Bureau of Land Management, Interior

legislation in whole or in part. The proposed legislation shall contain such provisions for continued operation of the public land laws as to the public land areas included in the requested withdrawal as shall be determined by the Secretary to be compatible with the intended military use.

§ 2310.3–4 Duration of withdrawals.

(a) An order initially withdrawing 5,000 or more acres of land in the aggregate, on the basis of the Secretary’s authority under section 204 of the Act (43 U.S.C. 1714), may be made for a period not to exceed 20 years from the date the order is signed, except that withdrawals exceeding 5,000 acres in the State of Alaska shall not become effective until notice is provided in the Federal Register and to both Houses of Congress. All orders withdrawing 5,000 or more acres in the aggregate shall be subject to the Congressional review provision of section 204(c) of the Act (43 U.S.C. 1714(c)), except as follows:

(1) A National Wildlife Refuge System withdrawal may not be terminated as provided in section 204(c)(1) of the Act (43 U.S.C. 1714(c)(1)) other than by an Act of Congress; or

(2) A withdrawal exceeding 5,000 acres in the State of Alaska shall terminate unless Congress passes a Joint Resolution of approval within 1 year after the notice of such withdrawal has been submitted to the Congress.

(b) An order initially withdrawing less than 5,000 acres of land, in the aggregate, on the basis of the Secretary’s authority under section 204 of the Act (43 U.S.C. 1714), may be made:

(1) For such time as the Secretary determines desirable for a resource use;

(2) For not more than 20 years for any other use, including, but not limited to, the use of lands for non-resource uses, related administrative sites and facilities or for other proprietary purposes; or

(3) For not more than 5 years to preserve the lands for a specific use then under consideration by either House of Congress.

(c) An order withdrawing lands on the basis of an emergency as provided for in section 204(e) of the Act (43 U.S.C. 1714(e)) may be made for not more than 3 years.

(d) Except for emergency withdrawals, withdrawals of specific duration may be extended, as provided for in §2310.4 of this title.

§ 2310.3–5 Compensation for improvements.

(a) When an application is allowed, the applicant shall compensate the holder of record of each permit, license or lease lawfully terminated or revoked after the allowance of an application, for all authorized improvements placed on the lands under the terms and conditions of the permit, license or lease, before the lands were segregated or withdrawn. The amount of such compensation shall be determined by an appraisal as of the date of revocation or termination of the permit, license or lease, but shall not exceed fair market value. To the extent such improvements were constructed with Federal funds, they shall not be compensable unless the United States has been reimbursed for such funds prior to the allowance of the application and then only to the extent of the sum that the United States has received.

(b) When an application is allowed that affects public lands which are subject to permits or leases for the grazing of domestic livestock and that is required to be terminated, the applicant shall comply with the cancellation notice and compensation requirements of section 402(g) of the Act (43 U.S.C. 1752(g)), to the extent applicable.

§ 2310.3–6 Transfer of jurisdiction.

A public land order that reserves lands for a department, agency or office, shall specify the extent to which jurisdiction over the lands and their related resource uses will be exercised by that department, agency or office. (See §2310.3–2(c) of this title).

§ 2310.4 Review and extensions of withdrawals.

(a) Discretionary withdrawals of specific duration, whether made prior to or after October 21, 1976, shall be reviewed by the Secretary commencing at least 2 years before the expiration
date of the withdrawal. When requested, the department, agency or office benefitting from the withdrawal shall promptly provide the Secretary with the information required by §2310.1–2(c) of this title, and the information required by §2310.3–2(b) of this title, in the form of a withdrawal extension application with supplemental information. If the concerned department, agency or office is delinquent in responding to such request, the delinquency shall constitute a ground for not extending the withdrawal. Such withdrawals may be extended or further extended only upon compliance with these regulations, and only if the Secretary determines that the purpose for which the withdrawal was first made requires the extension, and then only for a period that shall not exceed the duration of the original withdrawal period. In allowing an extension, the Secretary shall comply with the provisions of section 204(c) of the Act (43 U.S.C. 1714(c)), or section 204(d) of the Act (43 U.S.C. 1714(d)), whichever is applicable; and, whether or not an extension is allowed, the Secretary shall report promptly on the decision for each pending extension to the Congressional Committees that are specified in section 204(f) of the Act (43 U.S.C. 1714(f)).

(b) Notwithstanding the provisions of this section, if the Secretary determines that a National Wildlife Refuge System withdrawal of specific duration shall not be extended, the Secretary must, on the same day, send a notice of the withdrawal to the two Committees of the Congress that are specified for that purpose in Section 204(e) of the Act (43 U.S.C. 1714(e)).

(c) The Secretary must forward a report to each of the aforementioned committees within 90 days after filing with them the notice of Secretarial emergency withdrawal. Reports for all such withdrawals, regardless of the amount of acreage withdrawn, will contain the information specified in Section 204(c)(2) of the Act (43 U.S.C. 1714(c)(2)).

Subpart 2320—Federal Energy Regulatory Commission Withdrawals

§2320.0–3 Authority.

(a) Section 24 of the Federal Power Act of June 10, 1920, as amended (16 U.S.C. 818), provides that any lands of the United States included in an application for power development under that Act shall, from the date of filing of an application therefor, be reserved from entry, location or other disposal under the laws of the United States until otherwise directed by the Federal Energy Regulatory Commission or by Congress. This statute also provides that whenever the Commission shall determine that the value of any lands of the United States withdrawn or classified for power purposes shall not be injured or destroyed for such purposes by location, entry or selection under the public land laws, the Secretary of the Interior shall declare such lands open to location, entry or selection for such purposes under such restrictions as the Commission may determine are necessary, and subject to and with a reservation of the right of the United
