Health and Human Services

findings (D & F) based on the data provided by program personnel. The appropriate CA (non-delegable) shall sign the D & F.

Subpart 306.3—Other Than Full and Open Competition

306.302 Circumstances permitting other than full and open competition.

306.302-1 Only one responsible source and no other supplies or services will satisfy agency requirements.

(a)(2)(iv) Follow-on contracts for the continuation of R & D studies on long-term social and health programs, research studies, or clinical trials may be deemed to be available only from the original source when it is likely that award to any other source would result in unacceptable delays in fulfilling HHS' or the OPDIV's requirements.

(b) Application.

(5) when the head of the sponsoring program office has determined that the activity must acquire only specified makes or models of technical equipment or parts to meet the activity's program responsibility to test and evaluate certain kinds and types of products, and only one source is available. (NOTE: This criterion is limited to testing and evaluation purposes only and not for initial outfitting or repetitive acquisitions. Project Officers shall support the use of this criterion with citations from their agency's legislation and the technical rationale for the item of equipment required.)

306.302-7 Public interest.

(a) Authority.

(2) Agency head, in this instance, means the Secretary.

(c) Limitations. The Contracting Officer shall prepare a written request for approval and provide it through appropriate acquisition channels, including the HCA and Associate DAS for Acquisition, to the Secretary. The request shall include a D & F for the Secretary's signature that contains all pertinent information to support the justification for exercising the exemption to competition and a letter for the Secretary's signature notifying Congress of the determination to award a

contract under the authority of 41 U.S.C. 253(c)(7).

306.303 Justifications.

306.303-1 Requirements.

(b) The responsible Program Office must provide a written justification whenever it requests that goods or services be acquired without obtaining full and open competition. The justification must be submitted with the AP or other acquisition request document—see Subpart 307.71. The Project Officer has responsibility for preparing the justification with assistance, as necessary, from the Contracting Officer.

(1) Justifications for acquisitions at or below the simplified acquisition threshold may be in the form of a paragraph or paragraphs contained in the requisition or other acquisition request document. Justifications for acquisitions in excess of the simplified acquisition threshold shall be in the form of a separate, self-contained document, prepared in accordance with FAR 6.303 and 306.303, and titled "Justification for Other Than Full and Open Competition" (JOFOC). HHS requires use of a standard format for a JOFOC. The template for the justification is available on the ASFR/OGAPA/DA Internet Web site. Additional information may be included in the JOFOC template in accordance with OPDIV procedures.

(2) Regardless of the dollar amount of the acquisition, justifications shall—

(i) Fully describe what is to be acquired;

(ii) Provide a specific explanation of why it is not feasible to obtain full and open competition;

(iii) Be supported by verifiable facts, rather than untested or unsubstantiated opinions or conclusions; and

(iv) Be written in a manner to permit an individual without technical knowledge of the requirement to understand the supporting rationale.

(3) Preliminary arrangements with, or verbal or written commitments to, a proposed sole-source contractor shall be avoided given the statutory requirement to obtain full and open competition to the maximum extent practicable.
