552.000 Scope of part.

This part provides the text of provisions and clauses which are unique to GSA or supplement the FAR.

Subpart 552.1—Instructions for Using Provisions and Clauses

552.101-70 Using part 552.

(a) *Definition.* “Clause,” as used in this subpart, means provision or clause as defined in FAR 52.101(a).

(b) *Numbering.* (1) Clauses which are “substantially” the same as FAR clauses and clauses to be used instead of FAR clauses are identified as follows:

552.102

(i) The clause has the same title as a clause in the FAR.

(ii) The number 5 precedes the clause.

(iii) The clause appears under the same subsection number and caption as in the FAR.

(2) Supplemental clauses are numbered in the same manner as the FAR, except:

(i) The chapter number precedes the clause.

(ii) The subsection numbers begin with 70.

(iii) The clauses are sequentially numbered, e.g., 552.232-70, 552.232-71, etc.

552.102 Incorporating provisions and clauses.

You may incorporate clauses prescribed in the GSAR for solicitations and contracts by reference.

552.103 Identification of provisions and clauses.

Deviations. If the GSAR prescribes a class deviation from a FAR clause, identify the clause by the GSAR citation (e.g., 552.232-8 PROMPT PAYMENT DISCOUNT (NOV 1987) (DEVIATION FAR 552.232-8)).

552.104 Procedures for modifying and completing provisions and clauses.

(a) The procedures in FAR 52.104 apply when you modify or complete a GSAR provision or clause. Provisions and clauses shall not be modified unless the GSAR authorizes their modification.

(b) You do not need to identify modifications of clauses which result from negotiations unless you issue an amendment to the solicitation.

(c) In general, you should modify FAR or GSAR clauses only for individual cases. If a contracting activity develops a modification for repeated use, furnish a copy to the Office of GSA Acquisition Policy (MV) for potential inclusion in the GSAR.

552.105 Procedures for using alternates.

The procedures in FAR 52.105 apply to GSAR part 552.

48 CFR Ch. 5 (10-1-12 Edition)

PROGRESSIVE AWARDS AND MONTHLY QUANTITY ALLOCATIONS (OCT 2009)

(a) *Monthly quantity allocation.* (1) Set forth below are the Government's estimated annual and monthly requirements for each stock item covered by this solicitation. Bids shall indicate, in the spaces provided, the monthly quantity which the bidder is willing to furnish of any item or group of items involving the use of the same production facilities. In making monthly allocations, bidders are urged to group as many items as possible. Such groupings will make it possible for the Government to make fullest use of the production capabilities of each bidder.

(2) Bidders need not limit their monthly allocations to the Government's estimated monthly requirements, since additional unanticipated needs may occur during the period of the contract. If a bid does not include monthly allocation quantities, it will be deemed to offer to furnish all of the Government's requirements, even though they may exceed the stated estimated requirements.

National stock number	Estimated annual requirements	Estimated monthly requirements

BIDDERS MONTHLY QUANTITY ALLOCATIONS

Items or groups of items	Monthly allocation quantity

(b) *Progressive awards.* If the low responsive bid's monthly quantity allocation is less than the Government's estimated requirements, the Government may make progressive awards beginning with the low responsive bid and including each next low responsive bid to the extent necessary to meet the estimated requirements.

(c) *Ordering procedures.* If progressive awards are made, orders will be placed first with the Contractor offering the lowest price on each item normally up to that Contractor's maximum quantity allocation and

then, in the same manner, successively to other Contractors. When cumulative orders during any month, placed with a lower priced Contractor, equal or exceed 95 percent of its monthly quantity allocation, to avoid the placement of unduly small orders or the splitting of a subsequent order, the Government reserves the right to award the full quantity of the subsequent order to the next lower priced Contractor. In no case will orders be placed with any Contractor in excess of its monthly quantity allocation.

As prescribed in 515.408(d), insert the following clause:

PRICE ADJUSTMENT—FAILURE TO PROVIDE ACCURATE INFORMATION (AUG 1997)

(a) The Government, at its election, may reduce the price of this contract or contract modification if the Contracting Officer determines after award of this contract or contract modification that the price negotiated was increased by a significant amount because the Contractor failed to:

(1) Provide information required by this solicitation/contract or otherwise requested by the Government; or

(2) Submit information that was current, accurate, and complete; or

(3) Disclose changes in the Contractor's commercial pricelist(s), discounts or discounting policies which occurred after the original submission and prior to the completion of negotiations.

(b) The Government will consider information submitted to be current, accurate and complete if the data is current, accurate and complete as of 14 calendar days prior to the date it is submitted.

(c) If any reduction in the contract price under this clause reduces the price for items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States—

(1) The amount of the overpayment; and

(2) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective each quarter prescribed by the Secretary of Treasury under 26 U.S.C. 6621(a)(2).

(d) Failure to agree on the amount of the decrease shall be resolved as a dispute.

552.216-70 Economic Price Adjustment—FSS Multiple Award Schedule Contracts.

As prescribed in 516.203-4(a), insert the following clause:

ECONOMIC PRICE ADJUSTMENT—FSS MULTIPLE AWARD SCHEDULE CONTRACTS (SEP 1999)

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.

(b) Contractors may request price increases under the following conditions:

(1) Increases resulting from a reissue or other modification of the Contractor's commercial catalog/pricelist that was used as the basis for the contract award.

(2) Only three increases will be considered during the contract period.

(3) Increases are requested after the first 30 days of the contract period and prior to the last 60 days of the contract period.

(4) At least 30 days elapse between requested increases.

(c) The aggregate of the increases in any contract unit price under this clause shall not exceed ____* percent of the original contract unit price. The Government reserves the right to raise this ceiling where changes in market conditions during the contract period support an increase.

(d) The following material shall be submitted with the request for a price increase:

(1) A copy of the commercial catalog/pricelist showing the price increase and the effective date for commercial customers.

(2) Commercial Sales Practice format regarding the Contractor's commercial pricing practice relating to the reissued or modified catalog/price-list, or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Documentation supporting the reasonableness of the price increase.

(e) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), and (d) of this clause are satisfied;

(2) Negotiate more favorable discounts from the new commercial prices when the total increase requested is not supported; or,

(3) Remove the product(s) from contract involved pursuant to the Cancellation Clause

552.216-71

of this contract, when the increase requested is not supported.

(f) The contract modification reflecting the price adjustment shall be signed by the Government and made effective upon receipt of notification from the Contractor that the new catalog/pricelist has been mailed to the addresses previously furnished by the Contracting Officer, provided that in no event shall such price adjustment be effective prior to the effective date of the commercial price increases. The increased contract prices shall apply to delivery orders issued to the Contractor on or after the effective date of the contract modification.

(End of clause)

**Insert the percent appropriate at the time the solicitation is issued. This percentage should normally be 10 percent, unless based on a trend established by an appropriate index such as the Producer Prices and Price Index during the most recent 6-month period indicates that a different percentage is more appropriate. Any ceiling other than 10 percent must be approved by the contracting director.*

Alternate 1 (SEP 1999). The following is substituted for paragraphs (b) and (c) of the clause:

(b) Contractors may request price increases to be effective on or after the first 12 months of the contract period providing all of the following conditions are met:

(1) Increases resulting from a reissue or other modification of the Contractor's commercial catalog/pricelist that was used as the basis for the contract award.

(2) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of this subparagraph (b)).

(3) Increases are requested before the last 60 days of the contract period.

(4) At least 30 days elapse between requested increases.

(c) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed *_____ percent of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

**Insert the percentage appropriate at the time the solicitation is issued. This percentage should be determined based on the trend established by an appropriate index such as the Producer Prices and*

552.216-71 Economic Price Adjustment—Special Order Program Contracts.

As prescribed in 516.203-4(a), insert the following clause:

ECONOMIC PRICE ADJUSTMENT—SPECIAL ORDER PROGRAM CONTRACTS (AUG 2010)

(a) "Producer Price Index" (PPI), as used in this clause, means the originally released index, not seasonally adjusted, published by the Bureau of Labor Statistics, U.S. Department of Labor (Labor) for product code _____ found under Table _____.

(b) During the term of the contract, the award price may be adjusted once during each 12-month period upward or downward. However, if an upward adjustment, a maximum of _____ * _____ percent shall apply. Any price adjustment for the product code shall be based upon the percentage change in the PPI released in the month prior to the initial month of the contract period specified in the solicitation for sealed bidding or the month prior to award in negotiation (the base index) and the PPI released 12 months later (the updated index). The formula for determining the Adjusted Contract Price (ACP) applicable to shipments for the balance of the contract period is—

$$ACP = \frac{\text{Updated Index}}{\text{Base Index}} \times \text{Award Price}$$

(c) If the PPI is not available for the month of the base index or the updated index, the month with the most recently published PPI prior to the month determining the base index or updated index shall be used.

(d) If a product code is discontinued, the Government and the Contractor will mutually agree to substitute a similar product code. If Labor designates an index with a new title and/or code number as continuous with the product code specified above, the new index shall be used.

(e) Unless the Contractor's written request for a price adjustment resulting from the application of the formula in (b) above is received by the Contracting Officer within 30 calendar days of the release of the updated index, the Contractor shall have waived its right to an upward price adjustment for the balance of the contract. Alternatively, the Contracting Officer will unilaterally adjust the award price downward when appropriate using the updated index defined in (b) above.

General Services Administration

552.216-72

(f) Price adjustments shall be effective upon execution of a contract modification by the Government or on the 31st day following the release of the updated index, whichever is later, shall indicate the updated index and percent of change as well as the ACP, and shall not apply to delivery orders issued before the effective date.

(End of clause)

Alternate I (AUG 2010). As prescribed in 516.203-4(a)(1) and (2), substitute the following paragraphs (b), (e), and (f) for paragraphs (b), (e), and (f) of the basic clause:

(b) Once during each 12-month period, the contract price may be adjusted upward or downward a maximum of ____*____ percent.

(1) For the first option period, any price adjustment for the product code shall be based upon the percentage change in the PPI released in the month prior to the initial month of the contract period specified in the solicitation for sealed bidding or the month prior to award in negotiation (the base index) and the PPI released in the third month before completion of the initial contract period stated in the solicitation (the updated index). This initial contract period may be less than 12 months. The formula for determining the Adjusted Contract Price (ACP) applicable to shipments during the first option period is—

$$\text{ACP} = \frac{\text{Updated Index}}{\text{Base Index}} \times \text{Award Price}$$

(2) For any subsequent option period, the price adjustment shall be the percentage change between the previously updated index (the new base index) and the PPI released 12 months later (the most recent updated index). This percentage shall be applied to the Current Contract Price (CCP). The formula for determining the ACP applicable to shipments for the subsequent option period(s) is—

$$\text{ACP} = \frac{\text{Most Recent Updated Index}}{\text{New Base Index}} \times \text{CCP}$$

(e) Unless the Contractor's written request for a price adjustment resulting from the application of the formulas in (b) (1) or (2) above is received by the Contracting Officer within 30 calendar days of the date of the Government's preliminary written notice of its intent to exercise the option, the Contractors shall have waived its right to an upward price adjustment for that option period. Alternatively, the Contracting Officer in its written notice shall exercise the option at the CCP or at a reduced price when appro-

priate using the formulas in (b) (1) or (2) above.

(f) Price adjustments shall be effected by execution of a contract modification by the Government indicating the most recent updated index and percent of change and shall apply to delivery orders placed on or after the first day of the option period.

Alternate II (AUG 2010). As prescribed in 516.203-4(a)(2), add the following paragraph (g) to the basic clause.

(g) No price adjustment will be made unless the percentage change in the PPI is at least ____*____ percent.

**The Contracting Officer should insert a lower percent than the maximum percentage stated in paragraph (b) of the clause.

**The appropriate percentage should be determined based upon the historical trend in the PPI for the product code. A ceiling of more than 10 percent must be approved by the Contracting Director.*

(b) Orders may be placed through Electronic Data Interchange (EDI) or mailed in paper form. EDI orders shall be placed using the American National Standards Institute (ANSI) X12 Standard for Electronic Data Interchange (EDI) format.

If computer-to-computer EDI is not possible, FAS will use an alternative EDI method allowing the Contractor to receive orders by facsimile transmission. Subject to the Contractor's agreement, other agencies may place orders by EDI.

(d) When computer-to-computer EDI procedures will be used to place orders, the Contractor shall enter into one or more Trading Partner Agreements (TPA) with each Federal agency placing orders electronically in order to ensure mutual understanding by the parties of certain electronic transaction conventions and to recognize the rights and responsibilities of the parties as they apply to this method of placing orders. The TPA must identify, among other things, the third party provider(s) through which electronic orders

are placed, the transaction sets used, security procedures, and guidelines for implementation. Federal agencies may obtain a sample format to customize as needed from the office specified in (g) below.

(e) The Contractor shall be responsible for providing its own hardware and software necessary to transmit and receive data electronically. Additionally, each party to the TPA shall be responsible for the costs associated with its use of third party provider services.

(f) Nothing in the TPA will invalidate any part of this contract between the Contractor and the General Services Administration. All terms and conditions of this contract that otherwise would be applicable to a mailed order shall apply to the electronic order.

552.217-70 Evaluation of Options.

As prescribed in 517.208(a), insert the following provision:

EVALUATION OF OPTIONS (AUG 1990)

(a) The Government will evaluate offers for award purposes by determining the lowest base period price. When option year pricing is based on a formula (e.g., changes in the Producer Price Index or other common standard); option year pricing is automatically considered when evaluating the base year price, as any change in price will be uniformly related to changes in market conditions. All options are therefore considered to be evaluated. Evaluation of options will not obligate the Government to exercise the option(s).

(b) The Government will reject the offer if exceptions are taken to the price provisions of the Economic Price Adjustment clause, unless the exception results in a lower maximum

option year price. Such offers will be evaluated without regard to the lower option year(s) maximum. However, if the offeror offering a lower maximum is awarded a contract, the award will reflect the lower maximum.

552.217-71 Notice Regarding Option(s).

As prescribed in 517.208(b), insert the following provision:

NOTICE REGARDING OPTION(S) (NOV 1992)

The General Services Administration (GSA) has included an option to [*Insert "purchase additional quantities of supplies or services" or "extend the term of this contract" or "purchase additional quantities of supplies or services and to extend the term of this contract"*] in order to demonstrate the value it places on quality performance by providing a mechanism for continuing a contractual relationship with a successful Offeror that performs at a level which meets or exceeds GSA's quality performance expectations as communicated to the Contractor, in writing, by the Contracting Officer or designated representative. When deciding whether to exercise the option, the Contracting Officer will consider the quality of the Contractor's past performance under this contract in accordance with 48 CFR 517.207.

552.219-70 Allocation of Orders—Partially Set-Aside Items.

As prescribed in 519.508, insert the following clause:

ALLOCATION OF ORDERS—PARTIALLY SET-ASIDE ITEMS (SEP 1999)

Where the set-aside portion of an item or group of items is awarded to a Contractor other than the one receiving the award on the corresponding non-set-aside portion, the Government will divide the requirements to be ordered between the two Contractors with the objective of achieving, as nearly as possible, a 50/50 division of the total value of orders placed after the award of the set-aside portion. In no case will this division vary by more than a 60/40 division (with either the non-set-aside or set-aside Contractor receiving the larger portion) from the time of the award of the set-aside portion.

552.219-71 Notice to Offerors of Subcontracting Plan Requirements.

As prescribed in 519.708-70(a), insert the following provision:

The General Services Administration (GSA) is committed to assuring that maximum practicable opportunity is provided to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns to participate in the performance of this contract consistent with its efficient performance. GSA expects any subcontracting plan submitted pursuant to FAR 52.219-9, Small Business Subcontracting Plan, to reflect this commitment. Consequently, an offeror, other than a small business concern, before being awarded a contract exceeding \$650,000 (\$1,500,000 for construction), must demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns as subcontractors in the performance of this contract.

**552.219-72 Preparation, Submission,
and Negotiation of Subcontracting
Plans.**

As prescribed in 519.708-70(b), insert the following provision:

PREPARATION, SUBMISSION, AND NEGOTIATION
OF SUBCONTRACTING PLANS (MAR 2012)

(a) An offeror, other than a small business concern, submitting an offer that exceeds \$650,000 (\$1,500,000 for construction) shall submit a subcontracting plan with its initial offer. The subcontracting plan will be negotiated concurrently with price and any required technical and management proposals, unless the offeror submits a previously-approved commercial plan.

(b) Maximum practicable utilization of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors is a matter of national interest with both social and economic benefits. The General Services Administration (GSA) expects that an offeror's subcontracting plan will reflect a commitment to assuring that small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns are provided the maximum practicable opportunity, consistent with efficient contract performance, to participate as subcontractors in the per-

formance of the resulting contract. An offeror submitting a commercial plan can reflect this commitment through subcontracting opportunities it provides that relate to the offeror's production generally; *i.e.*, for both its commercial and Government business.

(c) GSA believes that this potential contract provides significant opportunities for the use of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns as subcontractors. Consequently, in addressing the eleven elements described at FAR 52.219-9(d) of the clause in this contract entitled Small Business Subcontracting Plan, the offeror shall:

(1) Demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns in performing the contract.

(2) Include a description of the offeror's subcontracting strategies used in any previous contracts, significant achievements, and how this plan will build upon those earlier achievements.

(3) Demonstrate through its plan that it understands the small business subcontracting program's objectives and GSA's expectations, and it is committed to taking those actions necessary to meet these goals or objectives.

(d) In determining the acceptability of any subcontracting plan, the Contracting Officer will take each of the following actions:

(1) Review the plan to verify that the offeror demonstrates an understanding of the small business subcontracting program's objectives and GSA's expectations with respect to the program and has included all the information, goals, and assurances required by FAR 52.219-9.

(2) Consider previous goals and achievements of contractors in the small industry.

(3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns.

(4) Review the offeror's description of its strategies, historical performance and significant achievements in placing subcontracts for the same or similar products or services with small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns. The offeror's description can apply to commercial as well as previous Government contracts.

(2) In addressing the eleven elements described at FAR 52.219-9(d), the offeror shall demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns in performing this contract. An offeror submitting a commercial plan can demonstrate its commitment in providing maximum practicable opportunities through subcontracting opportunities it provides to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns that relate to the offeror's production generally; *i.e.*, for both its commercial and Government business.

(3) The subcontracting plan shall include a description of the offeror's subcontracting strategies used in previous contracts and significant achievements, with an explanation of how this plan will build upon those earlier achievements. Additionally, the offeror shall demonstrate through its plan that it understands the small business subcontracting program's objectives, GSA's expectations,

and is committed to taking those actions necessary to meet these goals or objectives.

(b) GSA believes that this contract provides significant opportunities for the use of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns as subcontractors. Service-Disabled Veteran-Owned Small Business	___ percent.

NOTE: Target goals are expressed as a percentage of planned subcontracting dollars.

(c) In determining the acceptability of any subcontracting plan, the Contracting Officer will—

(1) Review the plan to verify that the offeror has demonstrated an understanding of the small business subcontracting program's objectives and GSA's expectations with respect to the programs and has included all the information, goals, and assurances required by FAR 52.219-9;

(2) Consider previous goals and achievements of contractors in the same industry;

(3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns; and

(4) Review the offeror's description of its strategies, historical performance and significant achievements in placing subcontracts for the same or similar products or services with small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns. The offeror's description can apply to commercial as well as previous Government contracts.

As prescribed in 532.806, insert the following clause:

ASSIGNMENT OF CLAIMS (SEP 1999)

Because this is a requirements or indefinite quantity contract under which more than one agency may place orders, paragraph (a) of the Assignment of Claims clause (FAR 52.232-23) is inapplicable and the following is substituted therefor:

In order to prevent confusion and delay in making payment, the Contractor shall not assign any claim(s) for amounts due or to become due under this contract. However, the Contractor is permitted to assign separately to a bank, trust company, or other financial institution, including any Federal lending agency, under the provisions of the Assignment of Claims Act, as amended, 31 U.S.C. 3727, 41 U.S.C. 15 (hereinafter referred to as "the Act"), all amounts due or to become due under any order amounting to \$1,000 or more issued by any Government agency under this contract. Any such assignment takes effect only if and when the assignee files written notice of the assignment together with a true copy of the instrument of assignment with the contracting officer issuing the order and the finance office designated in the order to make payment. Unless otherwise stated in the order, payments to an assignee of any amounts due or to become due under any order assigned may, to the extent specified in the Act, be subject to reduction or set-off.

(End of clause)

552.232-25 Prompt Payment.

As prescribed in 532.908(c)(2), insert the following clause:

PROMPT PAYMENT (NOV 2009) (DEVIATION FAR 52.232-25)

Notwithstanding any other payment clause in this contract, the Government will make invoice payments and contract financing payments under the terms and conditions specified in this clause. Payment shall be considered as being made on the day a check is dated or the date of an electronic funds transfer. Definitions of pertinent terms are set forth in section 32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see subparagraph (a)(4) of this clause concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) *Invoice payments.* (1) The due date for making invoice payments by the designated payment office is:

(i) For orders placed electronically by the General Services Administration (GSA) Federal Acquisition Service (FAS), and to be paid by GSA through electronic funds transfer (EFT), the later of the following two events:

(A) The 10th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 10th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(B) The 10th day after Government acceptance of supplies delivered or services performed by the Contractor.

(ii) For all other orders, the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 30th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(B) The 30th day after Government acceptance of supplies delivered or services performed by the Contractor.

(iii) On a final invoice, if the payment amount is subject to contract settlement actions, acceptance occurs on the effective date of the contract settlement.

(2) The General Services Administration will issue payment on the due date in (a)(1)(i) above if the Contractor complies with full cycle electronic commerce. Full cycle electronic commerce includes all the following elements:

(i) The Contractor must receive and fulfill electronic data interchange (EDI) purchase orders (transaction set 850).

(ii) The Contractor must generate and submit to the Government valid EDI invoices (transaction set 810) or submit invoices through the GSA Finance Center Internet-based invoice process. Internet-based invoices must be submitted using procedures provided by GSA.

(iii) The Contractor's financial institution must receive and process, on behalf of the Contractor, EFT payments through the Automated Clearing House (ACH) system.

(iv) The EDI transaction sets in (i) through (iii) above must adhere to implementation conventions provided by GSA.

(3) If any of the conditions in (a)(2) above do not occur, the 10 day payment due dates in (a)(1) become 30 day payment due dates.

(4) *Certain food products and other payments.*

(i) Due dates on Contractor invoices for meat, meat food products, or fish; perishable agricultural commodities; and dairy products, edible fats or oils, and food products prepared from edible fats or oils are—

(A) For meat or meat food products, as defined in section 2(a)(3) of the Packers and Stockyard Act of 1921 (7 U.S.C. 182 (3)), and as further defined in Pub. L. 98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, an any perishable egg product, as close as possible to, but not later than, the 7th day after product delivery.

(B) For fresh or frozen fish, as defined in section 204(3) of the Fish and Seafood Promotion Act of 1986 (16 U.S.C. 4003(3)), as close as possible to, but not later than, the 7th day after product delivery.

(C) For perishable agricultural commodities, as defined in section 1(4) of the Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)), as close as possible to, but not later than, the 10th day after product delivery, unless another date is specified in the contract.

(D) For daily products, as defined in section 111(e) of the Dairy Production Stabilization Act of 1983 (7 U.S.C. 4502(e)), edible fats or oils, and food products prepared from edible fats or oils, as close as possible to, but not later than, the 10th day after the date on which a proper invoice has been received. Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressing, and other similar products, fall within this classification. Nothing in the Act limits this classification to refrigerated products. When questions arise regarding the proper classification of a specific product, prevailing industry practices will be followed in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the Contractor making the representation.

(ii) If the contract does not require submission of an invoice for payment (e.g., periodic lease payments), the due date will be as specified in the contract.

(5) *Contractor's invoice.* The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. Notwithstanding paragraph (g) of the clause at FAR 52.212-4, Contract Terms and Conditions—Commercial Items, if the Contractor submits hard-copy invoices, submit only an original invoice. No copies of the invoice are required. A proper invoice must include the items listed in subdivisions (a)(5)(i) through (a)(5)(viii) of this clause. If the invoice does not comply with these requirements, it shall be returned within 7 days

after the date the designated billing office received the invoice (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, edible fats or oils, and food products prepared from edible fats or oils), with a statement of the reasons why it is not a proper invoice. Untimely notification will be taken into account in computing any interest penalty owed the Contractor in the manner described in subparagraph (a)(5) of this clause.

- (i) Name and address of the Contractor.
- (ii) Invoice date. (The Contractor is encouraged to date invoices as close as possible to the date of the mailing or transmission.)
- (iii) Contract number or other authorization for supplies delivered or services performed (including order number and contract line item number).
- (iv) Description, quantity, unit of measure, unit price, an extended prices of supplies delivered or services performed.
- (v) Shipping and payment terms (e.g., shipment number and date of shipment, prompt payment discount terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills or lading.
- (vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).
- (vii) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.
- (viii) Any other information or documentation required by the contract (such as evidence of shipment).
- (ix) While not required, the Contractor is strongly encouraged to assign an identification number to each invoice.

(6) *Interest penalty.* An interest penalty shall be paid automatically by the designated payment office, without request from the Contractor, if payment is not made by the due date and the conditions listed in subdivisions (a)(6)(i) through (a)(6)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday when Federal Government offices are closed and Government business is not expected to be conducted, payment may be made on the following business day without incurring a late payment interest penalty.

- (i) A proper invoice was received by the designated billing office.
- (ii) A receiving report or other Government documentation authorizing payment was processed, and there was no disagreement over quantity, quality, or Contractor compliance with any contract term or condition.
- (iii) In the case of a final invoice for any balance of funds due the Contractor for supplies delivered or services performed, the amount was not subject to further contract

settlement actions between the Government and the Contractor.

(7) *Computing penalty amount.* The interest penalty shall be at the rate established by the Secretary of the Treasury under section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) that is in effect on the day after the due date, except where the interest penalty is prescribed by other governmental authority (e.g., tariffs). This rate is referred to as the "Renegotiation Board Interest Rate," and it is published in the FEDERAL REGISTER semiannually on or about January 1 and July 1. The interest penalty shall accrue daily on the invoice principal payment amount approved by the Government until the payment date of such approved principal amount; and will be compounded in 30-day increments inclusive from the first day after the due date through the payment date. That is, interest accrued at the end of any 30-day period will be added to the approved invoice principal payment amount and will be subject to interest penalties if not paid in the succeeding 30-day period. If the designated billing office failed to notify the Contractor of a defective invoice within the periods prescribed in subparagraph (a)(5) of this clause, the due date on the corrected invoice will be adjusted by subtracting from such date the number of days taken beyond the prescribed notification of defects period. Any interest penalty owed the Contractor will be based on this adjusted due date. Adjustments will be made by the designated payment office for errors in calculating interest penalties.

- (i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance shall be deemed to have occurred constructively on the 7th day (unless otherwise specified in this contract) after the Contractor delivered the supplies or performed the services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality or Contractor compliance with a contract provision. In the event that actual acceptance occurs within the constructive acceptance period, the determination of an interest penalty shall be based on the actual date of acceptance. The constructive acceptance requirement does, not however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities.
- (ii) The following periods of time will not be included in the determination of an interest penalty:
 - (A) The period taken to notify the Contractor of defects in invoices submitted to the Government, but this may not exceed 7 days (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils).

(B) The period between the defects notice and resubmission of the corrected invoice by the Contractor.

(C) For incorrect electronic funds transfer (EFT) information, in accordance with the EFT clause of this contract.

(iii) Interest penalties will not continue to accrue after the filing of a claim for such penalties under the clause at 52.233-1, Disputes, or for more than 1 year. Interest penalties of less than \$1 need not be paid.

(iv) Interest penalties are not required on payment delays due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance with the terms of the contract. Claims involving disputes, and any interest that may be payable, will be resolved in accordance with the clause at 52.233-1, Disputes.

(8) *Prompt payment discounts.* An interest penalty also shall be paid automatically by the designated payment office, without request from the Contractor, if a discount for prompt payment is taken improperly. The interest penalty will be calculated as described in subparagraph (a)(7) of this clause on the amount of discount taken for the period beginning with the first day after the end of the discount period through the date when the Contractor is paid.

(9) *Additional interest penalty.* (i) If this contract was awarded on or October 1, 1989, a penalty amount, calculated in accordance with subdivision (a)(9)(iii) of this clause, shall be paid in addition to the interest penalty amount if the Contractor—

(A) Is owed an interest penalty of \$1 or more;

(B) Is not paid the interest penalty within 10 days after the date the invoice amount is paid; and

(C) Makes a written demand to the designated payment office for additional penalty payment, in accordance with subdivision (a)(9)(ii) of this clause, postmarked not later than 40 days after the invoice amount is paid.

(ii)(A) Contractors shall support written demands for additional penalty payments with the following data. No additional data shall be required. Contractors shall—

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) Demands must be postmarked on or before the 40th day after payment was made, except that—

(1) If the postmark is illegible or non-existent, the demand must have been received and annotated with the date of receipt by the designated payment office on or before the 40th day after payment was made; or

(2) If the postmark is illegible or non-existent and the designated payment office fails to make the required annotation, the demand's validity will be determined by the date the Contractor has placed on the demand; provided such date is no later than the 40th day after payment was made.

(iii)(A) The additional penalty shall be equal to 100 percent of any original late payment interest penalty, except—

(1) The additional penalty shall not exceed \$5,000;

(2) The additional penalty shall never be less than \$25; and

(3) No additional penalty is owed if the amount of the underlying interest penalty is less than \$1.

(B) If the interest penalty ceases to accrue in accordance with the limits stated in subdivision (a)(5)(iii) of this clause, the amount of the additional penalty shall be calculated on the amount of interest penalty that would have accrued in the absence of these limits, subject to the overall limits on the additional penalty specified in subdivision (a)(7)(iii)(A) of this clause.

(C) For determining the maximum and minimum additional penalties, the test shall be the interest penalty due on each separate payment made for each separate contract. The maximum and minimum additional penalty shall not be based upon individual invoices unless the invoices are paid separately. Where payments are consolidated for disbursing purposes, the maximum and minimum additional penalty determination shall be made separately for each contract therein.

(D) The additional penalty does not apply to payments regulated by other Government regulations (e.g., payments under utility contracts subject to tariffs and regulation).

(b) *Contract financing payments*—(1) *Due dates for recurring financing payments.* If this contract provides for contract financing, requests for payment shall be submitted to the designated billing office as specified in this contract or as directed by the Contracting Officer. Contract financing payments shall be made on the [insert day as prescribed by Agency head; if not prescribed, insert 30th day] day after receipt of a proper contract financing request by the designated billing office. In the event that an audit or other review of a specific financing request is required to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the due date specified.

(2) *Due dates for other contract financing.* For advance payments, loans, or other arrangements that do not involve recurring

General Services Administration

552.236-71

submissions of contract financing requests, payment shall be in accordance with the corresponding contract terms or as directed by the Contracting Officer.

(3) *Interest penalty not applicable.* Contract financing payments shall not be assessed an interest penalty for payment delays.

(c) *Fast payment procedure due dates.* If this contract contains the clause at 52.213-1, Fast Payment Procedure, payments will be made within 15 days after the date of receipt of the invoice.

552.232-72 Final Payment Under Building Services Contracts.

As prescribed in 532.904(c), insert the following clause:

Before final payment is made, the Contractor shall complete and furnish the Contracting Officer with GSA Form 1142, Release of Claims, releasing all claims against the Government relating to this contract, other than claims in stated amounts that are specifically excepted by the Contractor from the release. If the Contractor's claim to amounts payable under the contract has been assigned under the Assignment of Claims Act of 1940, as amended (31 U.S.C. 3727, 41 U.S.C. 15), a release may also be required of the assignee.

552.232-77 Payment By Government Charge Card.

As prescribed in 532.7003, insert the following clause:

Unless the cardholder requests correction or replacement of a defective or faulty item under other contract requirements, the Contractor must immediately credit a cardholder's account for items returned as defective or faulty.

(d) Payments made using the Governmentwide commercial purchase card are not eligible for any negotiated prompt payment discount. Payment made using a Government debit card will receive the applicable prompt payment discount.

552.236-70 Definitions.

As prescribed in 536.570-1, insert the following clause:

Wherever any provision in this contract specifies an individual (such as, but not limited to, Construction Engineer, Resident Engineer, Inspector or Custodian) or organization, whether governmental or private, to perform any act on behalf of or in the interests of the Government, that individual or organization shall be deemed to be the Contracting Officer's authorized representative under this contract but only to the extent so specified. vesting additional authority in an authorized representative or designating an additional authorized representative shall be furnished to the Contractor.

(b) The Contractor shall perform the contract in accordance with any order (including but not limited to instruction, direction, interpretation, or determination) issued by an authorized representative in accordance with his authority to act for the Contracting Officer; but the Contractor assumes all the risk and consequences of performing the contract in accordance with any order (including but not limited to instruction, direction, interpretation, or determination) of anyone not authorized to issue such order.

Where the contract specification requires installation by a specialist, that term shall also be deemed to mean either the manufacturer of the item, an individual or firm licensed by the manufacturer, or an individual or firm who will perform the work under the manufacturer's direct supervision.

(End of clause)

552.236-73 Basis of Award—Construction Contract.

As prescribed in 536.570-4, insert the following provision or the appropriate Alternate:

BASIS OF AWARD—CONSTRUCTION CONTRACT (APR 1985)

(a) The low bidder for purposes of award is the responsible bidder offering the lowest price for the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form). See Standard Form 1442, Solicitation, Offer, and Award and the provision entitled "Contract Award—Sealed Bidding."

(b) A bid may be rejected as nonresponsive if the bid is materially unbalanced as to bid

48 CFR Ch. 5 (10-1-12 Edition)

prices. A bid is unbalanced when the bid is based on prices significantly less than cost for some work and significantly overstated for other work.

(End of provision)

Alternate I (APR 1985). if the solicitation includes a base bid and options, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraph (a) substantially as follows:

(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form) plus (2) all options designated to be evaluated. The evaluation of options will not obligate the Government to exercise the options. See Standard Form 1442, Solicitation, Offer, and Award and the provision entitled "Contract Award—Sealed Bidding."

Alternate II (APR 1985). If the solicitation includes a base bid and alternates, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraphs (a), (c), and (d) substantially as follows:

(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form) plus (2) those alternates in the order of priority listed in the solicitation that provide the most features of work within the funds available at bid opening. See the provision entitled "Contract Award—Sealed Bidding."

(c) Alternates will be added to the base bid in the order listed in the solicitation (see Standard Form 1442, Solicitation, Offer, and Award). If the addition of an alternate would make all bids exceed the funds available at bid opening, that alternate shall be skipped and the next subsequent alternate in a lower amount shall be added, provided that the aggregate of base bid and the selected alternates do not exceed the funds available at bid opening. For example, when the amount available is \$100,000 and a bidder's base bid is \$85,000, with its separate bids on four successive alternatives being \$10,000, \$8,000, \$6,000, and \$4,000, the aggregate amount of the bid for purposes of selecting the alternates would be \$99,000 (base bid plus the first and four alternates). The second and third alternates are skipped because each of them would cause the aggregate of the base bid and alternates to exceed the \$100,000 amount

General Services Administration

552.236-76

available when considered with the first alternate. All bids shall be evaluated on the basis of the same alternates.

(d) After the low bidder has been determined in accordance with paragraph (a), an award may be made to that low bidder on the base bid, plus any combination of alternates for which funds are available at the time of award, but only if the award amount does not exceed the amount offered by any other responsible bidder. If the base bid plus the proposed combination of alternates exceed the amount offered by any other responsible bidder for the same combination of alternates, the award cannot be made on that combination of alternates.

Alternate III (APR 1985). If the solicitation includes a base bid, alternates, and options, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraphs (a), (c), and (d) substantially as follows:

(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form) plus (2) those alternates in the order of priority listed in the solicitation that provide the most features of work within the funds available at bid opening plus (3) all options designated to be evaluated except those options associated with alternates which are skipped during the selection process outlined in paragraph (c) below. The evaluation of options will not obligate the Government to exercise the options. See the provision entitled "Contract Award—Sealed Bidding."

(c) Alternates will be added to the base bid in the order listed in the solicitation (see Standard Form 1442, Solicitation, Offer, or Award). If the addition of an alternate would make all bids exceed the funds available at bid opening, that alternate shall be skipped and the next subsequent alternate in a lower amount shall be added, provided that the aggregate of base bid and the selected alternates do not exceed the funds available at bid opening. For example, when the amount available is \$100,000 and a bidder's base bid is \$85,000, with its separate bids on four successive alternates being \$10,000, \$8,000, \$6,000, and \$4,000, the aggregate amount of the bid for purposes of selecting the alternates would be \$99,000 (base bid plus the first and fourth alternates). The second and third alternates are skipped because each of them would cause the aggregate of the base bid and alternates to exceed the \$100,000 amount available when considered with the first alternate. All bids shall be evaluated on the basis of the same alternates.

(d) After the low bidder has been determined in accordance with paragraph (a),

award may be made to that low bidder on the base bid and evaluated options plus any combination of alternates for which funds are available at the time of award, but only if that low bidder is still low on the sum thereof plus any previously unevaluated options designated to be evaluated which are associated with proposed alternates that were skipped during the selection under paragraph (c). If that low bidder is not still low, award cannot be made on the proposed combination of alternates.

552.236-74 Working Hours.

As prescribed in 536.570-5, insert the following clause:

WORKING HOURS (APR 1984)

(a) It is contemplated that all work will be performed during the customary working hours of the trades involved unless otherwise specified in this contract. Work performed by the Contractor at his own volition outside such customary working hours shall be at no additional expense to the Government.

(b) Any requests received by the Contractor from occupants of existing buildings to change the hours of work shall be referred to the Contracting Officer for determination.

(End of clause)

552.236-75 Use of Premises.

As prescribed in 536.570-6, insert the following clause:

USE OF PREMISES (APR 1984)

(a) If the premises are occupied, the Contractor, his subcontractors, and their employees shall comply with the regulations governing access to, operation of, and conduct while in or on the premises and shall perform the work required under this contract in such a manner as not to unreasonably interrupt or interfere with the conduct of Government business.

(b) Any request received by the Contractor from occupants of existing buildings to change the sequence of work shall be referred to the Contracting Officer for determination.

(c) If the premises are occupied, the Contractor, his subcontractors and their employees shall not have access to or be admitted into any building outside the scope of this contract except with official permission.

(End of clause)

552.236-76 Measurements.

As prescribed in 536.570-7, insert the following clause:

552.236-77

MEASUREMENTS (APR 1984)

All dimensions shown of existing work and all dimensions required for work that is to connect with work now in place, shall be verified by the Contractor by actual measurement of the existing work. Any discrepancies between the contract requirements and the existing conditions shall be referred to the Contracting Officer before any work affected thereby has been performed.

(End of clause)

552.236-77 Specifications and Drawings

As prescribed in 536.570-8, insert the following clause:

SPECIFICATIONS AND DRAWINGS (SEP 1999)

The requirements of the clause entitled "Specifications and Drawings for Construction" at FAR 52.236-21, are supplemented as follows:

(a) In case of difference between small and large-scale drawings, the large-scale drawings shall govern. Schedules on any contract drawing shall take precedence over conflicting information on that or any other contract drawing. On any of the drawings where a portion of the work is detailed or drawn out and the remainder is shown in outline, the parts detailed or drawn out shall apply also to all other like portions of the work.

(b) Where the word "similar" occurs on the drawings, it shall have a general meaning and not be interpreted as being identical, and all details shall be worked out in relation to their location and their connection with other parts of the work.

(c) Standard Details or Specification Drawings are applicable when listed, bound with the specifications, noted on the drawings or referenced elsewhere in the specifications. Where the notes on the drawings indicate modifications, such modifications shall govern.

(d) In case of difference between Standard Details or Specification Drawings and the specifications, the specifications will govern. In case of difference between the Standard Details or Specification Drawings and their drawings prepared specifically for this contract, the later shall govern.

(End of clause)

552.236-78 Shop Drawings, Coordination Drawings, and Schedules.

As prescribed in 536.570-9, insert the following clause:

48 CFR Ch. 5 (10-1-12 Edition)

SHOP DRAWINGS, COORDINATION DRAWINGS, AND SCHEDULES (SEP 1999)

The requirements, of the clause entitled "Specifications and Drawings for Construction" at FAR 52.236-21, are supplemented as follows:

(a) The Contractor shall submit shop drawings, coordination drawings, and schedules for approval as required by the specifications or requested by the Contracting Officer as follows:

(b) Show drawings shall include fabrication, erection and setting drawings, schedule drawings, manufacturers' scale drawings, wiring and control diagrams, cuts or entire catalogs, pamphlets, descriptive literature, and performance and test data.

(c) Drawings and schedules, other than catalogs, pamphlets and similar printed material, shall be submitted in reproducible form with two prints made by a process approved by the Contracting Officer. Upon approval, the reproducible form will be returned to the Contractor who shall then furnish the number of additional prints, not to exceed 10, required by the specifications. The Contractor shall submit shop drawings in catalog, pamphlet and similar printed form in a minimum of four copies plus as many additional copies as the Contractor may desire or need for his use or use by subcontractors.

(d) Before submitting shop drawings on the mechanical and electrical work, the Contractor shall submit and obtain the Contracting Officer's approval of such lists of mechanical and electrical equipment and materials as may be required by the specifications.

(e) Each shop drawing or coordination drawing shall have a blank area 5 by 5 inches, located adjacent to the title block. The title block shall display the following:

- Number and title of drawing
- Date of drawing or revision
- Name of project building or facility

552.238-72 Identification of Products That Have Environmental Attributes.

As prescribed in 538.273(a)(3), insert the following clause:

IDENTIFICATION OF PRODUCTS THAT HAVE ENVIRONMENTAL ATTRIBUTES (SEP 2003)

(a) Several laws, Executive orders, and Agency directives require Federal buyers to purchase products that are less harmful to the environment, when they are life cycle cost-effective (see FAR Subpart 23.7). The U.S. General Services Administration (GSA) requires contractors to highlight environmental products under Federal Supply Service schedule contracts in various communications media (e.g., publications and electronic formats).

(b) *Definitions.* As used in this clause—
Energy-efficient product means a product that—

(1) Meets Department of Energy and Environmental Protection Agency criteria for use of the ENERGY STAR® trademark label; or

(2) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy’s Federal Energy Management Program.

GSA Advantage! is an on-line shopping mall and ordering system that provides customers with access to products and services under GSA contracts.

Other environmental attributes refers to product characteristics that provide environmental benefits, excluding recovered materials and energy and water efficiency. Several examples of these characteristics are

biodegradable, recyclable, reduced pollutants, ozone safe, and low volatile organic compounds (VOCs).

Post-consumer material means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Post-consumer material is part of the broader category of "recovered material." The Environmental Protection Agency (EPA) has developed a list of EPA-designated products in their Comprehensive Procurement Guidelines (CPGs) to provide Federal agencies with purchasing recommendations on specific products in a Recovered Materials Advisory Notice (RMAN). The RMAN contains recommended recovered and post-consumer material content levels for the specific products designated by EPA (40 CFR part 247 and <http://www.epa.gov/cpg/>).

Recovered materials means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process (Executive Order 13101 and 42 U.S.C. 6903(19) and <http://www.epa.gov/cpg/>). For paper and paper products, see the definition at FAR 11.301 (42 U.S.C. 6962(h)).

Remanufactured means factory rebuilt to original specifications.

Renewable energy means energy produced by solar, wind, geothermal, and biomass power.

Renewable energy technology means—

(1) Technologies that use renewable energy to provide light, heat, cooling, or mechanical or electrical energy for use in facilities or other activities; or

(2) The use of integrated whole-building designs that rely upon renewable energy resources, including passive solar design.

(c)(1) The offeror must identify products that—

(i) Are compliant with the recovered and post-consumer material content levels recommended in the Recovered Materials Advisory Notices (RMANs) for EPA-designated products in the CPG program (<http://www.epa.gov/cpg/>);

(ii) Contain recovered materials that either do not meet the recommended levels in the RMANs or are not EPA-designated products in the CPG program (see FAR 23.401 and <http://www.epa.gov/cpg/>);

(iii) Are energy-efficient, as defined by either ENERGY STAR® and/or FEMP's designated top 25th percentile levels (see ENERGY STAR® at <http://www.energystar.gov/> and FEMP at <http://www.eere.energy.gov/femp/procurement/>);

(iv) Are water-efficient;

(v) Use renewable energy technology;

(vi) Are remanufactured; and

(vii) Have other environmental attributes.

(2) These identifications must be made in each of the offeror's following mediums:

(i) The offer itself.

(ii) Printed commercial catalogs, brochures, and pricelists.

(iii) Online product website.

(iv) Electronic data submission for GSA *Advantage!* submitted via GSA's Schedules Input Program (SIP) software or the Electronic Data Inter-change (EDI). Offerors can use the SIP or EDI methods to indicate environmental and other attributes for each product that is translated into respective icons in GSA *Advantage!*.

(d) An offeror, in identifying an item with an environmental attribute, must possess evidence or rely on a reasonable basis to substantiate the claim (see 16 CFR part 260, Guides for the Use of Environmental Marketing Claims). The Government will accept an offeror's claim of an item's environmental attribute on the basis of—

(1) Participation in a Federal agency-sponsored program (e.g., the EPA and DOE ENERGY STAR® product labeling program);

(2) Verification by an independent organization that specializes in certifying such claims; or

(3) Possession of competent and reliable evidence. For any test, analysis, research, study, or other evidence to be "competent and reliable," it must have been conducted and evaluated in an objective manner by persons qualified to do so, using procedures generally accepted in the profession to yield accurate and reliable results.

552.238-73 Cancellation.

As prescribed in 538.273(a)(4), insert the following clause:

CANCELLATION (SEP 1999)

Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 calendar days after the other party receives the notice of cancellation. If the Contractor elects to cancel this contract, the Government will not reimburse the minimum guarantee.

(End of clause)

552.238-74 Industrial Funding Fee and Sales Reporting.

As prescribed in 538.273(b)(1), insert the following clause:

INDUSTRIAL FUNDING FEE AND SALES
REPORTING (JUL 2003)

(a) *Reporting of Federal Supply Schedule Sales.* The Contractor shall report all contract sales under this contract as follows:

(1) The Contractor shall accurately report the dollar value, in U.S. dollars and rounded to the nearest whole dollar, of all sales under this contract by calendar quarter (January 1-March 31, April 1-June 30, July 1-September 30, and October 1-December 31). The dollar value of a sale is the price paid by the Schedule user for products and services on a Schedule task or delivery order. The reported contract sales value shall include the Industrial Funding Fee (IFF). The Contractor shall maintain a consistent accounting method of sales reporting, based on the Contractor's established commercial accounting practice. The acceptable points at which sales may be reported include—

- (i) Receipt of order;
- (ii) Shipment or delivery, as applicable;
- (iii) Issuance of an invoice; or
- (iv) Payment.

(2) Contract sales shall be reported to FSS within 30 calendar days following the completion of each reporting quarter. The Contractor shall continue to furnish quarterly reports, including "zero" sales, through physical completion of the last outstanding task order or delivery order of the contract.

(3) Reportable sales under the contract are those resulting from sales of contract items to authorized users unless the purchase was conducted pursuant to a separate contracting authority such as a Government-wide Acquisition Contract (GWAC); a separately awarded FAR Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract. Sales made to state and local governments under Cooperative Purchasing authority shall be counted as reportable sales for IFF purposes.

(4) The Contractor shall electronically report the quarterly dollar value of sales, including "zero" sales, by utilizing the automated reporting system at an Internet website designated by the General Services Administration (GSA)'s Federal Supply Service (FSS). Prior to using this automated system, the Contractor shall complete contract registration with the FSS Vendor Support Center (VSC). The website address, as well as registration instructions and reporting procedures, will be provided at the time of award. The Contractor shall report sales separately for each National Stock Number (NSN), Special Item Number (SIN), or subitem.

(5) The Contractor shall convert the total value of sales made in foreign currency to U.S. dollars using the "Treasury Reporting Rates of Exchange" issued by the U.S. Department of Treasury, Financial Management Service. The Contractor shall use the

issue of the Treasury report in effect on the last day of the calendar quarter. The report is available from Financial Management Service, International Funds Branch, Telephone: (202) 874-7994, Internet: <http://www.fms.treas.gov/intn.html>.

(b) The Contractor shall remit the IFF at the rate set by GSA's FSS.

(1) The Contractor shall remit the IFF to FSS in U.S. dollars within 30 calendar days after the end of the reporting quarter; final payment shall be remitted within 30 days after physical completion of the last outstanding task order or delivery order of the contract.

(2) The IFF represents a percentage of the total quarterly sales reported. This percentage is set at the discretion of GSA's FSS. GSA's FSS has the unilateral right to change the percentage at any time, but not more than once per year. FSS will provide reasonable notice prior to the effective date of the change. The IFF reimburses FSS for the costs of operating the Federal Supply Schedules Program and recoups its operating costs from ordering activities. Offerors must include the IFF in their prices. The fee is included in the award price(s) and reflected in the total amount charged to ordering activities. FSS will post notice of the current IFF at <http://72a.fss.gsa.gov/> or successor website as appropriate.

(c) Within 60 days of award, an FSS representative will provide the Contractor with specific written procedural instructions on remitting the IFF. FSS reserves the unilateral right to change such instructions from time to time, following notification to the Contractor.

(d) Failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or setting off payments and interest on the debt (see FAR clause 52.232-17, Interest). Should the Contractor fail to submit the required sales reports, falsify them, or fail to timely pay the IFF, this is sufficient cause for the Government to terminate the contract for cause.

(i) Revises the commercial catalog, pricelist, schedule or other document upon which contract award was predicated to reduce prices;

(ii) Grants more favorable discounts or terms and conditions than those contained in the commercial catalog, pricelist, schedule or other documents upon which contract award was predicated; or

(iii) Grants special discounts to the customer (or category of customers) that formed the basis of award, and the change disturbs the price/discount relationship of the Government to the customer (or category of customers) that was the basis of award.

(2) The Contractor shall offer the price reduction to the Government with the same effective date, and for the same time period, as extended to the commercial customer (or category of customers).

(d) There shall be no price reduction for sales—

(1) To commercial customers under firm, fixed-price definite quantity contracts with specified delivery in excess of the maximum order threshold specified in this contract;

(2) To Federal agencies;

(3) Made to State and local government entities when the order is placed under this contract (and the State and local government entity is the agreed upon customer or category of customer that is the basis of award); or

(4) Caused by an error in quotation or billing, provided adequate documentation is furnished by the Contractor to the Contracting Officer.

(e) The Contractor may offer the Contracting Officer a voluntary Government-wide price reduction at any time during the contract period.

(f) The Contractor shall notify the Contracting Officer of any price reduction subject to this clause as soon as possible, but

not later than 15 calendar days after its effective date.

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies “Compliance with laws unique to Government contracts” (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. (4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. 552.243-71 Equitable Adjustments.

As prescribed in 543.205, insert the following clause:

EQUITABLE ADJUSTMENTS (JAN 2009)

(a) This clause governs the determination of equitable adjustments to which the Contractor may be entitled under the "Changes" clause prescribed by FAR 52.243-4, the "Differing Site Conditions" clause prescribed by FAR 52.236-2, and any other provision of this contract allowing entitlement to an equitable adjustment. This clause does not govern determination of the Contractor's relief allowable under the "Suspension of Work" clause prescribed by FAR 52.242-14.

(b) At the written request of the Contracting Officer, the Contractor shall submit a proposal, in accordance with the requirements set forth herein, for an equitable adjustment to the contract for changes or other conditions that may entitle a Contractor to an equitable adjustment. If the Contractor deems an oral or written order to be a change to the contract, it shall promptly submit to the Contracting Officer a proposal for equitable adjustment attributable to such deemed change. The proposal shall also conform to the requirements set forth herein.

(c) The proposal shall be submitted within the time specified in the "Changes" clause, or such other time as may reasonably be required by the Contracting Officer. In the case of a proposal submitted based on the "Differing Site Conditions" clause, the notice requirement of that clause shall be met.

(d) Proposals for equitable adjustments, including no cost requests for adjustment of the contract's required completion date, shall include a detailed breakdown of the following elements, as applicable:

- (1) Direct costs.
- (2) Markups.

(3) Change to the time for completion specified in the contract.

(e) *Direct costs.* The Contractor shall separately identify each item of deleted and added work associated with the change or other condition giving rise to entitlement to an equitable adjustment, including increases or decreases to unchanged work impacted by the change. For each item of work so identified, the Contractor shall propose for itself and, if applicable, its first two tiers of subcontractors, the following direct costs:

- (1) Material cost broken down by trade, supplier, material description, quantity of material units, and unit cost (including all

manufacturing burden associated with material fabrication and cost of delivery to site, unless separately itemized);

(2) Labor cost broken down by trade, employer, occupation, quantity of labor hours, and burdened hourly labor rate, together with itemization of applied labor burdens (exclusive of employer's overhead, profit, and any labor cost burdens carried in employer's overhead rate);

(3) Cost of equipment required to perform the work, identified with material to be placed or operation to be performed;

(4) Cost of preparation and/or revision to shop drawings and other submittals with detail set forth in paragraphs (e)(1) and (e)(2) of this clause;

(5) Delivery costs, if not included in material unit costs;

(6) Time-related costs not separately identified as direct costs, and not included in the Contractor's or subcontractors' overhead rates, as specified in paragraph (g) of this clause; and

(7) Other direct costs.

(f) Marked-up costs of subcontractors below the second tier may be treated as other direct costs of a second tier subcontractor, unless the Contracting Officer requires a detailed breakdown under paragraph (i) of this clause.

(g) Extensions of Time and Time-Related Costs. The Contractor shall propose a daily rate for each firm's time-related costs during the affected period, and, for each firm, the increase or decrease in the number of work days of performance attributable to the change or other condition giving rise to entitlement to an equitable adjustment, with supporting analysis. Entitlement to time and time-related costs shall be determined as follows:

(1) Increases or decreases to a firm's time-related costs shall be allowed only if such increase or decrease necessarily and exclusively results from the change or other condition giving rise to entitlement to an equitable adjustment.

(2) The Contractor shall not be entitled to an extension of time or recovery of its own time-related costs except to the extent that such change or other condition necessarily and exclusively causes its duration of performance to extend beyond the completion date specified in the contract.

(3) Costs may be characterized as time-related costs only if they are incurred solely to support performance of this contract and the increase or decrease in such costs is solely dependent upon the duration of a firm's performance of work.

(4) Costs may not be characterized as time-related costs if they are included in the calculation of a firm's overhead rate.

(5) Equitable adjustment of time and time-related costs shall not be allowed unless the analysis supporting the proposal complies

with provisions specified elsewhere in this contract regarding the Contractor's project schedule.

(h) *Markups*. For each firm whose direct costs are separately identified in the proposal, the Contractor shall propose an overhead rate, profit rate, and where applicable, a bond rate and insurance rate. Markups shall be determined and applied as follows:

(1) Overhead rates shall be negotiated, and may be subject to audit and adjustment.

(2) Profit rates shall be negotiated, but shall not exceed ten percent, unless entitlement to a higher rate of profit may be demonstrated.

(3) The Contractor and its subcontractor[s] shall not be allowed overhead or profit on the overhead or profit received by a subcontractor, except to the extent that the subcontractor's costs are properly included in other direct costs as specified in paragraph (f) of this clause.

(4) Overhead rates shall be applied to the direct costs of work performed by a firm, and shall not be allowed on the direct costs of work performed by a subcontractor to that firm at any tier except as set forth below in paragraphs (h)(6) and (h)(7) of this clause.

(5) Profit rates shall be applied to the sum of a firm's direct costs and the overhead allowed on the direct costs of work performed by that firm.

(6) Overhead and profit shall be allowed on the direct costs of work performed by a subcontractor within two tiers of a firm at rates equal to only fifty percent of the overhead and profit rates negotiated pursuant to paragraphs (h)(1) and (h)(2) of this clause for that firm, but not in excess of ten percent when combined.

(7) Overhead and profit shall not be allowed on the direct costs of a subcontractor more than two tiers below the firm claiming overhead and profit for subcontractor direct costs.

(8) If changes to a Contractor's or subcontractor's bond or insurance premiums are computed as a percentage of the gross change in contract value, markups for bond and insurance shall be applied after all overhead and profit is applied. Bond and insurance rates shall not be applied if the associated costs are included in the calculation of a firm's overhead rate.

(9) No markup shall be applied to a firm's costs other than those specified herein.

(i) At the request of the Contracting Officer, the Contractor shall provide such other information as may be reasonably necessary to allow evaluation of the proposal. If the proposal includes significant costs incurred by a subcontractor below the second tier, the Contracting Officer may require the same detail for those costs as required for the first two tiers of subcontractors, and markups shall be applied to these subcontractor costs in accordance with paragraph (h).

(j) *Proposal Preparation Costs.* If performed by the firm claiming them, proposal preparations costs shall be included in the labor hours proposed as direct costs. If performed by an outside consultant or law firm, proposal preparation costs shall be treated as other direct costs to the firm incurring them. Requests for proposal preparation costs shall include the following:

(1) A copy of the contract or other documentation identifying the consultant or firm, the scope of the services performed, the manner in which the consultant or firm was to be compensated, and if compensation was paid on an hourly basis, the fully burdened and marked-up hourly rates for the services provided.

(2) If compensation was paid on an hourly basis, documentation of the quantity of hours worked, including descriptions of the activities for which the hours were billed, and applicable rates.

(3) Written proof of payment of the costs requested. The sufficiency of the proof shall be determined by the Contracting Officer.

(k) Proposal preparation costs shall be allowed only if—

(1) The nature and complexity of the change or other condition giving rise to entitlement to an equitable adjustment warrants estimating, scheduling, or other effort not reasonably foreseeable at the time of contract award;

(2) Proposed costs are not included in a firm's time-related costs or overhead rate; and

(3) Proposed costs were incurred prior to a Contracting Officer's unilateral determination of an equitable adjustment under the conditions set forth in paragraph (o), or were incurred prior to the time the request for equitable adjustment otherwise became a matter in dispute.

(1) Proposed direct costs, markups, and proposal preparation costs shall be allowable in the determination of an equitable adjustment only if they are reasonable and otherwise consistent with the contract cost principles and procedures set forth in part 31 of the Federal Acquisition Regulation (48 CFR part 31) in effect on the date of this contract. Characterization of costs as direct costs, time-related costs, or overhead costs must be consistent with the requesting firm's accounting practices on other work under this contract and other contracts.

(m) If the Contracting Officer determines that it is in the Government's interest that the Contractor proceed with a change before negotiation of an equitable adjustment is completed, the Contracting Officer may order the Contractor to proceed on the basis of a unilateral modification to the contract increasing or decreasing the contract price by an amount to be determined later. Such increase or decrease shall not exceed the in-

crease or decrease proposed by the Contractor.

(n) If the parties cannot agree to an equitable adjustment, the Contracting Officer may determine the equitable adjustment unilaterally.

(o) The Contractor shall not be entitled to any proposal preparation costs incurred subsequent to the date of a unilateral determination or denial of the request if the Contracting Officer issues a unilateral determination or denial under any of the following circumstances:

(1) The Contractor fails to submit a proposal within the time required by this contract or such time as may reasonably be required by the Contracting Officer.

(2) The Contractor fails to submit additional information requested by the Contracting Officer within the time reasonably required.

(3) Agreement to an equitable adjustment cannot be reached within 60 days of submission of the Contractor's proposal or receipt of additional requested information, despite the Contracting Officer's diligent efforts to negotiate the equitable adjustment.

552.246-70 Source Inspection by Quality Approved Manufacturer.

As prescribed in 546.302-70, insert the following clause:

SOURCE INSPECTION BY QUALITY APPROVED MANUFACTURER (JUL 09)

(a) *Inspection system and inspection of facilities.* (1) The inspection system maintained by the Contractor under the Inspection of Supplies—Fixed Price clause (FAR 52.246-2) of this contract shall be maintained throughout the contract period. Unless otherwise authorized in writing by the Contracting Officer, the Contractor shall comply with all requirements of editions in effect on the date of the solicitation of either Federal Standard 368 or the International Organization for Standardization (ISO) Standard 9001:2000 (Quality Management Systems—Requirements). A documented description of the inspection system shall be made available to the Government before contract award. At the sole discretion of the Contracting Officer, he/she may authorize in writing exceptions to the quality assurance standards identified above. The Contractor shall immediately notify the Administrative Contracting Officer (ACO) of any changes made in the inspection system during the contract period. As used herein, the term "inspection system" means the Contractor's own facility

or any other facility acceptable to the Government that will be used to perform inspections or tests of materials and components before incorporation into end articles and for inspection of such end articles before shipment. When the manufacturing plant is located outside of the United States, the Contractor shall arrange delivery of the items from a plant or warehouse located in the United States (including Puerto Rico and the U.S. Virgin Islands) equipped to perform all inspections and tests required by the contract or specifications to evidence conformance therewith, or shall arrange with a testing laboratory or other facility in the United States, acceptable to the Government, to perform the required inspections and tests.

(2) In addition to the requirements in Federal Standard 368, ISO 9001:2000 or as otherwise approved by the Government, records shall include the date inspection and testing were performed. These records shall be available for (i) 3 years after final payment; or (ii) 4 years from the end of the Contractor's fiscal year in which the record was created, whichever period expires first.

(3) Offerors are required to specify, in the space provided elsewhere in this solicitation, the name and address of each manufacturing plant or other facility where supplies will be available for inspection, indicating the item number(s) to which each applies.

(4) The Contractor shall provide the Administrative Contracting Officer ACO with the name(s) of the individual and an alternate responsible for the inspection system.

In the event that the designated individual(s) becomes unavailable to oversee the inspection system, the Contractor, within 10 calendar days of such event, shall provide the ACO with the names of the replacement individual(s).

(b) *Inspection by the Contractor.* The Contractor is required to demonstrate that the supplies in the shipment have been subject to and have passed all inspections and tests required by the contract and meet the requirements of the contract.

(c) *Inspection by Government personnel.* (1) Although the Government will normally rely upon the Contractor's representation as to the quality of supplies shipped, it reserves the right under the Inspection of Supplies—Fixed Price clause to inspect and test all supplies called for by this contract, before acceptance, at all times and places, including the point of manufacture. When the Government notifies the Contractor of its intent to inspect supplies before shipment, the Contractor shall notify or arrange for subcontractors to notify the designated GSA quality assurance office 7 workdays before the date when supplies will be ready for inspection. Shipment shall not be made until inspection by the Government is completed and shipment is authorized by the Government.

(2) The offeror shall indicate, in the spaces provided below, the location(s) at which the supplies will be inspected or made available for inspection.

INSPECTION POINT

ITEM NO(S).	NAME OF MANUFACTURER	NAME, ADDRESS (including County), and	TELEPHONE NUMBER
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

NOTE: If additional space is needed, the offeror may furnish the requested information by an attachment to the offer.

(3) During the contract period, a Government representative may periodically select samples of supplies produced under this contract for Government verification, inspection, and testing. Samples selected for testing will be disposed of as follows: Samples from an accepted lot, not damaged in the testing process, will be returned promptly to the Contractor after completion of tests. Samples damaged in the testing process will be disposed of as requested by the Contractor. Samples from a rejected lot will be returned to the Contractor or disposed of in a time and manner agreeable to both the Contractor and the Government.

(d) *Quality deficiencies.* (1) Notwithstanding any other clause of this contract concerning

the conclusiveness of acceptance by the Government, any supplies or production lots shipped under this contract found to be defective in material or workmanship, or otherwise not in conformity with the requirements of this contract within a period of _____* months after acceptance shall, at the Government's option, be replaced, repaired, or otherwise corrected by the Contractor at no cost to the Government within 30 calendar days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice to replace or correct. The Contractor shall remove, at its own expense, supplies rejected or required to be replaced, repaired, or corrected. When the nature of the defect affects an entire batch or lot of supplies, and the Contracting Officer determines that correction can best be accomplished by retaining the nonconforming supplies, and reducing

the contract price by an equitable amount under the circumstances, then the equitable price adjustment shall apply to the entire batch or lot of supplies from which the non-conforming item was taken.

(2) The Contractor may be issued a Quality Deficiency Notice (QDN) if:

(i) Supplies in process, shipped, or awaiting shipment to fill Government orders are found not to comply with contract requirements, or (ii) deficiencies in either plant quality or process controls are found. Upon receipt of a QDN, the Contractor shall take immediate corrective action and shall suspend shipment of the supplies covered by the QDN until such time as corrective action has been completed. The Contractor shall notify the Government representative, within 5 workdays, of the action plan or the corrective action taken. The Government may elect to verify the corrective action at the Contractor location(s). Shipments of nonconforming supplies will be returned at the Contractor's expense and may constitute cause for termination of the contract. Delays due to the insurance of a QDN do not constitute excusable delay under the default clause of this contract. Failure to complete corrective action in a timely manner may result in termination of the contract.

(3) This contract may be terminated for default if subsequent Government inspection discloses that plant quality or process controls are not being maintained, supplies that do not meet the requirements of the contract are being shipped, or if the contractor fails to comply with any other requirement of this clause.

(e) *Additional cost for inspection and testing.* The Contractor shall be charged for any additional cost of inspection/testing or re-inspecting/retesting supplies for the reasons stated in paragraph (e) of FAR 52.246-2, Inspection of Supplies—Fixed Price. When inspection or testing is performed by or under the direction of GSA, charges will be at the rate of \$ _____** per man-hour or fraction thereof if the inspection is at a GSA distribution center; \$ _____** per man-hour or fraction thereof, plus travel costs incurred, if the inspection is at any other location; and \$ _____** per man-hour or fraction thereof for laboratory testing, except that when a testing facility other than a GSA laboratory performs all or part of the required tests, the Contractor shall be assessed the actual cost incurred by the Government as a result of testing at such facility. When inspection is performed by or under the direction of any agency other than GSA, the charges indicated above may be used, or the agency may assess the actual cost of performing the inspection and testing.

(f) *Responsibility for rejected supplies.* When the Contractor fails to remove or provide instructions for the removal of rejected sup-

plies under paragraph (d) of this clause, pursuant to the Contracting Officer's instructions, the Contractor shall be liable for all costs incurred by the Government in taking such measures as are expedient to avoid unnecessary loss to the Contractor. In addition to the remedies provided in FAR 52.246-2, supplies may be—

(1) Stored and charged against the Contractor's account;

(2) Reshipped to the Contractor at its expense (any additional expense incurred by the Government or the freight carrier caused by the refusal of the Contractor to accept their return shall also be charged against the Contractor's account);

(3) Sold to the highest bidder on the open market and the proceeds applied against the accumulated storage and other costs, including the cost of the sale; or

(4) Otherwise disposed of by the Government.

(g) *Subcontracting requirements.* The Contractor shall insert in any subcontracts the inspection or testing provisions set forth in paragraphs (a) through (d) of this clause and the Inspection of Supplies—Fixed Price clause of this contract. The Contractor shall be responsible for compliance by any subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause and the Inspection of Supplies—Fixed Price clause.

(End of clause)

*Normally insert 12 months as the period during which defective or otherwise nonconforming supplies must be replaced. However, when the supplies being bought have a shelf life of less than 1 year, you should use the shelf-life period, or in the instance where you reasonably expect a longer period to be available, you should use the longer period.

**The rates to be inserted are established by the Commissioner of the Federal Acquisition Service or a designee.

552.246-71 Source Inspection by Government.

As prescribed in 546.302-71, insert the following clause:

SOURCE INSPECTION BY GOVERNMENT (JUNE 1, 2009)

(a) *Inspection by Government personnel.* (1) Supplies to be furnished under this contract will be inspected at source by the Government before shipment from the manufacturing plant or other facility designated by the Contractor, unless the Contractor is otherwise notified in writing by the Contracting Officer or a designated representative. Notwithstanding the foregoing, the Government may perform any or all tests contained in the contract specifications at a Government

facility without prior written notice by the Contracting Officer before release of the supplies for shipment. Samples sent to a Government resting facility will be disposed of as follows: Samples from an accepted lot, not damaged in the testing process, will be returned promptly to the Contractor after completion of tests. Samples damaged in the testing process will be disposed of as requested by the Contractor. Samples from a rejected lot will be returned to the Contractor or disposed of in a time and manner agreeable to both the Contractor and the Government.

(2) Government inspection responsibility will be assigned to the GSA quality assurance office which has jurisdiction over the State in which the Contractor's subcontractor's plant or other designated point for inspection is located. The Contractor shall notify or arrange for subcontractors to notify the designated GSA quality assurance office 7 workdays before the date when supplies will be ready for inspection. Shipment shall not be made until after inspection by the Government is completed and shipment is authorized by Government.

(b) *Inspection and receiving reports.* For each shipment, the Contractor shall be responsible for preparation and distribution of inspection documents as follows: (1) DD Form 250, Material Inspection and Receiving Report, or computer formatted equivalent for deliveries to military agencies; or (2) GSA Form 308, Notice of Inspection for deliveries to GSA or other civilian agencies. When required, the Contractor will be furnished a supply of GSA Form 308 and/or DD Form 250, and complete instructions for their preparation and distribution.

(c) *Inspection facilities.* (1) The inspection system required to be maintained by the Contractor in accordance with FAR 52.246-2, Inspection of Supplies—Fixed Price, may be the Contractor's own facilities or any other facilities acceptable to the Government. The facilities shall be utilized to perform all inspections and tests of materials and components before incorporation into end articles, and for the inspection of such end articles before shipment. The Government reserves the right to evaluate the acceptability and effectiveness of the Contractor's inspection system before award and periodically during the contract period.

(2) Offerors are required to specify, in the spaces provided elsewhere in the solicitation, the name and address of each manufacturing plant or other facility where supplies will be available for inspection, indicating the item number(s) to which each applies.

(3) The Contractor shall deliver the items specified in this contract from a plant or warehouse located within the United States (including Puerto Rico and the U.S. Virgin Islands) that is equipped to perform all inspections and tests required by this contract

or specifications to evidence conformance therewith, or shall arrange with a testing laboratory or other facility in the United States, acceptable to the Government, to perform the required inspections and tests.

(d) *Availability of records.* (1) In addition to any other requirement of this contract, the Contractor shall maintain records showing the following information for each order received under the contract: (i) order number; (ii) date order received by the Contractor; (iii) quantity ordered; (iv) date scheduled into production; (v) batch or lot number, if applicable; (vi) date inspected and/or tested; (vii) date available for shipment; (viii) date shipped or date service completed; and (ix) National Stock Number (NSN), or if none is provided in the contract, the applicable item number or other contractual identification.

(2) These records should be maintained at the point of source inspection and shall be available to the Contracting Officer, or an authorized representative, for (i) 3 years after final payment; or (ii) 4 years from the end of the Contractor's fiscal year in which the record was created, whichever period expires first.

(e) *Additional cost for inspection and testing.* The Contractor will be charged for any additional cost for inspecting/testing or reinspection/retesting supplies for the reasons stated in paragraph (e) of FAR 52.246-2, Inspection of Supplies—Fixed Price. When inspection or testing is performed by or under the direction of GSA, charges will be at the rate of \$ _____ * _____ per man-hour or fraction thereof if the inspection is at a GSA distribution center; \$ _____ * _____ per man-hour or fraction thereof, plus travel costs incurred, if the inspection is at any other location; and \$ _____ * _____ per man-hour or fraction thereof for laboratory testing, except that when a testing facility other than a GSA laboratory performs all or part of the required tests, the Contractor shall be assessed the actual cost incurred by the Government as a result of testing at such facility. When inspection is performed by or under the direction of any agency other than GSA, the charges indicated above may be used, or the agency may assess the actual cost of performing the inspection and testing.

(f) *Responsibility for rejected supplies.* When the Contractor fails to remove or provide instructions for the removal of rejected supplies under FAR 52.246-2(h) pursuant to the Contracting Officer's instructions, the Contractor shall be liable for all costs incurred by the Government in taking such measures as are expedient to avoid unnecessary loss to the Contractor. In addition to the remedies provided in FAR 52.246-2, supplies may be—

(1) Stored for the Contractor's account;

(2) Reshipped to the Contractor at its expense (any additional expense incurred by the Government or the freight carrier caused

552.246-72

by the refusal of the Contractor to accept their return also shall be for the Contractor's account); or

(3) Sold to the highest bidder on the open market and the proceeds applied against the accumulated storage and other costs, including the cost of the sale.

(End of clause)

552.270-1 Instructions to Offerors—Acquisition of Leasehold Interests in Real Property.

As prescribed in 570.702, insert the following provision:

INSTRUCTIONS TO OFFERORS—ACQUISITION OF LEASEHOLD INTERESTS IN REAL PROPERTY (JUN 2011)

(a) *Definitions.* As used in this provision—

“Discussions” are negotiations that occur after establishment of the competitive range that may, at the contracting Officer’s discretion, result in the offeror being allowed to revise its proposal.

“*In writing, writing or written*” means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

“Proposal modification” is a change made to a proposal before the solicitation’s closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

“Proposal revision” is a change to a proposal made after the solicitation closing date, at the request of as allowed by a Contracting Officer as the result of negotiations.

“Time,” if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) *Amendments to solicitations.* If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) *Submission, modification, revision, and withdrawal of proposals.* (1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, proposals and modifications to proposals shall be submitted in paper media in sealed envelopes or packages. Offers must be:

(i) Submitted on the forms prescribed and furnished by the Government as a part of this solicitation or on copies of those forms, and

(ii) Signed. The person signing an offer must initial each erasure or change appearing on any offer form. If the offeror is a partnership, the names of the partners composing the firm must be included with the offer.

(2) Late proposals and revisions. (i) The Government will not consider any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers unless it is received before the Government makes award and it meets at least one of the following conditions:

(A) It was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th).

(B) It was sent by mail (or telegram or facsimile, if authorized) or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after receipt at the Government installation.

(C) It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term “working days” excludes weekends and U.S. Federal holidays.

(D) It was transmitted through an electronic commerce method authorized by the solicitation and was received at the initial point of entry of the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals.

(E) There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers, and that the Contracting Officer determines that accepting the late offer would not unduly delay the procurement.

(F) It is the only proposal received.

(ii) Any modification or revision of a proposal or response to request for information, including any final proposal revision, is subject to the same conditions as in subparagraphs (c)(2)(i)(A) through (c)(2)(i)(E) of this provision.

(iii) The only acceptable evidence to establish the date of mailing of a late proposal or modification or revision sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the proposal, response to a request for information, or modification or revision shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors or respondents should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(iv) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(v) The only acceptable evidence to establish the date of mailing of a late offer, modification or revision, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c)(2)(iii) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors or respondents should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(vi) Notwithstanding paragraph (c)(2)(i) of this provision, a late modification or revision of an otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(vii) An offeror may withdraw its proposal by written notice or telegram (including mailgram) received at any time before award. If the solicitation authorizes facsimile proposals, an offeror may withdraw its proposal via facsimile received at any time before award, subject to the conditions specified in the provision entitled "Facsimile Proposals." Proposals may be withdrawn in person by an offeror or an authorized representative, if the representative's identity is made known and the representative signs a receipt for the proposal before award.

(viii) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office.

(3) Any information given to a prospective offeror concerning this solicitation will be furnished promptly to all other prospective offerors, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offeror.

(4) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(5) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(6) The Government will construe an offer to be in full and complete with this solicitation unless the offer describes any deviation in the offer.

(7) Offerors may submit proposals that depart from stated requirements. Such a proposal shall clearly identify why the acceptance of the proposal would be advantageous to the Government. The proposal must clearly identify and explicitly define any deviations from the terms and conditions of the solicitation, as well as the comparative advantage to the Government. The Government reserves the right to amend the solicitation to allow all offerors an opportunity to submit revised proposals based on the revised requirements.

(d) *Restriction on disclosure and use of data.* An offeror that includes in its proposal data that it does not want disclosed to the public for any purpose, or use by the Government except for evaluation purposes, must meet both of the following conditions:

(1) Mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this proposal. If, however, a lease is awarded to this offeror as a result of—or in connection with—the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's

General Services Administration

552.270-2

right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [insert numbers or other identification of sheets].

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(e) *Lease award.* (1) The Government intends to award a lease resulting from this solicitation to the responsible offeror whose proposal represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a lease after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

(5) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(6) The Government may determine that a proposal is unacceptable if the price proposed are materially unbalanced between line terms or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(7) The execution and delivery of the Lease contract by the Government establishes a valid award and contract.

(8) The Government may disclose the following information in postaward debriefings to other offerors:

(i) The overall evaluated cost or price and technical rating of the successful offeror;

(ii) The overall making of all offerors, when any making was developed by the agency during source selection; and

(iii) A summary of the rationale for award.

(f) *Paperwork collection.* The information collection requirements contained in this solicitation/contract are either required by regulation or approved by the Office of Management and Budget pursuant to the Paperwork Reduction Act and assigned OMB Control No. 3090-0163.

(End of provision)

Alternate I (MAR 1998). As prescribed in 570.702, substitute the following paragraph for paragraph (c)(2)(i) of the basic provision:

(i) Any offer received at the office designated in the solicitation after the exact time specified for receipt of final proposal revisions will not be considered unless it is received before award is made and it meets one of the following conditions—

Alternate II (MAR 1998). As prescribed in 570.702, substitute the following paragraph for paragraph (e)(4) of the basic provision:

(4) The Government intends to evaluate proposals and award a lease without discussions with offerors (except clarifications as described in FAR 15.306(a)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

552.270-2 Historic Preference.

As prescribed in 570.702, insert the following provision:

HISTORIC PREFERENCE (SEP 2004)

(a) The Government will give preference to offers of space in historic properties following this hierarchy of consideration:

(1) Historic properties within historic districts.

(2) Non-historic developed and non-historic undeveloped sites within historic districts.

(3) Historic properties outside of historic districts.

(b) *Definitions.* (1) *Determination of eligibility* means a decision by the Department of the Interior that a district, site, building, structure or object meets the National Register criteria for evaluation although the property is not formally listed in the National Register (36 CFR 60.3(c)).

(2) *Historic district* means a geographically definable area, urban or rural, possessing a significant concentration, linkage, or continuity of sites, buildings, structures, or objects united by past events or aesthetically by plan or physical development. A district may also comprise individual elements separated geographically but linked by association or history (36 CFR 60.3(d)). The historic district must be included in or be determined eligible for inclusion in the National Register of Historic Places.

(3) *Historic property* means any pre-historic or historic district, site, building, structure, or object included in or been determined eligible for inclusion in the National Register of Historic Places maintained by the Secretary of the Interior (36 CFR 800.16(1)).

(4) *National Register of Historic Places* means the National Register of districts, sites, buildings, structures and objects significant in American history, architecture, archeology, engineering and culture that the Secretary of the Interior is authorized to expand and maintain under the National Historic Preservation Act (36 CFR 60.1).

(c) The offer of space must meet the terms and conditions of this solicitation. The Contracting Officer has discretion to accept alternatives to certain architectural characteristics and safety features defined elsewhere in this solicitation to maintain the historical integrity of an historic building, such as high ceilings and wooden floors, or to maintain the integrity of an historic district, such as setbacks, floor-to-ceiling heights, and location and appearance of parking.

(d) When award will be based on the lowest price technically acceptable source selection process, the Government will give a price evaluation preference, based on the total annual square foot (ANSI/BOMA Office Area) cost to the Government, to historic properties as follows:

(1) First to suitable historic properties within historic districts, a 10 percent price preference.

(2) If no suitable historic property within an historic district is offered, or the 10 percent preference does not result in such property being the lowest price technically acceptable offer, the Government will give a 2.5 percent price preference to suitable non-historic developed or undeveloped sites within historic districts.

(3) If no suitable non-historic developed or undeveloped site within an historic district is offered, or the 2.5 percent preference does not result in such property being the lowest

price technically acceptable offer, the Government will give a 10 percent price preference to suitable historic properties outside of historic districts.

(4) Finally, if no suitable historic property outside of historic districts is offered, no historic price preference will be given to any property offered.

(e) When award will be based on the best value tradeoff source selection process, which permits tradeoffs among price and non-price factors, the Government will give a price evaluation preference, based on the total annual square foot (ANSI/BOMA Office Area) cost to the Government, to historic properties as follows:

(1) First to suitable historic properties within historic districts, a 10 percent price preference.

(2) If no suitable historic property within a historic district is offered or remains in the competition, the Government will give a 2.5 percent price preference to suitable non-historic developed or undeveloped sites within historic districts.

(3) If no suitable non-historic developed or undeveloped site within an historic district is offered or remains in the competition, the Government will give a 10 percent price preference to suitable historic properties outside of historic districts.

(4) Finally, if no suitable historic property outside of historic districts is offered, no historic price preference will be given to any property offered.

(f) The Government will compute price evaluation preferences by reducing the price(s) of the offerors qualifying for a price evaluation preference by the applicable percentage provided in this provision. The price evaluation preference will be used for price evaluation purposes only. The Government will award a contract in the amount of the actual price(s) proposed by the successful offeror and accepted by the Government.

(g) To qualify for a price evaluation preference, offerors must provide satisfactory documentation in their offer that their property qualifies as one of the following:

(1) An historic property within an historic district.

(2) A non-historic developed or undeveloped site within an historic district.

(3) An historic property outside of an historic district.

(2) A mutual on-site measurement of the space if the Contracting Officer determines it necessary.

As prescribed in 570.703, insert the following clause:

EFFECT OF ACCEPTANCE AND OCCUPANCY (SEP 1999)

552.270-23 Subordination, Nondisturbance and Attornment.

As prescribed in 570.703, insert the following clause:

SUBORDINATION, NONDISTURBANCE AND ATTORNMENT (SEP 1999)

(a) Lessor warrants that it holds such title to or other interest in the premises and other property as is necessary to the Government's access to the premises and full use and enjoyment thereof in accordance with the provisions of this lease. Government agrees, in consideration of the warranties and conditions set forth in this clause, that this lease is subject and subordinate to any and all recorded mortgages, deeds of trust and other liens now or hereafter existing or imposed upon the premises, and to any renewal, modification or extension thereof. It is the intention of the parties that this provision shall be self-operative and that no further instrument shall be required to effect the present or subsequent subordination of this lease. Government agrees, however, within twenty (20) business days next following the Contracting Officer's receipt of a written demand, to execute such instruments as Lessor may reasonably request to evidence further the subordination of this lease to any existing or future mortgage, deed of trust or other security interest pertaining to the premises, and to any water, sewer or access easement necessary or desirable to serve the premises or adjoining property owned in whole or in part by Lessor if such easement does not interfere with the full enjoyment of any right granted the Government under this lease.

(b) No such subordination, to either existing or future mortgages, deeds of trust or other lien or security instrument shall operate to affect adversely any right of the Government under this lease so long as the Government is not in default under this lease. Lessor will include in any future mortgage, deed of trust or other security instrument to which this lease becomes subordinate, or in a separate nondisturbance agreement, a provision to the foregoing effect. Lessor warrants that the holders of all notes or other obligations secured by existing mortgages, deeds of trust or other security instruments have consented to the provisions of this clause, and agrees to provide true copies of all such consents to the Contracting Officer promptly upon demand.

(c) In the event of any sale of the premises or any portion thereof by foreclosure of the lien of any such mortgage, deed of trust or other security instrument, or the giving of a deed in lieu of foreclosure, the Government will be deemed to have attorned to any purchaser, purchasers, transferee or transferees of the premises or any portion thereof and its or their successors and assigns, and any such purchasers and transferees will be deemed to have assumed all obligations of the Lessor under this lease, so as to establish direct privity of estate and contract between Government and such purchasers or transferees, with the same force, effect and relative priority in time and right as if the lease had initially been entered into between such purchasers or transferees and the Government; provided, further, that the Contracting Officer and such purchasers or transferees shall, with reasonable promptness following any such sale or deed delivery in lieu of foreclosure, execute all such revisions to this lease, or other writings, as shall be necessary to document the foregoing relationship.

(d) None of the foregoing provisions may be deemed or construed to imply a waiver of the Government's rights as a sovereign.

(b) Letters issued pursuant to this clause are subject to the following conditions:

(3) That the Contracting Officer does not warrant or represent that the premises or building comply with applicable Federal, State and local law; and

552.270-25

(4) That the Lessor, and each prospective lender and purchaser are deemed to have constructive notice of such facts as would be ascertainable by reasonable prepurchase and precommitment inspection of the Premises and Building and by inquiry to appropriate Federal, State and local Government officials.

As prescribed in 570.703, insert the following clause:

MUTUALITY OF OBLIGATION (SEP 1999)

The obligations and covenants of the Lessor, and the Government's obligation to pay rent and other Government obligations and covenants, arising under or related to this Lease, are interdependent. The Government may, upon issuance of and delivery to Lessor of a final decision asserting a claim against Lessor, set off such claim, in whole or in part, as against any payment or payments then or thereafter due the Lessor under this lease. No setoff pursuant to this clause shall constitute a breach by the Government of this lease.

As prescribed in 570.703, insert the following clause:

PRICE ADJUSTMENT FOR ILLEGAL OR IMPROPER ACTIVITY (JUN 2011)

(a) If the head of the contracting activity (HCA) or his or her designee determines that there was a violation of subsection 27(a) of

the Office of Federal Procurement Policy Act, as amended (41 U.S.C. 423), as implemented in the Federal Acquisition Regulation, the Government, at its election, may—

(1) Reduce the monthly rental under this lease by five percent of the amount of the rental for each month of the remaining term of the lease, including any option periods, and recover five percent of the rental already paid;

(2) Reduce payments for alterations not included in monthly rental payments by five percent of the amount of the alterations agreement; or

(3) Reduce the payments for violations by a Lessor's subcontractor by an amount not to exceed the amount of profit or fee reflected in the subcontract at the time the subcontract was placed.

(b) Prior to making a determination as set forth above, the HCA or designee shall provide to the Lessor a written notice of the action being considered and the basis thereof. The Lessor shall have a period determined by the agency head or designee, but not less than 30 calendar days after receipt of such notice, to submit in person, in writing, or through a representative, information and argument in opposition to the proposed reduction. The agency head or designee may, upon good cause shown, determine to deduct less than the above amounts from payments.

552.270-31 Prompt Payment.

As prescribed in 570.703, insert the following clause:

PROMPT PAYMENT (JUN 2011)

The Government will make payments under the terms and conditions specified in this clause. Payment shall be considered as being made on the day a check is dated or an electronic funds transfer is made. All days referred to in this clause are calendar days, unless otherwise specified.

(a) *Payment due date*—(1) *Rental payments.* Rent shall be paid monthly in arrears and will be due on the first workday of each month, and only as provided for by the lease.

(i) When the date for commencement of rent falls on the 15th day of the month or earlier, the initial monthly rental payment under this contract shall become due on the first workday of the month following the month in which the commencement of the rent is effective.

(ii) When the date for commencement of rent falls after the 15th day of the month,

the initial monthly rental payment under this contract shall become due on the first workday of the second month following the month in which the commencement of the rent is effective.

(2) *Other payments.* The due date for making payments other than rent shall be the later of the following two events:

(i) The 30th day after the designated billing office has received a proper invoice from the Contractor.

(ii) The 30th day after Government acceptance of the work or service. However, if the designated billing office fails to annotate the invoice with the actual date of receipt, the invoice payment due date shall be deemed to be the 30th day after the Contractor's invoice is dated, provided a proper invoice is received and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(b) *Invoice and inspection requirements for payments other than rent.* (1) The Contractor shall prepare and submit an invoice to the designated billing office after completion of the work. A proper invoice shall include the following items:

(i) Name and address of the Contractor.

(ii) Invoice date.

(iii) Lease number.

(iv) Government's order number or other authorization.

(v) Description, price, and quantity of work or services delivered.

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the remittance address in the lease or the order).

(vii) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.

(2) The Government will inspect and determine the acceptability of the work performed or services delivered within seven days after the receipt of a proper invoice or notification of completion of the work or services unless a different period is specified at the time the order is placed. If actual acceptance occurs later, for the purpose of determining the payment due date and calculation of interest, acceptance will be deemed to occur on the last day of the seven day inspection period. If the work or service is rejected for failure to conform to the technical requirements of the contract, the seven days will be counted beginning with receipt of a new invoice or notification. In either case, the Contractor is not entitled to any payment or interest unless actual acceptance by the Government occurs.

(c) *Interest Penalty.* (1) An interest penalty shall be paid automatically by the Government, without request from the Contractor, if payment is not made by the due date.

(2) The interest penalty shall be at the rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes

552.270-32

Act of 1978 (41 U.S.C. 611) that is in effect on the day after the due date. This rate is referred to as the "Renegotiation Board Interest Rate," and it is published in the FEDERAL REGISTER semiannually on or about January 1 and July 1. The interest penalty shall accrue daily on the payment amount approved by the Government and be compounded in 30-day increments inclusive from the first day after the due date through the payment date.

(3) Interest penalties will not continue to accrue after the filing of a claim for such penalties under the clause at 52.233-1, Disputes, or for more than one year. Interest penalties of less than \$1.00 need not be paid.

(4) Interest penalties are not required on payment delays due to disagreement between the Government and Contractor over the payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance with the terms of the contract. Claims involving disputes, and any interest that may be payable, will be resolved in accordance with the clause at 52.233-1, Disputes.

(d) *Overpayments.* If the Lessor becomes aware of a duplicate payment or that the Government has otherwise overpaid on a payment, the Contractor shall—

(1) Return the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

- (i) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);
- (ii) Affected lease number;
- (iii) Affected lease line item or subline item, if applicable; and
- (iv) Lessor point of contact.

(2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

Alternate I (Sep 1999). If Alternate I is used, subparagraph (a)(1) of the basic clause should be designated as paragraph (a) and subparagraph (a)(2) and paragraph (b) should be deleted. Paragraph (c) of the basic clause should be redesignated as (b).

For breach or violation of this warranty, the Government shall have the right to annul this contract without liability or, in its discretion, to deduct from the contract price or consideration, or otherwise recover the full amount of the contingent fee.

(b) *Bona fide agency*, as used in this clause, means an established commercial or selling agency (including licensed real estate agents or brokers), maintained by a Contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

Bona fide employee, as used in this clause, means a person, employed by a Contractor and subject to the Contractor's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

Contingent fee, as used in this clause, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

Improper influence, as used in this clause, means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.
