RED CROSS PROPERTY

§ 102–36.445 Do we report excess personal property originally acquired from or through the American National Red Cross?

Yes, when reporting excess personal property which was processed, produced, or donated by the American National Red Cross, note “RED CROSS PROPERTY” on the SF 120 or report document. GSA will offer to return this property to the Red Cross if no other federal agency has a need for it. If the Red Cross has no requirement, the property continues in the disposal process and is available for donation.

SHELF-LIFE ITEMS

§ 102–36.450 Do we report excess shelf-life items?

(a) When there are quantities on hand, that would not be utilized by the expiration date and cannot be returned to the vendor for credit, you must report such expected overage as excess for possible transfer and disposal to ensure maximum use prior to deterioration.

(b) You need not report expired shelf-life items. You may dispose of property with expired shelf-life by abandonment/destruction in accordance with §102–36.305 and in compliance with Federal, State, and local waste disposal and air and water pollution control standards.

§ 102–36.455 How do we report excess shelf-life items?

You must identify the property as shelf-life items by “SL”, indicate the expiration date, whether the date is the original or an extended date, and if the date is further extendable. GSA may adjust the screening period based on re-use potential and the remaining useful shelf life.

§ 102–36.460 Do we report excess medical shelf-life items held for national emergency purposes?

When the remaining shelf life of any medical materials or supplies held for national emergency purposes is of too short a period to justify their continued retention, you should report such property excess for possible transfer and disposal. You must make such excess determinations at such time as to ensure that sufficient time remains to permit their use before their shelf-life expires and the items are unfit for human use. You must identify such items with “MSL” and the expiration date, and indicate any specialized storage requirements.

§ 102–36.465 May we transfer or exchange excess medical shelf-life items with other federal agencies?

Yes, you may transfer or exchange excess medical shelf-life items held for national emergency purposes with any other federal agency for other medical materials or supplies, without GSA approval and without regard to part 102–30 of this chapter. You and the transferee agency will agree to the terms and prices. You may credit any proceeds derived from such transactions to your agency’s current applicable appropriation and use the funds only for the purchase of medical materials or supplies for national emergency purposes.
