§21.47

Corps may be required to perform successfully a clinical or other practical demonstration which, if required, shall constitute a part of the professional examination.

§21.45 Rating values.

The examination of every candidate for appointment to any grade in the Regular Corps shall be rated by a board appointed pursuant to §21.30 in accordance with such relative values for each part of the examination as are prescribed by the Surgeon General. No candidate who receives a final rating below 80 shall be appointed in the Regular Corps.

§21.46 Merit roll.

Each board appointed pursuant to §21.30 to consider the qualifications of candidates for appointment as officers shall assign a numerical rating to each candidate for appointment in the Regular Corps who passes the examination, and shall submit a report to the Surgeon General of the ratings and the relative standing of all such candidates for each grade in each profession or specialty within a profession. The Surgeon General shall submit each such report with his recommendations to the Secretary, and, if approved by the Secretary, the report shall constitute a merit roll from which the Secretary shall, in accordance with relative standing, recommend available persons to the President for nomination as commissioned officers of the Regular Corps. A board may consider any newly discovered evidence relating to the physical, professional, or personal qualifications of any candidate examined for appointment. Upon recommendation of such board after review of such evidence, the Surgeon General, with the approval of the Secretary, may correct the rating of a candidate or may qualify or disqualify a candidate. The placing of a candidate's name on a merit roll shall give no assurance of an appointment. A merit roll shall expire when a new merit roll in the same profession or specialty within a profession and grade has been established, but no merit roll shall continue in effect longer than two years after its approval by the Secretary. Every candidate who has not been

nominated by the President for appointment prior to the expiration of a merit roll on which his name appears, shall, unless he requests the opportunity to be reexamined, be rated with the next group of candidates of the same profession or specialty within a profession for appointment in the same grade and shall be given the same rating he had on the expired merit roll. If two candidates who were examined at the same time receive the same numerical rating the elder candidate shall assume relative standing on the merit roll over the younger candidate. If a candidate whose name is being transferred from an expired to a new merit roll has the same numerical rating as a candidate whose name is being placed on the new merit roll for the first time, the former shall assume relative standing on the merit roll over the latter. The name of a candidate may be removed from a merit roll in the event that he refuses an appointment when offered. No candidate's eligibility for appointment shall exceed two years unless he again becomes eligible as the result of another examination.

§21.47 Examination; anticipation of meeting qualifications.

A potential candidate for appointment in any grade in the Regular Corps may be examined within a period of nine months prior to the date upon which it is anticipated that he will qualify for appointment under this subpart. Upon successful completion of the examination, his name will be entered on a merit roll. In the event that his name, in order of relative standing among all candidates, precedes that of fully qualified candidates, his name, for purpose of appointment, shall be passed over in favor of fully qualified candidates until such time as he becomes fully qualified, but in no event shall he otherwise lose his relative standing on the merit roll, except as provided in §21.46. If the candidate fails to qualify for appointment at the time that it was anticipated that he would qualify, his name shall be removed from the merit roll.
