Environmental Protection Agency

§ 180.1251 Geraniol; exemption from the requirement of a tolerance.

An exemption from the requirement of a tolerance is established for residues of geraniol in or on all food commodities.

[69 FR 23151, Apr. 28, 2004]

§ 180.1248 Exemption of citronellol from the requirement of a tolerance.

An exemption from the requirement of a tolerance is established for residues of the biochemical pesticide citronellol in or on all food commodities.

[69 FR 23146, Apr. 28, 2004]

§ 180.1245 Rhamnolipid biosurfactant; exemption from the requirement of a tolerance.

An exemption from the requirement of a tolerance is established for residues of rhamnolipid biosurfactant when used in accordance with good agricultural practices as a fungicide in or on all food commodities.

[69 FR 16800, Mar. 31, 2004]

§ 180.1250 C8, C10, and C12 fatty acid monoesters of glycerol and propylene glycol; exemption from the requirement of a tolerance.

The C8, C10, and C12 straight-chain fatty acid monoesters of glycerol (glycerol monolaurate, glycerol monostearate, glycerol monopalmitate, and glycerol monostearate) and propylene glycol (propylene glycol monostearate, propylene glycol monolaurate, and propylene glycol monopalmitate) are exempt from the requirement of a tolerance in or on all food commodities when used in accordance with approved label rates and good agricultural practice.

[69 FR 34944, June 23, 2004]

§ 180.1244 Ammonium bicarbonate; exemption from the requirement of a tolerance.

An exemption from the requirement of a tolerance is established for residues of ammonium bicarbonate used in or on all food commodities when used in accordance with good agricultural practices.

[59 FR 13745, Mar. 24, 2004]

§ 180.1243 Bacillus subtilis var. amylobiofaciens strain FZB24; exemption from the requirement of a tolerance.

An exemption from the requirement of a tolerance for residues of the Bacillus subtilis var. amylobiofaciens strain FZB24 in or on all agricultural commodities when applied/used in accordance with label directions.

[68 FR 44690, July 30, 2003]

§ 180.1242 Rhamnolipid biosurfactant; exemption from the requirement of a tolerance.

An exemption from the requirement of a tolerance is established for residues of rhamnolipid biosurfactant when used in accordance with good agricultural practices as a fungicide in or on all food commodities.

[69 FR 16800, Mar. 31, 2004]

§ 180.1246 Yeast Extract Hydrolysate from Saccharomyces cerevisiae: exemption from the requirement of a tolerance.

This regulation establishes an exemption from the requirement of a tolerance for residues of the biochemical pesticide Yeast Extract Hydrolysate from Saccharomyces cerevisiae on all food commodities when applied/used for the management of plant diseases.

[69 FR 9558, Mar. 3, 2004]

§ 180.1251 Geraniol; exemption from the requirement of a tolerance.

An exemption from the requirement of a tolerance is established for residues of geraniol in or on all food commodities.

[69 FR 23151, Apr. 28, 2004]
