completion of an agency-wide sales migration plan, the reporting of pre- and post-sales data, and the migration to approved SCs unless a waiver has been submitted by the agency and approved by the eFAS Planning Office. The eFAS milestones are available for viewing at <http://www.gsa.gov/govsalesmilestones>.

§ 102-38.365 Is a holding agency required to report property in “scrap” condition to its selected SC?

No. Property which has no value except for its basic material content (scrap material) may be disposed of by the holding agency by sale or as otherwise provided in §102-38.70. However, the holding agency should consult the SC(s) selected by the holding agency as to the feasibility of selling the scrap material. Agencies selling scrap property under authority of this subpart are still required to report sales metrics in accordance with eFAS ESC-approved format and content.

§ 102-38.370 What does a holding agency do with property which cannot be sold by its SC?

All reasonable efforts must be afforded the SC to sell the property. If the property remains unsold after the time frame agreed to between the SC and the holding agency, the holding agency may dispose of the property by sale or as otherwise provided in §102-38.70. The lack of public interest in buying the property is evidence that the sales proceeds would be minimal. Agencies selling property under authority of this subpart are still required to report sales metrics in accordance with eFAS ESC-approved format and content.
