(a) Applications for grazing permits or leases (active use and nonuse), free-use grazing permits and other grazing authorizations shall be filed with the authorized officer at the local Bureau of Land Management office having jurisdiction over the public lands involved.

(b) The authorized officer will determine whether applicants for the renewal of permits and leases or issuance of permits and leases that authorize use of new or transferred preference, and any affiliates, have a satisfactory record of performance. The authorized officer will not renew or issue a permit or lease unless the applicant and all affiliates have a satisfactory record of performance.

(1) *Renewal of permit or lease.* (i) The authorized officer will deem the applicant for renewal of a grazing permit or lease, and any affiliate, to have a satisfactory record of performance if the authorized officer determines the applicant and affiliates to be in substantial compliance with the terms and conditions of the existing Federal grazing permit or lease for which renewal is sought, and with the rules and regulations applicable to the permit or lease.

(ii) The authorized officer may take into consideration circumstances beyond the control of the applicant or affiliate in determining whether the applicant and affiliates are in substantial compliance with permit or lease terms and conditions and applicable rules and regulations.

(2) *New permit or lease or transfer of grazing preference.* The authorized officer will deem applicants for new permits or leases or transfer of grazing preference, including permits or leases that arise from transfer of preference, and any affiliates, to have a record of satisfactory performance when—

(ii) The applicant or affiliate has not had any state grazing permit or lease, for lands within the grazing allotment for which a Federal permit or lease is sought, canceled, in whole or in part, for violation of the permit or lease within the 36 calendar months immediately preceding the date of application; and

(iii) A court of competent jurisdiction has not barred the applicant or affiliate from holding a Federal grazing permit or lease.

(c) In determining whether affiliation exists, the authorized officer will consider all appropriate factors, including, but not limited to, common ownership, common management, identity of interests among family members, and contractual relationships.
