

(ii) As an airport not meeting the criteria of paragraph (b)(3)(i) of this section, you must retain analysis and corrective actions in your records for three years and make it available to the FAA, on request, for their review.

(4) The FAA may impose conditions on the recipient as part of its approval of the recipient's analysis and corrective actions including, but not limited to, modifications to your overall goal methodology, changes in your race-conscious/race-neutral split, or the introduction of additional race-neutral or race-conscious measures.

(5) You may be regarded as being in noncompliance with this part, and therefore subject to the remedies in § 23.11 of this part and other applicable regulations, for failing to implement your ACDBE program in good faith if any of the following things occur:

(i) You do not submit your analysis and corrective actions to FAA in a timely manner as required under paragraph (b)(3) of this section;

(ii) FAA disapproves your analysis or corrective actions; or

(iii) You do not fully implement:

(A) The corrective actions to which you have committed, or

(B) Conditions that FAA has imposed following review of your analysis and corrective actions.

(c) If information coming to the attention of FAA demonstrates that current trends make it unlikely that you, as an airport, will achieve ACDBE awards and commitments that would be necessary to allow you to meet your overall goal at the end of the fiscal year, FAA may require you to make further good faith efforts, such as modifying your race-conscious/race-neutral split or introducing additional race-neutral or race-conscious measures for the remainder of the fiscal year.

§ 23.59 What is the role of the statutory 10 percent goal in the ACDBE program?

(a) The statute authorizing the ACDBE program provides that, except to the extent the Secretary determines otherwise, not less than 10 percent of

concession businesses are to be ACDBEs.

(b) This 10 percent goal is an aspirational goal at the national level, which the Department uses as a tool in evaluating and monitoring DBEs' opportunities to participate in airport concessions.

(c) The national 10 percent aspirational goal does not authorize or require recipients to set overall or concession-specific goals at the 10 percent level, or any other particular level, or to take any special administrative steps if their goals are above or below 10 percent.

§ 23.61 Can recipients use quotas or set-asides as part of their ACDBE programs?

You must not use quotas or set-asides for ACDBE participation in your program.

Subpart E—Other Provisions

§ 23.71 Does a recipient have to change existing concession agreements?

Nothing in this part requires you to modify or abrogate an existing concession agreement (one executed before April 21, 2005) during its term. When an extension or option to renew such an agreement is exercised, or when a material amendment is made, you must assess potential for ACDBE participation and may, if permitted by the agreement, use any means authorized by this part to obtain a modified amount of ACDBE participation in the renewed or amended agreement.

§ 23.73 What requirements apply to privately-owned or leased terminal buildings?

(a) If you are a recipient who is required to implement an ACDBE program on whose airport there is a privately-owned or leased terminal building that has concessions, or any portion of such a building, this section applies to you.

(b) You must pass through the applicable requirements of this part to the private terminal owner or lessee via your agreement with the owner or lessee or by other means. You must ensure that the terminal owner or lessee
