Federal Acquisition Regulation

52.246–12 Inspection of Construction.

As prescribed in 46.312, insert the following clause:

**INSPECTION OF CONSTRUCTION (MAY 1995)**

The Government has the right to inspect and evaluate the work performed under the contract, and the premises where the work is being performed, at all reasonable times and in a manner that will not unduly delay the work. If the Government determines that the work performed under the contract is not in accordance with the contract requirements, the Government may require the Contractor to correct or replace any work that is not in accordance with the contract requirements. Time devoted to the correction or replacement of such work shall not be included in the computation of the above time period. Except as otherwise provided in the contract, the Government shall determine the allowability of the cost of any such replacement or correction.

(End of clause)
