945.608–2

(b) Prior to reporting excess property to GSA, all reportable property, as identified in Federal Property Management Regulations 41 CFR 101–43.4801, shall be reported to the contracting office. The contracting office shall transmit this information via terminal processing or hard copy to DOE Headquarters for centralized screening in the DOE Reportable Excess Automated Property System (REAPS). Agency screening will begin when the item is first included in the REAPS monthly catalog and will end upon the issuance of the following monthly catalog.

(i) REAPS requires the inclusion of a five character address code which identifies the reporting contractor. The address code will be assigned by DOE Headquarters upon receipt of a completed Address Notification form for the contractor or DOE office reporting the property as excess.

945.607–2 Recovering precious metals.

(b) Contractors generating contractor inventory containing precious metals shall identify and promptly report such items to the contracting officer for review, approval and reporting to the DOE precious metals pool. This includes all precious metals in any form, including shapes, scrap or radioactively contaminated, except for silver. Only high grade nonradioactively contaminated silver should be reported to the precious metals pool. The Oak Ridge Operations Office is responsible for maintaining the DOE pool. Precious metals scrap will be reported to the DOE precious metals pool, operated by Martin Marietta Energy Systems, M.S. 8207, P.O. Box 2009, Oak Ridge, TN 37831.

945.608–2 Standard screening.

(b)(1) Prior to reporting excess property to GSA, all reportable property, as identified in Federal Property Management Regulations 41 CFR 101–43.4801, shall be reported to the contracting office. The contracting office shall transmit this information via terminal processing or hard copy to DOE Headquarters for centralized screening in the DOE Reportable Excess Automated Property System (REAPS). Agency screening will begin when the item is first included in the REAPS monthly catalog and will end upon the issuance of the following monthly catalog.

(i) REAPS requires the inclusion of a five character address code which identifies the reporting contractor. The address code will be assigned by DOE Headquarters upon receipt of a completed Address Notification form for the contractor or DOE office reporting the property as excess.

945.603–71 Disposal of radioactively contaminated personal property.

Special procedures regarding the disposal of radioactively contaminated property may be found at 41 CFR 109–45.50.
