The fee for duplication of electronically maintained information in the requester's preferred format will be \$21 for copying computer tapes and \$4 for copying records on computer diskettes, if it is feasible for the Board to reproduce records in the format requested. Fees for certified copies of the Board's records will include a \$4 per page charge for each page displaying the Board's seal and certification. When the Board estimates that copying costs will exceed \$100, it will notify the requester of the estimated amount unless the requester has indicated in advance a willingness to pay an equal or higher amount.

(f) *Fee waivers.* (1) Upon request, the Clerk of the Board, Regional Director, or Chief Administrative Judge, as appropriate, will furnish information without charge or at reduced rates if it is established that disclosure "is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government." This decision will be based on:

(i) The subject of the request: Whether the subject of the requested records concerns the operations or activities of the government;

(ii) The informative value of the information to be disclosed: Whether the disclosure is likely to contribute to an understanding of government operations or activities;

(iii) Whether disclosure of the requested information is likely to contribute to public understanding of the subject of the disclosure; and

(iv) The significance of the contribution the disclosure would make to public understanding of government operations or activities.

(2) If information is to be furnished without charge or at reduced rates, the requester must also establish that disclosure of the information is not primarily in the commercial interest of the requester. This decision will be based on:

(i) Whether the requester has a commercial interest that would be furthered by the requested disclosure; and, if so,

(ii) Whether the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is primarily in the commercial interest of the requester.

The denial will be in writing, will state the reasons, and will notify the requester of the right to appeal.

(b) If the Board applies one or more of the exemptions provided under the FOIA to deny access to some or all of the information requested, it will respond in writing, identifying for the requester the specific exemption(s), providing an explanation as to why the exemption(s) to withhold the requested information must be applied, and providing an estimate of the amount of material that has been denied to the requester, unless providing such an estimate would harm an interest protected by the exemptions.

(c) The amount of information deleted will be indicated on the released portion of the record at the place in the record where the deletion is made, if technically feasible and unless the indication would harm an interest protected by the exemption under which the deletion is made.
