for the property, the market value thereof, the "in place" value of existing improvements, the estimated cost of the proposed construction, attitude of the local representative of the department or agency having control, and such other items as are necessary to give full discussion of the real estate implications, for consideration and the obtaining of a real estate directive for the acquisition by transfer.

§ 644.25 Withdrawal of Public Domain for Defense Purposes.

(a) The Act of Congress approved February 28, 1958 (Pub. L. 85-337, 72 Stat. 27) provides that all withdrawals and reservations of public domain land, water, or land and water, or restrictions on use of areas in the Continental Shelf, aggregating an area of more than 5,000 acres for any one defense project, shall be by Act of Congress. Upon receipt of a request for withdrawal or reservation of lands of the public domain or for restrictions on exploration and exploitation in the Continental Shelf, and in order that the Chief of Engineers may present the project to higher authority for approval and submission to the Congress, if approved, the District Engineer will prepare and submit, through the Division Engineer, to HQDA (DAEN-REA-L) WASH DC 20314 a Real Estate Planning Report, including the following items.

(1) A copy of the request from the Army or the using service.

(2) Complete information relative to the eight items specified in section 3 of Pub. L. 85-337 (43 U.S.C. 156).

(3) If the proposed withdrawal constitutes an expansion of an existing installation, pertinent data relative to the lands constituting the existing installation.

(4) Information relative to outstanding mineral, grazing, water and other rights.

(5) A statement as to the estimated cost:

- (i) Of extinguishing such rights; and
- (ii) Of suspending the exercise of such rights on a leasehold (annual rental) basis.

(6) Map(s) indicating the exterior boundaries of the project; excepted areas, if any; location of mineral

rights, water rights, and other resources discussed in the report.

(b) The District Engineer will also prepare and include a draft of application for withdrawal covering the eight items specified in section 3 of Pub. L. 85-337.

(c) Upon receipt of the REPR and draft of application for withdrawal, the Chief of Engineers will prepare a Real Estate Directive.

(d) The REPR, draft of application for withdrawal, and Real Estate Directive will be transmitted through the Chief of Staff and the appropriate Assistant Secretary of the Army to the Assistant Secretary of Defense (Manpower, Reserve Affairs and Logistics) for approval of the acquisition and for coordination with the Department of the Interior (Bureau of Land Management). Upon receipt of approval from the ASD (MRA&L), the Chief of Engineers will dispatch the application to the Department of the Interior and will draft the necessary legislation for processing through normal legislative channels.

(e) It has been determined that the words "in the aggregate" in section 2 of Pub. L. 85-337 shall be interpreted as applying only to withdrawals of land since enactment of Pub. L. 85-337. For example, if 4,500 acres of public land had been withdrawn prior to enactment of Pub. L. 85-337 and the new application for withdrawal covers 1,000 acres, the requirements of Pub. L. 85-337 do not have to be satisfied. If the new application covering 1,000 acres is honored and the withdrawal completed and a later requirement for 4,500 acres of public lands developed, the requirements of Pub. L. 85-337 would have to be satisfied.

(f) Pub. L. 85-337 and the above instructions do not relate to the use of public lands under permit.

(g) In Department of Air Force cases, the District Engineer will continue to prepare such REPR's and to furnish such other services as are requested by the Major Air Commands.

(h) When the REPR contains a proposal for the acquisition of minerals, the local office of the Bureau of Land Management, Department of the Interior, will be furnished with a copy of
