Plan, reflecting the actions a contractor has agreed to take to mitigate a conflict, shall be incorporated into the contract.

(c) If the contracting officer determines, after consultation with agency legal counsel, that the otherwise successful offeror is unable to effectively mitigate an organizational conflict of interest, then the contracting officer, taking into account both the instant contract and longer term Government needs, shall use another approach to resolve the organizational conflict of interest, select another offeror, or request a waiver in accordance with FAR 9.503 (but see statutory prohibition in 209.571–7, which cannot be waived).

(d) For any acquisition that exceeds \$1 billion, the contracting officer shall brief the senior procurement executive before determining that an offeror's mitigation plan is unacceptable.

[75 FR 81913, Dec. 29, 2010]

209.571-5 Lead system integrators.

For limitations on contractors acting as lead systems integrators, see 209.570.

[75 FR 81913, Dec. 29, 2010]

209.571-6 Identification of organizational conflicts of interest.

When evaluating organizational conflicts of interest for major defense acquisition programs or pre-major defense acquisition programs, contracting officers shall consider—

- (a) The ownership of business units performing systems engineering and technical assistance, professional services, or management support services to a major defense acquisition program or a pre-major defense acquisition program by a contractor who simultaneously owns a business unit competing (or potentially competing) to perform as—
- (1) The prime contractor for the same major defense acquisition program; or
- (2) The supplier of a major subsystem or component for the same major defense acquisition program.
- (b) The proposed award of a major subsystem by a prime contractor to business units or other affiliates of the same parent corporate entity, particularly the award of a subcontract for software integration or the develop-

ment of a proprietary software system architecture; and

(c) The performance by, or assistance of, contractors in technical evaluation.

[75 FR 81913, Dec. 29, 2010]

209.571-7 Systems engineering and technical assistance contracts.

- (a) Agencies shall obtain advice on systems architecture and systems engineering matters with respect to major defense acquisition programs or premajor defense acquisition programs from Federally Funded Research and Development Centers or other sources independent of the major defense acquisition program contractor.
- (b) Limitation on Future Contracting.
 (1) Except as provided in paragraph (c) of this subsection, a contract for the performance of systems engineering and technical assistance for a major defense acquisition program or a premajor defense acquisition program or promajor defense acquisition program or a premajor defense acquisition program shall prohibit the contractor or any affiliate of the contractor from participating as a contractor or major subcontractor in the development or production of a weapon system under such program.
- (2) The requirement in paragraph (b)(1) of this subsection cannot be waived
- (c) Exception. (1) The requirement in paragraph (b)(1) of this subsection does not apply if the head of the contracting activity determines that—
- (i) An exception is necessary because DoD needs the domain experience and expertise of the highly qualified, apparently successful offeror; and
- (ii) Based on the agreed-to resolution strategy, the apparently successful offeror will be able to provide objective and unbiased advice, as required by 209.571–3(a), without a limitation on future participation in development and production.
- (2) The authority to make this determination cannot be delegated.
