## § 423.315 General payment provisions.

- (a) Source of payments. CMS payments under this section are made from the Medicare Prescription Drug Account.
- (b) Monthly payments. CMS provides a direct subsidy in the form of advance monthly payments equal to the Part D plan's standardized bid, risk adjusted for health status as provided in \$423.329(b), minus the monthly beneficiary premium as determined in \$423.286.
- (c) Reinsurance subsidies. CMS provides reinsurance subsidy payments described in §423.329(c) on a monthly basis during a year based on either estimated or incurred allowable reinsurance costs as provided under §423.329(c)(2)(i), and final reconciliation to actual allowable reinsurance costs as provided in §423.343(c).
- (d) Low-income subsidies. CMS makes payments for premium and cost sharing subsidies, including additional coverage above the initial coverage limit, on behalf of certain subsidy-eligible individuals as provided in §§ 423.780 and 423.782. CMS provides low-income costsharing subsidy payments described in §423.782 through interim payments of provided amounts asunder  $\S423.329(d)(2)(i)$  and reconciliation to actual allowable reinsurance costs as provided in §423.343(d).
- (e) Risk-sharing arrangements. CMS may issue lump-sum payments or adjust monthly payments in the following payment year based on the relationship of the Part D plan's adjusted allowable risk corridor costs to predetermined risk corridor thresholds in the coverage year as provided in § 423.336.
- (f) Retroactive adjustments and reconciliations. CMS reconciles payment year disbursements with updated enrollment and health status data, actual low-income cost-sharing costs and actual allowable reinsurance costs as provided in § 423.343.

- (g) Special rules for private fee-for-service plans—(1) Application of reinsurance. For private fee-for-service plans (as defined by §422.4(a)(3) of this chapter) offering qualified prescription drug coverage, CMS determines the amount of reinsurance payments as provided under §423.329(c)(3).
- (2) Exemption from risk corridor provisions. The provisions of §423.336 regarding risk sharing do not apply.

## § 423.322 Requirement for disclosure of information.

- (a) Payment conditional upon provision of information. Payments to a Part D sponsor are conditioned upon provision of information to CMS that is necessary to carry out this subpart, or as required by law.
- (b) Restrictions on use of information. Officers, employees and contractors of the Department of Health and Human Services may use the information disclosed or obtained in accordance with the provisions of this subpart only for the purposes of, and to the extent necessary in, carrying out this subpart including, but not limited to, determination of payments, and payment-related oversight, and program integrity activities.
- (1) This restriction does not limit OIG's authority to fulfill the Inspector General's responsibilities in accordance with applicable Federal law.
- (2) This restriction does not limit CMS' ability to use data regarding drug claims in accordance with section 1848(m) of the Act.

## § 423.329 Determination of payments.

(a) Subsidy payments—(1) Direct subsidy. CMS makes a direct subsidy payment for each Part D eligible beneficiary enrolled in a Part D plan for a month equal to the amount of the plan's approved standardized bid, adjusted for health status (as determined under §423.329(b)(1)), and reduced by the base beneficiary premium for the plan (as determined under §423.286(c) and adjusted in §423.286(d)(1)). The direct subsidy payment may be increased by the excess amount of a negative premium as described in §423.286(d)(1), if applicable.
