

§ 51.71

§ 51.71 What is the process to be followed if there is a dispute between the prior concessioner and the Director as to the value of possessory interest?

Unless other procedures are agreed to by the concessioner and the Director, in the event that a concessioner under a possessory interest concession contract is awarded a new concession contract and there is a dispute between the concessioner and the Director as to the value of such possessory interest, or, a dispute as to the allocation of an established overall possessory interest value on a unit by unit basis, the value and/or allocation will be established by arbitration in accordance with the terms and conditions of this part. The arbitration procedures are described in § 51.51.

§ 51.72 If a new concessioner is awarded the contract, what is the relationship between leasehold surrender interest and possessory interest?

If a new concessioner is awarded a leasehold surrender interest concession contract and is required to pay a prior concessioner for possessory interest in real property improvements, the new concessioner will have a leasehold surrender interest in the real property improvements under the terms of its new concession contract. The initial value of the leasehold surrender interest (instead of initial construction cost) will be the value of the possessory interest as of the expiration or other termination of the 1965 Act possessory interest concession contract. This leasehold surrender interest will apply even if the related possessory interest real property improvements are not capital improvements as defined in this part. In the event a new concessioner obtains a leasehold surrender interest in only a portion of a structure as a result of the acquisition of a possessory interest from a prior concessioner, depreciation for purposes of leasehold surrender interest value will apply only to the portion of the structure to which the possessory interest applied.

Subpart I—Concession Contract Provisions

§ 51.73 What is the term of a concession contract?

A concession contract will generally be awarded for a term of 10 years or less unless the Director determines that the contract terms and conditions, including the required construction of capital improvements, warrant a longer term. It is the policy of the Director under these requirements that the term of concession contracts should be as short as is prudent, taking into account the financial requirements of the concession contract, resource protection and visitor needs, and other factors the Director may deem appropriate. In no event will a concession contract have a term of more than 20 years (unless extended in accordance with this part).

§ 51.74 When may a concession contract be terminated by the Director?

Concession contracts will contain appropriate provisions for suspension of operations under a concession contract and for termination of a concession contract by the Director for default, including, without limitation, unsatisfactory performance, or termination when necessary to achieve the purposes of the 1998 Act. The purposes of the 1998 Act include, but are not limited to, protecting, conserving, and preserving park area resources and providing necessary and appropriate visitor services in park areas.

§ 51.75 May the Director segment or split concession contracts?

The Director may not segment or otherwise split visitor services authorized or required under a single concession contract into separate concession contracts if the purpose of such action is to establish a concession contract with anticipated annual gross receipts of less than \$500,000.
