landholding agencies to collect information about property described as unutilized, underutilized, excess, or surplus, in surveys conducted by the agencies under section 202 of the Federal Property and Administrative Services Act (40 U.S.C. 483), Executive Order 12512, and 41 CFR part 101–47.800. Each canvass will collect information on properties not previously reported and about property reported previously the status or classification of which has changed or for which any of the information reported on the property checklist has changed.

(1) HUD will request descriptive information on properties sufficient to make a reasonable determination, under the criteria described below, of the suitability of a property for use as a facility to assist the homeless.

(2) HUD will direct landholding agencies to respond to requests for information within 25 days of receipt of such requests.

(b) Agency Annual Report. By December 31 of each year, each landholding agency must notify HUD regarding the current availability status and classification of each property controlled by the agency that:

(1) Was included in a list of suitable properties published that year by HUD, and

(2) Remains available for application for use to assist the homeless, or has become available for application during that year.

(c) GSA Inventory. HUD will collect information, in the same manner as described in paragraph (a) of this section, from GSA regarding property that is in GSA’s current inventory of excess or surplus property.

(d) Change in Status. If the information provided on the property checklist changes subsequent to HUD’s determination of suitability, and the property remains unutilized, underutilized, excess or surplus, the landholding agency shall submit a revised property checklist in response to the next quarterly canvass. HUD will make a new determination of suitability and, if it differs from the previous determination, republish the property information in the FEDERAL REGISTER. For example, property determined unsuitable for national security concerns may no longer be subject to security restrictions, or property determined suitable may subsequently be found to be contaminated.

§ 12a.4 Suitability determination.

(a) Suitability determination. Within 30 days after the receipt of information from landholding agencies regarding properties which were reported pursuant to the canvass described in §12a.3(a), HUD will determine, under criteria set forth in §12a.6, which properties are suitable for use as facilities to assist the homeless and report its determination to the landholding agency. Properties that are under lease, contract, license, or agreement by which a Federal agency retains a real property interest or which are scheduled to become unutilized or underutilized will be reviewed for suitability no earlier than six months prior to the expected date when the property will become unutilized or underutilized, except that properties subject to the Base Closure and Realignment Act may be reviewed up to eighteen months prior to the expected date when the property will become unutilized or underutilized.

(b) Scope of suitability. HUD will determine the suitability of a property for use as a facility to assist the homeless without regard to any particular use.

(c) Environmental information. HUD will evaluate the environmental information contained in property checklists forwarded to HUD by the landholding agencies solely for the purpose of determining suitability of properties under the criteria in §12a.6.

(d) Written record of suitability determination. HUD will assign an identification number to each property reviewed for suitability. HUD will maintain a written public record of the following:

(1) The suitability determination for a particular piece of property, and the reasons for that determination; and

(2) The landholding agency’s response to the determination pursuant to the requirements of §12a.7(a).

(e) Property determined unsuitable. Property that is reviewed by HUD under this section and that is determined unsuitable for use to assist the homeless may not be made available
§ 12a.5

Real property reported excess to GSA.

(a) Each landholding agency must submit a report to GSA of properties it determines excess. Each landholding agency must also provide a copy of HUD’s suitability determination, if any, including HUD’s identification number for the property.

(b) If a landholding agency reports a property to GSA which has been reviewed by HUD for homeless assistance suitability and HUD determined the property suitable, GSA will screen the property pursuant to §12a.5(g) and will advise HUD of the availability of the property for use by the homeless as provided in §12a.5(e). In lieu of the above, GSA may submit a new checklist to HUD and follow the procedures in §12a.5(c) through §12a.5(g).

(c) If a landholding agency reports a property to GSA which has not been reviewed by HUD for homeless assistance suitability, GSA will complete a property checklist, based on information provided by the landholding agency, and will forward this checklist to HUD for a suitability determination. This checklist will reflect any change in classification, i.e., from unutilized or underutilized to excess.

(d) Within 30 days after GSA’s submission, HUD will advise GSA of the suitability determination.

(e) When GSA receives a letter from HUD listing suitable excess properties in GSA’s inventory, GSA will transmit to HUD within 45 days a response which includes the following for each identified property:

(1) A statement that there is no other compelling Federal need for the property, and therefore, the property will be determined surplus; or

(2) A statement that there is further and compelling Federal need for the property (including a full explanation of such need) and that, therefore, the property is not presently available for use to assist the homeless.

(f) When an excess property is determined suitable and available and notice is published in the Federal Register, GSA will concurrently notify HHS, HUD, State and local government units, known homeless assistance providers that have expressed interest in

§ 12a.5

Real property reported excess to GSA.

(a) Each landholding agency must submit a report to GSA of properties it determines excess. Each landholding agency must also provide a copy of HUD’s suitability determination, if any, including HUD’s identification number for the property.

(b) If a landholding agency reports a property to GSA which has been reviewed by HUD for homeless assistance suitability and HUD determined the property suitable, GSA will screen the property pursuant to §12a.5(g) and will advise HUD of the availability of the property for use by the homeless as provided in §12a.5(e). In lieu of the above, GSA may submit a new checklist to HUD and follow the procedures in §12a.5(c) through §12a.5(g).

(c) If a landholding agency reports a property to GSA which has not been reviewed by HUD for homeless assistance suitability, GSA will complete a property checklist, based on information provided by the landholding agency, and will forward this checklist to HUD for a suitability determination. This checklist will reflect any change in classification, i.e., from unutilized or underutilized to excess.
