Office of Personnel Management

§ 831.304

September 1, 1990, and the beginning monthly rate of annuity payable to an annuitant whose annuity includes service credited in accordance with paragraph (c)(1) of this section will be reduced by an amount equal to the re-deposit owed, or unpaid balance thereof, divided by the present value factor for the retiree’s attained age (in full years) at the time of retirement. The reduced monthly rate will then be rounded down to the next lower dollar amount and becomes the rate of annuity payable.

(3) For the purpose of paragraph (b)(2) of this section, the terms “present value factor” and “time of retirement” have the same meaning as in §831.2202.

(d)(1) Civilian and military service of an individual affected by an erroneous retirement coverage determination. An employee or survivor who owed a deposit under section 8411(c)(1)(B) or 8411(f) of title 5, United States Code (FERS rules) for:

(i) Civilian service that was not subject to retirement deductions, or

(ii) Military service performed after December 31, 1956, will receive credit for the service without payment of the deposit if, because of an erroneous retirement coverage determination, the service is subsequently credited under chapter 83 of title 5, United States Code (CSRS rules).

(2)(i) The beginning monthly rate of annuity payable to a retiree whose annuity includes service credited under paragraph (d)(1) of this section and service creditable under CSRS rules that would not be creditable under FERS rules is reduced by an amount equal to the CSRS deposit owed, or unpaid balance thereof, divided by the present value factor for the retiree’s age (in full years) at the time of retirement. The result is rounded to the next highest dollar amount, and is the monthly actuarial reduction amount.

(ii)(A) The beginning monthly rate of annuity payable to a survivor whose annuity includes service credited under paragraph (d)(1) of this section is reduced by an amount equal to the CSRS deposit owed, or unpaid balance thereof, divided by the present value factor for the survivor’s age (in full years) at the time of death. The result is rounded to the next highest dollar amount, and is the monthly actuarial reduction amount.

(B) The survivor annuity is not reduced if the employee annuity was reduced under paragraph (d)(2)(i) of this section.

(3) For the purpose of paragraph (d)(2) of this section, the terms “present value factor” and “time of retirement” have the same meaning as in §831.2202 of this chapter.

§ 831.304 Service with the Cadet Nurse Corps during World War II.

(a) Definitions and special usages. In this section—

(1) Basic pay is computed at the rate of $15 per month for the first 9 months of study; $20 per month for the 10th through the 21st month of study; and $30 per month for any month in excess of 21.

(2) Cadet Nurse Corps service means any student or graduate nurse training, in a non-Federal institution, as a participant in a plan approved under section 2 of the Act of June 15, 1943 (57 Stat. 153).

(3) CSRS means the Civil Service Retirement System.

(b) Conditions for creditability. As provided by Pub. L. 99–638, an individual who performed service with the Cadet Nurse Corps is entitled to credit under CSRS if—

(1) The service as a participant in the Corps totaled 2 years or more;

(2) The individual submits an application for service credit to OPM no later than January 10, 1988;

(3) The individual is employed by the Federal Government in a position subject to CSRS at the time he or she applies to OPM for service credit; and

(4) The individual makes a deposit for the service before separating from the Federal Government for retirement purposes. Contrary to the policy “deeming” the deposit to be made for alternative annuity computation purposes, these deposits must be physically in the possession of the individual’s employing agency before his or her separation for retirement purposes.
§ 831.305 Service with a non-appropriated fund instrumentality after June 18, 1952, but before January 1, 1966.

(a) Definitions and special usages. In this section—

(1) Service in a nonappropriated fund instrumentality is any service performed by an employee that involved conducting arts and crafts, drama, music, library, service (i.e., recreation) club, youth activities, sports or recreation programs (including any outdoor recreation programs) for personnel of the armed forces. Service is not creditable if it was performed in programs other than those specifically named in this subsection.

(2) Certification by the head of a non-appropriated fund instrumentality can also be certification by the National Personnel Records Center or by an official of another Federal agency having possession of records that will verify an individual’s service.

(3) CSRS means the Civil Service Retirement System.

(b) Conditions for creditability. Pursuant to Pub. L. 99–638 and provided the same period of service has not been used to obtain annuity payable from a nonappropriated fund retirement plan, an individual who performed service in a nonappropriated fund instrumentality is entitled to credit under CSRS if—

(1) The service was performed after June 18, 1952, but before January 1, 1966; and

(2) The individual was employed in a position subject to CSRS on November 9, 1986.

(c) Deposit for service is not necessary. It is not necessary for an individual to make a deposit for service performed with a nonappropriated fund instrumentality to receive credit for such service. However, if the individual does not elect to make a deposit, his or her annuity is reduced by 10 percent of the amount that should have been deposited for the period of service (including any interest) as specified by sections 8334(e) (2) and (3) of title 5, United States Code. When an employee elects an alternative annuity and also elects to make the deposit, OPM will deem the deposit to be made for purposes of computing the alternative annuity.

(d) Crediting other service in a non-appropriated fund instrumentality. Service not creditable under this section may become creditable for retirement eligibility purposes under the provisions outlined in 5 CFR part 847, subpart H.
