

agency's implementing internal procedures.

§ 293.506 Ownership of the Employee Medical Folder.

The EMF of each employee in a position subject to civil service rules and regulations is part of the records of the Office. When the EMF also contains occupational medical records created during employment in a position not subject to the civil service (e.g., with the Postal Service), the EMF is then part of the records of both the Office and the employing agency.

§ 293.507 Maintenance and content of the Employee Medical Folder.

The agency head must maintain all appropriate employee occupational medical records in the EMFS. When an EMF is established for an employee, as required in § 293.504, the agency's EMFS must be searched to obtain all records designated for retention in the EMF.

§ 293.508 Type of folder to be used.

Each agency must use a folder that (a) has been specifically identified as the EMF and issued through Federal Supply Service contracts (Standard Form 66 D); (b) has been authorized as an exception to this form by the Office for use by a specific agency; or (c) in the case of an EMF containing records under joint control of the Office and another agency, an exception to the use of this form that has been jointly authorized.

§ 293.509 Use of existing Employee Medical Folders upon transfer or reemployment.

The requirements of § 293.306, regarding the use of existing OPFs, apply to the use of existing EMFs upon the employee's transfer to or reemployment in a new employing agency.

§ 293.510 Disposition of Employee Medical Folders.

(a) When an employee transfers to another Federal agency, the EMF must be transferred to the gaining agency at the same time as the employee's OPF. The EMF is to be addressed only to the gaining agency's designated manager (medical, health, safety, or personnel officer, or other designee) of the EMFS.

(b) When an employee is separated from the Federal service, the EMF must be forwarded to the NPRC with the OPF, using the instructions in § 293.307 of this part.

(c) When a former Federal employee is re-employed by an agency, and that agency believes that an EMF exists, either at the last employing agency or at the NPRC, the agency will request the EMF, but no sooner than 30 days after the date of the new appointment. No EMFs will be routinely retrieved during the initial review process (as is done with the OPF) except when authority exists for the agency to require a medical evaluation prior to reaching a decision on employability. EMFs are to be transferred by the NPRC only to the agency-designated manager (medical, health, safety, or personnel, or other designee) shown on the request form.

§ 293.511 Retention schedule.

(a) Temporary EMFS records must not be placed in a newly-created EMF for a separating employee and must be removed from an already existing EMF before its transfer to another agency or to the NPRC. Such records must be disposed of in accordance with General Records Schedule (GRS) 1, item 21, issued by the National Archives and Records Administration (NARA).

(b) Occupational Medical Records considered to be long-term records must be maintained for the duration of employment, plus 30 years or for as long as the OPF is maintained, whichever is longer. Therefore, upon separation, the records must be provided to the employee's new agency, or they must be transferred to the NPRC, which will dispose of them in accordance with GRS 1, item 21, issued by NARA.
