### § 10005.3 Policy.

(b) It is the policy of the Commission that the mitigation and conservation plan, in tandem with the Act, serve as the principal guidance for the Commission in fulfilling its mitigation and conservation responsibilities. Further, the Commission will use the development of the plan, and subsequent amendment processes, as the primary means to involve agencies and the public in the Commission’s decision making process.

### § 10005.4 Planning rule authority.

The Commission adopts the rule in this part pursuant to that authority and to Section 301(g)(3)(A) and (C) of the Act, which provide for establishment of a rule to guide applicants in making recommendations to the Commission, and to ensure appropriate public involvement.

(b) Adoption of the planning rule constitutes a policy decision on the part of the Commission and, as such, requires formal public notification and approval by the Commission according to established procedures. The planning rule is a component of the administrative rules of the Commission and has the authority accorded to such administrative rules, as described in the Administrative Procedures Act.
