Upon receipt of an incomplete or improperly executed application, the Regional Administrator will notify the applicant of the deficiency in the application. If the application fails to correct the deficiency within 30 days following the date of notification, the application will be considered abandoned.

(f) *Expiration.* A permit expires upon the renewal date specified in the permit.

(g) *Duration.* An operator permit is valid until it is revoked, suspended, or modified under subpart D of 15 CFR part 904, or otherwise expires, or the applicant has failed to report a change in the information on the permit application to the Regional Administrator as specified in paragraph (j) of this section.

(h) *Reissuance.* An operator permit may be reissued by the Regional Administrator when requested in writing by the applicant, stating the need for reissuance and the number of the permit requested to be reissued. An applicant for a reissued operator permit must also provide two recent (no more than 1 year old) color passport-size photos of the applicant. An application for a reissued permit is not considered a new application. An appropriate fee may be charged.

(i) *Transfer.* Permits issued under this section are not transferable or assignable. A permit is valid only for the person to whom it is issued.

(j) *Change in application information.* Notice of a change in the permit holder's name, address, or telephone number must be submitted in writing to, and received by, the Regional Administrator within 15 days of the change in information. If written notice of the change in information is not received by the Regional Administrator within 15 days, the permit is void.

(k) *Alteration.* Any permit that has been altered, erased, or mutilated is invalid.

(l) *Display.* Any permit issued under this part must be maintained in legible

condition and displayed for inspection upon request by any authorized officer.

(m) *Sanctions.* Vessel operators with suspended or revoked permits may not be on board a federally permitted fishing vessel in any capacity while the vessel is at sea or engaged in off-loading. Permits issued or sought under this section may be suspended, revoked, or modified, by procedures governing enforcement-related permit sanctions and denials, found at subpart D of 15 CFR part 904.

(n) *Vessel owner responsibility.* Vessel owners are responsible for ensuring that their vessels are operated by an individual with a valid operator's permit issued under this section.

§ 697.6 Dealer permits.

(a) Any person who receives, for a commercial purpose (other than solely for transport on land), American lobster from the owner or operator of a vessel issued a valid permit under this part, or any person who receives, for a commercial purpose (other than solely for transport on land), American lobster, managed by this part, must have been issued, and have in his/her possession, a valid permit issued under this section.

(b) *Dealer application.* Applicants for a dealer permit under this section must submit a completed permit application on an appropriate form obtained from the Regional Administrator. To be complete, an application must contain at least the following information, and any other information specified on the application form or otherwise required by the Regional Administrator: Company name, place(s) of business, mailing address(es) and telephone number(s); owner's name; dealer permit number (if a renewal); and name and signature of the person responsible for the truth and accuracy of the report. If the dealer is a corporation, a copy of the Certificate of Incorporation; and the names and addresses of all shareholders owning 25 percent or more of the corporation's shares, must be included with the application. If the dealer is a partnership, a copy of the Partnership Agreement and the names and addresses of all partners; if there is more than one partner, names of all partners having more than a 25 percent

interest; and name and signature of all partner or partners authorized must be included with the application. The application must be signed by the applicant and submitted to the Regional Administrator at least 30 days prior to the date on which the applicant needs the permit. The Regional Administrator will notify the applicant of any deficiency in the application.

(c) *Fees.* The Regional Administrator may charge a fee to recover the administrative expenses of issuing a permit required under this section. The amount of the fee shall be calculated in accordance with the procedures of the NOAA Finance Handbook, available from the Regional Administrator, for determining administrative costs of each special product or service. The fee may not exceed such costs and shall be specified with each application form. The applicable fee must accompany each application; if it does not, the application will be considered incomplete for purposes of paragraph (e) of this section. Any fee paid by an insufficiently funded commercial instrument shall render any permit issued on the basis thereof null and void.

(d) *Issuance.* Except as provided in subpart D of 15 CFR part 904, the Regional Administrator will issue a permit at any time during the fishing year to an applicant, unless the applicant has failed to submit a completed application. An application is complete when all requested forms, information, and documentation have been received. Upon receipt of an incomplete or improperly executed application, the Regional Administrator will notify the applicant of the deficiency in the application. If the applicant fails to correct the deficiency within 30 days following the date of notification, the application will be considered abandoned.

(e) *Expiration.* A permit expires upon the renewal date specified in the permit.

(f) *Duration.* A permit is valid until it is revoked, suspended, or modified under 15 CFR part 904, or otherwise expires, or ownership changes, or the applicant has failed to report any change in the information on the permit application to the Regional Administrator as required by paragraph (i) of this section.

(g) *Reissuance.* A dealer permit may be reissued by the Regional Administrator when requested in writing by the applicant, stating the need for reissuance and the number of the permit requested to be reissued. An application for a reissued permit is not considered a new application. An appropriate fee may be charged.

(h) *Transfer.* Permits issued under this section are not transferable or assignable. A permit is valid only for the person, or other business entity, to which it is issued.

(i) *Change in application information.* Notice of a change in the dealers name, address, or telephone number must be submitted in writing to, and received by, the Regional Administrator within 15 days of the change in information. If written notice of the change in information is not received by the Regional Administrator within 15 days, the permit is void.

(j) *Alteration.* Any permit that has been altered, erased, or mutilated is invalid.

(k) *Display.* Any permit issued under this part must be maintained in legible condition and displayed for inspection upon request by any authorized officer.

(l) *Federal versus state requirements.* If a requirement of this part differs from a fisheries management measure required by state law, any dealer issued a Federal dealer permit under this part must comply with the more restrictive requirement.

(m) *Sanctions.* Permits issued or sought under this section may be suspended, revoked, or modified, by procedures governing enforcement-related permit sanctions and denials, found at subpart D of 15 CFR part 904.

(n) *Lobster dealer recordkeeping and reporting requirements.* (1) *Detailed report.* Effective January 1, 2010, all Federally-permitted lobster dealers, and any person acting in the capacity of a dealer, must submit to the Regional Administrator or to the official designee a detailed report of all fish purchased or received for a commercial purpose, other than solely for transport on land, within the time periods specified in paragraph (q) of this section, or as specified in § 648.7(a)(1)(f) of this chapter, whichever is most restrictive, by one of the

available electronic reporting mechanisms approved by NMFS, unless otherwise directed by the Regional Administrator. The following information, and any other information required by the Regional Administrator, must be provided in each report:

(i) *Required information.* All dealers issued a Federal lobster dealer permit under this part must provide the following information, as well as any additional information as applicable under § 648.7(a)(1)(i) of this chapter: Dealer name; dealer permit number; name and permit number or name and hull number (USCG documentation number or state registration number, whichever is applicable) of vessel(s) from which fish are transferred, purchased or received for a commercial purpose; trip identifier for each trip from which fish are purchased or received from a commercial fishing vessel permitted under part 648 of this chapter with a mandatory vessel trip reporting requirement; date(s) of purchases and receipts; units of measure and amount by species (by market category, if applicable); price per unit by species (by market category, if applicable) or total value by species (by market category, if applicable); port landed; cage tag numbers for surfclams and ocean quahogs, if applicable; disposition of the seafood product; and any other information deemed necessary by the Regional Administrator. If no fish are purchased or received during a reporting week, a report so stating must be submitted.

(ii) *Exceptions.* The following exceptions apply to reporting requirements for dealers permitted under this part:

(A) Inshore Exempted Species, as defined in § 648.2 of this chapter, are not required to be reported under this part;

(C) Dealers issued a permit for Atlantic bluefin tuna under part 635 of this chapter are not required to report their purchases or receipts of Atlantic bluefin tuna under this part. Other reporting requirements, as specified in § 635.5 of this chapter, apply to the receipt of Atlantic bluefin tuna.

(iii) *Dealer reporting requirements for skates.* In addition to the requirements under paragraph (n)(1)(i) of this section, dealers shall report the species of skates received. Species of skates shall be identified according to the following categories: winter skate, little skate, little/winter skate, barndoor skate, smooth skate, thorny skate, clearnose skate, rosette skate, and unclassified skate. NMFS will provide dealers with a skate species identification guide.

(2) *System requirements.* All persons required to submit reports under paragraph (n)(1) of this section are required to have the capability to transmit data via the Internet. To ensure compatibility with the reporting system and database, dealers are required to utilize a personal computer, in working condition, that meets the minimum specifications identified by NMFS. The affected public will be notified of the minimum specifications via a letter to all Federal lobster dealer permit holders. Failure to comply with the minimum specifications identified in the permit holder letter are prohibited.

(3) *Annual report.* All persons issued a permit under this part are required to submit the following information on an annual basis, on forms supplied by the Regional Administrator:

(p) *Record retention.* Any record as defined at §648.2, related to fish possessed, received, or purchased by a dealer that is required to be reported, must be retained and be available for immediate review for a total of 3 years after the date the fish were first possessed, received, or purchased. Dealers must retain the required records and reports at their principal place of business.

(q) *Submitting dealer reports.* (1) Detailed dealer reports required by paragraph (n)(1)(i) of this section must be received by midnight of the first Tuesday following the end of the reporting week. If no fish are purchased or received during a reporting week, the report so stating required under paragraph (n)(1)(i) of this section must be received by midnight of the first Tuesday following the end of the reporting week.

(2) Dealers who want to make corrections to their trip-level reports via the electronic editing features may do so for up to 3 business days following submission of the initial report. If a correction is needed more than 3 business days following the submission of the initial trip-level report, the dealer must contact NMFS directly to request an extension of time to make the correction.

(3) The trip identifier required under paragraph (n)(1) of this section for each trip from which fish are purchased or received from a commercial fishing vessel permitted under part 648 of this chapter with a mandatory vessel trip reporting requirement must be sub-

Such data include, but are not limited to, length measurements of fish and the collection of age structures such as otoliths or scales.

(s) *Additional dealer reporting requirements.* All persons issued a lobster dealer permit under this part are subject to the reporting requirements set forth in paragraph (n) of this section, as well as §§ 648.6 and 648.7 of this chapter, whichever is most restrictive.
