

## 570.402-5

Prepare the justification and obtain approval following FAR 6.3 and 506.3.

[64 FR 37265, July 9, 1999, as amended at 76 FR 30852, May 27, 2011]

### 570.402-5 Potential acceptable locations.

If the contracting officer identifies potential acceptable locations through the advertisement or market survey, conduct a cost-benefit analysis following the procedures in 570.402-6. Based on the results of the cost-benefit analysis, take appropriate action as follows:

(a) If the cost-benefit analysis indicates that the Government will recover relocation costs and duplication of costs through competition, develop an SFO and negotiate with all interested parties following 570.3.

(b) If the cost-benefit analysis indicates that the Government cannot expect to recover relocation costs and duplication of costs through competition, prepare a justification for approval in accordance with FAR 6.3 and 506.3. Explain both:

(1) How the contracting officer performed the cost-benefit analysis.

(2) That the cost-benefit analysis indicates that award to any other offeror will likely result in substantial costs to the Government that the Government cannot expect to recover through competition.

[64 FR 37265, July 9, 1999, as amended at 76 FR 30852, May 27, 2011]

### 570.402-6 Cost-benefit analysis.

(a) The cost-benefit analysis must consider all the following:

(1) The prices of other potentially available properties.

(2) Relocation costs, including estimated costs for moving, telecommunications, and alterations, amortized over the firm term of the lease.

(3) Duplication of costs to the Government.

(4) Other appropriate considerations.

(b) Establish the prices for other potentially available properties by requesting each prospective offeror to provide an informational quotation for standard space for comparison purposes.

## 48 CFR Ch. 5 (10-1-12 Edition)

(1) Adjust the prices quoted for standard space for any special requirements.

(2) You do not need a formal SFO to obtain the informational quotation. However, you must provide a general description of the Government's needs.

(3) If you obtain oral quotations, document the following information, as a minimum:

(i) Name and address of the firm solicited.

(ii) Name of the firm's representative providing the quote.

(iii) Price(s) quoted.

(iv) Description of the space and services for which the quote is provided.

(v) Name of the Government employee soliciting the quotation.

(vi) Date of the conversation.

(4) Compare the informational quotations to the present lessor's price, adjusted to reflect the anticipated price for a succeeding lease.

### 570.403 Expansion requests.

(a) If the expansion space is in the general scope of the lease, the contracting officer may acquire the space through a modification without further justification under FAR 6.3.

(b) If the expansion space needed is outside the general scope of the lease, the contracting officer must determine whether it is more prudent to provide the expansion space by supplemental agreement to the existing lease or to meet the expansion requirement and existing tenancy to the requirement by competitive means.

(1) Conduct a market survey to determine the availability of suitable alternative locations.

(2) If you identify alternate locations that can satisfy the total requirement, perform a cost-benefit analysis to determine whether it is in the Government's best interest to relocate. Consider, as appropriate.

(i) The cost of the alternate space compared to the cost of expanding at the existing location.

(ii) The cost of moving.

(iii) The cost of duplicating existing improvements.

(iv) The cost of the unexpired portion of the firm lease term. If a termination is possible, use the actual cost of such an action.

## General Services Administration

570.501

(v) the cost of disruption to the agency's operation.

(c) If the contracting officer determines not to use competitive procedures and the expansion space is outside the general scope of the lease:

(1) If the estimated value of the acquisition does not exceed the simplified lease acquisition threshold, document the file as required by 570.203-2(b).

(2) If the estimated value of the acquisition exceeds the simplified lease acquisition threshold, prepare a justification for approval under FAR 6.3 and 506.3.

[64 FR 37265, July 9, 1999, as amended at 76 FR 30852, May 27, 2011]

### 570.404 Superseding leases.

(a) Consider executing a superseding lease to replace an existing lease when the Government need numerous or detailed modifications to the space that would cause complications or substantially change the present lease or when market conditions warrant renegotiation of an existing lease.

(b) If the value of the superseding lease exceeds the simplified lease acquisition threshold, the justification and approval requirements in FAR 6.3 and 506.3 apply. If the cost does not exceed the simplified lease acquisition threshold, the contracting officer may use the simplified procedures in 570.2 and explain the absence of competition in the file.

[64 FR 37265, July 9, 1999, as amended at 76 FR 30852, May 27, 2011]

### 570.405 Lease extensions.

(a) This section applies to extension of the term of a lease to provide for continued occupancy on a short-term basis.

(b) If the value of a lease extension will exceed the simplified lease acquisition threshold, the justification and approval requirements in FAR 6.3 and 506.3 apply. For extensions that will not exceed the simplified lease acquisition threshold, the contracting officer may use the simplified procedures in 570.2 and explain the absence of competition in the file.

(c) FAR 6.302-1 permits contracting without providing for full and open competition when the property or serv-

ices needed by the agency are available from only one responsible source and no other type of property or services will satisfy the needs of the agency. This authority may apply to lease extensions in situations such as, but not limited to, the following:

(1) The agency occupying the leased space is scheduled to move into other Federally controlled space, but encounters unexpected delays in preparing the new space for occupancy.

(2) The Government encounters unexpected delays outside of its control in acquiring replacement space.

(3) The Government is consolidating various agencies and the contracting officer needs to extend the terms of some leases to establish a common expiration date.

(4) The agency occupying the space has encountered delays in planning for a potential relocation to other federally controlled space due to documented organizational, financial, or other uncertainties.

[64 FR 37265, July 9, 1999, as amended at 76 FR 30852, May 27, 2011]

## Subpart 570.5—Special Aspects of Contracting for Lease Alterations

### 570.501 General.

(a) The procedures in 570.502 apply to alterations acquired directly from a lessor by modification or supplemental lease agreement. This is allowed if the following conditions are met:

(1) The alterations fall within the scope of the lease. Consider whether the work can be regarded fairly and reasonably as part of the original lease requirement.

(2) The lessor is willing to perform the proposed alterations at a fair and reasonable price.

(3) It is in the Government's interest to acquire the alterations from the lessor.

(b) If proposed alterations are outside the scope of the existing lease, decide whether to acquire the alterations through either:

(1) A supplemental lease agreement, as justified and approved under 570.502-1.

(2) Government performance or a separate contract. The lease must first
