and supporting documents.

(ii) Proper accounts for which reimbursement received for shortages and repairs are to be deposited.

(iii) The following statement: “The losses and/or damages indicated on the Property Transaction Report in the amount of $ represent the total claim by (appropriate commodity command or military department) relative to commodity command or military department property loaned to (Boy Scouts of America). Upon settlement and deposit to the proper account, the CDR of the commodity command or military department releases the (Boy Scouts of America) from further obligations.”

(iv) Statements as to the general type of repair (e.g., tentage, repair tears, insert new panels, replace grommets) will be reported on separate addendum to the Property Transaction Record for items requiring repair.

(3) The CINC/CDR, MACOM, will prepare the following information and statement for property furnished for
assets in the command and will forward this to CDR, DARCOM:

(i) Same as (q)(2)(i) of this section.

(ii) Same as (q)(2)(ii) of this section.

(iii) The following statement: The losses and/or damages indicated on the Property Transaction Record in the amount of $1,111 represent the total claim by (appropriate Army) relative to (appropriate Army) property loaned to (Boy Scouts of America). Upon settlement and deposit to the proper account, the CINC/CDR, MACOM releases the (Boy Scouts of America) from further obligations.

(iv) Same as (q)(2)(iv) of this section.

(4) CDR, DARCOM, will review the charges, inspect property to be repaired, if necessary, reconcile any discrepancies and determine final charges to be levied against the supported activity. Approved list of charges will be forwarded to the CINC/CDR, MACOM, for collection, and property being held for repair will be released.

(5) The CINC/CDR, MACOM, will prepare and dispatch a letter to the supporting activity and request payment made payable to the Treasurer of the United States. Upon receipt of payment, collection documents will be prepared and appropriate fiscal accounts, as furnished by the commodity command (military departments) ((q)(2) and (3) of this section) credited. The MACOM Surgeon will take action to reimburse the DLA stock fund for expendable medical supply losses reported. The CINC/CDR, MACOM, will close the Property Transaction Record Account.

(6) The CINC/CDR, MACOM, will advise the CDR, commodity command (military departments and CDR, DARCOM, DA) that settlement has been accomplished. Commodity command (military department) Property Transaction Records will be closed upon receipt of the foregoing advice.

(7) The CDR, DARCOM will advise the CINC/CDR, MACOM, to return the bond to Boy Scouts of America.

(8) In the event of unsatisfactory settlement, the proceeds of the bond will be used to satisfy the claim. The Power of Attorney executed in connection with the agreement will be invoked and proceeds collected from the bond (fig. 7-7).

PART 623—LOAN OF ARMY MATERIEL

§ 623.1 General.

(a) Purpose. This part sets forth policies and procedures for loan of Army materiel. As used in this regulation, the term “loan” includes a lease.

(b) Applicability. (1) This regulation applies to all Department of the Army (DA) agencies, commands, installations, and activities.

(2) This regulation applies to the Army National Guard (ARNG) only when the procedure for the loan of equipment under the procedure of National Guard Regulation (NGR) 735–12 does not apply.

(3) This regulation does not apply to loans governed by the DOD Military Assistance and Sales Manual, DOD 5105.38-M.

(4) This regulation does not apply to loans governed by the Defense Acquisition Regulation (DAR).

(c) Scope. This part outlines when loans of Army materiel may be made. It gives general procedures for requesting and processing loans, and sets forth
responsibilities, including requirements for reimbursement.

(d) Explanation of terms. (1) The terms “loan,” “lease” and “bailment” are contractual terms and are frequently used interchangeably. They have no meaning by themselves. It is necessary to study the statute to see what is required. Usually, a “loan” is thought of as a short-term transfer of property, sometimes with reimbursement; a “lease” is a more formal transfer, often long-term and requiring a fair monetary rental; and a “bailment” is a loosely-used term, generally reserved for a delivery of property to another in trust for the purpose of doing something to the property and then returning the property to the owner. The term “issue” is frequently used in the sense of a transfer of property which will be consumed in use. The terms “gift,” meaning a permanent transfer of property without reimbursement, and “sale,” meaning a permanent transfer with reimbursement, are outside the scope of this regulation.

(2) For additional definitions, see appendix A.

(3) The words “he, him, his” when used in this publication represent both the masculine and feminine genders, unless otherwise specifically stated.

(e) Loan restrictions. (1) Army materiel is not normally used for other than the Army’s primary mission; however, under conditions described herein materiel not immediately needed to support mission requirements may be loaned to—

(i) Army and other Department of Defense (DOD) elements.

(ii) Non-DOD Federal departments and agencies.

(iii) Civil governments (State and local).

(iv) Special activities, agencies, and others.

(2) Table 2–1 lists various circumstances where loan of Army materiel might be requested. It identifies the applicable Federal laws or other authority which would authorize such loans.

(f) Statutory authorities. There are three basic federal laws which authorize the loan of Army property. There are also numerous specific statutes which authorize particular types of loans in limited situations. Unless there is a reason to use the specific statute, one of the basic statutes will be used.

(1) The following are the basic statutes:

(i) 10 U.S.C. 2571—Authority for loan of property within DOD.

(ii) 31 U.S.C. 686 (The Economy Act)—Authority for loans to other Federal departments and agencies.

(iii) 10 U.S.C. 2667 (The Leasing Statute)—Authority for loans/leases, including leases to activities outside the Federal Government.

(2) Following are some of the specific authorizing statutes:

(i) 10 U.S.C. 331—Federal aid for State governments as result of insurrection.

(ii) 10 U.S.C. 332—Use of militia and Armed Forces to enforce federal authority.

(iii) 10 U.S.C. 333—Use of militia or Armed Forces to suppress interference with state and federal law.

(iv) 10 U.S.C. 2541—Loan of equipment and barracks to national veterans organizations.

(v) 10 U.S.C. 2542—Loan of equipment to the American National Red Cross for instruction and practice.

(vi) 10 U.S.C. 2543—Loan of equipment to US Presidential Inaugural Committee.

(vii) 10 U.S.C. 2544—Loan of equipment and services to the Boy Scouts of America, for national and world jamborees.

(viii) 10 U.S.C. 2572—(See AR 870–20.) Loan of books, manuscripts, works of art, drawings, plans, models, and condemned or obsolete combat materiel not needed to—

(A) A municipal corporation.

(B) A soldiers monument association.

(C) A state museum.

(D) A nonprofit incorporated museum.

(E) Posts of Veterans of Foreign Wars of the USA.

(F) American Legion Posts.

(G) A local unit of any other recognized war veterans association.

(H) A post of the Sons of Veterans Reserve.

(ix) 10 U.S.C. 4308—Establishment and support of civilian rifle ranges.
§ 623.2 Loan policies.

(a) Loan and approval policy—(1) Basic policies.

(i) Materiel is not loaned to non-DOD activities as a routine procedure. However, materiel in the Army inventory is available for loan for special purposes if approved. Approving authorities are listed in table 2–1; their addresses are in appendix B.

(ii) Loans will be approved or disapproved based on the purpose, duration of the loan, and consideration of the following factors which can take precedence over any loan.

(A) Military requirements and priorities.

(B) Continuity of military operations, troop survival, and the rehabilitation of essential military bases.

(C) Stocks and programmed Army requirements. This includes prepositioned mobilization reserve stocks.

(D) Type classification with pending changes.

(E) Minimum diversion of Army stocks.

(F) The adequacy of the borrower’s resources. Requesters will be encouraged to use their own resources.

(ii) Loan requests from civilian authorities or activities will normally enter Army channels at the installation or MACOM levels. If on-post or off-
post units receive loan requests, they will refer them to unit’s supporting installation commander at once. Emergency loan requests will be relayed by telephone or electrically transmitted message.

(iv) When routine handling of a loan request would result in loss of human life, grave bodily harm, or major destruction of property, and when the lack of communication facilities prevents use of normal procedures, loans otherwise permitted by this regulation can be made with local approval. However, normal policy should be followed to the extent possible. If procedural requirements cannot be fully complied with, they must be met as soon as possible after the loan is made.

(v) Army materiel loaned under this part will be delivered to borrower “as is, where is” available.

(vi) Stocks of the least serviceable condition which are still suitable for the loan’s purpose will be used. Logistic control code “C” materiel will be loaned before logistic control code “B” materiel. Logistic control code “B” materiel will be loaned before logistic control code “A” materiel. (Ref chap 9, AR 708–1.)

(vii) Commanders of medical treatment facilities (MTF) are subject to all the requirements of this regulation, including the requirement for reimbursement. However, in accordance with AR 360–61 which implements DOD Instruction 5410.19, (A) Emergency loans of medical supplies (drugs, vaccines, etc.) may not be made without reimbursement, but the loan may not exceed 30 days and the medical supplies must be replaced in kind by the borrowing agency or activity; and

(B) Emergency loans of medical equipment not to exceed 15 days may be made without reimbursement if it is the practice in the community for other hospitals to make such loans. Equipment loans which exceed 15 days must be approved, in writing, by the MACOM commander and are subject to all the requirements of 10 U.S.C. 2667, including reimbursement.

(viii) Army property loaned to non-DOD activities will not be further loaned without approval of the original approving authority.

(ix) There will be no procurement or redistribution of assets to offset the effects of loans. Material will not be set aside, earmarked, assembled, or stockpiled to be available for use related to loans.

(x) Army materiel may be recalled from the borrower at any time to meet Army requirements.

(xi) Stock record accounting and financial transactions for loans will conform with existing regulations.

(xii) Borrowers are responsible for the care, custody, and proper use of materiel borrowed. Except as stated in this regulation, reimbursement will be required for damage, destruction, loss, fair depreciation in value, and for any Army repair, care, transportation, preservation, and protection of loaned equipment.

(xiii) Care, renovation, and repair of borrowed materiel will conform with the loan agreement.

(xiv) As indicated below, borrowers must provide signed loan agreements, provide surety bonds, and vehicular insurance prior to receipt of materiel. Loan agreements and bonds will be prepared in accordance with paragraphs (b) and (c) of this section.

¹ A hand receipt or other document assigning responsibility will suffice.
² In emergency disaster relief cases, bonds and insurance may be provided after receipt of the materiel. (See paragraph (a)(4) of this section.)

(2) Loans to DOD organizations. Army materiel may be loaned to DOD activities for projects, programs, and mission requirements that support basic functions of the borrowing activity. Examples are field exercises, maneuvers, training exercises, including annual training (AT) of Reserve Components, and research development, test, and evaluation (RDTE).
§ 623.2

(i) Loans of major end items belonging to MACOMs are approved by MACOM or UCOM commanders. Loans of materiel other than major end items are approved at commander/installation level.

(ii) Loans of materiel belonging to DARCOM (wholesale level) are approved as follows:

(A) Materiels other than major end items, by the director or deputy director of an MRC.

(B) All other items, by HQ DARCOM or commanders of MRCs unless loan would interfere with issue against DA Master Priority List (DAMPL) priorities, then by HQDA ODCSLOG (DALOM-SMD).

(3) Loans to federal departments/agencies. Loans to Federal activities outside the DOD are usually provided under provisions of the Economy Act, 31 U.S.C. 686. Federal agencies borrowing DOD materiel using the provisions of this act are responsible for reimbursing the DOD for all DOD costs incident to the delivery, return, and repair of the materiel. The borrower is also responsible for reimbursing the DOD for depreciation if the depreciation cost is significant.

(4) Disaster relief.

(i) CONUS/OCONUS.

(A) In disaster situations local civil authorities must provide relief from their own resources. If this is not sufficient, and the American National Red Cross has a team at the disaster, requests for further assistance should be made to them. If the President has declared a major disaster or emergency, requests should be made to the regional director of the Federal Disaster Assistance Administration (FDAA).

(B) The commanding General, US Army Forces Command (FORSCOM), acting for the Secretary of the Army (SA), is responsible for Army materiel support of disaster relief operations within the United States and the District of Columbia. UCOMs are responsible for disaster relief operations in US possessions and trust territories. These commanders are authorized to task DOD agencies and commands, consistent with defense priorities, to provide materiel in support of operations. A military representative will be appointed by the appropriate command to act as the DOD point of contact with the Housing and Urban Development (HUD) Federal Coordinating Officer (FCO) when military assistance is required during a Presidential declared disaster or emergency. When a disaster or emergency is of such magnitude, the disaster area may be geographically subdivided. A military representative will then be appointed for each FCO. All requests for military assistance will be passed through the FCO to the DOD military representative at the disaster area.

(C) The Director of Military Support (ODCSOPS), HQDA, acts at the DOD point of contact for the Administrator, FDAA, other Federal agencies, and the American National Red Cross in all disaster assistance matters.

(ii) Foreign. (A) The Department of State is responsible for deciding when emergency foreign disaster relief operations will be undertaken. This authority is delegated to Chiefs of Diplomatic Missions for disaster relief operations whose total costs will not exceed $25,000.

(B) Send queries on foreign disaster relief to HQDA (DAMO-ODS) (para 4, app B).

(5) Civil disturbances. The maintenance of law and order is primarily the responsibility of local and state authorities. In civil disturbance situations, a basic goal of the Federal Government is to minimize the involvement of active military forces. One of the most effective means of keeping Federal forces off the streets is to loan US Army civil disturbance type equipment to Federal, State, and local law enforcement agencies and also to the National Guard. (For specific guidance see AR 500-50.)

(i) Requests for loan of Army materiel during or for expected civil disturbances are of three types with approval authority as follows:

(A) Group one. Arms, ammunition, tank-automotive equipment, and aircraft. Loans will be approved by the SA or his designee.

(B) Group two. Riot control agents, concertina wire, and similar military equipment which is not included in group one. Loans will be approved by the SA (or his designee), or by an Army
task force commander employed at an objective are during a civil disturbance.

(C) Group three. Protective equipment such as masks and helmets; body armor vests; other equipment not included in group one or two such as clothing, communications equipment, and searchlights; and the use of DOD facilities. Such loans will be approved by the SA (or his designee); by MACOMs; by the CGs of CONUS armies, MDW, and by commanders of UCOMs outside CONUS as applicable.

(2) Queries concerning loans in support of civil disturbances will be forwarded to the Director of Military Support, HQDA(DAMO-ODS), WASH DC 20310. (See app B.)

(6) Terrorism. (i) The Department of the Army is the DOD Executive Agent for support to the FBI in combating terrorism. Existing civil disturbance loan procedures, including categories of equipment, apply to equipment loans to the FBI for combating terrorism. Military resources will be provided only upon request of the Director, FBI, or the Senior FBI official present at the scene of a terrorist incident. It may be difficult in some situations to determine whether a practical incident fits the definition of terrorism. In these cases, commanders are authorized to accept the judgment of the FBI official making the request if it is supported by the available facts. (See para 3, table 2-1.)

(ii) For requests from the FBI in connection with terrorist incidents, any commander in the chain of command down to and including commanders of military installations are authorized to approve loans of group two and group three resources. (See paragraphs (a)(4)(1)(B) and (C) of this section.) Requests for equipment which involve technical/operating personnel, excluding firefighting equipment and explosive ordnance disposal, will be processed as a group one resource. For example, approval authority is retained by the DOD Executive Agent.

(7) Aircraft piracy. Assistance to other federal agencies in the protection of airways is provided through loans under guidance in paragraph 3, table 2-1. Specific limitations on such support are covered in AR 500–1.

(b) Loan agreements. (1) Upon approval of a loan request and before shipment or issue of the materiel, the approving authority will complete a written loan agreement, DA Form 4881–R. In all cases, the statutory basis for the loan will be cited. The approving authority is acting for the DOD on loans to other Federal agencies, and for the United States on loans to civil authorities and special activities. The agreement will be signed by the approving authority and the borrowing activity. When emergency loans have been made as authorized by this AR, follow-up action will be taken at once to formalize the loan by completing a loan agreement.

(2) Loan agreements are mutually developed by the approving authority and the chief of the borrowing activity (or their designee). The agreements identify the responsibilities of all parties. They include terms and conditions of the loan. Appendix C illustrates a sample loan agreement, DA Form 4881–R (Agreement for the Loan of US Army Material), and specifies what the loan agreements will stipulate and contain. Also illustrated at appendix C is DA
Form 4881–2–R, which will be completed and appended to the loan agreement as “Exhibit I.”

(3) Loan agreements will be held by the approving authority until termination and final settlement of each loan.

(4) If the loan agreement is signed by someone other than the chief borrowing official, than a Certificate for Signature by an Alternate will be completed. (See appendix D for DA Form 4881–1–R.) It will be attached to the signed (by the borrower) copy of the agreement that is retained by the approving authority. DA Forms 4881–R, 4881–1–R, and 4881–2–R are reproduced locally on 8 1/2 by 11-inch paper.

(c) Surety bonds. (1) Some borrowers of Army materiel must post a surety bond. (See table 2–1 and DA Form 4881–3–R at app E.) Bonds ensure safe return of the borrowed materiel or reimbursement for any loss of or damage to the materiel. The bond will consist of—

(i) A properly executed surety bond with a certified bank check, cash, or negotiable US Treasury bonds, or

(ii) Notice of bond by a reputable bonding company deposited with the approving authority for the loan. Bonds will equal the total price of the borrowed items as shown in exhibit I to the loan agreement (app C, DA Form 4881–R). A “double” bond (bond equal to twice the value of the borrowed item(s)) will be required—

(A) For Army materiel loaned to the Red Cross for instruction and practice to aid the Army, Navy, or Air Force in time of war (10 U.S.C. 2542).

(B) For ordnance and ordnance stores loaned to high schools in the District of Columbia (10 U.S.C. 4653).

(2) The bond need not be posted by the borrowing agency itself. The source or originating agency for the bond is immaterial if the bond is valid. For example, to secure a loan, a State may post bond on behalf of a city, county, or other governmental body or authority within the State.

(3) In an emergency, when posting a bond would delay approval of an urgent loan request and when the total price is less than $1,000, the approval authority may approve the request. The approval is on the condition that the bond be posted within 5 days.

(4) Bond forfeitures or exceptions to mandatory forfeitures can only be made with the concurrence of the Secretary of the Army. Forfeitures will be based on actual expense incurred. Forfeitures do not release the borrowing agency from returning borrowed materiel or affect ownership. Bonds are normally forfeited under the following conditions:

(i) Materiel is not returned at the termination of a loan period or when return has been directed by the Army.

(ii) The borrowing agent refuses to pay for damages or other Army expenses.

(5) Surety bonds will be held by the approving authority until the loan is terminated and final settlement is made. At that time, the bond will be returned to the borrower.

(6) If US treasury bonds are posted as surety bond, the borrower must execute a power of attorney (DA Form 4481–4–R, app F). This will enable cashing of the treasury bonds if some forfeiture is required. DA Form 4881–3–R (Surety Bond) and DA Form 4881–4–R (Power of Attorney) will be reproduced locally on 8 1/2 by 11-inch paper.

(d) Loan duration. (1) Loan periods and extensions will be shown in table 2–2.

(2) Materiel will be loaned only for the number of days needed for the specific purpose for which borrowed. Loan extensions must be justified. The reason(s) why other means or other than Army materiel cannot be used must be included. Approval of loan extensions will be based on the merit of the reasons given.

(3) Loan extensions authorized beyond 1 year will not be approved unless the lender of the loaned materiel has inspected and inventoried the materiel to insure completeness and serviceability.

(e) Types of DA materiel available for loan. Examples of types of items that may be loaned, and examples of the types of organizations that may borrow Army materiel, are listed in table 2–1. Most loans will be nonexpendable items or expendable items not forecast to be consumed (durable items). Expendable items (e.g., expendability code X) will not be loaned unless approved as an exception.

§ 623.3 Submission of requests for loan of Army materiel.

(a) General. (1) Loan requests will be expedited according to the situation’s urgency. A situation may be so serious that waiting for instructions or approval from a higher authority is unwarranted. Commanders will then take action as required to save human life, prevent human suffering, or reduce property damage or destruction. (See §623.2(b)(1).) Such emergency actions will be reported at once to higher authority according to §623.7.

(2) Requests to the US Army for loan, or loan extension, will be promptly sent by the Army element that received the request through channels to the approving authority shown in table 2-1 or as specified in appropriate regulations.

(3) Loan requests will be made by the head of the Federal agency, civil authority, or civilian activity desiring the materiel. An exception is that requests from the Federal Disaster Assistance Administration (FDAA) will normally be initiated by an FDAA regional director rather than by the administrator. The requests should be made directly to the approving authorities shown in table 2-1.

(b) The Army National Guard (ARNG). Loan requests for property belonging to ARNG will be made under National Guard Regulation 735-12. (See para 5, table 2-1.)

(c) General procedures—(1) DOD activities. DOD activities will borrow Army materiel as follows:

(i) Requests will be made in writing citing—

(A) Detailed justification for loan to include urgency of need.

(B) Duration of loan.

(C) Funds to defray transportation and handling.

(D) Serviceability requirements.

(ii) Approving authority involved will—

(A) Forward a loan agreement to requester. Loan agreements within DOD will often consist of letter requests, approving endorsements, and materiel issue document (DD 1348–1) transferring temporary accountability. Between units and activities, a hand receipt may be used as the loan agreement.

(B) The Army National Guard (ARNG). Loan requests for property belonging to ARNG will be made under National Guard Regulation 735-12. (See para 5, table 2-1.)

¹All extensions or loan renewals which extends the overall loan period beyond 1 year must be approved by the Secretary of the Army (or designee).
§ 623.3

(B) Furnish positive identification of item to be loaned.
(C) Provide instructions for delivery of equipment.
(iii) DOD recipient of loaned Army materiel will—
(A) Forward accepted loan agreement to approving authority (all actions can be accomplished by electrically transmitted messages).
(B) Provide geographic location of equipment and specific activity that is responsible for care and preservation of loaned equipment.
(C) Return equipment to Army in condition received with normal allowance for fair wear and tear.

(2) Non-DOD activities. Non-DOD activities, including Federal agencies will request loan of Army materiel as follows:

(i) Non-DOD activities, and agencies, will send routine requests by letter 45 days before the materiel is required. Federal agencies may use Standard Form 344 (Multiuse Standard Requisitioning/Issue System Document). Requests will include the following:
(A) The DA approving authority. See table 2–1.
(B) Date request is submitted.
(C) Title of requesting agency and/or person authorized to receive or pick up the borrowed materiel. Be specific; e.g., Special Agent in Charge John Doe, FBI, Anytown, USA, (telephone number with area code) 123-456-7890.
(D) Type of loan; e.g., Boy Scout National Jamboree, American Legion Convention, etc. (with a short summary of circumstances).
(E) Statement that none of the requested materiel is internally available to the requesting activity.
(F) Statement that this support is not reasonably available from local government or commercial sources.
(G) Authority for the loan (if known); e.g., public law, US code, executive order, etc. See table 2-1.
(H) Positive identification of the type and quantity of items required. If national stock numbers and nomenclature are not available, identify the items needed by type, model, size, capacity, caliber, etc.
(I) Geographic location where the materiel will be located and used.
(J) Proposed duration of the loan.
(K) Statement that the agency has, or will ensure capability to properly operate, maintain, secure, and care for the borrowed materiel.
(L) If firearms are requested, a statement that adequate facilities are available to secure the arms. See §623.5(a)(4).
(M) A statement that the borrowing activity will assume all responsibilities, liabilities, and costs related to the movement, use, care, security, loss, damage, and repair of the loaned materiel.
(N) Citation of funds to cover reimbursable costs. Also, a statement that an adequate bond will be provided, if required.
(O) A statement that the loan agreement prepared by the Army will be signed by the “responsible official” of the borrowing activity (or designee).
(P) Name, address, and telephone number of the person who will serve as the point of contact for the requesting agency, authority, or activity.
(Q) Complete instructions for delivery of the equipment to ensure that shipping instructions in the request are consistent with the urgency of the situation. State whether a small quantity shipped by air, express, or other fast means will satisfy immediate needs until bulk shipments can arrive. Also state quantity immediately required.
(R) If applicable, the number of persons to be accommodated.

(ii) Urgent requests may be made to meet expected or actual emergencies. Such requests may be made by telephone or by electrically transmitted message. Include information required in paragraphs (c)(2)(i) (A) through (R) of this section to the extent possible. The request will be presented to the approving authority. The borrower will then send a complete written request to formalize the emergency request.

(iii) If approval of the loan is granted, approving authorities will contact accountable property officers at CONUS installations (equivalent level overseas), or MRC item managers to determine which items are available. Installation requests to MRCs will state that the installation resources could not meet the loan requirements. Availability decisions will be based on normal management criteria including
Department of the Army, DoD § 623.3

past and anticipated demand, asset balances, order-ship time, repair rate and repair cycles, and procurement schedules. If requested items are available and approved for issue, the approving authority (or designee) will—

(A) Negotiate and agreement;

(B) Obtain surety bond from the borrower when required;

(C) Provide reproduced copies of the signed documents to the appropriate accountable property office along with authorization to make the loan.

(iv) Approving authorities will maintain a system of numerical control for all loans. The accountable property officer will enter this number on all transaction documents related to each specific loan to include requisition, issue, shipping, turn-in, and financial documents.

(3) The US Secret Service (USSS). (i) Army regulation 1–4 provides policies and procedures for Army support to the Secret Service. Support will be provided only on the request of the Director, United States Secret Service or his authorized representative. It will be provided only to assist the United State Secret Service in performance of its statutory protective functions.

(ii) Routine requests are sent by the United States Secret Service direct to the Office of the Special Assistant to the SECDEF for approval. Approved requests involving Army resources are tasked through HQDA (DAMO-ODS) to the proper command. Approved requests for resources of other Services are tasked direct to the proper Service.

(iii) Approved requests for resources to be used in overseas areas (regardless of Service) will be passed from the Office of the Special Assistant to the Joint Chiefs of Staff (JCS) for tasking of the proper unified command.

(iv) In urgent situations, the United States Secret Service may request military resources from the nearest military commander who is authorized to take action consistent with the urgency. As soon as possible, they will seek guidance/approval through command channels to the approval authority (Spec Asst to the SECDEF).

(4) Drug and narcotics interdiction activities should send requests through their headquarters to DOD, ATTN: Deputy Assistant SECDEF (Program Management), WASH DC 20314. Concurrently, information pertaining to the request should be sent to HQDA (DAMO-ODS) (para 4, app B), or relayed by telephone (AUTOVON 225–2003 or the Army Operations Center 851–1800 during nonduty hours). The Deputy Assistant SECDEF will pass approved request to HQDA (DAMO-ODS), through the Office, Under Secretary of the Army, for determination of availability and readiness impact. If approved by the Under Secretary of the Army, ODCSOPS (DAMO-ODS) will task the proper MACOM to provide support. Requests for extension or changes to agreements will be processed as noted in tables 2–1, 2–2 and paragraph (a)(2) of this section.

(5) The Federal Bureau of Investigation. (i) Requests for aircraft piracy assistance, received from Federal authorities by Army field commands or activities, will be forwarded through command channels by telephone (confirmed by electrically transmitted message) to the Military Support Division, ODCSOPS (DAMO-ODS), AUTOVON 255–3848/7433/2003 (WATS 202–695–2003). These requests will be approved by the DOD General Counsel (or designee).

(ii) The requests will then be sent to the National Military Command Center (NMCC). It will coordinate between the lending accountable property officer and the borrower.

(iii) In urgent cases, the Deputy Director for Operations, NMCC, may approve requests upon his or her own responsibility. This is subject to a later report to the chairman of the Joint Chiefs of Staff and the DOD General Counsel.

(iv) Approved requirements will be passed to the Secretary of the Army by telephone and confirmed by electrically transmitted message. The Secretary of the Army will then assign the requirement to the proper command (or staff agency) which will contact the designated Federal civil official and confirm the details of the request.
Modification of the requirement to better perform the mission is authorized if the Federal official agrees.

(6) Environmental Protection Agency (EPA), US Coast Guard (USCG), or National Response Team (NRT). Non-DOD Federal agency requests for loan of material to combat oil and hazardous substance pollution spills will be made directly to the Commanding General, FORSCOM. Requests will be made by an “On Scene Coordinator” (OSC) of the EPA, or by the USCG acting for the Department of Transportation. The pollution spill NRT may also initiate requests. Approval authority is shown in table 2–1.

(d) Civil authorities. Loans of material to civil authorities for use during civil disturbances and disasters will be made as follows:

(1) Civil disturbances. Requests for Army materiel in anticipation of (or during) civil disturbances will be promptly sent through command channels to the approving authority (UCOM commanders will coordinate requests originating from areas outside CONUS) as follows:

(i) Requests for resources that require Secretary of the Army approval will be sent through channels to HQDA (DAMO-ODS) (para 4, app B).

(ii) Requests for group three resources (§ 623.2(a)(5)) that are not available to commanders having the approving authority (UCOM commanders will coordinate requests originating from areas outside CONUS) as follows:

(iii) Requests received by other DOD agencies will be referred to local Army installation commanders for processing.

(2) Disaster relief. Requests for loan of materiel to support disaster relief will be handled as follows:

(i) Valid requests for disaster relief assistance (see §623.2(a)(4) for decision-making process) will be given to the DOD liaison (a military officer) assigned to the disaster; or forwarded to the CONUS Army commander in which the disaster occurs. (See appendix G.) If no Federal Disaster Assistance Administration (FDAA) official (HUD Federal Coordinating Officer (FCO)) is present at the disaster scene, requests may be received from the Red Cross.

(ii) HUD Regional Directors for FDAA, or FCOS, will send requests for loan of materiel to the Commanding General, FORSCOM, or to the proper CONUS Army commander. (Requests for Defense Civil Preparedness Agency (DCPA) resources will be sent to DCPA regional offices.)

(e) Civilian activities—(1) Veterans’ Organizations. Loan requests by authorized veterans’ organizations (as listed in VA Bulletin 23A) will be sent to the commander of the CONUS Army area (or Commander, MDW), for the area where the materiel will be required. (See appendix G.)

(2) Scouting loans. National and regional scout executives will send requests (restricted to DOD support of national and world jamborees) according to chapter 7, AR 725–1. (See §621.4 of this title.)

(3) Loans/Leases under the provisions of Title 10 U.S.C. 2667. Requests for loans from other civil activities and organizations may come into the DOD through various channels; e.g., telephone call to local installation commander, letter to Congressmen, or directly to the Secretary of Defense or Army. Each request will be forwarded to the authority having the item and having the authority to approve the request. (See appendix B and table 2–1.) In cases where approval is questionable, the request may be submitted through channels to HQDA (DALO-SMD) WASH DC 20310 (para 2, app B) recommending approval/disapproval action.

(f) Loans to the United Kingdom (UK), Canada, and Australia. All requests for loans (restricted to materiel for use in the “Standardization Program”) to the UK, Canada, or Australia will be sent to Commandant, DARCOM, ATTN DRC-IRD for approval. AR 795–204 addresses loans to other allied governments. (See DOD Military Assistance and Sales Manual, DOD 5105.38–M.)

(g) Special materiel requests—(1) Loan of Communications Security (COMSEC) Equipment. Subject to provisions of this regulation, requests for loan of COMSEC equipment will be sent to the Commander, US Army Communications Security Logistics Agency (para
### § 623.4 Accounting procedures.

#### (a) Loan document format.

(1) When the lending accountable property officer receives copies of the loan request, loan agreement, surety bond (if required), and written loan authorization from the approving authority, the loan request will be converted to Military Standard Requisitioning and Issue Procedures requisition formal (DD Form 1348) as follows:

(2) Loaned property will be kept on the accountable records of the owning property account. The entry showing the quantities loaned will be supported by DD Form 1348–1 (receipt document), and copies of the loan agreement and surety bond (if required). The receipt document must be signed by the responsible official of the borrowing activity. It is then returned to the accountable property officer as a valid hand receipt for property accounting purposes.

(3) Loans will be processed by accountable property officers according to normal supply procedures except as modified by this regulation.

(4) Accountable property officers will keep loan files with enough documentation to provide an audit trail for loan transactions and a single source of accounting and billing for reimbursement. No separate property book accounts will be set up for these loans.
§ 623.4  32 CFR Ch. V (7–1–09 Edition)

Items, with dates shipped, will be identified by use of “loan control numbers” in loan jacket files and in supporting documentation. The files will include copies of—

(i) The loan request. If the request was made by telephone (urgent), a copy of the Memorandum for Record prepared to summarize the call will be used.

(ii) The loan agreement.

(iii) The surety bond (with cash, certified check, US treasury bonds, or adequate bond from a bonding company).

(iv) The approving authorization to make the loan.

(v) DD Form 1348–1 used for shipping the items.

(vi) A master loan register with the loan control number and shipping document number.

(b) Shipment of loaned materiel. (1) Loaned Army materiel will be shipped only to the chief of the borrowing activity or to a designee authorized to receive and sign for the materiel. To keep the materiel out of unauthorized hands, consignees (receivers) will be advised of the items and quantities to be loaned; the source of supply; whether the items are to be picked up or shipped; and of shipments made.

(2) All shipments of loaned equipment will be documented on DOD single line item “release or receipt” document (DD Form 1348–1). These will be initiated by the lending accountable property officer. Packing, crating, handling, estimated transportation costs, and serial numbers (if applicable) of items shipped will be shown on all copies. The consignee will be given advance copies of the DD Form 1348–1 as notice of shipment, and a list of DD Form 1348–1 document numbers. For loans to non-DOD activities two copies of the certificate below will be prepared by the accountable property officer (see fig. 1). It will accompany the DD Forms 1348–1.

“I certify receipt of and assume responsibility for the Army materiel listed on DD Form 1348–1. Control numbers on DD Form 1348–1 follow. The items were received in good condition except as noted on the DD Form 1348–1. Serial numbers have been verified (omit if not applicable).”

(3) One copy of each signed DD Form 1348–1 (for non-DOD activities, one copy of the signed certificate) will be returned to the accountable property officer. Also, one copy of each will be kept in the borrower’s file.

(4) The installation or depot transportation officer is responsible for coordinating movement of the items that must be shipped.

(5) Shipments, including those to foreign countries, will be made on commercial bills of lading (CBL). Freight charges will be paid by the borrower. The CBL will cite proper project codes. NOTE: In emergencies where use of CBL would delay shipment, government bills of lading (GBL) may be used subject to later reimbursement. Shipments to Boy Scout World Jamborees in foreign countries will be by GBL unless otherwise specified by the Boy Scouts.

(6) Shipments will be consolidated to the maximum to get the lowest charges available.

(7) Separate shipping instructions will be provided for each recipient, convention, jamboree, etc., to ensure correct consignee and railhead addresses.

(8) Transportation will be at no expense to the government. The Defense Transportation Services (Military Sealift Command, Military Airlift Command, and Military Traffic Management Command) will send all billings for such transportation costs to the US Army Finance and Accounting Center (USAFAC). The USAFAC will then bill the fiscal station servicing the accountable property office that made the loan. This fiscal station will then bill the borrower for these transportation costs. Army materiel loaned to non-DOD activities is not authorized for oversea movement on a space available basis by MSC or MAC without their prior approval.

(c) Receipt of borrowed property. (1) The person authorized to receive the materiel (whether shipped or picked
up) will check the quantities received against the quantities shown on the DD Form 1348–1. This person will also verify the condition of the materiel. Any variation in quantity or condition must be resolved at once. If the shortage or damage is not due to a common carrier, the borrower will give the accountable property officer the National Stock Number, document number, and an explanation of the variation at once. This establishes a basis for assessing charges on termination of the loan. Replacement shipments, when required, will be covered by a DD Form 1348–1. All variations will be noted on the reverse side of the bill of lading.

(2) When a DD Form 1348–1 has not been received by the borrower and does not accompany the shipment, an informal report will be made to the accountable property officer at once. It will include the nomenclature, quantities, condition, and if applicable, the model numbers and serial number of all material received.

(3) When shipment has been verified, the borrower (or designee) will enter the quantity received on two copies of the DD Form 1348–1. Serial numbers will also be entered for serial numbered items. The completed copies of the DD Form 1348–1 will be signed by the authorized person. One copy of the DD Form 1348–1 and one copy of the signed certificate (receipt of the materiel) will be returned to the accountable property officer.

(4) If shipments are received damaged or short, take action described in §623.4(g).

d) Accounting by borrower. Non-DOD borrowing activities should maintain a system of jacket files. This should include copies of all documents that authorize the loan of materiel and relate to loan transactions. Such files will insure return of materiel within the approved loan period. Files should be retained for audit or any other purpose as required. These files may be destroyed upon turn-in of the borrowed materiel, final completion of accounting, and reimbursement for Army costs related to the loan. DOD borrowers will conform to the requirements contained in existing regulations.

e) Return of borrowed materiel—(1) General. (i) Borrowed materiel will be returned to the Army in the condition received, less fair wear and tear, unless the terms of agreement specify otherwise.

(ii) Property for which repair cost is claimed will be held at the Army depot or installation until final charges are determined and a release is given by respective property officers.

(iii) Return of materiel loaned to rifle clubs and schools will conform with §623.5.

(2) Accountable property officer actions.

(i) At the end of a loan period, recall, or upon notice by the borrower that the loaned materiel is no longer needed, the accountable property officer will send a letter of instruction to the borrower for return of the materiel. He will verify or modify the turn-in instructions provided in the loan agreement.

(ii) These procedures will be used by accountable property officers to terminate loans:

(A) For loans up to 30 days no specific termination action is necessary except when materiel is not returned by the loan due date. Then, a written loan termination notice will be sent to the borrower. A follow-up notice will be sent every 15 days until the materiel is returned or other settlement is made.

(B) For all other loans 15 days before the loan is due, a loan termination notice will be sent by the lending activity to the borrower verifying (or modifying) the turn-in instructions.

(C) Follow-up of loan termination notice will be made every 15 days until the materiel is returned or other settlement is made.

(iii) After receiving inspection reports (§623.4(e)(3)) and final shipment receipts, the accountable property officer will clear the loan records.

(iv) The accountable property officer will then advise the borrower of the transaction completion by furnishing receipted copies of the receiving document(s).

(v) The accountable property officer will notify the servicing finance and accounting office (FAO) of any reimbursement required.

(3) Actions by the receiving installation, depot, or arsenal. (i) The installation,
§ 623.5 Loan of arms and accouterments.

Loans to DOD and non-DOD activities will be handled as a normal loan according to instructions in this section with the added requirement of maintaining serial number visibility. Loans of arms and accouterments as included herein are not applicable to Army National Guard (ARNG).

(2) The Commanding General, Armament Readiness Command (ARRCOM) (ATTN: DRSAR-MMS) has been designated by Commanding General, Material Development and Readiness Command (DARCOM), as being responsible for keeping a centralized serial number visibility record for all small arms made for the Army. ARRCOM maintains accountable property records for loans to organizations such as the Director of Civilian Marksmanship (DCM); and for loans to non-DOD activities such as the Federal Bureau of Investigation (FBI), United States Secret Service (USSS), United States Customer Service (USCS); or rifle clubs, educational institutions, and veterans' organizations.

(b) Loan inventories. (1) If a loan has been approved or extended by the SA for a period longer than 1 year, the accountable property officer will inspect and reconcile loan accounts with the borrower at the end of each 12-month period.

(2) If no discrepancies are noted, the accountable property officer will file the signed annual inventory form in the borrower’s memorandum receipt jacket file.

(3) If the inventory shows that amounts and kinds of Army materiel for which the borrower is responsible differ from that actually in his possession, the accountable property officer will—

(i) For overages, assume accountability for the overages noted on the annual inventory form. Use a copy of the annual inventory form as a debit voucher to the account. No approval of this voucher is needed.

(ii) For shortages, act to obtain reimbursement for the value of the missing property or to adjust the discrepancy by report of survey.

(g) Lost, damaged, and destroyed materiel. (1) When loss or damage occurs during shipment, DOD and Federal agencies will refer to AR 55–38 for specific instructions.

(2) Damage or loss which is the fault of the carrier will be billed to the carrier after reconciliation.

(3) Army materiel lost, damaged, or destroyed while in the possession of rifle clubs or schools will be handled as described in §623.5.

(4) Any Army materiel loaned at the request of an FDAA Regional Director which is not returned according to instructions in this chapter will be reported to the borrower and to the FDAA Regional Director. The latter will arrange for proper reconciliation and reimbursement.

(2) The Commanding General, Armament Readiness Command (ARRCOM) (ATTN: DRSAR-MMS) has been designated by Commanding General, Material Development and Readiness Command (DARCOM), as being responsible for keeping a centralized serial number visibility record for all small arms made for the Army. ARRCOM maintains accountable property records for loans to organizations such as the Director of Civilian Marksmanship (DCM); and for loans to non-DOD activities such as the Federal Bureau of Investigation (FBI), United States Secret Service (USSS), United States Customer Service (USCS); or rifle clubs, educational institutions, and veterans’ organizations.

§ 623.5 Loan of arms and accouterments.

(a) General. (1) Loan of arms and accouterments requires special processing and handling. Loans to DOD and non-DOD activities will be handled as a normal loan according to instructions in this section with the added requirement of maintaining serial number visibility. Loans of arms and accouterments as included herein are not applicable to Army National Guard (ARNG).

(2) The Commanding General, Armament Readiness Command (ARRCOM) (ATTN: DRSAR-MMS) has been designated by Commanding General, Material Development and Readiness Command (DARCOM), as being responsible for keeping a centralized serial number visibility record for all small arms made for the Army. ARRCOM maintains accountable property records for loans to organizations such as the Director of Civilian Marksmanship (DCM); and for loans to non-DOD activities such as the Federal Bureau of Investigation (FBI), United States Secret Service (USSS), United States Customer Service (USCS); or rifle clubs, educational institutions, and veterans’ organizations.

(3) If the inventory shows that amounts and kinds of Army materiel for which the borrower is responsible differ from that actually in his possession, the accountable property officer will—

(i) For overages, assume accountability for the overages noted on the annual inventory form. Use a copy of the annual inventory form as a debit voucher to the account. No approval of this voucher is needed.

(ii) For shortages, act to obtain reimbursement for the value of the missing property or to adjust the discrepancy by report of survey.

(g) Lost, damaged, and destroyed materiel. (1) When loss or damage occurs during shipment, DOD and Federal agencies will refer to AR 55–38 for specific instructions.

(2) Damage or loss which is the fault of the carrier will be billed to the carrier after reconciliation.

(3) Army materiel lost, damaged, or destroyed while in the possession of rifle clubs or schools will be handled as described in §623.5.

(4) Any Army materiel loaned at the request of an FDAA Regional Director which is not returned according to instructions in this chapter will be reported to the borrower and to the FDAA Regional Director. The latter will arrange for proper reconciliation and reimbursement.
(3) Requests for loan of arms which are type classified standard (logistics control code A or B) will be filled with the lowest type classified items available.

(4) Borrowers of Army arms will be fully responsible for the care, custody, and proper use of loaned materiel. Physical security measures must be equal to or greater than the minimum requirements set forth in Army Regulation 190–11 and Army Regulation 190–49.

(5) If borrowed arms are lost, stolen, or unaccounted for, the borrower must inform the lending (accountable property officer), the local police, and the FBI within 24 hours after discovery.

(6) This regulation does not apply to arms issued to Reserve Officers Training Corps units under the National Defense Act. Army Regulation 710–2 is applicable.

(b) Loans to civilian activities (other than rifle clubs and educational institutions). (§ 623.5(c) covers rifle clubs and institutions.)

(1) Arms and accouterments may be loaned by the Army to civilian authorities and to civilian activities as follows: (§ 623.5(c) covers rifle clubs and institutions.)

(i) For use in protection of public money and property (10 U.S.C. 4655).

(ii) Obsolete or condemned rifles (not more than 10), slings, and cartridge belts may be loaned to local units of any national veteran’s organization for use by that unit in ceremonies. (For example, a funeral for a former member of the armed forces.) The organization must be recognized by the Veterans’ Administration (VA) (10 U.S.C. 4683).

(iii) Arms and accouterments loaned to organizations listed in § 623.5(c)(1) for a period of 1 year or less will be accounted for by ARRCOM. Loans of items that exceed 1 year will be accounted for by the DCM under § 623.5(c).

(2) Requests for loan (or extension of loan) of Army arms and accouterments will be sent by requesting agencies through HQDA (DALO-SMD) (para 2, app B) to the Secretary of the Army. Requests received outside of this channel will be returned to the originator for direct submission to the address above.

(3) Requests approved by the Secretary of the Army (or Under Secretary) will be sent to ARRCOM, Rock Island, IL 61299, for completion of a formal loan agreement and issue of items.

(4) Requisitioning, accounting, and reimbursement procedures are given in § 623.4. However, upon receipt of signed copies of DD Form 1348–1 with the listing of verified serial numbers from the consignee, the ARRCOM Arms and Accouterments Property Officer will send the required transaction data to the DOD Small Arms Serialization Program (DODSASP) at ARRCOM. These data will indicate that the small arms on loan to other Government agencies are accounted for under DOD Activity Address Code W52P41.

(5) Shipment and returns are described in § 623.4 except as follows:

(i) The responsible property officer for materiel or loan will request disposition instructions from the accountable property officer when loaned materiel is no longer needed or at the end of the loan period. Loaned materiel may be withdrawn from the borrowing activity at any time to satisfy military requirements.

(ii) The accountable property officer will:

(A) Issue shipping instructions for the return of property to a designated installation. The letter of instruction will contain a MILSTRIP document number (AR 725–50) for each line item scheduled for return to be used for the shipment. The shipper will be directed to cite this document number on the shipping document.

(B) Prepare and submit to the receiving installation a prepositioned materiel receipt card (DOD Materiel Receipt Document (DD Form 1486)) (Document Identifier DWC) as advance notice of the shipment.

(1) Exception data will be annotated as follows: “Return of Loan from Other Government Agency—Report Receipt of Arms and Accouterments Accountable Property Officer, ATTN: DRSA- MMD.”

(2) A copy of the letter of shipping instructions (paragraph (b)(5)(ii) of this section) will be inclosed with the prepositioned materiel receipt card for information.

(iii) Upon receipt at the receiving installation, property will be inspected
immediately. Cost of repairing unserviceable items and cost of replacement, if irreparable, will be determined at time of inspection. The MILSTRIP receipt card will be mailed to the accountable property officer with estimated damage cost and detailed material condition as exception data.

(iv) Upon notification of materiel receipt, the accountable property officer will:

(A) Clear the loan record with a credit entry and process the receipt to the inventory records as an increase on hand to asset balance.

(B) Furnish receipted copies of the receiving document to the consignor and the responsible property officer closing the transaction.

(c) Loans to rifle clubs and educational institutions—(1) Authorization. Arms and accouterments may be loaned to rifle clubs and educational institutions for periods established in table 2–2 under the following conditions:

(i) Rifled arms may be loaned to civilian rifle clubs for promotion of marksmanship training among able-bodied US citizens (10 U.S.C. 4308).

(ii) Arms, tentage, and equipment, as the Secretary of the Army deems necessary, may be loaned to an educational institution to provide proper military training where there is no ROTC, but there is a course in military training prescribed by the Secretary of the Army and there are at least 100 physically fit males over 14 years of age (10 U.S.C. 4651).

(iii) Magazine rifles and appendages may be loaned to schools having a uniformed corps of cadets of sufficient number for target practice. Models loaned must not be in use at the time, or needed for a proper reserve supply (10 U.S.C. 4652).

(iv) Ordnance and ordnance stores may be loaned to Washington, DC, high schools for military instruction and practice (10 U.S.C. 4653).

(2) Director of Civilian Marksmanship (DCM). The President may detail an officer of the Army or Marine Corps as Director of Civilian Marksmanship (10 U.S.C. 4307). The DCM is responsible for—

(i) Control and accountability of Army materiel issued to civilian rifle clubs;

(ii) Policies and procedures for the issue of arms and ammunition to civilian rifle clubs; and

(iii) Ensuring proper bonding of clubs before issue of Army materiel. The Secretary of the Army has further made the DCM similarly responsible for loans to institutions (schools).

(3) Property transactions. US Army Armament Materiel Readiness Command (ARRCOM) will transfer accountability for materiel shipped to civilian rifle clubs and institutions to the DCM. The DCM will keep a mission stock record account for these items as shown in Army Regulation 710–2. In addition, the account will note all property transactions between the DCM and civilian rifle clubs and institutions as follows:

(i) Loan and return of arms and accouterments to (from) civilian rifle clubs and institutions will not be posted to the accountable record as loss or gain vouchers. They will be posted as “loan transactions” with the DCM retaining accountability. In addition to debit, credit, and adjustment voucher files, the DCM accountable property officer will keep a “loan voucher” file in two sections: e.g., “active” and “terminated.”

(A) The active section (suspend for items on loan) will contain DD Form 1348–1 or a letter acknowledging receipt of the items. (The signature of the borrower will be according to paragraph (4) (v) or (vi) of this section.) This section will contain a folder for each activity serviced by the DCM. The active loan vouchers will be filed in National Stock Number and voucher number sequence. This section serves as the DCM loan record.

(B) The terminated section (for items no longer on loan) will contain the original loan shipping document (loan voucher). The return receipt document which terminates the loan will be attached. The receipt document will contain the original shipping document number and the return advice code “IQ.”
(ii) Shipments of expendable items (e.g., ammunition, targets, etc.) will be posted as a credit to the accountable record. Accountability will be dropped (These items are deemed to have been consumed at the time of issue).

(iii) Expendable items returned by rifle clubs and institutions will be posted to the accountable record as a debit voucher. The DCM will determine disposition of these items.

(4) Requisition procedures. (i) The DCM will prepare requisitions based on information from the rifle clubs or institutions. DA Form 1273 (Requisition for Articles Authorized for Issue to Civilian Rifle Clubs) will be used. Two completed copies of the requisition will be sent to the requester.

(ii) The rifle club or institution will complete the form and return one signed copy to the DCM, HQDA, Secretary Field Directorate Marksmanship (SFDM), (para 7, app B) and keep one copy for file.

(iii) On receipt of the signed copy of DA Form 1273, the DCM will take proper issue action. When more arms are required by the DCM, a DD Form 1348 will be prepared and sent to the Secretary of the Army for approval (AR 725–50).

(iv) The supply source responsible for the loan will ship the materiel directly to the rifle club or school.

(v) DD Forms 1348–1 received with the shipment or by mail, will be annotated and signed by the person authorized to receive and sign for property for the rifle club or school. The quantity and condition of the items received will be entered thereon. This entry will be based on a physical check and inspection of the materiel. Serial numbers of items received (if applicable and not noted) will also be entered. Two of the completed copies will be signed by the person authorized to sign for the club or institution. They will be mailed to the DCM, HQDA Secretary Field Directorate Marksmanship (SFDM). The third completed copy will be kept in the unit's file.

(vi) If a DD Form 1348–1 is not received with the shipment or is not received by mail, a receipt letter will be sent to the DCM. It will set forth the nomenclature, quantities, condition, and serial numbers (of serial-numbered items) of all property received. This letter will be sent as soon as possible after receipt of the property. The receipt letter will be used by the DCM as a loan voucher. One copy will be recorded in the voucher register and placed in the voucher file. The loan action will be posted to the DCM stock record account.

(5) Property returns. When property is returned by civilian rifle clubs or institutions, the DCM will prepare seven copies of the DD Form 1348–1. Five copies will be mailed to the rifle club or institution; one will be kept in suspense in the club's or institution's jacket file; and one will be sent to the US Army Management Systems Support Agency (USAMSSA), Wash., DC 20310, to update the "rifles intransit program." The rifle club or institution will enter on the five copies the shipment date, how shipped, the quantity shipped, and other necessary data not entered by the DCM and distribute the five copies as follows:

(i) Two copies to the consignee (receiving depot, arsenal, or installation). One copy of the DD Form 1348–1 received by the consignee will be used to tally the shipment and to account for property received. The other copy will be signed by the accountable property officer (or representative) and will be sent to the DCM to terminate the open receipt in the loan voucher file.

(ii) One copy with the shipment.

(iii) One copy to the DCM, HQDA (SFDM), accompanied by the bill of lading (where available).

(iv) One copy retained by the rifle club or institution.

(6) Lost, damaged, or destroyed property. Loss, damage, or destruction of property in the possession of a rifle club or institution will be reported within 24 hours by telephone to the DCM (202–693–6460), the local police, and the FBI. All public and local laws must be complied with. Rifles and other equipment (except ammunition) that becomes unserviceable will be reported to the DCM by the club or institution. The DCM will give instructions for return of the equipment without expense to the government. Any equipment damage or loss that is the fault of the club or institution will be determined by a report of survey (AR 735-
11. The club or institution must then reimburse the DCM. The DCM may replace damaged equipment after reimbursement. Government property lost or destroyed without fault or neglect on the club’s part will be replaced, if replacements are available. The club will pay only shipping and handling charges.

§ 623.6 Reimbursement for loan of Army materiel.

(a) Reimbursement policies and procedures—(1) Policies. (i) DA elements do not program for costs related to loan of Army materiel.

(ii) Loans to non-DOD Federal activities are made on the basis that there will be no extra cost to the Army. Costs that are in addition to normal Army operating expenses will be reimbursed by the borrower. This provision will be a part of the loan agreement.

(iii) In cases of aircraft piracy, civil disturbance, disaster relief, or protection of the President or visiting dignitaries, emergency support will not be withheld for lack of a formal reimbursement agreement. In these cases, the supporting Army element will absorb initial costs (within existing fund availability). Reimbursement will be coordinated later.

(iv) Loans made under the provisions of Title 10 U.S.C. 2667 will provide that the borrower must pay a fair monetary rental. The fair monetary rental will be determined on the basis of prevailing commercial rates or computed by sound commercial accounting practices including a return on capital investment and administrative cost as well as depreciation. Leases made under this code section will include a provision establishing the rental cost of the materiel and method of payment.

(v) The Army National Guard (ARNG) is responsible for reimbursement of costs, over and above normal DA operating expenses, related to the borrowed Army materiel.

(vi) Support to the United States Secret Service (USSS) will be on a reimbursable basis except for costs directly related to protection of the President or Vice President. Requests for reimbursement for all other support for USSS will be according to AR 37–27.

(vii) The cost of emergency support will be billed directly to the recipient.

(2) Procedures. (i) The Army accountable property officer handling the loan of DLA stock fund items will coordinate DLA billings and borrower reimbursement. The borrower can make payment directly to the Defense Stock Fund.

(ii) Installation financial accounting for “accounts receivable” will conform with Army Regulation 37–108.

(iii) The finance and accounting office (FAO) supporting the supplying accountable property officer will record all charges, including accounts receivable of Army Stock Fund offices (or branch offices), in separate ledger accounts for each borrower.

(iv) Charges and collections recorded in each loan account will be reported per Army regulations and directives prescribing the reporting of the fund status in any current fiscal year.

(v) Billing will be initiated on Standard Form 1080, and sent to the borrower within 30 days of turn-in of materiel and loan termination. For loans of arms and accouterments and issue of ammunition pursuant to 10 U.S.C. 4655, the Standard Form 1080 will be annotated to show that collections are to reimburse DA appropriations.

(vi) Special appropriations established to support disaster relief will be used promptly by Army commanders concerned to ensure that all direct expenses are charged to the special appropriation. Exclude those charges subject to reimbursement by the American National Red Cross (ANRC). ANRC reimburses for supplies, materiel, and services for which they are responsible in the disaster area.

(b) Reimbursable costs. Unless specifically stated, borrowing agencies, authorities, and activities will reimburse the Army for all costs related to loan of Army materiel to include but not limited to the following:

(1) Any overtime pay and pay of additional civilian personnel required to accompany, operate, maintain, or safeguard borrowed equipment.

(2) Travel and per diem expenses of Army personnel (military and civilian).
(3) Packing, crating, handling, and shipping from supply source to destination and return. This includes port loading and off loading.

(4) All transportation including return for repair or renovation.

(5) Hourly rate for the use of Army aircraft.

(6) Petroleum, oil, and lubricants (POL) (including aviation fuel).

(7) The cost of materiel lost, destroyed, or damaged beyond economical repair except for Army aircraft, motor vehicles, or motor craft used in connection with aircraft piracy.

(8) Utilities (gas, water, heat, and electricity). Charges will be based on meter readings or other fair method.

(9) Any modification or rehabilitation of Army real property which affects its future use by DA. In such cases the borrower will also bear the cost of restoring the facility to its original form.

(10) Repair/overhaul of returned materiel. Renovation and repair will conform with agreement between the Army and the borrower. (See paragraph (e)(1) of this section.)

(11) Repair parts used in maintenance or renovation.

(12) Price decline of borrowed stock fund materiel at which returned property can be sold.

(c) Nonreimbursable costs. The following costs are normal operating expenses of the Army for which no reimbursement is required:

(1) Regular pay and allowances of Army personnel (except travel) and per diem costs.

(2) Administrative overhead costs.

(3) Annual and sick leave, retirement, and other military or civilian benefits except as provided in certain cases; e.g., Army Industrial Fund regulations.

(4) Telephone, telegram, or other electrical means used to requisition items, replenish depot stocks, or coordinate the loan.

(5) Charges for the use of Army motor vehicles and watercraft except POL and per diem costs (paragraph (b) of this section).

(6) The use of real property (except as required for utilities, modification, etc.).

(d) Funding records. (1) Records of all costs (other than normal operating expenses), related to loans of Army materiel, will be kept at the accountable property officer level by the supporting finance and accounting office. This will be done within existing Army financial accounting systems.

(2) Separate subsidiary general ledger accounts and/or files of documents showing the total value of all issues and materiel returned for credit, and supporting documentation will be set up by the finance and accounting office. The accounts will be kept current for each loan action so reports may be made as prescribed; and so that accounts receivable can be processed for billing and collection action.

(e) Determination of charges and settlement. (1) Returned materiel will be promptly classified by a qualified inspector with action as follows:

(i) Materiel classified as unserviceable, uneconomically repairable will be billed at 100 percent of value.

(ii) Materiel classified as unserviceable, economically repairable will be billed for reduced utility (if appropriate) as well as for repair/overhaul costs.

(iii) The depreciation of borrowed materiel will be determined by technical inspectors according to Army Regulation 735–11. When qualified inspectors are not available, returned property will be received with “condition” shown as “subject to final classification by DA.” Accountable property officers will complete classification promptly so charges and billing can be made within 30 days of return of materiel.

(2) All returned property which needs repair will be examined by a technical inspector to find cost of repair. Then the accountable property officer will prepare a property transaction record with supporting documents. These records will be sent to the proper MACOM commander or CINC of UCOM for final review. They will include—

(i) A statement on the transaction record identifying the financial account to which the reimbursement money is to be deposited.

(ii) A statement on the transaction record (if appropriate) as follows: “The losses and/or damages shown on the
Property Transaction Record in the amount of $llll represent the total claim by the US Army for property loaned to llllllllll. Upon settlement and deposit to the proper account, lender releases the llllllllllllllllll from further obligations.

(iii) A description of the type and degree of repair (separate addendum).

(3) After the final review, an approved list of charges will be sent to the servicing finance office for collection. The property will be released for repair and returned to stock.

(4) The finance office will send a letter to the borrower requesting payment (payable to the Treasurer of the United States). Upon payment, collection documents will be prepared and fiscal accounts credited. The MACOM or UCOM Surgeon will ensure the stock fund is reimbursed for expendable medical supply losses reported.

(5) The finance office will advise the loaning accountable property officer that settlement has been made. Property transaction records will be closed.

(6) The approving authority will then return the bond to the borrower.

(7) The value of supplies and equipment returned to the Army will be credited to the account originally debited at the time of issue. FDAA Regional Directors may find that it is not in the public interest to return borrowed materiel that has not been consumed, lost, or damaged. They will negotiate with the CONUS Army concerned for proper reimbursement for the borrowed materiel not returned.

(i) Delinquent and uncollectable accounts. (1) In cases of unsatisfactory settlement, bond proceeds will be used to satisfy the claim.

(2) If this does not settle the account, then 6 months after the final report and after all collection efforts have failed—

(i) Servicing finance offices will send delinquent “accounts receivable” reports to commanders of CONUS Armies and DARCOM readiness commands, and to CINCs of UCOMs, by forwarding—

(A) Duplicate copies of Standard Form 1080 billing documents showing complete accounting classification to which reimbursement is to be credited.

(B) Duplicate copies of all supporting documents.

(C) One copy of any correspondence showing the reason(s) for nonpayment of the account.

(ii) The CONUS Army Commanding General, CINC of UCOM, or Commanding Generals of DARCOM Materiel Readiness Commands, will also try to collect for these delinquent accounts. If all efforts fail, these accounts, (with any delinquent accounts applicable to billings initiated within their own headquarters) will be sent to the Director of Comproller Systems, HQDA (DACA-BUS). (Para 1, app B). The letter of transmittal will state that the accounts are transferred according to this regulation. A copy will be sent to the FAO handling the accounts. The FAO will then transfer the account to inactive status. A Standard Form 1017G (Journal Voucher) will be prepared showing a debit to account 3052 (Transfer of Accounts Receivable) and a credit to the proper accounts receivable.

(iii) Appropriations available to the accountable property officer or installation will be used for reimbursing; e.g., the Army Stock Fund or Army Industrial Fund accounts. Any later reimbursements received will be credited to the Army appropriation from which payment was made.

(3) Upon receipt of the accounts included in paragraph (f)(2) of this section, the Comptroller, HQDA (DACA-BUS), will take further collection action under normal operating procedures. All later collection effort by the Comptroller fails, these accounts will be dropped from receivable balances of the Army. They will be referred to the General Accounting Office (GAO).

**NOTE:** For loan/lease pursuant to 10 USC 2587, see Army Defense Acquisition Regulation Supplement (ADARS), paragraph 16-5.53, for prescribed agreement.

This form will be used to enter into agreements relative to the loan of Army materiel between the United States Army and:

1. Non-DOD Federal departments and agencies.
2. Civil authorities.
3. Civilian activities.

Paragraphs below are applicable to all three cases, as cited above, unless otherwise specified at the beginning of each paragraph.

This loan agreement is entered into, by, and between the United States of America, hereinafter called "the lender," represented by (a)

for the purpose of entering into this agreement; and (e) ____________

hereinafter called "the borrower," represented by (a) ____________

for the purpose of entering into this agreement.

1. **PURPOSE.** Under the authority of (d) ____________, the lender hereby lends to the borrower the Government materiel, hereinafter called "the material," listed and described in Exhibit 1 hereto attached and incorporated by reference into the terms of this agreement, which material is required by the borrower for (a) ____________

2. **TERM.** This loan of material is intended to meet a temporary need covered by federal law. The borrower will keep the material only for the period of (f) ____________. Loans may be renewed, if justified, and requested by the borrower and approved by the lender. Nevertheless, the lender may revoke and terminate this agreement and demand return of the material in whole or in part at any time.

3. **CONDITIONS.** This agreement is predicated upon the following conditions:

   a. The lender will make every effort to ensure that each item of the materiel is furnished to the borrower in a serviceable and usable condition according to its originally intended purpose. However, if the use for which the material is loaned will permit, materiel of a lesser condition will be loaned. This lesser condition will be noted on the appropriate loan document. Nevertheless, the lender makes no warranty or guarantee of fitness of any of the materiel for a particular purpose or use, or warranty of any type whatsoever.

   b. The borrower will appoint a representative for the purpose of making joint inspection and inventory of all materiel when the borrower physically picks up or returns the borrowed materiel. Upon pickup (or receipt after shipment) of the borrowed materiel, the chief of the borrowing activity (or his authorized representative) will sign the appropriate documents acknowledging receipt and possession of the materiel. Upon return of the materiel to the Army, the borrower will certify that "the quantities listed in the shipping document(s) are correct." In instances where borrower representatives, authorized to receive and sign for borrowed materiel, are not available when the materiel is delivered, all claims for costs related to the loan will be valid.

   c. The borrower is responsible for care and maintenance of borrowed materiel during the term of the loan. The borrower will provide sufficient personnel and facilities to adequately operate, maintain, protect, and secure the borrowed materiel. The borrower will maintain the materiel in a serviceable condition and ascertain that it is returned to the Army in as good a condition as when it was loaned (fair wear and tear excepted). Records of maintenance performed will be kept and returned to the Army with the borrowed materiel. (NOTE: When appropriate, the borrowing activity will place the materiel in a "properly preserved" status prior to or upon return.)

   d. The borrower will store, safeguard, and secure high value items, or arms in a manner consistent with common practice, public law, and local ordinances.

   e. The borrower will prevent misuse of borrowed materiel, or its use by unauthorized persons.
f. The borrower will neither make nor permit any modification or alteration of any borrowed material except with permission of the approving authority for the loan.

g. The borrower will not mortgage, pledge, assign, transfer, sublet, or part with possession of any borrowed material in any manner to any third party either directly or indirectly except with the prior written approval of the lender.

h. At all times the lender shall have free access to all loaned material for the purpose of inspecting or inventorying it.

i. The borrower will return borrowed material to a location designated by the lender when the material is no longer needed; upon termination of the loan period (including any approved extension); or upon demand therefore by the lender. The lender will provide documentation to be used by the borrower to return the material.

j. (Applicable to agreements involving the loan of an Army building.) The building will not be moved. Upon termination of its use, the borrowing activity will vacate the premises, remove its own property therefrom, and turn in all Government property.

4. PAYMENT. The borrower will reimburse the lender for expenses incurred in connection with this loan as provided below:

a. (Applicable to loan agreements with civil authorities — except for FIDAA requested disaster assistance — and civilian activities only.) Before delivery of any material by the lender, the borrower will post with the approving authority a surety bond and a certified bank check, a cash deposit, US Treasury bonds, or bonding company bond in the amount of the total value of the material as shown in Exhibit I. (See paragraphs 2–3a(1) and 2–3a(2), AR 700–131, for exceptions where a “double bond” is required.) The bond, marked Exhibit II, is hereon attached and incorporated by reference into the terms of this agreement.

b. (Applicable to loan agreements with civil authorities — except for FIDAA requested disaster assistance — and civilian activities only.) Should the borrower fail to return any of the borrowed material or fail to reimburse the lender within 30 days after receiving a request for payment of expenses, the bond shall be forfeited as liquidated damages in an amount equal to the expense to the Government.

c. (Applicable to loan agreements with civil authorities — except for FIDAA requested disaster assistance — and civilian activities only.) Payment of liquidated damages by forfeiture of any portion of the bond to the Government shall not operate as a sale to the borrower of any of the material available to be returned, but not returned to the lender, nor to extinguish the lender’s right to have the available missing material returned. Should the borrower fail to return the lender any of the missing material on account of which a portion of the bond was forfeited as liquidated damages, the borrower shall be entitled to recoup from the lender a sum equal to 90 percent of the price of the returned material as shown on Exhibit I, less an amount in payment for expenses, if any, computed in accordance with Chapter 6, AR 700–131, and less an amount for depreciation.

d. (Applicable to loan agreements with civil authorities and civilian activities only.) If the normal life expectancy of borrowed material can be determined by reference to applicable military publications, the amount to be assessed for depreciation shall be computed by the straight line method using the price shown on Exhibit I and the date of expiration or termination of this loan as initial point. When normal life expectancy is not established by applicable military publications, the amount for depreciation shall be computed by the same method, applying a uniform depreciation rate of 50 percent per annum.

e. (Applicable to loan agreements with civil authorities and civilian activities only.) The borrower will assume all responsibility for Army claims arising from the possession, use, or transportation of the borrowed material; and, agrees to hold the lender harmless from any such claims and liability. The borrower will protect the interests of the lender by procuring comprehensive insurance for all borrowed material to include coverage for liability, property damage, fire, and theft; and deductible collision insurance for motorized vehicles. The borrower will file duplicate copies of such insurance policy(ies) with the lender and prepare accident reports in accordance with existing laws and loan ordinances.

f. The borrower will bear the cost of pickup and return of borrowed material; and, will reimburse the lender for costs incurred incident to unpacking, crating, handling, movement, and transportation of the material.

g. The borrower will reimburse the lender for any expenses necessary to repair, rehabilitate, or preserve the material following its return to the lender. (NOTE: Of any borrowed material, unless depreciation is significant.)

h. The borrower will reimburse the lender (as indicated and at the price shown on Exhibit I) for the cost of all of the expendable material (including, but not limited to, petroleum, oil, and other lubricants) used or consumed during this loan.

i. The borrower will reimburse the lender for costs incident to the pay of Army personnel who may be temporarily required to operate, maintain, guard, or otherwise attend to borrowed Army material. This includes travel and per diem costs for both Army uniformed and civilian personnel, and regular salary and overtime costs for Army civilians.
4. The borrower will reimburse the lender for any other expense to the lender arising in connection with the loan of Army material.

5. OFFICIALS NOT TO BENEFIT. No member of or delegate to Congress shall be admitted to any share or part of this loan or to any benefit arising in connection with it.

6. CONTINGENCY FEES. No person or agency acting for or on behalf of the borrower to solicit or obtain this loan shall be paid any commission, percentage, brokerage, or contingent fee in any way connected with this loan.

7. DISPUTES. Any disputes concerning a question or fact arising under this loan agreement which are not mutually disposed of by the lender and the borrower shall be decided by the Secretary of the Army as the Government's Executive Agent, or by his designee.

PART 625—SURFACE TRANSPORTATION—ADMINISTRATIVE VEHICLE MANAGEMENT

§ 625.1 Purpose.

This regulation provides guidance, and authorizes dependents to accompany a Corps employee on Temporary Duty (TDY) in a Government-owned or leased motor vehicle.

§ 625.2 Applicability.

This regulation is applicable to all field operating agencies authorized to operate or lease Administrative Use Motor Vehicles.

§ 625.3 References.

(a) Title 31, U.S. Code, section 638.

(c) Comptroller General Decision, 54 Comp. Gen. 175 (1975) B–178342.

(e) DOD Regulation 4500.36–R June 1977.
§ 625.4 OCE policy.

Pursuant to the authorities, penalties and interpretations cited in the preceding references, Commanders/Directors of field operating agencies may authorize dependents to accompany a Corps of Engineers employee during official travel when using a Government-owned or leased motor vehicle, providing the following procedures and restrictions are adhered to:

(a) The Commanders/Directors of field operating agencies must make a Determination that transportation of the dependent is in “the interest of the Government”.

(b) A determination of “the interest of the Government” is a matter of administrative discretion, taking into consideration the following limitations:

(1) The use of motor vehicles shall be restricted to the “official use” of the vehicles, and any questions concerning “official use” shall be resolved in favor of strict compliance with statutory provisions and policies of this and other pertinent regulations.

(2) When the travel of the dependent is in “the interest of the Government” and incidentally provides a convenience to the employee, then there can be no objection to the employee’s enjoyment of that convenience. However, the convenience of itself, provides no justification to authorize dependent travel.

(3) Dependent travel will not be provided or authorized when justification is based on reasons of rank or prestige.

(4) Transportation to, from and between locations for the purpose of conducting personal business or engaging in other activities of a personal nature by military personnel, civilian officials and employees, members of their families or others is prohibited.

(c) Increased travel time (rest stops) and operational inefficiency (added weight) occasioned by the number of dependents to be transported will also be considered.

(d) Dependents must understand and agree never to operate the motor vehicle consigned to the employee for official travel.

(e) Neither the seating capacity nor the size of the motor vehicle will be changed or increased to accommodate dependent travel.

(f) Motor vehicles as used in this regulation applies to all types of motor vehicles, owned, consigned to or leased by the Corps of Engineers.

§ 625.5 General.

(a) In view of the potential liability the Government could incur by allowing dependents to accompany an employee in a government-owned, consigned or leased motor vehicle, a Dependent Travel Waiver of Liability will be obtained prior to each and every trip. Suggested language for such waiver is set forth in appendix A.

(b) When dependents are to be transported in a GSA rented vehicle, an extra signed copy of the Dependent Travel Waiver will be furnished the GSA Interagency Motor Pool from which the vehicle is acquired.

APPENDIX A TO PART 625—DEPENDENT TRAVEL WAIVER OF LIABILITY

“I _______ (Name of dependent) will be accompanying _______ (Name of employee), who is my _______ (Relationship) and who is an employee of _______ (Agency, division) on official Government business in or while using a Government vehicle. Dates of travel are from _______ to _______ 19____. I do hereby knowingly, freely and voluntarily waive any right or cause of action of any kind whatsoever, against the United States, arising as a result of such activity from which any liability may or could accrue while accompanying the above employee in or while using said Government vehicle.”
