section, except for funds derived from gratuitous benefits under laws administered by the Department of Veterans Affairs and deposited by the Department of Veterans Affairs in the account Personal Funds of Patients for incompetent veterans, will be disposed of under the laws governing such institutions. In any case where the veteran died intestate without heirs or next of kin his or her personal property vests in the United States. Disposition of the property will be made in accordance with the provisions of §§ 12.19 to 12.23.

### § 12.1 Designee cases; competent veterans.

(a) Each competent veteran now being cared for or who is hereafter admitted to receive care as such at a Department of Veterans Affairs field facility, unless it be detrimental to his or her health, will be requested and encouraged to designate on the prescribed VA Form 10-P-10, Application for Hospital Treatment or Domiciliary Care, the person to whom he or she desires the Department of Veterans Affairs to deliver his or her funds and effects in event of death. He or she may also designate an alternate to whom delivery will be made if the first designee fails or refuses to accept delivery. It should be clearly understood that the delivery of such funds or effects will constitute only a delivery of possession thereof, and such delivery is not intended to affect in any manner the title to such funds or effects or determine the person ultimately entitled to receive same from the person to whom delivery is made (hereinafter in the regulations in this part termed the *designee*). The person designated may not be an employee of the Department of Veterans Affairs unless such employee be the wife (or husband), child, grandchild, mother, father, grandmother, grandfather, brother, or sister of the veteran. The veteran may in writing change or revoke such designation at any time. If a veteran becomes incompetent, any designation previously made will become inoperative with respect to those funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gratuitous

benefits under laws administered by the Department of Veterans Affairs. The guardian may change or revoke the existing designation with respect to personal effects and funds derived from other sources.

(b) Veterans will be encouraged to place in the custody of their relatives articles of little or no utility value to them during their period of care at a Department of Veterans Affairs field facility, and to retain in their possession only such funds and effects as are actually required and necessary for their immediate convenience.

[13 FR 7128, Nov. 27, 1948, as amended at 25 FR 1612, Feb. 25, 1960]

### § 12.2 Designee cases; incompetent veterans.

(a) An incompetent veteran will not be informed concerning the designation of a person to receive funds or effects; but if he or she has a guardian the guardian will be requested to make such designation of himself or herself or another person to receive possession of the funds and effects (other than funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs) upon the incompetent's death. The guardian will sign the letter designating himself or herself or another person with the veteran's name "By \_\_\_\_\_, guardian of his or her estate".

(b) No effort will be made to obtain a designation by or on behalf of an incompetent veteran who has no guardian.

[13 FR 7128, Nov. 27, 1948, as amended at 25 FR 1613, Feb. 25, 1960]

### § 12.3 Deceased veteran's cases.

(a) Immediately upon the death or the absence without leave of any beneficiary at a field facility, as defined in § 12.0(b), a survey and inventory of the funds and effects of such beneficiary will be taken in the following manner:

(1) If the death or absence without leave occurred during hospitalization, a complete inventory (VA Form 10-2687, Inventory of Funds and Effects)

## Department of Veterans Affairs

## § 12.3

will be made of all personal effects (including those in the custody of the hospital, jewelry being worn by the deceased person, or jewelry and other effects in pockets of clothing he or she may have been wearing) and all funds found and moneys on deposit in Personal Funds of Patients. In the case of death of incompetent veterans after November 30, 1959, the inventory will be completed to show separately those funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs. For purpose of determining the source of funds, expenditures from the account will be considered as having been made from gratuitous benefits, not to exceed the extent of deposits of such benefits. In the event death occurred during other than official working hours, the officer of the day and/or a representative of Nursing Service will collect and inventory all funds and personal effects on the person of the deceased beneficiary and on the ward, will carefully safeguard such property and, upon completion of the tour of duty, will turn the funds and effects over to the properly designated employees.

(2) If the death or absence without leave occurred while the beneficiary was assigned to a domiciliary section, or while receiving hospitalization and at time of death or absence without leave any effects are in the section, a like inventory will be made by representatives of the Chief, Domiciliary Operations and/or Medical Administration Division.

(3) The inventory report will be executed in triplicate, original and two copies. All will be signed by the employee making the inventory, and disposed of as provided for in pertinent procedural instructions.

(4) Personally owned clothing or other effects (such as tooth brushes, false teeth not containing gold, etc.), which are unserviceable by reason of wear or tear or insanitary condition, and clothing that had been supplied by the Government, will not be included in this inventory; instead, the unserviceable personally owned articles will be listed on a separate list, with their

condition briefly described, and their disposition recommended in a separate report to the facility head. The facility head, if approving this recommendation, will order destruction or utilization in occupational therapy, or as wipe rags, etc., of such unserviceable articles and, when they are so destroyed or utilized, will have entered on the papers the date and nature of the disposition. The completed papers will then be placed in the correspondence file of the beneficiary. Clothing that had been supplied by the Government will be reconditioned if possible and returned to stock for issue to other eligible beneficiaries. When Government-owned clothing cannot be reconditioned it will be disposed of.

(5) When the nearest relative requests that the deceased beneficiary be clad for burial in clothing he or she personally owned, instead of burial clothing to be supplied under the contract for mortuary services, such request will be honored. A receipt in such cases will be obtained from the undertaker, specifying the articles of clothing so used. Adjustment of the undertaker's bill in the case will correspondingly be made.

(6) In accomplishing such inventories, detailed description will be given of items of material value or importance, for example:

Watch—Yellow metal (make, movement, and case number, if available without damage to watch).

Ring—Yellow metal (probably gold-plated or stamped 14-K., setting if any).

Discharge certificate.

Adjusted service certificate (number).

Bonds or stocks (name of company, registered or nonregistered, identifying number, recited par value, if any).

Bank books or other asset evidence (name of bank or other obligor, apparent value, identifying numbers, etc.).

Clothing (brief description and statement of condition). Etc.

(b) Upon completion of the survey and inventory, the effects will be turned over to the designated employee for safekeeping. Any funds found in excess of \$100 which apparently were the property of the deceased will be turned over to the details clerk and delivered immediately to the agent cashier, who shall deposit same in the account "Personal Funds of Patients".

## § 12.4

## 38 CFR Ch. I (7-1-12 Edition)

Unendorsed checks other than Treasury checks and funds not in excess of \$100 will be considered personal effects and not funds and will be handled accordingly.

### § 12.4 Disposition of effects and funds to designee; exceptions.

(a) Upon authorization by the facility head or his or her designated representative, all funds, as defined in § 12.0 (except funds on deposit in Personal Funds of Patients derived from gratuitous benefits under laws administered by the Department of Veterans Affairs and deposited by the Department of Veterans Affairs where the veteran was incompetent at time of death), and effects will be delivered or sent to the designee of the deceased veteran if request therefor be made after death and within 90 days following the mailing of notice to such designee (see § 12.9(a)), unless:

(1) The executor or administrator of the estate of the deceased veteran shall have notified the facility head or his or her designated representative of his or her desire and readiness to receive such funds or effects, in which event the facility head or his or her designated representative will authorize delivery of all funds and effects to such executor or administrator upon receipt of appropriate documentary evidence of his or her qualifications and in exchange for appropriate receipts, or

(2) An heir capable of inheriting the personal property of the veteran makes claim for the funds and effects prior to delivery to the designee.

(3) Subsequent to the naming of a designee the veteran became incompetent and his or her guardian revoked such designation, in which event the facility head or his or her designated representative will deliver all funds and effects to his guardian in exchange for appropriate receipts subject to the limitation contained in paragraph (d) of this section, or

(4) Designee was the wife (or husband) of the veteran at the time of designation, and information at the disposal of the field facility indicates that she (or he) was thereafter divorced and

the veteran was incompetent at or subsequent to the time of divorce, or

(5) Notwithstanding there is a designee, it is probable that title would pass to the United States under the provisions of §§ 12.19 to 12.23 issued pursuant to 38 U.S.C. 5502(e) and 38 U.S.C. 8520(a), or

(6) The facility head or his or her designated representative determines that there is reasonable ground to believe that the transfer of such possession to the designee probably would be contrary to the interests of the person legally entitled to the personal property, or there are any other special circumstances raising a serious doubt as to the propriety of such delivery to the designee.

In any case in which the facility head does not deliver the funds and effects, because of the provisions of paragraphs (a)(3), (4), and (5) of this section, he or she will develop all facts and refer the matter to the Chief Attorney of the regional office having jurisdiction over the area where the hospital is located, for advice as to the disposition which legally should be made of such funds and effects.

(b) When authorized by the facility head or his or her designated representative, the effects will be delivered or shipped to the designee. If shipped at Government expense, the shipment shall be made in the most economical manner but in no case at a cost in excess of \$25. If such expenses will exceed \$25, the excess amount shall be paid by the consignee to the facility head in advance. There will be no obligation on the Government, initially or otherwise, to pay such expenses in excess of \$25.

(c) When possession of funds or effects is transferred to a designee, the attention of the designee will again be directed to the fact that possession only has been transferred to him or her and that such transfer does not of itself affect title thereto and that such designee will be accountable to the owner of said funds and effects under applicable laws.

(d) Upon receipt from the proper Chief Attorney of an appropriate certification that the guardianship was in full force and effect at the time of the veteran's death and that the guardian's bond is adequate, funds (other than
