

§ 22.305 Conformance with OMB Circular No. A-95.

The State and multicounty jurisdictional rural development planning process must conform to the review requirements expressed in OMB Circular No. A-95 under parts I, III, and IV as appropriate.

§ 22.306 Financing rural development planning.

States will be required to finance rural development planning through their own resources, revenue-sharing allocations, or the Department of Housing and Urban Development planning and management assistance program or other available Federal planning programs.

§ 22.307 Program evaluation.

The Department of Agriculture is responsible for continuous program evaluation to determine if individual projects and the entire program is cost effective in terms of reaching rural development goals. As a result, USDA is responsible for conducting and reporting an annual evaluation of selected rural development projects and the overall rural development program. USDA shall include as a part of its evaluation Federal Regional Council assessment of the effectiveness of interagency coordination and delivery of services within the overall rural development program. States and multicounty districts are encouraged to participate in the joint preparation of such program evaluations. Copies of such evaluations should be supplied to the Administrator, Rural Development Service, Department of Agriculture and to the Federal Regional Councils, in sufficient time so as to arrive not later than July 1. The initial evaluation, due July 1, 1974, in addition to the requirements listed below, should include a background statement and should summarize first year program efforts and results. Annual evaluation should:

- (a) Describe the process used in planning, project selection and priority setting, and the criteria and process used in evaluating program effectiveness.
- (b) Describe the specific objectives of the programs.

(c) Describe and assess the cost and effectiveness of projects being pursued within individual multicounty jurisdictions.

(d) Express observations, conclusions and recommendations based on such evaluations which may contribute to the development of better management, coordination and planning procedures.

§ 22.308 Project approval.

State and multicounty jurisdictional planning is a State and local prerogative. Federal agencies will be responsive to State rural development strategies and priorities. However, determination of eligibility and feasibility and final approval of individual projects involving Federal funds must remain with the Federal government consistent with the Act and implementing regulations.

§ 22.309 Seeking Federal review.

States may, if they elect, submit multicounty development plans and proposals to the Federal Regional Councils and to the Rural Development Service, USDA, for review and comment. Such review will neither obligate the Federal government with respect to such programs nor require States to conform with suggestions supplied by the USDA or the Federal Regional Council.
