Subpart B—What Kinds of Activities Does the Secretary Assist Under This Program?

§ 359.10 What types of projects are authorized under this program?

This program provides assistance for demonstration projects that—

(a) Provide comprehensive rehabilitation services to individuals with spinal cord injuries; and

(b) Conduct spinal cord research, including clinical research and the analysis of standardized data in collaboration with other related projects.

(Authority: Sec. 204(b)(4); 29 U.S.C. 762(b)(4))

§ 359.11 What activities must each recipient carry out under this program?

Each recipient, whether administering a project separately under this part or in coordination with other activities supported under title II of the Act, shall—

(a) Establish a multidisciplinary system of providing rehabilitation services specifically designed to meet the special needs of individuals with spinal cord injuries, including emergency medical services, acute care, vocational and other rehabilitation services, community and job placement, and long-term community follow up and health maintenance. The system must be established on an appropriate geographical basis that reflects patterns of patient flow, and must be administered in close coordination with similar programs of the Veterans Administration, the National Institutes of Health, and other public and private agencies and institutions where appropriate;

(b) Demonstrate and evaluate both the service and cost benefits of a regional service system to those individuals with spinal cord injuries who might be served within that system;
